**\$3.00 YEAR** 

## Rev. Warren To **Head Tougaloo**

#### Resigns Pastorate to Lead Negro College

The Rev. Harold C. Warren. pastor of the First Presbyterian Church, Warren, Pa., for the past nine years, is resigning his pastorate to accept the presidency of Tougaloo College, Jackson, Miss. Former Swarthmorean and brother of Dr. George P. Warren of South Chester road, Rev. Warren will assume his duties as head of Mississippi's only accredited college for negroes on September 1.

Rev. Warren told his congregation Sunday morning that he had accepted the position because it presented "an opportunity in the field of education, church related and Christian in character, which is at the spearhead of progress in race relations." Graduates from Tougaloo College have made an outstanding record as professional leaders and the college occupies a strategic position in negro education and indirectly in the progress of white education in Mississippi.

Tougaloo has a campus of 500 acres. Its many buildings include a newly completed dormitory and a large, modern gymnasium to be dedicated in September. A grade school, high school, and college are operated under the same administration, with students majoring in education practice teaching in the lower schools.

While operated under an independent board of trustees, some from the south, others from Chicago, New York, and New England, Tougaloo is closely related with the Congregational-Christian denomination. Rev. Warren will remain a Presbyterian minister but will become also a minister in the Congregational Church. Most of the institution's income is derived from the national United Negro College Fund and the General Board of Christian Education. The president of the board is president of the Jackson, Miss., Bar Associa-

The Warrens, who have recently visited the college report that Jackson is a modern, progressive city which gave them a warm, cordial welcome. Rev. and Mrs. Warren have been active in the community life of Warren, serving it in many capacities and express themselves as valueing highly the friendly relations enjoyed in church and community. In the years of Rev. Warren's presidency of the Warren Ministerial Association the Warren School of Week-day Religious Education was begun, largely as a result of his investigation of similar work in Pittsburgh.

Rev. Warren's formal education was pursued at the Swarthmore Preparatory School, Princeton University, McCormick Theological Seminary, and New College (University of Edinburgh, Scotland), with graduate work at the University of Chicago and the University of Pittsburgh. His first year in the ministry he was Assistant Pastor the National Presbyterian Church, Washington, D. C., then pastor of churches in Walla-Walla, Wash., Detroit, and Chicago. In the first World War he was a YMCA Secretary with the 29th Division, AEF.

Flowers for the Flowerless Mrs. Mark Bittle of 125 Rutgers avenue is in charge of the flowers for the patients at the Philadelphia General Hospital for the month of July. Residents who have flowers in their gardens to contribute are asked to leave them in containers which will be placed on Mrs. Bittie's porch Wednesday afternoons and evenings.

#### School Opens in Sept.

In answer to the many queries of parents and anxious pupils. the Swarthmore Public Schools will open the new term on Monday, September 8.

# **Summer Club** In 3rd Week

#### Recreationers Add Morrow Pool To Schedule

The William Morrows of Harvard Avenue have very generously turned over their swimming pool to the Recreation Association for three afternoons a week-Monday, Tuesday, and Thursday from 2 to 5 o'clock. Swimming is for Summer Club members only. Bobby Davis and Don Dickinson will guard the swimmers. All a member of the summer club must do is to bring a note from home saying, "My child may join the swimming program" signed by either parent. A check for four dollars must accompany this note and be given to Mr. Theodore Purnell who is the director of the Summer Club or it may be sent to Mrs. Avery Blake, Amherst Avenue, Swarthmore.

Swimming will start Monday. July 7-if enough boys and girls are interested and will sign up before that date.

A miniature golf course, built by Summer Clubbers has been added to the morning program at College Avenue School. Nine holes with fairways, rough sand, and water trans make the course intriguing. Old golf balls are needed.

Classes are organized on Mondays through Thursdays with definite periods for crafts, tennis, archery, and general play. Fridays are free days with special attractions. The Treasure Hunt last Friday was a big success. Sandy Heath's team including Terry Delmuth, David Cox, Barry Guinn, Emily Terry, and John Coleman was the winning group.

Anne Bradford is teaching the fundamentals of tennis to three groups of players-beginners, intermediates, and experts. Anne is now a junior at Brown University where she specalizes in psychology. She has taken lessons in tennis from Edward Faulkner and is now a pupil of Milan Robinson.

Forehand, backhand, and footwork are being stressed now, and later games will be played for, singles and doubles championships.

Russell Snyder, baseball coach, reports that the Clippers will play Grace Park at 1:30 on July 4th, and the Hornets will play the A-American Legion on the same date at 3 P. M. Both games will be played at Riverview Field. The Hornets standing at this time is 6 games won, and 4 games lost.

