R. L. BURKE

BURKE NAMED SUNSHIP HEAD

A. A. Norton Elected Vice President Wm. Craemer Sec'y - Treasurer

At a meeting of the board of directors on Monday Richard L. Burke, vice-president of the Sun Shipbuilding and Dry-Dock Company was elected president of the company to succeed John G. Pew whose resignation as head of the plant was announced earlier in the day. The new president who lives on Westdale avenue, assumed his duties immediately.

Alton A. Norton of University place Superintendent of hull construction, was elected vice-president. William Craemer of Harvard avenue was re-elected secretary and treasurer.

Mr. Burke who went with Sun Ship in 1916, has had a part in constructing all of the 525 ships launched at the plant.

He was born in Cape May Court House, N.J., on October 23, 1888.

In 1907 he entered the employ of the New York Shipbuilding Corporation, Camden, N.J., where he was employed for nine years in the hull drafting department.

Mr. Burke left the employ of New York Ship to go to Sun Ship while the plant was still under construction, and was made a charge man in the hull drawing room.

In 1917 he became chief draftsman in charge of structural work and was in charge of all drawings pertaining to the construction of the first drydock, built in 1920. Upon completion of the drydock, he acted as estimator on ship repair work in conjunction with his drawing room activities.

BENEFIT ON 12TH FOR GIRL SCOUTS

Fashion Show and Card Party To Be Held At Club

A community card party and fashion show will be held at the Swarthmore Woman's Club next Friday, May 12, for the benefit of the maintenance fund of the Swarthmore Girl Scout House on Harvard avenue near Swarthmore avenue.

Fashions from the Joyce Lewis Shop will be modelled by 13 borough women. Mrs. Palmer L. Skoglund will play the piano. The affair will begin at 1:30 p.m. Card-players are asked to bring their own cards. Refreshments will be served and prizes distributed.

Mrs. D. Mace Gowing is chairman of the community committee which has arranged the event in co-operation with Mrs. John G. Moxey, Jr., Girl Scout neighborhood chairman.

YES OR NO

One week from this coming Tuesday the people of Swarthmore will be called upon to say YES or NO to two questions that vitally concern the welfare of this Borough. The questions, in the ponderous legal language required by the Municipal Borrowing Law, are printed elsewhere in this issue under the heading of "Notice of Public Election."

From his vantage point as sitter-in at all Council meetings (a privilege open to anyone who wishes to take the time) the editor knows why these questions must be answered at this time, and will try to set forth in this editorial the reasons why he believes both questions should be answered "Yes" at the May 16 Primary.

To take up the second question first, because it is simpler, a vote of "Yes" will authorize the Borough Council to borrow not exceeding \$55,000 to finance the Borough's share of the cost of a joint sewage disposal plant to end the pollution of the Delaware River so far as the Boroughs of Swarthmore, Morton, Rutledge, Prospect Park, Ridley Park, and the Townships of Springfield, Ridley and Nether Providence are concerned. Those municipalities have for over 12 years been banded together in an organization called Central Delaware County Authority, formed for the purpose of handling this joint problem jointly. The State Sanitary Water Board has decreed that a joint sewage disposal plant must now be constructed on land purchased from the Baldwin Locomotive Works, near the River. The project will cost approximately \$750,000. and Swarthmore's share is \$75,000.

This could be financed by the C.D.C.A. by borrowing on the security of the sewer rents, pledged by the several municipalities. Your Councilmen believe they can save several thousands of dollars in interest charges, however, by financing Swarthmore's share partly through the increased sewer rents levied this year, and partly by borrowing \$55,000. at a considerably lower rate of interest than C.D.C.A. will be obliged to pay. The details have yet to be worked out, but Council is aiming at cleaning up this inescapable obligation in the shortest possible number of years. Some of the municipalities are planning similar action but probably a majority will take the slower and more expensive course of letting the C.D.C.A. borrow the money and pay the higher rate of interest.

We have heard no reasons of any kind advanced against following Council's recommendation in this matter. A vote of "Yes" on Question No. 2, therefore, is a vote to discharge Swarthmore's legal obligation at a minimum cost to the Borough.

Turning now to the first question that will appear in the upper left-hand corner of the voting machines 12 days from now, shall the Borough Council be authorized to issue bonds at such times and in such amounts as it deems necessary, up to a total of \$225,000., to provide a suitable Borough Hall? This question was tucked away in the indefinite future until that midnight blaze of March 15th destroyed the roof and resulted in extensive water damage to most of the remainder of the existing Borough Hall. The plaint of those who say the fire was stopped too soon is understandable, but we are confronted with the fact, plus \$39,686.88 of insurance money now reposing in the Borough treasury. Few people would be satisfied merely to construct another roof over Borough Hall, pull down the damaged plaster from most of the rooms, install new wiring, and let it go at that. Acting upon extremely short notice, the Borough architect, Mr. George M. Ewing, prepared tentative plans and sketches to illustrate what might be done toward reconstructing and enlarging the old Borough Hall. These were shown and discussed at the Town Meeting of March 29th. Council has not approved either of these propositions and an affirmative vote on Question No. 1 will in no sense commit the Borough to proceed with either of these plans.

Some people deplore the haste with which this issue is thrown before the voters. The situation, however, calls for an orderly solution at the earliest possible moment. Just to illustrate this point, it is costing the Borough over \$150.00 a week more than it did before the fire, just to keep the police radio in operation. (Swarthmore serves several surrounding boroughs with its police radio under a cooperative plan which is considerably cheaper than if each of these municipalities maintained its own broadcasting system.) The radio had to be moved up to Hicks Hall on the College Campus, and an extra radio man with it. Steps are now under way to operate the radio by remote control from Borough Hall, so that the regular police may take turns at operating it with a minimum interference with their regular duties.

The first step toward an orderly solution of the emergency which now confronts the Borough is to secure voter approval of a bond issue sufficient to enable Council to use its best judgment with respect to "repairing, enlarging or replacing the present Borough Hall, partly upon its present site and partly upon adjoining vacant ground to be acquired by the Borough."

The site of Borough Hall is not large enough to permit reconstruction or enlargement of the existing building. While the Borough can struggle along for another 5 or possibly 10 years in the present Hall when repaired, new homes now planned, together with those in process of construction, indicate an ultimate increase in the population of the Borough of nearly 50%. Long before March 15, the Swarthmore (Continued on page 5)

CHORAL CONCERT NEXT FRIDAY

School's Annual Festival Of Song To Be In Clothier

Once again the community looks forward to the local school's annual Choral Concert being presented next Friday, May 12 at 8 p.m. in Clothier Memorial on the college campus. This is the eighth annual Concert to be presented by the combined choral groups of the school, and the seventh given for the benefit of senior scholarship aid. It will be remembered that last year's proceeds were turned over to the Senior High Chorus for the purchase of new choral robes.

The 150 participating students represent members of the Senior High Mixed Chorus, the Junior High Girl's Glee Club, and a Boys' Chorus. A well balanced program is planned to include a group of religious compositions sung by the chorus, music of the modern American composer, songs of the folk, and variety numbers. Once again, tradition seems to be playing a role in the concert with the singing of Handel's Hallelujah Chorus by the senior group and the Original Medley sung by the Boys' Chorus. The latter was put together by Dick Terry and Donald Fetherolf, president and vice-president of Chorus respectively, Sandy Ford and Arthur McCormack.

CLUB CHORUS IN V. HERBERT FEST

W. L. Eckard soloist with Women's Program Tuesday

A delightful spring festival music program "Memories and Melodies of Victor Herbert" was given by the Woman's Club Chorus and the music committee with Mrs. Robert M. West chairman assisted by William L. Eckard soloist, and Mrs. E. S. Eaton, narrator at the clubhouse on Tuesday afternoon, May 2.

Mrs. Francis Forsythe introduced as honored guest, Mrs. Arthur Phillips, county chairman of music. Mrs. Phillips stated that it had given her great pleasure to award Mrs. West third place in the recent County Music and Art Festival for this Victor Herbert program which Mrs. West had arranged.

Mrs. E. S. Eaton as narrator gave a brief talk on the life of

Victor Herbert and a discussion of each number before it was sung.

The opening number, "March of the Toys" from "Babes in Toyland" was sung by the entire Chorus followed by "Ah Sweet Mystery of Life" from "Countess Maritza." Then Mrs. John Springer gave the solo "When You're Away" and Mrs. W. L. Eckard the soprano solo "Kiss Me Again."

The Chorus continued with selections from "Sweethearts" which included a comical wooden shoe dance by Mrs. John E. Michael in costume, the solo "Sweethearts" by Mrs. Harold Ogram and a ballet dance by Elizabeth Boyle. W. L. Eckard rendered "Thine Alone" from "Ellees" and the lively "Every Day is Ladies' Day for Me" from the "Red Mill" with his usual ease and dramatic sense.

