## BARNSTORMERS EXCHANGE PLAY

Annual Presentation of Ridley Parkers on Swarthmore Stage  
May 8, 9, 10 to be "Her Master's Voice"

The Players Club will present The Barnstormers of Ridley Park in their annual exchange performance on the evenings of May 8, 9, and 10, three evenings only.

The plot of the Barnstormers' production has to do with the marital life of Ned Farrar and his wife Queena—these two with Ned's mother-in-law making up the household. The fun starts when Queena's aunt comes to visit them, tries to rearrange their lives for them, and tries to hire their butler. The complications caused by these things tend to make up this famous comedy "Her Master's Voice" by Clare Kummer.

A Baxter Bright, who will direct the play, has a capable cast some of whom have been seen on the Swarthmore stage in previous productions: Phyllis Fetzer, Mary Muldoon, Douglas Seiwright, Mildred Rice, Betty Newton, and James Platt make up the cast.

The Barnstormers have given locals many a good laugh and promise another evening of good fun to conclude the regular season here with an "exit laughing."

Members are urged to come Thursday and Friday if they possibly can as Saturday has usually standing room only.

## DOLMAN REELECTED PLAYERS CLUB HEAD

Results of the annual election held last week at the Players Club have been announced as follows:

## "France Forever" to Present Program at Woman's Club May 8

The "Free French" are continually in the news, but usually sensationally and disconnectedly. An excellent opportunity to hear an informative, connected account of the activities and purposes of the "French who have not given up" will be available to this community on Thursday, May 8, at 8:15 P. M., at the Woman's Club, admission free.

The program comprises an address (in English) on "The Free French Fighting with the British," by Philippe Magdelain, a former Lieutenant in the French Army, who served in World War II; a motion-sound film, "The Battle of France" (25 min.); and a short talk in French; and a question period.

Mr. Magdelain will give personal experiences during the present war, and will describe conditions in France on the basis of the most accurate information reaching this country—that which comes to "France Forever." This association is made up of Frenchmen and friends of France in the United States. It is a corporation of the United States, and is affiliated with similar groups in many free countries of the world.

The film to be shown is vivid and instructive. "There will always be a France—or in paraphrase, there must always be a free France. All can believe this motto and work for it without altruism; the same post-war organization that will insure a free France is essential to the continuation of a free United States," declares Dr. W. F. Faragher, chairman of the meeting.

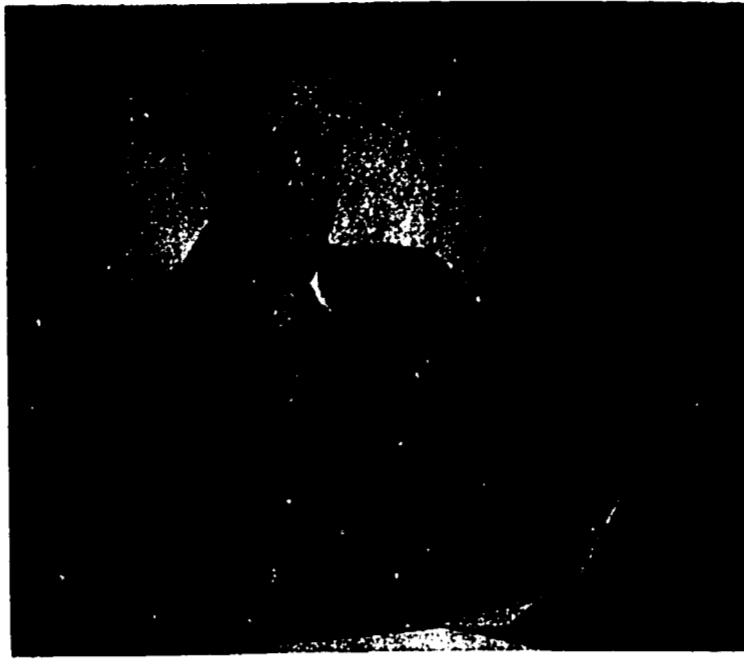

The program is sponsored by "France Forever" (France Quand-Meme) through local members:

Professor Brand Blanshard, Mme. Chauvez, James Evans, Mrs. W. T. Fleming, Jr., Mr. and Mrs. R. C. Laszlar, W. D. Mason, John Pew, Mlle. Aline Richard, Mrs. Philip Snow, Miss Adele Strouse, Clarence Thayer, Mrs. A. Young, and Dr. Faragher.

## Young Friends' Bird Walk

The First Day School will enjoy a bird walk led by Walter Keighton on Sunday morning, meeting at Whittier House at 6 o'clock and returning there for breakfast at the completion of the walk.

## MEDICAL DIRECTOR TO DISCUSS MATERNAL HEALTH

Philadelphia leader will speak at annual open meeting of Maternal Health Center of Southern Delaware County in Bond Memorial, Swarthmore College at 8 P. M. next Wednesday, May 7.

## LEGION BENEFIT TONIGHT AT 8 P. M.

Funds for Work of Post and Auxiliary to be Raised by Community Event

In celebration of 21 years of service in Post 427, the Legion and Auxiliary will hold a benefit card party at 8 P. M. this evening in the High School cafeteria. Guests are urged to be present and play whatever card game they choose. This will be a gay occasion at which time articles contributed by the Swarthmore or Philadelphia merchants will be given as table or door prizes or auctioned. Candy, refreshments and smoking needs will be sold.

The proceeds will meet the many obligations undertaken by these organizations. For the last 21 years, twelve months of activity in the auxiliary has meant the setting aside of various funds. A prominent project has been that of child welfare, turning attention to child delinquency in this country as well as maternal and child health. Substantial donations in the past were made to this cause. Parallel with this goal was rehabilitation, including comforts and luxuries for disabled veterans such as candy, tobacco, magazines, silk pieces for occupational therapy, Christmas lighting, decorations and Christmas boxes. A fund was set aside during the past five years for Camp Sunshine. Up to last year \$40 a year was given to this recreational plan. Many other requests are made of the auxiliary by community service or other units of activity.

James Goddard, the auxiliary's adopted leper, has received a gift for each holiday for several years. Totally blind, and finally deprived of the use of his arms, this past winter he died. Consequently the might-be remembrances for him will be used for other benefits.

## Plan Aid for England

At present the urge to bestow more kits for shelter victims in England, and to help toward the Swarthmore Rolling Kitchen for this suffering country has made the effort toward a successful benefit even greater on the part of the committee. Swarthmore is asked to patronize as well as buy tickets for this event, thereby showing their interest in these would be contributions. Upon the patronage this evening rests the amounts to be given for the various causes.

Keystone Camp for girls, a training in United States Citizenship, is dear to the heart of the auxiliary. Also the promotion of true Americanism and the passage of good legislature are large points in the auxiliary program. Speakers from the county come regularly to the auxiliary meetings to acquaint members with current bills under consideration; of defense methods and needs; and to stimulate a progressive American spirit, always with possibilities of peace ahead. No citizen desires peace and is more active toward projects that will produce it in the future than the earnest legionnaire or auxiliary member.

Red Cross sewing has been a monthly labor, meeting some times from ten to six o'clock once a month. Many garments have been finished and some taken home for last touches.

Past presidents and present officers appeal to friends for their interest and help in this campaign toward a great goal.

