

WOMAN'S CLUB OPENS NEW LOUNGE

Two Hundred Women of Borough Attend Tea in New Social Room

ATTRACTIVELY FURNISHED

The new lounge on the first floor of the Swarthmore Woman's Clubhouse was officially opened Tuesday afternoon when nearly 200 women of Swarthmore and their guests inspected the furnishings and improvements made during the past summer. The occasion also marked the beginning of the 1932-33 program of the club.

The entire first floor of the building has been utilized for the new room, and the improvement meets a need which has existed since the completion of the building. In this new room, small committee meetings may be held, as well as social affairs and a variety of meetings for which the auditorium has not been entirely suitable. The lounge will also be a great convenience for use during dances and its attractive furnishings create cheerful, restful atmosphere which will be of great benefit to the social activities of the Woman's club and other organizations using the building.

Curtains of theatrical gauze have been hung at the windows, the floors are painted a dark green and have been waxed, sets of bamboo furniture of colonial design have been artistically placed about the room, and black and brown rugs prove attractive floor coverings. The room furnishings also include tables, a lovely old Dutch settle painted black, and cushions of bright chintz. Lamp shades done in pastel colors by Mrs. Charles D. Mitchell also add to the charm of the setting. Two dressing rooms open from the main room and are done in a flattering shade of old rose.

The work in the room has gone on during the summer under the direction of Mrs. Charles D. Mitchell, Mrs. William Earle Kistler, Miss Mildred Simpkins, Mrs. Jesse H. Holmes, and Mrs. J. Horace Walter.

CENTURY CLUB OF CHESTER NEEDS HELP

The Century Club of Chester, of which Mrs. Samuel C. Hanna of Swarthmore is the president, is devoting much of its time and energy to welfare work. The Chester Relief and Family Welfare Society has made the club a headquarters for relief work.

Since there is no appropriation for maintaining a clerical force, Mrs. Hanna urges any Swarthmore women who feel that they can give a day or even a half a day each week to the extremely important work of making out food orders to get in touch with her immediately. (Telephone: Swarthmore 686).

The Chester Society has been allotted one thousand yards of goods by the Red Cross, and the Chester women are busy making garments for the needy. In this work, too, they would appreciate any help which the Swarthmore women can give them.

HONORS WORK AT COLLEGE TO BEGIN

The formal opening of honors work for the year will take place in the Friends' Meeting House this afternoon at 3:00 p. m. Dean Brewster will speak. Honors students and members of the instructing staff who give honors instruction are expected to attend, and other members of the College who are interested are most cordially invited.

Honors instructors are requested to meet students in Whittier House, immediately following the address, for the final arrangement of seminars. Students should complete their registration at this time and secure on their Blue Card the signature of the Chairman of their major department and of their honors division.

Two lectures, designed primarily for junior students, but open to all students, will be given by Professor Brand Blanshard on the following dates:

1. "Nature of Honors Study," Tuesday, October 11, at 11:20 a. m.
2. "How to Write an Honors Paper," Thursday, October 13, 11:20 a. m.

Jane Addams of settlement work fame in Chicago will be the principal speaker at Founders' Day program at the College Oct. 22. The theme of the program will be keeping with the 250th Anniversary of the landing of William Penn. A pageant will be presented by the students.

Final Date for Payment of School Taxes Extended to Nov. 30

Taxpayers of Swarthmore who failed to pay their taxes by last Friday night, September 30, will be more than pleased to hear that they will not be fined five per cent. for paying school taxes later than that date. At a special meeting of the School Board held last Thursday evening, correspondence from Harrisburg told of the bill signed by the Governor August 27, providing that no fine be charged those who paid school taxes before December 1 instead of October 1 as formerly.

The original purpose of last Thursday night's meeting was to pass a resolution providing that school taxes might be paid in installments. However when it was learned that no fine would be added until after Dec. 1, it was decided to postpone until a later date any action as to payment of school taxes by installments.

However, it is possible that the installment plan may be put into effect after Dec. 1. This plan provides payment of school taxes in four or six installments. Payment of the first installment is accepted as evidence that the person intends to make the other payments. If he fails to make the second payment on time he is fined five per cent and if he fails to make half of the number of payments on time, eight per cent is added to his school tax bill.

The Board also announced that all penalties on unpaid taxes of previous years would be abated if the taxes were paid in full by Dec. 1. This bill passed by the Legislature at the last session is proving a great inducement to late taxpayers to pay their bills in full.

To Tuesday night, \$72,000 had been received in school taxes by Tax Collector Clara L. Taylor. This figure is slightly below last year at the same time.

TURTLE RETURNED TO CRUM CREEK

Swarthmore's famous snapping turtle caught by Roy W. Delaplaine in Crum Creek this summer, protected from the soup pot by Roy P. Lingle, scorned by Dr. William T. Ellis, admired by half the youngsters in Swarthmore, has finally been given its freedom once more.

In deciding what should be done with the 25 pound snapper, one of the largest ever caught in the local creek, Mr. Lingle was most persistent and was responsible for its release last week. From the very first, Mr. Lingle, who harbored the monster in his back yard, maintained that it deserved a better end than supplying soup to the residents of Cornell avenue.

Mr. Delaplaine says that making the turtle into soup was more humanitarian than returning it to the murky waters of Crum creek but he finally agreed to give the turtle one more chance. If he again gets onto the hook end of Mr. Delaplaine's line, Cornell avenue shall have soup, notwithstanding Mr. Lingle's love of nature and things that crawl.

News articles about the turtle have appeared in newspapers as far north as Canada and as far south as Florida since it was first described in *The Swarthmorean*.