Mrs. Leslie Ellis sang the popular "Moonbeams" from the "Red Mill" as an alto solo and Mrs. Springer and Mr. Eckard followed with a duet "A Kiss in the Dark" from "Orange Blossoms."

The chorus concluded with a medley of well-loved Herbert airs, during which Mrs. David Bingham took the solo part for "Falling in Love with Someone" and Mr. Eckard did the "Gypsy Love Song."

The whole program was well sung and a credit to the effort Mrs. West and the Chorus had put into it. The singing showed the Chorus enjoyed it as much as the audience. Members of the Chorus were: Mrs. John E. Michael, Alice Marriott, Mrs. William W. Turner, Mrs. Owen Gay, Mrs. C. W. Crook, Mrs. A. V. B. Orr, Mrs. Harold Ogram, Mrs. John B. Danner, Mrs. Leslie Ellis, Mrs. Llyod E. Kaufman, Mrs. Warren Paxson, Mrs. David Bingham, Mrs. John Springer and Mrs. W. L. Eckard.

Tea was in charge of Mrs. John E. Michael. Mrs. William W. Turner and Mrs. Warren Paxson poured. Hostesses for the day were Mrs. George P. Warren, Mrs. Elliott Richardson, Mrs. Ellwood H. Garrett and Mrs. W. F. G. Swann.

YES OR NO

(continued from page one)

Public Library Association and the Community Health Service were making respectful but urgent representations about the need of greater space. No argument is deemed necessary to establish the claims of these organizations to be comfortably and efficiently housed at the expense of the Borough. Both organizations have grown by leaps and bounds and Swarthmore has benefited thereby. There is simply no room within the walls of the present Borough building to take care of these organizations adequately.

The Borough Secretary's office, the police, and the facilities of Council are likewise cramped and inadequate.

We believe the great majority of the residents of this community feels strongly that Swarthmore should have a public building adequate to take care not only of its present needs but of those that inescapably face it in the future. No one seeks palatial quarters for these governmental and public agencies. What is the best thing to do under the circumstances?

The citizens do not have the time nor the qualifications to work these problems out to the mutual satisfaction of all. That is what our representatives on Council have been chosen to do. They are our neighbors and friends. They are living with this problem almost literally day and night and will continue to do so to try to reach the most sensible solution.

A vote of "Yes" on Question No. 1, therefore, will mean a vote of confidence in your elected representatives, and a mandate to provide a suitable Borough building. This Borough has a present borrowing capacity of about \$430,000. Council estimates that it will not be obliged to spend more than half that amount to repair and enlarge the present Borough building. \$37,500 of that amount would be spent to take up the Borough's option on the vacant ground between Borough Hall and the Methodist Church. The price may be high, but the present owner is unwilling to sell for less. The Borough Solicitor gives it as his opinion that to take the lot under the power of eminent domain would not save the Borough any money but more likely would result in a higher award than \$37,500. The present building, if it is retained, must be enlarged in the very near future. It can be enlarged only in the direction of the Kistler lot. The portion of this lot not required for building purposes will not be left idle. It is proposed to put a suitable asphalt surface upon the lot and to park some 80 automobiles there, until the Borough has some better use to make of this ground. While this will not totally solve the parking problem, it will alleviate it, instead of making it worse as would creation of an apartment house, or other commercial use of this lot. The Borough Fathers will take plenty of time in deciding how much of the \$225,000 they should spend and the best use to make of such funds, if the voters authorize Council to borrow that amount of money. A negative vote means that electoral consent to borrow this money is refused, and the question cannot again be put upon the ballot until 51 weeks have elapsed. Such a vote would tie Council's hands and limit it to the making of only the crudest of repairs to the present Borough Hall.

How do you vote?

ALL FOR IT

Dear Sir:

As citizens of Swarthmore we are now faced with the problem of reconstruction of the present Borough Hall or the erection of a new one. In many respects the recent fire had distinct advantages. It brought to a head a latent problem which had been developing for years, and should sooner or later have demanded our attention. The Borough Hall as it stood before the fire was inadequate for the needs of the Community, both from a practical and an esthetic standpoint. Now we have to provide ourselves with different facilities. Let's not pass up a chance to make those facilities the best we can practically obtain.

It seems especially advisable to purchase the lot directly adjoining the Borough Hall, facing Park and Lafayette Avenues. Not only is this plot of land the only land of sufficient size for the necessary municipal expansion in the business district, but also it is the most desirably located of any of the land in the commercial zone. There is room for three or four hundred more dwellings within the present limits of the borough of Swarthmore and this space will undoubtedly be built to the maximum within the next five or ten years. This influx of new residents will result in an even more hazardous parking problem in the business district. If the aforementioned lot is not used for at least some part of the borough facilities, as I think it should be, it would nevertheless serve as a very convenient parking space easily accommodating over a hundred automobiles.

There has been a lot of talk about the high price of this land, so it might be profitable to note that the cost per front foot being asked for this property is much cheaper than any other property in the business area in town and if you wish to figure the cost of the lot on the square footage basis, you will also find the figures much lower than any other property. The price that is being asked for this land does not seem to me to be unwarrantedly high. We must bear in mind when considering the cost of this property its admirable location, the original cost of the land and the cost of taxes over the years carried by the present owner.

This lot would be especially desirable from a standpoint of the Fire Company alone, because of its two street fronts and accessibility and central location. The three tentative plans advanced at the town meeting were fine as far as they went, but they should not be considered final and binding. They are merely rough estimates and proposed to give the Borough Council an idea of just how much the citizens are willing to pay for their new Borough Hall. The Council members are all fine, capable men, and they are able to make the necessary decisions; and while I myself have certain ideas of just what should be done, I think it is both wise and prudent to allow the Council to proceed on their own in this matter. I feel also that the architect employed for the work should have a free hand and, with the approval and guidance of Council, should proceed unbound by any preconceived ideas of the electorates.

So for once let's not pinch pennies. Let's not be afraid to build for ourselves and for succeeding generations a Borough Hall that will be adequate for our future needs and a building of which we may be justly proud.

Your very truly,
Charles Andes
A Matter of \$225,000

To the Editor:
To borrow or not to borrow \$225,000 for the purpose of providing Swarthmore with an adequate Borough Hall is one of the questions to which we as voters are asked to give an answer on May 16.

It is a question on which I, for one, do not pretend to have the facts or the judgment which would enable me independently to make a sound decision. As a resident who is very fond of Swarthmore, I want the town to have a Borough Hall of which its citizens can be moderately proud. I feel that the present site and the adjacent vacant ground have much to recommend them, so far as location is concerned. But whether the price asked for this vacant property is high, low, or just right, I am not qualified to say; nor do I know which is the most desirable of the three types of possible construction outlined by the Council at the town meeting held several weeks ago. These, I suggest, are matters on which the average citizen should not be asked to pass. It takes a lot of self-control on the part of the citizen to refrain from political back-seat driving. I suggest that this might be a good time to give our Council a vote of confidence, by authorizing the increase in Borough indebtedness which the Council deems necessary to enable it to carry through properly the specific task which it now faces.

Children Enjoy Wizard

The High School Auditorium was completely filled Saturday afternoon for the Children's Theatre of the Community Art Center's presentation of the well-loved play "The Wizard of Oz". The house was sold out well in advance of the performance, but a sizeable group of people waited outside in the hope that some vacant seats might be available. The hope for two performances next year is generally expressed.

It was a gala afternoon. "The Wizard of Oz", one of the most light-hearted and beloved plays of childhood delighted its audience as the production progressed under the sympathetic and talented direction of Mrs. Stuart Graves, director of the Children's Theater.

The cast was praised for the naturalness and enthusiasm of its performance. The scenes were pronounced full of color and life and adequate in every respect. The two Dorothys, Carolyn Danforth and Judy Feight, acquitted themselves with honor, and the shared role proved interesting and variable.

Dog Toto and the loyal triumvirate, the Tin Woodman, Cowardly Lion and Scarecrow, won the hearts of all. The Good Witches, North and South, and the Wicked Witch of the West wielded their magic powers to the satisfaction of the groups, the Munchkins, the Emerald Citizens, and the China people, each had its distinguishing charm.

The visit to the land of Oz proved a happy time, leaving the older students in the audience feeling as if the world was, for a little while at least, as it was in their youth, and the children confident that countries where everything is blue, green, yellow or red might solve worrying problems. The next Children's Theater production will be eagerly awaited.

COUNCIL HEARS TOWN PLANNER

Nearly \$40,000 Received For Fire Loss On Boro Hall

Back in its Borough Hall chamber, with temporary lighting, Monday evening Council heard Charles P. Cella supervisor of the University of Pennsylvania's Institute of Local Government explain the overall, long range planning survey it might make for the borough. Approximate cost over a year's period was quoted as between \$1500 and \$1600. This service, advocated by the League of Women Voters which was represented at the meeting by Mrs. Helen Goodwin and Mrs. Joseph S. Lynch, has been used to solve community building placement, traffic and parking problems, standardization of assessments, administrative and other related problems in many cities and towns including Chester, Ridley Park, Springfield (both Delaware and Montgomery Counties), Elizabethtown, and Doyles-town. Mr. Cella was asked to submit a detailed proposal of what the Institute could perform for Swarthmore.

