Children's Theatre In "Flying Carpet"

Arts Center Group to Give Original Graves Play at H. S. April 19

At the Community Arts Center last Saturday morning 70 colorful and original posters were finished and then hung on the walls for exhibition and judging. They had been made by the members of the Children's Theatre to advertise their coming production, "The Flying Carpet," which will be presented at Swarthmore High School on Saturday, April 19, at 10 a. m. and again at 2:30 p. m.

The three-act play was written especially for a young audience and young actors by Mrs. Stuart Graves, the director of the Theatre, and has a cast of 40 boys and girls of eight to 13 years of age. The story is based on a real life experience and when the curtain goes up for the first time the audience will see the real "Flying Carpet" which has been loaned to the group by its owners who named it.

And what is this particular "Flying Carpet"? Why—it's just a big old hammock which swings children high—so high (according to the play) that, with the help of their imaginations, they are swung up above the clouds into adventure. When one's imagination takes flight, there can be all sorts of conjectures as to just what one might find up there above the clouds.

So the children in the play discover the products of their own imaginations. They visit the angels, the Indian Happy Hunting Grounds, and they find that it is actually Mother Goose who makes it snow on earth by dropping the feathers plucked from her Goose

So, Dog, stay home and keep trouble far from your door.

Park Ave. Merchant to Live in Florida; Local Group Operates Toggery

E. M. Buchner has sold his twenty-five year old business, Buchner's Toggery Shop, and announced his plans for retirement in Florida where he will go the end of June.

The announcement came as a tremendous shock to Mr. Buchner's many friends in the Borough and to his fellow business associates and members of the Swarthmore Business Association of which he is a former president. He is also a charter member of the Swarthmore Rotary Club.

Since March, 1926 when he and the late Mrs. Buchner started the business in its present quarters on Park avenue, Mr. Buchner's interest and friendliness have earned him a host of friends, from the town youngsters who are accustomed to take him their family gift problems, to the officers of the Needlework Guild, who count upon his cooperation in Fall Ingathering of new garments for distribution to charities.

During the Second World War, Mr. Buchner's help and friendship reaped a large correspondence with Swarthmore men in the armed forces. The letters were his great pride, and warmly appreciated.

His business has been bought by Charles Thatcher and Associates and will be managed after May 1 by Alvin "Al" Carney, purchasing agent at Swarthmore College for the past six years. Mr. Buchner will assist the new owners, who will continue the name Buchner's Toggery Shop, to an auspicious start.

Amsden, McCahan Resign at School

John Spencer Appointed to Board Wednesday Night

Two resignations of significance were accepted at Wednesday evening's session of the Swarthmore School Board.

Robert Amsden, high school principal for the past two years, was released to accept the principalship of the South Orange-Maplewood Senior High School in New Jersey. He will not leave the local school until the end of the current term.

Dr. David McCahan, president, one of the few board members to have served in excess of 12 years, resigned in the fifth year of the second six-year term to which he was elected. He originally came on the Board as an appointee on December 5, 1939, and was named president to succeed Roy Delaplaine September 18, 1947. Dr. McCahan is professor of insurance at the University of Pennsylvania and spent several months recently recuperating from a heart attack.

John Spencer of Yale avenue was appointed to fill the vacancy on the Board and took office after being sworn in at the meeting. Library Busy on Reopening Day

Large Book Circulation Attests Borough Wide Interest

Four hundred and fifty-seven volumes were taken out by readers on Monday when the Swarthmore Public Library reopened in its new quarters in Swarthmore's new Borough building.

Librarian Bettina Hunter states that this high figure (normally 250 volumes comprise the daily circulation) is the best evidence of the number of visitors to the library in welcome of its reopening. Some readers who had not used the Library since its removal to temporary quarters following the Borough Hall fire two years ago on March 15, renewed their cards on Monday.

The Library was in order for its reopening, thanks to valiant work by the Librarians and their staff of assistants. Some furniture is still to come but it is hoped that everything will be completed by the date of the Borough's Open House on April 19.

The attention of all readers is called to new regulations adopted by the Board of Directors in order to facilitate book circulation, which are now in effect. Books can no longer be reserved. Books can no longer be renewed by telephone. Seven-day books can no longer be taken out on children's cards, but for Library purposes, children automatically receive adult cards when they enter the ninth grade.

The story concerns three young mothers who meet frequently in a park outside a large city and discuss the problems of their young children. It is a play for parents about the climate of the home.