## Woman's Club Sees Agencies at Work

Dramatized Work of Community Health Society Made Learning Pleasant; 2 Co. Units Shown

The meeting of the Woman's Club on Tuesday was both interesting and enlightening. The program was arranged by Mrs. T. Harry Brown, Chairman of Welfare, and covered the work done by three Delaware County agencies. Mrs. S. M. Viele, Chairman of Health, introduced the speakers and took the opportunity of thanking Swarthmore women for their services so loyally given in transporting patients to doctors and clinics.

Mrs. Elizabeth H. Plummer supervising nurse of the Community Health Society of Central Delaware County spoke of the work of the society. It was organized and affiliated with the Red Cross twenty years ago in Swarthmore, to provide for individual family and community needs. Nurses are available at all times to give skilled service to the ill at a nominal fee and providing for care for those unable to pay. The headquarters of the organization are in Swarthmore, Ridley Park, Morton, Rutledge, and Ridley Township. Short pantomimes depicted very concisely the various types of assurance the agency so ably gives.

Marie C. Shellmire, executive secretary of the Family Service of Western Delaware County described the type of work accomplished by this organization. Mrs. Shellmire explained that the endeavor of the society was, in simple terms, "to help people help themselves." Sometimes the aid needed is material but frequently it is the intangible things of life with which people need help.

Mrs. Shellmire gave as an example a family not far from Swarthmore who had been rehabilitated by this type of aid. The support of this agency comes entirely from volunteer contributions. Swarthmore was thanked for its past aid and continued help was requested.

Carl H. Schmitt, executive director of the Delaware County Park and Recreation Board, told of the work of this agency, a public organization supported by tax payers. Rendering many services, it is the clearing house for trained recreation leaders, providing supervision for programs and a central library for recreational planning.

Plants and old vases are being solicited from local gardeners for the Mariner Garden Sale on Friday, May 9, from 3 to 5 P. M. at the home of Mrs. Charles L. Maas, Yale and Park avenues.

"Sea Foam, Sand Tarts, and Seedlings" will be sold, with a vase exchange booth for the benefit of the Swarthmore Senior Girl Scout Mariner Ship, by the committee of sponsoring mothers, Mrs. Charles L. Maas, chairman, Mrs. Luther M. Dimmitt, Mrs. F. T. Flaherty, Mrs. Edwin N. Hay, Mrs. Norman Hulme, Mrs. William H. Lee, Mrs. Allen L. Putnam, Mrs. George H. Troxell, assisted by the Pilot Committee, which includes Mrs. Horace H. Hopkins, chairman, and Mrs. Howard Jenkins.

## DEDICATE NEW CHURCH WINDOWS

Methodist Bishop to Speak as Series Is Completed This Sunday Morning

Bishop E. G. Richardson will deliver the sermon at Sunday morning worship at 11 o'clock on May 4 in the Swarthmore Methodist Church, at the dedication of three stained glass windows to complete a series of eight in the church.

Bishop Richardson is the Resident Bishop of the Philadelphia Area of the Methodist Church. He has supervision of the Philadelphia, New Jersey, Wyoming and Porto Rico Conferences numbering over eleven hundred churches.

The windows take their basic design from the early windows of the twelfth and thirteenth centuries. They have been created to be in harmony with the architecture of the church and are in accord with the highest traditions of the craft. Each piece of glass is painted and the paint is then burnt into the glass to insure absolute permanency. The multiplicity of small pieces creates a jewel-like effect. The glass used in these windows is principally of imported English antique and Norman slab glass which are the finest raw materials obtainable. The executing artists have been responsible for many of the most important stained glass windows in this country.

Each window is unique in design to avoid monotony. The focal point of interest is a figure medallion which portrays a significant episode in the life of Christ. These medallions are so arranged chronologically as to illustrate the Life and Ministry of Jesus, and with these newly installed ones the series of the eight windows costing about \$6000 is now complete.

Although the medallions have been created in the manner and spirit of the early craft, the figures have been drawn more realistically to avoid the extreme archaic style of the early masterpieces. This is believed to be more appropriate for a modern church, especially when the windows are as intimate as they are in the local church.

Provision through memorials and contributions has been made for the entire cost of the windows.

Th subjects of the windows arranged chronologically are as follows: No. 1—Announcement to the Angels, Adoration of the Magi, Flight into Egypt; No. 2 (to be dedicated)—The Boy Christ at Play, Boy Christ and the Doctors, Baptism of St. John; No. 3 (to be dedicated)—Walking on the Sea, Healing the Sick, Raising the Dead; No. 4—Woman of Samaria, The Consoling Christ, Christ and the Rich Young Ruler; No. 5—The Last Supper, Gethsemane, Christ before Pilate; No. 6—Sealed and Guarded Tomb, Jesus breaking Bread at Simon's House, Woman at the Tomb; No. 7—Christ on Shore with fire and fish, Ascension. Appearance to Saul; vestibule window (to be dedicated)—Jesus Knocking at the Door, Christ "Come unto Me", The Good Shepherd.

## BRITAIN EAGER FOR MOBILE UNIT

An interesting incident has occurred in connection with Swarthmore's effort to provide a Rolling Kitchen for Britain. Mrs. A. F. Jackson of Park avenue wrote to a friend of Dr. Jackson's who lives in Birmingham, England asking him to find out whether a Rolling Kitchen could be purchased for less money in England than it would cost to buy it here and ship it.

Evidently the friend took the query to headquarters immediately, for in record time Mrs. Jackson received a cable reading as follows:

"Your generous offer to hand, Birmingham gratefully accepts. Am inquiring procedure."—signed "Lord Mayor of Birmingham."

It is rather touching to have accepted as accomplished fact that which was only an inquiry, showing as it does England's eagerness to turn even a prospect of help into a reality.

Day by day the need increases. Is it not possible to justify Birmingham's confidence in Swarthmore by doubling the efforts to raise the necessary money? Have you given as generously as you can to this cause?

Recital-Social The fourth recital by piano pupils of Dorothy Paul was held on Saturday afternoon at the home of Mrs. James Taylor on Harvard avenue. Features of the afternoon were first appearances of Beatrice Carpenter, age five years, and Bobby Lange, six years; and the reading of essays by Jack Pittenger who wrote on the life of Wagner, and Graeme Taylor whose subject was Liszt.

ONE TOUCH OF NATURE

The recent discussion of popguns and rifles in the hands of Swarthmore boys reminds me of the several times I have been almost shot while looking for birds.

On three occasions in the Tinicum marshes I have heard the peculiar song of a 22 bullet close to my ear. Once I had just stooped to pick up a Cecropia cocoon—otherwise the bullet would probably have entered my back.

Such incidents, amusing in retrospect, for consideration. Suppose I had been shot—the consequences for me might have been oblivion, when I would no longer have been concerned with the case. But as for the trigger, he might have found himself unexpectedly facing charges of manslaughter. And he would have been indignant about my carelessness in blocking the range of his gun.

A Swarthmore resident called me frantically several weeks ago to report that a wild bird had fired on and killed a Cardinal in her back yard. This Spring I found a rusty air-gun under a log in Crum Woods—undoubtedly a boy's weapon forbidden at home, but kept in this remote spot.

In March of this year a Barn Owl was discovered by one of Swarthmore's foremost scientists, roosting in a quarry on the outskirts of the borough. This species of owl is a relatively rare bird in our area. Since then it has disappeared from its niche in the cliff's wall, although there have been no recent excavating or drilling operations in that part of the quarry.

