## BOROUGH'S ANNUAL EASTER EGG HUNT TO BE HELD ON SATURDAY OF NEXT WEEK

Swarthmore Business Association and "The Swarthmorean" Again Sponsor Fun Filled Event for Local Children; April 11 Is the Day

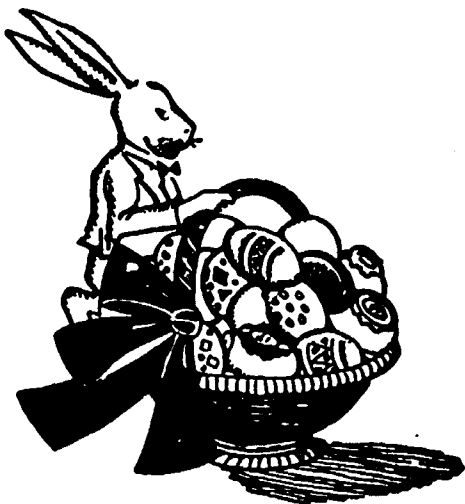

The fourth annual community Easter Egg Hunt will be held on Saturday morning of next week, the day before Easter, at 10 o'clock.

Hundreds of candy Easter eggs will be hidden within a certain area which will be divulged to the children gathered outside Borough Hall at that time.

Then begins the wild scamper to the treasurer site where each child searches for one of the packages, hoping that the one he finds will contain a slip which is exchangeable at the SWARTHMOREAN office for a special prize.

Children up to ten years of age, only, may participate in the hunt which is held for the younger children of the borough. Parents of the smaller children are requested to accompany them and assist them in locating the eggs.

Such a large number of eggs are to be hidden that every child should be certain of at least one bag of candy, while many who locate lucky packages will win other prizes.

The list of prizes and the donors will be published in next week's issue of this paper. All sorts of Easter novelties and many different sized eggs are given in the hunt each year by the local merchants to add to the enjoyment of the children of the borough at Easter.

## COUNCIL SETS TAX RATES FOR 1936

8 Mills for General Fund, 2 1/4 For Sinking Fund, and 1/2 Mill For Library Tax

On Wednesday evening of this week, Council set this year's tax rates for the borough.

Although the rate for general purposes was increased 1 mill over the 1935 rate of 7 mills, a decrease of 1/4 mill was made in the tax for the sinking fund, and the Library tax remained the same, 1/2 mill, making a net increase of 3/4 mill. It was pointed out that while the tax rates of other communities had remained the same, Swarthmore had decreased its rate 40 per cent during the last five years. This permitted no building and since several needful improvements, such as the paving of Lafayette Avenue and the extension of Cornell Avenue, could be done now with a considerable ultimate saving due to the availability of WPA labor, it was thought most advisable to authorize these projects. In addition there is the burden of the borough's share in the Delaware County Sewer Authority.

Tax rates of 7 mills on the Swarthmore Estates and of 2 mills on the Kimmel Tract were also levied, the former being the sixth of ten annual installments and the latter the seventh of ten.

A letter was received from Martel Brothers requesting that the curb be moved back 8 feet on Chester Road in front of their new building, and offering to dedicate the land thereby used to widen the road to the borough. They also requested that the corner at Rutgers Avenue be rounded off. The matter was referred to the Highway Commission for study and to report upon at the next meeting.

Superintendent Malone, of the Philadelphia Bureau of Police, notified the borough that his department would co-operate with Swarthmore by broadcasting radio messages in case of emergency. Mr. Eavenson reported the purchase of a new receiving set for the local police car, to replace the old one which was failing. His suggestion of an additional car and set to be worked on as a future project to strengthen the local service was thought wise.

The request of the Swarthmore National Bank that their watchman, Fred D. Carter, be appointed a special officer, met with the suggestion that the bank endeavor to have him sworn in as a deputy sheriff.

Burgess Pitman invited the members of Council and Solicitor Myers to attend a dinner of the Burgess Association to be held at the Chatterbox on Rutgers Avenue, Swarthmore, on April 28. He also suggested that Council consider applying to the WPA for a full time recreational director to direct this summer's athletics in the borough, and an assistant. The public property committee was assigned the investigation of the project as to the borough liability, etc.

Mr. Brown's motion to pay \$100 to the Delaware County Sewer Authority as Swarthmore's second assessment for 1936 for administration expenses was seconded and passed.

The finance committee was authorized to instruct the bank to sell \$6000 worth of treasury bonds on account of the sinking fund.

A petition was presented for the borough to pave approximately 550 feet of Ogden Avenue at the end of that street west of Walnut Lane. Residents of that section who had signed the petition are Dr. S. Copeland Palmer, Dr. and Mrs. William A. Jaquette, Mrs. Thomas Jenkins, Mr. and Mrs. A. S. Robinson and Mr. and Mrs. Charles G. Thatcher. Although the college had not signed yet, Council was informed that that body would probably approve the improvement providing the lines of the street be equally laid out. The matter was referred to the highway committee.

Andrew Simpson, superintendent of grounds of Swarthmore College, discussed with Council the method of working on the new sewer system, expressing the willingness of the college to co-operate with Sewer Authority and stating that it would arrange to have the stream bank of Crum Creek restored to its original condition as the work progressed, retaining the beauty of the valley in the college woods and thus benefiting the public.

## S.P.C.A. URGES DOG QUARANTINE RULES

Humane Society Asks Proper Care and Precautions Be Taken with Pets During 100-Day Period

In view of the 100-day dog quarantine throughout Delaware County, effective Monday, March 30, declared by the State Department of Agriculture and Bureau of Animal Industry as being necessary to prevent spread of a believed condition of rabies among dogs, and despite the inconvenience to owners and uncontaminated dogs, the Delaware County Society for Prevention of Cruelty to Animals at Media earnestly suggests all dog owners or keepers become familiar with these laws and regulations now being placarded by the state on poles, trees, windows, etc., or through their local departments, and for the safety of their pets to fully comply with same. Since some persons, not being able to clearly interpret the posted notices, have expressed uncertainty as to the real requirements of the state in this quarantine, the SWARTHMOREAN consulted the Bureau of Animal Industry, at Philadelphia, and upon inquiry was told that the state required that a dog be adequately muzzled if allowed to run at large, or confined by a leash if unmuzzled. According to this information it is not necessary that the dog be both muzzled and leashed as has been the impression received by many people. However, a wise precaution would be to keep your dog muzzled at all times when there is the slightest possibility of his leaving the house and to restrain him to your own property. Muzzles must be of an effective, well-fitting type which will actually prevent biting; a strap or poorly fitted contraption is not sufficient, and any dog found running at large with a muzzle merely hanging from his collar or improperly secured will be treated just as any unmuzzled animal. It is understood that while the collection of dogs by authorized state agents will be performed in a humane manner, no excuse will be accepted by them where any dog is found at large in violation of this quarantine law.

For the welfare of restrained dogs during this period, owners are reminded that the dogs must have sufficient air, sunlight, and receive ample exercise under prescribed conditions. To avoid pneumonia and kindred ills, dogs that are placed outside temporarily must not be exposed to rain or cold, nor lie on damp ground, nor sleep in damp, drafty quarters. Especial care will be necessary for them in such unusual enforced conditions to insure their health and dispositions. In this crisis, the genuine regard of owners for their dogs can be shown in the care given and precautions taken in their behalf. The Delaware County S. P. C. A., while not being authorized to perform dog-catching, is always willing to have its ambulance call for, or receive at its Shelter, any unwanted, homeless or disabled animal on notification, it having rescued 6997 such unfortunate creatures in 1935 alone.

