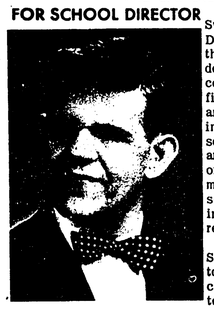
THE DEMOCRATIC VIEWPOINT

THE CANDIDATES SPEAK

FOR SCHOOL DIRECTOR



John R. Fry

Teachers employed in the Swarthmore-Rutledge School District, like teachers all over the country, are poorly paid to do a job that our society daily considers more important. I find it shameful that teachers are forced to take second jobs in order to make ends meet, as some of our teachers presently are required to do. The quality of classroom teaching determines the excellence of a school system, not its buildings, or its grounds, or its past reputation.

I have decided to run for School Board because I want to express my concern for classroom education, for fine teachers, for well paid teachers who need not work other places in off hours, or move to other school districts with greater promise. I believe that much more can be done in our teacher salary program without having to make new rate increases on tax weary residents. We shall have to hold the line but within the annual budget express what we consider most important.

The recent equivocation of the School Board on providing that bus transportation to Swarthmore and Rutledge children which law determines shows on the one hand timidity in accepting the twentieth century, and on the other hand disregard for the children in its special trust. I can promise that, if elected, I shall prosecute a position that is pro-teacher, pro-child, and pro-education. We have sometime to stop rallying around our tree-lined streets and begin inspecting our moss covered values. I strongly encourage both activities.

FOR BOROUGH COUNCIL

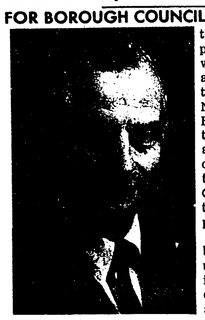
Mary Wood

I believe Borough Council will be unable to serve entirely the future needs of this community without the aid and advice of Swarthmore women. Only by electing a "councilwoman" can this important group be fully represented. It is the women who will be particularly affected by the problems of traffic and parking caused by an ever increasing population; it is the women who feel the lack of a borough trash collection; and it is they who will shop elsewhere if inadequate snow removal again makes Swarthmore stores inaccessible.

It is the mothers who particularly appreciate what an important part of the community life the summer recreation program has become. I feel it is so important, that the Board of the Swarthmore Recreation Association should be made an arm of Borough Council to administer its summer program on a tax supported basis. As a matter of fact, the program has had some tax support already in that both the School Board and the Borough have made contributions to it, and the Recreation Association has used public school facilities every summer. As a Swarthmore mother whose children have participated in this program, I would like all children in the borough to have this same opportunity regardless of ability to pay.

Swarthmore women are very much affected by the decisions of our local government. Doesn't it make sense that they should have a representative on Borough Council?

FOR BOROUGH COUNCIL



James A. Field, Jr.

At election time it is traditional for the ins to point with pride and the outs to view with alarm. Occasionally, amid all this pointing and viewing, the facts may seem obscure. Not so, however, this time. Few, surely, will care to question the list of the activities and accomplishments of Borough Council as set forth by the Swarthmore Republican Committee. Let us consider these activities and accomplishments. They total seven.

(1) Council has built a footbridge, and has paved the last unpaved street (the reference is presumably to Hillborn Avenue, paved in a fashion unanimously opposed by the property owners concerned).

(2) Council has begun a permanent and systematic tree care program (i.e. the Philadelphia Electric Company has been persuaded to take down eight trees).

(3) and (4) Council has air conditioned the library, and has hired a CPA.

(5) Council has kept the tax rate stable, despite excessive snow removal costs, etc. (what snow removal? what year was that?)

(6) There exist a Planning Commission and a Youth Guidance Advisory Committee which make reports (received with reluctance and interred with speed).

(7) There also exists a Zoning Board of Adjustment.

That's it. That's all there is. No whisper of concern with (for example): population trends, street congestion and parking, large apartment buildings, recreation and delinquency; open space, the health of the local business community, community other hand, these matters appear to call for serious thought and constructive action.

FOR JUSTICE of the PEACE

James L. Malone

Since the adult residents of the Borough of Swarthmore are above the average in their respect for and obedience of the laws of the Commonwealth and the ordinances of the Borough, they have little reason, from a purely personal viewpoint, to concern themselves about the qualifications of the person whom they elect to the judicial office of Justice of the Peace in the coming election.

As parents, however, and as deeply concerned citizens who caused to have made and published the thorough study of the problems of lack of respect and obedience of law demonstrated by the behavior of too large a percentage of our juvenile residents, these same adult residents have the opportunity to make a significant contribution toward establishing a higher respect for the law and the judicial process in our community.

While Justices of the Peace are considered members of the Minor Judiciary to distinguish them from judges and justices of the higher courts, the Justices of the Peace of Swarthmore are the members of the judiciary before whom every person who is accused of violating any ordinance or law within the limits of the Borough must appear for a hearing.

It is hardly necessary to emphasize the great importance of this first impression of the judicial process, especially to those of tender years. Election of the better qualified and more competent of the candidates offered on the ballot is a duty which calls for something more substantive than the pulling of a voting lever.

Local Red Cross Branch in Fall Meeting

The Fall Meeting of the Swarthmore Branch of the American Red Cross was called to order Friday morning in the American Legion room, Borough Hall, by Chairman Mrs. Avery F. Blake.

Following the presentation of the minutes of the May meeting by Mrs. Corben Shute, secretary, and statement by the Treasurer, Mrs. D. Mace Gowing, Mrs. H.L. McCune, chairman of blood service reported that since May there have been 29 local requests for Red Cross blood and 82 pints supplied.

Voluntary Service Chairman Mrs. Robert M. Fudge reported 58 busy hours of service she had given during the summer months in conferences with officials of the monthly Southeast Chapter and the consequent simplifying the new reporting system in which chairmen of the local branch are cooperating. Mrs. John H. Derickson, Jr., chairman of the home nursing, reported 5½ hours of service at the Bloodmobile in Broomall.

Mrs. Ralph Hayes is working steadily with the United Fund in her post as liaison chairman with the local Red Cross branch and the United Fund. Mrs. John L. Good, chairman of community service to hospitals and institutions reported continued contribution of home-made birthday cakes and cookies throughout the summer months to the area hospitals with a special word of appreciation to the summer "bakers".

An urgent plea for arts and skills helpers was made in the name of the chairman, Mrs. Robert Deacon. Emphasis was placed on the fact that no special talents or skills are required for this greatly needed work. Volunteers will be trained to give assistance to the learning veterans.

Mrs. Lord was announced as the new chairman of Gray Ladies. The resignation of Mrs. George M. Karns as production chairman was announced and the secretary instructed to write a letter of appreciation from the board for Mrs. Karns' services. Mrs. Wayne Randall, chairman of Nurses Aides, reported 68 hours of service in hospitals contributed by volunteers from June 1 to October 1.

Virginia Rath, chairman of fire aid and water safety, reported 60 children and 10 adults registered in the Red Cross swimming program held for 10 days at the college pool in July. The classes were in four sections with a daily attendance of 46. Junior volunteers reported faithfully as assistants. She reported also on the advanced first aid course now in progress on Tuesday nights at Borough Hall. Mrs. Robert W. Richardson, co-chairman with Mrs. J. Kenneth Doherty of Canteen listed 24 hours service at the Acme warehouse and 16 hours at Red Cross headquarters during the summer.

The Staff Aides, Mrs. David Bingham, chairman, Mrs. Frederick P. Lang, co-chairman, reported 75 hours volunteer service given in Red Cross activities since May. Training courses announced by Mrs. Dorothy Hopkins, administrative secretary of the Western Delaware County Branch Office, included a course for Gray Ladies and Staff Aides at the Media office on Monday, October 30. The course for Gray Ladies will run from 9:45 to 4, and for Staff Aides from 9:45 to 12. Registration must be made in advance with Mrs. Fudge, KI 3—5354. On November 2 from 8 to 10 p.m. a standard Red Cross First Aid course will be given at Trinity Church instructed by Mrs. Clara Hawks of the Western Delaware County Branch.

Chairmen in attendance at the meeting included Mrs. Blake, Mrs. Fudge, Mrs. Richardson, Mrs. Doherty, Mrs. Gowing, Mrs. McCune, Miss Rath, Mrs. Randall and Mrs. Derickson.

Directors present were Mrs. Joseph B. Shane, Mrs. Robert M. Grogan, Mrs. George Plowman, Mrs. Arthur B. Kent, Mrs. Peter E. Told, as were Mrs. Carroll P. Streeter, chairman of the nominating committee and Mrs. John A. Schumacher, member of her committee.

COLLEGE GIVES RED CROSS 170 PTS BLOOD

College students and faculty contributed 170 pints of blood at the 9 a.m. to 2 p.m. extended visit of the Red Cross Bloodmobile to Swarthmore College on Tuesday. The total falls one pint below the 1959 record of 170 pints but maintains the consistently high donation by college students which helps to maintain the Borough privilege of supplying free Red Cross emergency blood to residents of the Borough and to College students while they are in residence during the college year. In 1960, the college gave 169 pints.

According to Mrs. H.L. McCune and Mrs. C.C. Shute, chairmen of Blood Service for the Swarthmore Branch of the Red Cross which sponsored the visit, 11 pints of special O—positive type blood were collected by special Red Cross request for heart surgery at Einstein Hospital on Wednesday morning. Since October 13, two requests for blood (one from the Borough, one from the college) have been met by the local branch.

College student Barbara Daly, assisted by Rosemary Werner and Mary Williams, had scheduled 271 students and faculty members for the visit. Thirty-four were rejected and others advanced almost to the bleeding room when class and seminar schedules prevented their remaining.

From the Swarthmore Branch, 24 volunteers gave 118 hours of service, including two volunteer nurses, Mrs. Robert L. Thompson and Mrs. John H. Derickson, Jr., More than 25 college volunteers gave more than 130 hours.