What can be done—what should be done—about these budding and flowering ninnims? They are certain to shoot at legally protected birds and mammals, in and out of season, for it is only human nature to yield to the temptation.

HORSES AND KITTENS ON DISPLAY

The annual spring riding show of Swarthmore College will be held in the natural ring and setting in the Crum Woods at 2 P. M. Saturday, May 10. Directed by Betty Walker who is in charge of the College stables the show will include classes in horsemanship, jumping, a novel Maypole dance and classes for children of the faculty and village some of whom own their own horses.

In case of inclement weather the show will be held the following Monday afternoon, May 12. The public is cordially invited. Little Mrs. Black-and-white Pussy who is familiar to all those who frequent the stables is a bit worried that she will be tied down too much at home to be able to attend this year's show. You see she became the mother of three malleable kittens last Saturday. She heartily hopes however that some local children will adopt them as pets and give them fine homes nearby. Miss Walker will be glad to act as intermediary in disposing of the brood, so any child desiring a kitty may contact her.

INJURED IN ACCIDENT AT BOROUGH INTERSECTION

Mrs. Marjorie R. Pegrum wife of William Pegrum, Hillborn avenue, was improving this week in the Taylor Hospital, Ridley Park from a severe concussion of the brain, a broken collar bone and bruises and discoloration of the entire body, sustained in an automobile collision at Cedar lane and Ogden avenue Thursday of last week. Mrs. Pegrum was driving west of Ogden avenue when the collision occurred. E. Morris Bassett, Jr. of North Chester road was driving the other vehicle his station wagon "Hellsopinn" south on Cedar lane. Bassett sustained an abrasion of the forehead and two fellow Swarthmore College students Bill Sloum and Bill Broomall who were passengers in the station wagon respectively received a broken nose and scratches. They were treated later at the office of Dr. William Earl Kistler.

The Taylor Hospital ambulance came for Mrs. Pegrum. Her five year old son William Pegrum, Jr. of Collingdale who were riding in Mrs. Pegrum's car were taken to the Wherry home on Cedar lane and examined by Dr. George B. Hackman for injuries. They were apparently unharmed.

Collision on Rutgers Avenue Charles C. Bowser colored of 318 Union avenue driving the automobile of Herbert P. Whitey from Park avenue on Rutgers avenue toward the Yale avenue garage of C. M. Runmeyer where both are employed, collided with a parked automobile causing about \$300 worth of damage. The automobile of John E. Worthington of Upper Darby was parked facing west on the correct side of the street about 174 feet east of Cornell avenue. The other car struck the left front fenders, struck into a tree and back into the street again. As a result of the investigation following the accident Bowser, who had been arrested in Glendend last June for driving while intoxicated and after serving 90 days in jail was placed on parole for the balance of a three-year sentence, was found to be a parole violator and is now in the Media jail.

John Longwell of Lafayette avenue is recuperating in the Taylor Memorial Hospital, Ridley following an operation performed there on Friday last.

Girl Scout News

Mariner News "Trade Winds" has been selected for the name of the Swarthmore Mariner Ship. Members of the Ship had already taken a fancy to this name, when two new members were recently transferred to the local Ship, two Swarthmore College girls. Martha Grawls comes from "M. S. Northern Light," of Evanston, Illinois, and Frances Bickham, from "Haale-o-Hawaii" of Honolulu. The latter related a story of Honolulu Mariner expeditions aboard an old square rigger in the Honolulu harbor called "Trade Winds." This account settled the choice of the name.

Our local Ship has been working all year to qualify with national standards and has now been officially registered at National Girl Scout Headquarters in New York City, as "Mariner Ship Trade Winds" (No. 378 Girl Scout Troop). Girls now attend their weekly Thursday meetings in blue uniforms.

The spring program of the Mariners is working spring toward June 5th, the official "launching" date when this Ship will be sent down the ways with ceremony, attended by Girl Scout Mariner Ships from Elkins Park, Lansdowne, Drexel Hill, and Wilmington. Working toward passing Midshipmate requirements, Mariners passed on Commodore Alice Blodgett on April 17th. On April 25th, Dr. Ralph L. Dodge of Wilmington instructed and passed them on "Boys, beacons, lights." Last evening, "Bell Time and Watches" reached the advanced stage of playing games in those terms under Mrs. Harold C. Stott. Next Thursday evening, Mariners will pass tests on "Bell Time and Watches."

Close Track Win Over Cadets P. M. C.'s first track meet under Coach Frank Pitts gave Swarthmore a scare in the meet held at Colverham, Tuesday. Swarthmore won but by the narrow margin of 2 1/2 points. The final score was Swarthmore 59 1/2 to 57 1/2 and Swarthmore needed a clean sweep in the broad jump to avert a surprise defeat.

The Cadets showed surprising strength in the field events sweeping the shot put, pole vault and discus as well as first and second in the javelin. Both coach and team deserve a great deal of credit for the fine showing made by their team in the first track meet for a P. M. C. team.

## "BEAUTY AND THE BEAST" FOR CLUB

Junior Players Ardently at Work on Production to Close Season This Month

With the final production of "Beauty and the Beast" just three weeks around the corner, the cast which includes Elizabeth Pope as Beauty, Dr. Paul A. Matias as the Beast, Margaret Vlachos Matias as the Queen, Eliza Katherine Ullman as the Duchess of Avarice, Jean Dickinson as Clarinda her daughter, Ann Bradford and Laura Lee Hopkins as Joy and Gay Beauty's sisters, Paul Thayer as Nickie Beauty's brother, Cyrus K. Harvey as Mr. Merchant Beauty's father, Lewis M. Young as Lord Wagerly, Helen MacLachlan as the Nurse, Lewis Knobel as the Footman, Jerry Dana as Coquette, the dancer, Jack Blackman as the Jailer, and John Chiquito as the Clown has been working diligently to produce a grand climax to the junior club year at the Players Club. The particular version of "Beauty and the Beast" being used by Mrs. Robert H. Reed, the director, treats the fairy-tale in a lovely allegorical vein. The forces of evil, represented by the haughty, scheming queen, wage constant warfare with the forces of good represented by the old family nurse and Beauty herself, who is torn and worn by the struggle. It is a timely allegory in spite of its gentleness and tenderness.

MAY 2, 1941

### IN VILLAGE LIBRARY

New books which have been added to the Public Library include the following fiction: "This Above All" by Eric Knight, a story of a British soldier and Britain under the bombs; "Flotsam" by Erich Maria Remarque, an important new novel of those "men without a country" of the refugees from Germany. Remarque is already famous for his novels "All Quiet on the Western Front" and "The Road Back"; "Manhold" is the last in Phyllis Bentley's series of books about Yorkshire; "They Went on Together," by Robert Nathan, a story of a boy and a girl during an invasion. Mr. Nathan's style is as good as ever, but this is more realistic than "Portrait of Jennie" or "Winter in April"; by Vilhelm Moberg is a satisfying tale of a city man who returns to his farm. Not a gaudy story, but completely engrossing. "The Good Shepherd" by Gunnar Gunnarsson is the story of an Iceland shepherd who sets out on the first day of Advent every year to round up the lost sheep. "Up At The Villa" by Somerset Maugham, is a masterly narration in which the dramatic situation springs from the characters themselves. "Reckon With the River" is a rousing tale of pioneers who travelled down the Ohio in their clumsy boats and opened up the rich lands of Kentucky, by Clark McMeekin author of "Show Me A Land". "City of Illusion" by Vardis Fisher who wrote "Children of God" is a vivid story of colorful Virginia City and the Comstock Lode; "Benjamin Blake" by Edison Marshall is the story of eighteenth century adventures.

