**MOREY REVIEWS  
ENGLISH VISIT****Returns From Oxford  
With Interesting  
Data**

"England is a delightful spot in which to spend a summer," according to Frank Morey, Supervising Principal of the Swarthmore Schools, who has just returned from Oxford where he attended a six-weeks summer session as a representative of the Swarthmore Schools and one of fifty United States guests of the Oxford University Evacuation Trust Fund. Contributors to this fund are the parents of Oxford children who spent the war years in the United States and include Prof. H. G. Champion, Prof. Harry Lawson, Dr. E. M. Mead, and Dr. John Rankin whose children lived in Swarthmore.

Mr. Morey has provided the Swarthmorean with the following personal observations:

"A number of summer schools were held at Oxford this year, each under a separate delegacy, and included among others. Empire Forestry School, Workers' Summer School, International Physiological Congress, and Summer School on Western European Problems. The latter has an enrollment of 250 representatives from fourteen different nations, including Norway, Sweden, Iceland, Holland, Greece, Italy, France, and others, with the United States represented in greatest numbers. The work was presented in the usual Oxford manner with lectures, readings, and seminar reports and discussions. The areas especially developed were: literature, philosophy, and politics and economics.

"The American students, through the cooperation of the Institute of International Education of New York, were able to travel to England on reconditioned troop ships Marine Tiger and Marine Jumper at reduced rates. On the eastward trip in June 17 different groups were aboard, including: 60 students in the Experiment in International Living, to work as counselors in camps for French children; the Putney School Group to aid with French reconstruction work; 70 American Youth Hostellers to travel and work in France and the Low Countries; 40 from the University of Minnesota, doing research work; Fontainebleau students; 20 going to Salzburg; Congregational Service Committee; a Mennonite group touring Europe; a group headed for the World Youth Festival at Prague; the British University Groups and others. An excellent orientation program was provided on all trips by the American Friends Service Committee in the form of language classes, discussion groups, recreation, and movies. Irene Moll of Swarthmore College was the able director on both trips previously mentioned.

"Included in the passenger list on the return trip were 145 British exchange teachers coming to America to teach for one year in the places of American teachers who are going to England to teach. The American group sailed from New York on August 18, the ships passing just outside New York harbor. The exchange plan, now in its second year, worked very successfully last year and has been doubled for the coming year. The English teachers will be in schools in all parts of the United States from Massachusetts to California.

"Oxford, although a city of 100,000 people, is one of the most beautiful in England, quiet and clean. The Morris Motors industry is located there. The University is a federation of about twenty-five colleges, each self-governing and many heavily endowed. The University grants degrees, has examination statutes, and controls the laboratories. The regular school year is 24 weeks, comprising three eight-week terms, the course three years in length. There are no classes as

**Keystone School  
Opened Tuesday**

The eighth fall term of the Keystone Secretarial and Business Administration School at Swarthmore, opened on Tuesday, September 2, with the largest enrollment in its history.

More than sixty-five percent of the students are taking courses in business administration, accounting, salesmanship, advertising, and economics. Over half the student body are veterans, attending under the G. I. Bill of Rights. The number of veterans entering the fall term this year shows a marked increase over last year. A large number of high schools outside Delaware County are represented in the student body. Many of the students have had from one to four years college training.

More rooms have been opened and improvements have been made in the present school building in order to accommodate the increased enrollment. A new office training department will soon be completed and fully equipped with modern desks, filing cabinets, and office machines. The work assignments and responsibilities in this department will duplicate real office experiences.

Plans have been completed for a number of outdoor activities on the school campus. A new soft-ball field will be ready for use in a few days. Two croquet fields, a miniature golf course, and other activities will give the boys and girls an opportunity for physical, mental, and social development.

Mrs. Campbell had moved to Swarthmore from Middletown, Ohio 1 1/2 years ago. She was a member of the First Church of Christ, Crooksville, Ohio.

**FLOWER BRIGADE**

Fall flowers are buzzing these days with the mass exodus from Boro' gardens. In a grand rush for the Philadelphia General Hospital, posie brigades are storming the walls as bunches of cosmos, marigolds, early chrysanthemums and asters seek residence in the hospital wards.

Local flowers wishing to join the rush should gather on Wednesday evening on Thursday morning before 9 at Mrs. Frank G. Keenen's, 718 Harvard avenue, where Circles three and four of the Presbyterian Church will provide transportation.

**VOTERS SURVEY  
PRIMARY TICKET****G.O.P. Campaigners  
List Candidate  
Choice**

After a final organization meeting held Tuesday evening, the Independent Republican Campaign Committee, through its co-chairmen, Morris H. Fussell, of Swarthmore, and Robert A. Detweiler, of Rutledge, announced the combined slate which it is backing in the coming primary election, to be held on September 9th.

The Independent Republican Campaign Committee is composed of hundreds of men and women throughout the county who do not feel bound to accept the slates made by either the McClure machine or the Heyburn-Pew organization.

"As in the 1946 primary campaign," the committee stated, "we will not accept a general slate, sight unseen. We reserve the right to examine all the candidates put up by both factions, and to consider the capabilities and background of each man or woman. We have tried to consider the abilities and the qualifications of each candidate for the respective office, first disregarding his or her factional backing. If, on the basis of experience and ability, two candidates for the same office have appeared fairly equal, we have then considered their past and present political affiliation, or lack of affiliation, with the two factions.

"None of the committee members are office-holders; none of us have political ambitions. We are all of us, however, disappointed that neither side has had the courage to endorse a candidate for the Common Pleas judgeship, the most important office at stake in this campaign. We consider the two factions' timidity about an endorsement for the judgeship as indicative of their ideas of strategy; but such timidity is neither forthright nor honest with the voters.

"We have carefully considered the age, learning, background and judicial temperament of the five candidates. We have finally come to the conclusion that the best man for the office is William R. Toal, of Haverford Township.