College students and faculty contributed 170 pints of blood at the 9 a.m. to 2 p.m. extended visit of the Red Cross Bloodmobile to Swarthmore College on Tuesday. The total falls one pint below the 1959 record of 170 pints but maintains the consistently high donation by college students which helps to maintain the Borough privilege of supplying free Red Cross emergency blood to residents of the Borough and to College students while they are in residence during the college year. In 1960, the college gave 169 pints.

According to Mrs. H.L. McCune and Mrs. C.C. Shute, chairmen of Blood Service for the Swarthmore Branch of the Red Cross which sponsored the visit, 11 pints of special O—positive type blood were collected by special Red Cross request for heart surgery at Einstein Hospital on Wednesday morning. Since October 13, two requests for blood (one from the Borough, one from the college) have been met by the local branch.

College student Barbara Daly, assisted by Rosemary Werner and Mary Williams, had scheduled 271 students and faculty members for the visit. Thirty-four were rejected and others advanced almost to the bleeding room when class and seminar schedules prevented their remaining.

From the Swarthmore Branch, 24 volunteers gave 118 hours of service, including two volunteer nurses, Mrs. Robert L. Thompson and Mrs. John H. Derickson, Jr., More than 25 college volunteers gave more than 130 hours.

CHRISTIAN SCIENCE NOTES

Today's need for spiritual discernment will be emphasized Sunday at Christian Science church services in the Lesson—Sermon entitled "Adam and Fallen Man"

Scriptural readings in the Lesson—Sermon will include these words of St. Paul (I Cor. 2):

"Now we have received, not the spirit of the world, but the spirit which is of God; that we might know the things that are freely given to us of God. Which things also we speak, not in the words which man's wisdom teacheth, but which the Holy Ghost teacheth; comparing spiritual things with spiritual. But the natural man receiveth not the things of the Spirit of God: for they are foolishness unto him: neither can he know them, because they are spiritually discerned."

All are welcome to attend the services at 11 a.m. in First Church of Christ, Scientist, 209 Park avenue.

Memorial To Be Held Sunday For Dr. Palmer

(Continued from Page 1)

flowers, ferns and grasses native to Delaware County, many of which were rare and several never having been collected previously. Especially in the decade immediately following his retirement he walked hundreds of miles within the county, carefully doing on-the scene reproductions of the flora, many times he was discouraged when he spotted an immature plant and then returned to sketch it at maturity, only to find it had been lost in the excavation for a new house. In cabinets provided by the class of 1895 this collection, showing various stages of the many plants, is now housed in the Martin Library anteroom at Swarthmore College.

In 1929 Dr. Palmer was botanist on Commander Donald B. Mac Millan's expedition to Labrador and Baffin Land. He made three complete collections of 100 species of northern plants, presenting one to MacMillan, another to the Academy of Natural Sciences and retaining one for himself. In appreciation of his work MacMillan named an island for him in the area.

Dr. Palmer was a member of Sigma Xi, national honorary scientific society; Book and Key, Swarthmore College honorary society; and was a charter member of the Swarthmore chapter of Delta Upsilon, national social fraternity. In 1929 he was a member of the Council of the National Collegiate Athletic Association. In 1938 he was received as a member of the Academy of Natural Sciences. In connection with his interests in botany, athletics, ornithology, painting, stamp collecting, and golf he had been a member of the Philadelphia Botanists Club, past president of the Delaware Valley Ornithological Society, and a member of Rolling Green Golf Club.

Many homes in the Borough cherish a tangible evidence of Dr. Palmers' friendship, a treasured collection of his Christmas greetings, always thoughtfully early in the mail, hand painted, sometimes accompanied by a greeting in verse, for versification was his great joy. His poems of celebration or remembrance starred the lives of many a fondly held alumni. Consequently he leaves a personal void in a wide circle of friends of all ages here and afar.

He was associated for many years with the operation of Camp Wyonegonic, Moose Pond, Denmark, Me. He was a member of Swarthmore Friends Meeting and had been active in Friends' temperance and education committees, as well as teaching in their First Day School. He was listed in "Who's Who in the East".

His wife, the former Margaret Bancroft Swayne of Kennett Square whom he married August 6, 1902, died in 1932. His Swarthmore home for many years was at 612 Ogden avenue. Following his retirement he lived with a nephew, Newlin Palmer at 26th and Chestnut streets, Chester. Recently he made his home on Chipmunk lane, Media with a son, S. Copeland Palmer, Jr. He is also survived by another son, L. Benjamin Palmer of Media; a daughter, Katharine Palmer of Philadelphia; and a 98-year-old brother, Charles of Ridley Park.

Resident in Pioneer Rapid Reading Course

Swarthmore resident David Ullman was one of 75 students participating in the first Philadelphia class of Reading Dynamics, a totally new reading technique developed by educator Evelyn Wood of Washington, D.C. This new reading technique breaks the subvocalization habit of reading. By training the eye to move straight down the page it has taught many businessmen, housewives and students to increase their reading speeds by 4 to 10 times.

The first course, made up of businessmen from Philadelphia, was conducted during a 12 week period. This group had initial reading speeds ranging from 220 to 480 words per minute. The final reading speeds were from 1300 to 3300 words per minute. A check up on several of the participants since that time has shown speeds that range from 3000 to 4000 words per minute. All have greater comprehension they they had formerly enjoyed.

Mr. Ullman's speed was a little better than 400 words per minute when he entered the class. He now reads fiction at 1800 words a minute and technical material at 2700 words a minute. He attributes this difference to the fact that he is familiar wih technical material—he graduated from Swarthmore College with a B.S. in engineering—and also to the fact that technical material is logically organized. In fiction it is often necessary to switch from one set of characters or a particular situation to something that is unrelated. Mr. Ullman is very enthusiastic about the course and continues to practice at home with the intention of improving his reading speed still more. He says that comprehension also is improved. James Anderson of Yale avenue, also an engineer by training, took the course with satisfaction.

The new school has demonstrations at the Warwick Hotel each Wednesday evening at 6 and 8 o'clock to which the public is invited.

Thanks Mothers

To The Editor,

We want to thank the many Elementary School mothers who helped to make the 1961 Book Fair such a success. One hundred and seventy-five mothers contributed many hours of their time in planning and executing this major event. As a result, the Home and School Association will be able to contribute additional equipment to the Swarthmore—Rutledge Elementary School.

Sincerely,
Mrs. William Nolan

In Reply

To The Editor:

Last week in these columns an astonishing letter claimed that Philadelphia's political organization is the real issue in Swarthmore's election. At the same time similiar letters were appearing in local papers throughout the county. We are happy to reply to Swarthmore's correspondent.

1. For the record: we do not endorse the Democratic machine of Philadelphia; if it threatened an extension to Delaware County we would oppose it; we do not favor the Congressional redistricting scheme referred to by your correspondent; and we are confident that this scheme will not be adopted.

2. We are opposed to machine politics in general. When, some time ago, the Delaware County Democratic Party was infiltrated by the Republican McClure machine, Swarthmore Democrats were leaders in the reform of the party. Today our party poses a clear and clean alternative to the Mc Clure machine, which helps explain why Republican letter writers are so busy and so well synchronized.

3. The McClure machine of Delaware County is an issue in this election. Citizens of communities like Swarthmore certainly deserve better county government than they get. The time-serving, tax-consuming nature of machine government in our county have recently been documented by a State-appointed Democratic Controller. The machine's failure even to consider modern metropolitan problems (e.g., transportation), apart from their partisan political aspects, is costly to all of us. Where do Swarthmore Republicans stand on this machine?

4. Since we believe that local issues favor the Democratic candidates, we are not surprised at an attempt to change the subject—a classical political maneuver by a cynical political machine. We have seriously and candidly offered able candidates and relevant alternatives to Swarthmore's voters in this election; and we challenge the local Republicans and the county machine to compete on that basis.

A graduate of East Stroudsburg State Teachers College and Temple University, Davies will continue as head coach of wrestling and will also take on the duties of head coach of baseball, filling the vacancy created by the retirement of Robert H. Dunn after 26 years as the Garnet coach.

Davies played professional baseball in the Interstate League a few years ago and more recently was assistant coach of baseball at Penncrest High School, where he was serving as Guidance Director. SCHOOL BOARD CANDIDATE TRANSFERRED

We think it important and appropriate to inform Swarthmore voters that one of the Republican candidates for the School Board will be moving from Swarthmore shortly after the election. Francis J. Bouda has been promoted and transferred to Europe by his employer, too late to be replaced on the ballot.

This leaves three alternatives for Bouda supporters. 1. You can vote for one or both of the Democratic School Board candidates and thus ensure that your vote will count for a candidate of your own choice. 2. You can refrain from voting for more than one candidate, if you are determined to vote Republican. 3. You can still cast a vote for Mr. Bouda and leave it to the School Board to appoint his successor.

We hope that in this situation you will seriously consider the Democratic candidates and make a personal choice rather than a purely partisan or merely delegated decision.

LEGION AUXILIARY ASKS CHRISTMAS GIFTS

Donations Will Aid Coatesville Veterans

For the fourth year the American Legion Auxiliary, Unit 427, of Swarthmore will start their annual Voluntary Christmas project for the women and men veterans at Coatesville Hospital.

Each year the Auxiliary under the leadership of Mrs. Oscar J. Gilcreest, rehabilitation chairman, collects and send Christmas gifts to several hundred emotionally ill men and women veterans who no longer have family ties.

This program, says Dr. J. A. Doering, hospital director of the 1600 bed Veterans Administration Hospital at Coatesville, assures the veterans of the friend ship of men and women in communities such as Swarthmore.

It is hoped this year that many will choose a gift from the list given below, leaving it on the white bench on the Gilcreest porch at 208 Vassar avenue, or send a check to the Gilcreest home in order that a gift or gifts may be purchased for those who long for Christmas or a party with these gifts included. The deadline is November 25, as the gifts must be packed and received at Coatesville by December 1.

The list for the 47 women patients chosen includes:

Stationery or writing portfolios, hose, emery boards, lipstick in plastic containers, head scarfs gloves, plastic rain boots, slipper socks, playing cards (Pinochle and straight) pencils. scuffs, military sets, wallets, deodorants in plastic containers, shower caps.

