#### MRS. C. C. SCHATTE **BURIED MONDAY**

Former Marian Hanna Died Friday as Result of Accident 18 Months Ago

Funeral services were held at 2 o'clock Monday afternoon, August 1, at her late home, 625 Parrish road, Swarthmore Crest, for Mrs. Conrad C. Schatte, who died last Friday in the Temple University Hospital, Philadelphia. Although of late she had appeared to be in the best of health Mrs. Schatte had never fully recovered from a serious fracture of the right leg and other injuries she suffered in an automobile accident at Hardingville, N. J., January 6, 1937. She was in a critical condition at the Underwood Hospital in Woodbury, N. J., six weeks following the accident and then was confined to her home for a long period of convalescence before being able to go about as usual. Five weeks ago she was taken ill again and entered the hospital. Mrs. Schatte was thirty-five years old last November. She was born in Chester but had been a resident of Swarthmore for twenty-one years.

Before her marriage in the Swarthmore Presbyterian Church she was Miss Marian Hanna, daughter of James Hanna, well known Chester contractor, and Mrs. Hanna, residents of Vassar avenue. She was a member of the Swarthmore Presbyterian Church and of the Junior Board of Chester Hospi-

Surviving besides her husband and parents are two daughters, Betty Jane, 16, and Marian Hanna Schatte, 14, and a brother, John Reid Hanna, of University place and Cornell avenue, Swarthmore.

The services, which were conducted by the Rev. David Braun, pastor of the Swarthmore Presbyterian Church, were attended by many relatives, personal friends, acquaintances and business associates of the Hanna family, including prominent civic and business of Delaware county. The body was surrounded by more than a hundred beautiful floral tributes.

Pallbearers were: Walter C. Atkinson, of Lansdowne; James A. G Campbell and Edward Lupton, Jr., of Chester; John Dolman, Jr. and Samuel J. Hanna, of Swarthmore; Richard Massey, of Philadelphia; Herman C. Neuweiler, of Allentown; Charles L. Mathewson, of Pittsburgh, and Raymond W. Baldwin, of Williamsport, Pa. Interment was in Chester Rural Cemetery.

To Award Fire Truck Bid on 10th; Buses Replace Yale Avenue Trolleys on 14th

At a meeting of Borough Council held last Wednesday night bids for the new ladder truck for Swarthmore Fire Company were opened and after some discussion it was decided to award the contract for the new truck at an adjourned meeting to be held Wednesday, August 10.

Albert Sidney Johnson, Jr., appeared in the interest of his client, James A. Peck, of Baltimore pike and Sproul road, who owns the property at 350 Vassar avenue, and stated that Mr. Peck was willing to release Mrs. Ogden from her lease on that property, if Council felt there was a violation of the zoning ordinance. Several neighbors appeared and complained about the continuance of the property as a boarding house and claimed that properties on that street were depreciating because of this condition.

Mrs. Louis W. King, of 29 College avenue, asked Council to repair damage caused to her property by the water from the sewers during recent storms. Dr. Eugene Underhill, of Chester and Leiperville roads, requested more information on the new sewer to be located on his property. Both matters were referred to the sewer committee.

Council passed an ordinance providing for contract with the Sewer Authority.

New sidewalk on Walnut lane, between Elm avenue and Swarthmore avenue, was authorized to be installed.

Borough Secretary Elliott Richardson announced that the P. R. T. was to put new buses on Yale avenue in place of the present trolley, the new service to start on August 14, and the tracks to be removed as soon as possible.

#### LIBRARY CLOSES **TOMORROW**

This afternoon, Friday, August 5, from 2 until 5:30 o'clock and tomorrow morning, Saturday, from 9:30 A.M. to 12:30 P.M. will be the last opportunities until Monday, August 22, for members to withdraw books from the Swarthmore Public Library. In addition to being closed each Saturday afternoon during July and August the library will not be open for the next two weeks while Mrs. Irwin Tschebull, the librarian, is on her vacation.

Double the usual amount of books may be taken out this week and kept until the week the Library reopens. This arrangement will permit the issuance of two seven-day books and four two-week books on each adult card. Although the Library opens on the 22nd the books will not be overdue until after the 26th. 25 Acres

#### **About 12 Minutes From Swarthmore**

I have been in the Real Estate business over 20 years and have a most unusual property to offer the buying public. Usually when you buy in the country it is necessary to purchase from 50 to 100 acres in order to have privacy and insure against anything undesirable that might be built nearby. The property I have to offer is 25.4 acres. The topography of the ground is such that it insures against any undesirable building, although the section, in my judgment, is one of the best in Delaware County. This ground is on a high knoll approximately 100 feet above Crum Creek Road, overlooking Springfield reservoir, is heavily wooded with old forest trees principally oak, beech, poplar and pine. It has one of the best quarries suitable for residential building in Delaware County. Has streams and one you would almost call a creek. There is also a macadam driveway of rock base, well constructed, over 700 feet in length. This is most unusual in view of the fact that a house has never been built on the property.

