## XMAS CONTEST PRIZE AWARDS

Displays of Moses Ewing, Frank S. Reitzel, and R. E. Wilson Win Judges' Decision

Moses Ewing, of Columbia avenue, was awarded the first prize of five dollars in the Community Christmas Lighting Contest by the decision of the three judges. Each window of Mr. Ewing's house and garage, as well as the surrounding shrubbery, was illuminated with blue lights, which were visible from a considerable distance. In the sun parlor at the south end of the house was a snow covered scene of a Santa in a toy filled, reindeer drawn sleigh standing before a house gay with Christmas decorations, carefully executed in scale. Shining through a bay window at the North end of the house was a sassafras Christmas tree glistening with the sparkle of blue lights on snow covered branches. An aspect of the Ewing Christmas, which could not possibly sway the judges but which added greatly to the Christmas joy of countless children were the peppermint canes which were presented to those who viewed the exhibit.

The second prize of three dollars was awarded to Frank E. Reitzel, of Harvard and Cornell avenues for his dignified and artistic blue lighting of two beautiful trees flanking his doorway, and the illuminated treatment of his entrance and blue star overhead.

R. E. Wilson, of Ogdan avenue, was awarded third place with a prize of two dollars in the contest for a well balanced blue illumination of the whole house with entrance outlined in blue lights all thrown into relief by a green flood light in the shrubbery.

Burrus West's use of red indirect lighting in the windows and flood lights thrown on his house on Dickinson avenue earned for him first honorable mention on the judges' list by virtue of the soft, colorful effect.

E. H. VanPatten's illumination, centered on the well lighted nativity scene on the second floor of his Rutgers avenue home was awarded second honorable mention.

Wallace McCurdy's blue lighted decorations on Ogdan avenue, similar to and rivaling those of his prize winning neighbor, R. E. Wilson, also rated honorable mention.

The Yule-log scene on the lawn of Dr. Wm. Earl Jones, on Park avenue, the lighted doorway of Dr. G. L. Armitage of South Chester road, and the trees in front of the home of Clark W. Davis, on Strath Haven avenue, were given special mention.

## CLUB WOMEN OPEN NEW YEAR

Dr. Jesse H. Holmes heard Tuesday on "Current Events"; Pope Barney Speaker Next Week

Dr. Jesse Herman Holmes was the guest speaker at the first meeting of the new year held at the Women's Club on Tuesday, January 4. Introduced by the Club president, Mrs. Alfred Gary White, as the "Idol of Delaware County", Dr. Holmes spoke of some of the problems confronting the American people today.

He discussed the Wages and Hours Bill, which, he said, is the attempt of the present administration to deal with the problem of balancing the country's industries and its needs. The Farm Bill and the difficulty of its administration was also discussed. Dr. Holmes advised that people not be too critical of those in authority because no one person knows just what to do in the country today. "You don't know," said he, "and sometimes neither do the people in authority."

The question of taxation was brought up and also the problem of the dole or an expansion of a Public Works program to meet the present unemployment situation. "Of necessity," said Dr. Holmes, "there must be a lot of experimenting and we must hold our tempers because we might be wrong in our criticisms."

Dr. Holmes spoke of the immense expense involved in armed warfare and the danger involved in a dictatorship should the country become involved in a war. "It is difficult to form opinions or to judge as to our foreign relations policy. We must accustom ourselves to the agony of suspended judgment. Life is an experiment and there is no exact pattern to fit our own times. We must face new conditions to teach new duties."

The regular stated meeting of the Women's Club next Tuesday afternoon will be under the direction of the American Home Department of which Mrs. Elliott Richardson is chairman. Pope Barney, architect, will speak on "Has the Past Anything to do with the House of Today?"

## PLAYERS CLUB TO GIVE COMEDY

J. William Simmons Directs Sidney Howard's Comedy For January Production

The Players Club of Swarthmore will present for their January production Sidney Howard's delightful three-act comedy "The Late Christopher Bean". This play was originally a French play and Mr. Howard has adapted it from "Prenez Garde a La Peinture". Under the direction of J. William Simmons, who is well known to Players Club audiences, an able and particularly satisfying production is to be anticipated. Last year Mr. Simmons produced "Ah, Wilderness!" the story of which was built around the trials and tribulations of an adolescent son. The appeal made by that play will be equalled, if not surpassed, by the play Mr. Simmons has chosen this season.

It is another "family" play, but the situations are exactly the reverse of those in "Ah, Wilderness!" This time it is the mother and father whose troubles are shared by the audience. Respected, peaceful and frugal New England folks, Dr. and Mrs. Haggert are suddenly plunged into a turmoil of grasping greed by the discovery that the residue of the estate of an impetuous artist, Christopher Bean, is valuable. Urged on by one daughter, restrained by the other, father and mother find themselves in a dilemma from which they are rescued only by their Puritan sense of justice and shame. In sharp contrast to the others is the serene and lovable simplicity of the Haggert's servant girl, Abby, around whom the play revolves.

The cast contains some well tried names from whom the audience will expect high type performances. The newcomers in the cast will surprise you with their splendid work. Florence Hoadley will play the part of Abby, the servant girl; Edna Hornaday and J. William Simmons, the parts of mother and father, Mrs. and Dr. Haggert; Elizabeth Monaghan and Edith Cramp, their daughters, Ada and Susan Haggert; William Brown the Artist dealer, Roland G. E. Ullman, the dealer, Rosen; Paul F. Gemmill, the Art Critic, Davenport; and Jack Simmons, the young paperhanger and painter, Warren Creamer.

Members are urged to make a note of the dates of the play, January 11, 12, 13, 14 and 15, and come prepared for an evening of surprising entertainment.

NOMINATED FOR LIBRARY BOARD

Four Citizens Nominated to Fill Three Vacancies; Election to be Held on January 17

Petitions bearing the required number of signatures have been filed with Mrs. Sewell W. Hodge, Secretary of the Swarthmore Public Library Association, for the re-nomination of Rev. J. J. Jarden Guenther and Mrs. Peter E. Told and the nomination of Richard G. Haig and Miss Alice F. Barber as library directors.

Three vacancies are to be filled at this election, the terms of three directors, Mrs. Harold G. Griffin, Rev. J. J. Jarden Guenther, and Mrs. Peter E. Told, having expired.

In spite of the insistence of her friends and associates on the Board Mrs. Harold G. Griffin declined to run for reelection.

Mr. Guenther, who has just completed three years of service as a Director, is well known to borough citizens, having been Rector of Trinity Episcopal Church for eight years. He is a graduate of Haverford College. He read law for two years at the University of Pennsylvania. He graduated from the Philadelphia Divinity School and is now president of its alumni association. He served in the army for one year and was Executive Manager of the Philadelphia Council for National Defense and the Official War Historian of Philadelphia. He is Vice Chairman of the local Family Service, Chairman of the local Fire Company.

Mr. Richard G. Haig, of Riverview road, has been a resident and property owner of Swarthmore for twenty years. He was born in England, but educated in this country and studied at the University of Pennsylvania. He was an active member of the Players Club for several years. He is the Assistant Treasurer of Trinity Church and a member of its finance committee. He is an engineer with the Sun Oil Company.

Miss Alice F. Barber, of Harvard avenue, studied at the Vian School in Norristown, graduated from the Friends Central School in Philadelphia, studied at the University of Pennsylvania, Columbia and the School of Industrial Arts. She taught for several years at the Friends School in Lansdowne. She recently helped R. La Rue Brain, an assistant in the Department of Economics at Wharton School get out his book, "An Introduction to Economics," and is working with him on another book now. For five years she gave volunteer assistance at the desk in the library. She has always been interested in things of a literary nature.

Elections will take place during library hours on Monday, January 17, Wednesday, January 19, Friday, January 21, Saturday, January 22, and Sunday, January 23, on Monday evening, January 24. Anyone living in the community is entitled to vote according to the Constitution of the Library Association. Ballot blanks are available at the Library in Borough Hall.

The annual meeting of the Library Association will be held Monday, January 24, in the Library. All residents of the community are invited to attend. The Board's recommendation regarding amendments to the Constitution will be considered at this meeting.

SWARTHMOREAN TAKES STRAW VOTE ON MOVIE PROPOSAL

Vote to Be Tabulated Before Public Hearing on Tuesday, January 25; All Borough Voters Can Send in Signed Ballots

To get a more comprehensive view of the community's reaction to the proposed erection of a Moving Picture Theatre The Swarthmorean is conducting a straw vote among the voting citizens residing within the Borough limits.

Last Wednesday, January 5, the Borough Council was petitioned by Dr. William Earl Kistler to amend the zoning ordinance of 1928 to permit the erection and operation of a motion picture theatre on that lot, now vacant, located on Park Avenue between Borough Hall and the Methodist Church.

At the same time Dr. Kistler announced that a paper signed by members of the Board of the Woman's Club declaring their belief that such a business would not harm the property owned by them was in his possession and that the official body of the Methodist Episcopal Church had gone on record as raising no objection to such a business on this adjacent lot.

LEGION TO FETE FIRE COMPANY

Frank Markley To Welcome Guests, Jim Gallagher Secured To Give Humorous Speech

The Harold Ainsworth Post of the American Legion will entertain the local Fire Company on Monday, January 17, at 8 P. M.

Commander J. Paul Brown announces the program as one of the outstanding events of the New Year, when the Post hopes to count the entire membership of the Swarthmore Fire and Protective Association present and accounted for.

It is the thought of the Post members that a part of their community service lies in the extension of the hand of good fellowship and support to the various agencies operating for the welfare and protection of the Borough. They consider that the Fire Company qualifies in the front rank as such a body of men since ever ready, equipped and well coached, the Fire Company has a gallant record of achievement and service in this Borough.

The evening will be marked by the rapid-fire witicism of "Jim" Gallagher, the Irish orator whose droll stories are in every tongue but that of Auld Erin. The welcoming address should "spark" under the guiding eloquence of Comrade Frank Markley, and the evening's high spot, the show-wagon, under the able Alexander Dryden, who makes his hat-dogs dance the Big Apple, will climax a meeting which every Legionnaire expects to be the expression of regard in which Harry McHale's boys are held by the citizenry of Swarthmore. All members are urged to turn out and bring a Vet along to enjoy the comradeship of the Post.

Annual Meeting for Red Cross

The annual meeting of the Swarthmore branch, American Red Cross, and election of officers will be held at 2 o'clock next Wednesday afternoon at the home of Mrs. James Bacon Douglas, 600 North Chester road. All interested are invited to attend.