"Where Beauty Dwells" is Emille Loring's latest contribution to light fiction and "The Blue Cloak" is by Temple Bailey. "The Tragedy of Y" by Ellery Queen is for detective story readers.

The Maternal Health Center in Chester, concerning which a statement appeared in The Swarthmorean for April 25, is one of these clinics. While the number of clinics now established is impressive in the light of the comparative youthfulness of the movement, this expansion is but a step in the progress planned by the Birth Control Federation of America. Dr. Wood will outline the present objectives of the national and state programs which are designed to make scientific information on planned parenthood available to every married couple as their natural right and privilege in a democracy.

In case the audience of men and women wishing to hear Dr. Wood overtaxes the capacity of Bond Memorial, the meeting will be moved to Whittier House. There will be no admission charge. Following the talk Dr. Wood will reply to as many written questions as time permits.

Williams of 25 Amherst avenue struck a four-year-old child on Yale avenue near the Crum Creek 9:40 P. M. The accident occurred a couple of hours later in the Taylor Memorial Hospital, Ridley Park, where she was taken by a passing motorist, Margaret McGarvey, age 27, of Folsom, who was taking the child Rita Baxter of Berkeley, across the street to see the falls was also hit and was taken to the Media Hospital by Harvey Widdowson of Bateman's of the Swarthmore Police Department.

It is reported the child's mother Mrs. Margaret Baxter had taken her to visit grown-up friends while Mr. Baxter was working a night shift, and as a treat for the child when they started home they came to the Crum falls in the car of LeRoy Atkinson of Philadelphia. The mother, Atkinson, and Miss McGarvey's sister Hannah sat in the parked car headed east on Yale avenue on the right side of the street while Margaret and Rita crossed the street toward the falls. The double ring ceremony was used and was performed by the Rev. Dr. Joseph H. Smith superintendent of the Binghamton District of the Wyoming Conference of the Methodist Church, in a church tastefully decorated with palms and gladioli.

The bride, given in marriage by her father, wore a gown of white mousseline de soie made with light bodice, long sleeves and long bouffant skirt. Her fingertip length veil was attached to a tiara of orange blossoms. The bridal bouquet was formed of white roses, sweet-peas, and gypsophila.

MY MOTHER'S HANDS  
My mother's hands are cool and fair,  
They can do anything.  
Delicate mercies hide them there  
Like flowers in the spring  
When I was small and could not sleep,  
She used to come to me,  
And with my cheek upon her hand  
How sure my rest would be.  
For everything she ever touched  
Of beautiful or fine,  
Their memories living in her hands  
Would warm that sleep of mine.  
All this was very long ago  
And I am grown; but yet  
The hand that lured my slumber so  
I never can forget.

**Blaze in Lumber Yard**  
Having responded to a District 5 general alarm in a barber shop at Sharon Hill at 10:34 Thursday night of last week the engines of the Swarthmore Fire Company were on their way home when at 10:52 John Schobinger of Swarthmore avenue was walking by the Mason Builders Supply Company yard on Dartmouth avenue at Lafayette and discovered a fire in the extreme rear, second floor, near the railroad. He reported the conflagration to Joseph Reynolds at the drug store who proceeded to turn in the alarm. Chief Jesse Hipple of the Upper Providence police who happened to be in the borough attacked the blazing lumber shed with an Indian pump gun. Local Patrolman Henry A. Piersol, Jr. with the extinguisher from the police car and Mr. Reynolds proceeded to combat the flames until the return of the fire fighters. The 100-gallon booster on the ladder truck saved the day, preventing the fire's spread to the highly combustible surroundings, and finally extinguished it in the store-room of window and door frames where it began. The estimated damage was small.

**"Caterpillar Elimination Week"** in Swarthmore was attended and assisted by a host of recognized volunteer cooperators—the caterpillars themselves!

On April 26 I took an early before-breakfast walk in order to determine just how successful the caterpillars' invasion this year might be.

It is an odd fact that ordinary caterpillars are even more pernicious about their food than is your own child or grandchild. If you do not set the worm's proper dish before him, he will look at you coldly and forthwith starve to death.

Therefore the success of caterpillars is attendant upon an abundant supply of their proper food.

On my walk I found a small wild cherry tree upon which thirty or more caterpillar-tents had begun to thrive. Each tent being the nest of two hundred or more caterpillars, this tree was infested by at least six thousand finicky vegetarians.

By the time I observed the multiple colony, the wild cherry had been stripped of nearly every leaf. The caterpillars now cling to their nests in a stupor born of hunger. A few were wandering through the grass in search of a new wild cherry tree. But there were only willows near-by, and the doom of every single worm was assured by their dependence on wild cherry leaves and their own over-abundance on this sapling.

A human exterminator, doing the best possible job of eliminating caterpillars from this tree, would probably have missed one percent of his quarry. This would have permitted the survival of sixty caterpillars. And had this hypothetical human agent been appropriately zealous, he would have done his work as soon as the nests were first apparent. Thus there would have been sufficient foliage to bring the remaining sixty caterpillars to maturity, and the resulting moths would be sure to lay eggs on the tree for next year's plague.

By now, however, the tree is totally stripped and the caterpillars are all dead. The battle seems to have been a draw. But wait another two weeks and then look at the tree again: a new crop of leaves will have burst from each naked twig. The wild cherry will remember the early days of Spring as a mere nightmare at dawn.

PIRATES OF PENZANCE SCORES HIT AT COLLEGE

College and townfolk alike were humming snatches of "Poor Wandering One," "I Am a Major General," etc. last Friday and Saturday nights, May 2 and 3, at Clobber Memorial. To say that Gilbert and Sullivan's comic opera, "The Pirates of Penzance" was enthusiastically received last week-end is a triumph of understatement. The performance was an excellent one in every respect.

Presented by the Swarthmore Student Union in collaboration with the Rose Valley Chorus, the story of the slave of duty, who was mistakenly made apprentice to a pirate instead of a pilot, was acted in the delightfully, light-hearted manner especially fitting to a Gilbert and Sullivan opera.

W. Donald McRostie, heading the cast as the Pirate Chief, was swaggering, rollicking, and robust as the leader of his blackguard band. But his singing surpassed by far his acting, and the singing of the other leads. His rich baritone was clearly heard even to the very eaves of Clobber Memorial. His rendering of "I Am a Pirate King" showed his strong clear voice to the best advantage.

Frederic, the pirate apprentice, as portrayed by William H. Wallace was more than creditably done, as was Mabel, his sweetheart, played admirably by Dorothy M. Swisher.

Perdue Cleaver, the Major-General Stanley of the British Army contributed an excellent and polished piece of acting and singing. Philip J. Morgan as Samuel, the Lieutenant to the Pirate Chief, and Irma Carels as Ruth, the somewhat bungling "maid-of-all-work" contributed outstanding performances, as did Barron Helmut, Police Sergeant; Sally McFadden, Florence Shields, and Constance Schoff as General Stanley's daughters.

The choruses met as much applause and ovation as did the individual pieces. The pirates' chorus, and the policemen's in particular were done with lightness, gaiety, and frivolity.

MOTHER'S DAY

Gentle hands that never weary toiling in love's vineyard sweet, Eyes that seem forever shining when our eyes they chance to meet, Tender, patient, brave, devoted, this is always mother's way. Could her worth in gold be quoted as you think of her today?