For men — cigars, stationery, ballpoint pens, handkerchiefs, sweaters, socks, ties, wallets, military sets, pipes, tobacco, tobacco pouches, gloves, shirts, pencils, emery boards, scuffs, deodorant (in plastic containers), after—shave lotion, shaving kits (no razors).

A group or organization may wish to send a record player, electric shavers, TV, portable, Hi—Fi or acquarium stocked.

A former missionary in Latin America, Dr. Chappel is making a special study of the post-colonial and present day story in that part of the world, with special reference to the contribution of the Protestant church.

He has just returned from the last of four 1961 National Missions Traveling Seminars, covering 10 states in the Southwest, the Rocky Mountain area, and the Southeast. He has recently visited Hawaii as the leader in the first United Presbyterian tour to that new state.

College Names Forwood Head Basketball Coach

The appointment of Robert Forwood as head coach of basketball at Swarthmore College has been announced by Willis J. Stetson, director of athletics.

A graduate of West Chester State College and Temple University, Forwood assumes the post after 20 years as coach at Chester High School. In the past nine years, his teams have won 154 games while dropping only 21, one of the best records in nation. Two of his players have been chosen as High School All—Americans and several of his teams have gone to the State Championship playoffs. In addition, Forwood was chosen as one of the top 10 high school basketball coaches in the nation two years ago by Scholastic Magazine.

Prior to his post at Chester, Forwood served two years as the basketball coach at Clifton Heights High School after three years as a Navigational Officer in the Navy during World War II. In assuming the present post, he he succeeds Willis Stetson, who served as Swarthmore's coach from 1939—49, and 1958—61.

SHS GARNET UPSETS SHARON HILL 13-7

Will Play Darby Rams Saturday at Home

In a real cliff-hanger the gallant Swarthmore High School footballers stayed off a Sharon Hill rally to capture their fourth victory of the season 13-7 Saturday at Sharon Hill. Spearheaded by the return of Ron Hoge to full-back and of Mark Detweiler to left halfback fulltime, the Garnet offense rolled for good chunks of yardage almost at will. With quarterback Dick McCurdy calling the plays, Swarthmore tackles Co-captain John Bond and Al Bullard practically obliterated the center of the Owl line with their devastating blocking. Ron Hoge, in particular, was unstoppable as he drove, chugged and twisted, for six or eight yards on every carry.

It was a great win for the Garnet and fans were treated to a real Swarthmore offensive when they saw rocket Ron Hoge back in action, along with George Welsh and Mark Detweiler. Unfortunately all three will be missing for the remainder of the season because of injuries.

Tomorrow at 10 a.m. the Darby Rams bring an undefeated team to Rutgers Field. Their record speaks well for their season thus far, but the Garnet beams a jaundiced eye at their 20-19 squeaker victory over Media.

Mrs. Furst was a member of the Presbyterian Church here and active in Circle 6 of its Women's Association. She was also a member of the Friendly Circle and the Woman's Club.

ACCELERATOR JAMS, DRIVER PANICS

Virginia Redden, 539 Cornell avenue, was involved in a series of accidents Wednesday afternoon. At 3 p.m. according to police, Miss Redden was traveling north on Chester road and was preparing a turn onto Fairniew when her accelerator jammed, and she went straight on Chester road, striking the car driven by the Rev. Edward Battin of Ward, at Yale avenue. In a state of panic, police said she continued through the underpass to the north end where she hit the curb, knocked down a stop sign, and finally crashed into a tree on the college property. The Fire Company was called in when the car began smoking.

She and Mr. Battin were treated at the Media Clinic. Miss Redden's car was demolished.

LIBRARY SELECTS BOOKS FOR HELEN BROWN FUND

Barber Memorial Titles Still to be Chosen

The selection of books for the Helen Brown Memorial Fund was announced Wednesday by the Swarthmore Public Library. In line with Mrs. Brown's own enjoyment of travel, a portion of the fund has been allotted to the purchase of two very handsome travel books. One — a stunning photographic excursion into the dark mysteries of the ancient jungle ruins on Angkor — is the work of a French archaeological team. The second book selected, Sacheverell Sitwell's new 'Great Houses of Europe,' with more than 500 photographs and an engrossing text aimed at a traveler's heart, promised to be one of the finest new books of the fall season and a welcome addition to the library shelves. In addition to the above, this Fund will make possible at long last the completion of the invaluable Oxford Companion series in the reference collection.

In announcing the library's selections, Librarian Mary Ann Hunsicker emphasized especially the valuable part played in the development of the library by memorials and gifts. During the past year. Miss Hunsicker revealed, hundreds of books have been donated to the library by scores of individuals and groups. Many of these books, whose titles range from duplicate copies of current popular fiction to the library's prized new collection of works on art theory and technique, are added directly to the shelves. Others, not of immediate use to the library are held and included as part of the library's semi-annual book sale, thus too serving a valuable function.

Memorial funds play an especially significant role in the enrichment of the library collection. Such gifts, in addition to providing a uniquely lasting and useful remembrance, give the library as well the opportunity to add to its shelves titles it might otherwise never have been able to acquire. During the past year, for example, the following memorials have been established:

Conway's "Encyclopedia of Flower Arrangement" and Leon Uris' "Exodus Revisited" in memory of Elsie McWilliams; "A Journey to the Orient" in memory of Mrs. Edward Shirley Borden; "The Oxford Companion to American Literature" in memory of Mrs. Jane F. Barber.

Titles for the recently established Alice F. Barber Memorial Art Collection have not as yet been decided upon, but Miss Hunsicker expressed her belief that this fund, which already totals more than $75, will, when complete, form a distinctive contribution to the library.

Last January, a Junior High steering committee chairmanned by Kathy Bradbury and manned by Bill Zimmerman, Tim McCaffrey, Lolly Bullitt, Eleta Jones, Jay Magee, Judy Golz, Jay Sipler, and Eric Sundquist, with (then) Council President Sharon Parker and Vice-President Lynne Lewis as ex-officio advisers, began the planning incident to being host school on November 16 to the 65 member Intersuburban Student Council Conference.

All public schools in Bucks, Chester, Delaware, and Montgomery Counties have been invited to participate in the program for this year's sixth annual get-together.

Feeling that closer association of all the schools, under a charter, with perhaps a common student code to govern honesty, conduct and dress, the steering committee recommended the preparation of a tentative Charter and a tentative Common Student Code.

Students have prepared both of these documents, and the entire Junior High School faculty, plus every student currently enrolled, will have made an individual contribution to the anticipated success of Swarthmore's program next Thursday.

Classes will end at 12:29 for both Senior and Junior High; as the whole school plant will be in use.

HALLOWE'EN PARADE WINNERS NAMED

Gala Event Cheered By Balmy Weather!

The Swarthmore Business Association's 1961 version of the annual Hallowe'en Parade was tucked away Tuesday night of last week in some of the balmiest weather within memory. Veteran parade assistants, who usually come to their Hallowe'en posts clad in multiple sweaters and jackets, were quietly shedding layers as the parade progressed, and youngsters were free to cavort and the sidewalk crowd to to cheer without benefit of long woolies.

Chairman of the event Walt Reynolds, whose attire for the occasion included bowler hat, suspenders and gold-headed cane, master-minded the affair which officially recorded 113 entries included at least 250 participants.

Volunteer firemen, who had set up the public address system, were also on hand to man the fire trucks. Lions Club members assisted the association members in marshalling and guiding the paraders, while Bud Hastings practically palpitated, along with waiting marchers, while the judges, perched jauntily on a borrowed flattruck, struggled to record their hard-won decisions.

Sparking the whole affair and calling the tunes were the Swarthmore High School and College Bands.

Jack Keefe, draped in saintly garb, and rendering a trumpet solo, "When the Saints" won first place and a blue ribbon in the individual section of the Fancy Dress Group. Placing second was John Evans as Smokey the Bear; placing third was Teddy Maslin as Captain Hook. Honorable Mentions went to Jill Estabrook, Betty Lou McCaffrey, and Lulu Cann.

In the couple section, Malcolm and Douglas MacNair as St. George and the Dragon, placed first, Marty Frost as a clown and Steven Lynah as a dog shared second and Ricky and Suzie Onley as Superman and a ballerina were third. The yellow ribbon for Honorable Mention, went to Patty MacNair, Sheryl Price, Emmeline Kroon, and Margie Detweiler.

In the comic group, individual winners were Hillary Smith, who earned first place as the half witch, half beauty; Curtis Fisher a second as a particularly elegant pumpkin; and Ronald Halpern a third as the portable bomb shelter which has not been approved by Borough Council. Thosewith Honorable Mentions were Kathy Fisher, Bob Silzle, Paul Hood, Billie Fisher, and Vicki Church.

Comic Couples who came in as winners were Tommie and Suzie Cochrane as "The Untouchables" (small skunks), first; John and David Trevaskis, Civil War Generals, second; Pat and Mike Tracy, Frustrated Firemen, third. Kalli and Stephen Halpern received Honorable Mention.

Group prize winners were the John McCoubrey and Wilfred Brown families, rounding up blue ribbons for their version of Peter and the Wolf; Nancy Campbell, Muffy Geer and Katie Tolles carrying off red ribbons as "The Roaring 20's"; Mrs. Tracy, Anita, Bobby and Tommy, as the animated Hallowe'en Scene, walking off with the third place white ribbons. Honorable Mention (yellow ribbons) went to Cindy, Debby, and Ellen Hartman.

Winners in Floats

First place, blue ribbon winners in the Float section went to Phil Swayne' Sunday School Class at Friends Meeting, who with Kennedy and Kruschev, hanging bombs and a row of kneeling supplicants, presented a different angle on "Trick or Treat." Cindy and Ginnie Cottman with their rolling "Witches' Midnight Special" took second prize; and Gregory and Kenny Dumm as the Lion and the Ringmaster, took third. Honorable Mentions were awarded to Cub Den 3, "Swiss Family Robinson and their Tree House." Anne, Blair, and Mother Whittier, and Linda Gatewood also won Honorable Mention.