From Rutgers Avenue comes the news that the seven and eight year olds have enjoyed soft ball, kick ball, and a picnic to Crum Woods, where they collected leaves for spatter painting. The five year olds now have a workbench for woodwork and long blocks for building modeling clay and painting.

Mrs. Edith Kenney's 4 year old group is making wren houses out of flower pots. Some of these children have never played with other children before. They are having wonderful experiences with clay and paint. Kirk Jacobs made a beautiful crocodile on a big rock.

The three year olds are gregarious but not too sociable as sometimes they are seen going their separate ways. They do slide and play in the sand together and they are learning to share equipment and take turns. Elizabeth likes to climb on the Jungle Jim. Leslie sits in the wagon watching her. Allen comes along and pulls Leslie up and down the walk. They meet Stevie who is carting leads of dry president and Postmaster Alfred doline attended the ordainment of College, Players Club, etc., will be

#### To Marshall Parade

J. PAUL BROWN

#### Lost Items on Display at H.S.

With one look at the domestic science foom in the Swarthmore High School where six large tables. one desk and sixteen chairs sit, all covered with articles collected from a year at school, it is hard to see why Miss Cannon's, Miss Chadwick's and Miss a'Becket's hairs haven not turned white. For there, in room 106, is the Happy Hunting Ground of all the jackets, rubbers and caps that ever had the misfortune to be lost.

The statistics of the thing go something like this: two tables of sweaters, shirts and blouses, one table of scarfs, belts and hankerchiefs, one table and five chairs of galoshes and rubbers, two tables of mittens and caps; and the backs of eleven chairs hung with jackets and coats. This list so far has not mentioned the brief cases, the lunch box, camera and jump rope, the slide rules, four pairs of glasses. innumerable glasses cases, pens, rings and bracelets, a catcher's mitt, two umbrellas, and a deflated silver football.

As one weary worker put it, how can the families afford to lose so much? But to others the burning question is: Where are the mates to the 16 rubbers and one galosh? Are they home in their closets, of no use to themselves or anyone else? Have they gone to the trash heap in despair of reunion? Nobody knows. But it is easier to grieve with the one little galosh that is alone all alone, than the 16 rubbers alone all together.

Miss a'Becket seems depressed by the whole situation, Miss Cannon wishes people would be more careful. But Miss Chadwick repeats, "How can they afford to lose them? For Miss Chadwick still remembers the winter coat that turned up at the office one year with no owner and no home. Miss Chadwick undertook to take care of it, but summer came and with it the gnawing appetite of the moth, (genus Tinea). So the coat spent the summer in Mrs. Samuel Dodd's cedar chest for protection. Finally, in the fall and cold weather, its shivering owner came to claim it.

It is the earnest hope of the office force mentioned above that the owners would come to claim the various articles displayed in room 106. They urge all pupils and school visitors who think they have lost something, and those who complacently think they have not, to come down to the high school and have a look around. The hours are from 9 to 12 and 1 to 4 Mondays through Fridays until the middle of July. After that the remaining articles will be bundled together and given to some charitable organization.

#### Business Group Elects

E. M. Buchner was elected president of the Swarthmore Business Association for the coming year gram in the red wheel-barrow. Diff Hamalley, secretary-treasurer.

## Borough Set To Participate In **Community Fourth Of July Events**

Children's Parade, Games For All, Water Fight, Baseball, Square Dance, Provide **Full Day Tomorrow** 

# **Legion Ball Team** Tops In League

#### Local Nines To Meet on Diamond July 4

Under the guidance of Coach Russell Snyder, the American Legion Baseball Team is off to a start that is even better than anticipated. At the close of last week the team had yet to be beaten, which is saying a very great deal for the type of play and brand of coaching that is being displayed this year.

Manoa, Clifton Heights and Drexel Hill all fell before the locals last week, which is quite a record, especially when it is realized that most opponents have a much more elaborate system of tryouts and a larger number of players than are available here in town.

American Legion Junior Baseball is being played all over the country this year and should the boys win in their league, and they are leading it now, they will go into playoffs for the State Championship.

Poole's two-hit pitching was a big help to the team when they shut out Manoa 3 to 0, and then again in the Clifton Heights game when the boys won by a score of mainstay and it is pointed out that he allowed only two walks in these two games. Larry Dalton's relief hurling, Harry Marren's triple and Bill Huey's timely single all contributed to the 8 to 6 defeat of Drexel Hill on Thursday. This last game was a real thriller with the lead changing with nearly every

Much credit for these successes must be given to the catching of Dana Swan, who is a real sparkplug for the team. Along with Larry Dalton, he has shown a remarkable consistency in getting hits. George and Harry Warren have been playing bangup ball in the outfield as have Jackie Houtz at second base and Stan Moore at third. Stan shows an amazing ability to get on base and when he does, he is the standout base runner of the team.

