THE NON-TIP HOUSE

Saturday morning

My dearest Marie: My fountain pen has a break in the case which has put it out of commission; hence the pencil. There is really nothing to tell you except that this is an especially lovely day, one of the nicest we have had. We have been playing tennis all the morning & this afternoon are going down to the Big Owl to say good bye to Miss Gambleton. Nathalie's horseback ride was a great success yesterday afternoon but it stiffened her up a bit and she hasn't felt like being very active today. Still she played a set of tennis

and is the better for it.

It is very good that these last days here are coming out so satisfactorily. When Tuesday arrives I think we shall be ready to turn our faces homeward however.

Always your devoted

Frederick

How very nice that Mary Strong turned up just as you needed her for your bridge. I did not think she expected to return so soon.