## UNITED CAMPAIGN WELL UNDER WAY

People Respond Heartily to Aid of Flood Sufferers by Contributing to Red Cross

Everywhere the United Campaign is getting off to a splendid start and Swarthmore is no exception to the rule. In the short time that the drive has been underway, \$3,087.75 has already been reported.

One worker, taking time by the forelock, worked assiduously on the first day of the campaign and by evening had turned in all his cards to his captain, a subscription on each and an additional amount for the Red Cross.

At the request of Colonel J. Franklin McFadden, chairman of the Red Cross, the United Campaign agreed to solicit funds for Flood Relief, too, and the result has been most encouraging.

In addition to the amounts collected by the solicitors there was a most generous response to the appeal made by Burgess John H. Pitman, of Swarthmore, which resulted in Mrs. Joseph J. Geer, local Red Cross treasurer, being able to turn in a check for \$566.91.

Ellwood B. Chapman, of Harvard Avenue, is chairman of Swarthmore in this annual drive while Mrs. A. F. Jackson, of Park Avenue, is in charge of this entire district No. 5.

At 8 P. M., Sunday, John C. Ward, of Chester, operating a car with a blown off muffler and failing to carry registration cards, was apprehended. Upon getting the registration cards he was released on condition the muffler be repaired promptly.

A one story building with meszanine and basement in the rear hall, the structure will have an approximate frontage of 244 feet on Chester Road, 168 feet on the alley at the back, and an average depth of 160 feet. It is being built by the United Building Construction Company, Inc., Philadelphia, at an average cost of \$44,000. Thalheimer and Weitz, of Philadelphia, are the architects.

A most modern and efficient layout includes on the ground floor in addition to ample space for counters, etc., a large stock room, an order department, a gas refrigerator, a garage room, offices and rest quarters for male employees. At the rear there is a covered loading platform which will be placed within a fenced concrete drive-yard for trucks.

Two large display windows on either side of the front entrance will enhance the good appearance of the building. In the basement will be wet and dry storage rooms, a boiler room and a dumb waiter, while a telephone room, store room and comfortable women's quarters will occupy the meszanine.

Constructed of steel girders supporting wood joists the walls will be of brick with limestone trim and the floor of concrete.

Martel's who also have establishments in Ridley Park and Philadelphia, started in Swarthmore with a produce market, later adding a complete grocery department and still more recently installing a meat business, and elaborating upon their telephone orders (including both Swarthmore and Media exchanges) and delivery systems.

The quality of service and business methods used in dealing with their patrons is clearly shown by the resultant development which now enables them to expand by providing a new, fine quality exchange for Swarthmore.

## Overdrive Explained by Local Chrysler Dealer

C. E. Hannum, of Hannum and Waite, says: "Chrysler cars, when equipped with the Chrysler automatic overdrive, have installed on their instrument board a tachometer dial that is a constant reminder of the great saving in gasoline, oil and engine wear made possible by the overdrive."

This dial is so designed that one indicator points simultaneously to three sets of figures. The outer arrow on this indicator shows the speed in miles per hour. The second arrow shows the number of revolutions the engine is making in conventional drive. The inner arrow shows the number of revolutions that the engine is making with overdrive engaged.

As an example, on the Chrysler Airflow when the speed indicator points to 50 miles per hour, the engine is making 2400 revolutions per minute if the car is in conventional drive, but only 1700 revolutions per minute if in overdrive. This means a saving of approximately 30 percent in revolutions.

In traveling 100 miles at 50 miles per hour, therefore, the engine will make only as many revolutions in overdrive as it would require to go 70 miles in conventional gear.

It is obvious that the slower engine speed needed to maintain a given car speed, the greater the saving in fuel. A proportionate saving in oil also is brought about by the reduction in engine revolutions due to the overdrive.

The reduction in engine speed brought about by overdrive also means a tremendous gain in piston ring and cylinder bore life. For example, with an eight cylinder car, having a piston stroke of 4 1/2 inches in the Chrysler Airflow engine, traveling 10 miles in conventional drive, the total piston travel for each of the eight pistons is approximately 4 1/2 miles, a total piston travel of approximately 35 1/2 miles. This same car traveling 10 miles in overdrive has a piston travel of but 3 1/2 miles for each piston, or a total piston travel of 28 miles.

In addition to its value as a conservator of fuel and oil and engine wear, the overdrive gives a smoothness of performance that cannot be approached in conventional drive. It makes the car appear to be coasting instead of propelled by its engine.

## Managers to Compete

Manager's week will again prevail at the "MANOR" Theatre starting Monday, April 6 to Saturday April 11. For this occasion, Mr. Grant has selected a splendid array of feature productions. Mr. Grant will be on a competitive basis with all other Warner theatre managers during this week. Every admission will count as a single vote.

For this week, the management has selected the following pictures: Monday and Tuesday, Robert Donat and Jean Parker in "The Ghost Goes West"; Wednesday only, "The Voice of Bugle Ann," starring Lionel Barrymore and Maureen O'Sullivan. For Thursday, Joan Crawford, Clark Gable, Nelson Eddy, Fred Astaire, Franchot Tone, Ted Healy and his songs in "The Dancing Lady"; For Friday, Herbert Marshall, Jean Arthur in "If You Could Only Cook"; Saturday, Rosalind Russell, George Raft in "It Had to Happen."

On Friday evening, April 10, five beautiful baskets containing a fresh ham will be given away to the five lucky persons holding the lucky keys to a box which will be placed in the lobby. These baskets are being given away by five leading merchants. Other surprises are listed for this week.

Mr. Grant wishes to announce, in his efforts to continue the best possible service to his patrons, free parking service in the rear of the Manor Theatre will be maintained for his patrons. Its capacity will take care of at least nine hundred cars. This parking ground will be ready on or about April 11. No doubt this will be great news for the many people who attend the Manor Theatre. For the past three years Mr. Grant has done considerable to improve the Manor Theatre and never once has rejected his service to help the local community. Therefore it is fitting that during this week of April 6 to 11, those who can attend the Manor should do so, and this no doubt will encourage Mr. Grant to continue to service his public and carrying on by showing the best pictures money can buy.

WORK BEGUN ON NEW MARTEL BROS. STORE

Completely Modern Market Being Erected at Rutgers Ave. and Chester Rd. by Local Firm

Work was started this week on the new building which when finished will house the retail market of Martel Brothers.

A permit was granted on March 26 for the erection of the building on land at the corner of Rutgers Avenue and South Chester Road, purchased by the local concern last year.

A one story building with mezzanine and basement in the rear half, the structure will have an approximate frontage of 244 feet on Chester Road, 168 feet on the alley at the back, and an average depth of 160 feet. It is being built by the United Building Construction Company, Inc., Philadelphia, at an average cost of \$14,000.

A most modern and efficient layout includes on the ground floor in addition to ample space for counters, etc., a large stock room, an order department, a huge refrigerator, a garage room, offices and rest quarters for male employees.

Two large display windows on either side of the front entrance will enhance the good appearance of the building. In the basement will be wet and dry storage rooms, a boiler room and a dumb waiter, while a telephone room, store room and comfortable women's quarters will occupy the mezzanine.