Judges for this event were Mr. and Mrs. Birney K. Morse, Mr. and Mrs. Donald P. Jones, and Mr. and Mrs. Donald Aikens.

Police and Fire News

Stephen Moore, age 12, of 331 Cornell avenue, was treated by Dr. George Heckman for bruises of the left side when he was knocked from his bicycle in a collision with an automobile at the southwest corner of Swarthmore and Dartmouth avenues at 5.05 p.m. Election Day. Stephen was riding north on Swarthmore avenue making a left turn into Dartmouth. The car, driven by Marvin S. Adams of Twin Oaks, was traveling south on Swarthmore avenue.

A Swarthmore youth and a Rutledge youth were each fined $5 for disorderly conduct early Thursday morning, November 2. A Swarthmore man paid $25 and costs for reckless driving.

Ten—year—old Kathy Spitz of 431 Riverview road was treated by Dr. William Rial for lacerations of both knees following a three—car collision at Chester road and College avenue at 8.29 a.m. Tuesday, November 7. Police said Kathy was riding in a car driven by Dorothy Getman of the same address who was traveling northwest on College avenue and making a left turn into Chester road. Jerry Clothier, of Rose Tree formerly of Swarthmore, was driving southest on College avenue and crossing Chester road. The third car damaged was that of Lucy Hollis, 510 South Chester road, which was headed north on Chester road and waiting for the traffic light to turn green.

Eight-year old Marjorie Thompson, 210 Cornell avenue, sustained a scraped right knee at 4:31 p.m. October 27 when her bicycle, traveling south on Cornell, was in collision with the automobile of Bethany Edney, 536 Westminster avenue, which was proceeding west on Westdale avenue and making a left turn into Cornell.

Three cars were badly damaged and two people injured in an accident at Baltimore pike and Swarthmore avenue at 1:57 p.m. October 28. Police said Walter A. Smith, 67, of Upper Darby, was driving south on the pike and attempting a left turn into Swarthmore avenue when a northbound car struck his vehicle and bounced it into one driven by Mary H. Roberts Calhoun of Norwood which was waiting at the stop sign on Swarthmore avenue. Smith and his wife Helen, were admitted to Tri-County Hospital, Springfield. He suffered an injured right knee and shoulder; she a cerebral contusion, contusions of scalp, hands and knees, and fractured right ankle. Police said the northbound car was owned by Thelma J. Yates of Media, who had lent it to Algernon Mayo of Morton. Mayo was with the car but claimed it was being driven by a man he knew only by a nickname, and who left the scene. Police are investigating the matter.

Recent fines paid include:

Five dollars by an Upper Darby man for traffic light violation; $10 by a Media woman for similar violation plus failure to carry operator's license; $10 by a Ridley Park man for traveling too fast for road conditions; $25 by a Drexel Hill man for reckless driving; and $5 each by two Swarthmore males for disorderly conduct, one for tampering with a motor vehicle and the other for trespassing. A Media man paid $10 fine for traveling too fast for conditions.

Firemen were called to 29 College avenue at 5:10 p.m. October 26, to extinguish a fire in a garage roof, apparently ignited by a spark from a bonfire nearby. At 9:32 p.m. October 28, a smoking hi-fi set occasioned a dash to 504 Riverview road.

Mr. John W. Flood of South Chester road recently took an eight day cruise visiting Bermuda and the Virgin Islands.

These words of Paul will be included in the readings from the Bible:

"The Spirit itself beareth witness with our spirit, that we are the children of God: And if Children, then heirs; heirs of God, and joint-heirs with Christ; if so be that we suffer with him, that we may be also glorified together" (Rom. 8).

An invitation is extended to all to attend the services at 11 a.m. in First Church of Christ Scientist, 209 Park avenue.

Mr. and Mrs. Henry L. Harris of South Princeton avenue spent last weekend at Denison University, Granville, O., with their son Eddie for Parents' Weekend. Mr. and Mrs. Harris then went on to Louisville, Ky., to visit with Mrs. D. C. Harris, Mr. Harris's mother.

Dr. Blanshard retired as the head of the department of philosophy at Yale last year, and is now visiting scholar in humanities at Wesleyan University, Middletown, Conn. Many Swarthmoreans knew him between 1925 and 1945 when he was professor of philosophy at Swarthmore College. During this period his wife, Frances, was Dean of Women at the College and a member of the philosophy faculty.

Dr. Blanshard studied at the University of Michigan, and was a Rhodes Scholar at Merton College, Oxford. He then returned to the University of Michigan to teach. He has also held many distinguished lectureships, including the Gifford lectures in St. Andrews.

Sporting a 4-1 record and a tie for first place in the Middle Atlantic Conference Southern College Division, the Swarthmore Little Quakers take on the Cadets from PMC this Saturday. The kick-off is scheduled for 1:30 p.m. on Clothier Fields.

Although PMC has lost twice in Middle Atlantic Conference this year, the game Saturday should be close. The Cadets had a week off while the Quakers played Hopkins. They are still smarting from last year's 18-7 upset by Swarthmore and will be out for a victory. Swarthmore will be out to strengthen their hopes for a Middle Atlantic Conference Championship.

PLAYERS CLUB GIVES 'THE GIRLS IN 509'

"The Girls in 509" comes as timely fare during the Election Season and is right down the independent vote's alley, for Howard Teichman's comedy takes a slam at the Republicans, AND the Democrats. Since he also tucks in flings at the rule-bound social worker, would-be actors, book-trained journalists, and "acquiring" lawyers, the play is sure to please and amuse everyone at some point.

Leading the cast as the 'girls' are Margaret W. Schroeder and Sally McFadden, Aunt Hettie and her niece Mimsy, who have been in retirement since Hoover's defeat in 1932. Mrs. Schroeder and Miss McFadden work beautifully together, making the most of their lines. They are ably supported by Robert Kerr, the meek Professor Pusey whose meekness becomes more and more appealing as the play progresses; he seems quite suitable as a catch for the 'beautiful Miss Van Deusen' after-all.

Gilliat Schroeder does a nice job as Old Jim butler, elevator, boy, etc., along with Rita Lothrop, who succeeds nicely as Miss Freud (no relation), the over-efficient social worker. Andre Pollock makes an excellent lawyer, if you like that kind. Appearing in double roles, once as Chairman of the National Republican Party and again as Chairman of the National Democratic Party is George Carango.

Assorted newsmen (presumably 'trained on the job') show briefly with Director J. David Narbeth. Mr. Narbeth is assisted in his task by Mr. Pollock.

Friday and Saturday night performances are recommended to play goers; the 'girls' provide a lot of fun.

Wallingford Library To Open Exhibition

Display of Old Sailing Ships to Begin Sunday

An exhibit of paintings of sailing vessels by Rear Admiral John W. Schmidt, USN, ret., Wallingford, will be on display at The Helen Kate Furness Free Library, Nether Providence from November 12 to 25.

These paintings are the first reproductions of early American Nineteenth Century ships. Admiral Schmidt has used Naval blue prints, ship's books and Naval archives to gather the information for these portraits.

A graduate of the U. S. Naval Academy in 1927, Admiral Schmidt served his country in World War II as well as the Korean War. He combines with the actual plans of these ships his knowledge of the sea to create authentic and beautiful paintings. The 18 ships in this collection date from 1790 to 1875.

Mrs. O. Davis Shreve assisted by Mrs. James E. Evans are in charge of the exhibit which is open to the public for two weeks.

The library will display the Newberry and Caldecott Award Books at the library during the Children's Book Week November 12 to 18.

Classified Ads Go Far & Wide

A woman who placed an advertisement in October 20th's Classified columns writes:

"Your newspaper certainly gets around, and is read thoroughly. I've placed many ads during the past 20 years. They were usually successful but when ever they failed it was because what was advertised did not appeal to the reader, not because it didn't reach him!

"If I hadn't already been convinced of this, I certainly would be now! My October 20th ad was answered by people in every corner of Swarthmore as well as by residents of Media, Chester, Springfield, Upper Providence, Wayne and other outlying districts. The calls began arriving that day and continued through the next two weeks."

Another single insertion, seeking old Christmas cards for Elwyn School students has brought in something like 1500 cards for another advertiser, who comes regularly and faithfully to collect her "loot."

1414 VOTERS SIGN EXPRESSWAY PETITIONS

Street Canvass Follows Bi-Partisan Effort

Petitions against the proposed mid-county expressway being located through any part of Swarthmore were signed by 1414 voters as they went to Swarthmore's three polling places for Tuesday's election.

The petitions were an outgrowth of a visit to Harrisburg last week by Borough Councilman Robert Wilson and Edmund Jones, Haverford avenue attorney who chaired a citizens' protest meeting here several months ago and also represents Pendle Hill, Wallingford, in opposition to placing the route in the Crum Creek Valley area. The Swarthmore men accompanied Nether Providence protestors who were armed with petitions bearing 3000 signatures.

It is reported that State Secretary of Highways Park Martin as well as the Harrisburg representative of the Federal Bureau of Roads were under the impression that Swarthmore citizens were not opposed to the Crum Creek route, but only Swarthmore College opposed it, — this despite resolutions in protest previously forwarded to Harrisburg and Washington by Borough Council and the recent citizens' meeting. Wilson and Jones were advised to have petitions ready for such time as a public hearing would be held on the matter.

Described as a bi-partisan effort, conducted with consent of Swarthmore's Republican and Democratic Chairmen and with the cooperation of members of the local League of Women Voters, the solicitation of signatures outside the polls will be supplemented in the near future by a door-to-door canvass.

CHRISTIAN SCIENTISTS TO PRESENT LECTURER

How spiritual healing brings true joy and freedom will be the topic of a lecture on Christian Science to be given in Swarthmore on Sunday at 3:30 p.m. by Francis William Cousins of Manchester, England.

Mr. Cousins will speak in the church edifice of First Church of Christ, Scientist, at 206 Park avenue. His subject will be "Christian Science Reveals the Good that is available to mankind." The lecture is free, and local members have invited the public to attend.

