COUNCIL ADVISES MORE ARRESTS

Borough Insurance Brokers Save Taxpayers \$116.72 by Recommendations on Policy

Council, at its regular meeting Wednesday evening, passed a motion requesting the Burgess, John H. Pitman, to have the police force enforce the traffic laws more strictly. It has been the policy to give warnings but the traffic violations have been steadily increasing until the members of Council felt that more arrests should be made to put a stop to these flagrant violations.

A recommendation of the borough insurance brokers presented by Peter E. Told on the renewal of a policy will save the borough \$116.72. Harry L. Miller, chairman of the Finance Committee, moved this policy be accepted.

After considerable discussion the secretary was requested to write Mrs. Clara L. Taylor that her requests for additional exoneration amounting to \$83.98 on 1933 taxes would not be allowed, also her claims for postage and expenses amounting to about \$200 were refused.

Ordinance No. 371, amending Ordinance No. 275, reducing building permit fees for buildings or alterations under \$500 and for permits of builders in the higher brackets, was passed.

The borough auditors' report was read and the recommendations discussed. It was decided to set up an imprest fund of \$600 subject to withdrawals for expenses by the secretary to take the place of the highway, incidental and janitor accounts. Council also suggested to the library board that the treasurer of the board be bonded in accordance with the recommendations of the auditors.

Letters from Mrs. F. F. Barber and Samuel Clyde suggesting the placing of more warning and stop signs in the borough, were read and referred to the public safety committee for study.

AWARD TO MRS. MELICK

Mrs. Elmer E. Melick, of the Strath Haven Inn, Swarthmore, prominent club woman of the county, was presented with the service award of the Delaware County Soroptimist Club on Tuesday evening, at the final meeting of the season, held at "Three Trees Inn," Drexel Park. A handsome silver plaque, mounted on walnut and suitably inscribed, was handed to Mrs. Melick by the president of the Soroptimist Club, Mrs. Josephine L. Reed Hopwood. A large basket of flowers, the gift of the first president of the club, Mrs. Helen Ransberger, to the winner, was also presented.

Mrs. Melick has been a resident of the county for the past thirty-three years, and has been identified with various women's organizations, as well as many county-wide projects, during that time. She is a member and former president of the Woman's Club of Media, where she resided for many years, and was president of the Delaware County Federation from 1929 to 1933.

After presenting the award, Mrs. Hopwood pronounced Mrs. Melick an honorary member of the club.

Delaware County projects totalling \$7,653,324 in estimated cost are dependent upon the passage of legislation pending in the General Assembly, enabling the county to participate in the Federal Work Relief Fund, the State Planning Board announced recently.

The list of projects submitted for Swarthmore in the National Inventory of Works Projects, conducted jointly for Pennsylvania by the State Planning Board and Major William H. Gravel, Public Works Administration State Engineer, follows:

MANY OBSERVE MEMORIAL DAY HERE

Many more citizens than usually turn out on Memorial Day were present at the annual exercises last Thursday morning at Borough Hall and attended the address given by the Reverend Dr. Morton S. Enslin, of the Crozer Theological Seminary, in the Methodist Church following the parade.

Girl and Boy Scouts, Cubs and school children, with their leaders, participated in the parade in full regalia and nearly perfect troop attendance.

The Temple Band of Chester, supplied stirring music and many patriotic young citizens joined the marching ranks.

Before the parade the services of the day were opened with appropriate exercises at the monument at Borough Hall, with the Reverend Thomas A. Meryweather, Chaplain of the Harold Ainsworth Post, American Legion, giving the invocation.

Upon arriving at the grave of Charles Seymour, past commander of the local Post, the Reverend Thomas A. Meryweather gave the colloquy and Charles Seymour, the son, placed a wreath upon his father's grave.

At 11 o'clock, upon the return of the parade from the cemetery, and following the singing of "America," Dr. Enslin was introduced by Frank R. Morey and made a very interesting and pertinent address, paying tribute to the late Oliver Wendell Holmes and Jane Addams. Following Dr. Enslin's talk, Mr. Morey had the scouts give the Salute to the Flag and then called upon Dr. John Ellery Tuttle, pastor of the Swarthmore Presbyterian Church, who closed the program with an appropriate and touching benediction.

DR. WILLIAM I. HULL SPEAKS TO W. I. L.

Other Local Speakers at Swarthmore Branch's Last Meeting of Season

At Swarthmore's last meeting for this season of the Women's International League, Dr. William I. Hull spoke of his personal recollections and contacts with Miss Jane Addams. She visited Swarthmore College in 1894, just after her return from London, where she had been particularly influenced by the social service works there. At that time Dr. Hull drove into Philadelphia by horse and buggy to bring her out here to speak. She had a radiant personality and probably did more to make social service work a success than anyone else. Many entertaining episodes of her life were recalled by Dr. Hull, as well as some of the high lights of her ardent work for peace, especially during the war in the face of bitter criticism.

Mrs. Harold E. B. Speight gave a very graphic description of the Round-the-World Peace Broadcast. Viscount Cecil, in speaking from London, reported that of the 7,250,000 citizens canvassed to date in the British Isles, 97 per cent favor continuance of the League of Nations, and over 90 per cent desire reduction of armaments and oppose their manufacture and sale for profit.

Mrs. Frances Harper told of the tea at the White House and related some amusing experiences in the Roosevelt household.

Mrs. Waldo Fisher spoke of the Tribute Dinner to Jane Addams in celebration of her seventy-fifth birthday. She emphasized Secretary of Interior Ickes' speech and Miss Addams' humorous as well as challenging response to the tributes.

Mrs. Patrick Malin reported upon the policies and the legislative work of the National W. I. L. She urged that peace advocates commend newspaper editors upon peace articles appearing in their papers so that they may know that their readers are interested in news upon that subject. She also reported that the Woodrow Wilson Foundation had awarded the National Women's International League \$3,000 in recognition of its useful work in informing "public opinion regarding the dangers in the unregulated private manufacture of the munitions of war and in the international trade in such munitions and for the success in helping focus the influence of that public opinion upon the Congress of the United States."

Mrs. E. A. Jenkins, president of the Swarthmore Branch of the W. I. L., presided at the meeting, and Mrs. Leroy Mercer had charge of the tea.

Wins in Drama Contest

Mrs. Oscar J. Gilcrest, of Harvard Avenue, is one of the two winners in the Delaware County Drama Contest, sponsored by Miss Elizabeth Roberts. Mrs. Gilcrest's winning manuscript was entitled "The Story of the Christmas Carol."