The three mothers in the play, in the order of their appearance are: Mrs. J. Harold Dumm, of Dartmouth avenue; Mrs. LeRoy Peterson, of Vassar avenue; and Mrs. Alfred P. Mangels, of Forest lane. Three imaginary children, Mike, Junior and Richard, also have important roles in the story.

A business meeting will follow the program under the direction of the president, Mrs. Charles Gerner. Annual reports of committee chairmen will be heard at this time. The club's annual election of officers, originally scheduled for this meeting, has been postponed until the May meeting.

H. S. Nine Opens Season Monday

Experienced Mound, Long Hitters Augur Good Scoring Record

The Garnet Baseballers are busy getting ready for the season's opener at Media this Monday. Game time is 2:45. On Thursday, April 10, the team will play Landsdowne here.

Led by Captain Bob Allison a band of more than 35 boys have been practicing daily, weather permitting. A nucleus of eight returning lettermen in addition to several other experienced boys holds out prospects for a bright season.

Last year's team had a fine defensive record aided by good pitching. Inability to hit was an outstanding weakness, which cost several games. Coach Millard Robinson feels this year's group is doing a much better job in the hitting department. Particularly Bill Ziegenfus, George Allison and

Jack Thompson have indicated they might be able to hit that long ball so badly needed last year.

Experienced pitching should be one of the mainstays of the team with Bill Ziegenfus, Dave Wilcox and Jack Thompson as holdovers from last year's staff. Add George Allison, a promising sophomore, and it looks like a formidable mound corps. Bill Kauffman is a catcher from last year and should be greatly improved. Jack Thompson can also fill this spot at any time.

Bill Hoot is the returning veteran at first base who finished last season as the team's leading hitter. Bob Allison at second base and Andy Schroder at third are the other returning veterans in the infield. Joe Storz, a shortstop and slugger-type hitter, along with Charley Grier, an all-around infielder, are going to be awfully hard to keep out of the lineup.

The outfield has lettermen John Hilkert and Russ Snyder showing the way. The squad suffered a severe setback when Clem Mallin suffered a foot injury a month ago. Clem was the regular center-fielder last season and although

out of action now he is expected back within two weeks. Ronnie Gold and Dennis Becker are other veteran outfielders bidding for starting assignments.

There are many new members of the squad and it is too early to point out any particular player. John MacAlpine, an outfielder and catcher from last year has not reported because of illness and this has handicapped pre-season work.

Other members of the squad: Frank Habersett, Joe Mellace, Jay Phillippe, Bill Haymes, Bob Clothier, Rob Wright, Mark Baker, Dave Badger, Jim Conard, Bob Gurin, Dave Werner, Anthony Sobozan, Bob Perse, Roger Zenz, Dave Lynch, Randy Malin. Managers are Harvey Hignutt and Phil Allen.

Mr. and Mrs. D. J. Smyers of Dartmouth avenue entertained as their house guest the past week Mrs. Smyer's sister Mrs. Barbara Beard of Washington, D. C.

Jack Tomlinson of South Chester road, a graduate student of the University of Rochester, N. Y., will arrive home April 11 for a week of spring vacation.

Many Attend Hi-Q Assembly

On Monday afternoon in the high school auditorium, Swarthmore's Hi-Q Team consisting of Jim Carter, Dave Cox, Don Sharpe and Ronny Gold, was honored for achieving first place in the Fourth Annual contest sponsored by the Scott Paper Company of Chester.

Before an enthusiastic audience of students, parents, and townspeople, Andrew J. Schroder, Secretary and Personnel Director of the Scott Paper Company presented Harry Oppenlander, faculty sponsor of the Swarthmore Team, a check for \$1000. This check is being used for the purchase of two R. C. A. moving picture projectors and supplementary sound equipment.

Each of the members of the Swarthmore team received a handsomely engraved Lord Elgin solid gold watch. In addition, Nether Providence and Upper Darby High Schools, runners-up in the contest were recipients of three-speed Dynavox record players and team members from these schools each received a Phinney-Walker travelling alarm clock.

The entire Victory program was planned and directed by Robert Johnson, well-known television announcer, regularly seen on the "Man Against Crime" program from the C. B. S. studios in New York.

Musical selections by the band and chorus under the direction of Robert Holm and Elva Daniels respectively, were interspersed between brief speeches by faculty members of competing teams: Gilbert Kline of Nether Providence and Paul Coffey of Upper Darby.

Robert Amsden, principal of Swarthmore High School spoke of the value of the type of contest sponsored by the Scott Paper Company. He emphasized the need for granting recognition to students whose achievement in intellectual activities was outstanding.