"Mr. Toal has had many years of experience as first assistant District Attorney, and has enjoyed a wide civil practice. The consensus is that he is a very able, practical lawyer, in vigorous health, and calm in temperament. He has for many years represented various townships and school districts in this county, and so is well versed in the practical and legal problems confronting them. He has recently served, with distinction, as county solicitor; in that office he has, again, clearly demonstrated that he is no rubber stamp willing to approve whatever is presented for his opinion. His ability as a trial lawyer was amply demonstrated when, as first assistant district attorney, he valiantly conducted the prosecution of McClure and his co-defendants in the Chester Water Company scandal.

"Our endorsement of Mr. Toal is in no sense a disparagement of the other candidates. We simply consider him the best man.

"In considering the candidates for the other offices, we have been impartial as between the McClure and the Heyburn-Pew slates. Four of the persons backed by us happen to be put forward by McClure; these four we back for their personal qualifications and in spite of their organization endorsement. Three of the persons backed by us happen to be put forward by the other organization; these, too, we approve not because they have the Heyburn endorsement, but because they appear to us to be better qualified for the particular offices they seek.

"The committee believes that Bryan L. Schaefer, by reason of

**Trinity School Offers  
Scholarships for Boys**

The Trinity Episcopal Church is again offering a limited number of Swarthmore boys an extraordinary opportunity for voice training and musical appreciation. Trinity Choir School, established over four years ago, is offering free scholarships to boys between 8 and 12 years who possess some aptitude or interest in music. The school, non-denominational in character, is recognized as one of the most outstanding musical organizations of the area.

Training is given in the proper use of the voice, breath control, diction and sight reading. The music of the 3rd and 4th centuries, early Italian, pre-Bach, music of the Reformation, and particularly the works of the English School with compositions of Tallis, Purcell, Tye, Byrd and Handel. Vaughan Williams, Holst and Sowerby are represented in the modern works.

In order to qualify for scholarships, attendance of classes must be assured. Classes are held on Mondays and Wednesdays at the Trinity Church from 4:30 to 5:30 P. M. The Boys are admitted as probationers, and if progress is made, each one is expected to sing at the 11 A.M. religious service on Sunday for which services a salary is paid in addition to the free training. By-products of the experience include poise, training in discipline, social adjustment and leadership development, and a strong character emphasis.

The choir is augmented on Sundays and at recitals by a trained adult tenor and bass section. It gives several annual concerts and sings at the college. Recordings of the choir will soon be available for public sale in Swarthmore.

Parents interested are requested to communicate with the Rev. George Christian Anderson, Director of the School, immediately or to bring their boys to the Parish House on Monday or Wednesday at 4 P.M.

The choir operates a summer camp for the boys, has social hikes, and attends concerts in Philadelphia.

## IT'S YOUR VOTE

Two years ago The Swarthmorean in a pre-Primary editorial endorsed E. Wallace Chadwick for Judge. It was one of two weekly Delaware County newspapers to take an open stand in that contest which Judge Van Roden won. The hazards involved in such a stand were costly.

A statement in that editorial, quoted county wide during the campaign read:

"For the first time in a great many years there is a fairly live contest for the row offices. This is a healthy political state for the county and one which every good Republican will welcome in the belief that such a primary election challenges his wise discretion. It is to be hoped that Republicans will recognize, also, the responsibility which this wide a choice places upon them, so that each candidate for each row office is studied and chosen not from emotional ardor but from the standpoint of efficient service to this county."

The Swarthmorean believes that this County can have good government only if voters use their full intelligence and accept their full responsibility. It believes in a free and open primary. It believes that the blind acceptance of a complete primary ticket—no matter by what organization proposed—nullifies that freedom. It believes this deeply enough to state it openly.

Twenty-seven-year residence in Delaware County has pretty well convinced its editor that crying "Anti-McClure" today here gets the same kind of mob response as the crying "Fish for Sale" in the take-off of a political rally in the recent movie "Farmer's Daughter." Delaware County had long experience with a one-man controlled government which its voters brought into being and kept in healthy continuance by annual blind acceptance of a complete primary ticket. But it decided against that system and overturned it. It can never return to it if its voters will stop being rubber stamp voters. You can be a rubber stamp voter for the Republican Campaign Committee's ticket just as easily as for the Regular Republican Committee's ticket. Dictatorship centered in one person or one group is dangerous.

How, then, can a voter exercise good citizenship? First of all, he will be concerned about his county government throughout the year instead of a few days prior to Election Day. If he is truly alert, he will know whether an elected incumbent is faithful in the performance of his duties. Does he work at them full time? Does he support forward looking, humane steps while they will practically better life for citizens of Delaware County? Are Delaware County institutions under his supervision run efficiently and equitably? The removal of a trained, honorable official from office because of false charges, ambitious promises, reforming crusade is costly and foolish.

A good citizen will do for himself what a group of voters—none of them office seekers, none with political ambitions—has done with the results printed in this issue under the heading "Voters Survey Primary Ticket." The Swarthmorean differs from the report in one instance. It believes, however, that Mr. Kraft's honorable discharge of duties as Delaware County District Attorney has earned his reelection.

The study shows fairness and concern for good government. It is also an attempt at an ideal, a balance in governmental power between two strong factions. This balance, if maintained by articulate voter support, can never again submerge Delaware County under the control of one man or one group of men.

Three hundred years ago William Penn, Proprietor of Pennsylvania, sought by every means within his power to set this state's future in fair, just, and honorable paths. Today Delaware County can well heed his comments on matters political.

"Government, like clocks, go from the motion men give them, and as governments are made and moved by men, so by them they are ruined too. Wherefore governments rather depend upon men, than men upon governments. Let men be good and the government cannot be bad; if it be ill, they will cure it. But if men be bad, let the government be ever so good, they will endeavor to warp and spoil it to their turn."

Letters To the Editor Urges Voters

Dear Editor: Next Tuesday is a very important day for the Republican Voters of Delaware County. For many years, those of us interested in decent government seem to have been hopeless.

