Bishop William P. Remington, Bishop Suffragan of Pennsylvania, conducted the Service of Institution of the Rev. H. Lawrence Whittemore, Jr., as Rector of Trinity Episcopal Church, Tuesday evening, October 3. He was assisted in the service by the Rev. Dr. Charles H. Long, secretary of the Diocese.

Also in the Chancel were the Rev. Richard T. Lyford, Rector of St. Asaph's Church, Bala Cynwyd, and Dean of the Convocation of Chester, and Dean Frank D. Gifford of the Philadelphia Divinity School, who was in charge of the Parish for several weeks last spring.

Rev. Whittemore was welcomed by his congregation at a reception which followed the Service of Institution immediately in the Sunday School room. Arrangements were in charge of the Women's Auxiliary of Trinity Church.

YOUNG MOTHERS IN FIRST MEET

Rev. Browne To Talk On
Korea; Mrs. Schmidt
To Sing

The Young Mothers' Club will combine its welcome to new members with a timely lecture and musical interlude on Thursday, October 12, at 8 p.m. The annual welcome tea must be forfeited because of behind schedule alterations to the Woman's Club.

Before the address Mrs. Richard Schmidt will sing to the accompaniment of Mrs. Albert Gwinn. Mrs. Schmidt's vocal accomplishments are well known through her activities at the Swarthmore Presbyterian Church. The Rev. Francis Browne, pastor of the Folsom Presbyterian Church will discuss the topic "As Korea Was", a timely consideration. Rev. Browne's youth was spent in Korea where his parents were missionaries. A recent speaker before the Rotary Club, he also gave a talk to the High School faculty, and proved highly stimulating to both groups.

A regular business meeting will be held. The membership committee will act as hostesses to the new members. A social period will provide opportunity for renewing club contact and friendships.

Mrs. Albert Van Houtten, vice-president and program chairman, has lined up an enticing series of meetings. A splendid year of learning and entertainment is ahead for all members, old and new, and it is hoped that none will miss the first gathering.

Canine Psychologist
Speaks Here

Monday, October 16, under the joint sponsorship of that club and the Great Dane Club of Pennsylvania. COUNCIL MOURNS DOG SITUATION

Bids For New Borough
Building To Be Out
In November

Borough dogs, gallivanting freely over the shady streets and fair lawns of Swarthmore, were once again under serious discussion at the October meeting of Council last Monday night.

Convening in Borough Hall, the seven members faced a pile of letters attesting to the dog population's apparent decision to expand its home territory from individual lawns and doorsteps to the very limits and that, in a most undemocratic manner it is taking over the town. In desperation Council considered defensive measures, and unhappily debated the advisability of employing a one-man army in the guise of a dog-catcher, but the matter was temporarily shelved, pending further developments.

Also under discussion Monday was the new Borough Hall. George Ewing, Borough Architect, reported that specifications for the building would be ready at the time of the November meeting for the advertising of bids, such bids to be opened in December.

Council passed an ordinance providing for the advertising of a bond issue in the amount of \$280,000 to take care of the new building and the sewer project in addition to the ordinance ratifying the purchase of the Kistler lot.

Plans submitted by the Yale-Swarthmore Realty Company for extending Haverford place from Drexel road to Yale avenue were accepted subject to approval of solicitor Clarence G. Myers.

Community Committee Considers Youth Needs

A community committee of youth leaders met Sunday afternoon in the minister's study at the Swarthmore Presbyterian Church parish house to discuss means by which the youth activities of the borough could be coordinated more effectively. Present at the meeting were Mrs. Oliver Rogers and Theodore Purnell representing the Girl Scouts and Boy Scouts respectively; Robert L. Amsden of the Swarthmore High School; the Reverend Dr. Roy Keiser, the Rev. Mr. Joseph Bishop and the Rev. Mr. H. Lawrence Whittemore, Jr. of the Swarthmore Methodist Church, Swarthmore Presbyterian Church, and the Trinity Episcopal Church respectively.

It was agreed that all youth agencies and all other groups and individuals planning activities for young people be asked to cooperate in the more effective use of The SWARTHMOREAN office as a clearing house to register dates and times of day for all youth meetings and activities. Leaders and program chairmen are invited to call SW 6-0900 or SW 6-1833 to find out if desired dates are open. The Swarthmorean office should be advised when activities are definitely planned. Needed also is information regarding the nature and scope of the program or meeting and the name and telephone number of the person in charge.

At the meeting Sunday plans were discussed relative to the increase and better coordination of religious work for young people of college age both on and off the local campuses.

Tentative arrangements were (Continued on page eight)

GARNETS TAKE SEASON'S FIRST

Face Mustangs On
Media Field
Today

The Garnet footballers won their first game of the 1950 season last Friday at Nether Providence. It was a nip and tuck battle with both teams showing great offensive strength in spots.

Nether Providence took the kick off and reeled off two first downs before the Garnet gridgers could adjust their defenses. In so doing the Blue and Gold was forced to kick and Swarthmore started its first offensive on its own 35. From the very beginning it was evident that it would be a tough, hard fought ball game as the Swarthmore offense had much difficulty getting underway. The Bulldogs were employing a confusing defense and were displaying that same high spirit that is typical of all Swarthmore-Nether Providence games. The game saw-sawed back and forth between the 20 (Continued on page eight)

PI PHI'S SEEK SCHOOL FUND

Annual Pre-Season
Event Set For
Oct. 12

The annual Settlement Sale and Tea of the Delaware County Alumnae of Pi Beta Phi Fraternity will be held at the home of Mrs. William S. Evans, 518 Cedar lane, on Thursday, October 12, from 2 until 5 p.m. and again from 7 until 9 p.m. Proceeds will go to the Pi Beta Phi Settlement School, Gatlinburg, Tenn.

Pi Beta Phi, founded in 1867, the first national fraternity for women started the school as a memorial to its founders and sent a teacher in 1912 to take over a class of 13 pupils at the end of the three months term offered by the county. The present enrollment is over 500. People of Gatlinburg were descendants of pure Anglo-Saxon stock pioneers who had settled in this mountain area and remained isolated from the world because of its inaccessibility. Their children attend the school and weave the products which may be seen Thursday.

The county provides teachers to meet basic educational requirements. Pi Phi furnishes the Arts and Crafts, Shop, Physical Education, Health, and Music teachers to enrich the curriculum. There is no other school in the county. (Continued on page seven)

Precede School
Principal

Robert L. Amsden, new principal of the Swarthmore High School, will address the Woman's Club at the clubhouse on October 10 following the 2 p.m. Stated Meeting. Mr. Amsden is a widely traveled teacher and educator with degrees from the University of Michigan and Teachers College of Columbia. He has also had some summer study at Harvard.

Besides teaching in various sections of this country including Phoenix, Kansas City, Detroit and Port Jervis, he was supervising principal for the American Grammar and High Schools of Ward College at Buenos Aires in the Argentine. His work there and his wide travels abroad will color his talk.

DEADLINE—WEDNESDAY NOON
SWARTHMORE, PA., FRIDAY, OCTOBER 6, 1950

PLEASE, PLEASE, PLEASE!

As the fall season for Swarthmore's many and varied organizations begins, The Swarthmorean reminds each of the Community Calendar which is kept in its office and the service which it has given since 1939 as a clearing center for meeting dates.

Organizations which have faithfully recorded their meeting dates well in advance and which have been careful to clear dates before setting any have found it extremely useful in the past 10 years. Moreover they have added greatly to the community order and to the happy feeling between groups which are not constantly nullifying each other's good works by conflicting schedules.

Community thanks have been earned by the Women's Club, the public schools and three of the local churches which have faithfully used the Calendar in an earnest endeavor to avoid disastrous conflicts in programs which often draw from overlapping groups of residents. Other organizations have used the Calendar sporadically, but always to advantage. The difficulty in this endeavor is that found universally, the uncooperative group can wreck achievement. The most orderly attempt by many organizations to aid each other in this manner and to achieve a cooperative Calendar is completely set at naught by others which casually set their dates without clearing or registration. Often this failure has been due to a new administration which "backs" into the use of the Community Calendar by hard experience through ignorance of its function. But the resultant damage to groups whose dates were long registered is unfair and unnecessary.

The Swarthmorean earnestly requests the cooperation of every organization in the Borough in this attempt to avoid waste and disappointment. Even though the group expected may be a small one, some person whose presence may be especially desired or who may very much wish to attend may be unable to do so because of another meeting at the same time. All program chairmen in the Borough know the effort, detail, and expense involved in setting up a constructive schedule. They know, too, how futile a date conflict can make all advance preparation. Committees working to raise benefit funds have learned to their sorrow that two simultaneous such affairs cut the proceeds greatly. Proof of this fact is to be found by the Community Calendars of many years on which the various rummage sales, exchanges, benefits have cleared and registered their dates with impressive regularity.

It's very easy to do. Just dial SW 6-0900 or SW 6-1833, and ask for the Community Calendar.

SCOUT TROOPS MEET MONDAY

Overnight Encampment Planned For School Holiday

Brownie troops 225, 286, and 95 held a joint meeting on Monday at Rutgers Avenue school. Troop 95 has planned a Snoop Hike for next Monday. The hike is being arranged by its leader, Mrs. William McClarin, and her assistant, Mrs. Joseph Moran, Jr.

Scout Troop 269 will meet for the first time next Tuesday in the basement room of the Trinity Church. Mrs. Jack McWilliams will be acting leader until Mrs. Laura Renshaw, new troop leader, can start her work with girls later this fall.

The meeting of Scout Troop 16 was filled with excitement this week as the girls laid plans for an overnight hike, a Halloween party, and a money-raising plastic party. The overnight encampment is planned for October 18 and 17, school holidays, at Indian Orchard. The girls will leave Monday morning by car, accompanied by their

leader, Mrs. Walter Magee, and Mrs. James Taylor, leader of Troop 83. Taking advantage of the woods surrounding the camp site the troop plans to have a nature hike Monday afternoon.

Around their evening campfire these truly "busy bees" will make definite plans and arrangements for their troop Halloween party to be held at the Girl Scout house, October 30. Tentative plans have been made by the troop committee for a fund raising event in the nature of a plastic party scheduled for October 27 in the Presbyterian Church. This will be the only fund raising event of the year and parents and friends of scouting are invited to keep the time, place, and date in mind.

In keeping with the Girl Scout policy of community service several girls from Troop 16 have volunteered to serve as baby sitters for children of mothers attending a first grade mother's meeting next Tuesday, October 10, at the College avenue school.

To Entertain P. E. O.

Chapter P of P.E.O. will entertain the P.E.O. Chapters of the Philadelphia area and Wilmington, Del., at a tea from 2 to 5 today at the home of Mrs. Frank G. Keenen of Harvard avenue.