A check in the amount of \$38,686.88 covering the Borough's loss on building and contents in the March 15 fire at Borough Hall, was received from the insurance company. About \$1800 of the amount represented contents. The entire amount was above that received by other agencies occupying the building.

Council passed a resolution thanking Peter E. Told, agent and W. H. Nason, appraiser for their prompt and efficient aid in securing the insurance settlement. George Ewing, ex-president of Council was appointed to serve the unexpired term of T. E. Hessebruch, deceased, which runs until December 31, 1951.

Horace Reeves was granted a permit to use precast slabs for floor construction in the Alma Daniels house on South Chester road. A permit for adding a porch to the Stone House on the Strath Haven Inn Grounds was also granted.

Mrs. Walter Schmidt president of the Community Health Society thanked Council for providing quarters for the Society during the past 25 years and for including it in the plans for the future. Accompanied by Mrs. Elizabeth Groff supervising nurse she also announced the Society was now located on a month to month lease in the second floor rear apartment of the Paulson Building on Park avenue, at a rental of \$75.

Daniel Josephson developer submitted a plan for containing Haverford place from Drexel road to Yale avenue. Tentative approval was given pending further study.

Announcement that the police radio transmitter at Hicks Hall, Swarthmore College was now set up with remote control merely awaiting connection permission from the FCC in Washington, brought hopes of doing away with the \$750 extra help costs necessitated by the present telephone arrangement to downtown headquarters.

BARRETT'S CLOSE PLAYERS' SEASON

Capacity Houses Acclaim Current Show Here

"The Barretts of Wimpole Street" brings to a creditable close the Players Club's 39th season with its final curtain tomorrow night. Capacity houses which have acclaimed the current production prove the drawing power of a vehicle of stature and merit despite the fact that two other productions of the same play have been available within the past three months.

Directed by William W. Price, who also brings his wide experience to the requiring role of Fupa Barrett, the cast and stage crew expend themselves to achieve a balanced production of beauty, charm, and persuasion which enforces the familiar.

Isobel Price earns accolades with her consistent, quiet, sensitive development of the lead role Elizabeth Barrett. It is a matter of expression, or nuance, of physical shrinking as well as of speech, which holds the audience rapt over her ally, as she charms the eye and directs the mind.

Nat Doughty commands respect for his careful, intelligent, tender portrayal of Robert Browning. Mr. Doughty grows in the meaty role to an achievement of leashed power and virility.

Elizabeth's sisters Henrietta and Arabel and delightfully and fully played by The-Ann Doughty and Jane F. Keating, Henrietta in the hands of Mrs. Doughty is equal to the dramatic exigencies of the role which have a wide scope. Arabel as played by Miss Keating is consistently restrained until her final hysteria. Both roles are well handled to set individual characters and establish contrast.

Elizabeth Barrett Browning is nicely cast as the volatile flirtatious Bella Hedley. Joyce Noone's Wilton is a thing of such perfection that it must be seen to be truly appreciated. Much of the tension of scene 2, Act 3, is due to her skill.

Harry Cafferty contributes a perfect brief characterization as Hervey, the 17th degree of Victorian popinjay. Ronald F. Foster cut a beguiling figure as Captain Surtees Cook, whose charm for Henrietta is easily understood. Ted Selmes as Doctor Chambers is a likeable English family doctor whose devotion to Elizabeth endears him to the audience. Brian Cookson who appears briefly as consulting Dr. Ford Waterloo goes professionally to the heart of the matter.

The Barrett brothers who form one of the affectionately held groups in modern dramas, were played with nice difference and business by Philip Price (Occy), William Swezey (Septimus), James Hayes (Alfred), John Bodkin (Charles), Hermann Youkers (Henry), John Hayes (George).

The seniors include Pauline Beneke, Margot Bowie, Joyce Cabots, Margaret Croco, Edith Hay, Sally Hawk, Mary Knabb (librarian), Ruth Woodward, piano soloist of the concert, Sally Alden (secretary/treasurer of Chorus), Caroline deFuria, Marion Hansburg, Delores Roeth, Bicky Thompson, Raymond Denworth, Arthur McCormack, Walter Dickinson, Donald Fetherolf (vice-president of Chorus), Sandy Ford, Alfred McGilberry, Shirley Martin, Louis Sharp, and Richard Terry (director of Chorus). Seven of this group of seniors represented Swarthmore in the recent South-Eastern District Chorus Festival.

SENIOR CHORUS SINGS TONIGHT

H. S. To Present Annual Festival In Clothier

Swarthmore High School, in presenting its annual festival of song at 8 p. m. in Clothier Memorial this evening, will be joining communities all over the nation participating in National Music Week, being celebrated May 7 to 14. Under the direction of Alice Blodgett, the senior chorus will offer a share of its program in support of the Music Week theme "America's Contribution to the World of Music."

The program will comprise modern compositions by Irving American Aaron Copland and William Schumann including such selections as "Younger Generation" and "Holiday", both featuring interesting piano accompaniments to be played by senior pianist Margaret Croco.

Other American compositions include a musical arrangement of "Every Time I Feel the Spirit"; a chorale "Built on Rock" set to music by F. Christiansen, past director of the St. Olaf Chorus; a Stephen Foster selection arranged for male voices, "Some Yulks Do"; and a catchy Tennessee Mountain folk tune, "Crawdad Song". "Chopsticks", which seems to be an over used American theme will be heard in a variety of ways as sung by the girls of Senior Chorus.

The program will also include spots from Italy, England, Sweden, and Germany. Tonight's concert will mark the last appearance of many stalwart young high school singers, many of whom have been appearing on Spring concerts for as many years as the school has been using Clothier for its Choral Festival.

The seniors include Pauline Beneke, Margot Bowie, Joyce Cabots, Margaret Croco, Edith Hay, Sally Hawk, Mary Knabb (librarian), Ruth Woodward, piano soloist of the concert, Sally Alden (secretary/treasurer of Chorus), Caroline deFuria, Marion Hansburg, Delores Roeth, Bicky Thompson, Raymond Denworth, Arthur McCormack, Walter Dickinson, Donald Fetherolf (vice-president of Chorus), Sandy Ford, Alfred McGilberry, Shirley Martin, Louis Sharp, and Richard Terry (director of Chorus). Seven of this group of seniors represented Swarthmore in the recent South-Eastern District Chorus Festival.

The committee not only attended plays here but also consulted prominent Swarthmoreans before making their selection. The award was based upon the general excellence of plays throughout the season.

Children Enjoy Wizard

The High School Auditorium was completely filled Saturday afternoon for the Children's Theatre of the Community Art Center's presentation of the well-loved play "The Wizard of Oz". The house was sold out well in advance of the performance, but a sizeable group of people waited outside in the hope that some vacant seats might be available. The hope for two performances next year is generally expressed.

It was a gala afternoon. "The Wizard of Oz", one of the most light-hearted and beloved plays of childhood delighted its audience as the production progressed under the sympathetic and talented direction of Mrs. Stuart Graves, director of the Children's Theatre.

The cast was praised for the naturalness and enthusiasm of its performance. The scenes were pronounced full of color and life and adequate in every respect. The two Dorothys, Carolyn Danforth and Judy Feight, acquitted themselves with honor, and the shared role proved interesting and variable.

Dog Toto and the loyal triumvirate, the Tin Woodman, Cowardly Lion and Scarecrow, won the hearts of all. The Good Witch, North and South, and the Wicked Witch of the West wielded their magic powers to satisfaction. The groups, the Munchkins, the Emerald Citizenry, and the China people, each had its distinguishing charm.

The visit to the land of Oz proved a happy time, leaving the oldsters in the audience feeling as if the world was, for a little while at least, as it was in their youth, and the children confident that countries where everything is blue, green, yellow or red might solve worrying problems. The next Children's Theatre production will be eagerly awaited.

COUNCIL HEARS TOWN PLANNER

Nearly \$40,000 Received For Fire Loss On Boro Hall

Back in its Borough Hall chamber, with temporary lighting, Monday evening Council heard Charles P. Cella supervisor of the University of Pennsylvania's Institute of Local Government explain the overall, long range planning survey it might make for the borough. Approximate cost over a year's period was quoted as between \$1500 and \$1000. This service, advocated by the League of Women Voters which was represented at the meeting by Mrs. Helen Goodwin and Mrs. Joseph S. Lynch, has been used to solve community building, placement, traffic and parking problems, standardization of assessments, administrative and other related problems in many cities and towns including Chester, Ridley Park, Springfield (both Delaware and Montgomery Counties), Elizabethtown, and Doylestown. Mr. Cella was asked to submit a detailed proposal of what the Institute could perform for Swarthmore.