MacDade Eager To Keep Bench Free From Politics

President Judge A. D. MacDade has been forced to campaign for another term on the Delaware County Bench. "In spite of the good American tradition that the election of a Judge should be above politics," Judge MacDade said yesterday, "Self-seeking politicians are trying to force inexperienced men into a position where they can dispense justice."

Whatsoever office he has held, his sole aim has always been to do what is best for Delaware County. Lasting monuments to his efforts are many state highways in the County. Conestoga Road, Haverford Road, MacDade Boulevard, Industrial Highway, Chester Pike, Baltimore Pike—the whole list is a long one and a good one.

Recently the Delaware County Bar Association called a meeting on the strange question, "Do we approve of Judge MacDade running for another term?" Only about half of the Delaware County Bar Association, which is a group apart from the Bar itself, attended the meeting.

On another occasion the whole Bar Association had this to say about Judge MacDade: "He has always been the champion of the rights of all citizens and has never considered future political preferment over the call to duty. His public and private life are above reproach."

At the end of nearly 20 years as a Judge in Delaware County, Judge MacDade has risen above politics. "I am not interested in any political faction in the County, when dispensing justice. It is a square deal and an honest decision for all in advancing the public interest when the voters go to the polls on election day, they will give intelligent thought to the efforts I have made in their behalf. And I am sure they will give me, as a sitting Judge, an overwhelming vote and thus preserve and protect the fair escutcheon of equity and justice in Delaware County."

He cited the examples of President Judge Isaac Johnson, John B. Hannum, Sr., and Judges William and John M. Broomall, President Judge W. Roger Frommfield and his own re-election, who were all endorsed and elected as sitting judges.

School Teachers

The last session of the Swarthmore Braille class was held Tuesday morning at the Presbyterian Church. For the past ten weeks this group has been learning to transcribe Braille under the sponsorship of the Volunteers Service for the Blind, 1415 Locust Street, Philadelphia, Pa. Donald G. Hughes is the class instructor.

BRaille STUDY GROUP

After completing ten lessons and a test which is corrected by a blind proofreader, the various members of the group will write a trial manuscript of forty pages, and will then transcribe into Braille short stories, articles and textbooks for blinded veterans and other visually handicapped persons.

The members of the Braille group are Mrs. F. S. Reitter, Mrs. J. S. Bates, Mrs. M. H. Fussell, Miss Mimi Fussell, Mrs. Lois Thompson, Mrs. David McCahan, Mrs. Howard Satterthwaite, Mrs. William Morrow and Mrs. J. V. L. Bishop.

Another group of Swarthmore women has been engaged in Braille playing cards as gifts to blind veterans in the government hospitals of this area. Approximately sixty decks of playing cards have been Brailled to date by this group which includes Mrs. W. A. Willard, Mrs. L. P. Wray, Mrs. Roy Latimer, Mrs. Turner, Mrs. Edw. Boyd.

A new class will be started in the Fall if there are enough persons interested in learning to write Braille. Interested persons may leave their names with Mrs. J. V. S. Bishop, 736 Harvard Avenue.

Letters To the Editor Urges Voters

Dear Editor: Next Tuesday is a very important day for the Republican Voters of Delaware County. For many years, those of us interested in decent government seem to have been helpless. Last year's election, however, proved that we do have some recourse. This year's primary offers a still greater opportunity, with a full slate of unbossed Anti-McClure candidates on the ballot.

In 1946 only 55% of registered Republicans voted in Swarthmore. Newspaper accounts of election conditions in Europe should make citizens here astounded at not exercising their precious right to vote.

Yours truly, Sewell W. Hodge

Judge MacDade does not want to see the Delaware County Courts placed on the auction block. "This is the County where I was born and where I have always made my home. I do not believe that the voters of Delaware County want to see justice sold to the highest bidder. Such a thing is worse than un-American; it is uncivilized and inhuman."

More Reports On English Visit

In American colleges. The student "reads" in a special field, as philosophy or economics, until ready to pass his examinations. The tutorial system is used—one student to one tutor meeting weekly, attending lectures, and reading and writing papers in the meantime.

"Mr. Morey found that the English elementary and secondary schools were in session until July 26 this year; consequently he was able to visit a number of them. The school year is 40 weeks in length with four weeks vacation at Christmas and two or three weeks vacation at Easter. In the college preparatory schools pupils were studying subjects like Latin, chemistry, trigonometry, calculus, and others several years earlier than in the practice in American schools. Pupils find the study

schedule consequently very heavy. English schools have no commencement and diplomas so typical of American schools. "Living conditions in England seem to be getting worse. The shortages are increasing, rationing is being tightened, and food, while adequate, monotonously restricted. Clothing and housing conditions are much worse than here, showing the brave but tremendous effort expended by England to survive in World War II. The Socialist Government is planning more extreme measures to meet the crises and appears to have the confidence of the people.

"England is close to the unrest of Europe and feels the danger of the East-West rift more keenly than America which is so far away. There is a feeling that the Western European block is weak and cannot defend itself. War with Russia is not discounted. Sweden is disturbed, feeling it may be the next, for success of the United Nations is the realization of the increasing intense nationalism of the present time. Great international problems

in which England is immersed include: world-wide hunger, loss of purchasing power and world markets, vast hordes of displaced persons in Europe, the atomic bomb and its threat to world peace, and the problem of the defeated nations. The great question in international affairs is whether the U. N. O. can become effective enough, soon enough, to preserve world peace.

"Since American security through two great wars has been tied with Britain's, how can Americans help? America must sympathetically understand England's great difficulties, must buy her products, must skillfully assume and carry out the difficult role of international leadership, and must help make U. N. O. an effective organization of peace and amity."

Dr. and Mrs. J. Russell Smith, of Elm Avenue, returned last week after a sojourn of two months at their farm on the Blue Ridge in Va., where their nearest neighbor was their son, Newlin, his wife, and their son, Linford.

In late August the Smiths welcomed their newest granddaughter, Roberta. The baby is the younger child of Thomas R. and Eleanor P. Smith.

