## RECORD CROWD AT ANNUAL CELEBRATION OF "SWARTHMORE NITE"

### Over Four Hundred Men and Women Attend Local "Get-Together"

Well over four hundred Swarthmoreans attended the celebration of "Swarthmore Nite" on Thursday evening, April 25th, in the Social Hall of the Methodist Church. Sponsored by the Swarthmore Business Association the occasion was made a gala affair of hearty good neighborliness and hilarious entertainment. E. M. Buchner was chairman of the committee in charge of arrangements.

This was the first time the wives and daughters of the men were invited to the event.

Following the dinner, Howard B. Green, president of the Business Association introduced Claude C. Smith, toastmaster. Mr. Smith then presented representatives of several Swarthmore institutions. Joseph Haines, president of the Swarthmore Building and Loan Association, the only one left of the original group, founded the association 36 years ago, told of its having handled \$4,000,000 in that time, without loss to any member, and financed the building of 575 properties.

Arthur Bassett, president of the School Board, said that he was well pleased that his term had seen the attainment of three of his goals: A reduction in taxes, the establishment of greater confidence between the parents and the School Board, and the building of the new gymnasium. Dr. Bassett took this occasion to announce that he would not be a candidate for reelection to the Board.

J. Archer Turner, president of Borough Council, gave tribute to the many organizations of the Borough which make Swarthmore what it is—a good place in which to live. Mr. Turner especially urged our support of the Fire Company and the Business Association, the first of which deserves our boosting for its excellent volunteer work, and the second of which depends upon our loyal patronage in order to succeed and continue to serve us in a most efficient manner.

E. C. Walton spoke of the untiring efforts of Porter Waite in promoting athletic recreations in the Borough and asked that the twilight baseball team be supported and aided in their present need of uniforms. At the close of the evening a door prize, consisting of a quantity of Hyper-Humus, contributed by Howard B. Green, and won by W. Rein, a visitor from Conshohocken, was returned and auctioned off for \$5.00 (several times its worth), the money to form the foundation of a fund to supply the team's necessary equipment. Samuel D. Clyde was the highest bidder. One hundred and fifty dollars is needed for the purpose and it is earnestly hoped and desired that other borough residents will lend their aid to the boys of "The Hornets."

Mrs. Jesse H. Holmes, president of the Woman's Club; Mrs. A. F. Jackson, president of the Community Health and Welfare Society; Mrs. T. Harry Brown, president of the Friendly Circle, and Charles D. Mitchell, presiding officer of the Players Club, were asked to rise and greet the audience as representatives of the important factors in the life of Swarthmore to which they belong.

The evening was then turned over to Roland L. Eaton, master of ceremonies most ceremonious, who delighted the audience by presenting clever satires of local persons and problems. Many of the skits in the rollicking burlesques were composed by Mr. Eaton. Between enactments of "typical" scenes at the post office, police station, meeting of the "Plague of Women Voters," meeting of Players Club Directors, the Woman's Club Chorus, and the Fire Company "in action," musical sketches of other Borough interests were rendered by a quartet composed of James Johnstone, John Burris West, Otto Kraus, Jr., and Allen L. Putnam.

A "characterization" of J. Russell Hayes, Swarthmore's poet laureate, given by Albert N. Garrett, opened the series.

Among the performers behind the footlights were: Albert N. Garrett, Henry A. Peirsol, Jr., Ned Pyle, Frank R. Morey, John Brownell, Frank N. Smith, Walter Thorpe, William Brown, Peter E. Told, Charles Kimmell, Robert T. Bair, Titus J. Ewig, Louis Servais, F. Don Price and George Joyce.

The thirty-eight door prizes were won by the following people, after having been drawn by Buddy Eaton:

Otto Kraus, Jr., John B. West, Carroll Ogden, W. B. Keighton, James Dryden, Dr. J. Howard Smith, Walter S. James, Harold Griffin, Mrs. Robert T. Bair, Mrs. A. F. Jackson, Mrs. Thomas W. Andrew, Mrs. L. P. Wray, Dr. T. S. Anderson, Mrs. Peter E. Told, J. Horace Walter, Leonard Ashton, A. B. Keavis, Mrs. John B. West, H. G. Hopson, Mrs. Allen Putnam, Dr. George B. Sichel, Charles Kimmell, Mrs. F. Don Price, Mrs. Walter James, Mrs. Edwin A. Yarnall, Rev. Thomas A. Meryweather, Miss Eudora Sproat, Mrs. J. Paul Brown, Mrs. William Watson, Mr. A. S. Lewis, Miss Constance Kent, George Sullivan, Allen Putnam, Nathan W. Eaton, Mrs. Henry W. Jones, Mrs. Albert N. Garrett, Mrs. William Craemer and W. Rein.

The prizes were donated by the various local business houses, including Buchner's Toggery Shop, The Hollyhock Shop, Michael's College Pharmacy, Martel Bros., Suplee's Hardware Store, Shires' Drug Store, American Store, A. & P. Store, Harris & Co., Frank, the Barber, Adolph, Dew Drop Inn, C. M. Rumsey, H. B. Green, Hannum & Waite, C. R. Russell, The Gown Shop and the SWARTHMOREAN.

## "THESE FEW ASHES" TO END CLUB SEASON

### May Production at Players' Club House Next Week Directed by Roy C. Comley

With the presentation of "These Few Ashes" next week, under the direction of Roy C. Comley, the Players' Club of Swarthmore, will end another successful season. This May play is the product of Leonard Ide and has met with considerable approval both in this country and abroad.

Primarily an impudent comedy "These Few Ashes" embodies unusual romance and melodrama in its setting amid the high tempo of life in St. Moritz, Switzerland, during the height of the winter sports season at the famous resort.

All members of the cast except one have appeared before the club audiences before. Miss Ruth K. Fletcher, a drama student at present at Temple University, is the newcomer. Miss Fletcher has played many roles with other similar theatrical groups. The "old timers" who fill the remaining roles in the program are: Jane Hendrickson, Helen E. Comley, Helen C. Reed, Robert W. Graham, Samuel Evans, Jr., Stafford W. Parker, William H. Whitney, T. Lawton Slough and Roy C. Comley.

After running Tuesday, Wednesday, Thursday, Friday and Saturday evenings, May 7th, 8th, 9th, 10th and 11th, the play will be produced before the Barnstormers, of Ridley Park.

### Last Vesper Service Held

William G. Simpson, well known speaker, headed the program at last Sunday's Vesper Service at the College. This service was the last of its kind this season, the Vesper Services being resumed upon the opening of the college next fall.

Jaquette and Mrs. D. C. Prince.

## BASEBALL DOLLAR CLUB GIVEN START

### Prominent Citizens Quick to Lend Support to Local Athletic Organization

A "Baseball Dollar Club" has had its inception in Swarthmore this week to benefit the local team.

As E. C. Walton brought out in his appeal on behalf of the Twilight Baseball Team at the "Swarthmore Nite" Entertainment last week: "There ought to be 150 men in Swarthmore willing to contribute \$1.00 each toward supplying necessary equipment, including uniforms, for the team. And certainly it isn't fair to expect or even allow Porter Waite, who has already devoted so much time, energy and financial assistance to athletic projects in the borough, to tackle this situation alone."

If each of the many individuals who witness, free of any charge, the games played by "The Hornets" twice each week during the summer, would make a small donation to the support of the team at this time, he would inevitably experience a profounder enjoyment in the team's maneuvers during the approaching season, and consequently be proud of his aid toward enabling the boys to present the keenest competition possible, to their opponents on the field.

"The Hornets" are composed of the younger group of players and offer grand new material with which to build up a new team to replace the old one, the men of which have recently retired from active service on the diamond. The following boys are members of the team: "Bill" Shelley, Ralph Shelley, "Bun" Henderson, Boyd Stauffer, Horace Renshaw, "Bill" Abernathy, Jr., Arthur Cheyney, "Boots" McCandless, Gordon Finley, John Wolf, "Bob" Weiss, Howard Dingle, "Mike" Burgett and J. Flood. Porter Waite will manage the team. A junior team is being organized.

So do not delay, but follow the example already set by the following prominent Swarthmoreans who have now contributed \$1.00 or more: Samuel D. Clyde, who made the initial contribution by holding out until he was high bidder for a prize returned for the purpose of securing money for the cause at the "Swarthmore Nite" celebration.

The boys of the team will solicit the borough residents next week for funds.

### Girls' La Crosse Team Active

Your contribution is needed and will be appreciatively used for a worthy purpose.

## BORIS BLAI TO TALK AT COLLEGE TONIGHT

### Creative Education to Be Subject of Renowned Sculptor

Boris Blai, internationally known sculptor, who has been affiliated with Oak Lane Country Day School in Philadelphia for the past eight years, is coming to the Friends' Meeting House this Friday evening at 8:15 to discuss creative education and the importance of the plastic arts. Mr. Blai's work has been displayed in various places in the East, and many exhibits and parks both here and abroad contain objects by him.

His central idea will be the prominence due the plastic arts in modern education, which will be supplemented by comments on present methods and experiments in teaching. He will speak on many of the experiments now being carried out in creative education at the Oak Lane Country Day School and will attempt to point out a few of the faults in the system used at most schools at this time.