A native of London, he was employed for many years with a firm of West African merchants, attaining managerial rank. He withdrew from business in 1951 to devote his full time to the public practice of Christian Science healing and to service to the Christian Science organization.

Garnet Visits N.P. Tomorrow 2P.M.

The Darby Rams scored in every period to run up a 27—0 victory over the high school team last Saturday on Rutgers Field. Regardless of the score the Garnet boys gave all they had and at times looked like they might pull an upset. Amazingly, first downs were about the same for both teams.

This Saturday the Garnet team travels to Nether Providence in a traditional neighborhood rivalry. Again the local team will present new faces in the backfield as the line up is shifted around as to put the best Garnet effort forward. This is sure to be a spirited game as the Swarthmore team is always up for this Bulldog—Garnet fuss.

'Road To War?' Topic For Talk at College

Cooper Foundation To Present Speaker Sunday

Leo Szilard of the University of Chicago will speak in the Swarthmore Friends' Meeting House on Sunday at 8:15 p.m. His topic will be "Are We On the Road to War?"

With Enrico Fermi, Dr. Szilard devised the chain reaction system composed of uranium and graphite which was used in setting up the chain reaction at the University of Chicago in 1942. It was also used at Hanford in the manufacture of plutonium.

Born in Budapest in 1898, Dr. Szilard received an engineering degree from the university there and then went on to earn his Ph. D. at the University of Berlin in 1922. He taught in Berlin until 1933. He then went on to England where he did research at St. Bartholomew's Hospital and in the Clarendon Laboratory of the University of Oxford. In 1937 he came to the United States; he became a naturalized citizen in 1943.

From 1940 to 1942 he worked in the National Defense Research Division of Columbia University. He then went to the University of Chicago where he has held various teaching and research posts ever since.

He was very active as head of the Organization of Atomic Scientists, which published the Atomic Scientists' Bulletin, dedicated mainly to the study of the peacetime uses of atomic energy and the social implications of the bomb.

He is now a member of the Enrico Fermi Institute of Chicago.

His speech is sponsored by the Cooper Foundation of Swarthmore College and is open, free, to the public.

The program will include slides of the post's recent trips and other activities as well as the film. These activities have included a canoeing, hunting, and fishing trip on Lake Wallenpaupac at the Firestone Explorer Base, Lehigh University's annual Scouting Science Day, a sightseeing tour of Washington, D. C., a tour of the United Nations, and a camping trip to the Skyline Drive, in Virginia, with a tour of an American Viscose plant near the drive.

SCULPTURE GROUP TAKES HONORABLE MENTION

John H. Newland, Magill road, Swarthmore, received Honorable Mention in the non-professional sculpture group for "N' Gozi Tribesman" at the Regional Council of Community Art Centers Exhibition in Philadelphia last Sunday.

Mr. Newland, a new resident of Swarthmore, is a student in Maurine Ligon's class in Sculpture Techniques at the Community Arts Center in Wallingford.

The exhibit continues at the Fidelity-Philadelphia Trust Company through today during banking hours.

EARLY DEADLINE

Because of the Thanksgiving Holiday The Swarthmorean deadline for the November 24 issue will be on TUESDAY, November 21, at 11 a.m. The paper will be delivered on Friday, as usual.

GAME WITH HAVERFORD STARTS 1:45 SATURDAY

The traditional Swarthmore—Haverford football rivalry will get its 52nd airing on Clothier Fields, this Saturday at 1:45 p.m. At stake also will be Swarthmore's final standing in the Middle Atlantic Conference Southern Division. A Swarthmore victory will assure the college at least a third place finish, and if this victory is coupled with a defeat of PMC by Lebanon Valley, Swarthmore will be the runner-up to the Conference champions.

Coach Lew Elverson's Garnet eleven appear the favorites, with a 4—2 season's record compared to 0—5—1 for Haverford. The Ford's best effort of the season earned them a 0—0 tie with Johns Hopkins, who suffered a 33—0 defeat at the hands of Swarthmore. Both teams will resume play Saturday after losing their last week's contests. Haverford dropped a 28—6 decision to Wilkes College, while the Garnet were turned back 18—7 by PMC.

Coach Roy Randall's Main Liners will be piloted by sophomore quarterback Steve Dallolio, ranked fourth in Middle Atlantic Conference passing.

Elverson's men will be directed by sophomore Mike Lillie and freshman Hap Peele at the quarterback spot. In addition to these men will be halfbacks Bernie Beltman, a sophomore who was chosen an All-East Halfback earlier this season and junior Harvey Buek, twice honorable mention All-East. Juniors Ben Cooper, and Bill Lipshutz and senior John Green will also be seeing considerable backfield action Saturday. Juniors Terry Spruance and Fred Laucius and sophomore Rafe Seymour will anchor the Quakers line.

However, despite the odds, the years have shown that this game ignores statistics, evades favorites, and is blind to season's records. This is a game where spirit and the will to win mean as much as all the statistics and records.

The outcome of this game will help to determine the winner of the Hood Trophy, symbolic of athletic supremacy in the various sports played by the two Quaker schools. The trophy has been in Swarthmore's possession for the past three years and the Garnet teams have been able to capture it the majority of the years since its inception in 1941.

Swarthmore Is Host

A meeting of the Board of State College Presidents 18 in all, with Superintendent of Schools Dr. Charles Boehm and Deputy Superintendent Dr. George W. Hoffman, was held this week at Swarthmore College.

On Thursday they w were the luncheon guests of Bryn Mawr President Katharine E. McBride and in the evening guests of Haverford College President Hugh Borton for dinner.

The group will leave about midday today after a two day schedule of meetings and conferences.

SHS FOOTBALL BANQUET SLATED FOR DECEMBER 1

Citizens Committee Sponsors Annual Fete

A special meeting of the Swarthmore Citizens Athletic Committee was held Wednesday of last week to discuss the plans for the Annual Football Banquet.

This year's event will be held at the High School cafeteria on Saturday, December 2, at 6:30 p.m. Invitations will be extended to members of the 1961 Varsity and Junior Varsity squads, coaches, Senior cheerleaders, parents, and other guests.

As in former years, the members of the Junior High heavyweights, middleweights, and lightweights will be invited to dessert at 7:30 p.m. and remain for the program. Several outstanding members of the Elementary teams will be included as special guests.

The program will include the presentation of awards to the team members by coaches Robinson, Dietryka, Henderson, Drukin, and Bernhart. In addition, special awards will be presented to certain members of the team selected by the squad by secret ballot.

Among those helping with the food and catering will be Ralph Young and Bob Frost. Jack Thompson was placed in charge of decorations and Al Stamford will head up the waiters. The invitations will be mailed by Secretary Bill Kurtzhalz and the parent' tickets will be sold by Wes Hoge, the Treasurer. Coach Robinson will work with Ted Anthony and John Bond on the programing.

The Committee also discussed the problem of annual dues. Many of the parents of High School boys have neglected sending in their 1961-62 Swarthmore Citizens Athletic Committee dues. An urgent request is being made to all to send their dues to the Treasurer, Wes Hoge at 15 Woodbrook Lane, Swarthmore.

Thanksgiving Day Union Services

The traditional Thanksgiving worship service for the community will be held at the Presbyterian Church at 9 a.m. on Thanksgiving Day.

The date of the celebration has been set by the President of the United States for Thursday, November 23. The preacher this year is the Rev. John C. Kulp, Pastor of Swarthmore Methodist Church.

Part of the tradition of the Community Thanksgiving Worship is to take up an offering to be used through the Ecumenical Church to answer needs of people the world over. The Church World Service, part of the National Council of the Church of Christ of the United States of America, is such a group dedicated to aid homeless and distressed people overseas. Their objectives and methods are much the same as other organizations sponsored by the United Nations and United States Government. Every contributed dollar sends more than 300 pounds of food overseas.

Prime places of need this year are Africa and Hong Kong.

In the Congo 750,000 refugees from Angola are in various stages of poverty and need. Food, seed and live stock are crucially necessary here.

In Hong Kong, an increasing number of refugees are still coming in from China. The Church World Service has nine milk stations there where 52,000 children are coming every day to get milk and biscuits.

NOTICE TO CITIZENS

Borough Council wishes to call attention to the prevailing law which prohibits the conversion of any housing to multiple unit housing and that this law will be strictly enforced subject to the penalties provided by law.

Commissioner Watkins To Speak At LWV

Luncheon Meeting Set For 1 P.M. Monday

Former State Senator G. Robert Watkins will replace County Commissioner Albert Swing as luncheon speaker at the LWV Meeting on Monday, November 20, at 1 p.m. at the Methodist Church.

Mr. Watkins is the president of the three man county board and has recently taken a stand against the communities pact signed by Bucks and Montgomery Counties with the city of Philadelphia. Commissioner William Welsh, a Swarthmore resident, has opposed Mr. Watkins' view of the pact, and Mr. Swing has yet to be heard from.

This controversy is of considerable interest to community towns in Delaware County and the meeting will therefore be open to the public. Mr. Watkins has agreed to answer questions.

Those planning to attend the luncheon meeting, should call Mrs. Joseph Storlazzi, KI 3—1292 by tomorrow, adding if they need baby-sitting.

Swarthmore-Lansdowne Football Game Thurs

The Annual Lansdowne-Swarthmore High School Thanksgiving Day football game will be held on the Swarthmore College field with the local high school serving as the host team. The kick—off will be at 10:30 a.m.

In order to relieve much of the parking and entering problem, spectators are urged to park off of the college campus. There will be limited parking facilities near the field, but due to the vast throngs that are accustomed to attending the event, these facilities will fill early. It will be possible to enter the field from either the Presbyterian Church entrance or entrances on either side of the field house.

Robert Smart, Organist In Recital at Trinity

Robert Smart, Organist of Trinity Church and of Swarthmore College, will present an organ recital, this Sunday evening at 8 p.m. in the church at Chester road and College avenue.