The regular bi-weekly meeting of the Needlework Guild Sewing Group will be held at the home of Mrs. J. Horace Walter, 508 Cedar Lane, next Monday afternoon at 2 o'clock. All interested in assisting with the sewing for next fall's gathering are cordially invited to attend.

SWARTHMOREAN TAKES STRAW VOTE ON MOVIE PROPOSAL

Vote to Be Tabulated Before Public Hearing on Tuesday, January 25; All Borough Voters Can Send in Signed Ballots

To get a more comprehensive view of the community's reaction to the proposed erection of a Moving Picture Theatre The Swarthmorean is conducting a straw vote among the voting citizens residing within the Borough limits.

Last Wednesday, January 5, the Borough Council was petitioned by Dr. William Earl Kistler to amend the zoning ordinance of 1928 to permit the erection and operation of a motion picture theatre on that lot, now vacant, located on Park Avenue between Borough Hall and the Methodist Church.

At the same time Dr. Kistler announced that a paper signed by members of the Board of the Woman's Club declaring their belief that such a business would not harm the property owned by them was in his possession and that the official body of the Methodist Episcopal Church had gone on record as raising no objection to such a business on this adjacent lot.

**Favors Movies**  
To The Editor:  
As an adult citizen of Swarthmore I favor the erection of a good, up-to-date and comfortable moving picture house in this borough. I like to see the fine pictures that are being shown today and do not care to have to drive to the adjacent towns for such entertainment.

As a parent of children of both sexes, I desire to keep my children in this community for their entertainment. There are here no tap rooms, beer parlors, or dance halls to lure them after the picture is over, and our townpeople are surely better company for them than the strangers they mingle with elsewhere.

It causes me, as a parent, deep concern when I see boys and sometimes girls from this village, asking and accepting rides from strangers, as I return, with my car full, from the movies in Chester or Media.

An Interested Citizen.

**Opposes Movies in Borough**  
To The Swarthmorean:  
The Borough of Swarthmore has for many years been protected against commercialism by a well formed zoning ordinance. While this ordinance has undoubtedly inflicted individual hardships upon some of our residents, it has been the means by which Swarthmore has gained its reputation as a well restricted residential community.

Swarthmore has developed through the years into a community of discriminating home-owners who have enjoyed the peaceful, tree-shaded streets, its quiet beauty, and its comparative safety for the development of their children.

To relax our vigilance in the upholding of this zoning ordinance will have its effect upon our town. The sacrifice of our citizens who have helped Swarthmore to acquire its reputation will have been wasted.

The proposal to erect a motion picture theater in the borough is not in accord with past efforts and is in opposition to the existing zoning regulations. It would open this community to commercialism and would, in our belief, expose the borough to the following undesirable changes:

- (1) The creation of an outside element into the borough.
- (2) The complication of the now

### THE SWARTHMOREAN

**CIVIC GROUP MEETS**

In advance of the large town meeting to be held shortly to discuss changing the Zoning Act to admit a motion picture theatre to Swarthmore, a group of citizens met on Tuesday evening for a free and frank exchange of views. There were eleven men present, and letters were read from others expressing interest and offering to share any expense incurred.

No opposition was expressed to motion pictures, as such. It was agreed that the best pictures are very good and some are both educational and entertaining.

The debate therefore narrowed down to the question whether the people of Swarthmore wanted to reverse the decision already arrived at and embodied in the Zoning Ordinance.

The site proposed for the theatre is the lot adjoining Borough Hall on Park avenue, extending to the Methodist Church property. A traffic engineer present developed the points that even if parking should be provided behind the theatre there would be a considerable overflow of automobiles on all adjoining streets including the station parking spaces; that there would be a great congestion on Park avenue where all space is needed at times for visitors to the Woman's Club, Borough Hall, the Methodist Church, Inglenook Tea Room and the Christian Science Church. There would be increased accident hazard, increased police service required, and possible interference with free passage of the fire apparatus at times.

Other speakers stated that the reason they selected Swarthmore as a permanent place to live was its quiet, homelike atmosphere which has thus far been maintained and which continues to attract people of quiet, friendly tastes and habits, seeking homes among trees and gardens away from the "bright lights" and restless crowds.

In facing the practical question whether taxes from improvements on the property would be an advantage to the borough it was claimed that the proposed theatre would depress real estate values more than enough to offset the gain. One gentleman living near the lot stated that if the theatre became a reality and the neighborhood changed to anything like those of other motion picture houses he would be compelled to go elsewhere for the peace and quiet he had enjoyed for twenty years in Swarthmore.

It was declared that already the Zoning Ordinance has been severely tested and that it had proved its value in protecting home places against undesirable business enterprises.

Several of those present stated that they became with open minds, but at the end of the discussion a poll was taken and all of the eleven men present declared themselves actively opposed to admitting the theatre to Swarthmore or to changing a law already debated and decided and passed for the protection of the Borough.

Steps were taken to form an organization of wide scope and a committee of four was appointed to carry on.

Those present at the gathering were: Dr. Arthur E. Bassett, Samuel D. Clyde, William S. Canning, George W. de Forest, Raymond K. Phillips, David C. Prince, R. Chester Spencer, and Louis W. Wheelock. Not able to attend but expressing themselves as opposed to the project, were Hugh F. Denworth, Frank S. Reitzel and George Schobinger.

**Friendly Circle January 20**

Glancing up from her yard, a young mother was startled to observe the family heir, her "pride and joy," about to "come to mother" from a second story window.  
Fear froze the woman in her tracks. Twice she seemed to swallow her heart. Then she called, "The phone's ringing. Go answer it for Mother."  
The tiny tot paused, smiled and disappeared from the open window.  
It was just a cute little trick the child had acquired, this "answer the telephone." Mother, fortunately, was clever enough to take advantage of it.  
It isn't every day that your telephone will avert tragedy but there are many everyday things it can do to help in a home where there are young children. It can run errands and do the shopping for the busy mother. It can keep her in touch with her nearby friends or with her family in a distant city. ## ARCHITECTURE TOPIC AT CLUB

### Pope Barney Speaker at Tuesday's Meeting; Art and Music Program Next

Claiming that architecture is one of the most potent factors in influencing the lives of young people today, Pope Barney, architect, was the guest speaker at the Woman's Club Tuesday afternoon, January 11.

Tracing the history of architecture from its original form, a place of shelter, to the modern home, Mr. Barney urged that something of the old be retained in the home of today to give a reassurance of the permanence of standard values.

With the Renaissance began a period of building homes for permanence, peace, harmony and hospitality, as well as for a place of shelter and protection. Homes in England and France have gone on through hundreds of years and the lives of these people have been influenced by the stability and beauty of these homes.

The speaker said that the danger today lies in the purchasing of homes as an investment and not building them to meet the problem of family life which we wish to solve. The home should be the center of family life and not the boundary.

Old chintz, rugs, a certain mellowness in draperies and furniture acquired through the years give a feeling of permanence and loveliness to the home. If the lives of home owners are influenced by the past it will be reflected in the home.

Mrs. Alfred Gary White presided at the business meeting, which preceded the talk and reports of chairmen were heard. Mrs. Elliott Richardson, chairman of the American Home Department, introduced the speaker. Hostesses were Mrs. Clifford Banta and Mrs. William Cresson, Mrs. Elmer Schofield and Mrs. Edward Thomas presided at the tea table.

Club members are advised of a country art trip to the Art Museum on the Parkway, Philadelphia, at 10.30 A. M. Friday, January 21. Anyone wishing to make reservations should telephone Mrs. Henry A. Petrol, of Lafayette avenue, who is county art chairman.

Next Tuesday's program will be under the direction of the art and music departments. Josephine Truslow Adams will speak on "Approach to Modern Art" and Helen Behre will give a violin recital. Miss Behre, a member of the violin faculty of the Ornestein School of Music, Philadelphia, has been soloist with the Italian-American Philharmonic and also with the Women's Symphony Orchestra.

Mrs. E. H. VanPatten and Mrs. J. Warren Paxson will be hostesses with Mrs. Walter Fritz and Mrs. Frank Windell presiding at the tea table.

The Drama section of the Club will present the first of its series of monthly plays at 10 o'clock next Thursday morning in the Club House. Under the direction of Mrs. Roland G. E. Ullman the characters in the one act "Consolation" by Charles George will be portrayed by Mrs. J. Paul Brown, Mrs. Lewis Knebel, Mrs. J. Francis Taylor, Mrs. Paul Cleaver and Mrs. C. Macdonald Swan.

## L. W. V. MEETS IN MEDIA

At a joint meeting of the Delaware County and Swarthmore League of Women Voters held in the Media Woman's Club on Tuesday, a panel discussion on the Delaware County Detention Home in Chester was held.

Before the discussion was opened it was moved and seconded and passed that a suggestion of Mrs. Waldo Fisher's be acted upon, namely that a letter be sent to Mr. E. J. Murphy, of the State Welfare Council, telling him that the League of Women Voters strongly approves the placing of a junior counselor in the State Employment Office in Chester, to interview the youth of our county who wish to work.

The business of the day was then started. Mrs. Harold Goodwin introduced Mrs. Alexander Frey, of Radnor, as chairman of the day.

Mrs. Frey first called on Mrs. H. H. Webb to describe the Delaware County Detention Home as it now stands and is run. Located in the center of Chester in an old residence, the home has two small, drab play rooms and an outdoor play yard. There are no toys or books there—no games to occupy the children's time. Five or six children sleep in one room. There are four adults living in the home—the matron, the superintendent, the head probation officer (who has two under him) a maid and a young girl to take charge of the delinquents. There is room for eleven children, both boys and girls. The windows are barred and the atmosphere is cheerless despite the efforts of the adults to do what they could with some paint. The personnel of the home is conscientious and helpful. There are on the average of 427 children admitted to the home during a year. There are many days when no children are there. The superintendent tries very hard to keep the cases to those of delinquent children and not dependent children.

Mrs. Frey then called on Mrs. Earl Harrison and Mrs. Harold Goodwin to give a picture of the Parents Home in Newark, Essex county, New Jersey. It was described as a simple structure with facilities for fine medical and social, as well as psychiatric care of the children sent there. They are kept for two weeks with regular school classes and manual training. Good reports are made of each

## Legion and Auxiliary News

The proceeds of the annual American Legion and Auxiliary ball which will be held at 9 o'clock Friday evening, February 4, in the Woman's Club will go to charity, the aim of the Legion and Auxiliary.

