Dear Mrs. Mary,

I think I can find out  
all ab. Mrs. Jeffery well — she  
was the subject of conversation  
at a ~~ladies~~ women's luncheon in Phila  
last winter & I fancy there was  
something peculiar in her &  
Mrs. Perdleton's relations. Mrs.  
Brown was there & seemed to  
know all ab. it but between  
jokes & innuendoes etc I  
did not understand very well.  
I think it was a respectable  
adopted daughter experiment  
One Jeffery well sister to it

failed in an examination this  
autumn. He is now in the prof. sch.  
in Bryn Mawr expecting to enter  
in Feb. Another is sent by Miss  
Pendleton to our B. M. S. in Balt.  
She will <sup>be</sup> at. her in summer.  
You will of course find out nothing  
at Miss Laffey will from Charlotte  
herself. I will ask Miss Irwin  
why they separated.

I had answers to her adv. sent  
to "A. B. C." Bryn Mawr thinking  
I ed. used them and to forward  
them to you

Why not put it in the Nation?  
In imminence as I  
am preparing for lectures Horace  
Sudder was an auditor yesterday -

Don't make any more of me for sure