ENTRIES RUNNING CLOSE IN SUMMER ADVENTURE CONTEST

Well, boys and girls, the list of prizes in the SWARTHMOREAN'S Annual Summer Adventure Opportunity is now complete. In addition to the dandy bicycle and numerous other articles being given by the SWARTHMOREAN and now on display in the office window, there has joined the array a nice bright yellow polo shirt from Buchner's Toggery Shop, to be awarded to the person turning in the most vote coupons from that store . . . and the American Store has offered a choice of an electric bicycle light or a flashlight to the one handing in the largest number of American Store votes.

The prize offered by the A. & P. Store has been chosen, but is to remain a mystery until after the close of the contest when it will be announced.

This week more and more names have been entered in the contest and the children of the Borough have been working hard, consequently the list showing the rating of each entry has greatly changed since last week.

Let's make it undergo an even more decided change next week by boosting our favorite with the votes we get with each \$1.00 purchase in every store advertising in the SWARTHMOREAN. Remember, the SWARTHMOREAN also gives votes when subscriptions are paid, so read the following list and let us see what you can do to change it by next week.

DR. HULL COMPILES COLLEGE HISTORY

First of Three Volumes on Swarthmore to Be Published This Summer

Dr. William I. Hull, of Walnut Lane, professor of history at Swarthmore College since 1892, has written a "History of Swarthmore College, 1850-1935" in three volumes.

The University of Pennsylvania Press, of which Phelps Soule, of Park Avenue, Swarthmore, is manager, has contracted to publish the book. It will be under the personal direction of Mr. Soule.

The first volume, treating the years 1850 until 1869, covering the origin, founding, building and opening of the college, has been completed and will be published during this coming summer. It is planned to have it ready for delivery at the opening of the college in September. This first part of the history contains 475 pages and 89 illustrations.

The illustrations are very rare, being of the earliest times of the college. The book is based on documentary and printed materials which are scattered far and wide, in Philadelphia, Baltimore and New York.

The second volume, covering the period 1869-1902, according to plans, will be published by commencement at the college in 1936.

The third volume (1902 until the present) is to be published by the 1937 commencement.

The many changes in the college campus and in Swarthmore Borough since 1850 are reflected in Dr. Hull's history of the college itself, so that it will be found intensely interesting not only to the many alumni of the college residing in Swarthmore, but in addition, to other residents of the borough, as the outstanding institution here, about which the town has gradually grown.

When it was decided upon as the site for the college the present "Swarthmore" was called Westdale and consisted of nothing but fields and a farm house or two quite widely separated.

The publication of the first volume has been underwritten by a committee of the college alumni of which Percival Parrish, 1896, is chairman. It is sincerely hoped by this committee that the proceeds from the sale of the first volume will finance the publication of the second.

WHEN LIVES ARE AT STAKE

You need the same fire protection that race drivers demand

KELLY PETILLO ON MAY 30 WON THE 500-MILE Indianapolis Race on Firestone Tires, breaking the track record and driving the entire distance at a rate of 106.240 miles per hour.

This record is an astounding demonstration of the efficiency of Firestone tires. It is a record that no other tire can match. Firestone tires are built to last and to give you the most efficient protection that race drivers demand.

AB JENKINS ALSO RECENTLY DEMONSTRATED THE stamina, efficiency, and blowout protection built into Firestone Gum-Dipped Tires. He drove his 5000 pound car over the hot salt beds at Bonneville, Utah, 3000 miles in 23 1/2 hours. This was an average speed of 127.2 miles per hour, and although temperatures were as high as 120°, he had no blowouts or tire trouble of any kind.

These records are made possible by special construction features built into Firestone Gum-Dipped Tires. Take no chances—protect your life and the lives of others by letting us equip your car with Firestone Tires.

Before you buy new tires ask yourself these three questions 1-Will the tread give me the greatest traction and protection against skidding? Answer No. 1—Unusually tests show Firestone Tires stop your car 15% quicker than best tires.

2-Are they built to give me the greatest "blowout" protection? Answer No. 2—Unequaled performance records prove that Gum-Dipped gives the greatest blowout protection known.

3-Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy? Answer No. 3—Car owners report unequalled mileage records of the longer wear and greater economy of Firestone Tires.

SUMMER RECREATION COMMITTEE NAMED

The committee consists of Miss Emma Michael, chairman, Mrs. Roy P. Lincoln, Mrs. Thomas Lueders, George Coase, Roy Delaplaine, Ralph E. Rhoads, Charles Thatcher.

Through the generosity of the college, the girls' tennis courts on College Avenue have been loaned to the committee with the understanding that the college can take over the courts for one week to put them in condition for fall activities.

The great item of expense will be to keep an attendant on the courts at all times. The attendant will keep the courts rolled and marked and give instruction to the young folks who are just learning the game.

Boys and girls, will you help by writing your name and the game in which you are interested on a slip of paper and dropping it in a box at the SWARTHMOREAN Office? The committee would be glad to hear from the young men and women in the community who would give a little of their time in coaching and umpiring and directing the girls' activities.

WHOSE WORD WILL YOU TAKE FOR BLOWOUT PROTECTION?

Low wheels, larger tires, and the high speeds of today make blowout protection in your tires vital to your safety as never before. Are you accepting exaggerated and unsupported advertising and sales claims—or are you accepting the judgment of men who risk their lives on their tires and know from experience the tire that gives them the greatest blowout protection?

Thirty-three race drivers and their mechanics lined up for the dangerous, grueling grind of the 500-Mile Race at the Indianapolis Speedway May 30th. Firestone Tires were purchased and used on every one of the thirty-three cars. Not one of the drivers had tire trouble of any kind.

Gum-Dipping is one of the outstanding reasons why Firestone Tires give such amazing performance. By this process every cotton cord is soaked and every strand is insulated with pure liquid rubber, preventing internal friction and heat, the main cause of blowouts. Gum-Dipping is a patented extra process not used in any other make of tire.

Protect your life and the lives of others by equipping your car with Firestone Gum-Dipped High Speed Tires—the safest tires built. It will be worth your time to read these three questions and their answers:

QUESTION 1—"Will the tread give me the greatest traction and protection against skidding?"
ANSWER—Leading university tests show Firestone High Speed Tires stop your car 15% quicker than the best of other popular makes of tires.

QUESTION 2—"Are they built to give me the greatest blowout protection?"
ANSWER—Unequaled performance records for sixteen consecutive years prove that Gum-Dipping gives you the greatest blowout protection ever known.

QUESTION 3—"Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?"
ANSWER—Thousands of car owners report unequalled mileage records—evidence of the longer wear and greater economy of Firestone High Speed Tires.

Exhibits Art Work

Miss Eleanor S. Hayes gave a private showing of her recent paintings on June 3 at her home on the Merivack River in Whittier's country—all winter trees blue-shadowed on snowy hillside; cloudy skies blending with the river, all one harmony; studies in bridges and details of tree branches; deep winter landscape, and a home-picture of the green and gold of a summer day on the Brandywine. Miss Hayes is a graduate of the Pennsylvania School of Industrial Art.