The Auxiliary reports show \$26 was spent at Christmas in presents and baskets for Delaware County needy, and that twelve boxes were sent to the Coatesville Veterans Hospital for nervous and mental cases, each box containing cigarettes, a necktie, writing paper, pencils, socks and candy.

Jimmy Goddard, a blind leper at Carville Hospital, Louisiana, has been adopted by the Swarthmore Auxiliary and his request for a fountain pen for his orderly was made a gift from his new guardian in December.

The Legion National Radio Committee urges the public to hear the Sunday evening programs of music over station WEAJ from 10.30 to 11 o'clock. Singers and instrumentalists are presented as Rising Stars of America and are judged by Alma Gluck, Leopold Godowsky, Ernest Hutcheson, Olga Samaroff, Ernest Schelling, Alexander Smallens, Albert Spalding and Efram Zimbalist. The Legion believes this to be a definite step toward better music and that it should be encouraged as such.

## Perform Spanish Program

Aleja Campo (Mrs. A. P. Whitaker, of Elm avenue), assisted by her daughter, Nena, and Dorothy Wilson, also of Swarthmore, gave an interesting program of Spanish dances for the Chester New Century Club on Tuesday afternoon.

Dorothy Paul, of Elm avenue, acted as accompanist and gave as an overture a delightful rendition of Espana Cani. Nena gave two numbers and scored heavily.

Dottie Wilson's performance of El Garroin was well received.

Aleja herself gave two dances, one the acme of sophistication and the other the height of unsophistication.

## Fire Company Auxiliary News

The regular monthly meeting of the Ladies' Auxiliary of the Swarthmore Fire and Protective Association was held in the Fire Company's rooms in Borough Hall on Monday evening of this week. Announcement of the annual banquet of the Delaware County Auxiliary to be held Monday, January 17, was made among the members of the local organization who will attend are Mrs. Charles Kimmel and Mrs. Frank Terrells.

## Cerele Francois Meets

Mr. and Mrs. William Park, of Cornell avenue, entertained the members of the Cercle Francois at their January meeting held last Monday evening. The literary program was in the hands of Professor March, who has recently come from Yale University to a place in the French faculty of Swarthmore College. Professor March took as his subject the well known work of Alain Fournier, "Le Grand Meaulaine," elucidating many of the obscure points in the book and dwelling especially on the relation of the author's life to his work.

The publication of "Le Grand Meaulaine" was an event in the literary world. But the book did not become famous until after the death of its author, who was killed in the first months of the Great War. Today it is recognized as worthy of a place in universal literature—"unique" after the manner of "Manon Lescaut," "Robinson Crusoe," and "Treasure Island."

James Waltham Laws, Jr., son of Mr. J. W. Laws, of Swarthmore, has removed from Findlay, O., to Detroit, Mich.

## Dancing Class Chaperons

Tomorrow evening's chaperons of the Swarthmore Dancing Classes will be eighth grade—Mr. and Mrs. William M. Park, Mr. and Mrs. A. L. Schoff, Mr. and Mrs. Roy Fahll and Mr. and Mrs. Lewis Beatty; tenth grade—Mr. and Mrs. Dwight Cooley, Mr. and Mrs. George F. Corse, Mr. and Mrs. Rex Gary and Mr. and Mrs. Scott B. Lilly.

PARENTS FAVOR SAFETY PATROL

Tuesday's Home and School Program Also Included Noted Psychiatrist

Willard Tomlinson, president, and Horace Hopkins, program chairman, presented a varied program at the Home and School meeting Tuesday evening when Dr. Kenneth M. Corrin, well-known psychiatrist, spoke on "Extra-Curricular Activities. Their Benefits and Dangers."

"Why do we choose a college?" said Dr. Corrin. "Probably because we are interested in some of its extra-curricular activities."

He pointed out that the threefold purpose of education is to develop mental and physical health, intellectual development, and to acquire a philosophy of living.

There are three benefits from extra-curricular activities: social experience, self-expression, and athletic activity. The dangers in extra-curricular activities are two-fold: for those who do not participate, and for those who take on too many.

Dr. Corrin also said that parents and teachers should be watchful for the symptoms of nervous disorders. The first and mildest is the exhaustion type, or nervous breakdown, typified by loss of sleep. We all need at least eight hours sleep. The second type is due to a toxic state of infection. Dr. Corrin discussed the effects of alcohol at some length, as it produces the worst of mental disorders. The third type of mental disorder is called dementia praecox, or adolescent insanity.

"Certain students should not do work at night," "No one should attempt to study with the radio on. Attention should not be divided," "The child's day should follow his own inclinations. The more fresh air the better." These points were brought out in the discussion following Dr. Corrin's talk. Dr. Corrin is on the staff of the Philadelphia General Hospital, and is consulting psychiatrist at Jefferson Medical College.

Captain Curran, of the Keystone Auto Club, reviewed the local school traffic problems as he expertly brought in to advise Swarthmore on its need for safe traffic for school children.

Student patrol does not interfere with vehicular traffic. It simply secures the time for children to cross. Patrols are a visual appeal to use care in crossing.

Roland Eaton, president of the School Board, responding to its instructions, presented an adverse recommendation to student safety control. He brought out that the Borough Council and local police should assume responsibility for dangerous traffic points instead of school children. He dwelt on the inefficiency of children in handling these situations.

After this, in an informal vote, parents responded overwhelmingly (37-7) in favor of such work in Swarthmore.

RELECTED FIRE CHIEF

Harry Mehall, who was reelected to a second term as Chief of the Swarthmore Fire Company at the annual meeting of active members of the company held Thursday evening of last week.

LOCAL W. I. L. HEARS MRS. HOWARD BRINTON

Mrs. Howard Brinton spoke Wednesday afternoon at the January meeting of the Women's International League in Bond Memorial. In discussing "The Current Trends in Italy" she drew some interesting comparisons between Italy today and as she knew it best as a student in Rome in 1912.

In judging the current trends by examining many Italian newspapers and magazines Mrs. Brinton pointed out that she was impressed by the similarity of subject matter of the articles. The ideas which Mussolini wishes to impress upon the people are constantly repeated.

The current papers and magazines are largely treating three subjects. The first of these is the recent withdrawal of Italy from the League of Nations. The articles reiterate that Italy could not longer depend taking such important action.

The second topic is the development of Italy's colonial policy in Ethiopia. Many commentators in England and America point out that Ethiopia's natural resources and advantages are limited. However the Italian press glories in the resources of Ethiopia which will solve most of Italy's economic difficulties. Incidentally one article stated that it was Japan's spontaneous sympathy in the Ethiopian conflict which brought the two nations to their present entente.

Of third consideration is the Italian and Spanish relationship. It is apparent that sympathy and interest definitely center in the insurgent's cause but it elicits relatively small amount of comment. There is for instance little mention of the movement of Italian troops in Spain.

Mrs. Brinton commented upon the effective international broadcasts of both Italy and Germany. However, both these countries set up equally effective mechanical interference so that broadcasts from foreign nations may not reach nationals of either of these Fascist states.

Tea was served later with Mrs. H. E. B. Speight and Mrs. Sargent Walter presiding. Mrs. Robert Disque, vice-president of the local W. I. L., was chairman of the meeting due to the absence of Mrs. Edward A. Jenkins because of illness. Mrs. S. Milton Bryant made an interesting report for the educational committee and Mrs. Francis Harper told of the activities and responses to the work of the town committee.

Prior to the dinner the regular meeting was held including the annual election. The new officers which were nominated last month are: Dr. John B. Roxby president; Joseph Reynolds, vice-president; Peter E. Told, secretary and treasurer.

Injured at Mummings Parade

An automobile struck and injured Mrs. J. E. Ward who has been spending the past few months with her son and daughter-in-law, Mr. and Mrs. William Ward, of Strath Haven avenue, last Saturday afternoon in front of the Bellevue-Stratford Hotel.

Mrs. Ward, with a party of friends, had been viewing the Mummings Parade from the windows of the Bellevue-Stratford. As they left the hotel Mrs. Ward stepped between two parked cars to gain the car waiting for her. Without any warning the parked car facing her, in which several persons were seated, jerked forward crushing Mrs. Ward's knee between the two bumpers.

The desirability of some form of student safety patrol was discussed. Council suggested that further study be given this matter by a committee of three, one member to be appointed by Council, one by the School Board and one by the Home and School Association. Albert P. Evenson, chairman of the public safety committee, was named as the Borough's representative.

Council Appoints Alben Evenson to Committee of Three to Study School Safety Patrol

The regular meeting of Borough Council was held Wednesday evening with President T. E. Hessebrunck in the chair and all members, the burgess and the solicitor present.

D. W. R. Morgan, chairman of the highway committee, presented a report indicating progress on the four-year plan for sidewalk construction adopted last year by Council. The grading of the west side of Swarthmore avenue and the laying of a cinder walk as suggested by the School Board have been completed at a cost of \$3301 to the Borough.

PARENTS FAVOR SAFETY PATROL

Tuesday's Home and School Program Also Included Noted Psychiatrist

Willard Tomkinson, president, and Horace Hopkins, program chairman, presented a varied program at the Home and School meeting Tuesday evening...

Dr. Corrin, "Probably because we are interested in some of its extra-curricular activities..."

There are three benefits from extra-curricular activities: social experience, self-expression, and athletic activity.

The dangers in extra-curricular activities are two-fold: for those who do not participate, and for those who take on too many.

Dr. Corrin also said that parents and teachers should be watchful for the symptoms of nervous disorders.

The first and mildest is the exhaustion type or nervous breakdown, typified by loss of sleep.

Dr. Corrin discussed the effects of alcohol at some length, as it produces the worst of mental disorders.

"Certain studies should not be done at night," "No one should attempt to study with the radio on."

Captain Curran, of the Keystone Auto Club, reviewed the local school traffic problems as the expert brought in to advise Swarthmore on its need for safe traffic for school children.

Student patrol does not interfere with vehicular traffic. It simply selects the time for children to cross.

Roland Eaton, president of the School Board, responding to its instructions, presented an adverse recommendation to student safety control.

He brought out that the Borough Council and local police should assume responsibility for dangerous traffic points instead of school children.

After this, in an informal vote, parents responded overwhelmingly (37-7) in favor of such work with Swarthmore.

Mrs. Howard Brinton spoke Wednesday afternoon at the January meeting of the Women's International League in Bond Memorial.