A check in the amount of \$39,686.88 covering the Borough's loss on building and contents in the March 15 fire at Borough Hall, was received from the insurance company. About \$1800 of the amount represented contents. The entire amount was above that received by other agencies occupying the building.

Council passed a resolution thanking Peter E. Told, agent and W. H. Nason, appraiser for their prompt and efficient aid in securing the insurance settlement. George Ewing, ex-president of Council was appointed to the Board of Adjustment to serve the unexpired term of T. E. Hesselbruch, deceased, which runs until December 31, 1951.

Horace Reeves was granted a permit to use precast slabs for floor construction in the Alma Daniels house on South Chester road. A permit for adding a porch to the Stone House on the Strath Haven Inn Grounds was also granted.

Mr. Walter Schmidt president of the Community Health Society thanked Council for providing quarters for the Society during the past 25 years and for including it in the plans for the future. Accompanied by Mrs. Elizabeth Groff supervising nurse she also announced the Society was now located on a month to month lease in the second floor rear apartment of the Paulson Building on Park avenue, at a rental of \$75.

Daniel Josephson developer submitted a plan for continuing Haverford place from Drexel road to Yale avenue. Tentative approval was given pending further study.

Announcement that the police radio transmitter at Hicks Hall, Swarthmore College was now set up with remote control merely awaiting connection permission from the FCC in Washington, brought hopes of doing away with the \$50 extra help costs necessitated by the present telephone arrangement to downtown headquarters.

Isobel Price earns accolades with her consistent, quiet, sensitive development of the lead role Elizabeth Barrett. It is a matter of expression, or nuance, of physical shrinking as well as of speech, which holds the audience raptly her ally, as she charms the eye and directs the mind.

Nat Doughty commands respect for his careful, intelligent, tender portrayal of Robert Browning. Mr. Doughty grows in the meaty role to an achievement of leashed power and vitality.

Harry Cafferty contributes a perfect brief characterization as Henry Bevan, the nth degree of Victorian popinjay. Ronald F. Porter cut a beguiling figure as Captain Surtees Cook, whose charm for Henrietta is easily understood.

Ted Selmes as Doctor Chambers is a likeable English family doctor whose devotion to Elizabeth endears him to the audience. Brian Cookson who appears briefly as consulting Dr. Ford Waterlow goes professionally to the heart of the matter.

The Barrett brothers who form one of the affectionately held groups in modern dramas, were played with nice difference and business by Philip Price (Ocey), William Swezey (Septimus), James Hayes (Alfred), John Bodkin (Charles), Hermann Tonkers (Henry), John Hayes (George).

The seniors include Pauline Benek, Margaret Crook, Edith Hay, Sally Hawk, Mary Knabb (librarian), Ruth Woodard, piano soloist of the concert, Sally Alden (secretary, treasurer of Chorus), Caroline deFuria, Marion Ransburg, Delores Roeth, Bicky Thompson, Raymond Denworth, Arthur McCormack, Walter Dickinson, Donald Fetherolt (vice-president of Chorus), Sandy Ford, Alfred McGilberry, Sibley Martin, Louis Sharp, and Richard Terry (president of Chorus). BARRETTS CLOSE PLAYERS' SEASON

Capacity Houses Acclaim Current Show Here

"The Barretts of Wimpole Street" brings to a creditable close the Players Club's 39th season with its final curtain tomorrow night. Capacity houses which have acclaimed the current production prove the drawing power of a vehicle of stature and meat despite the fact that two other productions of the same play have been available within the past three months.

Directed by William W. Price, who also brings his wide experience to the requiring role of Papa Barrett, the cast and stage crew expend themselves to achieve a balanced production of beauty, charm, and persuasion which enhances the familiar.

Isobel Price earns accolades with her consistent, quiet, sensitive development of the lead role Elizabeth Barrett. It is a matter of expression, or nuance, of physical shrinking as well as of speech, which holds the audience raptly her ally, as she charms the eye and directs the mind.

Nat Doughty commands respect for his careful, intelligent, tender portrayal of Robert Browning. Mr. Doughty grows in the meaty role to an achievement of leashed power and vitality.

Elizabeth's sisters Henrietta and Arabel and delightfully and skillfully played by Tee-Ann Doughty and Jane F. Keating. Henrietta in the hands of Mrs. Doughty is equal to the dramatic exigencies of the role which have a wide scope. Arabel as played by Miss Keating is consistently restrained until her final hysteria. Both roles are well handled by set individual characters and establish contrast.

Elizabeth Garrett Hayes is nicely cast as the volatile flirtatious Bella Hedley. Joyce Noone's Wilson is a thing of such perfection that it must be seen to be truly appreciated. Much of the tension of scene 2, Act 3, is due to her skill.

Harry Cafferty contributes a perfect brief characterization as Henry Bevan, the nth degree of Victorian popinjay. Ronald F. Porter cut a beguiling figure as Captain Surtees Cook, whose charm for Henrietta is easily understood.

Ted Selmes as Doctor Chambers is a likeable English family doctor whose devotion to Elizabeth endears him to the audience. Brian Cookson who appears briefly as consulting Dr. Ford Waterlow goes professionally to the heart of the matter.

The Barrett brothers who form one of the affectionately held groups in modern dramas, were played with nice difference and business by Philip Price (Ocey), William Swezey (Septimus), James Hayes (Alfred), John Bodkin (Charles), Hermann Tonkers (Henry), John Hayes (George).

SENIOR CHORUS SINGS TONIGHT

H. S. To Present Annual Festival In Clothier

Swarthmore High School, in presenting its annual festival of song at 9 p. m. in Clothier Memorial this evening, will be joining community members all over the nation participating in National Music Week, being celebrated May 7 to 14. Under the direction of Alice Blodgett, the senior chorus will offer a share of its program in support of the Music Week theme "America's Contribution to the World of Music."

The program will comprise modern compositions by living Americans Aaron Copland and William Schumann including such selections as "Younger Generation" and "Holiday", both featuring interesting piano accompaniments to be played by senior pianist Margaret Crook.

Other American compositions include a musical arrangement of "Ev'ry Time I Feel the Spirit"; a chorale "Built on Rock" set to music by P. Christianson, past director of the St. Olaf Choir; a Stephen Foster selection arranged for male voices, "Some Folks Do"; and a catchy Tennessee Mountain folk tune, "Crawdad Song". "Chopsticks", which seems to be an over used American theme will be heard in a variety of ways as sung by the girls of Senior Chorus.

The program will also include spots from Italy, England, Sweden, and Germany. Tonight's concert will mark the last appearance of many stalwart young high school singers, many of whom have been appearing on Spring concerts for as many years as the school has been using Clothier for its Choral Festival.

The seniors include Pauline Benek, Margaret Crook, Edith Hay, Sally Hawk, Mary Knabb (librarian), Ruth Woodard, piano soloist of the concert, Sally Alden (secretary, treasurer of Chorus), Caroline deFuria, Marion Ransburg, Delores Roeth, Bicky Thompson, Raymond Denworth, Arthur McCormack, Walter Dickinson, Donald Fetherolt (vice-president of Chorus), Sandy Ford, Alfred McGilberry, Sibley Martin, Louis Sharp, and Richard Terry (president of Chorus). Any group that is interested in art, dramatics, music, or other cultural activity and meets the above requirements is considered.

The committee not only attended plays here but also consulted prominent Swarthmoreans before making their selection. The award was based upon the general excellence of plays throughout the season.

The program will comprise the following: Egmont Overture by Beethoven, Symphony in D. Minor by Cesar Franck, Concerto in E. Minor by Mendelssohn, and the Blue Danube Waltz by Strauss. David Spencer will be the soloist in the Violin Concerto by Mendelssohn.

43 Students Already Prepared For College

Although the spring term has several weeks to run, 43 members of the senior class of Swarthmore High School have been accepted by colleges and universities. Several of the members of the class have had acceptances by more than one, some as many as five colleges.

Four boys of the class have been awarded NROTC scholarships. They are Charles Barr, John Chapman, John Steinfeld, and Larry Franck. The colleges to which the members of the class are going range from Dartmouth to the University of Colorado and from Washington and Lee to the University of Rochester.

A number of the colleges have not yet sent out their acceptance but when they are in, it is anticipated that a large majority of the 74 members of the 1950 graduating class will be accepted for college.

Initiated into Delta Phi Alpha

Joann Louise Paul, formerly of Yale avenue, has been initiated into Delta Phi Alpha, honorary fraternity of German-interested persons at the University of Rochester, N. Y., where she is now completing her junior year.

She also is President of the German Club at the University, and received the club's annual award given to the member who has done most for the club. She developed her interest in Germany and the German language during two post-war years spent as a student in Berlin and Munich, while her father, Col. G. Hurst Paul, was a Military Government official.

Joann also is active in hockey at the University, and is a member of the varsity team. She played hockey also at Swarthmore High School, from which she was graduated in 1945.