Mr. Smart's program will be divided between the works of J. S. Bach and the French composers Cesar Franck and Marcel Dupre. Of Bach, he will play the "Prelude and Fugue in C Major," "Three Chorale—Preludes," and "Toccata and Fugue in D Minor." In the second part of the program the works heard will be Franck's "Chorale in B Minor," and Dupre's "Variations on a Noel."

The public is cordially invited to this recital.

'Walk' Takes Hikers 120 Miles Along AT

Dr. Frederick W. Luehring North Chester road, and his walking companion Paris Walters of Newark, Del., have returned from a walking tour in the Great Smokies, beginning at Clingmans Dome on the line between Tennessee and North Carolina and the highest point on the 2000 mile Trail, and ending in northern Georgia.

Carrying packs of 38 to 42 pounds over a stretch of 120 miles, sleeping in trail lean-tos when available and otherwise on the ground under the bright moonlight was a rugged but an invigorating and unforgettable experience. Deer and bears and many wild turkeys and grouse crossed the trail, and the screams of a panther not far distant were interesting as well as frightening. There were the extremes of snow in the high mountains and sun in the valleys resulting in sunburned faces, - denuded trees as well as gorgeously colored foliage and the luxuriant green of rhododendron, mountain laurel and azaleas with a rich undergrowth of galax. The carpets of purple and yellow violets and trailing arbutus made parts of the trail a veritable fairy land.

Dr. Luehring and Mr. Walters spent the night with Dr. and Mrs. E. Fay Campbell, formerly of Swarthmore and now of Maryville, Tenn., before being driven by them the following morning to Clingmans Dome to begin their trek. The Appalachian Trail is divided into four sections in this area:

Thirty miles from Clingmans Dome to Fontana Dam, 25 miles from there over the Yellow Creek Wauchecha-Cheoh Mountains to Wesser on the Nantahala River, 55 miles through the Nantahala National Forest, and 10 miles to Dicks Creek Gap in northern Georgia.

ROBERT WADE HOUSE HOLDS RECEPTION

The Robert Wade Neighborhood House in Chester celebrated its recent move to the Franklin Fire House at 217 Concord avenue, yesterday afternoon and evening with an open house. The event was planned and executed by the board of directors of the 19-year old community service house. Local residents of the board include:

Allen Hunt of Wallingford, chairman; Mrs. George M. Allen, Mrs. Lee C. Bennet, J. Paul Brown, Edmund Jones, John F. Spencer, David R. Wadleigh, all of Swarthmore; and Mrs. George Gillespie of Rose Valley.

To acquaint visitors with the work of the House, several exhibitions were displayed. The Golden Age Group displayed stuffed animals, quilts, dolls and doll clothes which they have made. Articles made in the crafts program and projects of the Boy Scouts were on view. Visitors in the afternoon observed the activities in the pre-school group.

Wade House had its beginnings in the historic old Chester Friends Meeting at 248 Market street. When the building was torn down as part of the City of Chester redevelopment program, Wade House found a new home several blocks away in the Franklin Fire House at 217 Concord avenue. After extensive renovating and redecorating and the construction of a playground adjacent to the fire house this summer, Wade House again opened its doors this fall to offer the families in its neighborhood a wide program of activities.

Under the direction of Louis W. Carroll, Jr., executive director, and his assistant, Mrs. Omega Brooks, the center provides activities and interests for every member of the family. A day care center for pre-school children enrolls 60 children. Pre-teens and teen-agers crowd into the center in the afternoons and evenings. The Wade House program also includes Scouting, a Mothers Club, and an organization of Golden Agers.

Increased facilities in its new location enable Wade House to serve hot lunches to the pre-school children this year for the first time. The facilities also enabled the number of children enrolled in the pre-school to increase 33% and will make possible the extension of the day care program throughout the summer.

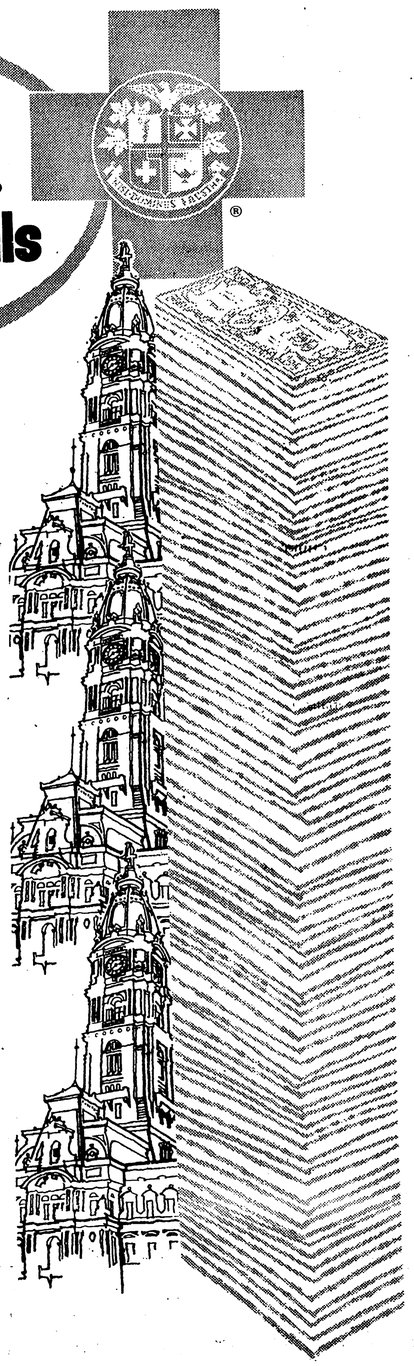
$½ BILLION PAID IN MEMBER BENEFITS HERE, 1938-61

This is a story about Blue Cross ... and a tower of $100 bills



ONE DAY in mid-October, 1961, some subscriber whom it would now be difficult to identify was discharged from one of the 99 Blue Cross Member Hospitals in Greater Philadelphia.

There was no fanfare. The patient was just one of the 40,000 subscribers hospitalized here, on the average, each month. It may have been someone you know—a little child or a man of 90. It may have been a routine case or one involving thousands of dollars for expensive services. However:

When Blue Cross paid that hospital for the care this patient had received, your plan reached an important landmark in its eventful history. Philadelphia Blue Cross had paid out a total of one-half billion dollars since its beginning here in 1938.

HALF A BILLION DOLLARS — how much is that? Few of us have ever seen a $10,000 bill (although they print them, we are told) or even a $1000 bill. But we do glimpse a $100 note occasionally. The Philadelphia Mint tells us that it takes 233 crisp, new $100 bills to make a stack one inch high. According to that, a column of $100 bills totaling a half-billion dollars ($500,000,000) would be 1,788 feet tall—or easily more than three times as high as City Hall Tower (548 feet). That gives you some idea of not only what $½ billion amounts to, but the continuing impact of Blue Cross on the health-economics of our community.

Blue Cross, pioneer in its field, will always be the leader. Although there are many imitators, Blue Cross is universally recognized as the standard of excellence, the Plan that provides not limited indemnities, but the service you need—$½ billion worth in 23 years.

Politics

To the Editor

The voters of Swarthmore have spoken in decisive fashion in electing two new Directors to the School Board. Since these same voters have historically considered it important to make this decision a political party matter, it is natural to assume that the forecasted vacancy on the School Board next January will be filled by political party action in one way or another.

The importance to the political party of keeping the duly elected official in office in preference to an appointee has just been decisively illustrated by the controlling political party's action in keeping the elected Justice of the Peace in office for months after he moved from the Borough. It seems an obvious conclusion that a similar solution in the School Board vacancy should be in line with the controlling party's actions of current date and therefore one which should appeal to the Borough's voters.

I would therefore propose that the duly elected School Director assume the office to which he was elected for a term of six years, and that he continue in the office until such time as he can return to the Borough and participate more directly and fully.

Yours sincerely,
James I. Malone

Thanks Communities

To the Editor:

The members of this year's UNICEF Committee are tremendously grateful to the thousands of people in Swarthmore and Rutledge who contributed, collected, and counted money on Halloween. These community efforts have resulted in our attainment of the record breaking sum of $702.63.

To date almost 900 UNICEF boxes have been returned, many of them filled to capacity. This response to a desperate world wide need for milk and medicine has been overwhelming. We say thank you to all of you for a job well done.

Sincerely,
Mrs. David Field
Chairman

P.S. The method one family used to collect pennies painlessly will be of interest and perhaps inspiration to others. These Swarthmoreans kept a bowl handy throughout the year into which the family and friends might toss odd pennies. The bowl provided a topic of conversation, as well as ample funds for the UNICEF collection.

Ask Classmates' Help

To The Editor:

On September 24, the day after the tenth grade had been given an assignment on European maps, the 'E' volume of the World Book encyclopedia was missing from the public library. Repeated general appeals to return it, no questions asked, have met with no success.

Of course, it may have been a student in any class who did this selfish thing, but the tenth grade was circumstantially involved and we were asked to pay $10 necessary to help replace the book. At a class meeting on November 1, after full discussion, the great majority of the class voted against buying a new volume, evidently believing that since it could not be proved that a tenth grader stole it, the class didn't need to feel any responsibility at all.

Whether or not one of our classmates took the encyclopedia, we strongly feel that it is our responsibility to the community to replace the book, a widely-used reference. Since we have $600 in our treasury, money was not a factor in the class' decision - for that matter, the cost equals only 7½ per person. If the book were stolen, it was done by a selfish, irresponsible student. Despite the tenth grade's vote, some of us take this request seriously

ADVISE CITIZENS OF HOUSE CHANGE LAW

COUNCIL TO INVESTIGATE PROFESSIONAL PLANNER

Borough Council Monday evening agreed to investigate the possibility of employing qualified professional agency to assist the Borough Planning Commission in a long-range planning study for Swarthmore.

The motion, made by Councilman Robert Wilson, came after Councilmen and Planning Commission members had held an informal meeting together last Thursday night. The basic concern of both bodies is to maintain a community of single dwelling homes here, the motion explains. It also recognizes that such a study if undertaken under the guidance of full professional planners, might cost as much as $3000, payable over a period of two years.

Council also moved to call public attention to the present law prohibiting conversion of any housing into multiple housing. It will advertise that it plans to strictly enforce this law and invoke its penalties for any infringement.