State LWV To Support Repeal of Oleo Laws

Mrs. J. Burrus West, president of the League of Women Voters of Swarthmore presided at a meeting of the Board held on Tuesday, October 3, at the home of Mrs. Henry A. Piper.

Mrs. A. Norman Hixson, chairman of legislation, pointed out that the League of Women Voters of Pennsylvania will support a bill repealing the present restrictive oleo-margarine laws. This bill will almost certainly be introduced in the 1951 session of the General Assembly at Harrisburg.

Legislation removing Federal taxes on margarine became effective as of July 1, of this year. Pennsylvania, however, not only retains the state tax but prohibits the sale of colored margarine. Neighboring states no longer continue these restrictions.

Mrs. G. H. Nicholas, third vice-president of the State League, has said, "Homemakers in this State will only be able to purchase margarine tax free and colored at the source of manufacture when enough consumers impress the Pennsylvania State Legislature that they are insistent on the repeal of this antiquated law."

Other members attending the Board Meeting were Mrs. Melvin C. Molstad, first vice-president, Mrs. Thomas W. Hopper, recording secretary; Mrs. Oliver E. Rodgers, treasurer; Mrs. William B. Pegrum, chairman of program; Mrs. S. M. Viele, chairman of Finance; Mrs. Roderick Firth, chairman of membership; Mrs. Carl T. Chase, chairman of international relations; Mrs. James E. Davis, chairman of education; Mrs. H. W. Goodwin, Chairman of Publicity.

In Paris Conference

Dr. and Mrs. John Bowditch 3rd, son and daughter-in-law of Mr. and Mrs. Bowditch, Jr., of Cedar Lane, arrived in Swarthmore recently from a three months stay in France.

Mrs. Bowditch, as one of two delegates from the United States, attended the conference of the World Federation for Mental Health held in Paris the last of August. At the same time Dr. Bowditch attended the International Historical Society Meeting, also in Paris.

Following their plane trip home, Dr. and Mrs. Bowditch visited Dr. and Mrs. F. J. Weyl and little daughters of Washington, D. C. and Mr. Willis Henry Bowditch and family in Virginia. They returned to Swarthmore before leaving last week for the University of Minnesota where Dr. Bowditch is assistant professor of history.

Mr. and Mrs. W. W. Woodroof of Meeting House Lane, Springfield entertained at a dinner party Friday evening in honor of their week-end guests Mr. and Mrs. L. J. V. Lindberg of Pittsburgh.

Amaden Speaks At Club
(Continued from page one)
Dr. Frank Aydelotte, former president of Swarthmore College, once described Swarthmore as the home of happy dogs and contented children. However, controversies on the dog-human question seem always good fodder here and whether it is the dogs, dog owners, or non dog-loving neighbors who are in greatest need of psychoanalysis is an opinion which varies according to which of these groups one consults.

Disclaiming any relations with Freud, psychoanalysis or psychiatry Dr. Harbison has studied bad behavior problems in dogs (and owners) for many years. He has presented "rehabilitated" misfits of the canine world before conventions of groups like the American Veterinary Medical Association and given fascinating accounts of the means by which he changes these "bad dogs into "good" dogs.

Dr. Harbison was the first president of the National Dog Writers Association and served as such for six years, until 1942. He is president of the Westchester County SPCA.

The meeting is open to the public and its sponsors hope pet owners of this area, both adult and older children, will receive beneficial advice from hearing Dr. Harbison's theories and watching the reactions of the two dogs he uses as demonstrators.

In addition to the school, Pi Phi operates a health center with a qualified registered nurse whose work includes community nursing, public health instruction in hygiene and home nursing, regular health inspection and inoculations in the Pi Phi school, three rural schools, and a weekly baby clinic. She is also on call for emergency treatment and works in close cooperation with the local physician and county and state health departments. There is no hospital in the county.

Craft articles produced under the supervision of and marketed through the fraternity's Arrowcraft Shop in Gatlinburg help an average of 100 families a year. Handmade products range from fine linen and woolen articles to handbags and fireplace brooms.

The entire line of samples will be on view and orders will be taken. Pi Phi chapters and alumnae clubs in the United States and Canada hold similar sales to support this project.

Mrs. James H. Hornaday is in charge of sales with Marion Baker, Mrs. Gordon Meador, Mrs. William Huey, and Mrs. William Turner assisting. Mrs. C. W. Lukens, Mrs. Jack Thompson, and Mrs. Edwin W. Crosby will be the tea hostesses.

BORO UPHOLDS ANTI-NOISE LAW
Ordinance 363 Upsets Earle's Political Meeting

Swarthmore was in the limelight last week because of police action toward enforcing the Borough's Anti-noise Ordinance. This Ordinance (No. 363, approved January 16, 1935) prohibits unnecessary noise in general, and the unnecessary use of horns, sirens or other mechanical instruments in particular, under circumstances which unnecessarily disturb the peace and quiet of the neighborhood.

Last week the police cautioned the operators of a sound truck which had started to operate through the Borough streets announcing a meeting at the railroad station to be held on behalf of the candidacy of Hubert P. Earle, who is a candidate for Congress from Delaware County on the Democratic ticket, seeking the office now held by Benjamin F. James of Villanova, Pennsylvania, Republican incumbent. The police at the time were under the impression that the Ordinance prohibited use of sound trucks, or amplifying devices at any time or place within the Borough, and as a result the meeting of October 5th at the railroad station proceeded (Continued on page eight)

WOMEN TO HEAR TIMELY REPORT
Mass Communications Expert To Address Woman's Club

S. Franklin Mack, vice-president of the Protestant Film Commission, and chairman of the sub-committee on radio of the Committee on Cooperation in Latin America, will address the Woman's Club on Tuesday.

A recognized authority on the educational use of pictures and radio for mass communication, Mr. Mack speaks under the sponsorship of Mrs. Donald L. Hibbard, chairman of Motion Pictures. His timely topic will be "Significant Developments in Mass Communication."

As chairman of a team of three, Mr. Mack recently completed a three months around-the-world Audio Visual Survey, with "on the spot" tape recordings made en route in China, India and other countries of the Orient and Near East. The findings of the survey are the basis of a program of mass education in which the protestant mission boards will invest three quarters of a million dollars in the next few years.

Born in Allegheny on May 2, 1888 Mr. Lappe graduated from Shady Side Academy, Pittsburgh and then attended Carnegie Technical School and Hall's Business College in that city. Later he graduated from Pace's Institute, Washington, D. C.

In November of 1913 he married Ruth T. Hicks in Pittsburgh and established a home in Washington. In 1930 he moved to Swarthmore after a brief interval of residence in Philadelphia. After 5 years at 418 Park avenue he purchased the house on Yale avenue. Mrs. Lappe died in July, 1948.

Mr. Lappe retired last July after over 32 years with the United States Internal Revenue Department. On August 31 he was presented with the Albert Gallatin Award for outstanding service with the treasury Department.

Mr. Lappe was a member of the Swarthmore Presbyterian Church, the Swarthmore Fire and Protective Association with which he had been active until his illness, and for many years played bridge regularly with the Swarthmore Bridge Club. Both he and his wife were ardent gardeners and exhibited many blossoms in local flower shows.

Surviving are two sons Eugene C. Jr., and Richard A., both of the Yale avenue address.

Interment was in the family burial plot at Homewood cemetery, Pittsburgh.

DOG AUTHORITY AT CLUB ON 16TH

Everyone in Swarthmore and vicinity with a dog problem is invited to bring it (the problem not the dog) to Dr. Clarence E. Harbison at the Swarthmore Woman's Club next Monday evening at 8 o'clock.

Dr. Harbison who is coming to Swarthmore under the joint auspices of the Woman's Club and the Great Dane Club of Pennsylvania, has devoted a lifetime to the study, breeding, training and care of dogs. Starting with a kennel in Maryland in 1923 he later appeared on the stage with trained dogs, managed kennel clubs, pioneered obedience training in the United States, and battled unjust and discriminatory dog legislation. The author of a book "Our Dogs" he was also kennel editor of Vogue and House and Garden magazines from 1928 to 1943. He has lectured at colleges and given coast to coast broadcasts on dog phobias, complexes and fixations.

URGES WOMEN TO BACK SCHOOLS
Amsden Points To Specific Local Needs

The minds of members of the Woman's Club were challenged and stretched by the courageous and provocative address delivered Tuesday afternoon by the Principal of Swarthmore High School, Robert L. Amsden. Mrs. John M. Pearson, chairman of Education, was in charge of the meeting.

Aware of his keynoting opportunity as the first speaker in the club year, Mr. Amsden urged as the theme of the thought and work by organized women of Swarthmore "improving opportunities for our children and youth".

Commenting on his first impressions of the community, he said, "Both Mrs. Amsden and I have been so impressed with its lovely physical appearance, the many evidences of kindness and hospitality, the genuine warmth which seems to characterize the people of Swarthmore. I have been started and delighted by what seems to me an independence of character and thought. I haven't been disagreed with so often in my own field of study and work since I began teaching.

"My impression is that Swarthmore is probably one of the relatively few villages in these entire United States that is really able to have the kind of education it wants for its children. It has the wealth, and most important, it has the intelligence and vision and know-how to implement its desires.

"What are the outcomes we really want? We want them to develop and retain good physical and mental health; to develop a high degree of competence in using basic school tools; to learn how to deal with new problems that, is, to think; to develop skills and attitudes which will permit them to work effectively with other people; to be realistic in their self-understanding.

"We want our children's aesthetic tastes tempered and broadened; we want their speech and behavior to be guided by high ethical standards and by the growing awareness of their spiritual nature as potential men and women.

"Swarthmore schools are measurably better than typical or average American public schools. I would not have come to this community as a parent and as a schoolman if I didn't think they were better than average. I don't think that Swarthmore is the kind of a community which should be satisfied with just "better-than-average" opportunities for its children.

"Swarthmore has long and rightly held that the kind of men and (Continued on page five)

A LAMENT FOR AUTUMN LEAVES

The Borough Leaf, happily contemplating its autumn plunge to the ground, has no idea of the fiery fate awaiting it in the bonfires burning below on lawn, drive, or alas, the gutters of the Borough. The Borough Secretary would be surprised to learn that Borough Gardeners are burning leaves in the gutters, while there is another group who would be surprised if not positively startled that anyone would burn a leaf at all. What a sad fate for the leaves and the nation that leaves should be burned.

For leaves are a natural resource. Gathered together and allowed to rot as a compost pile in the back or side yard, they eventually turn into the best fertilizer anyone could ask for. Sprinkled over gardens and lawns the following autumn they provide probably the best and certainly the cheapest fertilizer a gardener could want, all for the price of raking them into the compost pile rather than into the fire.