The price is considerably under the market for properties which were sold in that vicinity within the last year. The last sale was to a local Media attorney - five acres, \$8000 or \$1600 per acre. Other properties have sold for \$1200, \$1400 and \$1600 per acre. Anyone who is interested in this type of Real Estate should make an inspection of the property before making a decision.

"In closing this series of payments I should like to add a note of appreciation for the evidently very sound policy that the Association has been pursuing. Considering that the period over which I have made these payments has been so largely one of depression, the investment has been amazingly good. > FRIDAY, AUGUST 5, 1938 Thanks Boro For Picnic

The following letter of appreciation has just been received by the Swarthmore Country Week Picnic Association from The Children's Country Week Association of Philadelphia after the July 27 annual picnic here:

"Because we were taught to say "Thank you," we are doing it, but not because of training alone, for it is pleasure to try to put into words the many expressions of thanks that we heard on Wednesday. I am sure that you and your many willing co-workers. needed nothing but the smiling, happy faces of your guests to reward you for the many hours of preparation for the big day.

Swarthmore may well be proud of her citizens, who contribute so much to make a joyous day in God's Great Out of Doors for these underprivileged, and we of Country Week are happy to share with you, some of that day. With kind personal regards and our sincerest thanks, I am

Very sincerely. MAY MACKIE ALLEN.

The local committee is also very grateful for the annual contribution of Mrs. Philip Marot who potted two hundred plants for the mothers to take home from the picnic.

If every one could stand beside the bed of some close friend, And hear the doctor say "no hopes" before that fatal end, And see him there unconscious, never knowing what took place, The laws and rules of traffic I am sure we'd soon embrace.

If every one could meet the wife and children left behind, And step into the darkened home where once the sunlight shined. And look upon "the vacant chair" where Daddy used to sit, I'm sure each reckless driver would be forced to think a bit.

If every one would realize pedestrians on the street, Have just as much the right-of-way as those upon the seat, And train their eyes for children who run recklessly at play, This steady toll of human lives would drop from day to day.

If every one would check his car before he takes a trip, For worn-out tires, loose steering wheels, and brakes that fail to grip,

And pay attention to his lights while driving roads at night. And pay attention to his lights while driving roads at night, Another score for safety could be chalked up in the fight.

If every one who drives a car would heed the danger signs; Placed by the highway engineers who also marked the lines To keep the traffic in the lane and give it proper space, The accidents we read about could not have taken place.

And last, if he who takes the wheel would say a little prayer, And keep in mind those in the car depended on his care, And make a vow and pledge himself to never take a chance, The great crusade for safety then would suddenly advance.

■ Like hidden expenses of all kinds, your house wiring is out of sight. Is it out of mind, too? If it is, you may be daily cheated of a full-measure of current. You get full voltage into your meter. If your wiring facilities choke your supply beyond it, you are missing full comfort, convenience, safety, economy and efficiency of electrical usage.

FIRST, copper wiring must be adequate in size (large enough core of copper) to care for every conceivable use of electricity... to supply full-measure current.

SECOND, lighting and duplex convenience outlets and switches must be sufficient to fill all your possible needs.

In the passing of Mrs. Thomas Winter Andrew, which occured on Wednesday, August 17. Swarthmore has lost one of its older citizens who was universally respected and beloved. Although her friendly smile and warm handelasp have ceased, the memory of her alert spirit, always courageous and independent, will remain. She would not allow the physical handicap of advancing years and failing sight to get the upper hand with her mind and heart, but remained, as ever, keenly interested in the activities and the people of the town, until the time of her mercifully brief last illness.

# FIRST YEAR

and she will have a healthful winter in a home heated automatically by

• Lucky baby! She'll thrive on the all-over, even, clean heat of her Daddy's automatic gas system. She'll be much less apt to catch colds in such ideal, comfortable atmosphere.

# IT WILL COST Less THAN YOU THINK!

• Let us make a survey of your home . . . at no obligation to you. We feel sure you will find it will cost you LESS than you anticipate. On your small down payment, we'll install a Janitrol, Bryant or Welsbach Gas Conversion Burner immediately. Pay nothing more until October. Burner costs \$195 each, installed. Slightly higher on budget plan—3 years to pay. Ask about our monthly plan for operating a heater and our low combination gas rate.
