They know that the civic-minded members of the Swarthmore Business Association are busily planning for the day-long program of family fun which for many years has made a stay-at-home Fourth in Swarthmore a high moment in neighborliness and fun.

This year's Fourth plans are in good progress. Pony rides for the youngest celebrants are assured. Agile and popular directors have been persuaded to lead games for every age and condition of Swarthmoreans. The heat wave may have brought its woes but it has done its part to get the Midget and Clipper ball teams in perfect playing form for their holiday afternoon crowd.

Then in the dusk. after the backyard picnics have freshened and relaxed relatives and friends, there will be a community square dance on the station plaza to bring the day's fun to a close.

set the day off to its proudest start. Certainly the sight of the young-All this and a parade, too, to est residents in their patriotic best is a sight to cheer every resident whether parent, neighbor or just the watcher with an eye to the borough future. A word to the wise, clip this program or carry your Swarthmorean about with you. or you'll let the event, not to mention the prizes given by the sponsors, you most want to see slip by you.

9:30 a.m. (don't wince, it once was 8:45)—Parade of the finest young fry to be on view in any town in the country this Fourth of July. There will be classes for every kind of fancy dress, patriotic (this has been the largest being the most appropriate to the occasion, fancy costume (many beauty and cavalier has turned up here), humorous (with now and then an unexpected twist), comments on the times (here an intelligent and imaginative parent is an asset), pet pal (observation may have failed but we think there has never yet been a hamster), and then those impressive units of bedecked kiddy cars, tricycles, bikes, and floats. all propelled with such earnestness as to make the task of the judges very difficult indeed. Those judges: Mrs. Francis H. Forsythe, Mrs. Avery Blake, Mrs. Frank G. Keenen, incidentally, will be doing their good deed for the week. for they would like to be giving a prize to every participant. There will be prizes for many and a Flag for each child participating in the parade given by the Ainsworth-Wernher post of the American Legion. Parade marshalls Ferris W. Mitchell, C. W. Lukens and Harold Ogram will earn community orchids, too.

on the College Avenue School **Grounds—This** doesn't sound nearly as exciting as the hour of genuine community cooperation turns out to be. There will be the pony rides for children under seven under the indispensable direction of Mr. and Mrs. Philip M. legiate lacrosse ranks, many of Alden. Games for Brownie age them All-American selections in girls, 7 to 10, will be charge of recent years.

Fourth of July carries for all Frances Pearson and Pat Told

For the Fourth all persons of 14 years and up are adults and will take part in the variety choice program prepared for them by Mr and Mrs. C. W. Lukens.

By this time the popsicles furnished all players will be very welcome.

11.30 a.m.—Firemen's Water Fight—Rutgers Avenue between Westdale and Yale. One of the most popular features of the annual Fourth of July program, you'll find yourself caught up into real suspense and we'll miss our guess if you're not also caught in a little sprinkle. It's downright neighborly of the Firemen to take all that wetting for the townfolk and tell them so. won't you?

Time out for feeding the hungry tribe and resting weary bones until the ball game at 1:30 p.m on the Riverview Field.

8:30 p.m.—Square Dance—Railroad Station Square.

Council Contributes Low Bid Share

In special session Monday evening Borough Council considered the purchase of a new fire truck. The public safety committee reported on its meeting, attended by representatives of the Fire

Company, on June 15. Low bid for the truck was \$14,300 net. However, the Fire Company preferred another make whose bid was \$2300 higher, since the firemen were more familiar with the equipment on the higher priced truck.

Council decided in the interest of goodwill and at the suggestion of the Fire Company apparatus committee, to reject all bids and appropriate the amount of the low bid to the Fire Company with the understanding that the Company will purchase equipment substantially according to specifications of the public safety committee, at no additional cost to Borough residents.

The 'Fire Company in turn agreed to pay cash for the new engine selected and give the title to the Borough.

Indians To Play Phila

The third of this season's thrilling box lacrosse games will be played at the Sun Oil A. A. These two 10:30 a.m.—Game Hour for All teams have always given the spectators all the blood-tingling action that anyone might desire and this coming tussle, like its predecessors, will leave nothing to be wished for in the way of exciting roughand-tumble action. LEGION NINE IS TRIPLE WINNER

Lads Defeat Sharon Hill, Upper Darby

During the past week, the Swarthmore Legion team has scored three decisive victories, defeating Sharon Hill twice by scores of 6-3 and 3-1 and Upper Darby by 11-0. Dalton started last Wednesday's game at Sharon Hill and was relieved by Poole in the fourth inning when Sharon Hill tied at 3-3. Poole pitched his usual steady, effective game and held his adversaries scoreless from then on. A strong three-run rally sewed up the game in the top of the sixth. Barr led the Legion strikers with three solid hits and Dalton chipped in with two timely blows.