DISCUSSION GROUPS CHANGE TO SUNDAYS

The Discussion groups which have met every Monday evening during the past summer at the home of Dr. and Mrs. Jesse H. Holmes will be continued this winter. However, in order to take care of the continually growing audiences, the meetings will be held on Sunday evenings at Whittier House beginning promptly at 8 o'clock.

At this Sunday evening's meeting, Dr. R. C. Brooks, head of the Political Science Department at the College, will speak on "Russia," after which there will be a general discussion. The public is invited.

Next week Mary Windsor of Haverford will speak.

Last Monday evening Professor Clair Wilcox spoke upon the "Concentration of Power."

JUNIOR ASSEMBLY PLANS DANCING CLASSES

Wednesday evening there was a general meeting of mothers interested in the Junior Assembly. Instead of one chairman this year it was decided to have several. Mrs. T. E. Hessenbruch, Mrs. Harold Griffin, Mrs. Leroy Mercer, Mrs. Alfred Gary White, Mrs. Arthur Mitchell and Mrs. E. O. Lange are the chairmen who have been selected.

The Junior Assembly is a group of young people from 8 to 18 years of age interested in dancing. Classes will start on November 5 under the direction of Miss Edith McCrea. It is expected that the arrangement of four groups will be the same as last year and it is announced that prices for the series will be lowered.

Given Lehigh Honor

Gellert Spencer Alleman, alumnus of Swarthmore High School, has been awarded Sophomore Honors by the faculty of Lehigh University on the basis of his excellent scholastic record during the year 1931-32, according to a communication received yesterday by Frank R. Morey supervising principal of Swarthmore schools.

PLAYERS' CLUB PREPARES FOR OPENING PROGRAM

The progress made by the Players' Club of Swarthmore has become known to many Little Theatre groups throughout the country, Charles D. Mitchell, president of the organization stated in a letter to the membership Monday when he announced the ambitious eight-play program scheduled for the coming season.

When questioned, Mr. Mitchell said that within the past week he met a man in New York City who follows the doings of the Players' Club with great interest. In fact, his own Little Theatre group finds the local club's work a stimulant. Other members report similar reactions.

"This, of course," continued Mr. Mitchell, "is most gratifying, and challenges us on to a full measure of our capabilities."

The Players' season opens the first week of November with a revival, "The Thirteenth Chair", and will be directed by Roland G. E. Ullman.

CLASSES RESUMED IN ALL GRADES

All classes in the Swarthmore Public schools are scheduled to be in operation this Monday. The three primary grades and the kindergarten classes will attend for the first time Monday morning. The grades above the sixth began last Monday and the fourth, fifth and sixth grades began on Wednesday. The original opening date of the schools was just one month ago. Postponement was decided upon following the recommendation of Dr. Franklin S. Gillespie, head of the Board of Health, on account of the prevalence of infantile paralysis in Philadelphia and vicinity. No cases appeared in Swarthmore, however.

The three primary classes will report at 8:30 Monday morning and the kindergarten at 8:45.

The first fall meeting of the Men's Bible class of the Presbyterian Church will be held this Sunday. Dr. William T. Ellis will teach the class again this winter and the theme of the first three months' will be "Seeing These Times in the Light of the Bible."

Republican Trend In This County Gaining Ground Leaders Report

Prospects that Delaware County will give President Hoover one of the largest Republican majorities on November 8, of any county in Pennsylvania have gained steadily during the past week with meetings of the sectional Republican executive committees in the Radnor-Haverford Township sections Monday night, the Lansdowne section Tuesday night, the Chester pike district Wednesday night, and the Chester City district Thursday night. Monday evening the Media district will meet at the Armory.

Political leaders in the county are still talking about the unprecedented attendance and enthusiasm at the meeting of County Committeemen and Women held last Wednesday at the Armory in Media. Attendance was without exception the largest at any Committee meeting in the recollection of those present. This is indicated to

mean that the precinct workers are ready and anxious to repeat their usual performance of bringing in a record majority for the Republican presidential nominee.

"The barometer of party loyalty and confidence in President Hoover, has made a tremendous jump in this county since the meeting of the County Committeemen and Women last Wednesday," declared C. Edwin Hunter, chairman of the County committee yesterday in an expression of pleasure at the progress being made.

"The bold unsupported assertions and the vague and indefinite promises being made by the Democratic presidential nominee are developing a fighting spirit among good Republicans everywhere. They are rallying to the support of President Hoover and are ready to take a militant stand in defense of

PUBLIC LIBRARY GROWS STEADILY

Evidently the depression has given more people time to read for the records of the Swarthmore Public Library show that more books are continually being used. At the Fall meeting of the Library Board held on Monday evening the high spots in the Librarian's report were as follows:

Circulation: Adult department—June, 983 books; July, 1118 books; Aug., 1227 books; and in September to Sept. 24, 950 books, or a total of 3328 books. Comparison with the same months of last year shows an increase of 623 books borrowed.

In the Juvenile department, 1130 books were loaned in the same summer period this year and 1021 last summer. The number of readers' cards in circulation at the present time are 832 and 499 juvenile, or a total of 1331 cards. H. S. ELEVEN OPENS SEASON WITH MEDIA

With only two players on the team who were among the first twenty-five men on last year's squad, Coach Ziegenfus' football team goes into action against Media this afternoon under a terrific handicap. The worst blow that the high school eleven has suffered came during the past week when physicians announced that Captain Hoadley would be unable to play in the Media game on account of a bad knee.

The line-up for Media's game to be played at Media at 3:15 will probably be as follows: Wagner and Powell, ends; Craemer and Feakins, tackles; Blaisdell and Brownell, guards; Dingle, center; Madison, quarterback; Maddox, and Whitaker, halfbacks; and Jack Taylor fullback.

