945 P. M. Tuesday

My dear,

Such a day - yesterday  
after seeing David Scull  
& Uncle James - I telegraphed  
you before I saw Uncle James  
who is in complete despair -  
I came out at 6 P. M. & wrote  
you a 8 page letter in the  
B. M. P. O. & enclosed David  
Scull's letter to the Windmire  
I then found your telegram  
saying you would start at  
midnight that night - I had  
alas written you a long  
letter Sunday aft another  
mailed <sup>Tuesday</sup> ~~Sunday~~ morning

②

with enclosures know this  
one - all inflammable  
literature unless you can  
recover them. Please  
try. I had to go over  
at once about my old  
girl - Mrs Geo Haven Putnam  
is a horror she is her  
nursing cousin & had  
set the hall by the  
on edge - among other  
things I got Mrs Kates  
(of New York) resignation  
when I returned waiting  
with yr telegram - then  
today came at 7 30 yr

letter explaining ab Lou  
enclosing a note to Mamma  
wh<sub>o</sub> was very nice except  
the misstatement ab her  
knowing. I never said  
I told her Robt was  
ill if you have my  
letter please look at  
it again - I said Mamma  
said she supposed it  
was Robt & asked  
me if you had told me  
why you were staying  
I said yes but I don't  
say I from that time

(A)

to this she has now asked  
me another question. She  
is far too honourable  
to do so, or even to guess.  
She promised me not  
to tell her family that  
I knew why you broke  
yr dinner engagement.

I am more sorry for  
yr backache than I  
can say but I still  
think if you had  
cared as much as I should  
to keep yr promise to  
me at home you

not not have made  
 such a mystery of what you  
 told Len. I even if you  
 did this at the first moment  
 before <sup>Mary</sup> you had made a  
 fit of it it was clearly  
 not impudent enough for  
 you to write to ask Len  
 & Julia to regard it as  
 absolutely confidential  
 I am sorry, very, I said any  
 thing about it - If it had  
 been possible to write  
 to you without showing  
 that some thing was the

⑥ matter I sd not have  
done so. And of course  
Rob de Forest's note was  
the finishing touch as  
you have probably guessed.  
Sure that letter you have  
not rec'd but it was  
not very bad - & I think  
I said also a great many  
sweet things to make  
up aho. I did not  
think you deserved  
them -

Oh I am so glad  
you were able to  
move Robt - It is  
such a comfort to be

away from Chicago I to <sup>(7)</sup>  
have him at home  
and I wish a comfort  
to have you as near as  
I hope you will not be  
very tired, my darling.  
And I shall feel  
much happier when  
I know you are there  
safe from accidents.

Goodnight - my train  
at 8<sup>15</sup> is called  
I welcome back again  
I wish it were in other  
circumstances
