The Decemery, Bryn Mawr,
Pa.

My dear,

It is 5 & I have just
drunk a glass of sherry &
eaten 4 biscuit (gluten that
were bought for you - the only
ones in the house) that my
tyrant forces me to drink
twice a day. I have written
Icelandic letters all day
long & again am tired. It
is too bad to give you the
fag end of the day, see I not?
without the excuse of sleeping

(2)

but it is bec. it is a pleasure,
I suppose, that I try to get
all my business letters out of
the way first. Well Father
is not coming I send you his
letter to show you both what
Mr Glenn thinks & how he feels ab
my Trustees. I had already written
him not to come, ^{on Tuesday} How absorbed
he is in that nasty Snoddy!
I have written Uncle James today
a long letter asking him to
be present. As likely as not
he will feel he too is too
fond of me to be present
wh^o womanish reason I must

(3)

foretell And how Dr Rhoads
cares so desperately about it
that I doubt whether he
can say much from his emotion
I do not believe you can realize
how entirely electing me Pres.
& Fuchs will seem to my
Board committing themselves to
ultra wild liberalism but
upon my word what else can
they do. I do not see. They seem
to me up a tree.

I am certainly better
today - my larynx is no
longer uncomfortable &
my throat altho sore is better

(4) Yes up till yesterday my throat
hurt me constantly culminating
in the night and at 4 to 6
in the aft. There is not the
least need for a specialist.

& if there were there is an
excellent one who lives in
B. M. & practices in Phila.
Nor has there been any need
It is my exhaustion

You can take the 10
A.M. train limited arriving
Broad St 12¹⁵ & the 12⁴⁵
for B. M. wh_{ic}h will get
you here for luncheon. This
is the best. the only other is the 11
arriving at 1²⁰ & connecting

(5)
Harrowby Road 2^{1/2}

The Decmery, Bryn Mawr,
with the 1⁴⁵ for B. M. & Pa.
in that case you would have
to lunch on the train - I wonder
if you had better come it
will be so exhausting for you
I cannot tell if just seeing
me so unexpectedly will
be you too. Of course if you
come you must stay that is
all right Mamma knows
I am unky to you ab. it - I
don't know whether I
ought to let you come
for the best thing is to

⑥

get you reeled & if I am up.
I shall not be fit for much,
nor will you - I fully expect to
be new - But next week if you
were treated on Sat. we could
spend Friday Sat & Sunday at
Atlantic, as I am now going to
do all I can to be strong
again & you too, ed not
fail to help - & what was the
no. of that room 227 was it
or 226 - Of ^{course} ~~course~~ if Julia
de Forest wished to come
with you of course she wd
not pled be dely hct

to have her to lunch & I spend ⁽⁷⁾
the night but I forget her ultra
sentimentalism

This is a horrid scrawl
I am so sorry - Do just what
you think ~~on~~ ab. Friday I am
only so afraid of its being you

I am to stay in bed
I believe till Friday luncheon
Dr Gerhard says - No you
certainly cannot come & stay
with me - Paluhem will not
permit that

Goodnight my dear
Thomaul - Be

Careful ~~well~~