Constructed of steel girders supporting wood joists the walls will be brick with limestone trim and the floor of concrete.

Martel's who also have establishments in Ridley Park and Philadelphia, started in Swarthmore with a produce market, later adding a complete grocery department and still more recently installing a meat business, and elaborating upon their telephone orders (including both Swarthmore and Media exchanges) and delivery systems.

The quality of service and business methods used in dealing with their patrons is clearly shown by the resultant development which now enables them to expand by providing a new, fine quality exchange for Swarthmore.

Overdrive Explained by Local Chrysler Dealer

C. E. Hannum, of Hannum and Waite, says: "Chrysler cars, when equipped with the Chrysler automatic overdrive, have installed on their instrument board a tachometer dial that is a constant reminder of the great saving in gasoline, oil and engine wear made possible by the overdrive."

This dial is so designed that one indicator points simultaneously to three sets of figures. The outer arrow on this indicator shows the speed in miles per hour. The second arrow shows the number of revolutions the engine is making in conventional drive. The inner arrow shows the number of revolutions that the engine is making with overdrive engaged.

As an example, on the Chrysler Airflow when the speed indicator points to 50 miles per hour, the engine is making 2400 revolutions per minute if the car is in conventional drive, but only 1700 revolutions per minute if in overdrive. This means a saving of approximately 30 percent in revolutions when overdrive is operating. In traveling 100 miles at 50 miles per hour, therefore, the engine will make only as many revolutions in overdrive as it would require to go 70 miles in conventional gear.

It is obvious that the slower engine speed needed to maintain a given car speed, the greater the saving in fuel. A proportionate saving in oil also is brought about by the reduction in engine revolutions due to the overdrive.

The reduction in engine speed brought about by overdrive also means a tremendous gain in piston ring and cylinder bore life. For example, with an eight cylinder car, having a piston stroke of 4 3/4" as in the Chrysler Airflow engine, traveling 10 miles in conventional drive, the total piston travel for each of the eight pistons is approximately 4 1/2 miles, a total piston travel of approximately 35 1/2 miles. This same car traveling 10 miles in overdrive has a piston travel of but 3 1/4 miles for each piston, or a total piston travel of 25 miles.

In addition to its value as a conservator of fuel and oil and engine wear, the overdrive gives a smoothness of performance that cannot be approached in conventional drive. It makes the car appear to be coasting instead of propelled by its engine.

For this week, the management has selected the following pictures: Monday and Tuesday, "The Ghost Goes West" starring Lionel Barrymore and Maureen O'Sullivan. For Thursday, Joan Crawford, Clark Gable, Nelson Eddy, Fred Astaire, Franchot Tone, Ted Healy and his stooges in "The Dancing Lady." For Friday, Herbert Marshall, Jean Arthur in "If You Could Only Cook." Saturday, Rosalind Russell, George Raft in "It Had to Happen."

On Friday evening, April 10, five beautiful baskets containing a fresh ham will be given away to the five lucky persons holding the lucky keys to a box which will be placed in the lobby. The five baskets will go on display Monday. These baskets are being given away by five leading merchants. Other surprises are listed for this week.

Mr. Grant wishes to announce, in his efforts to continue the best possible service to its patrons, free parking service in the rear of the Manor Theatre will be maintained for its patrons. Its capacity will take care of at least nine hundred cars. This parking ground will be ready on or about April 11. No doubt this will be great news for the many people who attend the Manor Theatre. For the past three years Mr. Grant has done considerable to improve the Manor Theatre and never once has rejected his service to help the local communities. Therefore it is fitting that during this week of April 6 to 11, those who can attend the Manor should do so, and this no doubt will encourage Mr. Grant to continue to service his public and carrying on by showing the best pictures money can buy.

SOMERVILLE DAY, SATURDAY, APRIL 11

Swarthmore College Alumnae to Return for Annual Spring Program

April 11 is the date set for the annual Somerville Day, the Saturday in spring when throngs of alumnae return to the Swarthmore College campus. The program for the day follows the same lines as former years, including the morning business meeting, lunch in the college dining room, a program of entertainment in Clothier Memorial early in the afternoon, and a tea later in Collection Hall.

At 11:45 A. M., Lorraine Patterson, '36, will open the business meeting in the Friends Meeting House. Somerville is very anxious that students as well as alumnae be welcome to come.

The afternoon's entertainment will begin in Clothier at 2:00 o'clock. "Angels Tell 'em to Part," one of the three French Club plays so enthusiastically received three weeks ago, will be given again. The alumnae, coached by Elizabeth Roberts, '15, will present "The Roadside," written by Philip Moeller, and Ruth Kistler, '18, will speak on her personal experiences in Russia. Performances by the modern and character dancing classes will conclude the program.

Last on the schedule for the day is a tea given under the auspices of the Somerville Committee, which will be held in Collection at approximately 4:00 o'clock.

Receives Promotion Mrs. Grist Brainerd, the former Miss Carol Paxson, daughter of Mrs. Charles Paxson, of Cedar Lane, has recently received an unsolicited promotion in recognition of her work for the Prison Industries Organization Administration. She and her husband have both been in Washington this year but next season Dr. Brainerd's leave from the University of Pennsylvania will be terminated. He has been inspecting proposed engineering projects dependent on government loans.

Local Bridge Expert Victorious Mr. Bayard Morrison, Sr., of Swarthmore, who paired with Mrs. Harry B. Adams, of Haverford, came off with top honors in the contract bridge tournament which was played Thursday, March 26, at the Merion Cricket Club for the benefit of Bryn Mawr Hospital.

In their section of the tournament, consisting of forty duplicate tables, Mrs. Adams and Mr. Morrison were the high ranking pair with sixty-six per cent.

Other Swarthmoreans who played were Mr. and Mrs. Arthur Robinson, Mr. and Mrs. S. Frank Butler and Mr. and Mrs. Walter Shoemaker.

There were three hundred and twenty players in the tournament, of whom half played duplicate at forty tables, the remainder played rubber bridge at the other forty tables.

Western Talkie at Inn Tomorrow "When a Man Rides Alone" by Cole Sevier, a western talking picture, featuring Tom Tyler, will be shown at the Strath Haven Inn tomorrow evening, Saturday, April 4, at 8:15.

Who is the mysterious Llano Kid who holds up the stage-coach but takes therefrom only gold from the Cottonwood Mine? Why has Slade, the owner of the Cottonwood Mine, built up such a reputation for killing in self defense? Why does the shrewd sheriff express mild indifference to these riddles?

Ride along in the rambling stage-coach over the western trail and through the rocky canyons, and see for yourself the thrilling developments of this exciting story. It is a tale of daring and resourcefulness on the part of one who has been forced to take the law into his own hands, but whose road leads him finally to fortune and the girl he loves.

Residents of the borough and friends of the Inn are cordially invited to attend the weekly movies which the Inn is giving purely for the entertainment of its guests and friends. There is no charge of admission.

**REVIEW 'EUROPEAN SITUATION' AT CLUB**

**Miss Besse D. Howard Speaks of Affairs Abroad at Meeting of Women on Tuesday**

Enchanting were the solos sung and played by Mrs. Necomb K. Chaney and Mrs. Herbert Fraser at the Swarthmore Women's Club on Tuesday afternoon. "I've Been Roaming" by E. E. Horn, "Annie Laurie" and "Waldorf Davis" (When Childer Plays) followed later by Schumann's "Widmung," "Wiesenglied" by Humperduck, Grieg's "Ich Liebe Dich" and Abt's "Schwetterling Sets Dich" were Mrs. Chaney's unusual and melodious contributions.