The 4th of July game with the their pre-season defeat by the Hornets on Memorial Day. On Saturday, July 5, a league game is to be played in Media, on their high school field at 2:30. The next home game will be with these same opponents on Tuesday, July 8, at 6:30. The Media team is the only one in the league which has not been beaten by Swarthmore. A game played three weeks ago was called because of darkness when the score was 4 to 4.

Legionaires are anxious for cooperation and support of their team especially now when the team has shown everyone what they can do.

#### Ordained Deacon

Rev. A. Benjamin Narbeth, temporary Rector of Ashland, Pa. was ordained as Deacon in the Protestant Episcopal Church by the Right Reverend Bishop Frank William Sterrett D. D. LL. D. at the Cathedral Church of the Nativity, Bethlehem, June 30. Members of the Clergy, friends and parishioners who attended the service were later entertained at a luncheon served by the ladies of the Cathedral Church.

Mr. and Mrs. Octovius Narbeth with Charles R. Russell as vice of Yale avenue and daughter Gwen-

A stay-at-home policy may prove dull at times but never for boroughites on the Fourth of July. The Swarthmore Business Association with the cooperation of a civicspirited group of Townsfolk see that those who remain within the confines of the borough, and their holiday guests, do more than beat the heat and avoid congested highways and crowded vacation spots on Independence Day.

The fun planned each year finds more and more residents getting deeper and deeper in the habit of postponing their going away until after the Fourth so that they will not miss this fine opportunity to join with their neighbors in local traditional style, let their hair down completely and come through it all feeling years younger, pleasantly tired but not travel-worn, crowdjaded, or with nerves frayed or fingers scorched by too close association with fireworks.

9. A. M. Children's Parade on Park Avenue. The day's celebration will open with the customary parade for young fry on Park avenue between Dartmouth and Harvard. Marshalled for the first time by Swarthmore's new burgess J. Paul Brown, assisted by William DeCaindry and Ferris W. Mitchell, the parade will be divided into the following sections: tricycles, bicycles, fancy dress, original, and comic costumes, and pets. Prizes in each section will be awarded upon decisions made by Mrs. J. 6 to 2. Control has been Johnny's Paul Brown, Mrs. John E. Michael and Mrs. Avery Blake, judges. The time has been moved ahead 15 minutes from that announced in last week's paper.

10 A. M. Games for All Ages. Rutgers Avenue School Grounds After the parade youngsters, parents, grandparents, uncles, aunts, will journey to the Rutgers avenue school grounds where all the sufficiently agile will join in the various games and any cripples (real or imaginary) will be delighted spectators.

Mrs. Ford Robinson and Mrs. Charles Lincoln will lead the preschool element (up to six years old) in ring-around-the rosie, herewe-go-round-the-mulberry bush, farmer-in-the-dell, drop-the-handkerchief, and other games which delight this age group.

Mrs. Donald Jones and Mrs. J. A. Calhoun will be in charge of the 7 to 10 year old girls, Nancy Hornets will be an opportunity for | Van Alen and Peggy Keenen of 10 the Legion Team to even up for | to 12 year old girls, and Mrs. William DeCaindry of girls over 12.

Boys under 10 will be directed by A. H. Van Alen, boys 10 to 12 by Jim Jennings, and boys over 12 by Paul Rutan.

Holders of records in the adults' naildriving, bottle-throwing and other unique contests will meet the challenge of newcomers and defend their titles with grim determination. Mr. and Mrs. Charles

(Continued on Page 4)

#### Present Directory Now 11 Years Old

Plans are now being made to compile and publish an up-to-date Directory. The one now in use was published in 1936, and is of little or no value. People have moved, telephone numbers have been changed, and the Borough itself has enlarged greatly in size. The Swarthmorean will publish the booklet containing the names, addresses and telephone numbers of the boroughites. It will take several months to compile the data necessary to make a booklet of this type valuable.

From the historical angle all points of interest will be covered. Articles on the Borough Administration, Post Office, Fire Dept., found in the directory.

Shoulder-to-Shoulder Responsibility

• The conscientious pharmacist works shoulder to shoulder with the physician in the interests of public health. His function as an adjunct to the doctor's services cannot be denied. Our prescription department is operated more

for the benefit of physicians who confide in us, more as a contribution to your health and general welfare, than for financial gain. You can bring your prescriptions to us with the assurance that they will be filled exactly as the doctor ordered, with the finest materials to be found in the markets of the world.