Mrs. Howard Brinton spoke Wednesday afternoon at the January meeting of the Women's International League in Bond Memorial.

The current papers and magazines are largely treating three subjects. The first of these is the recent withdrawal of Italy from the League of Nations.

The second topic is the development of Italy's colonial policy in Ethiopia. Many commentators in England and America point out that Ethiopia's natural resources and advantages are limited.

Of third consideration is the Italian and Spanish relationship. It is apparent that sympathy and interest definitely center in the insurgent's cause but it elicits relatively small amount of comment.

Mrs. Brinton commented upon the effective international broadcasts of both Italy and Germany. However, both these countries set up equally effective mechanical interference so that broadcasts from foreign nations may not reach nationals of either of these Fascist states.

Tea was served later with Mrs. H. E. B. Speight and Mrs. Sargent Walter presiding. Mrs. Robert Disque, vice-president of the local W. I. L., was chairman of the meeting due to the absence of Mrs. Edward A. Jenkins because of illness.

Mr. Simmons played the part of Dr. Haggert, the village doctor, with keen understanding, and gave an entirely satisfying performance.

Florence A. Hoadley as Abby, the Haggert's help, handled her first major role so splendidly as to make the lovable Abby more appealing than ever.

Edna T. Hornaday injected into the role of Mrs. Haggert just the right amount of realism to sway her audience at will, and gave an altogether delightful portrayal.

William T. Brown, cast as Tallant, an artist, ideally suited the part, and unquestionably added to his already extensive reputation as an excellent player.

Roland G. E. Ullman, as Rosen, an art dealer, gave a performance which many professionals might envy and carried the play to heights of delightful comedy most difficult to obtain.

J. J.'s Plan Supper At a meeting of the J. J.'s at the home of Nancy Merritt on South Chester road last Sunday evening plans were discussed for the annual supper to be held on the next regular meeting date, Sunday, January 23, beginning at 5 P. M., at the home of Nancy King on College avenue.

Sarah Fussell was appointed chairman of arrangements and asked to name her committee. Betty Moseley as vice-president was assigned the duties of program planning and publicity chairman.

Mrs. J. B. West, of Dickinson avenue, president of the Junior Woman's Auxiliary of this Diocese of the Episcopal Church, spoke to the J. J.'s on various phases of the interdenominational youth movement of which they are a part.

It was decided to send a supply of food to a convalescent woman who has just been discharged from the charity ward of a nearby hospital following an operation and is in straitened circumstances.

Tuesday morning at 11:30 o'clock the mothers of the Swarthmore Girl Scouts met in the Girl Scout House for a box-luncheon. They met also to elect a new Girl Scout House Committee headed by Mrs. Henry R. Harris, of Dickinson avenue, as chairman, Mrs. A. H. Van Allen, of Park avenue, as secretary, and Mrs. H. Lindley Peel, of Columbia avenue, as treasurer.

Saturday morning at 9:30 o'clock Troop 6 will meet at the home of Mrs. Robert L. Coates, Harvard avenue, as the first of several gatherings to study for the Journalist Merit Badge.

Troop 16 will meet at the Girl Scout House Saturday morning at 9:30 o'clock. On Thursday afternoon at 10 o'clock the Girl Scout House Maintenance Committee, a sub-committee of the Girl Scout House Committee, which is responsible only for the maintenance of the House and grounds, met at the home of Mrs. G. H. Froebel on Swarthmore avenue.

An automobile struck and injured Mrs. J. E. Ward who has been spending the past few months with her son and daughter-in-law, Mr. and Mrs. William Ward, of Strath Haven avenue, last Saturday afternoon in front of the Bellevue-Stratford Hotel.

Mrs. Ward, with a party of friends, had been viewing the Mummies Parade from the windows of the Bellevue-Stratford Hotel. As they left the hotel, Mrs. Ward stepped between two parked cars to gain the car waiting for her. Without any warning the parked car facing her, in which several persons were seated, jerked forward crushing Mrs. Ward's knee between the two bumpers.

### DRAMA SECTION PRESENTS PLAY

#### Woman's Club Inaugurates First of Series of Monthly Plays with "Consolation"

Playing to an interested dress rehearsal audience composed of fathers, sons and friends on Wednesday evening and to a large appreciative group on Thursday morning, the cast of "Consolation" received an enthusiastic ovation. The one-act farce by Charles George under the direction of Mrs. Roland G. E. Ullman is the first of a series of monthly plays to be presented by the drama section of the Swarthmore Woman's Club.

Mrs. J. Paul Brown as Mrs. Andrews undergoing a hospitalization for a threatened nervous breakdown, carried off the honors. She was a most attractive and rebellious patient to whom the hospital routine of early rising hours and poor food and noisy maids and too cheerful nurses (who were at the same time too wise to eat the hospital food) and worry of friends proved distressing and curing. Mrs. Paul Cleaver as head nurse and Mrs. C. MacDonald Swan as private nurse were true to type. Mrs. J. Francis Taylor was a most convincing maid whose pockets held an unbelievable amount of candy. Mrs. Lewis Knebel played with finesse the too persistent friend who insisted on visiting the patient and eating all her candy and fruit with relish which was tantalizing, and who bounced on the bed and Mrs. Andrews' feet with evident pleasure.

An amiable take-off of the eccentricities of hospitals, the one-act comedy, ably played, furnished enjoyable entertainment. The scene was cleverly and accurately staged.

#### Interesting Exhibit at Planetarium

"Calendars—Old and New", the current demonstration, at the Fels Planetarium, Philadelphia, is arousing interest among local residents. It reveals the attempt of calendar makers to compromise various dating systems. All calendars are based on various natural cycles which do not fit together perfectly. The aim of the date-setting calendar-makers has been to obtain a system both convenient and reasonably accurate. The problem has been studied in all parts of the world, in all ages.

Also to be explained is the interesting story of how our names of the days of the week happened to assume their present curious order.

The demonstration will continue through January 31 at 3 P. M. and 8:30 P. M. each day except Saturday and Sunday, when it takes place at 12 noon and 4 P. M.

#### William H. Collins Passes Away

Funeral services were held last Saturday evening at 8 o'clock in Silom Church, 12th and Upland streets, Chester, for William H. Collins, colored, who died Wednesday evening, January 12, at his home on Washington street, South Media. He had been a patient in the Media Hospital from October 30 when he was found unconscious in his home until two weeks before his death.

#### S.P.C.A. in Annual Meeting

The annual meeting and election of The Delaware County Society for Prevention of Cruelty to Animals was held last week at Media headquarters. Mr. C. M. Broom, vice-president, Mrs. H. A. Peisold and Mrs. Percival Armitage, secretaries, and Mrs. C. H. Way as treasurer. Managers elected were Messrs. O. H. Spencer, R. Deane White, J. Kirk McCurdy, W. H. West, N. C. Brittain, Dr. M. W. Allam, Mrs. T. J. Quinn, Mrs. D. E. Lindsay, Mrs. R. K. Murray and Miss N. L. Dutton. An advisory board was also named on which the following Swarthmoreans will serve Mrs. Louis C. Emmons, Mrs. L. G. Campbell, and Mrs. Thomas Johnson.

Superintendent C. N. Hayward reported complaints of abuse involved 652 animals and many fowl. The majority were remedied without prosecution, and eight arrests and convictions obtained for hit-and-run and other forms of cruelty. Inspections and corrections were made at poultry markets, piggeries, riding academies, pet shops, farms and residences.

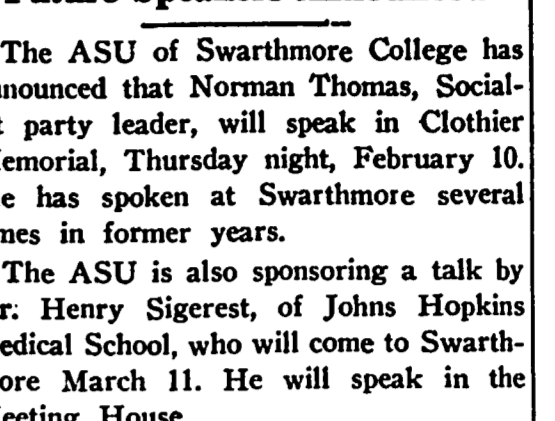

The Shelter committee, headed by Mrs. Quinn, showed that 7509 unwanted small animals were rescued, including 3450 dogs, 4027 cats and 32 smaller creatures. This is the largest number received in any one year, a great advance over the number of 2476 in 1930. 88 lost animals were restored, and new homes found for 345. The ambulance agent, H. T. Dotts, responded to 3712 calls, traveling 2,275 miles. Donations received for this service averaged but 16 1/2 cents per animal, as for the sake of these creatures no fixed charge is made.

Mrs. Murray in charge of the humane education department, gave illustrated talks to children and adults in many schools and clubs on the subject of kindness to animals.

Mrs. Lindsay, chairman, reported 34 grave lots were taken at the animal cemetery for burial of pets during the year, making a total of 148 since the opening of that ground, each grave having an all-metal marker for name and date.

Due to the increased work and expenses, the Society is asking the co-operation of the public to aid in maintaining its humane work.

### WATCH THIS SPACE NEXT WEEK

#### MOVIE THRILLER

A little lass named Goldy, aged nine, sat in a movie house and watched a picture. About 4 P.M. Goldy fell sound asleep. About 5 P.M. the theatre closed until time for the evening show.

At 5:15 or thereabouts our little Miss crept timorously up the darkened aisle, but the doors were locked! By now all sleep had vanished and Goldy was afraid. But then her mental mechanism began to click. Out popped this thought: There must be a phone in the manager's office.

She put her thought to action and in no time the police unlocked the door. Emergencies—the times when you need the telephone most—aren't always particular about turning up during regular business hours. So your telephone must be, and is, ready to help you to reach anyone, anywhere at any time! The Bell Telephone Company of Pennsylvania.

#### College Sports Review

During the past week, the Swarthmore College basketball team won twice in two starts. Dickinson was toppled 51-37 and Delaware fell 49-41.

The swimming team traveled to Troy, N. Y., where it lost to Rensselaer Polytechnic Institute by the score of 56-19. Mawhinney captured the 200-yard breast stroke for the only first place taken by the Garnet.

The women's basketball team defeated Ursinus 25 to 17. Ursinus led 16 to 13 at half time but Swarthmore rallied and held their opponents to one point during the second half. Meanwhile the Swarthmore team staged a scoring spree of their own and netted six field goals for 12 points and the game.