Death stood near the hour she bore us, agony was hers to know, Yet she bravely faced it for us, smiling in her time of woe; Down the years how oft we've tried her, often selfish, heedless, blind, Yet with love alone to guide her she was never once unkind.

Vain are all our tributes to her if in words alone they dwell, We must live the praises due her; there's no other way to tell Gentle mother that we love her. Would you say, as you recall All the patient service of her, you've been worthy of it all? Edgar A. Guest.

LISTS NEEDS FOR BIRTH CONTROL

Dr. Wood Impressed Audience With Reasonable Presentation of Planned Parenthood

At the annual meeting of the Maternal Health Center of Southern Delaware County, held in Bond Memorial last Wednesday evening, Dr. H. Curtis Wood, Jr., spoke on "The Need for Planned Parenthood." In his talk Dr. Wood, who is President of the Pennsylvania Birth Control Federation, discussed the importance of making information on family planning available to married couples with limited incomes in its various aspects: medical, social, economic, and religious.

From the medical standpoint he mentioned many physical disabilities which rendered motherhood hazardous and referred to statistics which show greatly lowered maternal and child mortality rates resulting from child spacing. The social value of the program Dr. Wood indicated by reporting the findings of a survey which indicate that parents of the professional class are having, on the average, 2.2 children while those on the lower economic level have 7 children. He pointed out that planned parenthood, when available to everyone, will lessen the need for many other types of social work.

The economic justification for this movement the speaker found in the growing burden of taxation and of solicitation for contributions to relieve want and suffering which might better have been prevented. In this connection he referred to the half million children born each year in this country to families on relief. The endorsement of the work by the leading Protestant and Jewish churches was exemplified by a quotation from Dr. Harry Emerson Fosdick:

"The constructive social service to be rendered by the right use of birth control is immense in extent and in importance. A huge family of children under present conditions is not virtuous but antisocial. To have as many children as can be well brought up, to space them with due regard for their mother's health—to encourage, in a word, a sane, scientific control over this most important part of human life—is the ideal."

Dr. Wood described the goal of the state and national organizations as the eventual incorporation of this movement into the public health service. He urged those present to further the work by encouraging the co-operation of hospitals and social agencies with which they may be associated, as well as by prevailing upon other organizations of standing and influence to lend their support.

In introducing Dr. Wood, Mrs. Clair Wilcox outlined the progress made by the Maternal Health Center, now located at 1014 West Second street, Chester, since its inception. Mrs. S. Murray Vile, Clinic Chairman, described the present activities of the Center.

Heads Construction Company

J. Archer Turner, a resident of Swarthmore for the past 30 years, has been elected president of the Turner Construction Company. The Company's main office is in New York City. For many years, Mr. Turner was vice president in charge of the Philadelphia office, but recently has occupied the position of executive vice president in New York.

The Turner Company one of the larger construction companies of the United States is engaged in several vital defense projects. The most important at present of these is in connection with the large development of Air Bases for the Navy in the Hawaiian and other island islands in the Pacific. In this undertaking, the Turner Company is acting jointly with four other construction organizations.

Mr. and Mrs. Turner are still occupying their home on Harvard avenue, but later in the year will take up their residence in New York.

Mr. Turner is a member of the Board of Managers of Swarthmore College, formerly treasurer of the College, resigning this position last December.

While traveling to Indiantown Gap on Route 322 Thursday, May 8, the automobile of Mrs. Louis Cole Emmons of Meadow lane attempting to avoid a car coming from a side road, blew out a tire and overturned. Mrs. Emmons was bruised and her mother Mrs. Frank A. Lemon was knocked unconscious and suffered a sprained wrist and right shoulder. Mrs. Lemon was taken to the Coatesville Hospital where she remained until an ambulance brought her home on Tuesday of this week.

The two women were making their weekly visit to the military reservation where Mrs. Emmons' son Lt. Louis Cole Emmons has been a patient in the hospital for five weeks following an attack of influenza. He is now being sent to the Walter Reed Hospital in Washington, D. C. for treatment.

Reminder

Once again your attention is called to the Benefit play "Mr. Antonio" to be given for five consecutive nights beginning on May 27, at The Swarthmore Players Club.

The cause for which this benefit is planned—the purchase of a Rolling Kitchen for British relief—grows daily more urgent. Every ticket sold is a help toward that objective. The time is growing short.

The committee urges you to get your tickets today from Mrs. Thomas M. Jackson, Park and Yale avenues, Swarthmore.

TICKETS FOR MR. ANTONIO

Replacement of Needed Fire Apparatus Expected in Six Weeks; Contributions Urgent

The Swarthmore Fire Company has ordered a truck to replace its recently damaged booster the loss of which has threatened the company's high efficiency and might at any time prove its crippling effect should an emergency arise. It is hoped to have delivery of the truck by the Fourth of July and that it may make its first public appearance in that day's local celebration.

The truck cost \$5600 and the old machine, only \$4000 has been raised to date in the company's campaign for funds to purchase the apparatus, but it was felt that the need was so urgent that in justice to those residents who contributed generously toward it and to deserve the fire protection it will afford the truck should be had without further delay.

The firemen are placing trust in Swarthmore to see that the necessary balance of the \$1600 to meet the cost of the truck will be forthcoming. Checks or cash donations may be sent to Peter E. Told, treasurer or given to your favorite volunteer fireman.

The new equipment is being purchased from Peter Pirsch who supplied the company's ladder truck, the pride of this fire area.

Swimming, tennis, painting, clay-molding, nature study, Nursery School, Kindergarten, folk-dancing, square dancing, baseball, softball, with varied forms of dancing, including classes in tumbling will be offered with handicrafts, jewelry and metal work, in suitable combination for all members of a family with a basic family rate.

Heretofore, a registration fee was paid by each registrant for each subject or activity. As some were excluded because of expense involved, the Recreation Committee has adopted a new policy for this season, which will allow children and parents the privilege of a six weeks program at a cost comparable to the previous registration of a single child for swimming alone. The price range for the six-week period follows:

\$5 for Day Camp program for one child to include enrollment for parents in any chosen activities. (No child can be enrolled in Nursery School or Kindergarten for partial registration period for less than \$2.50); \$8 for Day Camp program for two children to include enrollment of parents in any activities; chosen activities; \$10 for Day Camp program for three or more children, to include parent enrollment in any chosen activities.

ONE TOUCH OF NATURE

Philosophers have given us many lectures on the danger of becoming narrow in our interests. The tendency to fall in to this error is so human, however, that it is scarcely to be avoided by even the most conscientious person.

Recently I spoke to members of a local garden club on "How to Attract Birds to Your Garden." I had never before spoken to a garden club—seldom, in fact, to any but ornithological groups. At the end of my talk I asked for comments or questions.

"What can you do about Mourning Doves?" asked one of my listeners. "Well, that's rather easy," I answered. "Doves are members of the pigeon family, and birds of this class are all grain-eaters. The ordinary pigeon feed mixture, procurable at hardware stores, should attract them to your garden in gratifying numbers. Besides this, Doves are very fond of water and respond to bird baths particularly."

"Heavens!" replied the lady, "that's not what I meant to say. I mean, how can you get rid of Mourning Doves?" "I could find no words for the moment, so I stared at her with my mouth open.