A letter from the Swarthmore School Board commending the

Swarthmore team on its success was read by Mr. Oppenlander.

Platform guests included Mrs. Walter H. Dickinson vice-president of the Woman's Club of Swarthmore, Mrs. Thomas Casey, president Swarthmore League of Women Voters, Mark Bittle, president Swarthmore Rotary Club and L. C. Hastings president of the Lions Club, who were introduced to the audience by Mr. Amsden.

Mr. Robert M. Perce of Chicago will spend the week-end with his family on Harvard avenue, and will also spend the Easter holidays at his home here.

Mrs. William O. Linhart of Pittsburgh with her sons Billy and Bobby arrived Thursday to spend the Easter holidays with her parents Mr. and Mrs. Paul J. Rutan of Ogden avenue.

The Board studied with Solicitor Claude C. Smith, Architect George Ewing, Supervising Principal Frank R. Morey and Elementary Supervisor Mildred Kidd the advisability of securing additional land adjacent to both its present school plants to provide for expansion indicated by the recent population trends survey.

In addition Dr. Samuel Carpenter, Mrs. Oliver Rodgers, and Miss Kidd were named to investigate the possibility of using a room in the new Borough Hall, or at the Presbyterian Church as a temporary classroom should the two being constructed at the College avenue shop not prove sufficient to alleviate overcrowding until more extensive plans for 1953, 54 can be realized. The old Bell Telephone building, previously considered, was reported sold and about to be converted into a home. Mary Lyon School and Prep School quarters seemed to be ruled out by costliness of adapting them to classroom requirements.

Daniel Wilson of Lancaster was hired as a sixth grade teacher, College avenue school, for next term. Ann Marie Hornsby of Colwyn was engaged as a primary teacher. Both are members of the senior class at West Chester State Teachers College. Mr. Wilson saw Army service in Europe and has had business, YMCA, and lacrosse coaching experience. Miss Hornsby attended Landsdowne High School and was awarded a Delaware County Junior Woman's Club Scholarship.

Mr. Streeter reported a meeting of the joint faculty and board salary committee scheduled for next Tuesday evening. Mr. Morey announced elementary classes would recess the afternoons of April 24, 25 in order that teachers might attend Schoolmen's Week sessions in Philadelphia. High school teachers will attend the afternoon session on the 24th.

Endorses Highway Committee

Dear Mr. Editor:-
 As a Swarthmore citizen and property owner, I am in complete accord with the effort being made by a Committee of Council, and a number of other citizens, in opposition to the proposed highway through, or adjacent to the Borough. I have signed a petition in protest, and feel that ALL Swarthmore property owners should do likewise, regardless of the location of their property. It is a matter which affects all of us. The Swarthmore Property Owners' Association has taken no active part in this matter for a very excellent reason. The job is already being handled by two able and active committees, and our Association, because of its lack of numbers, would not carry enough weight to be of material assistance. Obviously, a membership of 150 out of 1200 property owners in the Borough, would not be given much consideration.

Has anyone given any thought to using the new highway from Marcus Hook to Concordville as a link between the Delaware River and the Pennsylvania Turnpike? This might be the solution to our problem.

Sincerely yours,
 ALLAN C. WOOD

VOLLEYBALL TEAM FIGHTS TO SECOND

A valiant group of boys from Swarthmore High School fought their way to the finals of District Volleyball Championship last Saturday at West Chester State Teachers College.

After defeating Avon Grove in the first three game match, and Kennett Square in the second match, the local team was knocked down into the losers bracket by Sellersville-Perkasie. Showing continual improvement the boys turned back Unionville and Kennett Square earning the right to meet Sell Park for the championship.

The Garnet was hot and took the first game of the three game series, but the wear and tear started to tell, and although the next two games provided as fine an exhibition as ever was seen in the history of the tournament, the Garnet team dropped both to come in second.

All the team members praise Bob Doherty and give him much credit for the team's success. It was he who arranged practices and inspired others by his outstanding play. Other members of the squad were: Kenny Wright and Jim Carter, co-captains, Bob McHenry, Bob Allison, Jack Thompson, Lynn Doherty, Bill Ziegenfuss and Bill Kauffman.

NEWS NOTES

Club Chorus Presents
Annual Spring Concert

Mrs. West Directs Group
In Musical Program
Tuesday

The Woman's Club Chorus, under the direction of Mrs. Robert M. West, chairman, presented its annual spring concert on Tuesday afternoon, April 8, in a program titled "A Rainbow Garden." Attractive in gowns of rainbow shade, the chorus rendered a number of songs including selections by Speaks, Lehar, Nevin and Frindel and concluded the program with the beautiful "Seraphic Song," by Rubenstein.