Two Unusual
RENTAL OPPORTUNITIES
in Swarthmore

WE ARE OFFERING FOR RENT Mrs. Henry C. Marshall's house on South Chester Road near the Sprout Bridge. The house is completely furnished; has six bedrooms, bath, hot water heat, beautiful shrubbery, kitchen garden, and garage for two cars. The house may be rented for a period of 1 or 1 1/2 years and the rental is much lower than it ought to be, but the owner is desirous of securing a satisfactory occupant during her absence. We can show the house at any time by appointment. The view from every part of the house is beautiful, and the rental is so low that it is entirely out of proportion. There is a one story bungalow on the property containing three bedrooms, living room, dining room, kitchen, and bath, with pipeless heater, which we are offering at \$25.00 per month. This bungalow includes use of two car spaces in the barn.

WE ARE ALSO OFFERING the W. Findlay Downs house on the north side of Oden Avenue, the third house eastwardly from Swarthmore Avenue in Swarthmore. This is an unusually attractive and desirable home. The first floor has an entrance hall, sun room, music room, living room, dining room, and kitchen, with fireplaces in living room and sun room. The second floor contains five bedrooms and two baths in addition to one servant's room and bath. A two car detached garage is part of the property. There is a brook and water dam on the easterly side of the house. Possession may be had after October 15. The rental? It is actually too low to advertise, but we are desirous of having the house occupied, and are offering this opportunity for complete home enjoyment for someone at a very low rental.

The fifteen boys in this group are: Albert Thatcher, Bud Mercer, John Miller, Bob Shaw, Ted Hannum, Billy Paterson, Geoffrey Dolman, Walter Scott, Preston Buckman, David Anderson, Louis DeLoeff, Victor Troxell, Chas. Parker, John Robinson, James Jackson and Billy Bullock.

The second group is to be made up of all boys who have graduated or will graduate from Swarthmore Cubbing during the second year. The members of this group are: Bob White, George Collins, John Richards, Phil Witham, Thomas Littlefield, Robert Spencer, John Craemer.

The third group (over fifty) will be made up of all registered Cubs who are nine years of age or more and including those who will not be twelve before Jan. 1, 1933. The new boys of cub age (9-12) who have moved into Swarthmore this summer and any boys who have become nine since last May will constitute the fourth group.

The first two groups will report this year only at this first rally in order to participate in certain ceremonies which are to be photographed Friday with the movie camera. This is to be done so as to begin a permanent record in this form of all who have done and will do cubbing in the Swarthmore Pack. All graduate Cubs who have become Scouts will appear on Friday in their scout uniforms. The group last mentioned above will register this week as candidates to become "Bobcats" at the second meeting of the pack on Friday, October 14.

The third year of Cubbing with the Swarthmore Pack, which is one of the largest in the United States, says Mr. Terman, is to far excel that of the first and second years.

Three new men have joined the pack as associate cubmasters. These are Eliot Richardson, Oscar Nelson and Peter Told. The first two of these men took the course for cubmasters given at the Scouters' "pow-wow" at the Delmont Boy Scout Camp last week-end. The membership of the Pack Committee is also being strengthened with the additional services of Prof. Scott Lilly and Dr. Franklin Gillespie this year.

New and additional Scouts are also adding strength to the Cub activities this year. Ted Cook will take the place of

MUSIC AND DRAMA CLUB BEGINS WORK

The Music and Drama Club of Delaware County announces the opening of its sixth season in October. An attractive schedule of musical and dramatic productions has been arranged and a busy and enjoyable winter is in prospect for its members.

On Wednesday evening, October 12, the Choral Section will meet for reorganization and the reception of new members, at Room 410 Media-60th Street Trust Co., 6008 Market Street, Upper Darby. Singers who desire to join the opera company will be welcomed at that time.

The Dramatic Section will assemble at the residence of the director, Mr. Chas. F. Kennedy, 610 Shadeland Avenue, Drexel Hill, on Thursday evening, October 6. Those who are interested in dramatic work are invited to attend the meeting. Four plays are planned, including Ibsen's well known drama, Hedda Gabler, and the "Patsy" which will be repeated in response to many requests.

The Choral Section will begin rehearsing The Chimes of Normandy for production in January. As it is many years since this delightful old opera has been heard in the vicinity of Philadelphia, considerable interest will undoubtedly be manifested in its presentation this winter in Upper Darby. The opera will be staged in the excellent professional style for which the performances of The Music and Drama Club are justly famous. The dancing group and the orchestra will be reorganized at a later date.

An invitation to join the club, as Active or Associate members, is extended to lovers of music and the drama. Associate members have free admission to all performances. Alfred H. Gonzalez, 224 Powell Road, Springfield, is the Secretary.

LEGION AUXILIARY HOLDS FIRST MEETING

The first meeting of the year of the Ladies Auxiliary of the Swarthmore Post of the American Legion was held recently at the residence of Mrs. C. A. Dravo. Plans were formulated for caring for the needy families in the Swarthmore welfare district.

Mrs. Paul Brown, the secretary, informally submitted a resume of the work done by the Ladies Auxiliary last year which included the care of five families of veterans in each of which there were children from 1 to 12 years of age. Food for each of these families was provided weekly, and to one family in addition a daily delivery of milk for the infant was provided. Coal was furnished when needed and the rent for one family paid in order to prevent their ejection.

In addition to this work, in excess of one hundred garments were collected and mended to put them in usable condition for distribution by those in charge of the welfare in the Swarthmore district. Funds were provided for the repair of shoes, and numbers of dresses in sizes from 6 to 12 were made by the ladies of the Auxiliary.