#### H. S. Boys Break Even

Swarthmore High School's basketball team broke into the win column last Friday evening when it defeated Darby by the score of 23-21 in an exciting overtime game.

Swarthmore led 10-8 at the half-way mark but Darby rallied and led 21-17 early in the final period. Swarthmore then turned on the heat and tied it up at 21-21 when Hill netted a foul toss with only one minute to go.

The extra period had the fans on the edges of their seats for the whole time but Hill sunk a field goal for the winning counter.

In the preliminary encounter between the JV's of the two schools Swarthmore won 18-7.

Against Glen-Nor, on Tuesday afternoon, Swarthmore did not get going and Glen-Nor led all the way to finish on the long end of a 40-19 score.

The JV's went down to defeat, as well but by the closer score of 27-19.

Tonight a league game will be played at Ridley Township.

Next Tuesday afternoon the boys will meet Collingdale at home.

#### "The Garnet" Earns Awards

Swarthmore High School has come home with three awards and three honorable mentions in the Pennsylvania Inter-scholastic Press Association Contest held at the state capital. THE GARNET, published quarterly, was entered in the class of news magazine section for high schools under 350, the issues from January 1937 to January 1938. In magazine format the second place award was earned.

In the class for the most original cover designs, Estelle Chapman took first place with a picture of a dance in front of her mirror. This picture appeared on the front of the February issue of THE GARNET. Gertrude Scholinger, junior, walked away with honorable mention. Her illustration consisted of a toe dancer puppet. This was shown on the April issue.

Crawford Fetter took the prize in the editorial section of the contest. His section called "Everyday Art" had to do with people's likes and dislikes of color in objects other than paper (ties, socks, shirts, etc.).

Thompson Littlefield, last year's editor, took an award for his editorial called "Democratic Drama."

Varrell Drew received honorable mention in the essay section of the contest. Her essay was entitled "The Decline of Conversation."

### THE SWARTHMOREAN

#### PARENT-TEACHERS COLUMN

The Seventh Gradel what a thrill for the young people who have completed their elementary education! All the interesting things that happened at the "Sample Day" last spring when the sixth graders visited the High School building and met their future teachers were nothing to be compared to the projects being realized now.

For instance, one small group of seventh graders absorbed the principles of nutrition by observation of the effect of a balanced diet on a family of white rats. Another group learned about the body and its care through the health class, and still another studied the general principles of science. Groups and classes change with each twelve week period, because a small group working together in short intensive courses acquires greater familiarity with scientific subjects than would be possible for a large class meeting for short periods once or twice a week.

Classes in academic subjects such as English, mathematics and social studies must of course cover the entire term. Music and art are not merely lessons in singing and drawing, but in appreciation. In the domestic arts class, the girls are taught to be home makers, while the boys are learning to use tools in wood and metal.

Swarthmore seventh graders enjoy supervised athletic activities, not merely exercise periods in the gym, but real open air hockey games for the girls and football games for the boys, uniforms, coach and everything.

To this privileged class, "Old Philadelphia" is not something to read in books; it is a great thrilling nearby city where school boys and girls may and do visit the revered shrines that make history come alive.

A Chinese friend who recently spent two days observing methods in our school remarked the kindness of the teachers, and the very personal interest they take in each pupil. The Chinese are older in scholarly tradition than we are. Cannot we take a lesson from them in the matter of appreciation?

Certainly young people who are receiving in the seventh grade in Swarthmore Schools the preparation for their maturer years should be well grounded in academic and cultural attainments, they should realize the necessity for keeping their bodies physically fit, and should acquire through their daily association in the cafeteria, the library and gymnasium an ability to work and share with others.

As we study the seventh grade in Swarthmore, there is one thing we most heartily regret, and that is that all boys and girls of the seventh grade throughout the country cannot have the same privileges and pleasures.

**Local H. S. Rate Leads in Latin Tests**

The American Council on Education, through the Cooperative Test Service, has just sent a letter to the Swarthmore High School praising the work of the Latin Department. Scores by the tenth grade class showed that this class in Swarthmore High School ranks well above the average for the public schools of the United States as a whole and even exceeds those who have had an extra half year of Latin.

"On each section of the test your group is superior in its average level of performance to the public school norms for classes who have completed two semesters of study in Latin. On all sections except grammar the Swarthmore class also exceeds the average for students with three semesters of previous preparation in this field. The most important value of these results does not reside, however, in these inter-institutional comparisons, but in the use of these measures in identifying the superior and handicapped individuals in a particular class and in measuring the progress of all students from year to year."

The detailed tests revealed that the pupils are the highest in vocabulary, reading and grammar in that order. The total score of the class of 589 was based on first year Latin study. This compared with the average public school norm of 94.2 for two semesters of Latin study and 55.5 for three semesters. It is hoped that further tests will reveal that other Latin classes rank equally well in their achievement.

#### Tells Pupils of Narcotic Evil

Dr. E. A. Rowell, who has been working in narcotic education for four years, spoke on "The Evils of Narcotics" in the High School Assembly on January 10.

He mentioned that there are between two hundred million to two hundred fifty million dollars worth of narcotics in the world. He also said that more people have been killed by smoking an opium pipe than have been killed in all the wars.

Opium comes from poppies that are grown in Europe and Asia. Twenty other drugs come from this plant. He told of how an opium pipe is smoked. Narcotic addicts are made after one to ten weeks of using narcotics. If an addict tries to give it up he has "narcotic addiction pains", which are very bad cramps. It is a disease that is even worse than cancer. Twenty per cent of the addicts are made before the age of twenty, and sixty per cent between fourteen and twenty-four.

Dr. Rowell stated some of the methods which are used in order to smuggle the dope. Among these are by way of dead cats, glass eyes, false teeth, and cards.

Most addicts start involuntarily and without knowing it. Some young people are given it in dance halls and pool-rooms, served as headache powders, make-up, liquor, cigarettes, candy.

The effects of narcotics are delirium tremens.

The worst of the narcotics is Marijuana. This weed, which grows everywhere, and is the same as Indian hemp, creates a desire in many to commit murders.

#### STUDENT ACTIVITIES OF THE SEVENTH GRADE

The purpose of the Junior Student Association, of which the Junior Cabinet is the executive body, is to promote opportunities for democratic participation in the government of the school and to encourage good school spirit.

All pupils of the seventh, eighth, and ninth grades are members of the organization. The membership of the Junior Cabinet is composed of two representatives.

### REVIEWS UNITED CAMPAIGN WORK

#### Health Society Here is One of Many Supported by Funds of Annual Drive

A total of 76,169 days of care for children and convalescents and 32,048 calls by visiting nurses to the sick poor, just been released by the Health Society of the 24 health and social service institutions operating in Delaware County which obtain funds from the United Campaign.

This report of health restored and new hope created through donations to last year's United Campaign has just been released by the Campaign, which provides funds for the 115 institutions of the Community Fund of Philadelphia and Vicinity and The Federation of Jewish Charities. This year's fund-raising effort, for a minimum of \$5,416,000, begins March 1. Campaign agencies operate throughout Delaware County except in the sections in and around the City of Chester.

Of the total number of days provided by some of these institutions for the distressed, 58,458 days of care were for orphans or neglected children. The visiting nurses of Lansdowne, Swarthmore, Media and Ardmore made 32,048 visits to the sick; and 5694 visits made to health clinics by infants and pre-school children.

In addition to that work, the agencies also reported they had given many forms of aid, financial and material as well as personal, to 1834 families. "This latter phase of work among the unfortunate," the report points out,

A total of 76,169 days of care for children and convalescents and 32,048 calls by visiting nurses to the sick poor, just been released by the Health Society of the 24 health and social service institutions operating in Delaware County which obtain funds from the United Campaign.

This report of health restored and new hope created through donations to last year's United Campaign has just been released by the Campaign, which provides funds for the 115 institutions of the Community Fund of Philadelphia and Vicinity and The Federation of Jewish Charities. This year's fund-raising effort, for a minimum of \$5,416,000, begins March 1. Campaign agencies operate throughout Delaware County except in the sections in and around the City of Chester.

Of the total number of days provided by some of these institutions for the distressed, 58,458 days of care were for orphans or neglected children. The visiting nurses of Lansdowne, Swarthmore, Media and Ardmore made 32,048 visits to the sick; and 5694 visits made to health clinics by infants and pre-school children.

In addition to that work, the agencies also reported they had given many forms of aid, financial and material as well as personal, to 1834 families. "This latter phase of work among the unfortunate," the report points out,

#### Clouds

Beautiful clouds go your way, In your somber and silver array, Over the moon your shadows cast, Only a moment—can they last. Beautiful clouds you are gone, Withier and thinner drifting along. Some are dark. Others are bright. All in moonlight—are lovely to-night. Beautiful clouds in the sky to-night, Drifting lazily in the moonlight, Some are mountains, others are wings Many are only violin strings. E. H.

### Protesting Crowd Overflows Hall at Movie Hearing

Prominent Residents Insist That Consequent Traffic Snarl and Influx of Outsiders Would Destroy Charm of Cultural Village Life

Six hundred and fifty citizens of Swarthmore, fired with the zeal of crusaders, filled the High School auditorium last Tuesday evening, January 25, to battle the proposed zoning ordinance amendment which would permit the erection of a motion picture theatre on Park avenue, to the death. The crowd of curious and interested citizens began to assemble at an early hour and continued, in Swarthmore's inimitable fashion, to stream in during the first half hour of the hearing.

Promptly on the stroke of eight T. E. Hessenbruch, chairman of the meeting by virtue of his office of president of Council, asked any proponents of the proposed movie to rise to his defense. The hearts of the curious fell when it became evident that no honest fight would be forthcoming, but the crusading forces burst into thunderous applause.

Once the well organized program of the "oppositors" got under way, Mr. Hessenbruch introduced Ellwood B. Chapman, Chairman of the Board of Adjustment, who had requested the privilege of addressing the audience on the "Zoning Ordinance." Mr. Chapman, who was chairman of the committee which drew up the borough's zoning ordinance in 1928, said that the purpose of that ordinance was to retain the simplicity of the town.

"We felt," he said, "that it was not required of us to provide gas, oil and 'hot dogs' for the motorists who passed through the town, and we didn't want to disturb the village atmosphere."