Two ordinances were passed—627 authorizing Council to act as a Shade Tree Commission; and 628 modernizing plumbing and drainage regulations by permitting the use of copper soil, waste and vent pipes.

Under the tree ordinance the Borough will pay for planting and properly maintaining street trees and the highway committee may require owners or occupants of properties to correct conditions of trees, shrubs, hedges along or near streets which inconvenience or endanger the public. No person may plant a street tree or do anything to an existing one without prior authorization by the highway committee. Minimum fine of $10 and maximum of $100 is provided by the ordinance. The Tree Committee previously appointed by Council will continue as an advisory committee to assist the Tree Commission and highway committee in caring for street trees.

Arbor Tree and Landscape Service, Broomall, received contract for pruning and elevating trees along Ogden avenue and upper North Chester road. Their $973 bid was low among six bidders.

Rebuilding the borough tractor and purchasing a snow blower to attach to it for removal of snow from sidewalks was authorized. Cost is expected to be around $300. Borough Secretary Ruth Townsend reported the borough's large snow plow is ready to tackle the first snowfall, but as yet no provision has been made for assistance from an outside contractor.

A lull in removing the current pre-snow tree leaves from streets was reported. The leaf-loader, having blown a gasket in its engine, is being repaired and is expected to be back in service soon. Acquisition of a new loader is being considered for next year.

There was a discussion of whether the borough or Swarthmore College should pay the $7 per day per man which it costs for extra duty policemen at home football games of the college. The Borough has been paying the men., Public Safety Chairman Charles W. Lukens was asked to seek a review of the 10-year-old contract under which the sum of $1800 is paid the borough for patroling the college, etc.

Councilman Herman Bloom asked study and correction of a drainage problem at the Dartmouth avenue end of the newly widened Park avenue stretch.

Mayor Joseph Reynolds suggested Dartmouth avenue should be widened or limited to parking on one side between Lafayette and Princeton avenues. He also asked consideration of grading and paving the alley running behind the Acme and apartment houses and connecting Rutgers and Harvard avenues, with cost to be borne by adjacent properties.

CANTEEN TO MEET

A strange and irregular collection of socks appeared at the Garnet Canteen Saturday night. The funniest belonged to Ennis Duling, the ugliest to Jim Tolles, the most unnusual to Elita Jones, and the brightest to Katrina Niederriter.

Regular dress standards will be in effect at tomorrow night's canteen, which will begin at 8 o'clock at the Rutgers Avenue School, with dancing, games, and refreshments for all.

Chaperons will be Mr. and Mrs. Robert Seely and Mr. and Mrs. Joseph Storlazzi.

RETURN FROM HAWAII

Mr. and Mrs. Robert J. Turner of Guernsey road returned home November 2 after a month's vacation trip. On arrival in San Francisco, Calif., they found it necessary to enplane for the Hawaiian Islands due to the boat strike.

After spending two weeks there touring the Outer islands they returned to Los Angeles, for a week of visiting with relatives and friends. Enroute home they stopped off in Chicago, Ill., to visit with former residents of Benjamin West avenue Mr. and Mrs. T. W. Prescott.

Mr. and Mrs. Oscar Gilcreest of Vassar avenue had as their guests over Saturday and Sunday Mr. Gilcreest's sister Mrs. Garner Dunkerly, and his niece Mrs. Homer McElroy both of Richmond, Va.

N.P. BULLDOGS DEFEAT SHS GARNET, 7-0

In a rugged neighborhood rivalry, featuring a touchdown that was not a touchdown, the Swarthmore High School football team went down stubbornly in a 7—0 loss to Nether Providence Saturday. For those who watched the game it was difficult to believe that the Garnet team, which outplayed the opponents except for the last five minutes of the game, were on the short end of the score.

The play that produced the winning touchdown was the result of a fumble on an attempted pass. It was John Perry, Bulldog senior, who picked up the fumbled pigskin at the Garnet 40 and raced unmolested into touchdown territory. The only other time N. P. threatened was late in the second quarter when they took over tha ball on a fumbled play at the Swarthmore 15. Moving for one first down they had first and goal on the five yard line. At this point, the great defensive play of the Garnet forward wall led by Co—captain John Bond, Al Bullard, Chuck Kurtzhalz and Rick Filler, and backed up by Jay Thompson and Jim Rowland, gave two yards in four downs, thwarting the Bulldogs touchdown threat.

The Junior Varsity completed their undefeated season with a 13—7 victory over Nether Providence last Monday. They have had a fine season featuring the excellent quarterbacking of Dick McCurdy, punting of Bill Gill, the line backing of John O'Neill, rugged play of Bill Zimmerman, Curt Young, Parkie Smith, Bill Shugarts and fast developing Gordon MacAlpine.

Red Cross October Service Totals 609 Hours

42 Volunteers of the Swarthmore Branch, American Red Cross, served a total of 609 hours in October (all hospital hours not in), according to Mrs. Robert M. Fudge, vice-chairman of the Branch. Time for the completion of one afghan was included.

Canteen workers put on a party at Veterans Hospital, Philadelphia Navy Yard, taking cookies made by canteeners: Mrs. D. P. Jones, Mrs. Kenneth Doherty, Mrs. Carroll Streeter and Mrs. Robert Richardson.

Mrs. Robert Deacon, chairman of Arts and Skills, gave 32 hours at the Naval Hospital and is proud of her new recruit Mrs. Brian Crowley of 107 Rutgers avenue who also serves at the Naval Hospital.

VISIT NONAGENARIAN

Rev. and Mrs. Paul A. Miller of Harvard avenue returned home recently after visiting with Mr. Miller's father the Rev. William Alexander Miller of Youngstown, O.

QUESTION -

WHAT IS THE TRADE NAME OF THE DETERGENT MOST COMMONLY USED FOR BRAINWASHING CHILDREN?

ANSWER -

"TV"

BE CAREFUL – SOME OF THE TOY COMMERCIALS ON TV ARE SLIGHTLY MISLEADING. MANY OF THESE ITEMS WOULD NOT SELL ON THEIR OWN MERITS WITHOUT THE TREMENDOUS BOOST OF THE TV AD.

THERE ARE DOZENS OF FINE TOYS ON THE MARKET THAT DO SELL, YEAR IN AND YEAR OUT, ON THEIR OWN REPUTATION. THESE TOYS ARE NEVER SEEN ON TV. THEY DO NOT HAVE INFLATED SALES PRICES TO COVER THE MILLION DOLLAR TV SALES PITCHES.

SOME OF THE TV TOYS ARE O.K. BUT WE REPEAT – BE CAREFUL – DOES YOUR CHILD REALLY WANT "THIS" TOY OR HAS HE BEEN CONNED INTO IT.

"...Now, therefore, I...do hereby appoint and set apart...a day of thanksgiving and praise to Almighty God, the beneficent Creator and Ruler of the Universe. And I do further recommend to my fellow-citizens aforesaid, that on that occasion they do reverently humble themselves in the dust, and from thence offer up penitent and fervent prayers and supplications to the Great Disposer of events for a return of the inestimable blessings of peace, union, and harmony throughout the land which it has pleased Him to assign as a dwelling-place for ourselves and for our posterity throughout all generations."

... in the Meantime, Inn Comes Down!

Plans to appeal to Delaware County Courts against Swarthmore Borough Council's action in granting permission for a large apartment house-motel on the Strath Haven Inn grounds have been dropped. Deadline for filing the appeal is today.

Members of the group of six citizens whose earlier appeal to the local Zoning Board was turned down last month, and their attorney John S. J. Brooks of Media, said the Zoning Board's action had been expected and carrying the case to the higher court had been agreed upon from the very beginning. However, two factors influenced a reversal of plans — finances and technicalities.

Although other residents, in public hearings, had expressed themselves as strongly agreeing with the appellants that so large an extension of the old Inn should not be permitted, no one offered to share the financial burden of the court suit. The estimated $500 expenses was considered more than the budgets of the six families could assume unaided.

Further, it appeared the only appeal that could be properly taken was that Council had granted the extension of the non-conforming use in a residential area without passing an ordinance required by state edict. Thus, if this is true, even if the appellants won in Media the case would go back to Council which could then pass such an ordinance, unless viewpoints of individual Councilmen were different from when the original action was taken. The appellants came to

Citizens Organize To Oppose Route

At a meeting at the Cornell avenue home of Borough Councilman Robert Wilson Sunday evening fellow Councilmen discussed the proposed Mid-county Expressway. They delegated Councilman Harry Wood, Borough Manager Henry Coles and Solicitor Clarence Myers to attend a meeting in Media called for the next night by the Combined Civic Associations of Delaware and Montgomery Counties to plan a fight against the Blue Route.

Myers is also to be in charge of examining the plans for the route when they are opened to public view next Thursday. Council then will call a special meeting to decide the procedure it will follow at the hearing to be held by the State Highway Department at 7:30 p.m. the following Thursday, December 7, in Marple-Newtown Junior High School.

The limited access highway extending 20.65 miles, from the Industrial Highway east of Bullens lane in Ridley Township to Germantown pike north of Butler pike in Montgomery County, is supposed to have two 12-foot lanes of concrete pavement in each direction, a center strip from 36 to 60 feet wide, and a third lane in the vicinity of some interchanges. It is said it would underpass Chester road 400 feet east of Crum Creek and have a full interchange at Baltimore pike in Nether Providence Township. The Federal Government is to pay 90 per cent of construction costs of the interstate through-way which is estimated to total about $30 million.

Registration Required

It is expected those who desire to speak at the December 7 hearing will be required to register before the meeting begins and that governing bodies of municipalities will be given precedence over civic organizations and individuals.

Councilman-elect Edward Cratsley was present at the Sunday session at Wilson's. Swarthmore College Vice-president Joseph Shane and Dean William Prentice attended the Monday meeting in Media. It is not certain whether college landscapes being touched by the highway in the latest engineering survey. Protests from officials and alumni resulted in a re-study of the original Blue Route which did involve part of the campus as well as the creek valley. The college is said to also oppose a possible alternate "loop" route which would swing through Nether Providence Township in an effort to relieve the campus and valley.

