Dearest Annie,

Your letter has come & I have
looked up the trains & find that the
2 expresses leave Vienna

at 10.36 a.m. and 9 P.M. arriving
at S. at 10 P.M. & 9.30 a.m. respectively

I think it wd be best for me to take the
day train, to catch wh. I shd have to take
the 9 o'cl. train from here & I shd go
take the day before you, so that I wd
have that night & the whole of the
next day to rest before you arrived -
The only hotel I know is the Hotel Hof
wh. I think Mr Baedeker & Murray
put just on their list - It was very com-
fortable, but whether any of the others here

a garden I do not know - It has not
been of a one so far as I can remember -
I am perfectly delighted about the two
days, as I had not hoped for more they
me & I think Mamma will like them
very much and there is a pretty drive for each
of the two days if you will care to take
them - As to whether it shall be before
or after Bismuth, you prob. have my letter
before this or rather I suppose it will be
inwarded whenever you receive it -
You know uncertain it is & that I don't
really think it will make much differ-
ence - The chances are I think that it
would be over before the 21st or almost
over & that wd be the earliest day I sh^d
probab^{ly} have to start if you new Paris
J. B. & if you stopped at M^{un}berg it
wd be still later - So let me know &
let me know the time you have will
arrive the time of your leaving - I hardly
dare to dwell on what a pleasure

③ it is my hope, as the stake shd inter-
- here - There is ~~not~~ time for this week
- the mail - but will about it just as
- soon as you can decide, please as
- the 10th is not far off, if it is to be.
- Wm B.

I was anxious to see you & so
- glad you are all right again &
- am so glad also that you had the
- whole two days in Rome - & send our
- regards - Giving love to Annie.
- Lovingly yours,
- May G.