When still in his teens, Mr. Blai was brought to the notice of the Czar of Russia through work he had done while he had a Russian imperial scholarship. A few years later he took the opportunity of studying under Rodin in Paris, and remained with him until he joined the French Army in 1914. After he was wounded he came to America, where he worked with R. Tait McKenzie until he accepted the position of art head at Oak Lane. Since the school was taken over by Temple University a few years ago, Mr. Blai has taught various art classes there.

His son, Isidor, is a freshman here, at Swarthmore College.

Compare these cars for price, quality, performance and appearance. Read the advertisements of these dealers in next week's SWARTHMOREAN.

## BORO INSURANCE TO LOCAL BROKERS

### Borough Insurance Given to Bittle, Parker, Told and Walton: Milk Ordinance Amended

Borough Council at its regular meeting Wednesday evening, authorized the placing of borough insurance with four local brokers, who maintain offices in Swarthmore. William S. Bittle, Charles A. Parker, Peter E. Told and E. C. Walton will receive the insurance policies. Charles Seltzer, of Lukens, Savage and Washburn, had been handling the borough insurance for several years. Members of council expressed the opinion that local business men should be given preference if other factors were equal. The finance committee was authorized to place all of the insurance, falling due from May 1, 1935, to May 1, 1936, as nearly equal as possible among the brokers, with the exception of the automobile and compensation policies, which will remain with the Pennsylvania Manufacturers' Company.

The existing milk ordinance, No. 332, was amended by the passage of a new ordinance, No. 369, to allow council to collect permit fees from milk dealers who distribute milk in the borough from their own dairies. The ordinance provides for the issuance of permits to distribute milk or milk products in Swarthmore and prescribes a fee of \$25 each year per vehicle, for costs of periodic milk inspections.

Harry L. Miller, who has conferred with Mr. Wills, of Suplee-Wills-Jones Milk Company, suggested that a study of the milk inspection and analysis in surrounding boroughs be made. The establishment of a central Delaware County bureau for milk inspection would decrease the costs both for the communities and the milk companies, by eliminating the duplication of tests now being made in the various boroughs. J. Paul Brown, who has contacts with the representatives of nearby boroughs, and Harry L. Miller, were appointed to make this study.

N. O. Pittenger, chairman of the public properties committee, was appointed to attend the next meeting of the Swarthmore Recreation Committee. It was the opinion of the members of council they could not donate any funds to such a project.

T. E. Hessenbruch, who presided in the absence of J. Archer Turner, brought up the matter of paving Lafayette and Cornell Avenues. If Federal aid to pay for labor were obtained the materials and equipment would cost about \$12,000. After some discussion, the secretary was instructed to obtain contract prices on the paving.

The fire protective policy, of which the borough pays one-third and the Fire and Protective Association pays two-thirds, was authorized renewed with Peter E. Told at a premium of \$297.50.

Elliott Richardson, the borough secretary, was authorized to write the tax duplicate again this year at a fee of \$55.

At the public hearing, Mrs. A. F. Jackson, president of the Community Health and Welfare Society of Central Delaware County, asked council for a contribution to aid residents of Swarthmore who need assistance. Mrs. J. Passmore Cheyney was asked to study the matter and make a recommendation at the next meeting of council.

A glance over the winning owners at the big tracks will show almost any day that the men have no monopoly in horse racing.

Society will be well represented at both the Radnor Hunt and Rose Tree meetings. The Race Committees of the two clubs promise that both will be exceptional meetings.

## AMERICAN YOUTH

(Suggested by Students of Swarthmore) I am constantly amazed at the ability of American youth:

These boys and girls who accomplish difficult problems with ease,  
Their mastery of modern appliances and machinery,  
Their adjustment to the speed and action of an electrified world;  
How in sports they repeatedly exceed long standing records;  
Their appreciation and execution of difficult music,  
(The whole atmosphere today is charged with character building music).  
Being so modestly competent, but rarely egotistic,  
How they are frank and natural in love, but seldom vulgar.  
Having a feeling of equality and assurance without boldness.  
Which I think of this constant supply of growing youth,  
This impressive wave of talent and good purpose,  
The finest the world has produced, I sometimes think,  
I cannot feel that you can finally fail, America.  
Surely out of this vast supply of marvelous material,  
Men and women will appear who will understand you,  
Men and women to meet and master your complicated problems,  
To see that you continue as in the past, the pioneer nation.

## AMERICAN YOUTH

(Suggested by Students of Swarthmore) I am constantly amazed at the ability of American youth:

These boys and girls who accomplish difficult problems with ease,  
Their mastery of modern appliances and machinery,  
Their adjustment to the speed and action of an electrified world;  
How in sports they repeatedly exceed long standing records;  
Their appreciation and execution of difficult music,  
(The whole atmosphere today is charged with character building music).  
Being so modestly competent, but rarely egotistic,  
How they are frank and natural in love, but seldom vulgar.  
Having a feeling of equality and assurance without boldness.  
Which I think of this constant supply of growing youth,  
This impressive wave of talent and good purpose,  
The finest the world has produced, I sometimes think,  
I cannot feel that you can finally fail, America.  
Surely out of this vast supply of marvelous material,  
Men and women will appear who will understand you,

### AWARDED ART SCHOLARSHIP

At the Spring meeting of the Delaware County Federation of Women's Clubs held yesterday afternoon in the Swarthmore Methodist Church, Lydia Lewis, a senior in the Swarthmore High School, was announced as the winner of a four-year scholarship to the Moore Institute of Art. This scholarship is offered every four years by the Federation of Women's Clubs of Delaware County to the girl who, through character, personality, and inherent art ability, is deemed most worthy of this recognition. This is an unusual opportunity in that it offers not only full tuition for a four-year course, but also includes payment of transportation and art material expense for that time. Since the competition was keen, Miss Lewis is to be congratulated upon her selection by the committee.

SWARTHMORE'S FIRST OUTDOOR AUTOMOBILE SHOW

Latest 1935 Model Cars to Be on Display Saturday in Station Square at Baseball Field All Day

Popular Cars in All Price Classes Shown by Local and Nearby Dealers

Ever since streamlining became the vogue in automobile body construction, manufacturers each year have made many changes, mostly along lines which were founded upon the same basic principles.

The new 1935 models are no exception to the rule, but, in fact, streamlining principles are carried to even greater extremes, which may be evidenced by viewing the exhibits in the Swarthmore Outdoor Automobile Show, held under the auspices of the SWARTHMOREAN, all day Saturday, in Station Square between the south entrance of the Underpass and the Baseball Field.

All are invited to see and inspect these twenty or more cars and compare them. The display will include Buick, Hudson, Terraplane, Chevrolet, Packard, Studebaker, Chrysler, Plymouth, Dodge, Ford, Nash, LaSalle, Cadillac, La Salle and Oldsmobile.

Perhaps the most striking characteristic that first meets the eye of the observer would be the general trend toward a similarity of body shapes. This similarity is so uniform that there is not any particular make that stands out in any decided contrast.

The new cars are characterized by a freshness of conception utilizing flowing curves to carry out the modern motif.

The impression is that the new body shapes give the car an appearance of being much lower than heretofore.

The general streamline contour is carried in sweeping lines without a break through a slanting vertical grille, the sweeping line of the low hood and more slanting windshield, the beautifully moulded bodies and the flowing rear quarter panel.

The fenders are deeper and higher crowned, with sweeping skirts, combined with more especially arranged louvers, streamlined headlights and streamlined window effects.

The extra tire carriers and built-in trunks complete an ensemble which gives the car an appearance of power and grace and astonishingly creates the impression of narrow sleekness.

The new cars also embody a combination of major engineering developments aimed at increasing riding comfort, without fatigue, and as a result there has been greater advance over previous models than has ever before been shown.

The manufacturers emphasize the fact that they have produced a car that will give the passengers a more luxuriant ride which, after all, is the acme of motor car perfection.

To bring this about the methods are diverse; improved front "knee action" with

with the all-steel floor, side panels, centre posts and other members. This design also permitted the engineers to build more room in the bodies. Plymouth seats are wider. The floor has been lowered 3/4 inches, providing a lower centre of gravity and more leg and head room for the passengers.

The Plymouth engine, "cushioned" in Floating Power rubber mountings, has been moved forward over the front axle to slow down the action of the front springs and make more room for the larger body. Plymouth passengers ride between the front and rear axles, entirely surrounded by protecting walls of steel.

Clifford M. Rumsey is local agent for the Dodge line.

One of the mechanical advances seen for the first time this year is the Dodge "synchromatic" front spring action, which is attracting much attention. The suspension incorporates a rigid front axle, flexible multi-leaf springs, double-acting hydraulic shock absorbers and a rubber-cushioned synchronizing mechanism—the new Dodge ride "levelator."

More unusual details are found in the steering mechanism of the new Dodge. This is the Dodge cross-steering method in which the Pitman arm moves crosswise, instead of lengthwise with the chassis frame, as is the case with ordinary steering. This construction contributes materially to steering ease and makes it impossible for road shocks to be communicated to the steering wheel.

The patented floating power engine mountings—which have been a Dodge feature for several years—were used in the

1935 models, with a simplified front mount and relocated rear supports.