Mrs. Fraser with feeling and delicate touch played "Jesu, Joy of Man's Desiring" by Bach (arranged by Myra Hess), Beethoven's "Rondo" and "All-Wien (Old Vienna)" by Leopold Godowsky for the audience's sympathetic ears and found a great response.

The German songs struck a vibrant chord which Miss Besse D. Howard, director of the Pennsylvania Branch of the League of Nations Association, played upon when she spoke at length on Hitler. "Perhaps because of inability to cope with present problems, we, as human beings," she said, "complain of our present times. Of such caliber has been each generation. Confusion, fear and uncertainty have usually caused economic differences."

Miss Howard said that it is not only the profiteers who promote war but also those who follow the doctrine of fear and spread it.

"Is Hitler's move of military forces, a desire for equality with other nations? Or is he covering it with an alibi, really meaning conquest? His country has been strangled by an unstable economic condition—isolation must end! Is this a gesture to end this tense situation of confusion, fear and uncertainty?" All this and much more Miss Howard brought to the local club women this week. "War," she said, "was not in Hitler's mind, as from such a decision who would lose more than Hitler? The speech at the last Reichstag of this dictator will go down in history as that of a logical mind seeking peace. Who can be sure, however, of his motives? He refused the friendly hand of Mussolini, doubtless, not wishing to lose any possible friendship with England." Miss Howard claimed that no objective truth exists in Italy or Germany where the soul of man is as nothing; it is subject to the state. During her visit to Germany last summer the speaker was impressed by the grim discipline, the pageantry which so influences the mass, and the spirit for vengeance in the heart of the youth who resent the results of the World War. In the labor camps the speaker stated: "This entire situation means optimism. Although much debate may follow—of days, months or a year's duration—what it does tend toward, progress—rather a year of debate than one of a year's duration."

At the speaker's "Review of the European Situation" by Miss Howard, Mrs. Arthur W. Kent poured and members of the hospitality committee with their chairman, Mrs. Harold G. Griffin, served. Mrs. Helen Hall will review "And Gladly Teach" by Bliss Perry at 10 o'clock next Thursday morning.

Reservations for the Reciprocity Luncheon to be held on Tuesday, April 14, must be sent to Mrs. William H. Brauns, 508-J Princeton Avenue. Telephone: Swarthmore 508-J not later than next Friday, April 10. Mrs. E. D. Brauns and the house committee are in charge of arrangements for the luncheon.

Mrs. Brauns represented the Swarthmore Club at a party held by the Saturday Club of Wayne last Tuesday.

**Beyond THE FOUR WALLS**

**YOUR bank, like your home, is a vital, living part of the community.**

If your house were surrounded by a desert, would you still care to call it home—without neighbors, without stores, without civic improvements and modern conveniences?

This is equally true of your bank. It is the customers—the business houses, the farmers, the wholesalers and industries—that make a bank. If you were to erect this building on a remote mountain top, equip it and man it—it would not be a bank, no matter how perfectly organized. The essential element of human contact and service would be lacking.

Only when an institution plays an active, considerate part in the life of the community—understanding its people and their financial needs, and giving them its best in banking services—is it worthy of the name **Bank**.

**HODGE DIRECTING APRIL PLAY AT CLUB**

Twenty-eight in Cast for "One Sunday Afternoon," Opening Next Tuesday

On the five Club Nights commencing next Tuesday, April 14, the Players Club of Swarthmore will present "One Sunday Afternoon," a comedy in a prologue, two acts and an epilogue, which will be produced under the direction of D. Malcolm Hodge, who has previously directed "Interference," "Bill of Divorcement" and "Counselor-at-Law."

James Hagan, the author, was a newspaper man who later became stage manager for Henry Miller and Arthur Hopkins. As a playwright he literally "sneaked in on rubbers" with "One Sunday Afternoon," and succeeded in having it produced by Leo Bulgakov at the Little Theatre, New York, on February 15, 1933, where it became one of the happier adventures of the theatre season, enjoying a long run and coming within a single vote of tying the leader for the Pulitzer prize award as the best American play of the year.

The play revolves around five main characters: Virginia Brush, to be played by Catherine G. Hodge, who has not appeared before Players Club audiences since "Bill of Divorcement"; Amy Lind, portrayed by Angela Mason, who will be re-membered for her understanding characterization in "Counselor-at-Law" and as the countess in "Twelfth Night"; Hugo Barstead, in the person of J. William Simmons, who has appeared in many productions and directed this year's "Estwhile Susan"; Snappy Downer, the comedian of the play, will be Stafford Parker in an entirely different role than he has heretofore taken; and Bill Grimes, a small town dentist, played by Mr. Hodge.

In the prologue and epilogue these characters are in a present day setting, all past the middle span of life, while in the intervening two acts, they go back to their youth, when the other characters of the play were introduced, including Snappy's "girl friend," played by Claire Suter, who previously appeared on the Players Club stage as one of the young girls in "Growing Pains"; Mrs. Mason, Mrs. Lind, N. Mason, George Farmer, Dr. George P. Warren, Burris West, Edward F. Hitchcock, Charles E. Black, Frank Morey, Charles T. Deacon, Allan C. Wood, Robert A. Roxy, Alan Putnam, Edward Crosby, Dr. Franklin Williams, Paul Lane Ives.

**Easter Dawn Service**

The Easter Dawn Service held each year at the college by students of Swarthmore High School will be held at 7:00 A. M. next Sunday morning, April 13, in the cloisters of Clothier Memorial, Swarthmore College.

Jane Seely and William Cleaves are leaders of the group arranging this year's service.

Following the singing of a hymn the Bible will be read by Miss Seely, the Lord's Prayer will be said, and William Cleaves will introduce the speaker, Charles A. Brinton, former principal of Swarthmore High School. After Mr. Brinton's message the service will close by the singing of a hymn.

All residents and guests in the Borough at Easter are cordially invited to join in this community service which is always an inspiring held out-of-doors in the early morning.

Mr. Brinton is now principal of the Clifton Heights Schools. Frank R. Morey, supervising principal of Swarthmore Schools, will play the trumpet.

In case of rain the service will be held in the Friends' Meeting House.

Swarthmore Men Democratic Candidates for National Convention and Congressman

Two prominent Swarthmoreans will appear in the primaries on April 28. The candidacy of Burgess John H. Pitman for delegate to the National Convention and Howard Kirk for Congress has been announced. Sheriff Nathan P. Pechin is also running on the Democratic ticket for the former post, while Mr. Kirk is the only contestant of the party for Congress.

Born in Conshohocken, Burgess Pitman graduated from Swarthmore College in 1910, receiving his Masters degree there a year later, and spending two years in advanced study at the University of California. He is now Associate Professor of Mathematics and Astronomy at Swarthmore College which position he has held since 1928.

Elected Burgess of Swarthmore in November 1933, Mr. Pitman is now State Committeeman. From 1930-32 he served as County Chairman of the Democratic party.

Moving to Swarthmore in 1913, he lived for six years on North Chester Road and the remainder in the house which with Mrs. Pitman and their children, he now occupies on Vassar Avenue. He is president of the Society of Sigma Xi, a member of the Delaware County Burgess Association and of various scientific societies. An active member of the Swarthmore Methodist Church, he has been secretary of the Board of Trustees of that body for the past four years, treasurer of the Laymen's Association of the Methodist Church, and was president of that organization in 1930.