The Russell Smiths other son, J. Stewart, an all year resident with his wife and three daughters, lives at "Hodgwood Farm," the birthplace of his father. Stewart operates several farms in adjacent parts of the county.

In late August Newlin left for Medford, Mass., where he is a member of the faculty of Tufts College and Thomas motored to Lawrence, Kansas, where he is associate professor at the University of Kansas.

This week Dr. Smith is attending the annual meeting of the Northern Nut Growers' Association at Guolph, Ontario.

THANK YOU!

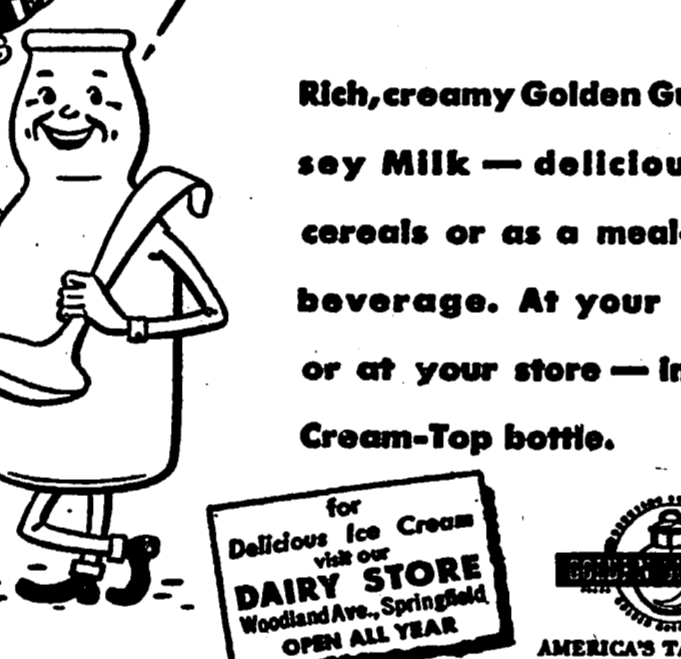

To the 24,786 Republican men and women of Delaware County who signed petitions for my renomination as Republican candidate for District Attorney for a second term, I express my deep, sincere appreciation of your manifestation of confidence and support.

I wanted to write each of you a personal note of thanks but my duties as District Attorney and the time consuming activities of the campaign have made that impossible. To you and to all the people of our county I renew my pledge to conduct the office of District Attorney fearlessly, honestly and fairly.

On Tuesday, September 9th we will join at the polls with our friends and neighbors to insure continued good government and home rule in our county.

experience, is better fitted than Mrs. Rae Bester for the office of County Treasurer. The latter's public service, for which we join in commending her, has no viable relation to the duties of County Treasurer.  
The Committee endorses Guy G. De Furia for District Attorney. For this office the choice was difficult. C. William Kraft, the incumbent, has made a good record. Both men, we believe, are able lawyers, equally capable of running an efficient and vigorous office. In view of Mr. Kraft's personal representation of McClure, in his private capacity, however, we have concluded that the county's best interests will now be better served by Mr. De Furia's nomination.  
For Prothonotary we endorse William C. Knodel. During the

past few years, as Deputy Prothonotary, he has acquired a thorough knowledge of the Prothonotary's office, and of the immensely varied work it performs. He has given excellent service to the public and to the Bar. Mrs. Florence Broomall has had no experience nor training for the office.  
For Recorder of Deeds we endorse William K. Linvill. He is now Deputy Recorder of Deeds. His record in that office seems to us to provide better qualifications than that of his opponent, Mr. Hawley. As a veteran and a citizen willing to make a campaign for office, Mr. Hawley has our respect; we do not, however, consider that he is qualified for this office on the basis of his past experience.  
For Register of Wills we endorse Arthur Bretherick. The office is one for which legal training and education are indispensable. Mr. Charles Black, his opponent, lacks such education and training. We therefore have been unable to give Mr. Black our backing.  
Two County Commissioners are to be nominated from the seven candidates. A majority of the Committee feels that Clarence Conner (McClure endorsed) and Raymond S. Munson (Heyburn-Pew endorsed) are the two men in the field with the widest background of experience in the office or in comparable fields.  
In conclusion therefore the committee endorses the following:  
For Judge

The game, which will be played under the lights, starting at 8 p.m., will ring down the curtain on a season that has been successful. The thousands of spectators who have been thrilled by the fast and rugged action of box Lacrosse will see as good a game as it is possible to stage if the calibre of the players involved is any criterion. Both lineups will be studied with stars of the first magnitude, All-Americans, All-South and All-North team members, and other luminaries will be the rule that proves no exception. The Baltimore contingent is coached by Bobby Pool, three years All-American and originator of the famous "Pool Dodge," who gained his repute as Lacrosse knowledge, in long years of play in Canada, one of the hotbeds of the game. Three of the starting lineups for the BLC group are former Maryland U. stars; Jiles Freeman, Mark Medbery, and Jim Barnhart. From Duke U. are two All-Americans and All-South stars, Tommy Peitt and Jim Corrigan. From Johns Hopkins comes Bernard Hagberg and from Loyola, the sensational Ray Whitesberger. All-South Selection in his freshman year. Other outstanding performers are Goalskip Skip Barry and All-American Bob McElroy.  
Manager Joe Kahler will field an equally imposing array of top flight talent in such redoubtable as Andy Andrews, the greatest goalie the game has ever known, who is both All-American and an All-South star. Avery Blake, Olympic coach of the All-American Lacrosse team and Swarthmore's Indian coach, and William Streit star and high-scorer of the Sun Oil team will be the starting defense men. At center will be little Bill Ward, 110 pounds of lightning action and speed, whose elusiveness in play is wonderful to watch. The attack posts will be held down by Walt Cosmuke, sharp-shooter extra-ordinary and one of the direct threats to the goalie the game has ever seen in Gordie Bierman and Swarthmore's High Star now at Delaware University. Others who have gained fame at Swarthmore are Porter Waite, who with Ave Blanke originated the box variety of lacrosse, and whose sports achievements over the past umpteen years are legendary. John Craemer, former football regular at Penn, Jay Dougherty, John Rogeri, Ed Belfield, Jim Price and Cappy Bierman.  
The Baltimore sextette will be seeking revenge for the earlier loss suffered at MacMurtree field, and the night's action in the "fastest game on two feet," should prove to be a thrill-filled climax to a season of thrilling games.