Ford Gash-Stull are the Ford dealers in Chester and Swarthmore, maintaining sales and service in both places.

The Ford for the new year incorporates a new type of spring suspension, relocation of seats nearer the centre of the car and redistribution of weight with three major engine changes and new distinctive body lines.

As a result of new springing and weight distribution a smooth ride, free from bouncing of the back seat and pitching when the car goes over road obstructions, is a feature of the new cars. The new "ride" has been accomplished by lengthening the front spring and locating it more than four inches in front of the front axle. Then the engine was moved forward more than eight inches so that its weight now rests over the front axle instead of in back of it. Front and rear springs have been made more flexible. Added chassis room permits better weight distribution and car balance. Both passenger seats have been moved forward—between the wheels—giving rear seat passengers the comfort of a "front seat" ride.

Chevrolet Lawson-Shepard, local Chevrolet dealers on Dartmouth Avenue, offer 1935 Chevrolet cars for your inspection.

A protective "turret top" of solid steel features the Fisher bodies of the 1935 Chevrolet Master de luxe models. Offering greater safety, strength and durability than ever before, the new type of body construction was designed on the principles governing the construction of battleship

gun turrets, which are known to be the strongest structures built to withstand shock.

The "turret top," a single sheet of seamless steel, extends from the top of the windshield well down below the level of the rear window opening and is welded to the sides of the body. The strength of this steel top is increased and reinforced with U-shaped bows of heavy gauged steel anchored at the sides to the strong framework of hard wood.

Oldsmobile C. W. Worst is authorized agent for Oldsmobile. He is located in Media and lives in Swarthmore.

The new Oldsmobile Six and Eight are built to conform to Oldsmobile's belief that the motorist is entitled to all that is new and better, according to C. L. McCuen, president and general manager of the company.

A complete system of sound-proofing of body, chassis and motor. Longer wheelbase and roomier interiors. Increased economy of operation by means of improved manifold and carburetion systems.

Increased power because of high compression ratios, achieved through an entirely new design cylinder head which still permits use of standard fuel. Redistribution of weight to give an even smoother ride by placing seat location between the axles.

The 1935 Nash is equipped with ball bearing steering, achieved through the use of ball bearings at the top of the steering column as well as in the roller mechanism at the bottom of the column.

Further refinements gave this new Nash a shock-free steering wheel that had no tendency to jiggle or jerk from the driver's hands over the roughest of roads. A road shock eliminator was built into the rear of the left front spring to absorb spring kick before it reached the steering wheel. The tie rods between the front wheels contain a self-adjusting device to hold the wheels straight ahead during brake application.

**LaFayette**  
Nash Sales Company also displays and sells the LaFayette. A vibration damper, located in the front of the motor, and a rubber stabilizer located under the transmission and rubber cup engine mountings combine to make the 1935 LaFayette free of irritating vibration. There is no metal-to-metal contact between the engine and the frame in the 1935 LaFayette.

**Packard**  
F. B. Francis, 12th and Crosby Streets, Chester, will show several Packard models which are favorites of Swarthmoreans. New models of Packard's three larger

cars, the "eight," "super eight" and "twelve," which have been scoring important successes since their announcement in September, are being shown in the show together with the new Packard lower priced car.

Advanced styling enters into the 1935 Packards and, at the same time, the inherent lines which have been scoring important successes since their announcement in September, are being shown in the show together with the new Packard lower priced car.

**Hudson-Terraplane**  
Taylor Motor Company, on the Baltimore Pike, in Lansdowne, will show the new 1935 Hudson and Terraplane in the Swarthmore Show.

From a performance standpoint the Hudson and Terraplane models all offer improvements for 1935 over 1934. Detailed advancement in engineering and construction in the engine has resulted in increased power without any change in the basic dimensions. As a result of these improvements the power-weight ratio of the new cars is considerably more advantageous than for 1934 with a resulting increase in acceleration, hill climbing ability and top speed.

From an appearance standpoint the cars are lower and longer. The radiator grills have been improved with a higher and narrower effect. The grills are of the pierced type and are very distinctive. The Terraplane grill retains the radial or sunburst effect of 1934, while the Hudson grills are of two types. The one on the Big Six Hudson is distinctive for that

The adoption of the new type of gear shift makes material changes in the front compartment. The shift operates from an H-plate mounted on the upper side of a bracket extending to the right on the steering column so that the shift operating mechanism falls directly below the fingers of the right hand when it is on the wheel.

**Buick**  
E. J. Powell, Inc., Garrett Road and Walnut Street, Upper Darby, are dealers for Buick.

"The Buick models for 1935," said Mr. Powell, "are the most beautiful and the most distinctive the factory has ever produced. We consider our location in our large, well-lighted, modern salesroom one of the best, right in the heart of Philadelphia's fastest-growing suburb, adjacent to a great area in Delaware and Chester Counties, represented by worth-while communities of the higher type."

**Cadillac-La Salle**  
The Cadillac Motor Company, Philadelphia Branch, announces the appointment of Howard Cornwall as the local dealer for Cadillac and La Salle. Mr. Cornwall is located at 4th and Welsh Streets in Chester. Mr. Harry Lynch, already well known to Swarthmoreans, is his service manager. These cars will be displayed at the show.

**Studebaker**  
F. B. Francis, of 12th and Crosby Streets, in Chester, also sells Studebakers. Several will be at the show for your inspection. Studebaker's new independent planar wheel suspension and the "miracle-ride" are a striking example of cause-and-effect. As such these two features must be linked in discussion. The former results in the latter.

In styling their new models, Studebaker designers obviously accomplished the seldom attained goal of "distinct personality." No other American cars look like the 1935 Studebakers, yet the lines cannot be called radical. They are truly new, yet beautifully in keeping with the lines favored by the majority of American motorists.

Determined to add even greater safety to their cars Studebaker engineers—already famous for giving their cars low centres of gravity, steel bodies and many other safety features—now add compound hydraulic brakes.

An unusual feature of the President group of 1935 Studebakers is the new "super-range" drive, which permits top speeds at greatly reduced engine speeds.

## ALUMNI REMINDED OF JUNE 1 REUNION

### Speech by Ex-Governor Sweet, "Battle of Sexes," and Bands Featured

Whether June first will mark the sixtieth or sixty-first Swarthmore College Reunion seems to be in doubt, but Alumni, students and "friends of the college" may rest assured that everything else about the day's program is all arranged. Even the weather has been "guaranteed."

Former Governor of Colorado, William E. Sweet, '90, whose address is to follow the luncheon, has selected for his subject, "The Spirit of Swarthmore in the World Today." This assures a timely and pertinent talk which will be the high spot of the serious side of the day's events.

Rumors continue to reach the committee concerning the big surprise of the day's stunt program which is to be staged as "The Battle of the Sexes" on Swarthmore Field at the close of the afternoon's fun program. One of these rumors has it that Bill Tomlinson, President of the Alumni Association, is on three weeks' trip through the middle west, engaging celebrities to take part in this "battle"; others maintain that it will be put on by strictly local talent. Enough to say here that Alumni Day visitors have never seen anything like it before—and may never again.

Another record that may fall this year is the "band" record. In addition to the band to be supplied by the Alumni Day Committee—but not to consist of it—several of the special reuniting classes are threatening to engage bands of their own and there seems to be no way to guarantee that these various bands will play

in turn. Perhaps there will even be a contest between the bands—who knows! The committee wishes Alumni to know that there will be a special children's lunch served at the same time and place as the regular luncheon. So bring your kiddies, Alumni. They—and you—will enjoy every event on the card. Reservations should be sent in promptly on receipt of the official notices, which will reach Alumni and ex-students in a few days, so that the hospitality committee may make the necessary arrangements for the big crowd that is expected back.

Special arrangements can be made for groups other than alumni classes to have supper on the campus by communicating in advance with Abby May Hall Roberts, Secretary of the Alumni Association.

### Piano Recital

A short and very enjoyable recital of piano music was given by pupils of Mr. Benjamin L. Kneidler at his residence on Princeton Avenue, Tuesday evening. In order to show the gradual development and growth of the student in the art of piano playing from the beginning to graduation, Mr. Kneidler used pupils representing each stage of advancement, ending with the brilliant playing of a pupil in the graduate stage. All pupils played with sureness and experience.

Mr. Kneidler was requested to give a brief description of the well-known Progressive Series Course of piano lessons which is used by thousands of teachers, universities and schools all over the world as the basis of a standardized piano course. This course has many advantages over the old style of piano instruction, as all phases of musical knowledge are covered at the private lesson or in the class.

After refreshments were served to the assembled guests the evening was closed with a short group of piano selections played by Miss Alyce Bianco.

The performers taking part were Alyce Bianco, Richard Kepler, David Morgan, Eugene Underhill, Jr., Florence Given, Russell C. Kneidler, Lloyd Fesmire, Theresa Valenti.