**BOROUGH YOUNGSTERS ALL SET FOR FOURTH ANNUAL EASTER EGG HUNT TO BE HELD HERE TOMORROW**

All Children Not Over Ten Years of Age Eligible to Participate in Fun Which Increases With Each Year's Event

Conversation overheard 10:00 A. M. Saturday, April 13, between visitor to this community and a local housewife. Visitor: "Where are all the children, the town looks more deserted than Sleepy Hollow after Rip Van Winkle's visit!" Housewife: "Why, my dear, haven't you heard? They're all off to the Easter Egg Hunt, where else? You couldn't pay them to miss that!"

The information imparted to the stranger during the remainder of the explanation of the Egg Hunt which had drawn all the children from their other pastimes, is contained substantially in the forthcoming paragraphs.

Any child ten years old or less may enter this annual contest which is sponsored by the SWARTHMOREAN with the co-operation of the local business houses.

Meeting at Borough Hall Plaza at 10 o'clock tomorrow morning, Saturday, April 12, the children will be directed to the site of the hunt, where thousands of jelly eggs will have been hidden in tiny packages. Many of the packages will contain numbered slips of paper which when presented at the SWARTHMOREAN office, on South Chester Road next to the bank, will entitle the bearer (if he does not exceed the age limit of ten years) to a special prize. Every child is assured of at least one package of jelly eggs so large a number will there be distributed in the place chosen for the hunt.

It is requested that small children be accompanied by an adult who may assist them in the search.

A prize is made to older children that they do not engage in the hunt but leave it entirely to the younger ones for whose enjoyment it is especially planned.

The numerous special prizes have been contributed by the following Swarthmore merchants: Large Easter eggs, Supple's Hardware Store, the SWARTHMOREAN, Buchner's Toggery Shop, Hannum & Waite, Russell's Firestone Service; gifts, Hollyhock Shop, Shiner's Drug Store, Frank, the Barber, Michael's College Pharmacy, and the A. & F. Store.

**Turtle for Every Child**

Immediately after the Egg Hunt, 500 baby geographical turtles will be distributed by Martel Brothers from their store on South Chester Road.

**SWARTHMORE NIGHT TO BE HELD APRIL 30**

Community Busy Preparing for Hilarious Frolic Held Here Each Year

The date, April 23, originally set for the annual frolic of the community—known as "Swarthmore Night"—has been set ahead one week—to Thursday, April 30.

"Instigated" primarily by members of the Swarthmore Business Association there are few of us indeed who are not finally dragged into this hilarity each year. One cannot conceive of such being produced from our seemingly staid townpeople, but each year seems to surpass the former in good fun and hearty laughs—to say nothing of the delicious dinner which always precedes the evening's program.

Swarthmore Night will be held in the social hall of the Swarthmore Methodist Church again this year. In addition to providing a central location this meeting place is large enough to comfortably accommodate the crowds which attend this function regularly.

If you notice your acquaintances mulling to themselves these days do not be alarmed as they are probably only rehearsing their parts for the stage performance of Swarthmore Night.

E. M. Buchner, chairman of the committee in charge of arrangements, informs us that there will be 50 prizes this year—that's 20 more than last year—all donated by the local merchants. Every ticket holder stands an even chance to be the winner of one of these prizes. By the way, have you secured your ticket yet? You know they're now on sale at all Swarthmore stores. Better get yours early and avoid the rush!

Other members of the committee are: Roland L. Eaton, Frank N. Smith, Eric S. Sprout, Edward L. Noyes and Titus J. Ewig.

As to the fellow citizens who will appear under various disguises—well, just wait and see! Surprises are a big part of Swarthmore Night.

**ELMER E. MELICK**

As we go to press word is received of the death of Elmer E. Melick at Worcester, Mass., at 4:00 A. M., Thursday, April 9.

Mr. Melick, who with Mrs. Melick, had been a resident of the Strath Haven Inn for the past twenty years, after giving up his home in Media, went to Worcester a few months ago to be with his son, Dr. Joel Melick. Mr. Melick had not been well for the past three or four years. He had retired from the fire brick business in which he had been a broker. He was about 70 years old.

Besides his widow, Annie Miller Melick, who is a well-known civic worker in this county, and Dr. Melick, another son, James, of Detroit, Mich., and a daughter, Mrs. Chandler Turner, of Bronville, N. Y., also survive.

Mr. Melick, until his illness, was active in the Players Club of Swarthmore. He was a member of Trinity Church, Swarthmore.

Mrs. Melick left Thursday morning for Worcester immediately upon learning of her husband's death.

Services will be held at 3:00 P. M. Saturday at Trinity Church, the rector, the Rev. J. Jarden Guenther, presiding. Interment in Media will follow.

**Friendly Circle Next Thursday**

The regular monthly meeting of the Friendly Circle will be held next Thursday afternoon, April 16, at the home of Mrs. Abram Fawcett, 205 College Avenue. Mrs. M. S. Strieby will be co-hostess.

**Salter Series Nears End**

Sir Arthur Salter, noted British economist, will conclude his series of lectures in Swarthmore on April 12 and 16, under the general heading "The Probable Future and Form of International Trade." The Cooper Foundation of Swarthmore College has presented Sir Arthur in this series. Both this Sunday's and next Thursday's lectures will be held at 8:15 in the evening at the Friends' Meeting House. The public is cordially welcome.

Beyond THE FOUR WALLS

YOUR bank, like your home, is a vital, living part of the community.

If your house were surrounded by a desert, would you still care to call it home—without neighbors, without stores, without civic improvements and modern conveniences?

This is equally true of your bank. It is the customers—the business houses, the farmers, the wholesalers and industries—that make a bank. If you were to erect this building on a remote mountain top, equip it and man it—it would not be a bank, no matter how perfectly organized. The essential element of human contact and service would be lacking.

Only when an institution plays an active, considerate part in the life of the community—understanding its people and their financial needs, and giving them its best in banking services—is it worthy of the name Bank.

REVIEW 'EUROPEAN SITUATION' AT CLUB

Miss Besse D. Howard Speaks of Affairs Abroad at Meeting of Women on Tuesday

Enchanting were the solos sung and played by Mrs. Necomb K. Chaney and Mrs. Herbert Fraser at the Swarthmore Woman's Club on Tuesday afternoon.

The German songs struck a vibrant chord which Miss Besse D. Howard, director of the Pennsylvania Branch of the League of Nations Association, played upon when she spoke at length on Hitler.

Miss Howard said that it is not only the profiteers who promote war but also those who follow the doctrine of fear and spread confusion, fear and uncertainty have usually caused economic differences.

Easter Candy

You will find a large selection of Easter candy for every member of the family at our store.

PRESCRIPTION PHARMACIST Victor D. Shirer 13 S. Chester Rd. Phone: Sw. 586

She asked her hearers to remember the forces that at present were attempting to rid the world of fundamental causes of wars, and realize that this attempt meant a ray of hope.

"The January and February diplomacy in Europe produced a temporary lull which generally, as now, has produced a rush and whirl of events in a short time, quite unparalleled.