For the benefit of the veterans' families above mentioned \$469.13 was expended. In addition to this money was provided for an entertainment at the Grays Ferry Hospital, for distribution of Christmas baskets, and for the necessary expenses involved in repairing shoes and making dresses.

Last Monday afternoon a bridge party was held by the Auxiliary at the home of Mrs. J. Paul Brown on Walnut lane.

The paralysis has lasted for a long time and many a youngster has missed some of the best pictures but better ones are here now. The Waverly Theatre, the Lansdowne Theatre and the Manor Theatre are planning parties for the children and all of the theatres are giving extra long shows on Saturday's matinee starting earlier than usual and running extra pictures. Several theatres are giving candy to the children at the Saturday matinee and one theatre is even giving pony rides next to the theatre.

Mr. Alfred E. Gray, of the Philadelphia Zoological Society suggested to Mr. Harlan Taylor, Manager of the Media Theatre that it would be a good advertising stunt to exhibit a python snake in the lobby of the theatre, to arouse interest in "Congorilla" playing there next Wednesday and Thursday.

Mr. Taylor said, "I have had considerable experience with animals in the lobby of the theatre, especially Japanese Beelies both dead and alive and I have placed a 99 year ban on any or all animals from entering or staying in the lobby of this theatre. However, if I can

find a suitable place near the theatre and can make arrangements I hope to be able to display the huge 22 foot python Snake of the Philadelphia Zoological Gardens; the one that recently ate his partner."

PARENTS MEET NEW TEACHERS

Home and School Association Hears School Program Outlined by Mr. Morey

ART TEACHER SPEAKS

In spite of the delayed opening of the public schools, the Swarthmore Home and School Association began its program with the usual meeting in October. Dr. Frank Williams, newly elected president, pointed out how necessary it was that education should be carried on in the home after the children left school each day, and urged that the Home and School Association direct as much of the attention during the year to child problems out of school as to those within school hours.

Miss Claudia Hancock, art director of the schools, talked on "Picture Appreciation," and described the tying together of the various studies from the kindergarten through all grades so as to bring to the pupil as he studies the people of a country, its history and geography, its music and art.

Miss Hanna Kirk talked of the "World History Course." The meeting then became a reception to the teachers. The transformation of the movement had been inaugurated, to enable believers in Prohibition to formulate and broadcast their position.

First of the public meetings to be held by this group, which is led by Guy W. Davis, T. Earle Palmer and Oakley H. Van Alen, is announced for the evening of October 18, in the First Presbyterian Church of Media.

In addition to the churches and temperance organizations, the Men's Bible Classes and the young people's societies of the county will participate.

FIRST STATED MEETING OF WOMAN'S CLUB

Tuesday afternoon at 2:30 Mrs. William East Kistler will call members of the Woman's Club together for the first stated meeting of the new season. After business matters are transacted, the program will be turned over to Mrs. Robert L. Coates, Chairman of Current Events, at which time she will introduce Dr. D. M. Melchior, Principal of the High School and head of the History Department of Girard College, who will discuss "Events of the Day," to be followed by an open forum. Tea will be served. Mrs. Coates and Mrs. Edward A. Jenkins will be the hostesses for the afternoon.

Literature Section

The Literature Section will have its regular meeting on Thursday morning at 10 o'clock. The subject will be "Edna St. Vincent Millay" and Mrs. Philip O. Davis will have charge of the program and Mrs. Davis rounded with Miss Millay at college, a personal touch will be added to the program.

Woman's Guild

The Woman's Guild of the Trinity Church will give a dinner on Thursday, October 20th, from 5:30 to 7 P. M. in the church building, College avenue and North Chester Road.

Men to Give Dinner

The men of the Swarthmore Methodist Church are to give a dinner in the Social Hall of the church on Thursday evening, October 27, from 5:30 to 8:30. This dinner is under the direct supervision of the men assisted by a competent dietitian and an expert chef.

Honored by Class

George W. Hassel, colored, of Yale avenue, an employee at the Strath Haven Inn for a number of years, died last Saturday. Funeral services were held at the Wesley A. M. E. Church. Burial was at Plymouth, North Carolina. Besides his wife he is survived by a daughter, Mahel Black and three sons, George, Shirley and Archie.

Library Tax Is Only Local Question Before Voters Nov. 8

Board Hopes to See Defeat of Proposal to Reduce Tax from One-half to One-quarter Mill

The only purely local question before the voters of Swarthmore on November 8 will be: whether or not the present Library tax of one-half mill shall be reduced to one-quarter mill. This question was placed on the ballot by resolution of the Board of Directors of the Public Library.

Roland L. Eaton, president of the Library Board, stated this week that the Board's attitude toward the proposal would be explained in a statement to be made public before Nov. 8. "While it is true that the Board did not oppose granting the people an opportunity to vote on the question of lowering the present library tax, we hope that the measure will be defeated and the half-mill tax allowed to remain as it is," Mr. Eaton declared.

In a detailed statement to be made within the next few weeks the Board will show that the proposed reduction of the tax would result in a loss of \$100,000 to the library, which would have to be made up by the taxpayers of the community who would not be benefited by the reduction.

COUNTY "DRYS" ENTER POLITICAL CAMPAIGN

Delaware County "Drys" are not inactive in the present campaign. In addition to the steady emphasis upon Prohibition in the pulpits of the churches, a large number of public meetings have been inaugurated, to enable believers in Prohibition to formulate and broadcast their position.

First of the public meetings to be held by this group, which is led by Guy W. Davis, T. Earle Palmer and Oakley H. Van Alen, is announced for the evening of October 18, in the First Presbyterian Church of Media.