### Hedgerow Theatre

Shaw's "Saint Joan," which has been out for over half a year, will return to an active place on the Hedgerow repertory tomorrow night. This story of a peasant girl who saves France only to get hate, jealousy and condemnation for her reward, is played with Catherine Reiser in the title role and Sol Jacobson, Tony Bickley and Irving Poley in the supporting cast. In the afternoon will be another special children's matinee of the "Emperor's New Clothes," by Charlotte Chorpenn. This delightful fantasy about two zanies who find adventure in a Chinese

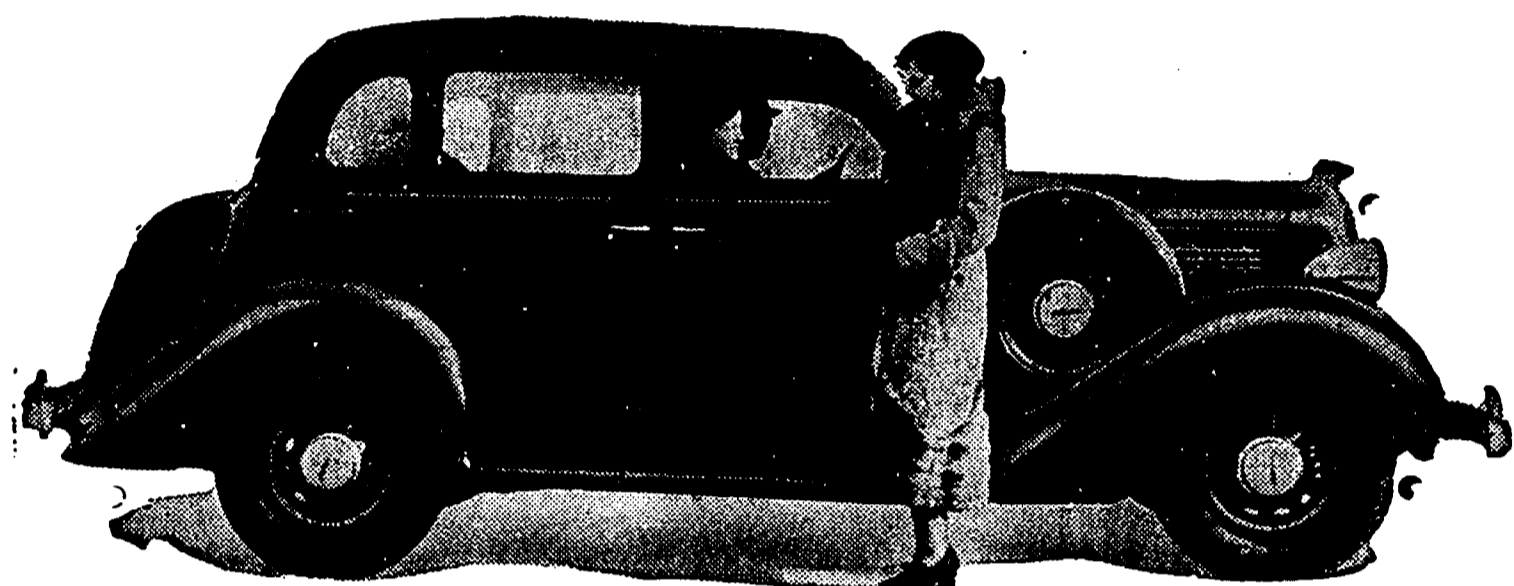

village is taken from the Hans Anderson fable of the same name. In the cast is Harvey Welch, Douglass Parkhurst and Walter Williams.

Tonight the Rose Valley Theatre presents the story of a fagot-maker who found himself to be a "Physician in Spite of Himself." Moliere's satire on the medical profession has in its cast Harry Sheppard, Adrienne Bancker and Mary Esheick.

On Monday "Saint Joan" will again be played with the same cast that reopened it Saturday night. Jasper Deeter presents "An American Tragedy" on Tuesday night. It is Erwin Piscator's German stage version of the Dreiser novel which is the latest addition to the Hedgerow repertory. Translated into the English by Louise Campbell, the large cast of thirty-five is headed by Joe Taulane, Ruth Oliver and Ann Clark.

The sole performances of the month for Shaw's "Candida" and O'Neill's "The Emperor Jones" are on Wednesday and Thursday nights with Jasper Deeter playing his original role in both shows. The title role in the Shaw opus will be Miriam Phillips and Harry Sheppard will play the part he created at Hedgerow in 1923. The part of the ex-Pullman porter who becomes king of the jungle will be played by Arthur Rich with Teresa Harris in the supporting cast. Next Friday night "Winesburg, Ohio," the story of small town life by Sherwood Anderson and Arthur Barton, will have in its cast Sol Jacobson, Rose Schullman and Ferd Nofel. Hedgerow is preparing its one hundred and eleventh addition to the repertory, which will take its place on the boards on the 25th of this month. It is to be "Beauty Slain," a newspaper comedy-mystery by Musselman and St. John.

TO OUR E. C. V.

Dear Editor:

Can you persuade some gifted Swarthmorean to write a tribute to E. Clayton Walton, for your paper?

His most recent contribution to your columns, "American Youth," is so heartening, renewing our sometimes faltering confidence in youth: his everyday cheerful presence in his office and on the street, his appreciation of nature's beauties, and of human emotions, his hearty laugh and melodious whistle, his clever, spontaneous verse, are an inspiration to all! And words

of appreciation now are so much more worthwhile than eulogies and flowers later. Yours truly,  
Sarah W. Passmore.

ANOTHER DOG DITTY

The following clipping has been sent to the editor by a subscriber, who has been perusing with interest, the various communications concerning that poor mistreated mammal, the dog, recently printed in this paper.

"I love to catch that little dog"  
"And pat him on the head,"  
"So prettily he scratches there"  
"In my new flower bed."  
"O yes, I love my neighbor's dog"  
"That capers in my yard,"  
"But, tied up to a tree at home,"  
"I'd love him twice as hard."

"But I'd much rather if the chap"  
"Who owned a dog, would bark"  
"To protests of his fellowmen"  
"About that canine's bark,"  
"Or either kick him in the slats,"  
"Or hold him by the nape"  
"Of neck and firmly bind his jaws"  
"With strong adhesive tape."

### Camp Sunshine Daily Routine

Many who have heard mention of Camp Sunshine, the Delaware County Summer Camp for undernourished children, have asked what the children do during their stay. Their days are exceedingly well filled, as can be seen from this schedule:

At 7:00, they jump out of bed when they hear bugle call. At 7:15, dressed and washed, they assemble and salute the flag rising in the morning sun, after which a few morning exercises.

At 7:30 they hear the welcome strains of mess call. A substantial breakfast goes down hungry mouths. They then return to their quarters and prepare for inspection, which occurs at 9:00, when tents, bunks and children are all examined for cleanliness.

At 9:45 comes a free period, at 10:00, organized games or short walk; at 10:30, swimming. Then at 11:00, the children walk over to the dining pavilion for crackers and milk.

At 11:15 starts a half hour rest period, followed by a half hour free period. At 12:15, they prepare for lunch.

Lunch lasts until 1:30. The children are usually quite hungry. Then they rest in their quarters for one hour. From 2:30 to 3:00, they play various games, followed by another walk to the dining pavilion for crackers and milk.

At 3:15, they are taken for a hike lasting about forty-five minutes. From 4:00 to 4:45, they do as they please. Then they have one hour of organized games, followed by preparation for supper.

Supper lasts one hour, from 5:30 to 6:30. The flag is then lowered, with children standing at attention. There follows a period from 6:45 to 8:00, when they play games, show visitors around the camp, etc.

## RESERVOIRS

The amount of rainfall varies from year to year. Wet years and dry years seem to run in cycles. Water supplies must be designed so that during a dry season, and particularly during a series of dry years, there shall be no suffering for lack of water in the district served. The natural flow of the streams during these dry seasons becomes so low that there is not enough furnished by nature to supply the requirements of consumers.

This deficiency in the flow of streams must be counteracted by establishing a reserve supply of water in storage reservoirs. This water is accumulated during a wet season when the streams are carrying more water than is being used.

The Philadelphia Suburban Water Company maintains over four billion gallons of water in such reservoirs. This supply is sufficient to provide for your needs for three-fourths of a year without a drop of rainfall.

This is the tenth of a series of instructive narratives dealing with the wonders of nature and the human accomplishments which make it possible for you to have a plentiful supply of water at all times. Look for the next narrative in this paper two weeks from today.

Professor Hering Lectures Here

That Christian healing, as practiced by
Christ Jesus and His disciples, can be
accomplished here and now, was stated by
Professor Hermann S. Hering, of Boston,
in a lecture given Thursday evening, May
16, in Clothier Memorial of Swarthmore
college, under the auspices of the First
Church of Christ, Scientist, of Swarthmore.

The lecturer, who is a member of the
Board of Lectureship of the Mother
Church, the First Church of Christ, Sci-
entist, in Boston, Massachusetts, stated that
the world is evidently in need of healing—
relief from sin, sickness, sorrow and suf-
fering—and in need of a better means of
healing than is now in general use. He
said that Jesus' disciples practiced Chris-
tian healing for about three hundred years,
and that Jesus set the standard of perfect
healing before humanity, but that His
method of healing is not now generally
understood, because it was accomplished
spiritually and requires spiritual under-
standing to grasp it.