**COUNCIL ORDERS CITIZEN NEEDS**  
**Snow Plow, Bldg. Code, Less Speed and Noise**  
In the midst of breathless heat and humidity Borough Council skipped forward in mind to prepare for Old Man Winter's hoary blasts. At Monday evening's meeting, motivated by Swarthmore College's offer of the use of a large truck, the highway department decided to advertise for bids on a snow plow that will, for the first time, provide truly adequate snow removal from borough streets.  
The public safety committee moved to enforce the two-hour parking law on streets in the business section and to enforce the speed limit, keeping motorists down to a moderate rate of speed.  
Under the chairmanship of George Ewing the public safety committee is drawing up a new building code for the borough, climaxing years of arguing back and forth as to the need of its being modernized and in keeping with present-day changes being made in like laws in other areas.  
Upon complaint of a group of citizens Borough Secretary Elliott Richardson was instructed to write to the Pasceok Helicopter Corporation asking that the noise evidently caused by testing operations carried on for protracted periods of time at its new Morton plant has been annoying many borough residents.

There will be a receptacle on the porch of the Keenen home at 718 Harvard avenue next Wednesday afternoon and early Thursday morning to receive the week's contribution of flowers for Philadelphia General Hospital patients. McCahan is pitcher for the Philadelphia Athletics.

**SCHOOL OPENS WITH 798 PUPILS**  
**Total Enrollment Static, Kindergarten Grows**  
Last Monday the Swarthmore Schools opened with 798 children in the elementary school, the same number as in June, while in the high school there are four less, with 429 enrolled. This total of 798 is just about the same as last year. The all-time high in Swarthmore School enrollment was in 1936 when there were 899 pupils. In 1940 the high school enrollment reached its peak with 535, while the elementary school peak was in 1934 with 441.

The younger children are coming along in great numbers, for there are 67 in the kindergarten as against but 39 in the sixth grade. In the high school, with 72 in the ninth grade, the school has one of the smallest ninth grades in years. The senior class numbers 72 at the present time.

Last week the teachers reported for duty and had a busy week of planning conferences. The grade core groups in the high school and the subjects sequence groups were busy outlining the work and activities for the coming year. In the high school, Mary Alice West, chairman of the A.A. membership campaign, announced the beginning of the drive to enroll all students of the school in the Athletic Association which entitles them to a season ticket in all sports. Football practices have been under way for several weeks under the direction of Coach Robinson, assisted by Messrs. Hofman and Reese. A large group of girls are trying out for the cheer leaders under the direction of Mr. Miller. Band prospecting is being brightened up with a number of new candidates out working with Mr. Holm.

In the school cafeteria the Federal Lunch Program will be continued again this year to provide nutritious lunches at as low a price as possible in view of the rapidly mounting food costs. Violet Carnell is the new cafeteria manager.

SWARTHMORE, PA., FRIDAY, SEPTEMBER 19, 1947

FLOWERS BOW IN CLUB'S FALL SHOW

The Fall Flower Show of the Swarthmore Woman's Club drew a large number of interested friends and members Tuesday, September 16.

Hybrid Tea-Rose: first—Mrs. J. H. Perkins. Vase of roses: first—Mrs. J. H. Perkins...

A Swarthmore High School football team, with a lot of promise but also with some uncertainties, will open the 1947 season against Darby High at Rutgers Field, Friday afternoon, September 26.

The Colin R. Hitchmans of Thayer road were hosts Saturday night to over 400 guests at a Hoe-Down and Farm Frolic on their Landonberg farm.

At tackle the team is rich in material and there is a hot fight on for starting places. Ave Blake, Dave Smith, Jerry Berkowitz, Howard Pressman, Jack Dodds and Fetherolf all are looking good and the way things stand now, all six may see action at various times during the season.

The surprise, a live goose "bird in the gilded cage" was won by Mrs. William Plannigan the wife of Mr. Hitchman's farmer and former owner of the 1700 farm who won it as the mother of seven children.

At the fourth birthday, September 20, 1924, they moved into the new building at South Chester Road and Yale Avenue, where they are still located. In 1929 Hamnum and Waite became a Chrysler and Plymouth agency.

Mr. and Mrs. J. C. MacAlpine of Princeton avenue have returned from Traer, Iowa where they were called by the death of Mrs. MacAlpine's father, F. A. McCornack who died suddenly of a heart attack, Friday, September 12. He was 79. Services were held Monday at Traer.

Mr. McCornack had frequently visited in Swarthmore.

POSIES ELUDE CHILL

Fall officially begins next Tuesday, although its first chill breath was felt here this week. Posies lingering in fading gardens will welcome the cutting shears and their owners' graciousness in sending them indoors, where they will not be contented by their wilted friends but will bring cheer to suffering humans.

H.S. ELEVEN MEETS DARBY ON 26TH

FALL EXCHANGE AT CLUB ON 24th

The Woman's Club will hold its annual Fall Clothing and Household Exchange on Wednesday, September 24 in the clubhouse. Mrs. George W. Sweet will be chairman, Mrs. John E. Michael and Mrs. J. Paul Brown will act as co-chairmen.

Several innovations will be introduced this fall. Household articles, furniture, and bric-a-brac will be displayed in the lounge, and clothing, shoes, and all wearing apparel on the main floor.

On Tuesday, September 23, the doors will be opened at 9:15 to receive those registering their articles for sale, continuing until 4 p. m. There will be no preview that evening. On Wednesday, September 24, the doors will open at 10 a. m., and the sale will continue until 8 p. m., to allow late men shoppers an opportunity.