HOOPER MEETING AT STRATH HAVEN TUESDAY

Swarthmore members of the "Vote for Hoover Club" and other Republican workers of this community will meet at the Strath Haven Inn Tuesday evening at 8 o'clock to make plans for giving President Hoover a substantial majority in Swarthmore at the General Election.

PEACE SPEAKER HERE FOR SUNDAY MEETINGS

The Morning Forum, which is held in the Swarthmore Friends Meeting House each Sunday morning at 9:45, is to be addressed on October 16th by Paul Harris, Jr., of the National Council for the Prevention of War. His subject will be "The Outlook for Peace Today and Specific Ways of Improving It." Mr. Harris will speak also at four o'clock in Whittier House on "New Plans for Political Action Inaugurated by the Peace Movement." All are cordially invited to these meetings.

College Straw Vote

A presidential straw vote will be taken at the College by the *Phoenix* aided by the department of Philosophy. Tentative plans call for the balloting to take place Wednesday morning Oct. 26. The student Socialist group got underway yesterday when a meeting was held in the evening to form a "Thomas-for-President Club." for the contribution. Some of the children took their contributions to the afternoon session.

The plan was suggested at the Monday meeting of the Home and School Association by Dr. Frank Williams, president.

Dr. Bassett said in giving the approval of the board to the idea, "I know of no more appropriate plan than to let the school children have a hand in saving the institution which has meant so much to them."

Mrs. Brown pointed out that school children had contributed their pennies towards the preservation of the Betsy Ross House and to the rebuilding of the frigate Constitution.

Correspondence

Editor Swarthmorean, Dear Sir:

It was with keen interest that I read the contribution of my friend Clayton Walton to "Little Plymouth." The pickings in the real estate business at present are so few and far between that twenty-five dollars "on the side" is "some money."

However, I put it up to you in all candor and earnestness—is it right and proper for an esteemed member of the Society of Friends to flaunt his law-breaking in the face of the public? Fifty miles an hour in the great open spaces of the Delaware peninsula or the Black Horse Pike of Jersey may be permissible, but even then it exceeds the limit—but there are no mountains in South Jersey or on the Eastern Shore, so this infraction by our gentle poet must have been in the Keystone State, for "Climbs the mountains without a stop, fifty an hour as we cross the top."

No sir! "flaming youth" has little on Clayton as a speedster, and we congratulate friends of his are shocked and surprised.

Sincerely yours, Isaac C. Youniss.

Where Do the People of Swarthmore Buy Their Fuel?

Answer—From the dealer who combines prompt, attentive service with high grade merchandise.

On the assumption that this is the correct answer, the Diamond Ice & Fuel Co. is making a special effort to sell their products in Swarthmore.

We feel confident that we can gain customers in Swarthmore because our aim is not to sell coal alone, but to sell units of heat in whatever form you can use most economically in your individual home.

Therefore we especially recommend to the people of Swarthmore, two of our most popular fuel products: PETROLEUM COKE FUEL OIL

We are one of the largest distributors of "Sincilar" Petroleum Coke in this section of the country. This fuel

needs little attention, gives off a tremendous amount of heat, and creates neither soot nor cinders. Our representative will gladly call and explain the merits.

As for fuel oil, we maintain our own laboratories where all oil sold is tested. This means that our oil is uniform, having been tested first by the refinery from whom we buy, and tested again by ourselves. Diamond Fuel Oil Service offers you a dependable supply of oil within easy reach of your home. Let our representative call and discuss your needs for the winter

CITIZENS PLEDGE HOOPER SUPPORT

All Groups To Work Together For Success of Entire Republican Ticket ORGANIZE HOOPER CLUBS The campaign for a record vote in Swarthmore in the election of November 2nd, 1932, is being conducted by the Citizens Pledge Committee. The committee is composed of citizens of this community who are calling for workers and met at the Strath Haven Inn to pledge their support to the Hoover cause. Martin B. Young and Charles Parker, loyal Republicans for many a year, proclaimed the gathering the most enthusiastic and worthwhile political meeting held in Swarthmore in the past twenty-five years.

Although the main speaker of the evening was C. Edwin Hunter, chairman of the Delaware County Republican Committee, the members of the audience almost stole the show in their enthusiastic impromptu remarks in behalf of President Hoover's re-election.

A high-light in the evening's program, equaling the recent reconciliation of Al Smith and Franklin Roosevelt at Albany was the "love-feast" staged by Mrs. Edwin A. Yarnall, long a leader of the Independent Republican faction in Swarthmore, and R. Chester Spencer, one of the leaders of the Regular Republican organization here.

Mrs. Yarnall and Mr. Spencer shook hands at the front of the room while the audience applauded and cheered. "This is no time to fight about little grievances," declared Mrs. Yarnall. "Herbert Hoover must have a 100 per cent vote from Swarthmore. Anything less will be a serious reflection upon the thinking people of this community."

Mrs. J. Passmore Cheney, president of the Swarthmore County League of Women Voters, also declared that this was no time for Independent Republicans and Regular Republicans in Swarthmore to quarrel.

"I am an Independent Republican and proud of it," declared Mrs. Cheney. "But this year I expect to vote the straight Republican ticket from top to bottom. Putting in Herbert Hoover back in the White House is only half of our work. We must give him Republican Congressmen and Senators and a Republican Senate and Legislature at Harrisburg."

Mr. Spencer said that Swarthmore must not lag behind in the rapidly growing support of President Hoover. "Right now I hear business men, bankers and industrial leaders prophesying that if Roosevelt is elected big business in general will perse a policy of watchful waiting until the new administration is settled and has proven itself."