He emphasized the necessity of seeing
the unreal and insubstantial nature of mat-
ter, and the importance of grasping the
mental nature of existence, in order to
understand how physical healing can be
and is being accomplished through prayer
or spiritual means. True healing, he in-
dicated, can be accomplished only by spiri-
tually mental means.

Through the right knowing of God, and
of His spiritual creation, the lecturer de-
clared, divine Truth and Love are reflected
in the human consciousness, are brought
into action there and are brought to bear
upon human errors and problems, thus
effecting a change of consciousness, with
healing results.

Prof. Hering held that success in Chris-
tian Science healing depends upon the
clearness with which the real is known;
and the clearness with which the noting-
ness of the unreal is seen; upon the accu-
racy, persistency and patience with which
Truth is applied to the error; and upon
the spirituality of consciousness, the near-
ness to God.

Mary Baker Eddy, the Discoverer and
Founder of Christian Science, has made
all this possible, the lecturer affirmed,
through her scientific and spiritual inter-
pretation of the Bible, especially of the
words and works of the Master. Her
proof that the Bible is true, he added,
stands out as the most significant achieve-
ment of this age, for thereby the truth

### RACES AT ROSE TREE TWICE THIS WEEK

As Usual, Spring Meet Presents a Riot of Color and Entertainment

The elite of Philadelphia are attending the Rose Tree Races on Wednesday and Saturday of this week. Many out of town owners and riders are attending the meeting. Rose Tree is looking its best at this time of year.

The meeting itself from the racing standpoint is well worthy of its brilliant setting. Very high class steeplechase

horses, several of which have been brought up from Pimlico, are seen in the steeplechase events. A very fine entry is shown in the cross country races, while the flat events are just as high class as usual.

Rose Tree's famous dumbbell track is known to be very good and owners do not hesitate to run good horses at the Rose Tree meetings.

The cross country course has been stiffened up and as the horses are in full view of the spectators in this race, the two timber races are most interesting and full of thrills.

The reservation of boxes has been heavier than for several years.

Governor Earle, himself an expert horseman and polo player has a box in the front row. In the judges' stand are the following: Mr. Frank J. Bryan, of the National Steeplechase and Hunt Association, steward at the big eastern tracks, is one of the stewards.

Edw. J. Brennan, secretary of the Maryland Jockey Club, is acting as judge and general head of the racing end of the meeting. In addition, such well known horsemen as Mr. John Strawbridge, Mr. William M. Kerr, Mr. Edward F. Beale, Mr. Edward M. Cheston, Mr. Robert Glendinning, Mr. Victor C. Mather, Mr. William J. Clothier and others act as officials in one capacity or another.

This spring meeting promises to set a new record not only for attendance but also for high class racing. There are flat, steeplechase and cross country races each day and the races as usual take place, rain or shine. The first race each day starts at three o'clock, daylight saving time, and is followed at half hour intervals by the other races.

### Inaugural Luncheon Ends Club Year

(Continued from Page 1)

These women responded with amusing stories of "the good old days."

The brave tradition of the Club was next traced through the reminiscences of past-presidents. Mrs. Holmes introduced first the honorary president of the Club, Mrs. Albert G. Thatcher, who was for twenty-seven years president of the Corporation Board. The following past-presidents were then called upon, and each gave a picture of the conditions and accomplishments during her administration:

Mrs. William J. Hill (1909-1913), Mrs. Martin Young (1913-1915), Mrs. Edwin Yarnall (1915-1921), Mrs. Robert Costes (1921-1923), Mrs. Lovett Frescola (1923-1927), and Mrs. William Earl Kistler (1927-1933).

The story of the Club as brought out by these speakers was full of amusing incidents, but it also showed a steady growth of accomplishment. Such things as the building of the club house, the struggle over woman suffrage, and the starting of a library, were important milestones in the history of the Club. Much hard work and personal sacrifice lie behind the achievements of this organization which has come to fill such an important place in the community; but from the statements of these women who have done so much in shaping its noble tradition of service, the satisfaction and joy in the work have outweighed all else.

### Additional Grant of \$2,800 to School

Federal Government Approves Added Grant for Gymnasium; Tax Rate Same as Last Year

Announcement was made at the adjourned meeting of the school directors held at the high school Monday evening that an additional grant of \$2,800 from the federal government was received making the total grant \$26,500 on the gymnasium project.

The school tax rate was set the same as last year at 22 mills and a per capita tax of \$2. Of the 22 mills levied for school purposes, 6 mills goes to debt service, 2 mills toward payment of minimum salaries of teaching and supervisory staff and 14 mills for general purposes.

The 1935 school budget estimated at \$161,230 derives the income from the following sources: Balance from 1934—\$300, current taxes—\$108,000, delinquent taxes—\$10,000, state appropriation—\$28,430, tuition—\$14,000, and miscellaneous—\$500.

The distribution of the budget as adopted allotted \$4,640 for general control, \$93,819 for instruction, \$5,800 for auxiliary agencies, \$17,610 for operation of plant, \$3,200 for maintenance of plant, \$4,000 for fixed charges, \$29,211.25 for debt service and \$2,223.75 for capital outlay.

Nathan Bell, of Mansfield, N. J., was elected teacher of English and Social Studies in the Junior High School to fill the vacancy caused by Mrs. Helen Hall's resignation.

A letter from solicitor Claude C. Smith was read explaining the recent acts passed in the State Legislature concerning the abatement of penalties on school taxes if the taxes in arrears are paid off at the rate of at least 20 per cent a year over a period of five years.

**George Gillespie, New Commander of Legion Post**

The final meeting of the Harold Ainsworth Post, American Legion, was held last Monday night at the Post room in Borough Hall. The attendance was high and marked it as one of the best meetings of the year. Dr. George H. Cross, member of the Post, an ophthalmologist of Chester, gave a very interesting illustrated lecture on "Experiences of an Eye Specialist During the World War." He told of many cases of facial reconstruction of wounded veterans at the base hospital at Cape May. His slides displayed the marvels of facial surgery, showing how faces are fitted and patched, how glass eyes can be inserted, and scarred faces remedied to look almost as they did before the injury.

Officers were elected for next year as follows: Commander, George Gillespie; Vice-Commander, Alben T. Eavenson; Adjutant, Harry Lang, and Finance Officer, Howard Hopson. The door prize, offered by Russell's Service Garage was won by Robert T. Blair.

The Post members are planning to attend in a body the services at the Episcopal Church next Sunday morning at 11:00 o'clock. The service will be in charge of the Reverend Mr. J. Jarden Guenther.

As the SWARTHMOREAN goes to press word is received of the death of George C. Barber, 3rd, of Ogden Avenue, at Ventnor, N. J., on Thursday morning.

### MEMORIAL DAY PLANS

The Reverend Dr. Morton S. Enslin, of the Crozer Theological Seminary, will be the speaker at the Memorial Day service to be held in the Swarthmore Methodist Church next Thursday morning, May 30, at 11:00 o'clock, following the annual Memorial Day parade. Dr. Enslin is well known to Swarthmore men as a speaker of force whose service in the Navy during the World War and whose work in the ministry since have provided a keen understanding of the sacrifices made by the men in the Service. The public is invited to attend this service.

The exercises of the day will begin at the monument of Borough Hall, when the roll of the deceased Swarthmore ex-service men will be read, beginning with Harold Ainsworth, for whom the Post is named. The invocation will be given by the Post Chaplain, Reverend Thomas Meyerwater.

Following these exercises at the monument, the parade will form on Park Avenue to march to the cemetery for the exercise at the grave of Harold Ainsworth. The members of the Legion, the Legion Auxiliaries, and the Legion Auxiliary will join the parade. On the return march the parade followed by girls, scout boys and school children. Flags are being provided for the children to carry on this occasion. As many as wish are invited to join the parade. On the return march the parade followed by girls, scout boys and school children. **DR. A. F. JACKSON TO HEAD PLAYERS CLUB**

Results of Annual Election of Officers Announced Recently at Closing Performance

The results of the annual election of officers of the Swarthmore Players Club were announced during the acts of the last performance of the season on May 11th, by the president, Charles D. Mitchell.

Following nominations at the business meeting on April 8th, ballots were cast each club night of the week of May 7.

Dr. A. Francis Jackson was elected president of the club. Dr. Jackson is next to the oldest active member of the club and with Mr. Mitchell, the retiring president, has been greatly influential in its success. His membership is of about 23 years standing, during which time he was chairman of the cast committee for many years, as well as director and player. He is one of the three members of the club's building committee of which Mr. Mitchell was chairman.

The vice-presidency will be filled next year by John Dalman, Jr., who also is well known for his accomplished directing and acting at the club.

George W. Andrew was again re-elected to the office of treasurer. Next year Mr. Andrew, the oldest member of the club, will have held this office for 25 years, which fact makes any explanation of his capability efficiency, superfluous.

George W. de Forest will fill the secretary's office at the club for the coming year, while on the Board of Governors have been placed the names of Roland G. E. Ullman and Charles D. Mitchell, for a three-year term; C. Wahl Olmes and D. Malcolm Hodges, for a two-year term, and R. C. Conley for one year.