Money and all unsold items must be claimed on Thursday, September 25, between 1 and 4 p. m. As has been customary, 25% of all sales will be retained by the club, and 75% returned to the owners.

Mr. Hamnum, who was born in Swarthmore, had an excellent opportunity to observe the growth of the community.

In 1922 he left the Swarthmore Garage, where he had been a Dodge salesman for Samuel M. Dodd, to join Porter Waite, who previously had operated a repair business behind the American Store. Together they opened a business at the corner of Dartmouth and Lafayette Avenues representing Willys-Knight and Overland in the building originally built by William Brannon, now occupied by Russell's Service.

On the fourth birthday, September 20, 1924, they moved into the new building at South Chester Road and Yale Avenue, where they are still located. In 1929 Hamnum and Waite became a Chrysler and Plymouth agency.

Mr. McCornack had frequently visited in Swarthmore.

Discuss Traffic

On Monday night, September 16, a committee met with the Burgess in Borough Hall to discuss the traffic problems confronting the police and to make suggestions for improvements in the conditions. Special emphasis was placed on the situation along Chester Road due to its dangerous intersections, its two school crossings and its narrowness. It was decided that careful driving should be enforced along Chester Road.

On Tuesday, September 23, the doors will be opened at 9:15 to receive those registering their articles for sale, continuing until 4 p. m. There will be no preview that evening. On Wednesday, September 24, the doors will open at 10 a. m., and the sale will continue until 8 p. m., to allow late men shoppers an opportunity.

GLENN MILLER IS SINGLES CHAMP

The Men's Singles Tournament, resumed as an annual event after a lapse of several years, closed a successful season for the Swarthmore Tennis Club. The "Zack" Taylor trophy, won by Glenn Miller, was presented in honor of the past president, who has been so active since the club's early days and who kept it together during the war years.

**Open Letter to the Teachers and Administrative Officials of the Swarthmore Public School System**

Dear Sirs,  
This week, among the many youngsters entering school for the first time there is a little red-headed boy who is my son. Although I will not claim that he is any brighter, better-mannered or handsomer than the other children, he is still, in my eyes, the finest lad ever to enter the Swarthmore school system, as indeed every child must seem to his parents.

Even though it is only kindergarten, his going is a momentous occasion. My son is now growing up. In the years to come he will have many triumphs and many heartaches; he will be inspired and disappointed; he will see beauty and ugliness. This is truly his "commencement", and his graduation from high school some time hence will represent the culmination of a good many years of intense experiences. From then on, he will be "on his own."

I do not wish to be presumptuous, but I should like to take this opportunity to tell you what I expect of you—or, at least, what I dare hope you will do for my son. And I write as one parent for all parents who are now enjoying the thrill of seeing their first-born trudge off into a world which must be more his own and only his own than anything he has yet encountered; for those broad school doors that welcome the child must remain closed to the parent.

First of all, I want you to help my son find contentment. This may be found not in the recollections of the past nor in the anticipation of the future, but only through the utter happiness of living in the present. You, during the school hours and I during the remainder of his waking moments, must lead him by our own example to enjoy life as he finds it, and to find in life beauty and inspiration.

Then, too, I want him to learn not merely to respect others, whether they be black or white, Catholic, Protestant or Jew, but to love them—for what they are and for what they may become. Let him find comradeship where he will and let him learn that it is only through such friendships where life is enriched and takes on meaning. But teach him also that he may give wholeheartedly of himself to his fellows and still be himself and not a bargain-basement replica of his little heroes and their cronies.

Let him see that even in a complex world truth, honesty, charity and compassion are simple virtues that come from the heart and not from the intricate rationalizations of the mind. These virtues cannot be taught; they must come from example and it is up to you and me to keep our hearts open and our minds free of duplicity or moral laziness.

Let him see that even in a complex world truth, honesty, charity and compassion are simple virtues that come from the heart and not from the intricate rationalizations of the mind. These virtues cannot be taught; they must come from example and it is up to you and me to keep our hearts open and our minds free of duplicity or moral laziness.

Help him to learn humility—not the self-effacing kind, for he must be courageous in his defense of what is right—but true humility of the spirit, which man and boy alike must feel in their awareness of God and the potentialities of mankind.

And, oh, yes—if he also picks up a little reading, writing, arithmetic, music, art, geography and history—all that he can learn of man's cultural heritage—I will indeed be very pleased.

Sincerely,  
John W. Seybold.

Ten little servants, waiting in a line,  
Call one to do the wash—and still you have nine!

Nine little servants, working long and late,  
Ask one to cook your meals—and still you have eight!

Eight little servants—working like eleven!  
Call on one to clean for you, and still you have seven!

Seven little servants—you don't need candlesticks  
When this one lights the house for you—and still you have six!

Six little servants, electrically-alive,  
This one sews a handy seam—and still you have five!

Five little servants to help with every chore;  
One can iron all the shirts—and still you have four!

Four little servants—such activity!  
One breathes a little breeze—and still you have three:

Three little servants—if you're feeling blue,  
One will entertain you—and still you have two!

Two little servants, whose work is never done!  
One keeps the food fresh, and thinks it's rather fun—

year. Rodney Bray, also at half, looms up like one of the finds of the season. Gifted with natural football ability, he looks equally good on offense or defense and nobody on the team is putting more spirit into his play. At fullback, Harry Warren may carry one of the keys to the team's success. This big, strong youngster packs a lot of drive and, if he can add some finesse to his ball carrying, he should be one of the most talked about players in the conference. He is also potentially a very fine kicker. Eddie Gavetti, who has flashed some mighty good football at times, and Harry Childrey, who runs with a trackman's speed, are two other backs who should see frequent action. Alf McGillberry and Walter Dickinson round out the backfield complement.

It is a bigger team than Swarth-

more High is accustomed to putting on the field. The power in the line, the rangy ends and the speed in the backfield permit a varied attack and, seemingly, a good defense. Undoubtedly it is an aggregation that will play interesting football and one that may be capable of finishing high up in the conference. As Coach Millard Robinson, with the typical coach's conservatism, said: "It is a team that will give everybody a battle and win some ball games."