Whoever thought up national conservation week, if there is one, should have set the date in the fall, and extended its length for the entire season or better yet, not discontinued it at all. For national conservation week, like national good humor week or international smile week ought to be celebrated all year round. What is the point of smiling brightly seven days in a row only to be the glummer for it on the eighth, or to worry about national resources one week, only to relax and have an orgy of forest fires and leaf burnings for the next 51?

Particularly leaf burning, because leaves are local. They are not like a forest situated in the state of Maine or northwestern Pennsylvania or a national forest somewhere out west—places so distant that to take a protective interest in them one can only write a letter to his congressman requesting that he "do something about conserving our national resources". But leaves, located in the yards of anyone who owns a tree, bring the effort of conservation to the personal level. By saving the leaves gardeners can put back into the soil what the trees have taken out; and in times when analysts are bewailing the diminishing resources of the soil, and health experts are lamenting over the resultant lack of mineral and vitamin content in the food we eat, it seems a particular waste of a good asset to burn the leaves.

S.H.S. TO PLAY SPRINGFIELD
Garnet Loses To Media High 6-32

What should have been a rip-roaring football game between Media and Swarthmore, Friday, became a topsy turvy affair as Lady Fortune played her part. From the very beginning she made herself felt when a Swarthmore back on the first play of the game lost the ball to Media for a T.D. The game was much closer than the score indicated. First downs were even and each team was forced to punt an equal number of times. Halbacks Tilman and Randolph just had too much speed for our boys. Time and again the Garnet would hold the Mustangs for short yardage only to have one of these speedsters break loose for a touchdown. The Swarthmore attack got rolling early in the game but could not develop a sustained (Continued on page eight)

STADE STUDENT TO ARRIVE SOON

Klaus Lange, a 15 year-old boy from Stade, Germany, is expected to arrive in the United States sometime this week for a year of living and schooling in Swarthmore. Klaus was invited by Swarthmore's State Friendship Committee to come to Swarthmore for a year as the high school's guest, his transportation and support financed from the proceeds of the students' C.A.R.E. Activities Night held last March.

For the past three years Swarthmore High School students have sponsored a C.A.R.E. drive for the benefit of their adopted town of Stade, each year climaxing it with the Activities Night, a variety show in which most of the activities and groups of the school participate. Twice the fund was used to send packages to Stade, but last year the students decided that it would promote more good will and better friendships if a student from Stade could spend a year in Swarthmore and take the ways and ideas of Americans back home with him.

The State Friendship Committee was formed to plan for the student. Two members from each high school class were selected and the committee with Harlan Jessup, chairman, and Bev Harlow as the senior members, Catherine Wisdom and Clem Malin, the junior representatives, and Ronny Gold and Polly Emery from the sophomore class, began meeting at the end of the school term last year.

The team showed much improvement over the initial encounter with Darby, particularly so on defense. Very few tackles were missed and in the second half the end runs that were so devastating in the Darby game were held for no gain. Dick Follett's speed around the ends was one of the high spots.

The team plays the Media High School "Mustangs" at 3 p. m. this afternoon. By tradition this is a bitterly contested affair and all the more important to Swarthmore as they will be seeking their second win of the 1950 season.

E.C. LAPPE BURIED IN PITTSBURGH

Funeral services for Eugene Clinton Lappe of 117 Yale avenue were conducted at Oliver Bair's, Philadelphia at 11 a. m. Tuesday by the Rev. Joseph Bishop pastor of the Swarthmore Presbyterian Church. Mr. Lappe died Sunday morning in Taylor Hospital, Ridley Park, where he had been a patient for three months. He had not been well for the past several years.

Born in Allegheny on May 2, 1888 Mr. Lappe graduated from Shady Side Academy, Pittsburgh and then attended Carnegie Technical School and Hall's Business College in that city. Later he graduated from Pace's Institute, Washington, D. C.

In November of 1913 he married Ruth T. Hicks in Pittsburgh and established a home in Washington. In 1930 he moved to Swarthmore after a brief interval of residence in Philadelphia. After 5 years at 418 Park avenue he purchased the house on Yale avenue. Mrs. Lappe died in July, 1948.

Mr. Lappe retired last July after over 32 years with the United States Internal Revenue Department. On August 31 he was presented with the Albert Gallatin Award for outstanding service with the treasury Department.

Mr. Lappe was a member of the Swarthmore Presbyterian Church, the Swarthmore Fire and Protective Association with which he had been active until his illness, and for many years played bridge regularly with the Swarthmore Bridge Club. Both he and his wife were ardent gardeners and exhibited many blossoms in local flower shows.

Surviving are two sons Eugene C., Jr. and Richard A., both of the Yale avenue address.

Interment was in the family burial plot at Homewood cemetery, Pittsburgh.

URGES WOMEN TO BACK SCHOOLS

Amsden Points To Specific Local Needs

The minds of members of the Women's Club were challenged and stretched by the courageous and provocative address delivered Tuesday afternoon by the Principal of Swarthmore High School, Robert L. Amsden. Mrs. John M. Pearson, chairman of Education, was in charge of the meeting.

Aware of his keynoting opportunity as the first speaker in the club year, Mr. Amsden urged as the theme of the thought and work by organized women of Swarthmore "improving opportunities for our children and youth".

Commenting on his first impressions of the community, he said, "Both Mrs. Amsden and I have been so impressed with its lovely physical appearance, the many evidences of kindness and hospitality, the genuine warmth which seems to characterize the people of Swarthmore. I have been startled and delighted by what seems to me an independence of character and thought. I haven't been disagreed with so often in my own field of study and work since I began teaching.

"My impression is that Swarthmore is probably one of the relatively few villages in these entire United States that is really able to have the kind of education it wants for its children. It has the wealth and most important, it has the intelligence and vision and know-how to implement its desires.

"What are the outcomes we really want? We want them to develop and retain good physical and mental health; to develop a high degree of competence in using basic school tools; to learn how to deal with new problems, and attitudes which will permit them to work effectively with other people; to be realistic in their self-understanding.

"We want our children's aesthetic tastes tempered and broadened; we want their speech and behavior to be guided by high ethical standards and by the growing awareness of their spiritual nature as potential men and women.

"Swarthmore schools are measurably better than typical or average American public schools. I would not have come to this community as a parent and as a schoolman if I didn't think they were better than average. I don't think that Swarthmore is the kind of a community which should be satisfied with just "better-than-average" opportunities for its children.

"Swarthmore has long and rightly held that the kind of men and (Continued on page five)

A LAMENT FOR AUTUMN LEAVES

The Borough Leaf, happily contemplating its autumn plunge to the ground, has no idea of the fiery fate awaiting it in the bonfires burning below on lawn, drive, or alas, the gutters of the Borough. The Borough Secretary would be surprised to learn that Borough Gardeners are burning leaves in the gutters, while there is another group who would be surprised if not positively startled that anyone would burn a leaf at all. What a sad fate for the leaves and the nation that leaves should be burned.

For leaves are a natural resource. Gathered together and allowed to rot as a compost pile in the back or side yard, they eventually turn into the best fertilizer anyone could ask for. Sprinkled over gardens and lawns the following autumn they provide probably the best and certainly the cheapest fertilizer a gardener could want, all for the price of raking them into the compost pile rather than into the fire.

Whoever thought up national conservation week, if there is one, should have set the date in the fall, and extended its length for the entire season or better yet, not discontinued it at all. For national conservation week, like national good humor week or international smile week ought to be celebrated all year round. What is the point of smiling brightly seven days in a row only to be the glummer for it on the eighth, or to worry about national resources one week, only to relax and have an orgy of forest fires and leaf burnings for the next six?

Particularly local burning, because leaves are local. They are not like a forest situated in the state of Maine or northwestern Pennsylvania or a national forest somewhere out west—places so distant that to take a protective interest in them one can only write a letter to his congressman requesting that he "do something about conserving our national resources". But leaves, located in the yards of anyone who owns a tree, bring the effort of conservation to the personal level. By putting back into the soil what the trees have taken out, and in times when analysts are bewailing the diminishing resources of the soil, and health experts are lamenting over the resultant lack of mineral and vitamin content in the food we eat, it seems a particular waste of a good asset to burn the leaves.

S.H.S. TO PLAY SPRINGFIELD

Garnet Loses To Media High 6-32

What should have been a rip-roaring football game between Media and Swarthmore, Friday, became a topsy turvy affair as Lady Fortune played her part. From the very beginning she made herself felt when a Swarthmore back on the first play of the game lost the ball to Media for a T.D. The game was much closer than the score indicated. First downs were even and each team was forced to punt an equal number of times. Halbacks Tilman and Randolph just had too much speed for our boys. Time and again the Garnet would hold the Mustangs for short yardage only to have one of these speedsters break loose for a touchdown. The Swarthmore attack got rolling early in the game but could not develop a sustained (Continued on page eight)

STADE STUDENT TO ARRIVE SOON

Klaus Lange, a 15 year-old boy from Stade, Germany, is expected to arrive in the United States sometime this week for a year of living and schooling in Swarthmore. Klaus was invited by Swarthmore's Stude Friendship Committee to come to Swarthmore for a year as the high school's guest, his transportation and support financed from the proceeds of the students' C.A.R.E. Activities Night held last March.

For the past three years Swarthmore High School students have sponsored a C.A.R.E. drive for the benefit of their adopted town of Stade, each year climaxing it with the Activities Night, a variety show in which most of the activities and groups of the school participate. Twice the fund was used to send packages to Stade, but last year the students decided that it would promote more good will and better friendships if a student from Stade could spend a year in Swarthmore and take the ways and ideas of Americans back home with him.

The Stude Friendship Committee was formed to plan for the student. Two members from each high school class were selected and the committee with Harlan Jessup, chairman, and Bev Harlow as the senior members, Catherine Wisdom and Clem Malin, the junior representatives, and Ronny Gold and Polly Emery from the sophomore class, began meeting at the end of the school term last year.

HOW TO BE A "SQUARE SHOOTER" On Party-Line Telephones

WHEN YOU PLAY FAIR AND SQUARE with your party-line neighbors...when you share the service courteously...you'll almost always find the courtesy returned!

Suppose you want to make a call and find the line in use. If you hang up gently and give the other person a few minutes to finish his call before trying again, your courtesy is appreciated. And suppose, while talking, you realize that your neighbor wants to make a call. He'll appreciate it if you hang up in a few minutes and free the line.

That's "square shooting." It pays dividends!

That's about the average cost of electricity for operating a modern dishwasher. See these wonderful work-savers soon at your local dealer's or at any of our stores.

Urges Women

(Continued from page one)
women who work and live with boys and girls constituted the most important single aspect of education. This conviction has been implemented by salary policies which tended to bring Swarthmore superior teachers. Swarthmore teacher salaries are not too different from those of many other communities. Swarthmore district mandated salaries are no higher than the state's mandated maximum.

"Swarthmore has just lost an outstanding person to head counseling and psychological services for the school district to a near-by

school district willing to pay a little more money. This position is still vacant and I can personally testify that the need is present. The present inflation means that the real salary of teachers is less than it was 10 years ago but their needs are not less.