**George C. Barber, 3rd**

The final meeting of the Harold Ainsworth Post, American Legion, was held last Monday night at the Post room in Borough Hall. The attendance was high and marked it as one of the best meetings of the year. Dr. George H. Cross, member of the Post, an ophthalmologist of Chester, gave a very interesting illustrated lecture on "Experiences of an Eye Specialist During the World War." ### LOCAL CHILDREN LOSE NO TIME IN ENTERING SWARTHMOREAN CONTEST

The Swarthmore Summer Adventure Opportunity has opened with a "bang" this year, more entries and larger totals of votes having been turned in to date than ever before.

Since the contest began last Friday the votes have been arriving in a steady stream. Evidently some boys and girls are not taking any chances on not being a winner in this year's event. Of course, although many do not even dream of winning the major prizes, a choice of a fully equipped bicycle or (if a scout) two weeks at Camp Delmont or Camp Indian Run, they make up their minds to win one of the numerous lesser prizes, such as baseball gloves, roller skates, swimming suits, tennis rackets and balls, cameras and sweat shirts.

So if you have not already entered the contest fill out the coupon in this week's paper and hasten to do so. Then get all your friends to get vote coupons for you everytime they make a purchase of \$1.00 or more in any store advertising in the SWARTHMOREAN. Place your name, or that of the person for whom you are working, on all the coupons you get, and drop them through the letter slot in the door of the SWARTHMOREAN office, at 417 Dartmouth Avenue. It will be a real thrill to see how your total compares with the others in each week's paper.

You never can tell how many friends may work for you—this week several names were entered in the contest by friends wishing to surprise the children.

The contest will not end until June 26th at 6 p. m., so there is still plenty of time to get your name into a choice spot on the list.

### APPEALS ON BEHALF OF SALVATION ARMY

Everyone Who Has Not Contributed Urged to Do So as Campaign Draws Near Close

Eric S. Sproat, of the Swarthmore National Bank, an ardent worker in the Salvation Army Campaign, has requested that the SWARTHMOREAN publish an appeal on behalf of the National Campaign contributed in this year's drive. It is hoped that all of these people who are able will make some donation to the organization during the coming week.

This week the glass jar which has stood in the bank these past few weeks to receive chance contributions, was opened upon becoming filled and \$21.05 totaled by its contents.

"From letters received there must be many residents in our suburban sections who have not yet been asked for their contributions to the Salvation Army campaign," Blackwell Newhall, General Chairman of the Greater Philadelphia Maintenance Fund Campaign, gave that as his opinion at the recent report luncheon.

"We are deeply appreciative of the help that has been given us," said George E. Hill, chairman of the Suburban Division. "We have passed the halfway mark, and we want to reach our quota not later than June first."

Every day letters are being received from those who have had to seek the aid of the Salvation Army at some time of crisis in their affairs. These small but sincere gifts are evidence of the heartfelt thankfulness that the services of the Army "How much more ready" commented Horace P. Liversidge, chairman of the Salvation Army Advisory Board, "should those who have been fortunate enough to get through this depression without reaching bottom, be to contribute to a cause that has no valiantly preferred itself."

Mr. Liversidge appeals to all who have not given, to give something. "It will be bread cast on the waters," he declared, "and it will return to you in blessing and the knowledge that you have lent a hand to the helpless."

Your contribution will be most gratefully received at the Swarthmore Bank or the SWARTHMOREAN Office.

### FOUR ACCIDENTS IN BORO THIS WEEK

Several Swarthmoreans Injured in Automobile Collisions

At 10 o'clock Wednesday morning, a car driven by Mrs. Louis A. Shepard, of Providence Road, collided with another driven by Mrs. J. Gardon Muncie, of Cornell Avenue, Swarthmore, at the corner of Harvard and Cornell Avenues.

Mrs. Shepard's car was proceeding west on Harvard and Mrs. Muncie's north on Cornell. The car of Mrs. Shepard overturned and her 79 year old mother, Mrs. Marshall in charge of the parade and sister, Miss M. F. Rowland, of Philadelphia, who were passengers in the car, received injuries about the face and head and suffered shock. After being examined by Dr. Rowley they were taken to the Taylor Hospital, Ridley Park. Mrs. Shepard was apparently uninjured. The car was badly damaged.

Mrs. Grace Livingston Hill Lutz was riding with her daughter, Mrs. Muncie, when the accident occurred. Neither woman reported any injuries.

At 1:55 Wednesday afternoon, at the corner of Cedar Lane and Baltimore Pike, a car driven by John D. Greenfield, of Philadelphia, and a Ford truck, operated by Lawrence Bisset, of Malvern, Chester County, Pa., collided. No injury was evidenced by the men.

Two identical accidents occurred at the intersection of Cedar Lane and Swarthmore Avenue within 48 hours of each other last week end.

On Thursday afternoon Mrs. Wayne Mosteller, of Park Avenue, Swarthmore, was traveling toward Baltimore Pike when her car collided with a truck coming south on Cedar Lane. Mrs. Mosteller was accompanied by her five months old baby and her mother-in-law, Mrs. E. W. Mosteller, of Philadelphia. Early this week Mrs. Mosteller and the baby were still confined to bed suffering severe bruises and shock in addition to which Mrs. Mosteller had received a bad cut on her head and on one leg. Magistrate David M. Ulrich held Carl A. Burkett, of Bridgeport, Pa., the truck driver, under \$500 bail for a further hearing.

About 8:30 Saturday morning the car of Mr. and Mrs. A. H. Osterman, of Rutgers Avenue, Swarthmore, in the precise position Mrs. Mosteller's car had occupied in the first accident, collided with a car driven by John M. Rice, Swarthmore College student, coming down Cedar Lane.

Mr. and Mrs. Osterman were on their way to Washington on the week end when the accident occurred. They were badly shaken up and bruised. In both accidents each of the vehicles was badly damaged.

### TENNIS CLUB WILL OPEN COURTS SOON

Election of Officers and Final Arrangements for Coming Season Recently Made

The Swarthmore Tennis Club has completed arrangements for the coming season. The men's courts at the college will be used again and will be available for play about June 4. At a recent election the following officers were elected: E. H. Taylor, president; J. C. Spahr, vice-president; Robert T. Brown, secretary-treasurer; William C. Hall, manager and captain of the team, and Tom Baird, tournament manager.

It was decided to continue the club dues at the same rate as last year—\$5 each for men and women, \$8 for a family membership and \$2.50 for juniors. A large membership is again in prospect. The club's annual tournament, culminating in the July 4th championship matches, will be run with more dispatch and efficiency this season. For that reason the innovation of a tournament manager is being tried. The club's policies otherwise will remain the same that have made it so successful over the past several seasons. They consist simply in providing an opportunity for those who wish to play in well-kept courts at a reasonable cost. Preston Buckman, one of the most promising younger players, will have charge of the courts. He had charge of them a part of the time last summer and in addition looked after the girls' courts at the college.

Those wishing to join the club can obtain membership cards with William T. Brown, 320 Cornell Avenue.

### COLLEGE TO PRESENT IRISH COMEDY

#### Piece Which Brought Riots in Dublin for Commemorative Guests Next Week-end

This year's renewal of the Little Theater Club's annual commencement week play has been chosen and is already in rehearsal under the able direction of Miss Beatrice Beach, whose work has meant so much to the success of the past year. Keith Chalmers of the class of '37 is taking the male lead and will be assisted by Miss Holly Ross, also of the sophomore class, as the principal female character. The comedy, J. M. Synge's "Playboy of the Western World," is one of the most controversial pieces of drama ever to have been produced. When it first appeared in Dublin as produced by the Abbey Players, it was interrupted every night for a week by an organized disturbance. It had what has been called "one of the stormiest births in the history of theatrical creation." The play will be presented at Swarthmore College next Friday and Saturday evenings.

A satire on the cruelty and harshness which underlies the sentimentality of the people of "the West country," the "Playboy" aroused criticism both because it dared to suggest such a theme to the millions to whom Irish sentiment is sacred and because it was bold enough to bring to the stage the actual manner of speaking of the Western peasant. The result of these innovations was severe rioting throughout the entire first week of its opening run, rioting which has been renewed from time to time by Irish or Irish sympathizers in audiences ever since.

It is expected by those who have watched the rapid rise of Swarthmore College Dramatics during the past year that this piece will be the highlight of the season, and will be a fitting welcome to the homecoming alumni.

### Fire Company Plans for Parade

The Swarthmore Fire Company will participate in the Delaware County Firemen's Parade at Chester on June 15th. They will have a band of twenty pieces led by Lieutenant Eckenroth, who leads the prize winning P. R. T. Band of Philadelphia.

The parade committee is working hard to make the best showing possible with both apparatus and men. They would like all active and contributing members, or sons of same who are over twenty-one years of age, to parade, as they desire to have forty men in line exclusive of the band. The men are being drilled by a member of the Pennsylvania National Guard.

The Borough Police car will accompany the apparatus in the parade and will be in touch with Police and Fire Headquarters at all times. The Morton and Springfield Fire Companies will be available for any alarms sent from Swarthmore.