"Last year," she continued, a pair of Doves built a nest under our bedroom window. Every day they began to 'coo' at five o'clock. By the time we discovered the nest there were young birds in it, and we couldn't bear to destroy them. Anyhow, we thought they might go somewhere else this year. But now they are back, building on the very same branch as before. Is there any way we can discourage them; and if so, is it legal?"

"You don't like them?" I said faintly. A chorus of "Noes" resounded through the room. Evidently familiarity with Scabiosa, Ageratium, Catulena and Salpiglossus breeds contempt for Doves, Skimmers, Skuas and Shrikes.

"I guess oughtn't to say this," volunteered one of the members, "but I grew up with a favorite bird among ornithologists—a bird whose song became so monotonous to me that I still can't stand the sound of it; I don't even like Whip-poor-wills!"

When I recovered consciousness the members had dispersed. Somewhat stuporous, I idly snapped the heads off a bed of chrysanthemum gladioli, reveling meanwhile in the exquisite phrases of a nearby Brown Thrasher.—C. Brooke Worth.

## H. & S. Cooperating In Radio Research

### Return of Questionnaire Now in Hands of Parents Vital to Study

A study of the effects of radio upon the characters and education of children is being undertaken in Swarthmore by the Bureau of Educational Research of Ohio State University and the Home and School Association of Swarthmore. All children in Grades 5 to 12 inclusive and their parents are being asked to fill out questionnaires which ask what programs are most popular and why. The data thus collected will be tabulated by experts at the Bureau of Educational Research and the results made available to us by the appearance of Dr. Edgar Dale, who is conducting the survey, before the Home and School Association early in the fall.

Dr. Dale is Professor of Education at Ohio State University and is the author of "How to Appreciate Motion Pictures," "Teaching with Motion Pictures," and other books on this subject. He has developed a technique of investigation which has been highly successful in discovering the real nature of this problem. He has now turned his attention to a similar study of the radio and has selected Swarthmore as one of the communities for analysis. The result should be valuable to us in helping us to understand our own children better, but it will also serve a larger purpose in raising the level of radio programs and bringing about closer cooperation between parents, teachers, and the broadcasting stations. Swarthmore is only one of a number of communities which are being asked to cooperate in the study.

## Barnstormers Exchange Entertains Players Club Membership

The annual exchange play brought by the Barnstormers of Ridley Park to the Players Club last week proved to be a frothy, amusing vehicle. Judging from the gales of laughter which convulsed the audience during the two hours of Clare Kummer's "Her Master's Voice" was most entertaining.

Produced under the direction of A. Baxter, bright production starred Phyllis Fretwell as managerial Aunt Min and Douglas Seiwright as Ned Farrar. Mary Muldoon as Mrs. Martin, Mildred Rice as Queena Farrar, Betty Newton as Phoebe, Harry Montgomery as Mr. Twilling, and James Platt as Craddock completed the evenly balanced cast.

## Mrs. Coates Won Coveted Award

(Continued from Page One)  
Mrs. Coates received the award with her usual modesty, saying only that she was deeply moved and that the work had all been "done" to her. Her second surprise of the evening was the presence of her daughter Mrs. Eugene S. Farley of Wilkes-Barre which had been arranged by Mrs. Samuel M. Dodd and Mrs. O. J. Gilcrest.

Mrs. Coates was the third Swarthmore woman to receive the award, Mrs. Elmer Melick having received the first award in 1935 and Mrs. William A. Jaquette in 1939. Both were introduced during the evening and witnessed the presentation. Other Swarthmoreans in the audience were Mrs. Holmes, Mrs. Dodd, Mrs. Gilcrest, Mrs. Roland L. Eaton, and Mrs. Peter E. Told.

## School Art on Exhibit

The Swarthmore Grade Schools will be represented by a number of paintings and drawings at the Festival Exhibition of the Cultural Olympics program of the University of Pennsylvania. These drawings were selected by a jury from those that had previously been shown in the Cultural Olympics Elementary Exhibition in April. ## Jenkinson Group Head

"The Song Weavers" a group of fifteen Jenkinson singers under the direction of Helen Riddell Holcomb, concluded the afternoon with a refreshing and delightful program "Along the Garden Path in Song and Poetry." Selections of garden poetry read by Mrs. Holcomb interspersed gay and fitting choral numbers, and proved a happy finale to the club year.

Group numbers included: "Voices of the Woods" by Rubinstein, "The Spring Has Come" by White, "I Know a Lovely Garden" by D'Harcourt, "In a Monastery Garden" by Ketyell, "The First Primrose" by Grieg, "The Lilacs Are in Bloom" by Tyson, "Two Roses" by Gilbert, "Mistress Margaret" by Penn, and "The Years at the Spring" by Beach. Local gardeners in the audience chuckled responsively over: "On winter nights when winds grow chill and snow embanks the window sill. We hunch the catalogue and make Our garden list. In March we stake Our last red cent to pay the cost. In April, when the final frost is spent, we fill the garden with seed. In May and June we pray and weed. And watch and wait. July the first When into bloom each bud has burst And every plot's a garden gay, We close the books and go away." A choice addition to the afternoon's pleasure was the reading by Mrs. Robert L. Coates of her prize-winning poem "Divided Loyalty" and Mrs. Eaton's reading of Mrs. Warren F. Farragher's charming essay "Reflections at Fifty."

## Discussions U. S. Foreign Policy

There were four widely differing opinions: (a) that the Administration needs no advice, (b) that nothing we could say would halt its talk of policing all hemispheres, (c) that its naval-military efforts should be limited all ways to this hemisphere and (d) that mediation for a just peace should be continuously offered.

## Tells of "Free France"

The program of "France Forever" presented at the Woman's Club on May 8, highlighted the ideal aspirations of the France of yore as well as the courageous ones of the new, the free France! The contribution of the former Swarthmore College professor and minister of the French Church in Philadelphia Marcel Brun in well-styled French, was not only music to the ears of his French-speaking listeners, but a poetic monument to French culture as well.

Whereas Lieutenant Philippe Magdelain's charming French accent in a fascinating talk, rendered in English, also held the audience spellbound, his subject was of a much more practical nature. He also felt that the importance of organizing Army and Navy movements by the free French under de Gaulle, is underestimated in this country and that American sympathy and help in these movements could be a strong factor in preserving the France we have always known and loved.

## COLLEGE TO GIVE GREEK DRAMA

Performance of Aristophanes' "Peace" to be Presented in Greek Tomorrow

For the fourth successive year the classics department and students of Swarthmore College are presenting a classical drama in its original language and costumes. The production Aristophanes' "Peace" will be given in cooperation with Haverford College on the Swarthmore campus Saturday afternoon, May 17, at 5:30 o'clock. In case of rain the performance will be postponed until the following day. "Peace" was first produced in Athens at the spring festival known as the Great Dionysia, in 421 B. C. during the Peloponnesian War. Its appearance was followed a few weeks later by actual peace treaty. The play is an allegory of a mortal, Trygaeus, who mounts to heaven on the back of a winged beetle in hopes of persuading Zeus to bring about the end of the Peloponnesian War. On his arrival he discovers that Peace has been imprisoned in a pit and War is reigning in heaven. Through the intervention of the common people, Trygaeus is able to bring about the freeing of Peace. To celebrate the recovered blessings of Peace, a marriage is consummated between Trygaeus and Bounty, an attendant upon Peace.