New Blooms Appear

The coming weekend will bring a new burst of color to the college campus, headed by the appearance of early and mid-season lilacs. Especially interesting among the lilacs are the unusual French hybrids found near the Meeting House. Another patch of spring color is just north of the Meeting House, where the azalea garden is at its early prime.

The woods in back of the Scott Outdoor Auditorium and near Wharton Hall are scattered with dogwood in full bloom, with azalea schlippenbachii, with early rhododendrons and many varieties of wild flowers. Flame pines will make their appearance in the woods in another week or two.

For the convenience of those visiting the campus, guide maps of the Scott Foundation's plantings are available at 114 Martin Hall or at the Business Office in Parrish Hall.

LOWER GRADES' SPRING FETES

The Swarthmore elementary school children and their teachers are making big plans for the activities for the close of the year. The Elementary Field Day is scheduled for May 26, a May Day for May 31, and an art exhibit June 7 to 14.

The usual Field Day will be held on the College Avenue School grounds at 9 a.m. on May 26, for grades 2 to 6, or in case of rain on May 29. This is the annual Garnet versus White, in which there are relays, games, races, tug-of-war, etc. The points were accumulated throughout the year, emphasizing sportsmanship and skill, and total points received on Field Day will be added and a cup awarded. Many parents, fathers and mothers, come out to watch this affair, and as heretofore all parents are invited. Because of the strenuous morning, there are no school classes in the afternoon. The program this year will be in charge of Alice Putnam and William Reese (physical education teachers.)

A revival of the May Day with songs and dances of many lands will be held on Wednesday, May 31, in the morning about 10 o'clock at the Rutgers Avenue School and in the afternoon about 1:30 at the College Avenue School. The theme will be "Our World Neighbors."

The children will be costumed, each grade representing a different country, and there will be a May King, May Queen and Court. The grade school orchestra will play, and there will be dances and singing by each grade. The affair will be in charge of Alice Boddgett, Alice Putnam, and all the grade school teachers.

A repetition of last year's successful art exhibit is planned for this year in the Rutgers Avenue playground. During the afternoons

of conferences the children will help Anne Jane Cleaver, art teacher, put up the exhibit, which will be on display from June 7 to 14. The series of final parent-teacher conferences of the year are scheduled for the afternoons of June 1, 2, 5, 6, 7. During these times the regular classes will be held in the morning, with classes suspended for the afternoon.

Cooperate with "CAR SAFETY MONTH"...

Join the crusade TO PREVENT ACCIDENTS!

Your Chevrolet dealer is JUNKING every unsafe car he takes in trade

May is "Car Safety Month." The 154 Chevrolet dealers in the area shown on the map are backing an idea to help cut down the accident toll.

We will junk every unsafe car and truck we take in trade during "Car Safety Month"

Of every hundred fatal traffic accidents, 13 are caused by unsafe cars. Since we are spending thousands of dollars on this project, we'll stop more than a few accidents. And save more than a few lives.

We'll turn each title back to the State, to make sure the cars can't be glued together again and sent out to stalk human prey. The cars themselves will go to the scrap heap.

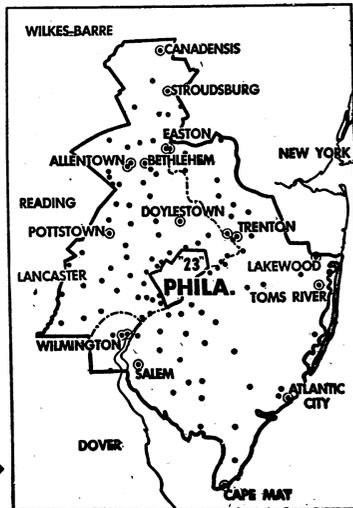

And you—be certain you do your part in this great campaign.

Have your car checked. Have it put in tip-top condition for carefree, safe spring and summer driving.

Do it now!

YOUR LOCAL CHEVROLET DEALER

The Chevrolet dealers in the entire area indicated on the map are cooperating in this important campaign.

STRIKE A Happy Note FOR YOUR FUTURE!

A decade of prosperous days have been predicted . . . a veritable decade of opportunity for America, beginning now.

The next 10 years can be glad and golden ones for enterprising men and women.

These 10 years will offer each of us, individually, a grand chance to get ahead . . . to provide for the future . . . to plan security for our old age and protection for unforeseeable emergencies.

Now, at the start of these exciting times, make sure that you'll be financially able to take advantage of the opportunities the next 10 years can bring. Make sure by beginning a plan of regular saving—by regular purchases of U. S. Savings Bonds.

Do it through either the Bond-A-Month Plan or your Payroll Savings Plan.

Remember, \$3 will get you \$4 in 10 years.

Presbyterian Choir To Present Verdi Requiem

On Tuesday evening May 16 at 8:15 p.m. the Chancel Choir of the Presbyterian Church will sing the Verdi "Requiem" under the direction of Henry Faust. The soloists will be Mary Follmer and Frances Barr, sopranos, Ruth Littleton, mezzo-soprano, Gene Bayles, tenor, Herbert Bpatty, bass.

Soloists with the exception of Miss Follmer who is well known in Swarthmore, are from the Westminster Choir College of Princeton, N.J., where Mr. Faust was graduated with a Masters Degree in 1945, and where he is now teaching voice. James Vail, assistant to Dr. Alexander McCurdy of the First Presbyterian Church of Philadelphia and a student of the Curtis Institute of Music will be guest organist.

The "Requiem" is perhaps one of the largest and best known works in this form. Its most notable performance in recent years was under the direction of Arturo Toscanini with the N.B.C. Orchestra and the Westminster Choir. At this time Mr. Faust was singing with the choir and thus had an opportunity to learn and understand the work.

The solo and Quartet sections of this "Requiem" are particularly beautiful and the blending of the solo voices and chorus is Verdi at his dramatic and melodic best.

This is the fourth special concert that has been given under the direction of Mr. Faust over the past five years and is part of the music program of the church to bring the larger and less frequently heard religious works to the people of the community. It is the first time that this work has been performed in Swarthmore.

MESSAGE TO OUR CITIZENS

On Monday, May 15, the U.S. Savings Bonds Independence Drive opens throughout the nation, continuing through the Fourth of July . . . Its symbol is the Liberty Bell, encircled by the campaign theme: Save for Your Independence . . . Buy U.S. Savings Bonds.

Through regular savings we build up reserves against misfortune and provide income for our later years, thus lessening the burden upon others . . . We accumulate funds for worthwhile purchases and investments. The buying power we store up helps to stabilize business and employment through the years.

As your burgess, I urge all who are able to help the volunteer Savings Bonds Committee of this borough reach every possible Bond buyer during the Campaign. The more we exceed our Independence Drive quota and the more we spread the habit of regular savings, through the Payroll Savings Plan or purchase of Bonds at banks and post offices, the more we shall have done for ourselves, our community and our nation.

HOW TO "MAKE A HIT"

with your Party-Line Neighbors

1. When you start to make a telephone call and find your party line in use, hang up gently and give the other person a few minutes to finish his call.
2. When, while talking, you realize that your neighbor is waiting to make a call, hang up reasonably soon and free the line.

These little courtesies are returned again and again . . . with dividends for all in good telephone service. When party-line neighbors cooperate, everybody benefits!

To the Editor, The Swarthmorean Dear Sir:

Building No. 2, in the Mary Lyon's group, now occupied by Penn State Center, will be vacated at the end of another academic year. Swarthmore College is now facing the problem of what to do with this building and others which comprise the property acquired by the College in order to provide temporary facilities to handle the post-war enrollment boom.

The College desires to dispose of this entire property, and may do so as a unit or piecemeal. A committee has been appointed, as I understand it, to study the problem.

Building No. 2, in particular, has features which would be invaluable to the community and it is my opinion that this building should be acquired if it is at all possible to do so. The building houses a very fine swimming pool, an excellent gymnasium, a large auditorium, innumerable class rooms, laboratories and other facilities. I should imagine it could not be duplicated for much less than a quarter of a million dollars, if that.

According to the lead editorial in the last issue of your paper, it is contemplated that the population of this Boro will expand by 50% within the next few years. Our schools are now overcrowded. Will we be forced to build new classrooms within a short period of time at the high construction costs of today? How would this compare with the cost of acquisition of this fine building?

How does the cost of acquisition compare with the cost of building a new Boro Hall to contain a library, a Legion room, quarters for the visiting nurses, etc? Wouldn't it be more feasible to make arrangements to purchase the Mary Lyon building No. 2 for the use of some of our Boro functions and economize in the construction of the Boro Hall?

Would it not be possible for the School Board and the Boro Council, acting together, to anticipate their future needs by purchasing this building? If not, why doesn't some organization like the Women's Club buy it and hold it so that it will not be lost to the townspeople for the future?