Tree Contribution Raised

The pupils in the various Sunday Schools of Swarthmore who have been contributing to the fund for the Trees for Palestine, will be glad to know that the amount has been raised for the "Swarthmore Grove" in the George Washington Forest on Mt. Carmel.

Some time ago Mrs. Rose Glider, of Philadelphia, showed pictures of her recent reconstruction work of the Jewish people who are making the most of the meager resources. Shortage of water is one of the greatest problems, and so the planting of trees, pines and eucalyptus, is of particular benefit.

The marriage of Miss Isabel Edith Ryan, daughter of Dr. W. Carson Ryan, Jr., and William Zimmerman, 3d, son of Mr. and Mrs. William Zimmerman, Jr., of Clarendon, Va., took place on Saturday afternoon at 4 o'clock in the Friends Meeting House on the Campus of Swarthmore College. The officiating was Mr. and Mrs. Chester Roberts, Mrs. Lewis Fussell and Edward M. Bassett, of Swarthmore.

Miss Flora Ryan, a sister of the bride, was maid of honor, and the bridesmaids were Miss Dorothy Chamberlain, of Paulsboro, N. TAX PENALTIES ABATED BY LAW

Explanation of Two Recent Acts Passed by State Legislature of Interest to Taxpayers

Because of several requests to the SWARTHMOREAN to explain act 52 concerning abatement of tax penalties we publish the following explanation furnished to us by Claude C. Smith of Duane, Morris and Hecksher, dealing with both acts 55 and 52.

Among the Acts which have now passed the Legislature and been approved by the Governor are the following of interest to school districts and boroughs:

Act No. 55—approved April 25, 1935, amends the Act of 1934, P. L. 509, pertaining to tax collection, by abolishing imprisonment as a remedy in case of failure to pay taxes. It was high time this relic of by-gone times should be deleted.

Act No. 52—approved May 1, 1935, prescribes abatement of certain tax penalties and interest on county, city, borough, township, town school district, and poor district taxes, except cities of the first class and school districts of the first class. This Act is important to us in Swarthmore. It provides that all penalties and interest imposed on such delinquent taxes for the year 1934 and all previous years assessed against any real estate shall be abated by the authority levying the tax if said delinquent taxes are paid as hereinafter provided:

In order to receive the benefits of this Act 20 per cent of the delinquent taxes due

for the tax year 1934 and for all previous years shall be paid on or before November 1, 1935; 20 per cent on or before November 1, 1936; 20 per cent on or before November 1, 1937; 20 per cent on or before November 1, 1938; 20 per cent on or before November 1, 1939; and provided further that the respective current taxes for the years during such installment periods shall be paid before they become delinquent.

If any tax payer coming under the provisions of this act shall fail to pay any installment of taxes as herein provided for the tax year 1934 and all previous years as herein provided, then the penalties and interest due on such unpaid installment of installments shall not be abated.

The Act further provides that any tax payer may anticipate the payment of such delinquent taxes and receive the benefit of this Act. It applies to all taxes, whether or not returned to the county commissioners, and whether or not liens have been filed for same. The benefits of the Act extend not only to the owner when the tax, mortgage or other party in interest in the real estate.

This means that anyone interested may pay delinquent taxes immediately, in one lump sum, or in five installments commencing on or before November 1, 1935, and thus avoid all accrued penalties and interest on same. If he elects the installment method, he must also pay 1935, and future taxes before they become delinquent. If the tax payer falls down in making payment of any installment "then the penalties and interest due on such unpaid installment or installments shall not be abated."

This last quoted sentence seems to me to be ambiguous. It probably means that in case of such a default he would have to pay in addition to the delinquent tax installment, 20 per cent of interest and penalties on the total amount of delinquent taxes, and that if he pays the next installment promptly when due, he will be relieved of further interest or penalties. However, the quoted sentence speaks of "installments," and it may be that by defaulting in a single installment he forfeits the right to escape the penalties and interest on all the remaining unpaid installments in this section."

No discretion is given to the local tax authorities. The words of the Act are mandatory in requiring abatement of penalties and interest if the tax payer complies with the Act.

try clubs, where golf, tennis and other outdoor sports can be indulged in, makes Atlantic City a mecca for throngs of tourists annually. Southward from this resort excellent state highways can be followed through Somers Point and across Egg Harbor Bay to Ocean City, another charming coast resort.

From this point the travelers can use the highway paralleling the ocean side to Sea Isle City or strike inland from Ocean City and drive south over state route 4 through Cape May Court House. Here a side trip leads to Stone Harbor, while Wildwood, Anglesea and Wildwood Crest can be reached either from Burlington or Rio Grande over excellent boulevards. Continuing southward over route 4, however, the tourists reach historic Cape May. Here the elite of Philadelphia, New York and Pittsburgh maintain summer homes.

On the homeward journey, state route 49 can be followed along the Delaware Bay region to Bridgeton, where route 40 is followed to Pittsgrove. Here a left turn leads to the Chester-Bridgeport Ferry to Chester.

Warning to Kite Flyers

The danger to children of flying kites with any metal parts or wires, due to the possibility of contact with electric transmission or other conductors, was stressed recently in a public statement to parents by H. B. Bryans, vice-president in charge of operations of the Philadelphia Electric Company.

"Kite flying, properly done, where no metal enters into the composition of the kite or leader strings, is one of the accepted 'rights' of children, and no one would suggest its abandonment," Mr. Bryans declared. "But parents should be certain that the kites really are non-metallic."

"If an improperly constructed kite containing metal comes in contact with an electric wire, serious injury to the child may result. All transmission lines and conductors have the highest possible safety factor, but this natural hazard must be borne in mind."

"All responsible persons will join with the electric industry in urging parents to co-operate in the interest of the safety of children."

WELFARE DIVISION IN FINAL MEETING

Secretary's Report on Family Treatment Given; to Resume Meetings in September

The last regular meeting until September of the Welfare Division of the Board of the Community Health Society was held Tuesday evening, June 11, at 8 o'clock in the American Legion Room at Borough Hall. The following report on the treatment of families was given by the secretary:

"As individuals and families come to our agency for a great many reasons, it is only natural that they should receive different kinds of treatment. Just as a lawyer finds out the strengths upon which he can win, and the doctor makes a diagnosis of his patient's illness and determines what medical aid will cure, so the social worker makes a diagnosis of the problem and determines the particular treatment which will be most beneficial to the individual or family. This may be on an economic level where the only service is in some form of material relief; food, clothing, shelter, fuel, carfare to clinics, medical appliances, and payment of fees for vocational training. These and many other forms of relief may and do perform a tremendous service for families. Recently a State supervisor said that eighty per cent of the unemployed could get along with the fulfillment of relief needs, but the other twenty per cent were in dire need of some other forms of help. Many unemployed families prefer to be considered members of the larger unemployed group and find a sense of satisfaction in knowing that they are not the only ones affected by the depression.