Board Meeting Held Last Tuesday By LWV

The new officers and board members of the League of Women Voters of Swarthmore were announced at first board meeting of the winter, held at the home of the President, Mrs. Glenn Morrow, 515 Rutgers avenue, on Tuesday, Sept. 16th. The other officers for the current year are Vice President, Mrs. Walter Robinson; Treasurer, Mrs. Olive Rodgers; Corresponding Secretary, Mrs. Dorothy Hopkins Schellhase; Study Groups, Mrs. Carl deMoll. The Executive Board is composed of these officers plus the chairmen of the departments of the standing committees.

The Resource Chairmen and their specific duties for the current year are International Relations, Mrs. Morris Fussell; Economic Welfare, Mrs. Walter Robinson; Social Welfare, Mrs. S. H. Hemenway; Equalization of Opportunity, Mrs. John Moore; Structure and Function of Government, Mrs. Helen Goodwin; and Legislation, Mrs. Edward Hay. Chairmen of the Standing Committees are Program, Mrs. Phelps Soule; Publicity, Mrs. Cyrus Wood; Hospitality, Mrs. Henry Piper; Membership, Mrs. F. H. Gohring; Publications, Mrs. W. E. Schellhase; Study Groups, Mrs. William Huey; County Bulletin, Mrs. Clair Jeglum; and Telephone, Mrs. John L. Cornog.

A group of four men, representing various fields of education and business activity, from the Men's Advisory Committee. The members are Mr. Frank C. Pierson, Mr. Earl Taylor, Mr. Frank Markley, and Mr. Philip W. Kuskern.

Mrs. Goodwin announced that 5500 County Bulletins, containing unbiased factual information on the candidates for county office, were distributed throughout the county before the primary election. Over 1100 of these were distributed in Swarthmore by the local branch of the League of Women Voters. Plans were made for further dissemination of information to the voters before the election in November.

H.S.—DARBY FRAY AT HOME TODAY

**Merit of New Local 11 To Be Unveiled At 3:15**

The Swarthmore high school football team plays host to the Darby high school this afternoon at 3:15 as they kick the lid off the 1947 campaign. The game will be the real test for the boys who will replace the six graduating seniors and Captain George Stork. How they perform will pretty well forecast the season's prospects.

Rodney Bray will take Johnnie Polk's place at left half and there isn't a boy on the squad who will play any harder. He came up from last year's junior varsity and has proved to be strong defensively and has developed into a hard runner.

Ross Pfalzgraff will be playing the right guard spot and you can be assured that Ross will earn the respect of his opponents early in the game. He doesn't know what it means to give up and is an inspiration to the team.

Jack Hautz has moved from the backfield to take over George Stork's center post. Jack did a fine job as a sophomore last year and has the ability to be a spark plug this year.

Ave Blake will appear at the regular left tackle post replacing Bob McGowan. Big, rangy, and rough, he should be a thorn in the side of all opponents.

Bill Huey will get the starting assignment at quarterback. Last year he alternated with Cap Blum. Larry Dalton is pushing him very hard and is improving fast. Both are good passers but Larry shows more ability in ball-carrying.

The most outstanding newcomer is Arthur Barraclough at guard. Although not a starter, it appears inevitable that he will be in there. Big, fast, and one of the hardest workers on the squad, he is sure to see plenty of action today.

David Collins has been the stand-out player of the squad so far this year. His sparkling defensive play against all opponents assures us that Dave is in for a good year.

His willingness and spirit are an inspiration to all. He may see very little action today because of a leg injury that has been bothering him for the past week.

The trophy is a tall silver vase bearing the inscriptions of the winners in each year's contest. The prize winning dining table centerpiece was arranged by Mrs. W. Mark Bittle chairman of this committee. Mrs. Roy S. Latimer and Mrs. Rose W. Marriott. They used specimens from club members' dwarf dahlias, rosy sinulas, petunias and dark red cockscomb on a bed of strawberry chard foliage.

Mrs. D. Reed Gear is chairman of the garden department.

ERNEST WERNHER DIES IN 72ND YEAR

**Heart Failed Popular Long-Time Resident Of Boro**

Funeral services for Ernest A. Wernher were conducted in Trinity Church at 11 o'clock Saturday morning by the Rev. George C. Anderson, rector. Cremation followed at West Laurel Hill.

Mr. Wernher died suddenly of coronary thrombosis on Wednesday night of last week, shortly after he had retired from his room after returning from dinner. He was 72 and had been falling in health for the past two years. A heart attack in April had hospitalized him in Syracuse, but he had recovered sufficiently to return to Swarthmore where he had lived for three decades, and had raised his two children after they were left motherless by the death of his wife, Jesse M. Wernher, in their early childhood. He recently moved from the apartment he occupied for many years in the Shiner Building on South Chester road, to Kenyon avenue.

Born in Kansas on December 19, 1875, Mr. Wernher became regional sales manager for Zang-erics-Petersen, a large furniture company of Chicago. He had traveled extensively all over the world and had lived in China and the Philippines. Interested in music, he had played with the Swarthmore Symphony Orchestra. He was a devoted member and vestryman of Trinity Church and Secretary-Treasurer of the Church School. He was active also in the American Legion and other civic organizations.

The Swarthmore Legion Post recently honored Mr. Wernher's son, Walter, killed in the Philippines at the beginning of World War II, and Swarthmore's first casualty in that war by changing its name from the Harold Ainsworth Post to the Ainsworth-Wernher Post.

Mr. Wernher is survived by his daughter, Mrs. Katherine W. Butler of Syracuse, N. Y., and a sister, Mrs. Charles L. Guyger, of Burlingame, California.

G. I. ENROLLMENT DECREASES HERE

**College Registration Hits All-Time High**

On Tuesday Swarthmore College opened its 99th year of instruction with an all-time peak enrollment of 1075. This total surpassed last year's record-breaking figure of 1018.