"This lack of confidence in the Democratic nominee is the very thing which would make it disastrous to change administration. The best part of the next two years must be spent in changing the personnel of the administration from cabinet officers and foreign ambassadors down to thousands of clerks. While this was in progress and Roosevelt submerged in trying to please the men like MacAdoo, Hearst, Norris, and Huey Long, who are his chief allies, business would strike depths which have not been dreamed of under the Hoover administration."

"An intelligent person need only listen to the campaign addresses of President Hoover and Roosevelt to be convinced of the need to re-elect the former. Roosevelt's policy is to speak in general terms of his plans and devote most of his time to attacking the Administration. Any jackass can do that."

Leonard C. Ashton said that people who had followed the events of the past four years closely, and business men who were in contact with national problems and forces, could not but have a tremendous amount of confidence in Hoover.

On the evening of the 21st of the month, the Women's All-Party Hoover for President Committee, Mrs. Joseph Gatz, Chairman, invites all women working in the interests of the election of Herbert Hoover to a rally to be held at the Drake Hotel, 1512 Spruce St., on Thursday afternoon, Oct. 27, from 4 to 5 o'clock. Mrs. Patrick Hurley will be the guest of honor, and other distinguished guests from New York and Washington are expected to be present.

Mrs. Patrick Hurley will be the guest of honor, and other distinguished guests from New York and Washington are expected to be present.

Pledge Hoover Support

 endous admiration for the initiative and good judgment of Herbert Hoover.
 "It is impossible to understand how people who are governed by their mind instead of their emotions can hesitate to choose between Mr. Hoover and the 'Pollyanna' from New York State."
 Mrs. Elmer E. Melick, one of the county's most prominent club women and president of the County Federation of Women's Clubs pledged her support to Hoover and said that the election of anyone else was unthinkable.

for Roosevelt.
 Before the meeting adjourned, plans were made to organize Vote-for-Hoover clubs in each precinct in the borough. One of these clubs has already been formed in the Eastern precinct and more than one-third of the voters in that district have signed a roll call that they will vote for Hoover on November 8.
 John E. Gensmer is president of the club in this precinct and said that the workers would keep on calling at the homes of the voters until they had done everything possible to sign up every voter for Hoover.

TREE COMMITTEE URGES FALL PLANTING

The next two weeks will mark the height of the season for fall planting of shrubs and trees, reminds Edwood B. Chapman, chairman of the Tree Committee of Swarthmore. A few weeks ago folders were sent out to every property owner in Swarthmore. Many personal notations from the Tree Committee recommending the need of additional trees in front of that particular property.
 "We hope that the next two weeks will show results," Mr. Chapman declared yesterday. "Trees planted along the curbsides this fall will have their roots firmly established by spring and next summer will make a good growth."
 Mr. Chapman also emphasized the low prices which prevail at nurseries at the present time and said that trees and shrubs would probably never be any cheaper.

At a recent meeting of the Tree committee, Mr. Chapman called the attention of members of the committee to the planting arrangements at street intersections in certain towns along the Maine Line.
 "These residents have run their hedges and shrubbery across the corners of their property instead of all the way out to the tip of the corner thus obstructing the view of motorists," declared Mr. Chapman. "The hedge is carried along the property to within about fifteen feet of the corner and then cut across diagonally. Anyone taking a drive in the vicinity of Villanova can notice what an advantage this is to motorists approaching intersections."
 "We have many instances where this plan might be followed in Swarthmore and hope that corner property owners will follow the example."
 The Friends Social Service Fair will be held Thursday afternoon and evening, November 3 at Whittier House on the College Campus. Quilts, jellies, pickles, fancy work, cake and candy will be for sale and supper will be served in the evening.
 Thursday of next week the dinner scheduled for that time by the men of the Methodist Church will be held. A good meal will be provided from 5:30 to 7:30.
 Dr. Walthar Kolbe of Vienna, news correspondent for several large European Daily papers was the guest of Dr. and Mrs. Frank E. Williams of Amherst avenue over the week-end. Dr. Kolbe is in this country to visit German exchange students and professors.

Let the Republican Party Lead Delaware County and its wage-earners back to Prosperity

The depression has safely turned the corner. Don't be misled by Democratic promises. Don't permit the events of the past two years to overshadow the years of progress and plenty which Delaware County has enjoyed under National, State, and County Republican leadership!

Keep a REPUBLICAN President in the White House—
 Send a REPUBLICAN Senator and Congressman back to Washington—

Return a REPUBLICAN Senator and Representatives to Harrisburg—

And the program of Economic Recovery begun by President Hoover will bring Delaware County the greatest prosperity it has ever known.

The industrial leaders of Delaware County have faith in the Republican party. These leaders impatiently await the assurance that President Hoover will be in the White House for another four years before putting all their resources to work.

A REPUBLICAN victory will mean that hundreds of unemployed in this county and throughout the country will be called back to work—not necessarily on the basis of orders received but on the basis of CONFIDENCE IN THE FUTURE.

Industry at top speed in Delaware County again means homes occupied, new homes built, stores busy, banks growing, and work in every field of activity.

The election of a DEMOCRATIC president would mean that practically every industry in Delaware County would slow down its operation and retire to a policy of watchful waiting which would undo everything already begun by President Hoover and delay normal recovery for an indefinite period of time.

It's a Six

Persistent rumors that a new Plymouth car shortly to be announced would be a six cylinder automobile of lower price than that of current Plymouth models, was confirmed here today by C. E. Hannum of Hannum & Waite.

Although no definite announcement date was named, Mr. Hannum stated that the new cars would make their appearance here within a few weeks.

