letter I shall be able to write³
you although I may
perhaps find a chance to
send you a short note
first. Can you send me
a Navy Register; I find it
very inconvenient to be
without one.

In telling you about our
entertainment I think I
forgot to say that the Greek
Song as well as the class
Song was written by one of
our girls, Madeline Abbott
from Cambridge Mass who
is one of the pleasantest
girls of our class.

She & Gertrude Taylor, between
them wrote the class song
& Louise Brownell (a New
York girl) & myself arranged
the play, so you see it was
an entertainment really
given by ourselves.

I am going to enclose a note to Maamma but have not time to send her a long letter as I have not yet made up all the sleep lost lately & it is growing late.

Miss Ladd, Gymnasium teacher was very kind to us rehearsing the dance with us for an hour or two a day for six days & letting us do it in our gymnasium suits & count it as Gymnasium work. This we greatly appreciated as we were so busy that it would have been very difficult to accomplish the required amount of exercise otherwise.

Do write to me once before you sail & tell me where to write to you after Dec 1st. With best love

Sue.