Let us consider what use might be made of the building at the present time:

1. Meeting rooms for American Legion, Women's Club, Girl Scouts, Brownies, Cubs, and any other organization you can think of, each to have its own permanent and individual quarters.
2. Lounge for women of the village, perhaps with overnight accommodations for visiting speakers.
3. Headquarters for the Boro library.
4. A recreation center for all ages, operated by the Swarthmore Recreation Association (golf, gym, etc).
5. A center for hobbies, arts and crafts, etc.
6. Possible use of some space for clinic or medical center or infirmary, or otherwise to promote group practice of local physicians.
7. Classrooms to accommodate public school students in those age groups where overcrowding presently exists.

No doubt imaginative readers could think of a wide variety of additional purposes this building might serve.

Is it not possible to lay plans to acquire this building between now and the time it is vacated by Penn State? Shouldn't its potentialities figure into our present plans for the construction of the new Boro Hall?

I don't know what the answer

should be, but it seems that consideration might well be given to this opportunity not only by the Boro Council but by the School Board, The Women's Club and other civic minded agencies. Very truly yours, John W. Seybold

... a "sticker" in time saves a fine... more important—IT SAVES LIVES

Each year, in Pennsylvania, almost 7,000 serious traffic accidents are caused by mechanical failure of cars. But, if Pennsylvania's figure for this type of fatality were as high as the national average, there would have been 20,000 more accidents. This means that the Pennsylvania Official Inspection system is responsible, each year, for saving more than 180 lives which would otherwise be uselessly sacrificed in traffic accidents caused by faulty equipment!

That is why the Pennsylvania Automotive Association and the Department of Revenue are holding an intensive car inspection campaign in May. Have your car inspected now. Make certain it is in safe mechanical condition for summer holiday and vacation driving. Your inspection station thoroughly checks brakes... windshield... steering... lights... horn... muffler... stop signal... windshield wiper... and, if found necessary, puts them into good working order.

Don't delay—have your car inspected in May. Let the month of May pay off in extra safety for you and your family. No car will be permitted on the highways without a current inspection sticker after July 31.

MAKE SURE YOUR CAR IS SAFE— THEN DRIVE IT SAFELY

OFFICIAL CLUB SEASON ENDED

The Inaugural Luncheon held at the Woman's Club House on Tuesday at 12:30, attended by nearly 200 members, wound up a successful club year for the first term of Mrs. Francis Forsythe's presidency.

Mrs. Forsythe read her report for the year at the annual stated meeting which followed the luncheon. Besides including reports of all chairmen briefly, she listed awards which club members had won.

This ridiculous strike is an affront to every citizen of the nation. It's not for more money. It's not because of hours. It's only for soft feather-bedding spots for additional unnecessary firemen to go along in diesel locomotives just for the ride.

PERNICIOUS ANEMIA CANNOT BE CURED Don't be misled by the quacks and charlatans who claim to cure pernicious anemia. The most contemptible person in the world is the one who will sacrifice public health, comfort, and happiness for his own financial gain. A patient having pernicious anemia is deficient in red blood cells. New red blood cells can be developed by a process with which your physician is thoroughly familiar. The process is constant and does not effect a cure. It does, however, enable the patient to complete a normal span of life. Always consult your physician in times of illness. THE WORLD MUST GOVERN ITSELF! WE HAVE Local Law for Local Affairs . State Law for State Affairs . . National Law for National Affairs . . . Why Not World Law For World Affairs? The United Nations has many functions but no power. So we are back where we were with the League of Nations. Unfortunately, league, pacts, treaties are about as enduring as a Hollywood marriage. Federation Works But there are already 9 Federal Unions in the world, each with enough strength to keep its members from warring on each other. If nations could maintain peace, we would not need to transform UN into a federation. Our military leaders say there is no defense against modern weapons. All any nation can do is to fight back and hope for a few survivors. Eisenhower, Chennault, Douglas of the Supreme Court, Finletter, U.S. Air Secretary, Stassen of Pennsylvania University are among the millions who insist on our dire need for world order and world law. Real Progress Made To-day, over 125 members of Congress and 16 states favor a world constitutional convention. 250,000 citizens of Cleveland and over half the Main Line voters have signed a petition for world government. Massachusetts and Connecticut voters have cast ballots 11 to 1 and 9 to 1 for a world federation convention. Roper estimates 63% of all voters favor world government. The task is huge. You don't write a world constitution over the week-end! But no difficulties can match the frightfulness we now face without world law. The Fatal Choice Americans must choose between absolute national sovereignty and peace. "We cannot have both," wrote Alexander Hamilton in the Federalists. World Federation involves no change in nationality. United States would give up nothing important but the right to make war. All other members would also give up that right. Pennsylvania gave up its war making sovereignty in 1789 but we still cherish Pennsylvania. Scotland gave up its right to make war over 200 years ago and the Scots are still Scotch. What is our wanted freedom? Is it freedom to die under guided missiles? Is it the freedom of cattle in the slaughter house? How To Help To regain your birthright, JOIN United World Federalists, U.W.F., largest world federation group. How much will you do or give to stay free?

LOCAL REPS AID RED CROSS PLANS

Mrs. George Karns, disaster chairman of the Swarthmore Red Cross, Mrs. William Hayes, chairman in charge of volunteer services, and Dr. Harold Roxby, medical director of the board, represented Swarthmore at a meeting of the Red Cross disaster chairmen of the Southeastern Pennsylvania Chapter's 27 branches.

A part of the American Red Cross program to strengthen its disaster services in every community in the United States, the meeting on May 10 was devoted to drafting a master plan that will make immediately available the Chapter's full resources in the event of a major catastrophe.

Plans for the rescue, evacuation, shelter and feeding of the 3,000,000 residents of the five Southeastern Pennsylvania counties, in the event of an atomic explosion, were formulated. The object of these plans is to make it possible for the disaster service to operate as a single unit in the entire 2,500-square-mile area covered by the chapters.

The new head coach is a Dartmouth avenue resident and proprietor of the hardware store on Chester road. A graduate of the college in 1933, he was appointed assistant basketball coach three years after graduation. Since that time he has served continuously on the Swarthmore physical education staff except for the years 1943-45, when he saw Navy service.

The retiring coach, appointed director of athletics last year, has guided Garnet basketball teams since 1939 and has been a member of the physical education department since graduation from Swarthmore. He is a classmate of Sipler's.

In postwar competition, Bill Stetson's basketball teams have won two championships in the Southern Division of the Middle Atlantic Conference, including the 1949-50 title.

THE REDSKINS HAD A WORD FOR IT

No. 10 in the series "Your Historical Heritage." Watch for the next in an early issue of this paper.

The language of the Indians seemed harsh and disagreeable to most early white settlers. But, to William Penn, no language in Europe "hath more sweetness and greatness" and "like shorthand in writing, one word serveth in the place of three." Undoubtedly Penn's influence prevented the substitution of English words for many of the Leni-Lenape words we use today.

Neshaminy is one of the words that "serveth" for three words. It means a single stream formed by two other streams. We still pronounce it almost precisely as Penn must have heard it from the Redskins. And also, as in Penn's time, the waters of Neshaminy Creek still "are pleasant and sweet."

It is for this reason—for the pleasantness and sweetness of Neshaminy waters—that Philadelphia Suburban Water Company maintains one of its modern filtration and pumping stations on the banks of this stream. Yes, here is good water that is made better... and safeguarded 24 hours a day to maintain the traditional wholesomeness and delicious flavor of Pure Springfield Water.

ELECTRICITY PRODUCES MORE GOODS IN LESS TIME

To-day men produce more and will produce still more in the years ahead. This fact underlies our constantly rising living standards.

In factories, as in homes and stores, more and more things are done faster and better at the snap of a switch. This greater helpfulness has brought great demands for electricity, and your neighbors who operate your electric company have it calculated for years to come.

Our long range expansion program assures plenty of power in the years ahead.

JR. CLUB HEARS TRAVEL EXPERT

Mrs. Forsythe Inaugurates New Officers At Tues. Meeting

Following the annual Mother-Daughter Banquet held at the Strath Haven Inn Tuesday evening, 35 Junior Club members and their mothers withdrew to the Woman's Club to attend a brief stated meeting and hear Elizabeth Baker, trip expert, give a talk on travel tips.

As a part of the business meeting Mrs. Francis Forsythe, president of the Woman's Club, inaugurated the following officers for next year: Nancy Hoot, president; Mrs. Daniel Johnson, vice-president; Ann Cochran, recording secretary; Jean Blakiston, treasurer. Mrs. Newell West, who was unable to attend, will be inaugurated as corresponding secretary by Miss Hoot at a later date.

With the reading of the treasurer's report by retiring treasurer Rosamund Jones, the meeting was officially closed and the group settled down to enjoy Miss Baker's travel tips.

The trip expert, who is women's travel representative of the Shell Oil Touring Service, advocated systematic saving, year-round planning and observance of money and time-saving tips as the three steps to increased motoring enjoyment. Through a special "Vacation Insurance Policy," Miss Baker showed club members how the maximum pleasure in vacationing could be attained.