On Friday afternoon the locals overwhelmed Upper Darby by blasting the opposing pitcher out of the box with a nine-run first inning explosion. Seven straight men hit safely in the inning before a man was retired. The big blows were a base clearing double by Dalton and a homer by Laws with two on base. Dalton held his opponents hitless for five innings while Tarr yielded one hit to the last man at the top of the seventh.

On Monday evening, Poole pitched a splendid game in defeating Sharon Hill. The one damaging blow off his delivery was a line drive misjudged by Dalton which became lost in the weeds and went for a homer. Swarthmore finally came up with a three run burst in the bottom of the fifth after being stymied a number of times by fast and fortunate fielding on the part of Sharon Hill. Barr and Dalton again led the hitters with two hits each.

Tonight the team travels to Aldan for one of the most decisive games of the league season.

Summer Library Hours

From July 1 to September 8 the customary summer schedule will be followed at the Swarthmore Public Library. The library will be closed on Tuesday, Thursday, and Saturday afternoon during this period, but will be open for business at the following times: Monday, 2-5:30 and 7 to 9; Wednesday, 2-5:30 and 7 to 9; Friday. 2-5:30; Saturday 9:30 a.m. to 12

The Library will be closed on July 4, on Labor Day, and on the Saturday before Labor Day.

It is expected that many Swarthmoreans will avail themselves of the very liberal summer loan privileges, which have been so popular in the past. To make it possible for holders of library cards to have a good supply of vacation reading matter, adults may take out eight books and chilren four (twice the usual number that may be withdrawn at one time), including anything except seven-day books and new accessions that are in great demand. All books taken out between July 1 and September 8 will be stamped for return on September 12; but it is hoped that the holders, once they are through with them, will bring them back to the Library at their early convenience, so that others may make use of them.

Miss Hunter, Librarian will be on vacation from August 5 to September 7; and Mrs. Shipherd Assistant Librarian. from July 2 to August 5.

Will You Share Your Garden? Contributions from anyone in the community who would like to share their garden with patients of the Philadelphia General Hospital would be greatly appreciated. Containers to hold flowers will be placed at the Woman's Club from

VARIETY REIGNS IN SUMMER FUN

Enthusiasm High As Registrants End 2nd. Week

Two weeks of the summer recreation program have sped along, with four more to go. Each of the activities is reported to be enthusiastically received by the children and young people who are enrolled.

Among the Summer Clubbers, craft classes are popular, with 46 at work under the direction of Mrs. T. L. Purnell and Frances Pearson. Mrs. Purnell is a graduate of Albright College. In addition to her experience as a home economics teacher and dietician. she has studied at the Philadelphia Museum School of Industrial Arts. Frances Pearson is a 1949 graduate of Swarthmore High School, whose interests, skills and personality have won her the respect of the crafters.

The treasure hunt held last Friday among the Summer Clubbers was won by 10 members who located College Theatre passes in s car bearing the license 95B28. Fred Mazza, leader; Timmy Ryerson Judy Abbe, David Woodard, Joan Harrar, Anne Driehaus, Beverly Crowther, Rosemary Hibbard Walter Reynolds and Joe Gibson were the winners. Other teams were headed by Dick Jester, Jim Musser and Lynn Purnell. Each team followed a separate course, laid out as a result of hours of work by Don Dickinson and Teel

At the Rutgers School, the Primary group has many different interests. Baseball has become a favorite of the boys, and the competition between teams is keen. All the children have spent their craft period creating and decorating lamp shades for their mothers, and have found ot a rewarding process—even to the last coat of shellac.

Last Friday they enjoyed a trip to the Michigan avenue pond of the Belfields, watching and feeding a large variety of ducks.