Participating in the open-air production which is to be given at the cloisters of the Clothier Memorial are members of five departments of Swarthmore as well as students and faculty members from Haverford. Members of the cast and chorus numbering about 30 in all, are drawn largely from the Classics departments of the two colleges. Swarthmore's department of engineering is constructing a large winged beetle on a ramp by means of which Trygaeus will be able to ascend the walls of Clothier Memorial to "heaven." The players' costumes are being designed and supervised by the department of Fine Arts with the assistance of faculty wives from both colleges. Choral music has been composed by the department of Swarthmore's music department to be sung by a chorus of twelve boys who also take part in the action of the play.

## Swarthmore Children Place in College Horse Show

## "MR. ANTONIO" OPENS TUESDAY

Five-Night Production Will Raise Funds to Purchase Mobile Unit for Britain

"Mr. Antonio" will open a five night run at the Players Club on Tuesday, May 27. Jointly presented by the Club and the Thimble Group to raise funds for the purchase of a Rolling Kitchen for Britain the production will be directed by Dr. A. F. Jackson.

The Tarkington play was a great success when produced 11 years ago by the Players Club. Three of the original cast will be seen in their former roles, Dr. A. F. Jackson, David Narbeth, and John Brownell. Helen Reed, Elizabeth May Roberts, Winifred A. McDowell, Angela Mason, Helen Parker, Marguerite Getz, Beth Allyn, Stafford Parker, J. W. Simons, L. R. MacElwee, William E. Gibson, and Charles F. Seymour complete the additions to the cast.

Attendance at one of the five performances of "Mr. Antonio" presents a most pleasant way to contribute to the cause of British Relief. The need of mobile units such as the proceeds of the play will help to purchase grows daily more acute. They are costly but their ability to carry sustenance and relief from place to place in the bombed areas makes them vital to Britain's program.

Tickets for the Thursday, Friday and Saturday night performances can still be secured from Mrs. T. M. Jackson. Since the play is one which children can enjoy and appreciate it is suggested as a Friday or Saturday night treat for them.

If you cannot attend the play but wish to give to the fund your contribution can be sent directly to Mrs. Jackson and will be gratefully used toward the unit's purchase.

## Taylor - Mitchell

At "Brookhill," Wallingford on Saturday afternoon, May 17, in the presence of a gathering of relatives and close friends Miss Doreen Claiborne Mitchell daughter of Mrs. Charles D. Mitchell and the late Mr. Mitchell and John Stanley Taylor son of the late Mrs. John N. Taylor of Swarthmore were married, with the Rev. David Braun officiating.

The marriage was solemnized in the garden where the blooming flowers and shrubs formed an ideal setting for the wedding party and the soft music of the harp played by Dorothy Johnstone Baessler was a beautiful undertone to the simple and deeply impressive ceremony.

Miss Mitchell wore a gown of white marquisette with a train, and a fingertip veil falling from a Tudor cap trimmed with orange blossoms. She carried a prayer book and a shower spray of white orchids and lilies of the valley. Her only attendant was her cousin, Miss Doris Dougherty of New York who wore a flowered organza and carried an old fashioned bouquet of flowers set in a lace frill. Mrs. Mitchell wore a gown of soft blue crepe with a corsage of mauve orchids.

The groom's brother, Mr. William D. Taylor served as his best man and the ushers were Dr. George P. Warren and Mr. Godfrey Taylor.

A very friendly and informal reception immediately followed the ceremony after which Mr. and Mrs. Taylor left by motor for a stay at Sea Island, Georgia.

Mrs. Taylor is a graduate of Mary Lyon School and Wildcliffe Junior College. Mr. Taylor attended Duke University.

The bride wore a fitted white georgette corset gown with a train, a heart-shaped coronet and fingertip veil. She carried a gardenia bouquet with an orchid center. Her two bridesmaids, Miss Jennie May and Mrs. C. C. Pharr of Charleston, wore yellow georgette gowns with matching halo bonnets. The matron of honor, Mrs. H. H. McIlhenny of Richmond, Va., the bride's sister, wore green georgette with matching halo bonnet. All three attendants carried bouquets of roses, delphinium and snapdragons. Five-year-old Ann Woodman dressed in a demure ruffled Kate Greenaway gown in a soft lavender shade was the ring-bearer.

**ONE TOUCH OF NATURE**

The tent caterpillar season in Swarthmore came to a tremendous peak this year, despite "self-extinction" that occurred on some trees during the earlier stages of the plague. Although very young caterpillars will refuse to change their diet after the natal tree has been stripped, older crawlers are less specific in their needs. When nearly mature the worms can substitute quite a number of sorts of leaves for their favorite wild cherry.

Toward the end of May I saw the caterpillars feasting contentedly on various species of oak as well as on rose bushes and other garden shrubs. Even then, however, they continued to refuse maple, elms, ash, tulip poplar, etc. Therefore many must have still been starving during the late stages of their growth, and the fact that large numbers succeeded in eventually spinning cocoons is merely further proof of the excessive extent of this year's plague.

C. BROOKE WORTH.

**In Tribute to Mrs. L. E. Putnam**

She faded away as the flowers do  
To bloom again no more  
In the garden of the Lord above  
Among the flowers she did so love.  
She is now with her loved ones  
Free from sickness and pain  
Where there's sweet music to entertain.  
Her work in her garden here is through  
She's just gone ahead to wait for you.

Enjoy Shore Week-End

Swarthmore Mariners of "M. S. Tradewinds" spent a recent Sunday with the Academy of Natural Science Expedition to study "Life of the Sea and Seashore" at Cape May, N. J. They were chaperoned by Mrs. Luther M. Dimmitt and Mrs. Theodore W. Crossen.

Mariners were afforded an opportunity to see the Coast Guard in action, as they witnessed the search and recovery of the cabin cruiser "Vagabond", which capsized in the rip of Delaware Bay at Cape May Point Sunday morning, with the loss of three lives.

Contrasting with this tragedy, the Mariners were taken through the Wither Stone Bird and Plant Sanctuary at Fenwick, where in the quiet peace of dune and forest, they observed rare specimens of birds and plants, including beautiful lady-slippers in bloom.

The afternoon was spent on "bed-camping expedition" with scientists who pointed out the peculiar peat formation on the shore, as well as types of sea life washed ashore. Marine life was dredged from the ocean and seines used along shore. The expedition included two train cars of Philadelphia nature lovers and scientists, some of whom took an inland waterways boat trip to study water birds.

Under the chairmanship of Mrs. Charles L. Maas, the Mariner Garden plant and bake sale achieved a great success raising funds for current expenses of "M. S. Tradewinds" and its forthcoming "launching" on June 5.

Friday the Program Committee for the "launching" ceremony was entertained by Mrs. F. J. White in Wynne Maas of the Port Watch and Marion Troxell and Mary Francis Dimmitt of the Starboard Watch were elected to this committee.

Thursday evening, May 22, Mariners had an opportunity to study "Clouds and Weather" by observing experiments performed by Mrs. Herbert Ashton, whose work was recently featured by "Life" magazine.

Molnar's Swan Dance Recital and Vespers to Proceed at Commencement Address

Four days of activity will culminate in the twenty-eighth Commencement Wednesday May 28 at Wildcat Junior College and The Mary Lyon School.

Dr. Douglas V. Steere, associate professor of Philosophy at Haverford who spent part of his sabbatical leave with the Friends Service Committee in Germany this year will deliver the Commencement address in the Miller Crist Auditorium.