The need for a vacation was emphasized throughout her talk. To prove her point, Miss Baker remarked that "the average homemaker works 3,850 hours a year, and the average business man spends 2,000 hours annually on his job—not counting all the extra work he does at home."

Hostesses for the occasion were Mrs. Joseph H. Perkins of Cedar lane, and Mrs. George Stull of Media, and Mrs. John Sloatman.

Dean Everett Hunt of Swarthmore College was a resource leader for the third of a series of faculty conferences designed to assist in the further development of the unique educational program at Transylvania College, Lexington, Ky Monday and Tuesday.

The subject was "Honors Work" as now being utilized in some institutions and the form such a program at Transylvania should take.

H.S. VOICES LIFT IN SPRING SONG

The Annual Spring Choral Festival of the high school was heard with delight and approval Friday night, May 12, by admirers who crowded Clothier Memorial. Verses by Noble Cain keyed the grouping of the program and were read as introduction by Dolores Roeth who served as narrator throughout the evening.

The Chorus-presented soloists Ruth Woodard, pianist, and Mary Lecron, soprano, were impressively talented and earned ovations of considerable warmth. Mrs. Blanche Hunter Nelson accompanied Ruth. Chorus Director Alice E. Blodgett accompanied Mary.

Soloists with the Chorus, Donald Fetherolf and Samuel Lewis added stature and pleasure to the evening. The Chorus was in excellent voice and true pitch and sang with unity and enthusiasm under the contagious direction of Miss Blodgett. The program had wide scope in technical difficulty and in character of the compositions selected. From the Hallelujah Chorus of Handel to the Younger

Generation by Copland is a span, and an enjoyable one, with Miss Blodgett as maestro.

The Junior High Girls' Glee Club was received enthusiastically in five numbers, the first featuring graceful dancers Molly Banks, Barbara Cabots, Polly Emery Penny Morrow and the last, the lilting melodious Crawdad Song being repeated by applause request.

The two numbers Birthday and Let's Dance, sung by the girls of the Senior Chorus were very popular and the Chopsticks variations drew demands for a repeat.

The Boy's Chorus is annually a high spot with suspense mounting until medley is heard. This year's medley proved highly entertaining and surprising, with nicely spotted solo interpolations and a delightful accompaniment by Miss Blodgett. It included such old favorites as Sentimental Journey, K-K-K-ity, Board Walk in Atlantic City, Ain't Misbehavin', Pop-Eye the Sailor Man, By the Light of the Silvery Moon, I Love You Truly, In the Gloaming, Baby Face, Brush Your Teeth With Colgate, Old Black Joe, Chloe, Show Me the

Way to Go Home, That Old Gang of Mine, That Lonesome Feeling, You're Driving Me Crazy, Bromo Seltzer. Some mention must be made of the desperate moaning as Old Jonah Whaled away.

Margaret Croco and Barbara Shipherd were the proficient accompanists.

County Nurse Honored

Dorothy Mae Sidner, Delaware County public health nurse, was awarded a \$500 U.S. Savings Bond by the Walter E. Hering Foundation of Hahnemann Medical College and Hospital for her public health work and her efforts in establishing and organizing a well-baby clinic in Woodlyn, Ridley Township.

The award was made Tuesday at a luncheon meeting held in Philadelphia.

Mr. and Mrs. Donald W. Poole of North Swarthmore avenue entertained at a dinner party for out-of-town guests on Friday evening.

Miss Alice Craemer of Harvard avenue entertained at a luncheon

for 12 guests at her home Saturday in honor of her sister Miss Helen Craemer whose marriage to

Mr. Howell Staley of Camden, N.J., will take place June 17 in the Swarthmore Presbyterian Church.

Registration For Summer Recreation To Be June 5, 6

Registration for the Swarthmore Recreation Association's summer program will be held on Monday and Tuesday, June 5 and 6, according to Dr. Ned B. Williams, president. The hours for registration are from 12 noon to four p.m. on both days, and enrollment may be entered at either of two locations: the playground of the Rutgers Avenue School or the hall in front of the auditorium in the High School building.

The pre-school and primary groups will again be under the supervision of Mrs. J. Francis Taylor and her staff of trained leaders. From 9 a.m. until 11:45 a.m., Monday through Friday, for six weeks beginning June 19, the Rutgers Avenue school and playground will accommodate the activities of these groups. The pre-school group will include subdivisions for three, four and five. Any child who will reach his third birthday by September 1 of this year is eligible for admission.

G. BAKER THOMPSON

BID FAREWELL TO THOMPSON

Students Pay Tribute To Retiring H.S. Principal

Wednesday morning at a special assembly of the entire high school body, called by the Student Government Association, students of Swarthmore honored their retiring high school principal, George Baker Thompson.

When the students had filed into the auditorium, to the martial strains of the school band, the program opened with a religious anthem by the Chorus.

Speakers were Dick McCray president of the graduating class, Jane Allen secretary of Cabinet, and Don Dickinson president of last year's Cabinet. A presentation of luggage and a certificate was made to Mr. Thompson by Raymond Denworth present head of Cabinet.

As Mr. Thompson made his way to the rostrum the students arose and sang "For He's a Jolly Good Fellow". After his address, the Chorus sang the favorite school song "Spirit of Youth".

The climax of the program was reached when, standing the assembly accompanied by the band sang the school alma mater "For our principal".

Mr. Thompson who recently accepted a county post, has been with the Swarthmore schools since 1931 when he came as a social studies teacher. In 1940 he became principal and has served in that capacity until the present time. The students and faculty feel his leaving is a great loss to the local high school.

Show Practical Arts
The Swarthmore High School Practical Arts Exhibit will be held on Friday, June 2, at 7:30 p. m. in the high school. The "open house" will be sponsored by the Industrial Arts, Home Economics and Art Departments. Student hostesses will act as guides directing visitors to the various exhibits.

The highlights of the evening will be a fashion show presented by the Clothing Classes of the junior and senior high school. Gifts, made by the students in the different departments, will be given to six lucky ticket holders after the fashion show.

This is an excellent opportunity for parents to see the splendid work done by the students in the special fields of training.

BAND-ORCHESTRA DINNER TONIGHT

Varsity, Non-athletic Letters To Be Awarded Mon.

The high school activities organizations are entering upon the banquet season, evidenced by two important dinners that are to be held in the near future.

The first of these, held tonight in the school cafeteria, is the Band and Orchestra dinner, provided by the parents for all members of the instrumental music organizations. The highlight of the evening will be the award of pins to members of the Band who have served during their senior high school years. Following this there will be entertainment in the auditorium, to which all children of the school are invited.

Next Monday evening, May 29, also in the school cafeteria, there will be held the Letter Banquet. All students of the school who have won varsity letters or non-athletic letters or who will be entitled to receive them, are eligible to attend. This affair usually draws a hundred ten to a hundred twenty-five students. The letters for spring sports will be presented by the coaches of the various sports, and the letters for non-athletic participation will be presented by the principal of the high school, G. Baker Thompson.

Food for the Letter Banquet will be prepared by the cafeteria staff of the high school.

In 1938-39, he was a research assistant in the Harvard Business School, later serving there as an instructor.

Appointed Controller and Assistant Professor of Business Administration at Saint Lawrence in 1941, he has worked there continuously since that time, having been made a full professor in 1947.

Mrs. Edward A. Jenkins of North Chester road visited her daughter Mrs. William M. Blaisdell of Arlington, Va., for 10 days. Mr. Jenkins and daughter Mrs. W. H. Elsbree of Wallingford Hills motored to Arlington Wednesday and were accompanied home by Mrs. Jenkins.

S.R.A. Program To Open June 19th

(Continued from page one)

Children of all ages who have completed the third grade are eligible for admission to the summer club, which is under the supervision of Theodore Furnell and his staff. The summer club which also runs for six weeks, beginning June 19, in the mornings, Monday through Friday, will meet at the College Avenue school and playground. Children will receive instruction and have a chance to participate in tennis, softball, volleyball, croquet, table tennis and many other sports. In addition, handicrafts will be taught and, for the first time, sewing will be available to the girls. As was the case last year, Friday will be the big "special events" day for summer clubbers.

League baseball will again be under the supervision of Russell Snyder and two other coaches. Three teams, consisting of boys from eight years up, will compete in the Eastern Delaware County League. Competition begins early in June and continues throughout the summer. Although in past years baseball practice has been held in the afternoons, as an experiment, this year, practice will be held in the mornings and will be coordinated with the summer club program so that boys may register for one or more summer club activities, play league baseball, and still have afternoons free for other pursuits.

The Association hopes to be able to make arrangements with Penn State Center so that swimming and swimming instructions will be available through the facilities of the Duck Club in the afternoons and Saturday morning. Information on this subject will be available by next week.

Fees for the entire program are as low as can be established in view of the quantity of instruction and equipment required. The cost is met by fees and by contributions from Borough Council and the School Board. The fees, which are payable at the time of registration, will be set forth in detail in an ad which will appear in the next issue of The Swarthmorean, as well as in a flyer which will be distributed through the schools on Friday, May 26.