"Our children have no psychologist, no visual-auditory specialist even on a part time basis, no one in the high school skilled in the teaching of study techniques and in study supervision. There is no professional aid for parents and children with special emotional or mental problems, no elementary supervisor, the choral and grade music program is inadequate because of lack of personnel. These

are needs of our children which we should know about and meet. "The physical spaces (classrooms, laboratories, special purpose rooms, play areas) which our children use almost 200 days in the year are by and large only second-rate. The least fortunate children are the ones who must go to the College Avenue Elementary school overshadowed as it is by a secondary school twice its size. The classrooms are designed for not more than 20 children each. There is no spot for assemblies. Use of the gymnasium is seriously restricted. A great surge of children is now crowding the elementary schools and the numbers will increase until 1955.

"There is a clear and definite need for a new elementary building away from the high school for the children of north Swarthmore. In another four or five years the present physical facilities will result in definitely sub-standard education.

"It has struck me as being most odd that this community which has so much genuine interest in children and young people has never, unless I have been misinformed, made any major private gift to improve their opportunities. The professional staff of our local schools does an outstanding job for about \$300 per child per year; yet anyone who is at all familiar

with the field knows that really superior opportunities cannot be purchased for much less than \$500 per student per year. Why is it that people of means have neglected Swarthmore children?

"What matters more than our children? Homes, stocks, bonds, land - what meaning would they have if our children were taken away from us? Is not our greatest wealth in the community our children? Thirty years from now not many of today's gathering will be here, but we can leave our mark not in granite monuments but in men and women. Who builds in youth, builds lastingly in truth. And vanished hands are multiplied in power."

Who Runs America?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farms, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

- General Federation of Women's Clubs
- American Farm Bureau Federation
- National Grange
- Veterans of Foreign Wars
- National Conference of Catholic Charities
- American Protestant Hospital Association
- American Legion
- National Association of Small Business Men
- United States Chamber of Commerce
- National Association of Retail Grocers
- National Retail Dry Goods Association
- American Bar Association

Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proud security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. Today

in America—70 million people are protected by Voluntary Health Insurance. Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

D. A. R. Sends Delegates To State Conference

Members of the Delaware County Chapter, Daughters of the American Revolution will shortly join 132 other Pennsylvania Chapters in participating in the fifty-fourth annual state conference to be held in Reading on October 16, 17, and 18. Mrs. Henry J. Welland of South Chester road will represent the organization as regent and Mrs. R. G. Rindcliffe of Strath Haven avenue is the official delegate. Mrs. Lloyd Goman of Wallingford will also represent the local chapter as well as participate in sessions as state chairman of national defense.

The prime objectives of this national society are to promote an enlightened public opinion and to foster patriotic citizenship by cherishing American freedom.

Outstanding among their post-war projects is the rehabilitation of veterans in the Marine Hospitals on Ellis and Angel Islands, where a staff well-trained in therapy is constantly working.

At home the County Chapter is cooperating with the Historical Society to restore the Caleb Pusey House in Chester. Chester's Old Court House is also to be preserved under a current plan of the two groups.

The organization's interest in good citizenship is manifested not only in local school contests and awards, but in carrying on the work of 13 'D. A. R. Approved Schools throughout the county.

Needlework Guild In Annual Garment Drive

The Swarthmore Branch of the Needlework Guild is now working on its annual garment drive. Being a member of the Guild simply means contributing two or more new articles of wearing apparel for men, women or children; contributing household linen, or donating an unspecified amount of money. Members give their contributions to a director.

The object of the Guild is to collect these garments and to distribute them to hospitals, needy homes and charitable institutions. The Guild is a nationwide charity to help other charities.

This year at the regular meeting of the directors of the Guild a new beneficiary, The Delaware County Children's Aid Society in Media, was added to the host of charities already helped by the Guild.

Eight new directors were also announced: Mrs. David Bingham, Mrs. W. R. Huey, Mrs. John Jeffords, Mrs. Joseph Kahler, Mrs. Heston D. McCray, Mrs. Ford F. Robinson, Mrs. Peter E. Told, Mrs. John Wigton.

Dog Authority At Club

(Continued from page one)
In 1941 there were 15,341,336 dogs in this country. As of January 1, 1950 there were 17,778,425 which Dr. Harbison reveals as evidence that more people want dogs more than ever before. He estimates that people with dogs in the family number 59,310,000 or over 41% of the population. However, this "Freud to our four footed friends" states that 90% of all dog owners lack proper understanding of the canine.

The problems which come to him are generally one-dog owner problems. He stresses that every case of dog neurosis or bad behavior pattern he has seen has been a result of human misunderstanding or mistreatment. Dr. Harbison says "Many people think they love animals but don't care to bother to really understand them."

Canine problems are the same whether the subject be purebred, crossbred or mongrel according to Dr. Harbison who has been called upon to solve a myriad of bad behaviorisms such as viciousness, chasing cars, excessive barking, jumping on people, roaming, bad house manners, destructiveness, resentment at being groomed or bathed, fighting other dogs.

Dr. Harbison's sponsors here realize that with living areas becoming more and more congested, fitting the valuable asset of a dog as companion and guard for child and adult into a community is an ever increasing problem. Anything which contributes to a better understanding of the dog should aid dog lovers, non dog lovers and dogs themselves to lead a pleasanter existence together.

If local dog owners avail themselves of the opportunity next Monday's open meeting affords, neither Council or anyone else should need to "mourn" a dog situation.

STADE STUDENT
(Continued from page one)
First the committee wrote a letter to the Burgomaster of Stadel telling him of the new plan and asking him to recommend four boys. During the summer the committee received a reply from the Burgomaster, and letters enclosing a picture and biographical description, from each of the boys recommended. Klaus, particularly recommended by the Burgomaster, was also the one chosen by the committee and Halleck Rose, Corisil General of Hamburg, who had interviewed Klaus, approved the choice.

Much credit is due to Edward Morris, a Philadelphia attorney who took an interest in the plan and helped the school immensely with his different contacts and legal affairs.

Klaus will be welcomed in New York by the Stadel Friendship Committee and its faculty adviser Frederick Youm. Provided with an allowance from the funds and brand new clothes Klaus will live, for a period of about two months each, in four homes in Swarthmore: the Harlan Jessups of Havorford avenue, the Patrick Malins of Princeton avenue, the Donald Jones of Swarthmore avenue, and the Duane Terrys of North Chester road.

PLAYERS OPEN 40TH SEASON

Players Club audiences are having a gay time this week as Nat Doughty directs and takes a leading part in Mark Reed's play "Pet-ticat Fever", the club's 291st production.

It's a farce of the first order, and not even the author could complain of the polish, the timing and excellent comedy that evidences the hard work of Mr. Doughty, his assistant Charles Stockdale, and the well-chosen cast.

Mr. Doughty as the operator Dascom Dinsmore, and Fred Eckelmeier as the stuffy Sir James raise boredom and bores respectively to a pleasurable point, and both handle the fine points of acting with admirable finesse.

Leading Lady Mary Ann Hook gives a performance to be proud of and well deserves the hand for her hysterical exit in act three.

Stafford Parker, who is always "adding another role to his credit," makes no exception here in his portrayal of the earnest if flea-bitten Rev. Shepham. Fred Hardesty as Captain Landry heartily rounds out a cast that has so successfully opened the Club's fortieth season.

hurt in the first quarter followed by Bobby Allison in the second quarter. Bill Kauffman who replaced Arrison was one of the outstanding ball carriers on the field and did a fine job of punting. Jimmy Carter substitute at quarterback sparked the team to the third period touchdown.

This afternoon at three p.m. (3:00 p.m.) the powerful and undefeated Cougars of Springfield High School will visit the Little Garnets. Led by Captain Tommy Hall, a 200 pd. fullback, they form one of the most formidable football teams in the county.

The Earle forces then questioned whether there was any such an Ordinance, and said they would schedule another meeting for October 12 at the same time and place, and would make a test case if the police should interfere with such meeting.

Burgess Russell then conferred with Borough Solicitor Myers, who advised that in his opinion the Ordinance lawfully prohibited the use of sound trucks or other vehicles using mechanical instruments for advertising or blaring out announcements of any kind, but did not contemplate interfering with lawful assemblages at proper times and places, nor prohibiting use of amplification instruments at open-air meetings.

It was therefore decided that Mr. Myers should write to Mr. Earle setting forth the Borough's position in the matter, which he did by letter dated October 9th.

Springfield Takes Friday Win 25 to 20

Springfield High School remains undefeated but only by virtue of four costly fumbles, which provided the Blue and Gold with an early 19 to 0 lead. The Garnet showed at the very outset it meant business as Fred Campbell blocked Tom Hall's punt and recovered on Springfield's 30. Four plays later the boys fumbled and Springfield recovered. This got Springfield started on the only consistent drive that they could produce the entire afternoon. It was concluded by a 17 yard touchdown jaunt by Tom Hall when he drove through the line for the first score. After receiving the kickoff the Swarthmore offensive got rolling again, but "fumbleitis" set in and left end Lowrie picked up the pigskin and ran over for the second Springfield touchdown and to set the score at 13-0. The same scene was reproduced and by the time the game was only 14 minutes old, the score was 19-0.

The Garnet came alive as Jack Thompson blocked a Hall punt to give the Garnet possession on Springfield's 16. In quick thrusts by Simkin, Shearer and Kauffman, the Swarthmore team realized its first touchdown, when Bill Kauffman plunged over from the 2. Tom Alden converted and the score stood at 19-7.

Throughout, Swarthmore defensive led by fiery Red Cross brothers had been doing an excellent job.

Girl Scouts Form Senior Troop 83

A Senior Girl Scout Troop has been organized for the first time in Swarthmore. The enthusiastic girls of Troop 83 and their hard working leader, Mrs. James Taylor, were rewarded this week for their constant effort to make this possible by finding enough other interested eligible girls to join them and thus become an independent troop. Until this time the troop was affiliated with Troop 16. With the holding of an organizational meeting at the Scout House Tuesday evening the girls are fully launched.

At their meeting Tuesday much old and new business was discussed. The first and third Tuesdays of each month were decided upon for meetings. Regular dues were voted payable by the year or by meeting if preferred. The following officers were elected: senior planning board, Sally Jacob; president, Sue Dean; vice-president, Alice Lou Brämmer; secretary, Judy Ammerman; treasurer, Janeth Thomson.

The troop is planning a supper and an evening of games for the November 7 meeting. Judy Ammerman is chairman of the supper committee. Assisting her are Janeth Thomson and Virginia Magee.

Present at the meeting were Sue Dean, Beverly Griffith, Sally Jacob, Joan Borsch, Alice Brammer, Phyllis Hanser, Janeth Thomson, Judy Ammerman, Virginia Magee, and their leader, Mrs. James Taylor and her assistant Mrs. W. Ross Thomson.