"Another group adjusting less readily to conditions feel that the particular conditions of the times are unjustly visited upon their particular person. They do not see their conditions as part of a greater whole and hence do not adjust as the other eighty per cent of the unemployed. These families take more time and attention and frequently are referred to a private family agency which by reason of a small case load can meet the needs of particular cases.

"Often by environmental change which is our second form of treatment, the problem of a family can be markedly alleviated and improved. Delinquency may be lessened by recreational opportunities. Standards of living can be raised by better housing conditions. A family of long standing in this agency recently was given the choice of staying in the shack where they had lived for years or moving to a neighborhood which would be better for the children. Upon their decision rested the return of an adolescent girl from a reform school. With great effort the family moved into a better neighborhood in a house with running water and a bathtub. The latter made quite an impression on the family and when they had to move again because the rent was too high, they chose a place much smaller than their other home, but with a bathtub all the same.

"The third kind of treatment involves environmental change, too, but for a somewhat different purpose. We all know of individuals who are emotionally upset and who respond to a change in their situation. Perhaps this is one of the reasons why it is advantageous for many husbands and wives to have separate vacations. It gives a respite from the every day irritations, and gives them a certain freshness of outlook when they come together. In cases of domestic difficulty where some adjustment is not made, the common nervous breakdown is often the result. "Lastly, there is the treatment of emotional problems by means of direct treatment through the relationship between the client and the case worker. All of us know the value of confiding in a near

friend. There comes a sense of release and relief when the burden is shared with another. There are friends, ministers, doctors and social workers who act as catalytic agents. When a social worker is used in this particular capacity, there is no reason why there should be any more feeling than if the person was going to his friend, his minister or his doctor.

"We wish to thank the Family Society of Philadelphia for the consultative service of Mrs. Margaret Miller during the past year. "Without the support of the various local groups it would have been practically impossible to carry on our relief work which we have seen is an important part of treatment. In the past three months the following groups have given timely assistance and we wish to extend our thanks to the Friendly Circle, Juniors of the Woman's Club, Friends' First Day classes, Campus Club of Swarthmore College, American Legion Auxiliary, Sunday School classes of the Presbyterian Church, Moriston-Rutledge Committee, Springfield Committee and a Sunday School class of the Episcopal Church.

"Special mention should be made of the gifts of paper contributed by Mr. Howard Satterthwaite, who has generously supplied the office with all our paper except letterheads and envelopes for the past three years."

NORMA HAUGER WINS AS THIRD SUMMER ADVENTURE OPPORTUNITY ENDS

Smallest Entrant Topp List in Annual Contest Sponsored by Swarthmorean

Little Norma Hauger has triumphed in the third SWARTHMOREAN Summer Adventure Opportunity, which closed at 6.00 P. M. Wednesday. This is the second year the contest has been won by a girl. Norma is the daughter of Mr. and Mrs. A. Hauger, of Dartmouth Avenue. Her winning total was 494,500 votes.

It was a job to tell just whether she or Grace Brewster, runner-up, would get the first prize, since they have taken turns in heading the list practically since the contest started. And Grace only lost by 7,600 votes! Too bad, Grace—better luck next time. At least you will receive second prize, a Janzsen bathing suit, to be exchanged for your exact size at Buchner's Toggery Shop.

The third prize, an official Plumb scout axe and sheath, goes to Jimmy Kauffman. Jack Corse gets the next prize, a Daisy air rifle; and Charles Gillespie, fifth prize, a pair of roller skates.

A hunting knife and sheath, as sixth prize, goes to Jimmy Bogardus.

Sandwiched in among these overpowering young gentlemen is Alice Craemer with her ever-ready focusing flashlight, which she receives as seventh prize.

A Univex camera and film as eighth and last prize, given by the sponsors of the contest, is awarded to Alban S. Evenson.

The winners of the three special prizes awarded by Buchner's Toggery Shop (a yellow polo shirt); the American Store (an electric bicycle head lamp or a flash light); and the A. & P. (mystery prize) will be announced in next week's paper.

Dean Thomas A. Meryweather, of the Delaware County Police School; Dr. John A. Deitelson, Registrar; Elliott Richardson, Secretary and Treasurer; Raymond W. Sakers, Chief of Police of Ridley Park, and James Davenport, Chief of Police of Chester met on Tuesday evening, June 25, to discuss the curriculum, drawn up by a committee named at a previous meeting, for the continuance of the Police School next fall. The aforementioned committee consisted of Dr. Deitelson, Mr. Richardson and Mr. Sakers, who had been working on the issue since the last meeting several weeks ago.

It was decided at Tuesday's meeting to repeat the general course, as it was presented in the spring, on Tuesday and Thursday afternoons, beginning September 17 and continuing for three months. If anything, the fall course will be more devoted to the study of petty crimes with which the local police must constantly cope—larceny, burglary and robbery. Other courses, such as marksmanship, identification, and legal procedure, will also be included, as last spring. Enrollment is limited to one hundred.

Asks for H. S. Commencement Programs

Frank R. Morey, supervising principal of the Swarthmore Public School, asked the Swarthmorean to make an appeal for Swarthmore High School Commencement programs for the years 1900 to 1918 and for the year 1919. The earliest program in the files at the High School is an attractive one for 1899, showing a picture of the High School on the front cover.

CAMP SUNSHINE OPENS SATURDAY

64 Delaware County Children to Open Season at Thornton Malnutrition Camp

On Saturday, sixty-four Delaware County little girls, picked for their underfed and underprivileged state, will be taken for a ride. Their ride will take them away from the noise, dust and exhaust gas of congested streets to Camp Sunshine, fresh air and quiet of Camp Sunshine on Broadmeadows Farm in Thornton.

From homes where food is insufficient, they will be taken to a place where fresh milk will go to compose their daily fare.

They will occupy eight brand new cedar rustic cabins, where, after a day filled with play in the open fields, running through the woods, rowing on the lake, bathing in a clear stream, they will turn in for the sound sleep of the just, rocked to slumber by the breeze rustling and whistling through the nearby trees.

Their activities will be directed by two camp directors, supplied by the Educational Department of the National Relief Council. A registered nurse, Mrs. Eloise Ashton, will be constantly in attendance. There will be two cooks on the job, and the fourteen volunteer counselors, whose names are Louise Berkeley, Ridley Park; Helen Fryd, Ridley Park; Eleanor Hoopman, Ridley Park; Agnes Hutchins, Ridley Park; Mary Botham, Chester; Nancy Powell, Swarthmore; Betty Holl, Media; Anne Holl, Media; Elizabeth Karg, Springfield; Betty Foreman, Ridley Park; Miss Hicks, Prospect Park; and Miss Smith, Norwood.