"The new Plymouth Six," said Mr. Hannum, "is the product of a new era of automobile manufacture. The recent economic stress has stimulated the progress of automotive design far ahead of the amount of advance usually achieved in any three year period. Machine tool manufacturers have volunteered more new designs recently than usual. Machine tool design has kept pace with the demand for finer but more economical manufacturing methods. Intricate machines that operate to almost unbelievable dimensions are now available. Amplifying gauges that literally split hairs not once but many times, are a part of the general production scheme.

"Thus the engineering laboratory model may be reproduced in the commercial product with absolute accuracy. The Plymouth Six is a product of these new conditions. Only these recent developments permit the production of a car of so low a price and the quality of past Plymouths with many new features. The mammoth Plymouth plant in Detroit has been completely re-tooled. Millions of dollars have been spent for new machinery."

At the request of factory officials, the local dealer is not yet announcing the specific features of this new Plymouth. However, he stated the new Plymouth Six is a full-size, full-trad car and it retains the features which distinguished its predecessor—namely, Floating Power, automatic clutch, Free Wheeling, easy-shift silent second transmission, all-steel body, rigid-X frame and a six-cylinder engine of Chrysler Motors' exclusive design and build.

"The new Plymouth Six," said Mr. Hannum, "is, moreover, a beautiful car, skillfully designed to combine the most popular beauty and style elements found ordinarily only in cars of a much higher price range.

"We have not been informed as yet of the exact price of this new motor car," he said, "but we know that it will bear the lowest price ever placed on a Chrysler Motors' product."

3-PARTY RALLY ATTRACTS MANY

County League of Women Voters Sponsors Educational Political Rally

SOCIALIST WELL RECEIVED

The Swarthmore Woman's Clubhouse was crowded to capacity last Friday night for the three-party rally sponsored by the Delaware County League of Women Voters. The Republican party was represented by Franklin Spencer Edmonds, a Philadelphia attorney. Dr. Jesse H. Holmes spoke in behalf of the Socialist cause, and the Democrats were represented by Robert C. Kitchen, member of the Philadelphia bar.

What little clash of opinion took place consisted largely of the Republican speaker's opposition to statements of the Socialist and Democratic speakers. Mr. Kitchen, speaking for the Democrats urged the election of Roosevelt because the Democratic party is more socialistic than the Republican party.

Dr. Holmes found many socialist sympathizers in the audience, although the amount of applause showed that Hoover followers were in the majority. The biggest laugh of the evening came during Mr. Edmond's rebuttal speech. Dr. Holmes had just finished condemning the Delaware County Republican organization, mentioning in particular Senator McClure and Representative Turner, two nominees for reelection.

Said Mr. Edmonds:

"Not many in the audience know that Dr. Holmes and I were both teachers at Swarthmore College when Senator McClure and Representative Turner were students there. I taught them law and I'm satisfied with the results. Dr. Holmes taught them ethics."

Considerable disappointment was expressed after the meeting that no questions were asked from the audience. This was no fault of the chairman, Mrs. J. Passmore Cheyney, however, who asked several times for comments or questions from the floor following the last rebuttal address.

FRIENDLY CIRCLE HOLDS MEETING

The September meeting of the Friendly Circle was held at the home of Mrs. Harvey R. Pierce on Princeton ave. following a box luncheon. Many of the members had continued their sewing during the summer, completing among other things twenty-six dresses and eighteen pair of shorts in time for children who needed them in order to be presentable to attend school.

Forty-two dresses and slips were distributed by Mrs. Seal and Mrs. Moore at this meeting, cut and ready for sewing.

Mrs. Wm. Moore and Mrs. Ewing were the hostesses on the twentieth of October at the home of the latter. Mrs. Moore reported turning over twelve more dresses to the Health Center for distribution and gave out more garments to be completed.

Besides the sewing, the Friendly Circle has been privileged to give aid in the form of stockings, socks, glasses for school children, paying electric bills and supplying milk, food and clothing. Some of the members have also assisted at the Health Center in the afternoons.

COLLEGE ELEVEN TO PLAY HERE TOMORROW

The Swarthmore gridders will not face the Haverford eleven this year, but after next Saturday's football game they will have a fair idea of what would happen if they should. On Saturday, October 29, Swarthmore will meet the Susquehanna College football team at Swarthmore. Haverford was played by Susquehanna and received a decisive defeat. The final score was Susquehanna 37, Haverford 0.

Susquehanna appears to be anything but a breathing spell on the Garnet schedule. Besides routing Haverford, Susquehanna has vanquished Hartwick 45-0 and has defeated Moravian 12-7. Washington College, which the Garnet defeated last year 20-0, was overcome by the Crusaders 6-0 last Saturday. Susquehanna did not appear on the Garnet schedule last year.

DEFEAT OF LIBRARY TAX CUT ASKED

Library Board Says That One Quarter Mill Tax is Not Enough

NEW BOARD MEMBER

The Board of Directors of the Public Library of Swarthmore met on Monday evening and approved a statement on the question of the reduction of the library tax from one half to one quarter mill which is to be voted on Nov. 8. Dr. Frank Williams was chosen to fill the vacancy in the board caused by the death of Harold Barnes.

The statement of the Library Board asks the voters of the community to vote "No" on the Library Tax Reduction Question. Reduction of the support of the project from one half to one quarter mill will mean further reduction of the already limited number of hours the library is open and a decrease in the number of new books purchased.

The report of the Board, which is headed by Roland L. Eaton, is as follows:

There will appear upon the ballot at the election on November 8th a question proposing the reduction of the annual tax now levied for the support of the Swarthmore Public Library from one-half to one-quarter of a mill. The Board of Directors did not propose this question, nor did they oppose it. It is the policy of the Board of Directors not to make the question of the support of the public library by taxation a controversial issue. It is a public institution, and those who aid in its maintenance should be given every opportunity to express their will in the matter.