The entering freshman class, which is of normal pre-war size, is not responsible for this new high. The heavy enrollment is due to the small number of graduates last June. College officials believe that with the graduation of the present large upper classes, the size of the student body will return to its former average of 750.

Although 120 new veterans have come to Swarthmore for the fall term, an increase of 88 over last year's number, the total veteran enrollment has fallen from 424 to 387, a drop of over eight per cent.

Thirty new faculty members have been appointed. Faculty housing, recently became a serious problem and has been met by the construction of eight new homes on the campus for professors and their families.

## FRIENDLY CIRCLE MEETS

Fifteen members of the Friendly Circle held their first Fall meeting at the home of Mrs. F. A. C. Vosters in Scotch Thursday, September 18. Mrs. Lea P. Warner was co-hostess. The new president, Mrs. W. Mark Bittle, formerly vice president, presided. Mrs. Bittle was elected to the presidency to succeed Mrs. H. Stephens Plummer, who is moving to Harrisburg. Mrs. Charles Black was elected vice president.

A complete report of the very successful benefit dessert-bridge party in June was given. More than sufficient funds were raised to give Camp Sunshine and Camp Hope each \$100, to help finance their care of underprivileged children.

Mrs. W. J. Frank, shoe box chairwoman, reported that she had given \$10 to the Health Society to buy necessities for four children going to Camp Hope.

Mrs. T. Harry Brown's resignation as hospitality chairman, on account of illness, was received with much regret. Mrs. John H. Pitman will succeed her.

**ZIPPERS**  
In a hurry to make a trip. The doggone zipper will not zip. Miss W. J. Frank, and try again. A little more and you miss the train. Stop a minute and catch your breath.

It isn't a matter of life and death. Drop it back an inch or so. New too easy still, try again. A strip-tease rest on a bed of ants. For the chap who thought up zippers for pants.

### MUST INCREASE GAS RATES

The Philadelphia Electric Company has announced that it will file a new tariff with the Public Utility Commission on September 15 increasing rates for gas and steam service effective November 15. The new gas rates will affect some 156,000 residential, commercial, and industrial users in Montgomery, Bucks, Delaware, and Chester counties. They do not apply to gas users in the City of Philadelphia, where service is supplied by The Philadelphia Gas Works Company. The new steam rates apply to approximately 1000 customers in West Chester, Coatesville, and Philadelphia.

Higher costs for coal and oil, and other increased costs associated with gas and steam production, including labor, is the reason given for the rate boost by Company officials. In a letter to customers, the Company reported that the cost of important raw materials used in the manufacture of gas and steam has gone up considerably since 1939. Coal has increased 60 per cent, by-product gas produced by refineries and purchased from them by Philadelphia Electric Company has increased 80 per cent, and oil has increased 44 per cent.

For the past twenty-five years the cost of gas service to P. E. customers has not increased, even though most other items of

H. S. - Darby Fray At Home Today

(Continued from Page 1) Barry Patton will be back at right and again this year. Barry has improved greatly, particularly in blocking. Being big, all the teams will watch him closely and always give him a busy afternoon trying to catch passes.

Howard Pressman returns to right tackle and should have a good year following last year's experience when he gained the respect of all opponents. Harry McGilberry starts again at right half and much is expected of him. Harry works hard and has learned a great deal since last season. Once Harry gets under way there are very few who will stop him.

Harry Warren is the strong man of the team, kicking, passing, running, and backing up the line. He is sure to be playing every minute of every game this year. He should improve as the season rolls on and if he does, he will be one of the most feared backs around. The squad numbers fifty and the coaches are well pleased with the fine spirit they have shown in daily practices. Their willingness to work hard without complaint is a real tribute to the school they represent.

You can be sure Swarthmore is going to win some games this year and everyone will be respectful of the Garnet and White.

pitalization plan under the Blue Cross and using the withholding feature was approved, to take effect October 15. Forty-three of the sixty school employees are participating in this group hospital service.

After having considered the matter for a number of months the Board finally adopted a resolution to be added to the rules and regulations, forbidding the organization or establishment of fraternities, sororities, or other secret societies in the Swarthmore Schools. This action is based on the democratic principle that any pupil who is qualified by the rules of the school should be entitled to be a member of and take part

in any class or group exercises or program of school activities.

The Board approved current bills in the amount of \$4372 for the month and also approved the payment of contractual obligations paid since July 10, in the amount of \$37,466.

The enrollment report indicated a total enrollment of 798 pupils in the schools, four less than in June. The all-time high enrollment was in 1936. The elementary classes are beginning to increase in size in the lower grades, there being 67 in the kindergarten, 50 in the first grade, and but 38 in the sixth grade. The enrollment in the high school is 428 pupils and in the elementary schools 370.

#### 1925 "Chevy" Travels Afar

Bob Buzby, son of Mr. and Mrs. Judson R. Hoover, Jr., of Wallingford and Jack Damon, son of Mr. and Mrs. Gilroy Damon, also of Wallingford, returned Saturday after a 1700 mile trip to Canada in

a 1925 open Chevrolet belonging to Bob Buzby.

They left Monday morning via the Delaware Water Gap and Port Jervis reaching Glen Falls, N. Y. that night. Tuesday they drove north along Lake George and Lake Champlain and into Canada as far North as St. Jean where they crossed Richelieu River and started the return journey making Rutland, Vermont that night. Wednesday they drove down through the Green Mts., Massachusetts, Connecticut and New York, reaching East Orange, N. J., where they visited Bob's grandparents, Mr. and Mrs. William Stovell.

The next day they left for Beach Haven, N. J. where they remained until Saturday as the guests of Jack's grandparents, Mr. and Mrs. A. F. Damon.

Their only difficulties in the trip were one puncture and a leaky radiator which had to be soldered. In avoiding a toll bridge in Canada, they got lost on back dirt roads and could not make the French Canadian farmers understand that they wished directions.

Bob returned to Bucknell University as a sophomore Monday and Jack Damon enters Penn State at Swarthmore this fall.