The Camp is made possible by the work of a group of disinterested men and women, the co-operation of the county authorities, and the generosity of individual donors. The children are the neediest cases, chosen by the various welfare agencies. They derive great and permanent good from the two weeks' stay at the Camp.

There are sufficient funds in hand to operate the Camp for one month. The Camp Board solicits donations from any citizens or groups inclined to give, and imparts the information that four dollars will maintain a child at the Camp for one week. Donations should be sent to Philadelphia R. Faith, Treasurer, Chester-Cambridge Bank, Chester, Pa.

A RETAIL BUSINESS

The Electric Light and Power industry in this country is a retail business with 25,000,000 customers. (The Philadelphia Electric Company has 625,000.)

The cost of this service averages between 9 and 20 cents a day to the home owner. This is about 2 per cent of the family budget.

The electric power that the average manufacturer pays for is only a very small percentage of his total manufacturing cost.

As it stands today, the industry is the fruit of the skill and the labor of uncounted thousands of men, paid for by the thrift of American savings. It furnishes a service that is as unflinching as human ingenuity can make it, and the rates for this service have been consistently lowered over a long period of years.

Miss Frances R. Mangan, of Chester, and Mr. Howard F. Borden, of Swarthmore, Wed Tomorrow

The marriage of Miss Anne Gray Mode, daughter of Mr. and Mrs. Herbert Conly Mode, of Overbrook Hills, Pa., and Mr. Edward Walton, son of Mr. and Mrs. J. Barnard Walton, of Oaken Avenue, Swarthmore, was performed at 4 o'clock Saturday afternoon, June 22, in the Friends' Meeting House, Swarthmore, with Mr. and Mrs. Irwin D. Wood and Mr. and Mrs. William H. Haxson as overseers.

The bride had as her only attendant Miss Katherine Morris, of Washington, D. C., while Mr. Joseph H. Walton, brother of the groom, was best man. Mr. Arthur Holman and Mr. Wesley Case, both of New York and former classmates of the groom, were ushers.

Miss Mode selected for her wedding gown, white mousseline de soie made with ruffled train. Her tulle veil was held in place by a wreath of velvet gardenias, and she carried a semi-colonial bouquet of gardenias and lilies-of-the-valley.

Miss Morris wore aquamarine mousseline de soie, with matching hat and carried pale yellow gladioli.

An informal reception on the lawn of the Meeting House followed the ceremony, after which the wedding party and relatives were entertained at dinner by Mr. and Mrs. Mode. Mr. Walton and his bride will spend their honeymoon in Bermuda, and upon their return will make their home in New York City.

Miss Mode attended Friends' Central School and Swarthmore College, and is a graduate of West Chester State Teachers College. Mr. Walton is an alumnus of Swarthmore High School and Swarthmore College.

A feature of the wedding was the presence of many little children accompanied by their parents. Miss Mode for the past two years had been assistant to the principal of a private Friends' School at Chester.

McCLENACHAN FOR DISTRICT ATTORNEY

William B. McClenachan, Jr., Announces Candidacy for District Attorney in Fall Primary

William B. McClenachan, Jr., First Assistant District Attorney, has announced his candidacy for the Republican nomination for District Attorney of Delaware County, at the Primary Election to be held on September 17, 1935.

Mr. McClenachan was born at Trainer, then part of the Township of Lower Chester, Delaware County, Pennsylvania, on March 13, 1886, and has been always a resident of this county. His early education was obtained in the public schools of Trainer and Chester, where he graduated from the Chester High School in the Class of 1904. He began his legal training under the tutelage of the leader of the Delaware County Bar, the Honorable Oliver B. Dickinson, now Judge of the District Court of the United States for the Eastern District of Pennsylvania. Since his admission, Mr. McClenachan has practiced law in Delaware County and has been identified prominently in civic affairs and fraternal and legal activities of this county. He is Solicitor for the Boroughs and School Districts of Trainer and Edgystone, and Solicitor for the Township of Tinicum.

Mr. McClenachan entered the public service on January 1, 1920, as an Assistant District Attorney and has served the public continuously in the office of the District Attorney since that time. He was elevated to the more important office of First Assistant District Attorney on January 1, 1928.

During his career at the Bar, he has been very active in the affairs of the Bar Association. He is Past President of the Delaware County Bar Association, a member of the Executive Committee of the Pennsylvania Bar Association and of the District Attorneys Association of Pennsylvania, and is a Past President of the Lawyers' Club of Delaware County. When the Delaware County Police School opened at Swarthmore College, a movement that attracted nationwide attention, Mr. McClenachan became an instructor in criminal law and procedure.

His public activities have not been restricted to those associated with his profession, as he has been active in the interests of the Volunteer Firemen of Delaware County and has been Solicitor of the Delaware County Firemen's Association for the past twenty years. He is a Past Master and Trustee of Lucius H. Scott Lodge No. 352, F. & A. M., and is President of the Exchange Club of Chester which he helped to organize. Mr. McClenachan is a member of many other organizations, legal and fraternal.

Headquarters, to further his candidacy, have been opened in the former Chester Times Building at Fifth and Market Sts., Chester, Pennsylvania.

Accident on Chester Road

A car driven by Howard Snow, son of Mr. and Mrs. Philip C. Snow, of Rodgers Lane, Wallingford, was struck by another driven by Thomas Mills, of Ormond Avenue, Drexel Hill, at 4:30 Wednesday afternoon at the Swarthmore Avenue and North Chester Road intersection. According to the police record the cause of the collision was probable misjudgment or disregard of right of way. Mildred Brewster, of

Swarthmore Avenue, is given as a witness of the accident.

As described by Mr. Mills to Captain Rogert, he was driving north on Chester Road approaching the intersection of Swarthmore Avenue, he slowed down and then proceeded, and that all of a sudden Mr. Snow's Chevrolet was in front of him (Snow was crossing Chester Road, coming east on Swarthmore Avenue) and he struck it in the rear right wheel fender and bumperettes. Mills' car was swerved to the right and that of Snow turned over on the side with the front of Mills' car against it.

Mills stated that he was not injured in any way and took his car home on its own power.

Snow was removed to the Chester Hospital with an injury of the hip, the seriousness of which was to be determined later by x-ray.

No charges have been preferred to date.

SUMMER SCHOOL OPENS THIS WEEK

Smaller Enrollment Than Usual in This Year's Classes Which Began Monday

The eighth annual session of the Swarthmore Summer High School began Monday, June 24, with a smaller enrollment than in the past several years. Thirty-four local pupils are pursuing forty-eight courses. Eleven out-of-town students are studying in seventeen classes.