#### Local Man Retires From Phila. Academy

Retirement of Ezra Townsend Cresson, Jr., of Amherst avenue, Associate Curator of Insects, Academy of Natural Sciences of Philadelphia, was announced Tuesday by President Charles M. B. Cadwala-

Mr. Cresson, will pursue private researches in his specialty, the family Ephydridae, or brine flies, and will hold the title of Research Fellow of the Academy. Of his standing, James A. G. Rehn, Curator of Insects in the Academy, says that "in this particular field. Mr. Cresson is universally recognized as the world's leading authority. Series of specimens in this family came to him from many sources, including virtually all of the collections of the British Museum and the United States National Museum. His first scientific paper on the Diptera (flies) was published in 1907 and his total contributions to the literature of entomology in now

Since 1859, when Mr. Cresson's father, with two other young men, founded the American Entomological Society at the Cresson home. hen at 728 South Warnock Street. the name of Cresson has been prominent in insect research. Thus for 88 years the two Cressons contributed to Philadelphia's lustre as a center of entomology. From the time the Entomological Society started publishing scientific papers, 1861, the elder Cresson was associated with the editing. In the early tlays of the "Proceeding" and the "Transactions" of the Society he not only wrote for them but also set type and operated the

Mr. Cresson has been associate editor of the "Entomological News' and from 1926 to 1946 served as editor of the "Transactions" and the "Memoirs" of the Society. In 1947, he was elected vice president. The society's collections of insects and its library are housed in the Academy Mr. Cresson's connection with the

Academy began in 1908.

FIFTEEN YELLOW PILLS

• A recent development in medical research is said definitely to cure malaria, long a scourge in certain sections of the country. Three small pills a day for five days and symptoms disappear. It is also claimed that four pills

a week during the malarial season will serve to prevent the malady. All of the fruits of medical research are available to you through your family physician. He should be your sanctuary in case of illness, your protection against the wiles and artifices of the unprincipled peddler of nostrums.

HOME FOR THE AGED

Bill's retired

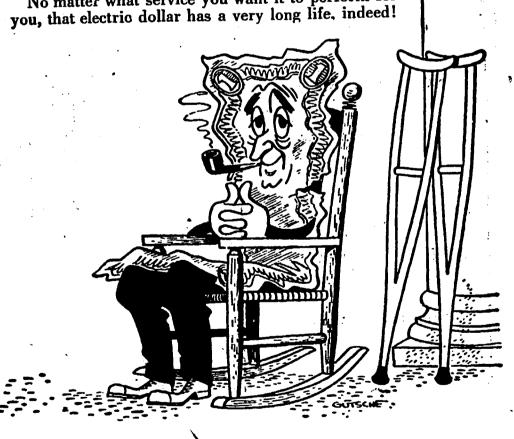

And he's only six months old! Yes, the Treasury Department says the average dollar bill holds up only about half a year before it goes to pieces!

But any housewife can tell you the life expectancy of a greenback is even shorter than that. When a dollar goes to market nowadays, it lasts hardly any time at all—and seems to buy less and less of everything!

Everything but electricity, that is! Because the service you get for your electric dollar is just about the biggest bargain in your budget. If yours is an average family, that dollar buys you twice as much electricity as it did 15 years ago! Break it down into terms of service, and that little greenback lasts a long while. On a national average it

family wash 50 times—or tell you the correct time for more than a year and a half! It'll even vacuum clean 600 rugs—or brew you 2000 cups of coffee! No matter what service you want it to perform for

The Clippers followed up their baseball victory over Grace Park West avenue and Miss Helen Vedopponents' field Thursday afternoon of last week. The score was

the Swarthmore Recreation Asso.

season. Hoot, Allison and Ziegenfus Canyon, Yosemite, Yellowstone and consequences and consequences are consequences. shared pitching duties. On Friday they played another fine game executing two double plays in the field and hitting at opportune moments to defeat Prospect Park on the Riverview Field by a score of 7 to 3. Hilkert, Hoot and Ziegenfus did the hurling.

### Legion Wins 9th Game

Wednesday night was the big one for the team and they came through with flying colors to shut out Drexel Hill by a score of 1 to 0. Johnny Poole pitched his usual brilliant game with no walks given up and plenty of strikeouts at the right time. He was backed up by errorless fielding from every boy on the team. Spectacular catches were made by Larry Dalton and Harry Warren in the field, and Harry also added another triple to !