The Chairman then called on W. S. Canning, Traffic Engineer, residing in Swarthmore, who stated that the erection of a motion picture theatre on the proposed lot would "create an impossible traffic situation, the only solution of which would be off the street parking to be supplied at the expense of the theatre. The enforcement of the village ordinance that would require would entail monetary loss to the borough, in addition to which would be the unaccountable cost of accident hazard to vehicular traffic."

S. D. Clyde, whose dwelling is in Swarthmore, but whose business is in Chester, stated that the proposed business would bring depreciation to present real estate values and mentioned Media real estate values as an illustration. "No business in Swarthmore adds anything to Swarthmore's charm," concluded Mr. Clyde.

After inquiring if anyone had yet arrived who would say something in favor of the theatre, Mr. Hessenbruch called upon Frank R. Markley, whose remarks were covered in the letter submitted by him to The Swarthmorean and which was published in last week's issue.

Mrs. David C. Prince was then asked to speak. She stated that she and her husband were opposed to movies because of their "deleterious effect upon children."

At the request of the authorities of Swarthmore College, the Chairman then instructed Clarence G. Myers, Borough Solicitor, to read a letter written by an officially appointed committee, stating their arguments opposing the proposal.

### 229 FAVOR MOVIE

Ballots Received by This Paper Show Public Sentiment of Interested Citizens

Undertaken by the immediate presence of overwhelming opposition such as confronted them at the public hearing Tuesday night a considerable number of residents of this Borough voiced their acquiescence to changing the zoning ordinance to permit the erection of a movie theatre on Park avenue between Borough Hall and the Methodist Church, through the medium of the straw vote conducted by The Swarthmorean during the past two weeks.

Those who attended the public meeting and witnessed the small standing vote and lack of speakers in favor of the proposal will be surprised to learn 229 Swarthmoreans turned in signed ballots to this paper declaring their approval of the proposed measure. This vote was but slightly over one-third less than the vote against the movie, 368.

The ballot boxes which had been placed in the Swarthmore National Bank and The Swarthmore office were the scene of almost constant activity and many last minute voters rushed in Tuesday asking that their ballots be considered in spite of the fact that it had been announced last week that the ballots must be cast on or before Monday, January 24. Wishing to present a fair opportunity to all who desired to evidence their sentiment in the matter by use of this straw vote The Swarthmorean held the vote open until just before this issue.

Names on the ballots were checked and although The Swarthmorean realizes that the percentage of the population represented in its straw vote was not terribly high, it does believe it significant that it brought out such an unexpectedly large number of votes for the movie theatre.

### CHARITY BALL NEXT FRIDAY

Annual Event Given to Raise Funds For American Legion and Auxiliary

For the benefit of charity the Harold Ainsworth Post, American Legion, and Auxiliary will hold its annual ball at the Swarthmore Woman's Club on Friday, February 4, at 9 o'clock. Patrons and patronesses are Mr. and Mrs. Clarence C. Myers, Mr. and Mrs. Thomas B. McCabe, Mr. and Mrs. Alexander W. Moseley, Mr. and Mrs. Frank R. Morey, Mr. and Mrs. John H. Pitman, Mrs. Thomas S. Safford, Mrs. E. A. Stockton, Mr. and Mrs. Elric Sproat, Dr. and Mrs. George Pierce Warren, Mr. and Mrs. Alfred Gary White, Mr. and Mrs. A. Prescott Willis and Mr. and Mrs. Edwin A. Yarnall. Music will be supplied by the Mazda Lane Orchestra.

All veterans who can do so conveniently, are asked to wear uniforms to the dance.

The Auxiliary, with Mrs. Herbert Bassett as membership chairman, asks to be notified of any woman eligible for membership in the Auxiliary who might have been overlooked in the January campaign of the organization. Meetings are held on the second Thursday afternoon of each month at 2:30 o'clock in the Legion Room in Borough Hall. Mrs. Bassett will be happy to welcome new names for membership. The Auxiliary works toward the aim of caring for the unfortunate and expenditures are made almost entirely in this direction. The annual charity dance is one way by which money is raised for this purpose.

A meeting of the Delaware County Council will be held at 8:30 P. M. Tuesday, February 1, at Cleveland avenue and Chester pike, Norwood. Dr. William F. Godson will speak on "Americanism." All members of the Swarthmore Auxiliary desiring to attend should notify Mrs. Robert Sheppard, of Dartmouth avenue, telephone 1254-J.

The Salvation Army has to its credit in our country fifty-eight years of ever-expanding service to the needy and discouraged. There are ten separate corps areas in Philadelphia and vicinity in which definitely outlined community programs are conducted. These include educational and character-building work among youth of all ages, as well as separate classes in sewing and cooking for mothers with instruction in child care. Among their specialized services may be mentioned the Family Welfare Department which ministers to families in distress and want; the Transient Service Bureau which aids the shifting poverty-stricken group that might easily become a menace; the Missing Persons Department which locates hundreds of missing persons every year through a nation-wide chain of operatives; the Anti-Suicide Bureau which by quick action and real help has averted many a tragedy; and an Employment Agency which co-operates fully with other agencies and secures employment for many too poor to pay even the customary fee.

The Salvation Army also has two hotels one for white and one for colored men, where shelter and food are provided for the homeless and friendless and for those temporarily stranded. The men here pay a small amount toward lodging and two meals a day if they are able. Ivy House is the home for children—some are orphans, others from broken homes or abandoned by their parents. These children are fitted to lead useful adult lives and kept in Ivy House until some provision is made for their future.

The Salvation Army also conducts a fresh-air camp at Upland, Pennsylvania, a prison welfare department, a women's hospital and clinic, and a settlement and day nursery where working mothers may safely leave their children and are taught home hygiene and the care of infants. Last year 50,677 mothers and children were aided and the nursery attendance was 10,457.

At the reconditioning depot of the Social Service Center employment is provided for over two hundred and fifty men and women who, because of their advanced years or physical handicaps, are unable to secure employment in private industry. These people work on the reconditioning of discarded furniture and clothing, as well as on the salvaging of rags and waste paper. It is the objective to make this establishment and the workers self-sustaining and to dispose of the articles where they will do the most good.

Anyone wishing to buy a picture or obtain any information should apply to the Somerville committee, Swarthmore College.

"We felt," he said, "that it was not required of us to provide gas, oil and 'hot dogs' for the motorists who passed through the town, and we didn't want to disturb the village atmosphere."

The chairman then called on W. S. Canning, Traffic Engineer, residing in Swarthmore, who stated that the erection of a motion picture theatre on the proposed lot would "create an impossible traffic situation, the only solution of which would be off the street parking to be supplied at the expense of the village ordinance. This would require would entail monetary loss to the borough, in addition to which would be the uncountable cost of accident hazard to vehicular traffic."

S. D. Clyde, whose dwelling is in Swarthmore, but whose business is in Chester, stated that the proposed business would bring depreciation to present real estate values and mentioned Media real estate values as an illustration. "No business in Swarthmore adds anything to Swarthmore's charm," concluded Mr. Clyde.

After inquiring if anyone had yet arrived who would say something in favor of the theatre, Mr. Hessenbruch called upon Frank R. Markley, whose remarks were covered in the letter submitted by him to The Swarthmorean and which was published in last week's issue.

Mrs. David C. Prince was then asked to speak. She stated that she and her husband were opposed to movies because of their "deleterious effect upon children."

PROTESTING CROWD OVERFLOWS HALL AT MOVIE HEARING

Prominent Residents Insist That Consequent Traffic Snarl and Influx of Outsiders Would Destroy Charm of Cultural Village Life

Six hundred and fifty citizens of Swarthmore, fired with the zeal of crusaders, filled the High School auditorium last Tuesday evening, January 25, to battle the proposed zoning ordinance amendment which would permit the erection of a motion picture theatre on Park avenue, to the death. The crowd of curious and interested citizens began to assemble at an early hour and continued, in Swarthmore's inimitable fashion, to stream in during the first half hour of the hearing.

Promptly on the stroke of eight T. E. Hessenbruch, chairman of the meeting by virtue of his office of president of Council, asked any proponents of the proposed movie to rise to its defense. The hearts of the curious fell when it became evident that no honest fight would be forthcoming, but the crusading forces burst into thunderous applause.

At once the well organized program of the "opposition" got under way. Mr. Hessenbruch introduced Ellwood B. Chapman, Chairman of the Board of Adjustment, who had requested the privilege of addressing the audience on the "Zoning Ordinance. Mr. Chapman, who was chairman of the committee which drew up the borough's zoning ordinance in 1928, said that the purpose of that ordinance was to retain the simplicity of the town.

"We felt," he said, "that it was not required of us to provide gas, oil and 'hot dogs' for the motorists who passed through the town, and we didn't want to disturb the village atmosphere."

The chairman then called on W. S. 229 FAVOR MOVIE IN STRAW VOTE

Ballots Received by This Paper Show Public Sentiment of Interested Citizens

Undeterred by the immediate presence of overwhelming opposition such as confronted them at the public hearing Tuesday night, a considerable number of residents of this Borough voiced their acquiescence to changing the zoning ordinance to permit the erection of a movie theatre on Park avenue between Borough Hall and the Methodist Church, through the medium of the straw vote conducted by The Swarthmorean during the past two weeks.

Those who attended the public meeting and witnessed the small standing vote and lack of speakers in favor of the proposal will be surprised to learn 229 Swarthmoreans turned in signed ballots to this paper declaring their approval of the proposed measure. This vote was but slightly over one-third less than the vote against the movie, 368.

The ballot boxes which had been placed at the Swarthmore National Bank and of almost constant activity and many last minute voters rushed in Tuesday asking that their ballots be considered in spite of the fact that it had been announced on or before Monday, January 24, that they were to be given a fair opportunity to all who desired to evidence their sentiment in the matter by use of this straw vote.

The Swarthmorean held the vote open until 11 o'clock Tuesday night. Names on the ballots were checked and although The Swarthmorean realizes that the percentage of the population represented in its straw vote was not terribly high, it does believe it significant that it brought out such a unexpectedly large number of voters for the movie theatre.

THE SWARTHMOREAN PUBLISHED EVERY FRIDAY AT SWARTHMORE, PA. PETER E. TOLD Editor ROSALIE DRYDEN News Editor

FRIDAY, JANUARY 28, 1938

It's Your Turn to Volunteer Annual notices of dues to the Swarthmore Fire and Protective Association are being received by the citizens of this community during the current week.

LETTERS TO THE EDITOR The opinions expressed below are those of the individual writers. All letters to the Swarthmorean must be signed. Pseudonyms may be used if the identity of the writer is known to the editor. Letters will be published only at the discretion of the editor.