Seven teachers have been assigned to the staff of instruction. Miss Helen Beard, of Wilson, is assigned some of the mathematics. Miss Gladys Norman, Mr. Dyer, of the University of Pennsylvania, and Miss Esther Malloway, also of Wilson, are handling the languages. Mr. Harry P. Kuner, a graduate student of the University of Pennsylvania, is working in the science and mathematics departments. Miss Virginia Nyland, of Bucknell, and Miss Harriett Matter, of Dickinson—and a former student at the local high school—are teaching the social sciences and some languages.

The session promises to be one of the best. Many pupils are enrolled to get a preview of their work for next year. Ambition of this type will help their progress through all of their school work.

Evening Organ Recitals

In addition to the regular Sunday afternoon concerts at Philadelphia Memorial Park at Frazer, organ recitals will now be given Wednesday evenings, starting July 3. Announcement to this effect was made this week by the management, in response to many requests for a mid-week evening recital in the inspiring open-air setting provided by the hills flanking the historic Chester Valley.

The cathedral-like organ, installed at a cost of many thousands of dollars at the park studio, can be heard from every part of the grounds in softly modulated tones broadcast from the amplifying tower. Solos by Miss Anne Simon, musical director of Philadelphia Memorial Park, will intersperse the organ selections, and request numbers will be a feature.

The Sunday afternoon concerts, in which noted artists take part, will be held as usual, at 3 o'clock, and the Wednesday evening recitals at 7:30 o'clock. Both are without charge to the public.

Philadelphia Memorial Park, a modern park plan burial ground, is located in one of the most picturesque spots in the Chester Valley, at Frazer, just off the Lincoln Highway.

Hedgerow Theatre

For Fourth of July week Hedgerow Theatre offers a varied list ranging from 15th Century to modern drama with two solo performances of the month coming on Independence Day.

Tonight Moller's 17th Century satire on the medical profession, "The Physician in Spite of Himself," will play, with Harry Sheppard in the title role and Adrienne Bancker and Sol Jacobson in the supporting cast.

Tomorrow night brings back an old favorite, "Mask and the Face," Luigi Ciarulli's modern satire on "Othello," which has had more performances in this country than it in the rear right wheel fender and bumperettes. Mills' car was swerved to the right and that of Snow turned over on the side with the front of Mills' car against it.

Mills stated that he was not injured in any way and took his car home on its own power.

A CRITICAL PROBLEM

In Philadelphia newspapers, bearing date of May 7, 1935, appeared a small item to the effect that Arthur Dunn, colored, had shot and killed a policeman, when intending to shoot a cat on his home premises. This probably did not register with you any more than it did with the undersigned, but Arthur Dunn to you, as to us, is known as "Bo Peep," and it is this fellow who has served you from the Swarthmore Ice Company, and in more recent times, at the College Pharmacy, that is in such dire straits, and is needing the help of everyone that knows him.

Legal investigation gives us every reason to believe him innocent of the crime with which he is charged. The members of his family have done their utmost to collect funds for his defense, but it is imperative that there be more money, and at once.

Mr. Sprout, at the Swarthmore National Bank, will act as treasurer for this fund, and any amount, no matter how small, left with Mr. Sprout, will go directly for defense.

The case is expected to come up in Criminal Court in July and the immediate need for this money is most urgent.

EARLIER SERVICE, PLEASE

To the SWARTHMOREAN:
Our borough is a delightful place to live and there is little of which to complain, but we want the best to be had, and feel justified in asking why we don't get our morning paper until 8 o'clock and our mail until 10:30 to 11 o'clock. It seems to me we should have earlier service on these two important things in our daily lives.

IN the old days the traveling salesman, or "drummer" as he was called, carried a sideline in addition to his chief product. Naturally he was more interested to sell his main product than his sideline.

Banking is our main product. It is our specialized business—not a sideline. This is one of the many reasons why you will find it profitable and convenient to have your savings safely deposited in this bank.

THE SWARTHMOREAN

makes it necessary to send out, through the medium of the SWARTHMOREAN, another call to those who have not joined in this most worthy cause. The immediate protection given freely, the reduced insurance rates accomplished, and the unwavering loyalty, without pay, given by the Active Members, should make each one lay aside his hesitancy to meet this moral obligation. Send your contribution now to John W. Powell, Dickinson Avenue, Treasurer, Swarthmore Fire and Protective Association, or to the SWARTHMOREAN, and thus aid in sustaining this most necessary institution.

ON BEHALF OF OUR SENATOR AND REPRESENTATIVE

To the Editor:
I noticed in last week's edition of the Chester Times, also all of the Philadelphia newspapers, an item in which our Senator, John J. McClure, also our Representative, Elwood Turner, were judged the most able men on Capitol Hill in Harrisburg. I feel that these men have protected our interests and should be entitled to a write-up in your newspaper if satisfactory to you, also calling attention to the fact that Swarthmore received two of the Senatorial Scholarships.

Hope that you will see fit to give this matter your attention.

On T. B. Inspection Tour

County Commissioners James B. Miller, James S. Desmond and Charles Drewes, together with County Controller James T. Stewart, last week made a tour of inspection of three hospitals, where Delaware County tuberculosis patients are being treated at county expense.

Charles Kurtzthal, of Park Avenue, Swarthmore, president of the Delaware County Tuberculosis Association, led the tour at the end of which the four officials expressed satisfaction and approval of the way the county patients are being treated.

At the board meeting of the Tuberculosis Association last Friday, Mrs. William A. Jaquette, of Elm Avenue, Swarthmore, was among the directors present.

In Mr. Kurtzthal's report to the board, he said, "In actual service to the tuberculous and their families, we are now doing more than has ever been possible in the past. Our records show that since the first patient was admitted to hospitalization under the County Commissioners' plan on April 25, 1934, a total of 164 patients have benefited from this fund in thirteen months."

Lucky Cat
"Mittens" Luff, cherished feline of Mr. and Mrs. Walter H. Luff, of Haverford

Place, has proved conclusively that black cats (at least those with white feet) are, contrary to common belief, lucky indeed.

Recently Mrs. Luff took a book containing twelve chances issued by the American Legion. Running out of names of family members she filled those of her two eleven-year-old dogs and that of Mittens, who is fifteen years old, on the remaining slips.

Mittens' name was placed on the fifth chance and won fifth prize, \$2.00. Remember that, Mittens, your lucky number is undoubtedly five!

Mittens enjoyed a chicken dinner for her generosity in immediately turning the whole amount over to the family who have made her fifteen years of existence so pleasant. Useless cat, that!

Mittens is very happy in the Luff domicile, gets along famously with her two adored eleven times. Perhaps there are a few canine brethren, and enjoys motor trips, of us who would not mind changing places. She has been to Florida twice and to Canada with that cat.