If anyone wishes to make a contribution to help in the support of the Recreation Association's activities, particularly in view of the narrow margin for the operations of this season, he may do so at the time of registration, or by mailing a check to Swarthmore Recreation Association, in care of John Moxey, treasurer or Ned B. Williams, president.

Bryan Clymer, son of Mr. and Mrs. Howard J. Clymer of Park avenue celebrated his third birthday by entertaining eight of his friends at a party last Tuesday afternoon.

Mary Decrouez and Polly Told of Park avenue held open house at the Decrouez home, Ogden avenue and Walnut lane, for the Swarthmore High School Chorus following the concert.

Miss Nancy Hoot of Lafayette avenue has returned after a week's visit with Mr. and Mrs. William Carnalis of Spring Meadow Farm, West Chester.

Mrs. Robert B. Clothier of Columbia avenue entertained at a tea at her home.

BOYS LACROSSE UNDEFEATED

The boys' lacrosse team completed a fine season as they defeated Drexel JV's 6-0. The spirited defensive play stood out as in all other games throughout the season.

Led by Captain Ford, the team on attack with 17 goals from the breeze through all opposition

with little difficulty. Lower Merion High School was defeated 8-4 and 7-3; Penn Fresh 8-4; Swarthmore College J.V. 13-1 and 6-3. Several experienced seniors formed the nucleus of this fine team but the greatest achievement was the manner in which the young 9th and 10th graders filled in and played top-notch varsity ball.

John Snape was the siege gun on attack with 17 goals from the mid-field spot; big Bill McHenry

with 10 goals was a "bull" in front of the goal, working with Captain Ford, who also scored 10 goals. Bill McHenry also scored. Dick McCray and John Tyler round out the starting seniors. Particularly outstanding all year was the alert defensive play of Dick McCray, and the courageous goal tending of John Tyler. Captain Ford's all-around play on attack and defense was a continual inspiration to his teammates.

Soph Clem Malin and freshman George Allen each scored 3 goals from their varsity mid-field positions. Other key members of the starting team were Phil Hummer and Dick McCormack on defense. These boys were backed up by John Chapman, Larry Franck, John Pearson, and Jim Schmidt. Their tremendous improvement throughout the season made them an asset to the team.

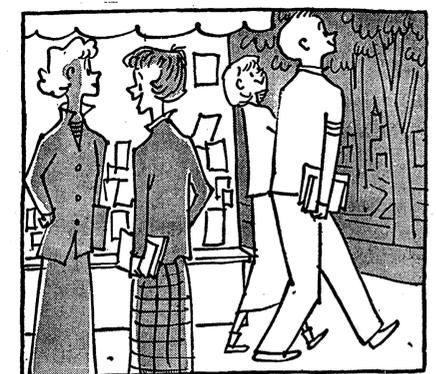

Additional members of the team who saw action throughout the season were Len Thomsen, one goal; Don MacElwae, one goal; Bob Lang, one goal; Howard Shearer, one goal; Eddie Harris and Bob Terry.

Fred Shoyer was manager and did an outstanding job all season.

We're putting the titles to these cars out of circulation. That way, we make certain that the cars can't be slapped together again and sent out to spray death over the highways. It's the cheap heap for them!

HOW TO BE A "GOOD EGG" On Party-Line Telephones

WHEN YOU PLAY FAIR with your party-line neighbors... it pays dividends! They'll return your courtesies, and everybody on the line will get better service.

Here are two suggestions:

On finding the line in use, hang up gently and give the other person a few minutes to finish his call. And when, while talking, you realize that your neighbor is waiting to make a call, hang up in a few minutes and free the line.

Easy, isn't it? Yet these little courtesies mark you as a "good egg" on the party line... one who deserves fair treatment in return.

Summer Music Program In Swarthmore

The Swarthmore Board of School Directors has again authorized a six weeks Summer music program under the direction of Robert M. Holm. Instruction will be offered during the mornings between 8:30 and 12:30 Monday through Friday.

Registration will be held at the High School on Monday June 19 between 9 and 10 o'clock and students from fourth grade up are eligible. In addition to individual instrumental instruction for beginners the program will include a summer band, harmony theory

class, and smaller ensembles. Mr. Holm emphasizes that the offerings will be flexible and will be adjusted to meet the needs expressed by the registrants in so far as possible. There will be no charge and instruments, particularly strings, will be available on a loan basis.

Parents planning vacation activities will probably want to consider the fact that this work will begin Monday after school closes and will continue through July 28. Pupils will be required to attend only the activities that they sign up for and often times this involves only a 30 minute period about twice a week.

The Shape of Things to Come!

These are "the shape of things to come" on every road you travel by car. These shapes can shape your destiny—for the care with which you pay attention to them will prolong your life. These shapes are the road signs that blueprint a travelogue of SAFETY.

SQUARE SIGNS MEAN CAUTION. Be extra careful when you see one. They contain such warnings as: Side roads. Cross roads. School crossings. Soft shoulders. Slippery when wet. Loose stone. Fresh tar. Fresh oil. Road work.

DIAMOND-SHAPED SIGNS MEAN "SLOW DOWN." They mark stretches of road where you must drive slowly to be a safe driver. They

show by words or diagrams: Degree of curves and direction of curves in road. Hairpin turns. Roads that dead-end to form "T" or "Y" intersections. Winding road. Hill. One-lane bridge. Narrow road. Stop sign ahead.

RECTANGULAR SIGNS DIRECT TRAFFIC. They tell you the correct and safe way to drive in heavy-traffic areas. They show: Speed limits. Keep right and keep left lanes. No turn zones. Single line lanes. One way streets. Direction in which you are permitted to turn. No parking areas. Directions and time limitations in areas where parking is permitted. Passing zones.

ROUND SIGNS SHOW RAILROAD CROSSINGS. Stop, look and listen.

OCTAGON SIGNS MEAN STOP. They tell you that you must come to a complete halt. They usually mark a side road where it joins a through-traffic highway. Stop—make certain you can turn into—or cross—the through highway safely—then proceed.

Learning and obeying the "Sign Language" of safety is the *proved* way to minimize traffic accidents, and is the sign of a careful, courteous driver.

This message in the interest of highway safety is one of a series prepared and disseminated by the Pennsylvania Newspaper Publishers' Association and the Pennsylvania Department of Revenue.

College Events May Be Heard Over WSRN

SRN the student radio station at Swarthmore College is considering establishing a frequency modulation station to give to the community within a ten mile radius the possibility of listening to Cooper Foundation programs, lectures and special events, music from the Senator Bronson Cutting Collection of classical records and possibly some athletic contests. Since the campus is already covered by the regular AM station which carries the programs to every building, the whole project of FM broadcasting would be in the nature of a community service. For that reason recently a questionnaire and request for funds was sent out to learn community sentiment on the venture.

This proposed educational station could carry no advertising so it would not have the usual method of support. The quality of reception would be that of the regular FM bands. The programs however, would be limited to the time college is in session and, at the start, to afternoon playing of recorded music coming from the Cutting Collection and, except for special events, the same in the evening. The college station has often had its special programs used by commercial stations. Through WSRN facilities WVCH will give a special broadcast of an original radio play written and produced by Dr. Henry Gleitman of the faculty entitled "Angel Out of Patience" and will be heard on Saturday, June 3, at 4:30. The commencement address of Thomas McCabe will also be heard June 12 through the same facilities. Kenneth Kurts student manager of the station will be glad to give further information about this project.

Mrs. Raymond G. Clapp of Cleveland, Ohio is visiting her daughter Mrs. Dennison Bancroft and family of Harvard avenue until June and will then accompany them to South Brooksville, Me., for the summer.

Dr. and Mrs. Walter A. Moir of South Chester road entertain at their week-end guests Mrs. John A. Moir and small daughters Nancy and Martha of Cape May Court House, N. J.

Seek Cribs For Blind Babies

The Swarthmore Alumnae Association of Delta Gamma is making an appeal for ten second-hand cribs which are needed by the Overbrook School for the Blind. The cribs are to be used for three 12-day summer sessions in July and August when ten mothers and their blind babies, under three years of age, will be in residence at the school. The summer sessions were instituted experimentally last summer to assist mothers of sightless children to deal with the problems of training their babies to walk, feed themselves and become independent and active children at as early an age as possible.

The School desires the cribs as

gifts rather than loans. Contributions of money toward the purchase of a used crib would also be most welcome. Mrs. J. David Jackson, 215 Vassar avenue (telephone Swarthmore 6-3826) is in charge of receiving cribs and donations.

Tennis Club Opens Tomorrow

Through the courtesy of the College the Swarthmore Tennis Club is permitted to begin play on the College avenue courts this Saturday, May 27. Members are expected to relinquish courts to students until College closes.

Newly elected officers of the Tennis Club are Curtis Wallin, president; William Johnson, secretary-treasurer; and Ben Palmer, chairman of courts.

Delta Gamma Hostess