Deplores Discourtesy The Swarthmorean: Last evening I attended the town meeting to hear some facts about the proposed motion picture theater. While I am definitely not in favor of having one in Swarthmore, I would like to have heard intelligent argument pro and con.

Wants Facts! To the Editor of the Swarthmorean:—The meeting held at the High School auditorium last night if considered as a citizens protest meeting against a moving picture theatre in Swarthmore, in a particular location, was a perfectly proper gathering, and I personally agree with most of the opinions expressed. Otherwise I would not have been living in Swarthmore for a great many years.

However, as a called meeting by our borough council, at which meeting all facts in connection with the matter should have been presented by the members of council, and who should have occupied the empty chairs on the platform, it was the most disgraceful exhibition of what under other circumstances they would have called a packed, gang run, organization meeting.

No member of council presented the facts in connection with the property in question, or enlightened the meeting as to previous facts which they possessed. Where were the borough councilmen who called the meeting? Was the chairman trying to mislead those attending the meeting, or was he ignorant of the facts, past and present, in connection with the property under discussion?

It is possible that these facts may be instrumental in forcing upon the community that which the majority do not want.

A Swarthmore Home Owner. "Was You There, Charlie?" To the Editor, The Swarthmorean.

Nearly five years' residence in Swarthmore led me to expect a much better meeting than that conducted Tuesday night on the movie question. And please get this straight—did not favor a theatre at the proposed location. Anyone entering could sense immediately that the sentiment of those in attendance was better than nine to one against the movie. And yet, was there any attempt of the views of others? Any attempt to sound out those who might favor the proposal to leave if they had any ideas to voice? Quite the contrary; altho' the president did make repeated calls for those in favor to stand forth, the reception accorded those who had the temerity to speak for the movie was not the sort to encourage others. The whole affair was strongly reminiscent of the "trial" of so-called "conspirators" in the U. S. S. R. Far be it from me to imply that there was any attempt to "railroad" the movies out of Swarthmore to those benighted regions where such plebeian forms of entertainment amuse the simple peasantry, but "Was you there, Charlie?"

With such an overwhelming majority opposed to the movie, good sportsmanship alone would seem to indicate that the courtesy of a decent hearing be accorded those misguided souls who might have other views than our own. Yet, with what immature derision was each letter received, while thunderous applause greeted each remark of those who would away with the pernicious influences which threatened the sweet, bucolic simplicity of our Borough.

Think it over: only three, or perhaps four, of the many speakers presented any facts. These were, the able gentleman who told of the resulting traffic congestion, and who spoke with authority; the one who told what had happened at Dartmouth; and he who mentioned actual real estate depreciation as a result of a movie. Swarthmore is supposed to be a friendly place. May I suggest that some more of its inhabitants attend the business meetings of our Society of Friends, where they may learn how to accord the courtesy of silence while others expound views which may differ from their own.

MISS SHIRLEY WARD will return on Sunday from the Baldwin School to spend the day with her parents, Mr. and Mrs. William Ward, of Strath Haven avenue. She will have with her Miss Phyllis Seeley, of Bridgeport, Conn.

THE SWARTHMOREAN

Of Same Opinion To the Swarthmorean:—I am opposed to a movie at the place suggested on account of the traffic problem and the danger of Sunday performances under the law, and suggest the Borough get this particular lot, for Borough purposes, which they in time will need. J. V. S. Bishop.

Letter Unsigned The Swarthmorean has tried to follow a policy of publishing every letter submitted to the paper during the current movie controversy. Therefore it regrets it was forced to withhold a very well written and sensible letter which came to the office this week without the signature of the author.

This letter has been reserved and can be published if the writer will communicate his identity to the editor who will hold it in strict confidence. This is a matter of well known newspaper etiquette required as a protective measure.

**FRIENDLY CIRCLE PLANS CHARITY**

**Local Women Review Recent Activity and Schedule New Work at January Meeting**

Members of the Friendly Circle gathered for a regular meeting at the home of Mrs. Benjamin Collins, of Swarthmore avenue, on the afternoon of January 20. Forty dollars was reported spent for six Christmas baskets. Letters of appreciation for the baskets and for other gifts were read.

The Health Center asked for oil cloth to animals and the sewing committee will attempt to fill the request.

The knitting committee is making five inch squares of different colored wool for an Afghan.

The sum of \$107.50 was realized from the lecture by Dan McCowan which the Friendly Circle successfully sponsored January 17.

It was decided to use funds from the treasury for the following work during the next month: \$3.50 for cod liver oil for infants who require it but whose parents are unable to procure it, \$9 for two one-half tons of coal; \$20 for dental work greatly needed by a boy in this district; \$37.2 for milk for a baby; \$8 for glasses for a boy who needs them; \$22 to pay rent for a family which will be evicted otherwise; \$5 to supply food to another family.

The president, Mrs. Arthur R. O. Redgrave, knows of a widow with four children who would like to help with any kind of work in the mornings from 9 until 12 o'clock and asked that anyone who needs extra help with housework, mending or other chores communicate with her.

**Chess Team Wins Two Out of Three**

The Swarthmore High chess team won its second match of three this year when it defeated Lower Merion's campaigners 7-3 at the High School last Friday. The next match will be held with Glen-Nor on Friday, January 28.

**H. S. Girls Win First Two Games**

Swarthmore High started off its girls' basketball season with a bang, scoring two decisive victories in two home games. On January 13, "Totsy" Wickham tallied fourteen points to pace a 40-19 win over Media. The second team chalked up an easy 70-6 win.

On January 20 the Garnet and White emerged victorious 25-18 against Upper Darby while the Jay Vees (noted for their large scores) came out on the long end of a 40-3 score. "Sooky" Swann, scoring ten points and "Totsy" with nine led the scoring fray for the varsity.

**H. S. Boys Drop Two**

Swarthmore High School dropped two basketball games during the past week and now is in a triple tie for last place in section II of the Suburban League, with Darby and Ridley Park.

Ridley Township won 43-22 at Woodlyn, last Friday and Collingdale topped Swarthmore at Swarthmore, Tuesday by the count of 16 to 8. In the preliminary game, Friday, between the JV's of the two schools, Swarthmore won 24 to 15. Swarthmore has won one game to date but if it can assemble a five that will click, a place in the first division can be grasped. The team plays Prospect Park on the gym floor at 7:15 tonight and Edgemoor away on Tuesday.

**Review of College Sports**

Swarthmore College won two basketball games during the past week. Moravian fell 55-35 and Drexel surrendered 37 to 28. The JV's were not so fortunate. They lost to Pennsylvania's JV's at the Palestra 45 to 22. The swimming team met Villanova in the Swarthmore pool and lost 49 to 26. And the women's basketball team trekked to Jenkintown and dropped a close decision to Beaver College by the score of 29 to 24.

**Tri-Hi Club Speaker**

Last Wednesday, January 19, the Tri-Hi Club of Swarthmore High School, better known as Girl Reserves, enjoyed an interesting talk by Veronica Sullivan, of the Family Welfare Service, Swarthmore. Miss Sullivan spoke to the girls in a very informal way of the activities carried on by the association which she represented.

After the talk the girls had a business meeting in which they discussed plans for a tea-dance to be given in the gym on Valentine's Day for the benefit of the school. They made further plans for the year and closed by singing a few songs.

**Dan McCowan Addresses High School Assembly**

Dan McCowan, Scotch lecturer and photographer of wild life in the Canadian Rockies, spoke before the assembly of Swarthmore High School on January 24. He accompanied his talk with thrilling slides of mountain peaks, wild game, and flowers abundant in Western Canada. He talked of the habits and habitats of many animals now extinct within the United States. He spoke of the study and care put into his popular book on "Animals of North America" and told of the famous artist who had drawn the frontispiece of the book.

Mrs. McCowan, who is living in Banff, Canada, had painted the slides so delicately and accurately that the beauty of the subjects was apparent.

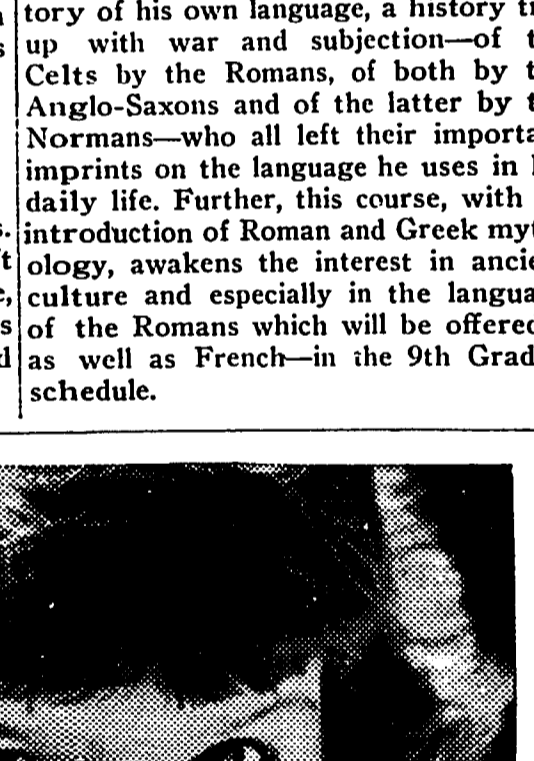

Mr. McCowan plans to travel through Canada taking more pictures for his lectures and books.

**PARENT-TEACHERS COUNCIL**

More and more, the boys and girls of the 8th Grade are growing into real students, grasping here and there the essential meaning of the life-forming power of history, or of the everlasting laws of mathematics, or the beauty of their own English language. The Junior High School, meant as an exploratory stage in our school system, is especially fit for allowing glimpses of that kind to the open-eyed adolescent. Under the guidance of the English teacher, he turns slowly away from the adventure type of literature he preferred till now, towards the appreciation of the classics, starting with Mark Twain and Dickens usually, helped by an excellent selection of books in the school library. He experiences the thrill of self-expression in rhyme or prose and in some cases finds himself a contributor to the "Garnet" (Cloride de Mascio and Martha Baldwin). He learns ("General Science") about the forces that move the universe—the qualities of sun and stars and the development of our earth through millions of years—as well as about the organization of his own little body in the midst of it ("Health"), and as a new adventure in the field of scientific exploration, he hears for the first time in "General Language" of the history of his own language, a history tied up with war and subjection—of the Celts by the Romans, of both by the Anglo-Saxons and of the latter by the Normans—who all left their important imprints on the language he uses in his daily life. Further, this course, with its introduction of Roman and Greek mythology, awakens the interest in ancient culture and especially in the language of the Romans which will be offered—as well as French—in the 9th Grade's schedule.