FRIENDLY CIRCLE IN REGULAR MEETING

June Assembly Held at Home of Mrs. John Esslinger on Cornell Avenue

Mrs. John Esslinger was hostess to the Friendly Circle Thursday, June 20, at her home on Columbia Avenue.

In the absence of Mrs. T. Harry Brown, who was on jury duty in Media, Mrs. Harvey Pierce presided.

The Sewing Chairman, Miss Vera Demuth, reported 26 finished articles returned and announced that no further sewing would be distributed until fall.

Report was made on an emergency call for two pairs pajamas furnished a young girl sent to the hospital.

It was voted to continue the three quarts of milk daily to the large family of children, as their income continues inadequate.

A number of appeals for help were heard, listeners. After much discussion it was agreed to give financial assistance to the widow who wished ploughing done in order to help herself with her garden; to supply glasses to the little boy who has a serious eye defect, needing immediate relief to prevent accident; to find a dresser and pajamas for a young mother with three children, who is trying to adjust her life after desertion by her husband, just when she is about to assume responsibility for another little life.

Mrs. Henry Jones has invited the Friendly Circle to be her guests at her summer home at Village Green on July 18.

After the business meeting, Mrs. Pierce told of her visit the previous evening to Camp Sunshine, Thornton, and explained why the cabins, one of which was donated by the Circle, exceeded the original estimated cost. Mrs. Pierce said that, as they stand, the cabins are a credit to any camp, and if constructed as originally planned, would necessarily have been of such flimsy construction as to be unable to withstand many seasons' use. Each cabin is equipped with bunks, making sleeping accommodations for eight. Each cabin must still be equipped with blankets and other necessities and after that all that is necessary is for some philanthropic group or groups to furnish funds to keep the cabins filled each week throughout the summer months.

Tour of Lake Erie Shore

Scenic charm and historic background combine to give the Lake Erie shore a variety of vacation-lure unrivaled in any playground section of the east. Lakelands, mountains and mineral springs resorts can be visited on a delightful motor tour outlined by the Keystone Automobile Club, which passes over excellent highways through this region of northwestern Pennsylvania.

In addition to the attractive resorts which are the objective of the trip the journey is made mainly over the famous Lakes-to-the-Sea Highway which winds through high scenic territory," says Howard J. Gallagher, manager of the Delaware County Division of the Club. "The entire road trip can be covered in approximately 820 miles."

From Chester the tour leads over State Route 5 through Lima to State Route 5 where a left turn carries the travelers through West Chester, Downingtown, Honeybrook, Ephrata and Cornwall to Hummelstown. Here U. S. Route 422 is met and used to Harrisburg. From the state capital U. S. Route 11 is followed to Amity Hall, where a left turn leads over U. S. Route 22 through scenic regions of the beautiful Juniata Valley—Millintown to Lewisport.

From this point the Lakes-to-the-Sea Highway, U. S. Route 322, is followed over a gradual climb through the foothills of the Alleghenies. State College and Philipsburg are passed to quaint Clearfield, perched high in the mountains. A wonderful hunting and fishing sector is found from here. At Brookville a delightful side trip leads to the Cook Forest. From Brookville the highway winds through scenic regions to Meadville, the gateway

Lucky Cat

"Mittens" Luff, cherished feline of Mr. and Mrs. Walter H. Luff, of Haverford

Place, has proved conclusively that black cats (at least those with white feet) are, contrary to common belief, lucky indeed.

Recently Mrs. Luff took a book containing twelve chances issued by the American Legion. Running out of names of family members she filled those of her two eleven-year-old dogs and that of Mittens, who is fifteen years old, on the remaining slips.

Mittens' name was placed on the fifth chance and won fifth prize, \$2.00. Remember that, Mittens, your lucky number is undoubtedly five!

Mittens enjoyed a chicken dinner for her generosity in immediately turning the whole amount over to the family who have made her fifteen years of existence so pleasant. Unselfish cat, that!

Mittens is very happy in the Luff domain.

FRIENDLY CIRCLE IN REGULAR MEETING

June Assembly Held at Home of Mrs. John Esslinger on Cornell Avenue

Mrs. John Esslinger was hostess to the Friendly Circle Thursday, June 20, at her home on Columbia Avenue.

In the absence of Mrs. T. Harry Brown, who was on jury duty in Media, Mrs. Harvey Pierce presided.

The Sewing Chairman, Miss Vera Demuth, reported 26 finished articles returned and announced that no further sewing would be distributed until fall.

Report was made on an emergency call for two pairs pajamas furnished a young girl sent to the hospital.

It was voted to continue the three quarts of milk daily to the large family of children, as their income continues inadequate.

A number of appeals for help were heard, all of which touched the sympathy of the listeners. After much discussion it was agreed to give financial assistance to the widow who wished ploughing done in order to help herself with her garden; to supply clothes to the little boy who has a serious eye defect, needing immediate relief to prevent accident; to find a dresser and pajamas for a young mother with three children, who is trying to readjust her life after desertion by her husband, just when she is about to assume responsibility for another little life.

Mrs. Henry Jones has invited the Friendly Circle to be her guests at her summer home at Village Green on July 18.

After the business meeting, Mrs. Pierce told of her visit the previous evening to Camp Sunshine, Thornton, and explained why the cabins, one of which was donated by the Circle, exceeded the original estimated cost. Mrs. Pierce said that, as they stand, the cabins are a credit to any camp, and if constructed as originally planned, would necessarily have been of such flimsy construction as to be unable to withstand many seasons' use. Each cabin is equipped with bunks, making sleeping accommodations for eight. Each cabin must still be equipped with blankets and other necessities and after that all that is necessary is for some philanthropic group or groups to furnish funds to keep the cabin filled each week throughout the summer months.

Tour of Lake Erie Shore
Scenic charm and historic background combine to give the Lake Erie shore a variety of vacation lure unrivaled in any playground section of the east. Lakeland, mountains and mineral springs resorts can be visited on a delightful motor tour outlined by the Keystone Automobile Club, which passes over excellent highways through this region of northwestern Pennsylvania.

In addition to the attractive resorts which are the objective of the trip the journey is made mainly over the famous Lakes-to-the-Sea Highway which winds through the scenic territory," says Howard J. Gallagher, manager of the Delaware County Division of the Club. "The entire round trip can be covered in approximately 820 miles."

From Chester the tour leads over State Route 352 through Lima to State Route 5 where a left turn carries the travelers through West Chester, Downingtown, Honeybrook, Ephrata and Cornwall to Hummelstown. Here U. S. Route 422 is met and used to Harrisburg. From the state capital U. S. Route 11 is followed to Amity Hall, where a left turn leads over U. S. Route 22 through scenic regions of the beautiful Juniata Valley—Millintown to Lewisport.