Clippers Trip Lansdowne

On Monday evening, the Clippers scored their most impressive triumph of the season when they traveled to East Lansdowne and before a strongly partisan home crowd, handed the local team its first defeat of the season by a score of 3-2. Billy Ziegenfus pitched one of the best games of his career and at one stage of the game struck out three in a row with the bases loaded. The runs scored against him were the result of loose support, but his teammates responded with fine help at critical moments. Noel Snyder and Mike Bender drove in decisive runs with timely hits and the whole team played in excellent fashion. Thursday afternoon the Clippers went to Overlook Heights to replay a 2-2 tie of June 20. If this game is won. the Clippers end the first half season in a tie with East Lansdowne for first place, and the playoff will be held Sat-

DR. FINE VICTIM OF THROMBOSIS

Philadelphia Dentist Boro. Resident 40 Years

Funeral services were held Tuesday in Christ Church, Media, for William Middleton Fine who died of coronary thrombosis at 7:30 o'clock Saturday morning at his home 128 Park avenue.

Dr. Fine who had practiced dentistry in Philadelphia for nearly 50 years maintained an office in the Medical Arts Building. He had lived in Swarthmore for 40 years.

Born in Ocean Grove, N. J.. on July 9, 1877, he graduated from the University of Pennsylvania in 1901. He was a member of Delta Sigma Delta and the Philadelphia Medical Society.

Surviving besides his wife, the former Emily Catlin Plumly, are three children: William. of Morton, Ill.; Emily, of Stafford Springs. Conn., and Koni, of Jacksonville.

PETITIONS OUT ON LIQUOR SALE

Give Residents Chance To Protect Choice

In view of an occurence in its neighboring borough, Lansdowne, local residents interested in protecting Swarthmore from the same predicament are circulating petitions to have the question of alcoholic beverage sale in Swarthmore placed on the ballot so that borough residents may evidence their desire in this matter and adequate protection can be established in the event they wish to maintain the present "dry" status.

Lansdowne found a zoning ordinance unenforceable when the State Liquor Board granted a license to the owner of an establishment there and the Delaware County Court refused to uphold the local ordinance which had been designed to prevent liquor

A referendum on saloons or the issuance of liquor licenses is necessary if the borough wants to maintain its local option. The only way this can be accomplished is to have 25 per cent of the voters sign petitions requesting the County Commissioners to place the questions involved on the ballot for vote in September's primary.

Those who wish Swarthmore to be governed by the will of the majority of its people in this matter should contact The Swarthmorean, the ministers of the local churches, President John Nason of the College, President George Ewing of the Borough Council, or any other resident who is in possession of the petitions to be signed. The petitions must be filed with the Commissioners before July 13.

BENJAMIN LAY'S CRUSADE AGAINST TEA AND COFFEE

No. 6 in the series "Your Historical Heritage." Watch for the next in an early issue of this paper

Benjamin Lay was a man with a philosophy far ahead of his times in many respects. Born in England, he finally built a cave-like retreat near Abington. In the years between, he had traveled the world as a sailor and saw the cruelties of slavery on Barbadoes Island.

One of America's earliest abolitionists, this so-called Hermit of Abington wrote a powerful anti-slavery book and paid Benjamin Franklin to print it in 1737. Another rehibition of tea and coffee. To

emphasize his belief, he took his wife's china-ware to Philadelphia—and smashed it, piece by piece, in the market-place!

It is not for us to say how right or wrong Benjamin Lav may have been. We do know that many people enjoy these beverages today. And all teaand-coffee lovers realize that much of their pleasure in the cup depends on the water used for brewing. To these people, the delicious, natural flavor of Pure Springfield Water is the form he urged was the pro- source of one of their greatest pleasures at the table!

In the first 6 months this year PTC LOST 1,314,000

...a serious threat to continued good service!

There is no need for anyone to be confused about the necessity for higher fares on PTC lines. It costs money to furnish GOOD transit service. If fares do not produce enough money to pay those costs then one of two things must happen... Either fares must be increased or service must be curtailed. There's no secret about PTC income and expenses. Look what happened in the first six months this year:

That's the income and outgo story in figures that anyone can understand...

Income \$31,735,000

Expenses \$33,049,000

Loss \$1,314,000

In other words, during the first six months of 1949, PTC's expenses were \$1,314,000 more than it took in ... despite operating economies, despite curtailed maintenance, despite every effort to economize short of curtailing service.

At present fares and at today's volume of traffic the weekly loss, week after week, is over \$40,000.

The simple fact is that present fares will not pay what it costs to give good transportation service to the people of Philadelphia.

It is easy to oppose a fare increase. But those who oppose it have failed to suggest a workable way for PTC to continue to furnish good service without a fare increase.

All PTC has asked is a fare increase that will produce enough money to pay its bills; to keep its equipment in first-class condition; to make the constantly necessary improvements which mean better service to all who use PTC lines: to earn a modest return for those who have furnished the capital that has made it possible to give Philadelphians transit service second to none.