The Board of Directors do feel, however, that they would be remiss in their duty if they did not lay before the public the facts pertinent to the question and the future of the public library.

A tax of one-quarter mill upon the present property assessment of \$5,224,080 will yield the gross sum of \$1,306.02 for the support of the library. Out of this sum must be deducted the 5% discount on taxes paid prior to October 1st, and the commission of the tax collector. If every dollar of taxes was collected, the net amount for the library would be approximately \$1,200. The present annual expenses of maintaining the library, exclusive of the amount spent for books, is \$130, of which the average monthly circulation of books for the past year has been in excess of 1100 copies in the adult department, and 400 in the children's section. It is a fair conclusion that the library is now being used either directly or indirectly by two-thirds of the homes in the borough.

The average cost to the taxpayers of Swarthmore of the present half-mill tax is actually less than the majority of them gave voluntarily when the library was supported by subscription. On each one thousand dollars of assessment the tax is fifty cents. Since 70% of the homes in the borough are assessed at \$5000, or less than the price of one or two books to the great majority. If the use of the library saves the average taxpayer the purchase of a single volume, or a magazine subscription, he has received his money back, and at the same time has aided in providing a worthwhile community service.

During the recent period of necessary economy the demands upon the library have increased rapidly. The citizens have learned of and availed themselves of the service which the library offers. To curtail the work and growth of the library at this time would certainly not be an act of wisdom or economy. If the tax is reduced the only course open to the directors will be to very sharply cut expenses which will mean chiefly a reduction in the already limited hours, and a decrease in the number of new books purchased. We respectfully ask the citizens of Swarthmore to continue their support of the public library by voting "No" on the Library Tax Reduction Question, November 8th, and to make full use of all the library facilities.

H. S. Plays First Home Game With Glen-Nor This Afternoon

Swarthmore High school will play its first home football game this afternoon beginning at 3 o'clock on the Rutgers avenue field. The team will meet the Glen-Nor High school aggregation and a hard game is expected since last year the two teams battled to a 0 to 0 tie.

Last week the Swarthmore eleven won their first victory of the season when they conquered Marple-Newton 19-7. The game was played away from home and the West Chester pike team held a 7 to 0 lead at the end of the first half. Two touchdowns by Jack Taylor, halfback and one by Wagner, end, as the result of a triple reverse pass, were responsible for the Swarthmore score.

Although this is the first year that Taylor has played regularly with the varsity, he is attracting a great deal of attention in interscholastic circles. His kicks are averaging 60 yards and he is wiry and hard to handle in spite of his light weight.

Taylor's first touchdown was made as the result of a 60-yard run in the third quarter and his second came as the result of a thrilling fly-yard run. He played a spirited ball throughout and is expected to show up well again this week against Glen-Nor.

Bill Maddox, fullback, gave a good account of himself in last Saturday's game doing effective blocking and defensive work. Harvey Whittaker, halfback, was also responsible for some spectacular end runs which resulted in good gains. Norman Madison and Maddox made a good combination for aerial work. Captain Hoadley was unable to play on account of his knee. It is likely that he will be out for the rest of the season.

The upper Darby sophomores play the Scrub team Nov. 3 and the varsity plays Darby Nov. 4.

The first meeting of the year was held on Tuesday night, October 11.

The Press Club of Elmira College is an organization formed for the purpose of keeping the home-town papers in touch with the activities of the girls at Elmira College. There are about seventeen members in the Club.

Miss Belle Mitchell Dudley, of Richmond, Va., is recovering from a severe illness in Kentucky, where she was visiting when taken ill. Miss Dudley is a sister of Mrs. John Erwin Gensemer, of Vassar avenue, and has many friends in Swarthmore.

Children Aid Zoo Adopting the suggestion of Dr. Arthur L. Bassett, that school children evidence their interest in the preservation of Philadelphia Zoo, the Swarthmore pupils of all ages and grades have to date contributed the large sum of \$30.90 to the Zoological Garden.

This is an evidence of their interest in the Zoo, of their appreciation of all it has meant to them in the past and of their intense desire to have it preserved. The children are showing their interest in the needy boys and girls of Chester by bringing in many pairs of children's shoes, to be used by Chester school children who are being supplied with these used shoes under the direction of the Boys' Club of Chester.

The Carillon was presented to the Academy by Henry Bucher Swoope. The bells were first played by Hanton Brees who now plays the Carillon in the

Blasts Self-Righteousness Heite was patterned after the seventeenth-century captions of William Penn, and she used his example throughout the speech to impress the need of tolerance and understanding to counteract the national self-righteousness that has developed in this country.

Miss Addams traced our self-righteousness back to the Puritan idea that they were the chosen people. This unfortunate attitude was manifested as early as 1830 toward the European immigrants.

Prohibition Difficulty

The essence of our self-righteousness has been revealed, according to Jane Addams, in our present habit of regarding the law as an instrument for making other people suffer.

Prohibition Difficulty

But the most sinister aspect of our self-righteousness is "The spirit of conformity which has been demanded from all of us in the post-war years on pain of being denounced as a 'red' or a 'traitor'."

He appealed from authority to life, from tradition to experience. Miss Addams emphasized the fact that "what we need at this moment more than anything else is a generous and fearless desire to see life as it is, irrespective of the limitations and traditions which so needlessly divide us."

Now that the coal bin is full and the cellar cleaned up let us help with the rest of the house-cleaning. That old paper and paint look shabby, the floors need refinishing, all the cleaning won't make it look better, the window sticks and won't go up or down, the door won't shut, if it does shut you can hardly get it open, the rain comes in, radiators would look better painted, a hundred other things need fixing or refinishing!