From this point the Lakes-to-the-Sea Highway, U. S. Route 322, is followed over a gradual climb through the foothills of the Alleghenies. State College and Philipsburg are passed to quaint Clearfield, perched high in the mountains. A wonderful hunting and fishing sector is found from here. At Brookville a delightful side trip leads to the Cook Forest. From Brookville the highway winds through scenic regions to Meadville, the gateway

George Arliss stars in "Cardinal Richelieu" at the Lansdowne Theatre today and Saturday.

to a famous mineral springs district. Sagertown, Venango, Cambridge Springs and numerous other attractive resorts nestle in green hills at high altitude and are passed en route to Erie.

Here lies beautiful Presque Isle Park, rich in scenic and historic attraction. For twenty miles in either direction along the Lake Erie shore the travelers can visit scores of delightful beaches and resorts. Northward from Erie, U. S. Route 20 is followed to Westfield, where a right turn into State Route 17 leads to Mayville on Lake Chautauque. The same highway follows the north shore of the lake through numerous attractive resorts to Jamestown, in the heart of a rich dairy and farming district. From here the homeward journey leads over N. Y. 60 and U. S. 62 to Warren, Pa., where a left turn into U. S. Route 6 carries the travelers through the picturesque Allegheny National Forest to Kane. Here a right turn leads south through Ridgway and DuBois to the Lakes-to-the-Sea Highway and the tour can be completed over the same route used on the outbound trip.

CO-OPERATION ASKED IN BEETLE FIGHT

**Elwood B. Chapman, Chairman
of Borough Tree Commission,
Petitions Your Aid**

On behalf of the Borough Tree Commission Elwood B. Chapman, chairman, has issued a request that every member of the community become actively enlisted in this

year's struggle against ruination of plant life by the Japanese beetle.

The co-operation of all residents in spraying against the beetle is urged.

From June 20 to June 30 is the proper time to spray.

The 1935 Japanese beetle scourge is almost upon us. Indications show that there will be at least as many beetles as there were last year. There is but one thing to do at this time of the year; that is to spray all trees, shrubs, perennials and vines commonly attacked by the insect.

The following shade trees should be sprayed not later than July first: Larch, Linden, Mountain Ash, Birch, Cypress, Elm, Horsechestnut, Chestnut, Oak, Willow, Lombardy Poplar, Sycamore, Sassafras, Norway Maple and Pin Oak. The following ornamental trees, shrubs and herbaceous plants should also be sprayed: Flowering Quince, Spiraea, Hawthorn, Flowering Crab, Japanese Flowering Cherry, Rose of Sharon (Althea), Rose, Hollyhock, Dahlia, Geranium, Zinnia, China Aster, Mallow (Hibiscus), Virginia Creeper and Boston Ivy. Magnolia and Boxwood are somewhat susceptible to injury from arsenate of lead and should be protected when spraying.

The Tree Commission recommends spraying with either lead oleate coated arsenate of lead: 8 pounds to 100 gallons of water or powdered arsenate of lead: 6 pounds to 8 pounds of arsenate of lead (dry) and 4 pounds flour per 100 gallons of water—or 6 pounds to 8 pounds of arsenate of lead (dry) and 1½ pints fish oil per 100 gallons water. The flour or fish oil are used to make the arsenate of lead adhere to the leaves. There are satisfactory commercial "stickers" on the market which may be substituted for either the flour or the oil. For trees and shrubs over ten feet in height, a power sprayer is essential. For any plants under ten feet, a hand or bucket pump sprayer can be used, in case no power sprayer is available.

The Borough Nursery, which is under the direct care of the local Tree Commission, has two-year-old trees which were purchased very reasonably two years ago and with the care they have received, have matured into very good and much more expensive trees. They will be placed in public places throughout the borough, chiefly on Chester Road, this fall. This will be the first planting from the Borough Nursery.

Indians in Fifth Straight Win

The Swarthmore Indians easily defeated the Philadelphia Lacrosse Club, 6-2, to gain their fifth straight win of the season. The game was played in the Indians' box at Swarthmore Tuesday night.

Green opened up the scoring after an open field run, but Dolman, Pennsylvania lacrosse player, soon tied up the count. The Indians forged ahead when Kahler and Joyce hung up a count each.

The Hickman twins starred in the second frame for the Indians. These two former Swarthmore College athletes assisted in scoring three more goals for the victors. Edell scored the only other goal for the Lacrosse Club. Bill Brearley, West Point varsity football and lacrosse man, playing his first game in the box, was instrumental in the Indians' victory.

"Scottie" Held

As we go to press the only prisoner held at the Swarthmore Police Station is a most appealing black "scottie" who bears no license or other means of identification on his collar and was found whining outside the station. We sincerely hope that should he not be reinstated with his proper owner by the time this paper is out that the latter will see this note and lose no time in claiming him, as he is most unhappy.

Boy Scout News

Saturday, June 29, will be the Media District Swimming Meet and Campfire at the Village Green Swimming Pool.

Saturday, July 6, will open the Camp Delmont season with a contingent of Scouts from Swarthmore and Media Districts during the six-week period.

August 20 and 30 will be the National Jamboree at Washington, with 30,000 Scouts from the United States and patrols from 52 nations of the world gathering for a ten-day camp in the City of Washington. These activities will be well attended by Swarthmore Scouts and leaders.

Aid the "Tot Lot"

First—By volunteering to drive adults and children to "Tot Lot," beginning Friday, July 5. Offering to drive in twice during the summer.

Second—By picking flowers on Thursday evenings and taking them to headquarters in Swarthmore.

Third—By saving glass jars of one-half pint size and taking them to Flower Headquarters in Swarthmore. On Thursday evening, July 4, and on Friday morning, July 5, take flowers to the home of Mrs. Harold Griffin, on Rutgers Avenue. July child chairman of flowers and her committee should be ready to help tie up the flowers at 9 A. M. On Friday, July 5, the chairman and two other children will go in with adults to the "Tot Lot" at 2 P. M. of that day. These "Flower Tot Lot Days" will be sponsored by the Presbyterian Church.

MOTORISTS BEWARE!!!

A well-known tire manufacturer (Goodyear—why be mysterious?) has hired a super deluxe sleuth. That's right. He is gathering, sifting, and heaping evidence on tire mileage from the wonderful reports boasted of by Goodyear Tire owners. O. K. again.

All this evidence is for the benefit of Goodyear users, and as the majority of people use Goodyears, of course, the majority will be benefited.

Now if you have a racing car and want tires for that type of work, stop in and we will be glad to give you the name of the **BEST AND ONLY** company that builds racing tires. Uncle Sam and this company have a lot in common in this respect. Uncle Sam, you know, boasts of the best Post Office in town.

Now if you have a business or pleasure car, that's different. Then, of course, there is only one answer.