Is Hitler's move of military forces, a desire for equality with other nations? Or is he covering it with an alibi, really meaning conquest? His country has been strangled by an unstable economic condition—isolation must end! Is this a gesture to end this tense situation of confusion, fear and uncertainty? All this and much more Miss Howard brought to the local club women this week.

She said, "was not in Hitler's mind, as from such a decision who would lose more than Hitler? The speech at the last Reichstag of this dictator will go down in history as that of a logical mind seeking peace. Who can be sure, however, of his motives? He refused the friendly hand of Mussolini, doubtless not wishing to lose any possible friendship with England."

Miss Howard claimed that no objective truth exists in Italy or Germany where the soul of man is as nothing; it is subject to the state. During the visit to Germany last summer the speaker was impressed by the grim discipline, the pagantry which so influences the mass, and the spirit for vengeance in the heart of the youth who present the results of the World War.

At the tea after the "Review of the European Situation" by Miss Howard, Mrs. Arthur W. Kent presided and members of the hospitality committee with their chairman, Mrs. Harold G. Griffin, served.

Reservations for the Reciprocity Luncheon to be held on Tuesday, April 14, must be sent to Mrs. William H. West, of Princeton Avenue. Telephone: Swarthmore 508-J not later than next Friday, April 10. Mrs. E. D. Brauns and the house committee are in charge of arrangements for the luncheon.

ENGINEERS' EXHIBIT NEXT THURSDAY

Annual Open Night to Be Held at Swarthmore College April 9

The annual Engineers' Open Night, at which outsiders get to see just what happens inside the engineers' laboratory of Swarthmore College, will be held in Hicks and Beardsley Halls on the afternoon and evening of Thursday, April 9, from 4:00 o'clock until 10:00.

Visitors attending the open night will have an opportunity to see every machine in the two buildings in operation. In Hicks Hall, large dynamo, steam turbines and gas motors will be running, with engineering students on hand to explain and demonstrate the manner in which they function. Lathes, drills, power saws and many other machine tools will be demonstrated in Beardsley Hall, in which are located the main machine shops of the college.

In Beardsley Hall, the shop work of the engineering students will be exhibited. The freshman exhibit will consist of surveying drawings and wood work. The sophomore class will show machine shop work, blue prints, turret lathe work and will demonstrate different methods of testing metals.

The construction of the new field house will be the theme of the exhibit of the junior class. It will contain blue prints, samples of materials used and explanations of the construction of the novel, non-glare windows. It will also show how the roof stresses due to wind and snow were met in the erection of the building.

HODGE DIRECTING APRIL PLAY AT CLUB

Twenty-eight in Cast for "One Sunday Afternoon," Opening Next Tuesday

On the five Club Nights commencing next Tuesday, April 14, the Players Club of Swarthmore will present "One Sunday Afternoon," a comedy in a prologue, two acts and an epilogue, which will be produced under the direction of Dr. Malcolm Hodge, who has previously directed "Interference," "Bill of Divorcement" and "Counselor-at-Law."

James Hagan, the author, was a newspaper man who later became stage manager for Henry Miller and Arthur Hopkins. As a playwright he literally "sneaked in on rubbers" with "One Sunday Afternoon," and succeeded in having it produced by Leo Bulgakov at the Little Theatre, New York, on February 15, 1933, where it became one of the happier adventures of the theatre season, enjoying a long run and coming within a single vote of tying the leader for the Pulitzer prize award as the best American play of the year.

The play revolves around five main characters: Virginia Brush, to be played by Catherine G. Hodge, who has not appeared before Players Club audiences since "Bill of Divorcement"; Amy Lind, portrayed by her understanding character, Elizabeth Turner, who has not appeared since "Counselor-at-Law"; Hugo Barstead, in the person of J. William Simmons, who has appeared in many productions and directed this year's "Estate of Susan"; Snappy Downer, the comedian of the play, will be Stafford Parker in an entirely different role than he has heretofore taken; and Jeff Grimes, a small town dentist, played by Mr. Hodge.

In the prologue and epilogue these characters are in a present day setting, all past the middle span of life, while in the intervening two acts, they go back to their youth, when the other characters of the play are introduced, including Snappy's "girl friend," played by Claire Suter, who previously appeared on the Players Club stage as one of the young girls in "Growing Pains"; Amy's mother, Mrs. Lind, who is introduced, including Snappy's mother, in "Counselor-at-Law"; Robert Powell, well known to Players Club audiences; Elizabeth Turner, who appeared in last year's "Counselor-at-Law"; Ned Pyle, in a repetition of one of his most successful characterizations, that of a rowdy; and some eight or ten other characters.

William T. Brown is designing and planning the scenery and will act as production manager. Dr. George Warren will lead the players in their efforts to revive some of the old songs of thirty years ago. An attempt will be made to costume the play as of the period of 1906, and any members of the Club who have retained in their possession any articles of clothing of that period, for either men or women, and are willing to loan the same, will greatly aid in making it a finished production by communicating with the director.

The complete cast of "One Sunday Afternoon" is as follows: D. Malcolm Hodge, William H. Roberts, Clare Sutter, Alexine X. Mason, George Farmer, Dr. George P. Warren, Barris West, Edward F. Hitchcock, Charles E. Black, Frank Morey, Charles T. Deacon, Allan C. Wood, Robert A. Roxby, Alan Putnam, Edward Crosby, Dr. Franklin Williams, Paul Lane Ives.

Britton, former principal of Swarthmore High School. After Mr. Britton's message the service will close by the singing of a hymn.

All residents and guests in the Borough at Easter are cordially invited to join in this community service which is always so inspiring, held out-of-doors in the early morning.

Mr. Britton is now principal of the Clifton Heights Schools. Frank R. Morey, supervising principal of Swarthmore Schools, will play the trumpet.

'The Story of Louis Pasteur'

Paul Muni comes to the screen of the Media Theatre next Wednesday and Thursday in what is said to be his greatest film characterization, "The Story of Louis Pasteur."

Muni portrays Louis Pasteur, the great French chemist and bacteriologist who contributed so much to science. The story, by Sheridan Gibney and Pierre Collings, centers about Pasteur's battle against ignorance and prejudice, to save life through sterilization and the use of vaccines against disease.

So bitter against him, and so powerful were the physicians, who hated him, that they succeeded in having him banished from Paris. But Pasteur did not give up his fight against disease. He struggled on in a different part of France and lived to see his work recognized finally and he himself acclaimed.

Sunday Movies at the Waverly

Sunday movies will be inaugurated in Drexel Hill, Easter Sunday, April 12, according to an announcement by Manager, Morris E. Conner, of the Waverly Theatre.

Requests for the presentation of pictures at the Waverly on Sundays have reached such a volume, and the movie fans have become so insistent about having their wishes complied with, that we have decided to yield to the demand," Mr. Conner said.

"We have arranged to start the Sunday show this week (Easter Sunday), and will operate one show at the matinee starting at 2:15 P. M. (doors will open at 2 P. M.), and two shows in the evening, 7 and 9 P. M. (doors will open at 6:30 P. M.)."

Mr. Conner said the attraction Easter Sunday will be Fred Astaire and Ginger Rogers in "Follow the Fleet," which he considers to be one of the finest offerings in motion picture entertainment.

BORO HAS FINGER-PRINTING SERVICE

Citizens May Have Prints Made Free of Charge at Local Police Department

The Swarthmore Police Department is equipped to take finger prints of citizens of the Borough who wish to have their prints or those of their children permanently filed at Washington.