The Commencement Play is Molnar's "The Swan," featuring spectacular stage sets by Paul V. Martel, noted Belgian artist now residing in Philadelphia.

Dance numbers under the direction of Barbara De Parsons and incidental music by Wendell Lewis combine to make the production one of the most pretentious in recent years.

Tuesday's activities include the annual garden party to the seniors and their families to be followed by the recital of the Wildcat Dancers in a public performance at 8:30 P. M. at the Miller Crist Auditorium.

Eliza Katherine Ullman was delightful as the Duchess. Much of the humor and many of the play's best lines were hers and she made the most of them.

Lewis' M. Young as Lord Wagver-jaws, Helen MacLewee as the Nurse, Guy R. Harvey as Beauty's father and Gerry Dana as the Dancer gave fine supporting portrayals.

Helen Clark Reed was responsible for the good quality of direction, Marcia M. Harvey was prompter, Gretchen Van De Hove in charge of properties, Isabel Myers was stage manager, Hallie Koch and Jane Gemmill managed costumes, Alex Whitaker directed the dance.

Chiquino and Roger March were electricians. Marshall Schmidt played the drums at the war mustering in the last act. Margaret Muttig painted the portrait of the prince as he should have been and really turned out to be.

Action was taken upon the personnel of the teaching staff, resignations being received from Miss Mary Oberlin, Mrs. Pauline Meyer McAllister, and David R. Gerner, who will terminate their employment at the end of the present school year.

**Trinity Parish Notes**

Dean Evans and Henry Evans who received certificates for perfect attendance at the Church School for the winter of 1940-41 have held this record for 14 and 13 years respectively. The other students who received similar awards were: Cornell Archbold, Robert Hulme and Jean Richmond. This was the second consecutive year for a perfect record by Jean. Those who had but one absence during the year were: Virginia Hay, Patricia Giles, Carey Richmond, James Thomas, William Thomson and Joan Thomson. Among the teachers Duncan Hay and R. M. Richmond were absent only once. The members of the Worst family maintained its usual record except for the time when they were quarantined.

The newly confirmed members of the parish and members of their families will have a Corporate Communion at the 8 o'clock service on Sunday morning.

The following members of the Parish were presented for confirmation Sunday evening: Edgar N. Adams, W. Cornell Archbold, Jr., Frances Brewster, Ruth Bradford, Arnold R. Chiquoine, John L. Corning, Jr., Priscilla P. Giles, Ann Harvey, Carolyn P. Henry, Nancy J. Lewis, Charlotte Maas, Robert H. Reed, Jr., James R. Taylor, Jr., and Molly Thomas.

The progressive supper which was held by the Young People's Fellowship Saturday evening was most successful and plans are now being made to send delegates to the summer conferences.

The Rev. J. J. Guemund and Louis W. King attended the meeting of the Convocation of Chester at West Chester on Tuesday of this week.

## Replies to Mr. Lingle

The Editor  
The Swarthmorean  
Dear Mr. Lingle:

I agree with that part of your letter in the May 23rd Swarthmorean wherein you opine, "There is much unformed thinking on the issue of foreign policy." The kind illustrated in your letter is based on the premise, "Nothing could be worse than Roosevelt!" Like the Frenchmen of 1939, local affairs seem to obsess you more than foreign affairs; you fear the possible dictatorship of an elected President more than you fear the big four who are trying to divide up Europe, Asia, Africa, South America and points North.

I don't want a self-perpetuating Executive any more than you do and I spoke and voted accordingly when that issue was before us last fall, but a majority of our fellow citizens preferred Mr. Roosevelt, and that's that. What ever the fundamental documents say the man is President, also Commander-in-Chief, and the latter office just now is rather significant. I am less concerned with the "treasonable implications" of the proposed union with Great Britain than I am with the treasonable implications of hamstringing the administration in the present crisis. Prating about the fundamental documents when a hurricane is all about us strikes me as slightly irrelevant, incompetent and immaterial. We can't protect ourselves against the Panzer Division by quoting the Declaration of Independence, or even Washington's Farewell Address.

Of course, you would answer, as have, unfortunately, 24% of our citizens who adopted the Lindbergh pattern, that there is no national peril even though we face an unholy alliance of Germany, Italy, Japan, Russia and France. You will approve, in principle, of national defense, but will assure us it only we will mind our own business as Belgium, Holland, Denmark and Norway did, nothing will happen to us; it's not our war; and any-

way there's no stopping Hitler; better give up before we get hurt, and anyway, if we don't watch out, this man Roosevelt will ruin us.

Whatever his peace-time sins, this man Roosevelt has shown that he does not intend to fight Hitler with an umbrella. He stands for Action Now by the combined air and naval fleets of Britain and the United States just as fast as the sit-down strike tactics of the fundamentalists of your America First Committee will permit. Your implied suggestion that he should be impeached would apply to a majority of the members of the Congress of the United States, for it was they who enacted the Lease Lend Bill into law (with the isolationists and appeasers contesting every inch of the ground).

"Before our personal freedom and national independence are both gone," I suggest that you consult again the fundamental documents, including the dictionary and the recent history of the invaded countries of Europe. It would well also to review the Constitution of the United States to find out what persons are constitutionally entitled to direct foreign affairs of this country. Granting that you still have the precious right of freedom of speech, it does not follow that you have the right to rock the boat in a storm like this.

CLARENCE G. MYERS.

**Feels School Sentiment**

To the Editor of The Swarthmorean:

Since that moment when the grades all moved up a row in Assembly, and to the tune of Auld Lang Syne, we seniors of Swarthmore High School left our honored seats with the best dignity we could muster. I had not experienced the lump-in-my-throat loyalty to my Alma Mater, until the recent Friday evening when the High School Chorus sang.

Before the members gave their beautiful rendition of Purcell-Krone's "In Praise of Music" under the expert directing of Miss Alice E. Blodgett, many of the audience had read the verses with deep appreciation. Then as the poetry came alive in song, we, the audience, responded in thought "Hail, Blessed Muse, All Hail to Thee."

There were many parents that praised the performance. As an alumnus I wish to express my appreciation.

A member of the Class of '36.

## STAR IN CHOREON

The Swarthmore Square Dance Set, with supplementary set, who danced in "Choreon" at Convention Hall last Friday night gave one of the outstanding performances of the evening. The intricate "Wagon Wheel" figure, the graceful "Russian Grapevine", and the dramatic "Swing Like Thunder" brought spontaneous cheers from the five thousand spectators and inspired a flurry of camera action.

David Linton is to be congratulated upon the training and directing of the group, and the members themselves deserve high praise for their finished and interesting performance. David Linton also organized and directed the Square Dance Band composed of Bill Stecher, leader and guitarist; Christian Sanderson, one of the best known old time fiddlers in the East, substituting for the regular fiddler who has been drafted; Jack Bruner, able accordionist; and Dick Mumma, bass player.

Last Saturday afternoon the original set accompanied David Linton in to the impressive Cultural Olympics Award Service to receive the "Award of Merit" for excellence in the dance and the "Honor Certificate of Participation" for taking part in two Cultural Olympics programs.

Through an error last week the names of Daniel Kirk and Duncan Chiquoine were omitted from the list of the original set.

Dr. and Mrs. William T. Ellis of Walnut lane, their uncle Rev. William A. Ellis, and Mr. George A. Bretz of Princeton avenue were the guests last week-end of Captain T. E. McDaniel at a fishing party held off Little Creek, Del. aboard his boat "The Thomas E."
