

101, WEST MONUMENT STREET,

Dec. 21st/92

Dearest Annie

It was nice to get
your repentant note, but I did
not find my hostess ungenial —
As you know, it has troubled me
but I feel more hopeful than you
do as to the near future —

I am really trying to be as careful
as possible, to answer your
request, & I hope I shall not
destroy your confidence in me
in the future — K. & I asked
one or two if he might stay
until the Saturday after next

Year, so apparent he is enjoy-
ing himself - To day I sent
them over to Mr. M's to lunch
had Mrs. Bonaparte tête-à-
tête - I'm remember I told you
she was to come whenever I
wanted her after they arrived
in Dec. 18th - so that the invita-
tion was late - I gave it a the deuce
Laise tête to Mrs. right
To-morrow night I have a dinner
of ten - all to admire the
amateur performance at
the Lyceum afterwards, but
I took the precaution to ask Bertha
Mr. Smith, so that if you should
come on, I'd let her wait until
then & stay at home

The enclosed notes explain they-
 selves all my appointment to ^{work}
 As your father was so anxious
 about it, when I wrote to-night to
 thank him for the acct of wh. I
 send copy of, I told him about
 it - Now I hope there may be a
 chance of having the meet'g called
 on Saturday, in agree with Mamma
 that it was to be with make little
 difference - What sets you -

I am so glad Mamma wrote
 the notes - Now that I have
 the financial statement, I can
 of course fill in the amt's of
 give Mr. G. the signed paper -
 And I am so sorry that Mamma
 should have thought of a moment -

if she did think it, as I heard
fr. the 1st special delivery letter
this afternoon, that it had been
suggested itself to me to do
anything but wait for her father.
It certainly never had, & I
am afraid I must have seemed
unduly impatient - If Mr. Ginn
she will, as I am sure she will,
inquire it —

The 1st spec. del. note came at 5.10
this aft., & the 2^d at 6.05 - very
close together for so & very quick
If Mr. Ginn, should decide to keep
the meeting for Saturday, when can
you come? I will telegraph after
seeing him & then Maime
will come if it seems desirable,

and perhaps you can come
Oh dear, Oh dear, I don't want to see

to 101 WEST MONUMENT STREET,

The boys go out immediately after
dinner Friday night for Alice
prob. comes on Friday till 10 o'clock

As you will probably hear of
your family, I am going to have my
kwas party for them on Monday
night —

And now I must say goodnight
with a goodnight kiss

Loveingly yours,
Mary S.G. —