During the latter part of 1934, as a result of considerable public interest in civil identification, the Federal Bureau of Investigation established a civil file which has now become the Civil Identification Section of its Identification Division.

Many persons have asked how the civil identification fingerprints might be taken. It is suggested that persons desiring to submit such fingerprints call at their local police department.

Mr. Kirk was born in Philadelphia where he pursued his education through two years at the Central High School.

Working since the age of 15 he steadily advanced himself, becoming a stenographer and studying law.

Mr. Kirk was recently made a Boy Scout Commissioner, is a member of the Swarthmore Presbyterian Church, Commissioner of the American Athletic Association, and of the Mason. Mr. and Mrs. Kirk and their four children reside on Lafayette Avenue.

The first ancestor of Mr. Kirk's to arrive in Delaware County came to Darby in 1687. The local attorney's father, Charles H. Kirk, was an officer in the Civil War.

Mr. Kirk was a well known middle and long distance runner for over ten years, competing in the all Philadelphia Relay in 1910, and in other meets and directing track activities at the Germantown Boys' Club for over ten years.

John Lyster, Haverford Township, and John Sullivan, Marple Township, for alternate delegates; Florence D. Dornblaser, Haverford Township, and Charles B. O'Donnell, Clifton Heights, for State Committee; C. Ferno Hoffman, Radnor Township, and C. Herbert Stoyton, Haverford Township; James M. Hohn, Upper Darby Township; Roman F. COUNCIL COOPERATES IN CLEAN-UP WEEK

Routine Business Occupies Borough Directors in Wednesday's Meeting

The regular bi-monthly meeting of Borough Council was held at 8:45 on Wednesday evening, April 15, in the Council Chamber at Borough Hall.

After the dinner the real fun begins. But that is superfluous to print in the SWARTHMOREAN, for nearly every reader has attended many "Swarthmore Nights" and need not be reminded of the jolly good humor which abounds each year at this occasion.

E. M. Buchner and his committee are busily buzzing about in search of still more hitherto undiscovered talent and it is certain that in addition to the old favorites many new "stars of the evening" will shine in the 1936 frolic-see you there!

TO MAKE AWARD FOR FIRE PREVENTION Fire Company and Borough Council Aid Committee in Sponsoring Local Project

The interest aroused by the earlier publicity given in these columns to the subject of grass-fires in particular, and Fire-Prevention work in general, has led the local Committee to seek the co-operation of the Fire Company and the Borough Council in awarding the most deserving homeowner here a handsome trophy in a hunt for fire-causes.

The insurance Company of North America Group has been donor of the aforementioned trophy, a most pleasing and valuable ornament to be awarded by the Committee sponsoring the local observance of Fire-Prevention and Clean-up Week, commencing this coming Sunday, April 19, and ending April 26.

Robert T. Bair, chairman of the local Fire Prevention Committee, addressed the Council, asking that a resolution be passed declaring the week of April 19 to 26 as Fire Prevention and Clean-up Week, and requesting a contribution of \$15 to defray part of the expense of conducting a Fire Prevention and Clean-up Campaign in Swarthmore.

Legion Meets Next Monday The regular monthly meeting of the Legion and the Legion Auxiliary will hold the first social function in the newly redecorated Legion rooms, when they gather for a bridge party.

THE SWARTHMOREAN BORO HAS FINGER-PRINTING SERVICE

Citizens May Have Prints Made Free of Charge at Local Police Department

The Swarthmore Police Department is equipped to take finger prints of citizens of the Borough who wish to have their prints or those of their children permanently filed at Washington.

No charge is made for this service. Officers trained in this work are regularly on duty at Borough Hall every evening after 6:00 P. M.

During the latter part of 1934, as a result of considerable public interest in identification, the Federal Bureau of Investigation established a civil file which has now become the Civil Identification Section of its Identification Division.

Many persons have asked how the civil identification fingerprints might be taken. It is suggested that persons desiring to submit such fingerprints call at their local police department.

It is believed that the Civil Identification Section will serve many useful purposes. The possible use of fingerprints in commercial, civil and private life are extensive.

It should be noted that the Bureau cannot co-operate in the civil identification activity with private individuals and organizations engaging in fingerprint work on a commercial basis.

All members were present with the exception of Mrs. J. Passmore Cheyney.

The interest aroused by the earlier publicity given in these columns to the subject of grass-fires in particular, and Fire-Prevention work in general, has led the local Committee to seek the co-operation of the Fire Company and the Borough Council in awarding the most deserving homeowner here a handsome trophy in a hunt for fire-causes.

The Arthur Hoyt Scott Horticultural Foundation having offered to donate certain trees and shrubs for planting at Borough Hall, the Property Committee was authorized to proceed with the project at a cost not to exceed \$50.

EASTER EGG HUNT TO BE HELD TOMORROW

Annual Spring Frolic for Borough Youngsters Postponed from Last Saturday

Due to the threatening clouds and soaked fields last Saturday morning the annual Easter Egg Hunt sponsored by the SWARTHMOREAN and local merchants was postponed one week. It will be held at 10 o'clock tomorrow morning, Saturday, April 18.

Although the eggs obtained in the Hunt will not, now, be the first ones of the season for the youngsters, the fact that the occasion is held a week after, instead of the day before Easter will not in the least detract from the fun of the event.

Remember, each and every child will receive one or more packages of small eggs, and nineteen lucky ones will find packages containing prize slips will win special gifts or large eggs. So if you have already eaten all your Easter eggs, here's your chance to stock up a few more.

# LOCAL PUPILS HEAR BILL McCORMICK

## Pilot to Little America with Admiral Byrd Arrives Here in Autogyro

Shortly before 8.30 on Monday morning, a shiny autogyro, the Pep Boys "Snowman," piloted by Bill McCormick, of East Lansdowne, a member of Admiral Byrd's Second Expedition to the South Pole, landed just west of the Swarthmore High School building. Sponsored by the Pep Boys, of Philadelphia, Mr. McCormick flew to Swarthmore to address both the elementary and the junior-senior high school pupils on his experiences in Little America, and held their undivided attention with his exciting stories of life there, illustrated with many lantern slides. He brought some penguins back with them, but the animals were unable to live in this temperate climate, being used to weather which varied from 40° to 71° below zero.

Perhaps one of the most interesting phases of Mr. McCormick's talk was his description of the preparations necessary for spending the long Antarctic winter in the great degree of comfort as possible. The sun set on April 19 that year and was not seen again until August 22. The men constructed tunnels out of food boxes, thus making all buildings accessible and providing storage space for their food. Each department of the entire expedition built its own winter quarters. The men enjoyed moving pictures and spent much of their time playing bridge and poker, and even making candy.

Mr. McCormick spoke enthusiastically of Admiral Byrd as a leader and companion, and described him as a "regular fellow."

At the conclusion of his address to the

elementary students, shortly before 11 o'clock, Mr. McCormick once more boarded his autogyro and received a rousing send-off from the entire student body, assembled on the school grounds.

## MAY CLUB PLAY 'THE INSPECTOR GENERAL'

John Dolman, Jr., Assisted by Benjamin Rothberg in Direction of Gogol's "Revizor" Translated

For the May production the Players Club of Swarthmore will join with the rest of the world in celebrating an epic moment in the history of Russian drama—the century of Gogol's "Revizor." It was in May, 1836, that Russia had its first opportunity to laugh at the satirical absurdities of this famous play—known in English translations as "The Inspector General" and produced under this title by the Swarthmore organization. The first performance will be on Tuesday, May 5, the play continuing throughout the week.

