## MRS. SCHMIDT IS C. H. S. HEAD

### New Officers Will Be Installed In October

The board of directors of the community Health Society of Central Delaware County held their regular September meeting at Borough Hall with Miss Frances O'Brien, presiding. Mrs. Charles Lukens, chairman of the nominating committee presented the ballot and the following officers were unanimously elected:

President, Mrs. Walter A. Schmidt, Swarthmore; first vice-president, Mrs. William H. Gehring, Swarthmore; second vice-president, Mrs. J. E. Geniesse, Springfield; treasurer, Mrs. Theodore Smithers, Ridley Park; asst. treasurer, Elric Sproat, Swarthmore; recording secretary, Mrs. Charles Coverdale, Crum Lynne; corresponding secretary, Mrs. George Duncan, Jr., Springfield.

Plans were made for the October meeting to be a luncheon meeting at the Ingleneuk at which time the new officers will be installed.

Mrs. William H. Thatcher, chairman of the finance committee reported on a study made of the rising cost of nursing service. Because of this increased cost it was recommended and passed that as of October 1, 1948, the fee for nursing service be raised from \$1.75 to \$2.00 a visit. This increase will affect only those able to pay the cost of service. Fees will be adjusted for those unable to meet the full cost and the nurses will continue to make free visits where necessary. The sliding scale of fees is made possible because the Community Health Society is a Red Feather agency of the Community Chest. All are asked to continue generous support of the Community Chest during the coming drive so that the nurses will be able to meet the ever increasing demands for service.

### BEWARE

Several residents have notified The Swarthmorean that an out-of-town firm has been soliciting local home owners, quoting very low prices for house repairs. When work is in progress the firm's practice seems to be to suggest other repairs without mentioning cost and then submitting an exorbitant bill for payment.

At least one resident had to call upon a lawyer to achieve a fair adjustment of the bill. Those who have suffered by experience requested The Swarthmorean to warn other residents to be on guard in case they are solicited or have already agreed to have work done.

### Kappas To Sew

The first meeting of the Kappa Kappa Gamma sewing will be at the home of Mrs. Sewell Hodge at 111 Ogden avenue from 10 to 4. Mrs. Hodge has invited the sewers for luncheon at 12.

## H. S. ELEVEN ROUTS DARBY

### Play Nether Providence On N-P Field Today

Swarthmore High School's grid-ers served notice on the rest of the County that their team could make things plenty rough for any opponent by routing their hosts of last Friday night, Darby High School, 27-0. Seeming to be in mid-season form, Millard Robinson's football aggregation continued a winning streak that was begun on Thanksgiving Day 1946, and was carried through all nine games of 1947. Advance predictions of County experts had it that the team was no replica of last year's juggernaut, and would have trouble with many opponents. As a matter of fact, the whole squad was one big question-mark, even to Coach Robinson, until they showed what they could do last Friday evening under the Darby lights. With only four starters back from last year's County Championship squad, with various injuries plaguing some of the key performers, and with many changes of positions and inexperienced additions, most people had their fingers crossed. But with the smooth ball-handling of Dana Swan, the hard-driving tactics of all the backs, the polished blocking and tackling of both line and backfield, and the deceptive passing and running attack shown by the Robinson men, their first performance was certainly satisfying.

Donny Dickinson, starting his first game for the Garnet, kicked-off, but Darby was unable to do anything with the pigskin, and punted to Swarthmore's forty. With Jack Houtz and the Dickinson brothers, Don and Walter, carrying the leather, Swarthmore advanced to the Darby nine, where was off the mark, the only one he they lost the ball on a fumble. Three plays later, the Rams found themselves faced with a fourth down on their own seven yard line. Their attempted punt was blocked by Artie Barraclough, veteran guard, and Jack Dodd fell on it to give the Garnet a first down on the Darby two. Jack Houtz scored the touchdown on a plunge off-tackle. Don Dickinson's dropkick for the conversion missed all night.

On the first play of the second quarter, Swarthmore took over on their own twenty-three. With the

With colder weather almost here—there are some things that should be taken care of NOW:

*Leadership*

PENNSYLVANIA WEEK is a timely reminder to all of us of the leadership and fame of the Keystone State—in mining and manufacturing, in business and farming, in science and education.

This company is proud of the contribution it has made, is making, and will continue to make, in supplying the vital link of communications to Pennsylvania's industries and its people.

More than 31,000 telephone men and women, who are collectively responsible for managing, installing, operating, maintaining, and expanding this company's vast system of communications, share this pride.

There are more telephones in Pennsylvania than in any nation in the world, except the United Kingdom and, of course, the United States.

The welfare of this company depends upon, and contributes to, the welfare of Pennsylvania.

## AZTEC AQUEDUCTS

Water was brought through aqueducts to cities and towns in Mexico more than nine hundred years ago.

A high degree of civilization existed in Central America at a time when North America was an absolute wilderness inhabited only by savage Indians.

The Aztecs were early inhabitants of Mexico. Although they were in some respects a primitive people, they possessed, however, an advanced knowledge of architecture and engineering.

When the Spaniards conquered Mexico they brought with them a realization of the necessity and importance of securing a plentiful supply of water for their cities and towns. And so they, too, built great aqueducts and reservoirs such as you see in this picture.

Archeological research has shown that, even antedating the pages of recorded history, the securing of a pure water supply was recognized as necessary for the development of mankind.

This is the eleventh of a series of narratives which graphically tell the story of water. Look for the next installment in this paper in an early issue.

Experiences In Germany

It is impossible to describe the conditions, the desolation and want; you have to see it. Such was Mrs. R. Whitney Tucker's comment on the situation of the German people in Berlin...

American living in Berlin suffer the fuel and utility shortages, but they have access to the American commissary where food is high, certainly, but plentiful. In fact, Americans are not allowed to use local garden products raised by the Germans because human excreta is used for fertilizer...

no one can do what ought to be done unless they get on their feet. Disregarding the causes for their present condition she feels that they should now be on the road to recovery. Mrs. Tucker's closing wish was that all Americans could stay a year in Berlin as she did; she added, "They certainly would be glad to be in America."

own 32. In the second period, the Owls had possession of the pigskin only twice, and tried only 3 plays from scrimmage. The only score in that half was Dalton's 34 yard end jaunt, which occurred the first time the locals had their hands on the ball. After receiving a punt on their own 46, the visiting lads got to work, used

Houtz 3 times to get to Sharon's 34, from whence the Garnet offense sprung Dalton loose on his sortie towards paydirt. The play was a shovel pass from Swan out to Dalton, who ran wide around right end, and with perfect downfield blocking, especially from Helmuth, traveled into the end zone.

The third quarter was the same story as the first 2, with one important exception. That was, that Swarthmore's scoring opportunities were realized. Sharon Hill never could get itself out of a hole. Once a punt, partially blocked sailed out of bounds on the Owl's 29. Six plays later, after the Hillers had set up a stubborn defense, Swan tossed a pass to McGillberry in the end zone on as cute a play as one would ever want to see.

Following the kickoff, it wasn't long before Jack Smith intercepted Ray DiMattia's aerial to set up Swarthmore's third tally. Ripping off 15 yards in 3 plays, the leather was sitting on the 14, just waiting for Dalton to carry it around end once more to touchdown land. This time, it was Captain Blake who threw the block that got Dalton loose.

Sharon Hill really got to work after the kickoff. With Robinson's reserves playing, the Hillers

marched 69 yards to score their only touchdown of the day. DiMattia was the real work-assult. He carried the ball 7 times, and was the one that went over from the 2. The remainder of the game was a punting duel, in which Swarthmore staved off any more Sharon Hill threats.