There seems to be growing sentiment that the highway should be laid west of Media, and that the route should be finalized only after consideration of location of a possible Delaware River bridge at or near Chester, and of a current interstate transit study being made by Pennsylvania and New Jersey.

INCREASE PUBLIC LIBRARY SERVICE

Library Will Close on Thanksgiving Day

President Lindley H. Peel presided at the Quarterly meeting of the Swarthmore Public Library Board in the Legion Room, Borough Hall, Monday evening. Secretary Howard H. Williams' minutes of the September 25 meeting were approved as distributed. Treasurer Alfred H. Marsh reported expenditures well within the budget and tax receipts coming in on schedule. For the finance committee, Mr. Marsh reported that Borough Solicitor Clarence G. Myers is investigating whether the Social Security payments for library employees be paid to the Federal or State Government. Clarification of this matter is anticipated by the annual meeting, which will occur on Monday evening, January 22, 1962.

Librarian Mary Ann Hunsicker, reported that book sale proceeds are close to $300 and that the book sale had also helped the library by clearing room on its shelves. Mary Ann Hunsicker reported special childrens' story hours monthly on the second Saturdays with Mrs. Paul Gemmill and assistant librarian Leonore Perkins serving as story tellers. An extra story hour on October 27 when appropriate ghost stories were told by Miss Hunsicker, Mrs. Marshall Schmidt at whose home the "Ghostly Story Hour" was held and Mrs. Peter Told. Property Owners Ass'n Names 3 New Directors

Reaffirms Opposition to Expressway Thru Borough

The Swarthmore Property Owners Association named three new directors and reelected two others at its annual meeting last Thursday night in Borough Hall. Raymond Hildebrand, William Nelson and Spencer Thompson were named to two year terms to replace retiring directors, Allan C. Wood, John Derickson, and Henry Bunker. William Campbell and Oscar Hart succeed themselves.

Remaining directors who still have the last half of their two—year terms to serve are Franklin Flaherty, Seymour Kletzien, Weston Clarke, Mathew McKinnell, William Cresson and Paul Friend.

The association reaffirmed its opposition to the mid—county expressway being routed through Swarthmore. It continues to feel the desirable location for the highway would be west of Media.

Mr. Kletzien, acting president, said he will name a committee to study plans for the highway when they are available November 30. The association will send representatives and will encourage other residents to make their opposition to the proposed Blue Route known at the public hearing which the State has scheduled for 7:30 p.m. Thursday, December 7, in the Marple—Newtown Junior High School, West Chester pike west of Sproul road.

Girl Scout Troop 331 International Dinner

Girls' Trip Abroad Scheduled for June 14

Senior Troop 331 held an International Dinner recently at the home of their leader, Mrs. Lee C. Gatewood. The menu was made up of several foreign dishes prepared by the girls and served in a 'cafe' atmosphere. All conversations during the dinner hour were carried on in French with the assistance of guests, Adeline Strouse, Swarthmore High School teacher, and Marie Odile Pisot and Mary Jose Deny, students from France now attending Swarthmore High School.

Two years ago when the troop became an International Friendship Troop and began to formulate plans for a European trip, the girls decided part of their program would include becoming more familiar with the French and German languages.

Now that their European Trip is becoming a reality ('Anchors Away' on June 14, 1962!) the girls are spending a large portion of their troop time on learning songs in various languages and becoming familiar with people and their way of life in the countries the troop will be visiting next summer.

Antonica Fairbanks, a junior at West Liberty College, W. Va., and her brother Michael, a freshman at Elizabethtown College, Elizabethtown, arrived Wednesday to spend the holiday with their parents Mr. and Mrs. Anthony Fairbanks on Yale avenue.

The program, which brought some 30 high school students to the college last year, will be conducted again in the spring. Its great success thus far is largely due to the effort and cooperation of Irma Zimmer and Ernani Falcone of the High School.

D. JONES, CARPENTER RETIRE FROM OFFICE

School Board Annual Meeting on December 4

The Swarthmore—Rutledge School Board authorized advertisement for bids on purchase of the disbanded Rutledge Elementary School, at its November session last Wednesday night.

It also authorized the employment of Mrs. Marilyn Lee of Haverford place to assist the school nurse with clerical work and aid with medical and dental examinations. Employment of lay readers to correct high school English department themes was arranged.

In view of the impracticality of providing proper lighting in the high school auditorium which has been being used for study hall purposes, it was decided to switch this activity to a part of the cafeteria for the present.

The Board approved Superintendent Harry Kingham's plan to establish a central elementary school library in the audio-visual room of the intermediate building on Rutgers avenue. Dr. Kingham said an enthusiastic group of mothers are ready to give their services cataloguing and arranging books and otherwise assisting with the project. A former storage room near the principal's office will be used for audio-visual programs in future.

At the close of the meeting a gavel made by Industrial Arts instructor David Watkins from an unburned piece of wood from the old high school was presented to President Donald P. Jones, who along with Property Chairman Samuel T. Carpenter, retired after more than a decade of service. Fellow Board members paid highest tribute to the unusually able work done by both men during a critical period in the history of the school district. Treasurer John Spencer said, "We are losing two of the most important members the Board has ever known in its career. The remaining members will have to work harder and think better and in greater volume to make up for the loss". Both men, who had chosen to take a rest rather than run for reelection again, said that while their terms expire technically, they will continue willing to assist the district wherever possible.

The annual meeting for installing newly elected directors is scheduled for December 4:

the conclusion that the complexion of Council would be unchanged, since they despair of changing the mind of anyone who continues in office and they believe the two newly elected members would be split, one in favor and one opposed to the proposal.

Mr. Brooks, who has had some successful experience with cases involving variances, described the inn problem as a very unusual "hybrid". He said he could not advise his clients to proceed simply as a harassing or delaying tactic.

Meanwhile the old inn is in the midst of demolition which began two weeks ago.

ORDINANCE NO. 627

An Ordinance authorizing the Swarthmore Borough Council to function as a Shade Tree Commission with respect to trees planted within the lines of streets of the Borough; conferring jurisdiction on the Highway Committee to require abutting owners to correct dangerous or interfering trees or shrubs outside street lines, and to adopt regulations with respect to street trees, and providing penalties for the violation of this ordinance.

THE COUNCIL OF THE BOROUGH OF SWARTHMORE DOES ORDAIN:

Section 1. Pursuant to Section 2730 of the Borough Code, as amended, Swarthmore Borough Council elects not to create by ordinance a Shade Tree Commission, but to exercise all the rights, and perform the duties and obligations conferred upon Shade Tree Commissions by Article 27 of the Borough Code.

Section 2. The Highway Committee shall act as agent of Council in discharging such functions of a Shade Tree Commission, and shall have exclusive jurisdiction over all street trees. The said Committee shall have power to adopt rules and regulations with respect to street trees, and their maintenance, and upon Council approving the same they shall be as fully binding as though set forth in this ordinance.

Section 3. Whenever the Council, or the Highway Committee, proposes to plant, transplant or remove shade trees on any street notice of the time and place of the meeting at which such work is to be considered shall be given in a newspaper published or circulating in the Borough, once a week for two weeks immediately preceding the time of the meeting. Such notice shall specify in detail the streets or portions thereof upon which trees are proposed to be so planted, transplanted or removed.

Section 4. The cost of planting, transplanting, removing and caring for street trees shall be paid by the Borough of Swarthmore.

The owner or occupant or person in charge of land abutting a public street shall take proper care of trees, shrubs and hedges along or near such street to prevent inconvenience or danger to the public.

INCREASE PUBLIC LIBRARY SERVICE

(Continued from Page 1)

books were circulating steadily among high school language classes and the children working in the foreign language program in the grade school.

The library practices committee, Rudolf Hirsch chairman, presented several recommendations for the board's approval, the com- having met on Monday, December 13. Changes in Holiday hours were adopted as recommended; the nearest, the closing of the library on Thanksgiving Day and the closing of the Library at noon on Saturday, December 23, to remain closed through Christmas Day, Monday. The Library will remain open through it's usual afternoon hours preceding New Year's Day.

Regular hours will be maintained at 2 to 9 p.m. Monday through Friday. Saturday hours will be extended so that the library will be open continuously 9:30 to 4 in the near future. After January 1, 1962, the library will be open on Tuesday, hours certainly from 9:30 to 12, or if possible, continuously from 9:30 to 9 p.m., staffed by a volunteer. Summer hours will be maintained as they were last summer but the board voted that these should begin the 1st Monday after the closing of school and continue until Labor Day.

These hours will be listed along with library rules on the traditional book mark form. Dr. Charles Shaw, librarian of Swarthmore College and former president of the Library Board will hand set the copy for the book mark as a gift to the library. The Board accepted the Christmas plans for the library and for its decorations and for the traditional Christmas turkey to Borough Hall custodian. Resolutions honoring the late Mrs. Thomas K. Brown and the late Miss Alice F. Barber were adopted.

Arrangements for the annual library election were set in motion by the Board. Nominating petitions may be secured at the librarian's desk by any resident who wishes to seek election as a library Director. These petitions must be signed by at least ten residents of the Borough and filed with Board Secretary Williams on or before December 31, 1961. The library election will take place on Saturday, January 20, during library hours and on Monday, January 22, during library hours up until 8 p.m.

Directors present in addition to the officers were — Mrs. David M. Field, Mrs. D. Mace Gowing, Mrs. Winthrop Wright and Mrs. Peter Told.

Spiritual Light Dispels Fear, Cousins Says

Recognition of God's righteousness brings mankind needed hope and enlightenment, Francis William Cousins of Manchester, England, said in a lecture in Swarthmore on November 12.

"The sooner we wake up to the fact that God is good, and bestows only good upon His children, the sooner will we awake to the injustice which suggests that man can be made the victim of disaster or evil of any kind," Mr. Cousins told his audience.

A member of The Christian Science Board of Lectureship, he spoke in First Church of Christ, Scientist at 206 Park