Attention is called to the Scout Library to be kept at the home of Mrs. Taylor on Swarthmore avenue. Any troop or person having books of interest to the groups may leave them with Mrs. Taylor. Leaders of any troop may feel free to have access to the library at any time.

Because of illness the number of girls attending the Troop 16 overnight on Monday was reduced to five. Virginia Bullitt, Nancy Carroll, Sally Shook, Pamela Foster, and Laura Hobbs, accompanied by their leader, Mrs. Walter Magee, and Mrs. James Taylor of Troop 83, made up the party.

Leaving Swarthmore at 10 o'clock Monday morning the girls arrived at their camp site, Indian Orchards, in time to have a hearty lunch all ready by noon.

Transportation was furnished by Mrs. Alfred Smith, Mrs. Duane Terry, Mrs. Shook, and Mrs. Alfred Calhoun.

MOTHERS HEAR REV. BROWNE Talk On Korea Heads Club's First Meeting

The Young Mothers Club opened the current year with an excellent program October 12 when old and new members gathered in the Clubhouse to hear Rev. Francis Browne, pastor of the Folsom Presbyterian Church, speak on Korea. A social period began the meeting as Mrs. Theodore Purnell and Mrs. William Utne presided at the tea table and refreshments were served by the hospitality committee headed by Mrs. John Maerker.

Mrs. Richard Schmidt continued the program by singing "Fix It, Jesus" and "Speak to Me of Love" accompanied by Mrs. Albert Gwin. These familiar songs seemed lovelier than ever in Mrs. Schmidt's easy-flowing contralto.

Rev. Francis Browne then gave a fascinating talk on "As Korea Was". With a charming and informal manner he told of the customs and habits of the Koreans as he knew them when he went to school there.

The adult Korean is as a rule illiterate, Dr. Browne said, but because the Japanese spent much time with youth education, the young people are not only quite literate but also bilingual.

For centuries, he said, Korea has been a land of suppression which has made them a people of great endurance. Unlike the Chinese and Japanese, they have only one language and one set of customs. Farming is the main occupation of the working man and since labor is very cheap the land is well cared for even though their tools are primitive.

Because the relatively small area of their country is greatly overpopulated, life is held cheap in Korea.

In a realistic manner Rev. Browne went on to give a clear word picture of a people who were heretofore just part of the war headlines to most of the group.

A short business meeting concluded the program with Mrs. Walter Moir taking charge in the enforced absence of president Mrs. Richard Enlon.

Mr. and Mrs. C. William Ramsay of Lafayette avenue entertained as their week-end guests recently Mr. and Mrs. Allan D. Ramsay, Jr. and daughter Deborah Anne of Easton.

L.W.V. To Hold Studies On World Security

Mrs. S. M. Viele, finance chairman of the Swarthmore League of Women Voters and members of her committee will attend the send-off meeting of the League's annual Finance Drive, Monday October 23 at the home of Mrs. Henry S. Drinker of Merion.

Mrs. John G. Lee, President of the League of Women Voters of the United States will address the 200 workers in the drive who represent the six Leagues in the Metropolitan Philadelphia Area.

All Leagues participating in this drive are preparing their Voters Guides to be distributed before the November Elections.

Mrs. William C. McDermott, voters service chairman is working with the other Leagues in the county on the Candidates Bulletin which will be distributed to every household in the Borough.

On October 24 - "U N Day" the Swarthmore League will hold a Study Group at the home of Mrs. Frank Pierson, 720 Ogden avenue from 9:30 to 11 a.m.

Mrs. Carl T. Chase will lead the discussion on "U N and World Security."

The following evening, Wednesday October 25, at 8:15 p.m. Mrs. K. Marks will lead a group on the same subject at the home of Mrs. Roderick Firth, 302 North Chester road.

As part of its service to voters all activities of the League are open to the public.

Mr. and Mrs. C. W. Tucker of Swarthmore avenue were hosts Saturday evening to members of a Health and Nutrition group, now forming.

THE SUGARTOWN WASHING MACHINE

No. 21 in the series "Your Historical Heritage." Watch for the next in an early issue of this paper.

Though he is unknown today, William Milhouse of Sugartown was the "housewife's friend" nearly a century ago. The washing machine he patented in 1859 differed from all others because clothes were "rubbed between strips of pure vulcanized gum which wash the same as by hand." In fact, according to Mr. Milhouse, The Sugartown Washing Machine "injures fabric less than the most careful hand washing."

Compared to today's home washing machines—and modern laundry service—The Sugartown Washing Machine probably was a primitive affair. And as housewives and laun-

drymen know, the success of the weekly wash depends to a large extent upon the quality of the water.

A century ago, wash-water as satisfactory as Pure Springfield Water undoubtedly was fairly rare. But today, because of such scientific methods as Philadelphia Suburban Water Company employs, you are assured a dependable and generous Monday-morning supply of water free from harmful minerals: water that is soft and gentle to hands and delicate fabrics—and that takes full advantage of the cleansing properties of modern soaps and detergents.

OWNER CONTROL IS DOG SITUATION

Pooches, who had never dreamed of such a thing, were seen on leashes here this week following Monday evening's address by Clarence Ellis Harbison, well known dog psychologist. Sponsored by the Woman's Club and the Great Dane Club of Pennsylvania Mr. Harbison drew veteran dog owners and folks who were raising their first new puppy, alike to the Park avenue clubhouse.

Stressing that the day is fast approaching when the American public will realize a dog is a responsibility and owning one entails obligations of proper care and training, Mr. Harbison attributed every case of bad behavior in dogs to misunderstanding and mistreatment by humans.

Mr. Harbison later remarked that although he was deeply gratified by the record number of interested questions with which Swarthmore swamped him, he greatly regretted he was thereby prevented from giving entirely satisfactory answers on the spot and had to request some people to relay their inquiries to him by mail in order that he could reply more adequately.

Prominent at various points in his address was the conviction that a dog is not his happiest when allowed the freedom to run at large, but rather when he feels himself an honored, seriously cared-for and trained member of the family he loves.

A large majority of the questions submitted to Mr. Harbison such as "how can I stop my dog from chasing cars, biting the mailman, biting other dogs" were given the simple, common-sense reply "Keep your dog under control at all times." When dogs are kept in fenced yards or on leashes there is a mutual protection from injury and infection and rabies will be no more!

The speaker claimed any dog can be trained if the owner has enough patience although in special cases it may take as long as two years to attain the desired effect. His recommendations on cures for chicken-killers, bad house manners, excessive barking and the like sounded most plausible. He allows no one to touch his own dogs and believes a dog should not be friendly with anyone outside his family BUT he admits there are some happy mediums where a dog can be allowed to enjoy house guests and yet not become a spoiled nuisance or so sociable that he even welcomes night visitors who jinx windows and depart with the family riches.

go regularly to Headquarters every Monday. The Staff Aides have contributed 24 hours in Chester and Philadelphia. Thirteen Canton workers contributed 114 hours. They also prepared and served sandwiches to 300 at the Naval Hospital.

The Motor Corps has kept six drivers busy in local service, handling a dental program at the school every Thursday from 1 to 3 o'clock, transporting children five and six years of age for dental care, and they drive to the Naval Hospital every second Tuesday night, when Swarthmore has charge of the entertainment there.

Need For Workers
All of the chairmen report a need for workers. With the accelerated blood donating program and the additional requests for help from the hospitals, the present staff is inadequate. The chairmen feel that if the Civilian Defense Committee is to be in a position to function properly, it must be able to call on a well trained and sufficiently staffed Red Cross Unit. An urgent appeal has come from Red Cross Headquarters to have all women trained in First Aid and Home Nursing. Virginia Rath may be contacted for information concerning a First Aid Course and Mrs. Henry Ford for Home Nursing.

Because of a change of residence, Mrs. William Hayes has resigned as Volunteer Services Chairman and Mrs. Paul Williams has been elected to fill that office.

Marvel Wilson, chairman of the 1951 Fund Drive, attended the meeting on Friday.

The Junior Red Cross Clubs are getting started—with the usual projects, making afghans, baby clothes, stuffed toys and scrap books, planned for the winter. The seventh and eighth grade girls have organized their own groups, under the supervision of volunteer mothers.

Mr. Mervin E. Burgett of Princeton avenue is visiting his mother of Mt. Holly Springs who will be 91 on October 22.

Mr. and Mrs. Edward L. Conwell of Columbia avenue attended the Army-Michigan game in New York Saturday.

FEATURE MUMS IN ANNUAL SHOW

Penna. Horticultural Society Sets Date For Nov. 3, 4, 5

The Pennsylvania Horticultural Society will hold its annual Chrysanthemum Show in the Field House, Swarthmore College, on Friday, Saturday and Sunday, November 3, 4, 5.

There will be large displays of greenhouse grown Chrysanthemums and hundreds of cut blooms, all kinds of hardy, outdoor grown Chrysanthemums, as well as fruits, vegetables, roses and carnations.

Shrubs with bright berries of all colors will be featured by the Scott Foundation and the Morris Arboretum; a variety of flower arrangements and buffet party tables may be seen in the artistic classes. Chrysanthemums are always featured.

Many beautiful displays, popular because of the variety of plants and flowers shown, will be made by nurseries, seed houses and florists.

Harold Graham is chairman of the Show and assisted by Harry Wood and Anne Wertsner Wood, who have charge of the staging. Other members on the committee include Mrs. Arthur H. Scott and William Ellis.

A luncheon will be given in honor of the judges and assistants with committee members serving as hosts and hostesses.

Among those assisting at the show are: Mrs. James A. Hayes, Jr., Wallingford, Mrs. Robert Wetherill and Marion Little of Media.

School Artists Will Decorate Shop Windows

The Swarthmore Business Association and the Swarthmore Recreation Association are again sponsoring a contest for the best decorated store windows at Halloween time. Due both to the artistic work done last year and to the efforts of the Business Association, the participation this year by the local businesses will be 100%.

Forty six windows - at least one in every store - will be decorated with original designs planned and executed by groups of students in the grade schools and high schools under the guidance of the two art teachers, Claudia Hancock and Ann Jane Cleaver. The washable paints used are brilliant in color so that the business section will look unusually decorative during the Halloween season.

MUSIC CLUB PRESENTS

(Continued from page one) rhythmic Ritual Fire Dance from Manuel de Falla's "El Amor Brujo". Mr. Shapiro appeared with the Philadelphia Orchestra at a Children's Concert a few years ago when he was one of the duo in Saint-Saens' "Carnival of the Animals."

Cello solos by Mrs. Rubin Ekerstein will conclude the program. The Club is assured of a well-chosen group played with Mrs. Ekerstein's familiar artistry and delightfully informal manner.