All this earnest study is going on without neglecting in the least the fun of life or the counterbalancing effect of bodily exercise. As for the social life there has been, for instance, in the beginning of the term a picnic where everybody enjoyed outdoor games with some of the teachers present; and there have been Christmas parties in each of the three homerooms, with a little present arranged for everyone; there even has been an evening party in the High School gymnasium on October 29th, where 78 of the 84 class members took part, most of them masked and in costumes. Although advised by a group of parents, it was decidedly a children's party arranged by four committees of boys and girls (viz: game, decorating, food, and refreshments). Every member of the class was on one of these committees. The games were conducted in three groups, rotating the various equipment from group to group. The automobile tire race seemed to be the most popular game. Later on, the lights were put out and one of the girls told a ghost story. When music was provided through an amplifier, everybody joined in a Paul Jones dance.

As for bodily exercises in school, athletics is a favorite with all of the boys and girls. They play football and hockey, basketball and lacrosse. But they play these games for practice and for the fun of playing, and it is the viewpoint of the teachers that the competitive spirit should be kept out of these games as long as they are played in Junior High School. The girls (Martha Baldwin, Betty Landon, Emily Smith, Ruth Sarvas, Jane Schaff, Eunice Shay, Beverly Doe, Elizabeth Ann Luaders, Barbara Allison, Ann Gorman, Mary Gilreest, Mary Lou Humphrey) won a hockey game in fall against Swarthmore 6, Lansdowne 0. November 4 (Lightweight Game) Swarthmore 0, Upper Darby 0. November 11 (Lightweight Game) Swarthmore 20, Haverford 6. November 18 (Heavyweight Game) Marple-Newton 7, Swarthmore 0. November 24 (Heavyweight Game) Springfield 7, Swarthmore 0.

The phenomenal growth, popularity, and success of our library project has been due not to any individual. We have had an appreciative and considerate public to serve. The names of those who have had a part in the enterprise are too numerous to mention here. Without a single exception the members of the board of directors have been faithful, interested, and devoted workers. We have had no internal dissension nor striving for preferment. To them I express my appreciation for having made the job of being president largely honorary. To Mrs. Eschmann, our librarian, are due words of praise for her tact, fairness, and good judgment in serving so many customers with so little friction. It is no secret that we have had along with 3500 people and keep them 99.44/100 percent satisfied. Miss Lois Green has again given a lot of her time in voluntary service to the library in cataloguing books and other clerical duties. Her assistance has freed the librarian to serve you better and enabled us to open the library to the public a greater number of hours.

We lost a good friend and a valuable director when Mr. Howard Buckman moved from town. To fill his unexpired term, the board elected Mr. John Spencer who has already justified our confidence by his zeal and interest in our affairs.

We welcome him as a co-worker and appreciate his willingness to give this public service.

It is frequently said that no one person is indispensable. In general that is true. But as one who has been connected with the library since the idea was first projected, I am compelled to say that I do not know how we are going to get along without Edith Griffin. She is just about the exception which proves the rule. Without her, perhaps there would have been no public library. It was a shock to her associates when she refused to serve again as a member of the board of directors. For ten years she has worked, given, and inspired others to do likewise for the sake of a library. Scarcely a youth of the town but has had life enriched by what she has done in the supervision of the children's department. And it is one of the great things of such institutions as libraries that such work never dies. Generations yet unborn will enjoy these books and call her blessed, just as we who know her do.

Your Board of Directors' unanimous recommendation to you the incorporation of this association. We are advised that a few citizens have made bequests of funds to the library. In order to secure these monies and, perhaps, to encourage other similar bequests we should become a legal entity. We ask your approval of this action.

Respectfully submitted,  
ROLAND L. EATON,  
President.

**PRESIDENT GIVES LIBRARY REPORT**

**Roland L. Eaton Presented Review of Year 1937 at Annual Meeting Monday**

To the Members of the Swarthmore Public Library Association: On behalf of the Board of Directors, I have the honor to report to you on the management and the condition of the Swarthmore Public Library.

The library is approaching its tenth birthday. We may correctly claim that it has passed through its age of infancy and is now growing up with the community. Our early years were full of concern over finances, quarters, books, equipment, and an operating supervision. Gradually, year by year, we have met these difficulties and attempted to solve them to the best of our collective judgment in the order of their importance. Because of this fact, the past year has seen few changes in our plans. Our quarters and equipment while modest are adequate for present needs. We have added only the shelving around the stage which will be developed into a reference alcove. We have now a small supply of reference books and magazines acquired chiefly by gifts. One of our future concerns will be to add to this collection as rapidly as demands and service requirements will justify.

Up to now the board has operated with a budget substantially below income in order to build a surplus that will provide expenses between January 1 and October 1, when taxes are received, and to be able to meet emergencies arising out of needs for furniture, shelves, files, etc. I believe we have now arrived at the place when our finances will justify the expenditure of a larger percentage of our income annually. This will mean another increase in our book budget and better service for those are no other visible or predictable demands immediately ahead of us.

In growth and popularity the year has been normal and satisfactory. The report

of the librarian has provided you with the statistical information supporting this statement. Suffice for me to say that 9777 books have been acquired since our opening, and last year we circulated 24,589. This increased usage accompanied by a minimum of complaint indicates to us general public satisfaction for which we are grateful.

The phenomenal growth, popularity, and success of our library project has been due not to any individual. We have had an appreciative and considerate public to serve. The names of those who have had a part in the enterprise are too numerous to mention here. Without a single exception the members of the board of directors have been faithful, interested, and devoted workers. We have had no internal dissension nor striving for preferment. The Delaware County League of Women Voters will hear Dr. Camilla M. Anderson, of Philadelphia, speak on "The Care of the Mentally Ill in Pennsylvania" at a luncheon meeting on Tuesday, February 1, at the Media Women's Club.

All those who wish to make reservations are requested to notify Mrs. Daniel R. Goodwin, telephone Swarthmore 55.

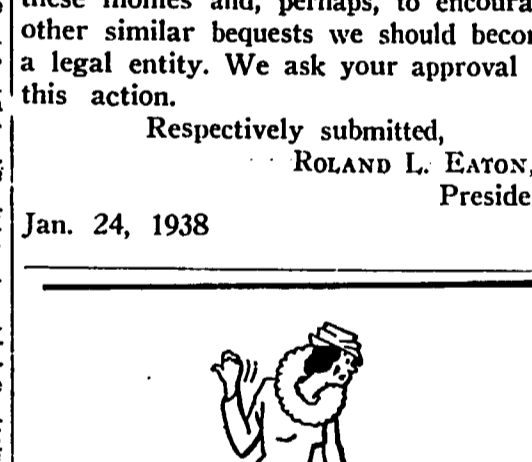

**Mrs. Phillips Recent High School Speaker**

Mrs. Dorothy Waldo Phillips spoke to the High School Assembly on January 17, on the subject of "Is My Face Red?" In this talk, Mrs. Phillips gave the students suggestions on how to be at ease in public. Some of these suggestions were: "What should I talk about?" "How is your voice?" "How can I be popular?"

Mrs. Phillips mentioned that in order to be popular, one must have good manners. In vivid language she said not to be: "a table-diver," a fork-over-loader," "a table artist," "a table hog," "a teller of dreams," "a yoo-hoer," "a piano-banger," "a bathroom baritone," "an ice-box raider," "a dance-floor tank," or "a dance-floor acrobat." In conclusion Mrs. Phillips answered questions on etiquette.

**LIBRARIAN'S ANNUAL REPORT FOR 1937**

I. Circulation  
The total number of books circulated during the year is 24,589. The circulation is made up of the following groups:  
In non-fiction there was a circulation of 184 titles in fine arts, 606 titles in literature (includes plays and poetry), 615 titles in travel, 1,102 titles in biography.  
Other miscellaneous books make a total non-fiction circulation of 3,100. In fiction the total adult circulation is 13,804.

**III. Pay Shelf**

The pay shelf is growing in popularity. Whenever there is a particular demand for a novel a copy is added to the pay shelf, in addition to the free copies on the regular shelf. When the demand for the pay copy ceases the book is either placed on the free shelf or sold. The rules for the pay shelf have been changed to eliminate the .05 a day charge which experience proved to be too high. Now there is a charge of .02 per day with a minimum of .10. These novels differ from the regular copies in that they may be reserved. They are the only new novels which may be reserved.

**IV. New Readers**

The library continues to grow in membership. Last year there were 181 new adult readers' cards issued, and 97 new children's cards.

**NEWS NOTES**

Mrs. William M. Park, of Cornell avenue, will be hostess today at luncheon and bridge to a bridge club of which she is a member.

Mrs. Henry J. Hanzlik, of Cornell avenue, will entertain at dessert-bridge next Monday afternoon.

## REVIEW OF CLUB PROGRAM

### Powers Gouraud Spoke to Women After Tuesday's Luncheon; Two Speakers Next Week

Members of the Swarthmore Woman's Club enjoyed a delicious luncheon on Tuesday, January 25, in the Club House on Park avenue.

Mrs. E. D. Brauns, chairman of the House committee, and her co-workers prepared the luncheon. Mrs. John R. Kline and her committee were responsible for the quick and efficient service.

Following the luncheon Mrs. William Earle Kistler, program chairman, introduced Powers Gouraud, radio commentator, who spoke briefly on his work as an announcer and cited several amusing incidents connected with his work. He referred to Swarthmore as a theatre-minded community, complimenting the town on its active Players Club. Many of those present listened later to Mr. Gouraud's broadcast over WCAU at 11 o'clock Tuesday evening when he referred to his delightful visit to the Swarthmore Club.

Mrs. Alfred Gary White introduced Mrs. Erik Sjoström and Mrs. L. L. Hedgepeth who gave interesting talks on the work of the Junior Club.

The program for next Tuesday will be in the hands of the health chairman of the Club, Mrs. Edward R. Hopkins. Major G. B. Hickman, of Glen Mills School, will speak and Mrs. John J. H. Phillips, a past president of the Delaware County Federation and present state chairman of health, will give her talk on "How to Grow Lovely Growing Old."

MacMillan, of Vassar avenue, and produced by her at the Woman's Club recently, will be repeated on Tuesday, February 1, at the New Century Club of West Chester.