Prior to the recent advent of "Squaring the Circle" Gogol's masterpiece was the one great full-length comedy to come out of Russia. It's century-old "first nighters" have been the talk of the first curtain and the rest of the world has been laughing ever since. The play has been translated into practically every modern language; several English translations have been made, but the play has had one production in the part of the country and that was in Russian a few years ago when the Russian Art Theatre troupe visited Philadelphia.

The translation to be done by the Players Club has been specially done for this production by John Dolman, Jr., and Benjamin Rothberg. The story played gained a world-wide popularity because of its universality. In its provincial-minded, grafting, smalltown politicians are recognized characters everyone knows in real life. They are somewhat exaggerated and pilloried for their faults, but always in the spirit of fun and without the slightest suggestion of preaching or propaganda.

The role of Klestakov, the supposed inspector general, will be played by Robert W. Graham, and that of the town governor by Robert M. Stabler. Dr. A. F. Jackson and T. Lawton Slough will appear as the town gossip Bohchinsky and Dobchinsky, respectively. Mr. Rothberg resumes his original role, Oosp, the servant to Klestakov. Carol Cleaver will be seen as Marya Antonova, the governor's daughter, while Jessie L. Lewis, makes her debut as the governess's wife.

There are several new players appearing in the large cast; among them are Alice E. Jones, a competent and attractive ingenue, and Joshua Christian, a capable character actor. Others in the cast are Florence Heame, Leah Jordan, Emily Clevenger, Ann Parker, Helen Evans, Barbara C. Linton, Samuel Evans, Jr., Bruce Cook, Nick Mason, Arno Viehoever, Robert L. Schaffer, Howard Livingston, James W. Johnstone, Thomas H. Lueders, Stafford W. Parker and Alexander M. Dryden.

## WOMAN'S CLUB HOLDS REGULAR MEETING

C. Hayward Speaks for S.P.C.A., Frances L. Hoag on Proper Diet; Girl Scout Program Next Tuesday

The stated meeting of the Swarthmore Woman's Club was held at 2.30 Tuesday afternoon, April 21, in the Club House on Park Avenue. After the roll call, approval of the minutes, reports of chairman, and announcements, Mr. C. Hayward, of Chester County S. P. C. A., spoke in behalf of that society which is this year celebrating the twenty-fifth anniversary of its founding. Mr. Hayward mentioned several instances of cruel treatment of animals in the county, the arrest and fining of offenders, the care of the sick and unwanted animals, and summed up the work and need of the organization. He laid stress on the importance of teaching children kind treatment of animals.

The speaker of the afternoon, was Frances Livingston Hoag, B.S., of Philadelphia. Her subject was "Throne Rooms of the World" was illustrated by colored slides of famous paintings. "Throne rooms of the world are the nations of past ages. For food is what makes or destroys races. We are deciding our fate and that of our children over our dining room tables"—claimed Miss Hoag, who first showed a picture of Esquimaux preparing food. The pictures showed the kitchen and dining room tables, loaded with food of Egyptian, Roman, English and Spanish noblemen. Miss Hoag spoke of the races of the past who had been wiped out by disease caused by overeating and improper foods. The lower classes have risen because their diet was necessarily simple, while their classes have been wiped out by disease due to rich living. She said that a race which uses its funds exclusively for wheat and cereals instead of partly for pasture, is doomed to extinction. The safest way is to have a variety of diet, simple food consisting of milk, fruits, vegetables, eggs, but not too much bread. We go on making the mistake of the ages, forming bad eating habits, eating the things we like instead of those that contribute to our health. For a child, one quart of milk a day until grown gives one half the food requirement. The other half should be in the form of a whole grain cereal, an egg, fruits and vegetables, instead of pies, cakes and puddings which our grandmothers used.

Next week "Girl Scout Day" will be held at the club at 3.00 P. M. Tuesday under the direction of Mrs. Frederic A. Child. Mrs. Virginia Hughes, Philadelphia Director of Girl Scouts, will be the speaker and entertainment will be provided by the three local troops, 6, 16 and 194. Mrs. George A. Zimmer, Mrs. P. L. Whitaker and Mrs. Albert Garrett will be hostesses.

## Business Assoc. in Active Meeting

At the April meeting of the Swarthmore Business Association at the Strath Haven Inn on Wednesday evening last minute arrangements for "Swarthmore Night" were made.

Eric S. Sproat, cashier of the Swarthmore National Bank and Trust Company, gave a very interesting talk on "Banking and Money."

The Association voted that \$500 be sent to the Swarthmore School Board in the amount of an award for the student in the graduating class of the High School who had attained the highest average in mathematics over the period of four years.

## LOCAL BASEBALL TEAM LOSES TWICE

High School Nine Defeated by Collingdale and Radnor in Opening Games

Swarthmore High School's inexperienced, but courageous nine hit the dust twice in the past two weeks before Suburban II League opponents. Collingdale High School trounced the home outfit in the season's opener by 7-2. Although the Garnet outfit hit the visitors five to four, jittery nerves resulted in errors which paved the way for opposing runs.

Allen's week's intensive drill the nine boys had noticeably improved since the first contest, but the Garnet pitcher served up two homerun balls to the Radnor sluggers. On the Swarthmore side of the ledger, Ernie Polk and Captain Ralph Shelly delivered lusty triples in a lost cause.

Today, April 24, the local nine meets Prospect Park at the Rutgers Avenue Field. Tuesday, they play Media, away, and on Friday, May 1, they meet the season's half-way point in another home contest with their traditional rivals, Glen-Nor.

And now comes along young Weldon Heyburn, a young business man of Conco, Pa., who is more interested than any other candidate in Republican success...

"Fourth—I am more interested than any other candidate in Republican success in November because I am trying to rid the Republican Party of the heavy load of McClureism which might carry the whole ticket to defeat in November."

livered by Charles A. Brinton, former principal of Swarthmore High School, and now supervising principal at Clifton Heights. Mr. Brinton's subject was "The Outlook of Youth." All the students of the upper three classes of the senior high school and a number of parents were present.

These members are, in addition to the new members: William Cleaves, Petra Lingle, Ralph Rhoads, William Rutherford, Jane Seely and Lewis Shay. ## IRON IS USED FOR TRANSPORTATION

Ribbons of steel and tubes of iron work side by side . . . partners in transportation.

Above ground, the gleaming tracks of our great railway systems carry countless carloads of people and freight daily.

Under ground, another sort of transportation is taking place. A network of pipes, big and little, is bearing water from the source of supply to individual homes. Millions of tons of water are moved through the pipes every twenty-four hours.

Both types of transportation require iron . . . for rails in a railroad, for pipes in a public water supply.

Early water pipes were of wood . . . later iron took its place. The first rails were nothing but thin strips of iron nailed to twelve-foot lengths of yellow pine, bevelled on the outside for the rim of the train wheels.

For over a hundred and fifty years, much of this iron was made in the Philadelphia territory. A forge on Valley Creek, set up by one of William Penn's followers, gave its name to Valley Forge . . . others were built on French, Neshaminy, Chester, Gulf and Crum Creeks.

From a humble origin, the transportation of pure water into individual homes has evolved into a skillfully planned system. Today, your Philadelphia Suburban water is delivered through eleven hundred miles of pipe.