This was the ninth win in ten games and brought the first baseball championship of any kind to Swarthmore that anyone seems able to remember. Coach Snyder and his aggregation deserve a great deal of credit for their showing this year. They are now champions of of the northern half of Delaware County. There will be a playoff game with winners in the southern division soon, but the time and date of the game will have to be announced later. It is hoped that everyone will be on hand to cheer the boys to even greater laurels.

ated in this second game of the tional Parks, including the Grand shared pitching duties. On Friday they played another fine game executing two double plays in the field and hitting at opportune moments to defeat Prospect Park on the Riverview Field by a score of 7 to 3. Hilkert, Hoot and Ziegenfus did the hurling.

Legion Wins 9th Game

Wednesday night was the big one for the team and they came through with flying colors to shut out Drexel Hill by a score of 1 to 0. Johnny Poole pitched his usual brilliant game with no walks given up and plenty of strikeouts at the right time. He was backed up by errorless fielding from every boy on the team. Spectacular catches were made by Larry Dalton and Harry Warren in the field, and Harry also added another triple to

This was the ninth win in ten games and brought the first baseball championship of any kind to Swarthmore that anyone seems able to remember. Coach Snyder and his aggregation deserve a great deal of credit for their showing this year. They are now champions of of the northern half of Delaware County. There will be a playoff game with winners in the southern division soon, but the time and date of the game will have to be announced later. It is hoped that everyone will be on hand to cheer the boys to even greater laurels.

### BETTER HEALTH FOR BETTER LIVING

• The last three decades have brought many changes in matters pertaining to health. The normal span of life has been increased materially. Consider diabetes, for example. Diabetes was first recognized about the time of Moses, or 200 years before the

birth of King Tut. Yet, it was not until 1922 that a specific remedy was discovered. Today, through the use of Insulin and a balanced diet, the diabetic can reasonably expect to live about as long as anybody. Your physician will promptly recognize the symptoms of diabetes. He knows all about the treatment. And remember this, all advertised cures for diabetes are questionable. Don't be victimized by the swindlers.

# With an Automatic Gas Water Heater

Summertime demands for hot water are greater than ever, because of extra baths, showers, and laundering. An automatic gas water heater supplies you with all the hot water you need to meet these extra demands. Automatic gas water heaters are in better supply than they have been for the past few years. Ask your plumber, dealer or Philadelphia Electric representative about automatic gas water heating.

#### Patients Swim at Pool

(Continued from Page 1) ment of course is carried on throughout the year, but what the foundation values so highly in a pool is the number of patients that can be cared for at one time. As many as 20 were being treated in the two-hour period last Friday afternoon, and the chapter is expecting more. Not even the oldfashioned bathtub can accomodate more than one at a time.

What makes even the borrowing the pools so difficult is the anathema most owners have to the word "polio" or "Infantile Paralysis." In the first place, by the time a person's illness can be diagnosed as polio, the carrier stage is over. In the second place polio patients are not permitted to swim or use the pool for several months after they have first contracted the disease, for medical reasons.

#### **VOLUNTEERS NEEDED**

Meanwhile, the treatments are to continue at the Morrow pool until the middle of October. Anyone wanting to join the volunteers helping informally at the pool on Wednesdays and Fridays from two till four in the afternoon, should contact Miss Palmer at the Delaware County headquarters in the Crozer Building in Chester, telephone 2-3564. People with cars are urgently needed to help with the transportation.

#### A NATIONAL FOUNDATION

The National Foundation of Infantile Paralysis, organized just ten years ago, was planned to aid financially and medically any family needing or wanting help as a result of polio being in the family. The foundation's policy is that no family's standard of living shall be lowered as a result of this virus disease, for polio is the most expensive illness a person can contract. Not only is it the immediate expense of the illness, but it is lingering disease often requiring braces, crutches, and constant medical attention. In caring for their rather large family of 93, the chapter uses funds collected in the January March of Dimes campaign. Last January Delaware County managed to garner \$30,000, a half of which went to New York for the Research and the Emergency Epidemic Funds. The \$15,000 remaining to the chapter for running expenses for the entire year was spent last month on equipment and medical care. This means that the County must draw on the Emergency fund in New York, set up for such situations. It has been estimated they could run the chapter at an

approximate \$100,000 a year, including the 60% for the New York fund. Compared to the amount collected last January, Delaware Co. is receiving far below its Foundation needs.

#### **NEWS NOTES**

Mr. and Mrs. Thomas W. Hopper and family of Magill road returned home Sunday following a month's trip to the west coast. En route they visited the Grand Canyon, Yosemite in California, Bryce of mumps, and Susan Breitling of Canyon and Zion National Park.