A highlight of the opening meeting was the "Sing" following the stated program. Everyone thoroughly enjoyed this all too brief period, for the spirited singing inhibited souls not joining in. The Club is happy to announce another Song-Fest with Mr. Sorber again directing and Mrs. Hunt providing the excellent pianistic support.

Mrs. Ferris Thomsen of Elm Avenue is improving steadily at Bryn Mawr Hospital where she has been a patient for the past five weeks.

Pianist To Appear At Clothier Tonight At 8:15

Mrs. Dorothy Berliner Commins, concert pianist, will give a recital at Clothier Memorial this evening at 8:15, in the first presentation for 1950-51 by the Cooper Foundation of Swarthmore College. Mrs. Commins has appeared several times in the past at Carnegie Hall and on radio station WQXR in New York City.

H.S. Meets Sharon Hill

(Continued from page one) job stopping Springfield's thrusts. The first time the Garnets got their hands on the ball in the second half they drove to the Springfield 8, but were set back by a 15 yard penalty and failed to score. Springfield found that they could not get out from the shadow of their goal posts. The pay-off came at the end of a 44 yard drive the next time Swarthmore had the ball. The same trio of ball carriers, mixed with quarterback Allison's passes, brought about the second touchdown as Bill Kaufman fought his way over from 10 yards out. Tom Alden missed and the score was 19-13. Again Swarthmore fumbled to give Springfield possession on the Garnet 35. A long pass by the Garnets about Springfield's fourth touchdown and the score was now 25-13. The Garnet lads were not to be denied and realizing that they were outplaying and outgifting this team roared back with more confidence and determination than ever before. Bob Allison pitched to Fred Campbell for 24 yards and followed this by a pass from Shearer to Captain Campbell to score Swarthmore's third touchdown. Alden made the placement and the score was 25-20.

Springfield received the next kickoff and was immediately thrown back on the next two plays and was in the situation of cranked and defensive play. This should be the springboard to a winning combination. Although Sharon Hill has not had an outstanding season to date comparative score put both teams on an equal basis. Both will be fighting for respectability.

Certainly the play of the Garnet and White was much inspired and improved over the previous weeks. A powerful offensive was exhibited along with spirited tackling and defensive play. This should be the springboard to a winning combination. Although Sharon Hill has not had an outstanding season to date comparative score put both teams on an equal basis. Both will be fighting for respectability.

Section Notes A class is forming, under the direction of the American Homes Section, for Venetian lace making and Italian hemstitching. This will be a 2 hour course - 7:30 p.m. to 9:30 p.m. - date to be announced. If interested in joining, contact American Homes Section Chairman, Mrs. Leroy T. Wolf, 420 Park Avenue.

Tuesday October 24 at 2 p.m., the Antiques Department, Mrs. Chester Morris, chairman, and the American Home Department, Mrs. LeRoy T. Wolf, chairman will meet at the Club to drive to Mrs. Morris' studio and pottery workshop Carousal Farm, Glen Mills. Tea will be served. WOMEN HEAR FRANKLIN MACK

Audio-Visual Authority Speaks On Mass Contacts

Dr. S. Franklin Mack, vice-president of the Protestant Film Commission and a recognized authority on audio-visual education gave a stirring talk on "Significant Development in Mass Communications" at the Woman's Club on Tuesday afternoon, October 17.

Dr. Mack said all countries are concerned now in the "battle for men's minds". The voice of America has 36 transmitters across the world with 28 program hours daily to 22 countries which reached 300,000,000 people. Its importance can be judged by the fact Russia uses 250 transmitters to try and jam our broadcasts on a beam close to the Russian ones, they are broadcast without jamming their own, and so we get our message through. The State Department believes these broadcasts help to provide confidence in a free world, and they are steered particularly to build rapport with Labor and students.

The Protestant mission boards will spend three-quarters of a million dollars in the next few years for mass education. Swarthmore people heard last year of the great work Dr. Laubach is doing in teaching groups of people to read by his method of "each one teach one". Because so many of the world's people can't read, Dr. Mack says radio is the best way to teach democratic methods. Films sometimes are confusing to primitive people. The humblest of the thinking of the groups given by Rev. Lars R. Bache-Wilg, rector of the Highland Park Episcopal Church.

Welfare Council Plans Institute October 25 An Institute for new board members for the Delaware County Health and Welfare Council will be presented October 25 at the Swarthmore Presbyterian Church. In three sessions, scheduled at 4:00, 6:00, and 8:30 p.m., lay participation in welfare activities, welfare facilities in the county will be discussed and a summary of the thinking of the groups given by Rev. Lars R. Bache-Wilg, rector of the Highland Park Episcopal Church.

Mrs. F. G. Lumsden To Head Legion Auxiliary

Mrs. Robert Bair, retiring president of the Swarthmore Legion Auxiliary, Unit 427, gave her chair to Mrs. Frances G. Lumsden following the elections held Monday at the home of Mrs. Oscar J. Gilcrest on Vassar avenue.

Mrs. Lumsden, and other officers including Mrs. Howard Hopson, vice president; Mrs. Robert Thorpe, recording secretary; Mrs. Frank D. Windell, corresponding secretary; Mrs. Robert Sheppard, treasurer; Mrs. Harvey R. Pierce, historian and sergeant-at-arms and Mrs. Gilcrest, chaplain, were installed by Mrs. William Jones, director of the Auxiliary in Eastern Delaware County.

Mrs. Jones spoke of the Auxiliary's achievement of raising over \$50,000 for the new grandstand, dedicated at the Coatesville Hospital Recreation Field last June. In three years the Auxiliary, through the collection of coupons, paid for a concrete grandstand with a seating capacity of 700. Equipped with open screened-in bleachers, special ramps for wheelchair patients, and service stations, the stand has already given pleasure to many disabled veterans.

A report of the Legion Convention in June by Mrs. L. J. Servais was also given to the 22 members attending the annual meeting.

Home & School Meets (Continued from page one) to 21, 1950; the spring conferences, February 22 to 28, 1950; and the end of the year conferences, June 1 to 7. Since no afternoon programs will be scheduled for the children on conference days, it is anticipated that many parents will wish to arrange dental or other appointments for their children on these days, or take them on tours, particularly prior to the Christmas shopping rush.

Mothers group meetings for the rest of October are as follows: On October 23, the fourth grade College and fifth grade Rutgers groups will meet in the classrooms. On October 25 the fifth grade College group will meet in the classroom and on October 26 the eighth grade will meet in the high school museum room and the second grade College in the school cafeteria.

Miss Bowyer's talk is open to the public, and members, guests and friends of the Holly Society are cordially invited to bring their own containers for use in Miss Bowyer's demonstration.

STUDENTS MEET KLAUS LANGE

Stade Student To Live In Swarthmore Homes

Klaus Lange, Swarthmore High School's "adopted" student from Stade, Germany, has arrived. Es-corted by the committee of high school students who met him at La Guardia Airport Sunday afternoon, Klaus entered Swarthmore Sunday evening and went directly to his new home with the Harlan R. Jessups of 423 Haverford avenue.

Hanna E. Clayton, who has a fine record in dietetics, will be the instructor for the one day course. Although several Swarthmore women are planning to take this course, more are needed. Transportation will be provided upon application to Mrs. Blake (telephone Swarthmore 6-1971).

GLEN-NOR VISITS H.S. TODAY AT 3 Garnet Rally Defeats Sharon Hill 14-6

Inspired play in the second half turned defeat into victory last Saturday afternoon at Sharon Hill. After a lethargic first half, in which neither team scored, the Garnet showed determination and great spirit to fight back from a 6 point deficit. The spring board to victory was the inspirational play of half-back Tom Slinkin whose courageous ball carrying gained yardage on every try and whose determination held no respect for opposing tacklers. Time and again he broke away to keep the Garnet attack moving.

Both teams battled back and forth from the first kick-off with neither team having a definite advantage. Swarthmore had little difficulty in moving the ball but could not supply the scoring punch when needed. Their greatest penetration into the Sharon Hill territory was to the 11 yard line. Sharon Hill also had one scoring opportunity.

This group, with Polly Fuld, editor of the "Garnet", Mrs. Dorothy Leslie, Welcome Wagon director of Delaware County, Mr. Jessup, Sr. and Frederick W. Yocum, faculty sponsor, were those who met Klaus Sunday afternoon.

Klaus was welcomed at the High School Monday by Frank R. Morey, supervising principal, Robert L. Amsden, high school principal, and members of the faculty and student body.

WOMEN TO HEAR MONOLOGIST

Margaret Adams To Give Original Program At Club

Margaret Ruth Adams will present a program of assorted original monologues Tuesday afternoon, October 31, to the membership of the Woman's Club and their guests. Miss Adams is a graduate of the Leland Powers School of the Theatre, Boston. After two years work with stock companies, radio, and as a motion picture voice, she began her career as a professional monologist.

A deep interest in social work persuaded her early in her career to accept the invitation of the National Association of Public Health Nurses to study their work and write an interpretive monologue about it. In order to do so, she worked with the New York Family Welfare Association for several months.

A monologue on the Juvenile Court was completed after weeks of visiting such courts and their detention homes. The most recent in this comprehensive series is a monologue for the Church World Service on the problem of displaced persons, in preparation for which Miss Adams spent many weeks on New York docks to secure authentic material.

Miss Adams' program will be varied with delightful humor and fun. Her work has carried her in many tours of the country in which she has presented her sketches to large organizations. The Swarthmore Club is happy to present a monologist who combines artistry with diligence and human understanding.

PETERMAN DEPLORES CITIZENS' APATHY IN TALK MON. AT CLUB

Quoting the challenges of a Communist acquaintance, "You people had better wake up because our side has a fanatical spirit like the crusaders. No matter how many times you put us down, we are going to rise as long as there are many more people who have nothing than people who have. You must have fire to fight us," Cy Peterman concluded his address Monday evening under the sponsorship of the Woman's Club. An audience of over 300 persons filled every available seat in the Club and stood in the rear to hear the Philadelphia Inquirer columnist and foreign correspondent. Frequent applause interrupted his speech as the crowd listened intently to it and the animated question period which followed.

Following his introduction by Club President Mrs. F. H. Forsythe, Mr. Peterman praised Swarthmore as an "international town" and referred to Swarthmore avenue resident Mrs. Betty Jacobs as the driving force of the United Nations Children's Fund.

Peterman's report on the state of the United Nations began with the information that that very day every Catholic Agency had withdrawn from the World Affairs Council on the grounds that it was Communist. The Catholics, he said, have not often been wrong in this respect.

He listed the arming of the North Atlantic Pact and the possibility of a real, strong front in Europe with the hoped for co-operation between Germany and France as the present promise. The scheduled meeting in Washington soon to plan for an international army which would be free from Securities Council Control veto he considers an important development.