### "The Hornets" Play Tomorrow

Swarthmore has upheld the suggestion made by E. C. Walton at the "Swarthmore Nine" celebration several weeks ago, and raised \$900 more than the \$150.00 needed to provide equipment for the Twilight Baseball Team. Since last week's issue of the SWARTHMOREAN several more contributions have been received, those making the donations being: I. L. Nickerson, William Sprout Lewis, Edward Elmsie Pyle, Ned Pyle, Dr. L. Fussell, Joseph S. Bates, D. A. Hills and Dr. F. A. Fatman.

Certainly this exhibition of interest will prove a great encouragement to the team of "The Hornets," who will play their first game this season, in their new uniforms, at 2:30 tomorrow afternoon, Saturday, May 25th, on the College Field next to the railroad station. The opposing team will be the "Hornets" of the University of Pennsylvania.

The parade committee is working hard to make the best showing possible with both apparatus and men. They would like all active and contributing members, or sons of same who are over twenty-one years of age, to parade, as they desire to have forty men in line exclusive of the band. The men are being drilled by a member of the Pennsylvania National Guard.

The Borough Police car will accompany the apparatus in the parade and will be in touch with Police and Fire Headquarters at all times. The Morton and Springfield Fire Companies will be available for any alarms sent from Swarthmore.

### "The Hornets" Play Tomorrow

Swarthmore has upheld the suggestion made by E. C. Walton at the "Swarthmore Nine" celebration several weeks ago, and raised \$900 more than the \$150.00 needed to provide equipment for the Twilight Baseball Team. Since last week's issue of the SWARTHMOREAN several more contributions have been received, those making the donations being: I. L. Nickerson, William Sprout Lewis, Edward Elmsie Pyle, Ned Pyle, Dr. L. Fussell, Joseph S. Bates, D. A. Hills and Dr. F. A. Fatman.

Certainly this exhibition of interest will prove a great encouragement to the team of "The Hornets," who will play their first game this season, in their new uniforms, at 2:30 tomorrow afternoon, Saturday, May 25th, on the College Field next to the railroad station. The opposing team will be the "Hornets" of the University of Pennsylvania.

### COLLEGE TO PRESENT IRISH COMEDY

#### Piece Which Brought Riots in Dublin for Commemorative Guests Next Week-end

This year's renewal of the Little Theater Club's annual commencement week play has been chosen and is already in rehearsal under the able direction of Miss Beatrice Beach, whose work has meant so much to the success of the past year. Keith Chalmers of the class of '37 is taking the male lead and will be assisted by Miss Holly Ross, also of the sophomore class, as the principal female character. The comedy, J. M. Synge's "Playboy of the Western World," is one of the most controversial pieces of drama ever to have been produced. When it first appeared in Dublin as produced by the Abbey Players, it was interrupted every night for a week by an organized disturbance. It had what has been called "one of the stormiest births in the history of theatrical creation." The play will be presented at Swarthmore College next Friday and Saturday evenings.

A satire on the cruelty and harshness which underlies the sentimentality of the people of "the West country," the "Playboy" aroused criticism both because it dared to suggest such a theme to the millions to whom Irish sentiment is sacred and because it was bold enough to bring to the stage the actual manner of speaking of the Western peasant. The result of these innovations was severe rioting throughout the entire first week of its opening run, rioting which has been renewed from time to time by Irish or Irish sympathizers in audiences ever since.

It is expected by those who have watched the rapid rise of Swarthmore College Dramatics during the past year that this piece will be the highlight of the season, and will be a fitting welcome to the homecoming alumni.

### Fire Company Plans for Parade

The Swarthmore Fire Company will participate in the Delaware County Firemen's Parade at Chester on June 15th. They will have a band of twenty pieces led by Lieutenant Eckenroth, who leads the prize winning P. R. T. Band of Philadelphia.

The parade committee is working hard to make the best showing possible with both apparatus and men. They would like all active and contributing members, or sons of same who are over twenty-one years of age, to parade, as they desire to have forty men in line exclusive of the band. **MADE TO ORDER**

As you turn on the lights this evening, here is something you might bear in mind.

"In a moment this room will be flooded with light. But the electricity which will do that work has not yet been 'manufactured.' The great generators are now turning at their appointed speed, but the current that will make these lamps glow has not yet been created."

Then throw the switch and, presto, the lights are made to glow by electric energy that has sped to you over wires and through insurable coils and other apparatus at the incredible rate of 186,000 miles a second.

It is the responsibility of this Company to make certain that whenever and wherever you want this magic force, it will be "manufactured" for you and delivered to you in the split fraction of a second.

**THE SWARTHMOREAN**

**A LITTLE-KNOWN LOCAL CHAMPION**

In a recent issue of the SWARTHMOREAN mention was made of a table tennis match which was won by Ruth Helen Wilson, of 8 Ogden Avenue, Swarthmore.

The story of Ruth's record in this game is both entertaining and amazing. Three years ago when Ruth was ten, her father started to play with her. He is a good player, but Ruth soon was able to win most of the games. After conquering father, she played men in the Springfield Club and nearly always won. Later she met four experienced men belong to other club teams and on one occasion beat four of them in succession. In March this year, she played in the matches at the Sportsmen's Show in Philadelphia and rounded out by winning from the woman champion of Pennsylvania, for which she received a cup. This brought the attention of tennis table players and a challenge came from Boston to meet the woman champion of Massachusetts in a special match. Some friends agreed to drive her to Boston and there she found real opposition, but ended victor by the following score: 12 to 21, 21 to 16, 24 to 22.

Considering her age, now thirteen, the fact that she has played men and women much older and used to tournament playing, her record is certainly outstanding.

"Indians" Open With a Win

The Swarthmore Indians won their first box lacrosse game Wednesday evening when they defeated the Philadelphia Comets to the tune of 10-7 in a hard fought battle at the Indians' field in Swarthmore.

Bud Hickman, former Swarthmore College star, drew first blood for the Indians by scoring early in the opening period and also took honors for the evening by tallying three goals. Kastree, former halfback for Navy, led the Comets with two goals to his credit.

The first period ended in a 2-2 deadlock, but with the start of the second period the Indians put on a spurt, scoring five goals to the Comets' one. Kastree, playing a fine game at defense, kept the Indians down to three goals in the last period, while his teammates rang up four counters.

Goals: Bud Hickman, 3; Green, Kastree, Howard, Ford, 2; Waite, Joyce, Percy Belfield, Bill Hickman, Ray Fellows, Radcliff, 1.

Penalties: Waite, 3; Kahler, Subel, Russell, Kastree, Radcliff.

Time: Three 15-minute periods. Referee: Gatchell and Goldsmith.

The May meeting of the Board of Directors of the Nursing Division of the Community Health Society was held on May 9th in the Borough Hall, with the president, Mrs. A. F. Jackson, presiding. Miss Charlotte Eaton, Supervising Nurse, reported as follows:

"Our nursing program has continued to be a full one throughout April. In all, 620 visits were made. The visits to patients with non-communicable disease were 314, just the same number as in March, and there were 26 more calls needed in April to those with communicable diseases.

"Although we nursed 7 people with grippe, our patients with respiratory diseases in general were few as compared to March. 127 treatments were made for the benefit of infants and preschool children. There were several chronic patients under our care. I had promised the doctor to transport one of these, a Finnish woman, to the hospital of the County Home, when there should be a vacant bed. The morning I called for her she was worse, so the task appeared a difficult one. I called several places for an ambulance, but none were available. Finally two Folsom firemen came to the rescue, bringing her down to the car on their stretcher. As she was tall and heavy it would have been impossible for the friendly neighbor men who had gathered, to carry her down in their arms without discomfort to her. I realized that the most important thing was to get her into her hospital bed as soon as possible. What was my dismay to find that Onlookers aided us, however, by going ahead to the office and explaining our need for help.

"One of our grateful mothers for whom we lately secured an elastic stocking through the Ridley Park Welfare Committee, was glad to perform some service for us by folding surgical dressings.

"It would appear that in April more moderate and excellent means realized what a help our nursing service might prove to them. We were frequently called in for baths or for some special treatments, under medical direction; in fact, when skilled nursing care was essential but when they felt it unnecessary to have a trained nurse remain in the home for full time.

"During the Easter egg hunt in Swarthmore, which started from the Borough Hall, a little boy came in for first aid, having seen the Red Cross sign. In his excitement he had tumbled, rubbing much of the skin from his knees and the palms of his hands. He was revived in time to continue the hunt!

"Our seven health centers continued to serve many mothers who otherwise could not have afforded to have complete physical examinations of their babies and medical advice on diet and other health habits.

"Early in the month the children in the Smedley School, Morton, were weighed and measured. The gains were quite gratifying. Special attention is being given

to the few who have lost or whose weight is stationary.

"As for our staff education, the outstanding event of the month was the Red Cross Convention in Washington, D. C., which I attended for two days. Many of the lectures were very fine. Among the speakers were Hon. Henry Wallace, Secretary of Agriculture; Miss Katharine Lenroot, Chief of the Children's Bureau, and Admiral Grayson, Head of the Red Cross.

"In closing this report, I wish to give a very hearty vote of thanks to Mrs. Palmer Hinchliffe, one of our Board members, who while I was away gave her services as trained nurse on three half-days, on one of which she assisted at the Woodlyn Toxoid Clinic; and to give another hearty vote of thanks to Mrs. J. Warren Passmore, who gave two mornings following the completion of renovations which will begin about September 1.