Forty six windows - at least one in every store - will be decorated with original designs planned and executed by groups of students in the grade schools and high schools under the guidance of the two art teachers, Claudia Hancock and Ann Jane Cleaver. Cello solos by Mrs. Rubin Eksbergian will conclude the program. The Club is assured of a well-chosen group played with Mrs. Eksbergian's familiar artistry and delightful informal manner.

A highlight of the opening meeting was the "Sing" following the stated program. Everyone thoroughly enjoyed this all too brief period, for the spirited, singing made good listening for the few inhibited souls not joining in. The Club is happy to announce another Song-Fest with Mr. Sorber again directing and Mrs. Hunt providing the excellent pianistic support.

Mrs. Ferris Thomsen of Elm avenue is improving steadily at Bryn Mawr Hospital where she has been a patient for the past five weeks.

job stopping Springfield's thrusters. The first time the Garnets got their hands on the ball in the second half they drove to the Springfield 8, but were set back by a 15 yard penalty and failed to score. Springfield found that they could not get out from the shadow of their goal posts. The pay-off came at the end of a 44 yard drive the next time Swarthmore had the ball. The same trio of ball carriers mixed with quarterback Allison's passes, brought about the second touchdown as Bill Kauffman fought his way over from 10 yards out. Tom Alden missed and the score was 19-13. Again Swarthmore fumbled to give Springfield possession on the Garnet 33. A long pass by Hall brought about Springfield's fourth touchdown and the score was now 25-13. The Garnet lads were not to be denied and realizing that they were outplaying and outgunning this team roared back with more confidence and determination than ever before. Bob Allison pitched to Fred Campbell for 24 yards and followed this by a pass from Shearer to Captain Campbell to score Swarthmore's third touchdown. Alden made the placement and the score was 25-20.

Springfield received the next kickoff and was immediately thrown back on the next two plays and was in the situation of leading by five points and third down and 15 to go on their own 30 yard line with five minutes to play and facing a determined and aggressive Garnet team. At this point the Cougars pulled one of the most unusual plays of the game as they threw a float pass down the middle for 26 yards pulling them out of a desperate situation. After two more plays a long pass by Hall iced up the game for Springfield with only two minutes remaining to play.

Certainly the play of the Garnet and White was much inspired and improved over the previous weeks. A powerful offensive was exhibited along with spirited tackling and defensive play. This should be the springboard to a winning combination. Although Sharon Hill has not had an outstanding season to date comparative score put both teams on an equal basis. Both will be fighting for respectability.

College To Present Modern Dance Recital

WOMEN HEAR FRANKLIN MACK

Audio-Visual Authority Speaks On Mass Contacts

Dr. S. Franklin Mack, vice-president of the Protestant Film Commission and a recognized authority on audio-visual education gave a stirring talk on "Significant Development in Mass Communications" at the Woman's Club on Tuesday afternoon, October 17.

Dr. Mack said all countries are concerned now in the "battle for men's minds". The voice of America has 36 transmitters across the world with 28 program hours daily to 22 countries which reached 300,000,000 people. Its importance can be judged by the fact Russia uses 250 transmitters to try and jam its programs. "We have discovered by broadcasting on a beam close to the Russian ones, they can't broadcast without jamming their own, and so we get our message through." The State Department believes these broadcasts help to provide confidence in a free world, and they are steered particularly to build rapport with Labor and students.

Equipped with open screened-in bleachers, special ramps for wheelchair patients, and service stairs, the stand has already given pleasure to many disabled veterans.

A report of the Legion Convention in June by Mrs. L. J. Servais was also given to the 22 members attending the annual meeting.

STUDENTS MEET KLAUS LANGE

Stade Student To Live In Swarthmore Homes

Klaus Lange, Swarthmore High School's "adopted" student from Stade, Germany, has arrived. Escorted by the committee of high school students who met him at La Guardia Airport Sunday afternoon, Klaus entered Swarthmore Sunday evening and went directly to his new home with the Harlan R. Jessups of 423 Haverford avenue.

Klaus' arrival completes the first part of a special High School C.A.R.E. project which had its beginning months ago with the student body. Whit Bird, last year's "Garnet" editor and presently a freshman at Wesleyan College, conceived the idea of bringing a student from Stade to spend a year in Swarthmore homes and the school as a suitable, democratic development of the High School and Community project of previous years.

Ray Denworth, then Student Cabinet President, and Warren Gold, chairman of the United Charities Committee, worked untiringly to make the project a success.

To guide the plan through the many items of red tape a State Friendship Committee was appointed. The members of the committee—Harlan Jessup, chairman, Beverly Harlow, Catherine Wisdom, Clem Malin, Polly Emery and Ronny Gold—met regularly throughout the summer, and continued to guide the project.

This group, with Pally Told, editor of the "Garnet", Mrs. Dorothy Leslie, Welcome Wagon director of Delaware County, Mr. Jessup, Sr. and Frederick W. Yocum, faculty sponsor, were those who met Klaus Sunday afternoon.

Klaus was welcomed at the High School Monday by Frank R. Morey, supervising principal, Robert L. Amsden, high school principal, and members of the faculty and student body.

GLEN-NOR VISITS H.S. TODAY AT 3

Garnet Rally Defeats Sharon Hill 14-6

Inspired play in the second half turned defeat into victory last Saturday afternoon at Sharon Hill. After a lethargic first half, in which neither team scored, the Garnet showed determination and great spirit to fight back from a 6 point deficit. The spring board to victory was the inspirational play of half-back Tom Sinkin whose courageous ball carrying gained yardage on every try and whose determination held no respect for opposing tacklers. Time and again he broke away to keep the Garnet attack moving.

Both teams battled back and forth from the first kick-off with neither team having a definite advantage. Swarthmore had little difficulty in moving the ball but could not supply the scoring punch when needed. Their greatest penetration into the Sharon Hill territory was to the 11 yard line. Sharon Hill also had one scoring opportunity.

WOMEN TO HEAR MONOLOGIST

Margaret Adams To Give Original Program At Club

Margaret Ruth Adams will present a program of assorted original monologues Tuesday afternoon, October 31, to the membership of the Woman's Club and their guests. Miss Adams is a graduate of the Leland Powers School of the Theatre, Boston. After two years work with stock companies, radio, and as a motion picture voice, she began her career as a professional monologist.

A deep interest in social work persuaded her early in her career to accept the invitation of the National Association of Public Health Nurses to study their work and write an interpretive monologue about it. In order to do so, she worked with the New York Family Welfare Association for several months.

A monologue on the Juvenile Court was completed after weeks of visiting such courts and their detention homes. The most recent in this comprehensive series is a monologue for the Church World Service on the problem of displaced persons, in preparation for which Miss Adams spent many weeks on New York docks to secure authentic material.

Miss Adams' program will be varied with delightful humor and fun. Her work has carried her on many tours of the country in which she has presented her sketches to large organizations. The Swarthmore Club is happy to present a monologist who combines artistry with diligence and human understanding.

Letters to the Editor

The opinions expressed below are those of the individual writers. All letters to The Swarthmorean must be signed. Pseudonyms may be used if the identity of the writer is known to the Editor. Letters will be published only at the discretion of the Editor.

Editor of The Swarthmorean:

Concerning Mr. Peterman, Mr. Malik, and the W.I.L.

Believing that Mr. Peterman's remarks concerning the W.I.L.'s alleged "support" of Malik during the "month of Malik" may have led to confusion in the minds of his hearers, the Swarthmore branch of the W.I.L. would like to quote the following from its organizational paper:

"The statement and Korean Resolution which were sent to Mr. Malik were also sent to Trygve Lie, President Truman, Mr. Stalin, Mr. Atee and Mr. Schumann. These were drawn up at the W.I.L. Executive Session in Liverpool in July and—delivered to the American Embassy, the British Foreign Office, the French Embassy, the Indian High Commissioner, the Norwegian Ambassador, and others. Mr. Malik received his routine fashion, not because he was a delegate of the U.S.S.R., but because he happened to be the President of the Security Council. Under no circumstances could our correspondence with him be construed as 'fan mail', except by deliberate distortion of our motives."

"The statement in question reaffirms our conviction that modern warfare threatens all that men hold dear and may even destroy the human race. It urges the U.N. to examine objectively all proposals for peace, from whatever quarters they come, to consider such proposals in the light of the profound obligation to maintain peace and save mankind from the scourge of war."

Board Hears School Heating Is Inadequate

Replacement of the high school's 25-year-old heating plants was recommended by the property committee at the October 18 meeting of the Swarthmore School Board. The present heat control system was also called inadequate and in need of replacement by modern thermostats. A study of both oil and coal furnaces is being made. The present heaters burn soft coal while those in the other school buildings are oil-burners.

The Board granted the use of the gymnasium on Thursday evenings to a local young women's group for basketball. Action was postponed on request for use of a room for a Great Books Discussion Group.

The attendance of High School Principal Robert L. Amsden at an alumni conference at Columbia University next month was authorized. Mr. Amsden will interview applicants at Columbia and at New York University in regard to filling the new post of guidance counselor in Swarthmore.

The annual financial report was submitted by the Swarthmore Recreation Association showing a total of \$1150 received in contributions from the School Board, Borough Council, and several other borough organizations and individuals. Registration brought an additional \$2082.50. Expenditure for salaries during the six-week period last summer totaled \$2174.67 and \$800 went for equipment and supplies leaving a balance on hand of \$279.93.

Peterman Deplores Citizen Apathy

(Continued from page one) On his visit to Russia in 1946 Peterman saw no men between 15 and 60 who were not in uniform and not many of them. Women were doing men's work.

Peterman feels that we are over the hump. "First, we've got a new kind of United Nations. I'm for it, now. We're paying from 40 to 75% of the bill, let's stay in it. It's a good trial place for world government. Second, we're waking up on the propaganda side. The greatest advertising country in the world, we do a poor job of advertising ourselves. The Voice of America has a long way to go." (In 1946, Peterman noticed few Russians with radios, didn't see many electric power lines.)

Peterman doesn't expect a revolution in Russia. He listed communication difficulties, poor roads and transportation as drawbacks plus the fact that the "boys in charge in Russia are the original organizers of revolution."

He considers 1950 as an end and a beginning. For a long time this country was isolationist, some people still are. The most broadly educated and thoroughly provided for nation in the world is apathetic about government. Two years ago in Italy where there had been no election since 1922, 93.4 per cent of the people voted. In the United States that year 42,000,000 people stayed home and didn't vote. Do we make much sense politically, he asked. Young men will have to take an interest as they are called up for service. Older citizens must also take ac-

tive part in government with civilian defense coming up and taxes growing. Maybe, he said, the apathy is waning off.

His Communist Acquaintance, quoted above, tipped him off to the final need, citizens aware with faith. "We must package an answer, a hard, specific argument based on Christian morality with the will and courage to speak up. After traveling extensively in the world, I know (and there are many young men who will agree with me) that there is nowhere on this earth that compares to the U.S.A."

A statement during the question period which drew applause was his belief that the teaching of Communism in schools and colleges was the greatest treachery.

Delta Gamma Meet

The Delta Gamma Meeting will be held at 10 a.m. Thursday, November 2 at the home of Mrs. Charles Thatcher, 613 Ogden Avenue. Those attending are asked to bring sandwiches.

Wallington Artist Holds Portrait Exhibit

Cyril Gardner, Wallington artist, will present an exhibition of portraits at the McClees Galleries in Philadelphia from October 30 to November 18.

Included in the display at 1807 Walnut street will be portraits of Julie Lange of Swarthmore, Dr. Charles Schoff and Mrs. John K. Walters, both of Media, and Dr. Paul Pearson, a former Swarthmorean.

Mr. Gardner is art director of the Community Arts Center of Wallington.

Former Swarthmorean Promoted To Colonel

Colonel Fredrick Streicher, formerly of 653 North Chester road, was recently promoted from lieutenant colonel to the rank of colonel in Munich, Germany, where he is on duty at present as Chief of Personnel and Administration for the largest US Army Post in the world, the Munich Military Post.

The colonel first entered the service as a sergeant with the Vermont National Guard serving from 1923 to 1925. He was commissioned a second Lieutenant in the Cavalry Reserve in June 1925. In 1928 Col. Streicher graduated from Norwich University and was designated as the Honor Military Graduate and offered a direct commission in either the Marine Corps or the U.S. Cavalry as a second Lieutenant. The colonel declined both offers to go into private business.

Having remained in the reserves and maintained an active interest in the reserve training the colonel was called to active duty in October 1940 as a major in the Cavalry. He served as an instructor with the 305th Cavalry until January 1941 when he was ordered to Fort Riley, Kansas to assist in establishing a cavalry replacement training center there. During the period he was stationed at Fort Riley he served as Executive Officer of the Weapons Department, Chief of the Weapons Department and later as assistant executive officer of the entire cavalry replacement center.

In July 1943 Col. Streicher was transferred to the 4th Mechanized Cavalry as Executive Officer and served with that unit until November 1943 when he became Assistant Chief of Personnel and Administration for the Communication Zone of the Desert Training Center, California. In December of the same year he was ordered back to Fort Riley to assist in the activation of the XVI Corps, and continued with it when it was sent to the European Theater of Operations. He served with the

Corps during the campaigns in France, Belgium, Holland, Austria, Italy and Germany.

With the end of the war the colonel was placed in charge of redeployment activities in Europe which included the processing of all Military Personnel as well as war brides. He returned to the States in December 1946 and was stationed in Philadelphia until the Spring of 1947 when he was ordered to the 5th Army Headquarters in Chicago as Assistant Chief of Personnel and Administration, later becoming the Chief of the Branch. He served in that capacity until July 1949 when he received orders assigning him to the European Theater. Arriving in Europe Col. Streicher was assigned to the Munich Military Post in his present position.

Among the awards and decorations held by the colonel are the Legion of Merit, Bronze Star, Commendation Ribbon, French Croix de Guerre with a Gold Star, French Reconnaissance Ribbon, American Defense Ribbon, American Campaign Ribbon, European, African, Middle Eastern Ribbon, World War II Victory Ribbon and the Army of Occupation Ribbon. Col. Streicher, his wife Virginia and two children, Frederick 12 and Suzanne eight years old, reside at present in the American Dependents area of Munich.

Don't Sabotage Progress
A PLAIN STATEMENT OF FACTS FOR THE THINKING CITIZEN

Under Pennsylvania law, a Governor cannot serve for two consecutive terms. Governor Duff, who has given this State its most able, efficient and progressive administration in modern years, thus cannot continue in the office. He can, however—as U.S. Senator—continue to devote his sound statesmanship, humanitarian outlook and fighting determination to the service of Pennsylvania . . . and the nation. Your vote can elect him U.S. Senator!

A Record of Achievement and Practical Economy
The well-balanced program in which Governor Duff has combined sound plans with swift action, has brought real benefits to every community, every home and every citizen—farmer and businessman, employer and employe, young and old, healthy and afflicted. It has brought Pennsylvania recognition as a national leader in industry, agriculture, health, highways, education and the battle against polluted water and air . . . at the lowest cost per capita of any large State. Continuance and expansion of this program which has made Pennsylvania a better place in which to live and work is pledged in the Republican Party's platform. Your vote can prevent sabotage of this program!

Governor Duff supports the man with the heart, mind and vigor to carry through the program so well planned, so effectively progressing. That man is John S. Fine, eminent for more than 25 years in Pennsylvania's civic and judicial life. Fine is forceful, progressive and able. He will make a great Governor. The other candidates on the Republican ballot have likewise proven their worth and experience in government. That is why their names are on the ballot. Your vote can elect them just as it can prevent amateurish tinkering or deliberate sabotage of a great program for a great State. The thinking voter will not be confused by false promises and false promises. He will elect—

HOW TO "CLICK" as a Party-Line Neighbor

- When you start to make a telephone call and find your party line in use, hang up gently and give the other person a few minutes to finish his call.
- When, while talking, you realize that your neighbor is waiting to make a call, hang up reasonably soon and free the line.

These little courtesies are returned again and again... with dividends in good telephone service. When party-line neighbors cooperate courteously, everybody benefits!

HOW TO "CLICK" as a Party-Line Neighbor

- 1. When you start to make a telephone call and find your party line in use, hang up gently and give the other person a few minutes to finish his call. 2. When, while talking, you realize that your neighbor is waiting to make a call, hang up reasonably soon and free the line.

These little courtesies are returned again and again... with dividends in good telephone service. When party-line neighbors cooperate courteously, everybody benefits!

INGATHERING REACHES 3,400

Mrs. Birney Morse Is Re-elected Guild President

The largest number of garments ever collected by the Swarthmore Needlework Guild marked this year's Ingathering, held at the Woman's Club on Monday, October 23. About 3400 garments were distributed among 17 benefiting charities.

Officers for the next two years also were elected on Monday, and Mrs. Birney K. Morse was chosen to serve again as president. The other offices were filled as follows: first vice-president, Mrs. A. Sidney Johnson, Jr.; second vice-president, Mrs. D. Mace Gowing; secretary, Mrs. William F. Lee; assisting-secretary, Mrs. John G. Moxey, Jr.; treasurer, Mrs. J. Albright Jones.

Tea was served in the afternoon to those who came to view the extensive and worthwhile display of collected articles including garments for men, women, children, many baby clothes and household linen. In the evening, in cooperation with the Woman's Club, the Guild sponsored a talk by Cy Peterman and served refreshments in the Lounge of the Club to those who came then to see the Ingathering.

The charities which are benefiting from the collection are: Fife-Hamill Memorial Health Center, which was formerly known as the Babies Hospital; Chester Day Nursery; Community Health Center of Central Delaware County; Family Service of Western Delaware County; Friend's Home for Children in Secane; the Home Missionary Society; J. Pupils' Art Brightens Shop Display Windows

By this evening the Swarthmore business section will be filled with ghosts, goblins, and other nocturnal characters who appear only at Hallowe'en. Fourty-four groups of students—10 from the fifth and sixth grades, 16 from the seventh grades, 14 from the eighth grade, and 4 from the high school—will be decorating the store windows, under the general direction of the art teachers, Claudia Hancock and Ann Jane Cleaver.

The Swarthmore Business Association is participating 100% in the program and has provided prizes for the best windows in each category. As judges, the Swarthmore Recreation Association has asked Mrs. Clair Wilcox, Dr. Robert Walker of Swarthmore College, Winifred Rumble of the School of Industrial Arts, and Jeanne Evans of Wood School. They plan to select the winners as early in the week-end as possible.

portunity but failed to take advantage of it and was stopped on the 15. Although the Garnet could not generate an effective offense during the first two periods, their defense was of a sterling nature and Sharon Hill was forced to punt many times.

As the second half started fans could see that it was going to be an exciting two quarters, as Swarthmore received the kick-off and ripped off one first down after another. Again the burden of the attack fell on Simken and on fullback Bill Kauffman, who was outstanding all afternoon. The Garnet found a weak spot in the Sharon Hill line and poured their backs through there behind the blocking of Fred Campbell, but again the Garnet failed to score and Sharon Hill took over to start a drive that culminated in the game's first touchdown when quarterback Hutchinson passed to left end Eberley on the 15 from which he carried it across.

The next few moments of play showed the Swarthmore boys at their greatest peak of the season. With reckless abandon they proceeded to rip the Blue and Gold apart and in short order had their first touchdown as Bill Kauffman burst through left guard on a hand off from Bob Allison for Swarthmore's TD. Eric Sharpless with Billy Hoot holding converted the extra point to put the Garnet ahead 7 to 6. A few minutes later Fred Campbell broke through the Sharon Hill defense to smother the passer causing them to fumble. Allen Jim Schmidt fell on the ball on the Sharon Hill 23. This gave Swarthmore a golden opportunity to ice up the game, which they did a few plays later when quarterback Allison fired a pass to Campbell in the end zone. Again Sharpless and Hoot converted putting the Garnet out in front 14-6. The defensive line play was an outstanding feature all afternoon, led by the hard charging left tackle Reds Crouthers. Because of such outstanding play Reds was selected lineman of the week by the Delaware County Coaches Association.

As the second half started fans could see that it was going to be an exciting two quarters, as Swarthmore received the kick-off and ripped off one first down after another. Again the burden of the attack fell on Simken and on fullback Bill Kauffman, who was outstanding all afternoon. The Garnet found a weak spot in the Sharon Hill line and poured their backs through there behind the blocking of Fred Campbell, but again the Garnet failed to score and Sharon Hill took over to start a drive that culminated in the game's first touchdown when quarterback Hutchinson passed to left end Eberley on the 15 from which he carried it across.

The next few moments of play showed the Swarthmore boys at their greatest peak of the season. With reckless abandon they proceeded to rip the Blue and Gold apart and in short order had their first touchdown as Bill Kauffman burst through left guard on a hand off from Bob Allison for Swarthmore's TD. Eric Sharpless with Billy Hoot holding converted the extra point to put the Garnet ahead 7 to 6. A few minutes later Fred Campbell broke through the Sharon Hill defense to smother the passer causing them to fumble. Allen Jim Schmidt fell on the ball on the Sharon Hill 23. This gave Swarthmore a golden opportunity to ice up the game, which they did a few plays later when quarterback Allison fired a pass to Campbell in the end zone. Again Sharpless and Hoot converted putting the Garnet out in front 14-6. The defensive line play was an outstanding feature all afternoon, led by the hard charging left tackle Reds Crouthers. Because of such outstanding play Reds was selected lineman of the week by the Delaware County Coaches Association.