"Pupils of Edna Coste Colafemina will give their final concert of the season at The Gables, South Chester Road, on Saturday evening, June 8.

"A violin ensemble, including twelve violins, viola and piano, will open the program with four folk dances, Dutch, Russian, Hungarian and Tyrolean. Other solos, duets, trios and quartets will be played by students, each of whom will play a solo and in an ensemble group. Composers represented will include: Mendelssohn, Bocherini, Gosses, Dancla, Borowski, Grieg, Pleyel, Handel, Mozart and Wieniawski.

"At the close of the program prizes will be awarded for the best music-club-book, practice record, and composition on musical subject. There will also be several surprises. Refreshments will conclude the evening.

"Pupils participating in the program include: Dween Lingle, Winifred Park, James and Steven Smith, Buddy McClure, Cenza Colafemina, Herbert Fraser, Ford

Wiggins, Richard Delaplaine, Naomi Wright, Margaret Shoemaker, Ernest Lange and Wilson Chambers. Parents and friends are cordially invited. The program is scheduled for 7:30 promptly.

## OUR SWARTHMORE VETERAN OF THE CIVIL WAR

Swarthmore is honored in having as her only resident veteran of the civil war, Mr. William Shields Motheral. Mr. Motheral was born in Beaver County, Pennsylvania, May 5, 1846 and was, therefore, slightly more than nine years of age at the present month. At the age of eighteen, he enlisted in the 5th Pennsylvania Heavy Artillery and was mustered out at the close of the war. He saw active service, largely in Virginia, participating in a number of engagements, among them several with the famous Mosby's guerrillas, and saw hard service in the preparation for Sheridan's raid into the South. At the close of the war, Mr. Motheral entered the service of the Pennsylvania railroad with which he was connected for forty years in the freight department, as special agent for the transportation of oil. His business life was spent in Oil City, Pennsylvania, where he was active in the life of the community, being an elder in the Second Presbyterian Church, of which he was one of the most influential and useful members. Mrs. Motheral passed away in 1920 at the home here where Mr. Motheral now lives with his two sons and two daughters. Mr. Motheral is one of three living members of the Bradbury Post, No. 149, of Media, of which he is post commander. As commanding officer of the post and its only representative, since the other two members are non-resident and infirm, Mr. Motheral, assisted by the Sons of Veterans, will, with their help, officially decorate the graves of his comrades, of which there are eight hundred under the care of his Post in the cemeteries and churchyards in Swarthmore, Media and adjacent communities. The Swarthmorean unites with the people of Swarthmore in expressing to Mr. Motheral grateful appreciation of his service to our country and of his honored and useful life, in congratulations that his advanced age finds him so physically well, and in every good wish for his eighty-ninth year.

**LOCAL BROWNIES HOLD ANNUAL REVEL**

**Little Girls Preparing for Girl Scout Hood Celebrate on High School Playground**

"We're the Brownies. Here's our Aim: Lend a hand And play the game."

To these words—the Brownie song—78 Brownies from packs in Swarthmore, Broomall, Ridley Park and Springfield, opened the Annual Revel on the Swarthmore High School playground Saturday afternoon.

The Brownies sang their song as they skipped round a big, brown toadstool like the imaginary elf-like folk they emulate. (Brownies, you know, are very quiet, very helpful little girls between eight and ten years old. The Brownie organization is a branch of the Girl Scouts of America and the Brownies are little sisters to the Scouts.)

The song sung, the Brownies divided into two long lines making an aisle leading from a throne erected on the lawn down which the May Queen, Beatrice Brewster, a Girl Scout of Troop 6 of Swarthmore, dressed in regal white robes, a lace train, a golden crown and carrying a sceptre of flowers, came in stately procession attended by four other Girl Scouts, Diana Brewster, Troop 6; Joy Price, Troop 6; Mary Fadden, Troop 53, Ridley Park, and Alice Schummeister, Troop 29, Springfield.

The Queen's approach was heralded by a Boy Scout bugler, Elliott Richardson, and his companion, Jimmie Kaufman, both of Troop 7, Swarthmore.

One at a time each Brownie came before the Queen, courted (Brownies are very polite) and was presented with a crepe paper hat, pink, green, blue, orange or purple. Next, the Brownies divided into groups—blue hats in one group, pink hats in another group, and spent the afternoon playing games. Each group was supervised by a Brown Owl (captain of a Brownie pack), a Tawny Owl (the lieutenant of a Brownie pack) or a Brownie Helper and in each a different game was played. At the end of ten minutes, Miss Florence McCracken, of Ridley Park, assistant chairman of Brownies in Delaware County and organizer of the Revel, blew her whistle and the groups promptly changed place. (Brownies are very well behaved), the blue hats moving into place vacated by the pink hats, the purple hats moving into place of the blue hats.

Some danced about a May Pole, some played bean bag, some played a balloon game, some did folk dances, others played other games.

When the circle was completed and each group had played each game, the Brownies gathered around the throne and in a hushed silence (Brownies are very quiet) listened rapidly to the story of "The Boy Who Wouldn't Smile" told by Mrs. Peter E. Told, Tawny Owl of the Swarthmore Pack.

Ice cream for all climaxed the afternoon's fun.

The committee in charge of the Revel was composed of Miss McCracken, Mrs. Ernest J. Mathewson, Brown Owl of the

**Gets Scholarship to Westtown**

For the second time in successive years, a Swarthmore High School student has been awarded the girls' competitive regional scholarship to Westtown School. Margaret Shoemaker, daughter of Mr. and Mrs. Walter Rodman Shoemaker, of River-view Road, and a pupil in the ninth grade, has just been announced as winner of this scholarship, having competed with pupils from schools in Pennsylvania, Maryland and New Jersey for this award.

The recipient of the scholarship is awarded \$400 a year for three years. Last year the winner was Jane Richardson, daughter of Mr. and Mrs. Elliot Richardson, of Lafayette Avenue.

**H. S. Tennis Team Again Victorious**

The boys' tennis team of the Swarthmore High School last Saturday won its fifth consecutive victory, defeating Westtown School by a score of six matches to three. The match was played as part of the program of the annual Westtown School alumni day which was attended by approximately 2000 people. The players were particularly gratified at winning because last year Westtown gave Swarthmore its only defeat at the hands of a school team, triumphing five to four after most of the matches had gone into three sets. This year's Swarthmore team is as yet undefeated.

William Cleaves, Ralph Rhoads, Fred Haseltine, Robert Erskine and Tom Clay all won their singles matches. William Brown lost in the singles but, paired with Fred Haseltine, helped to win the first doubles by a wide margin. Lewis and William Shay dropped their doubles match and Robert Erskine and William Fawcett

lost the third doubles in three sets.

On Monday, the Swarthmore second team played a match with the Yeadon High School first team which resulted in a three to three tie. William Shay won at first singles, William Fawcett and Lewis Shay lost at second and third singles respectively, while Albert Thatcher and John Delaplaine won the remaining singles matches. Leslie Polk and Lauer Jones were defeated in the doubles.

**Indians Win Again**

The Swarthmore Indians' box lacrosse team chalked up another win Tuesday night by taking the Swarthmore College team into camp with a 4-2 count. The game was played in the Indians' box at Swarthmore before a large crowd.

Peter, the College ace crosse swinger, started the scoring by sinking one in the first frame after only forty-five seconds of play. Campbell, another collegian, following his teammate's example, scored unassisted. Ford, of the Indians, was the only one to place a shot into the strings for his team in the first period. Indians went wild in the second period scoring three fast ones, while keeping the college boys scoreless. Ford again in this frame sank one after receiving a well placed assist from Henry Belfield.

Goals: Ford, 2; Green, H. Belfield, Peter, Campbell, 1. Penalties: Bill Hickman, 2; Green, Waite, Morrisett, Gburski, 1.

On the Indians' team were: Goal, Whitehair; Right Defense, Kahler; Left Defense, Joyce; Center, Green; Right Wing, J. Belfield; Left Wing, Bud Hickman. On the College team: Goal, Troeger; Right Defense, Taylor; Left Defense, Morrisett; Center, Peter; Right Wing, Price; Left Wing, Gburski.

Substitutes: Waite for Joyce, Ford for Green, H. Belfield for J. Belfield, Bill Hickman for Bud Hickman. For College: Langshore for Peter, Fraser for Taylor, Shrader for Price, Campbell for Gburski. Referee: Strobbor. Time: Three fifteen minutes periods.

**"Ulverston Night" June 5th**

The Ulverston School is planning to close the year's activities with an "Ulverston Night," to be held Wednesday evening, June 5, at 7.30, in the auditorium of Ulverston Hall.

Music for the occasion will be provided by an orchestra under the direction of Mrs. Edna Coates Colafemina, and violin solos will be given by Mrs. Colafemina, and vocal numbers by Donato Colafemina. The Rev. J. Jarden Guenther, rector of Trinity Church, and chairman of the advisory board of the school, will deliver the address of the evening and the Rev. Edward H. Bonsall will give the invocation.

Following the program there will be an exhibition of art work done by students under the direction of Marjorie Nickles Adams. Friends of the school are invited.