A professional touch was added by Mrs. Florence L. Haddad, violinist and guest soloist, who delighted her audience with several solos and with the obligato for the Seraphic Song.

Mrs. West accompanied the chorus, and the soloists included Mrs. J. Leslie Ellis, Mrs. John Dever and Mrs. John Springer. Mrs. John E. Michael read the poem, "Little Old Garden."

The program followed the regular stated meeting with reports by chairman and a talk on blood derivatives by Dr. Helen Fornwalt. Mrs. S. Milton Bryant, chairman of the International Friendship Committee, displayed an afghan made by her committee which will be sent to a Veterans' Hospital through the American Red Cross.

Mrs. R. K. Denworth, president, announced the election of the following directors to serve for three years: Mrs. Raynham T. Bates, Mrs. Clarence C. Franck, Mrs. Howard G. Hopson, and Florence Lucasse.

Tea was served with Mrs. West and Mrs. Ellis presiding at the tea table.

Eisenhower Rally
Features Duff

800 Hear Pa. Senator
At College Campus
Friday

New names, new faces and new ideas are what is needed by the Republican party to win the presidency in 1952 and General Dwight D. Eisenhower is the man to bring them to the job, said Senator James H. Duff, at the Eisenhower-for-President rally attended by 800 people on the Swarthmore College campus Friday night.

Attacking the present administration as "tired, worn out and without leadership," the Senator from Pennsylvania emphasized the fact that even President Truman admits the need for change since he plans not to run again.

But the Democratic party is more solidly organized today than it was in 1948 when it won the election. For this reason the Republicans must put forward a man who can manufacture the landslide needed to control the Congress and gain the chief executive's seat.

Characterizing the present commander of NATO as "the most popular living American anywhere," Senator Duff pointed out the assured place that he has in world history. The Senator said that he had not a word of criticism for any other possible Republican candidate but unfortunately all they offer is that they will "do better what they failed

to do before." Senator Duff answered the charge that military men make bad presidents by pointing to George Washington, who was not only an outstanding military leader but one of our great presidents as well.

On the other hand, some Senators, namely Harding and Truman, make bad presidents, said the Senator, drawing laughter from the audience.

General Eisenhower has demonstrated a "fabulous ability to get along with people" in his position in Europe, the Senator stated, and his background gives him an insight into the problems of people from all walks of life. There is no sounder American in public life today who stands for the fundamental issues that have made America what it is today, concluded the Senator.

CHRYSLER FirePower
is so much more than HORSEPOWER

+ It's worth remembering that today's Chrysler V-8 is not a "warmed-over" engine, but basically brand new . . . the first truly new type engine of modern times. It does, indeed, open new horsepower potentials, but what it can mean to you goes way beyond that . . .

+ FirePower is also a better-built engine throughout. It doesn't require premium fuel. It runs with less waste, less heat, less wear, less carbon deposit than other type engines can do. More of your gasoline's energy is turned into actual road power, greater reserve for passing and top speeds when needed . . .

+ FirePower gives your gasoline a better place to work . . . the first hemispherical combustion chamber in a stock-car engine. It makes possible more power from every drop of gas. You feel it the minute you open up a Chrysler, in greater accelerating power than you've ever had at your command . . .

+ Why not drive this revolutionary new-type engine, and feel its wonderful differences for yourself? Let your Chrysler dealer show you how much more than horsepower your money can buy in the engine Chrysler has designed from scratch to do an engine's job better, longer, and more efficiently than previous engines can hope to do!

These Precious Lives

Will you ever forget the look on your son's face as he handed his mother a lily plant for Easter? And the look on your wife's face when she thanked him? How your little girl paraded in her new Easter outfit? How proudly you went to church?

Easter—the season of life and hope!

Protect these precious lives. Don't mar your family's well-being and happiness by needless tragedy. Instill good pedestrian safety habits in your children—and follow them yourself!

Obey traffic signals and marked cross walks when crossing streets or highways. Cross only at corners. Don't dart into the street from between parked cars. Don't jaywalk. Look both ways before crossing a road. Teach your children to play in safe areas—away from traffic. Walk facing traffic on a country or suburban road. Carry a flashlight if you have to walk on a rural road at night.

Student Work Day To Be Held At College

A student Work Day at Swarthmore College will take place on Wednesday, April 16, as the result of a conversation in a local drug store when Park Woodrow, Phil Swayne, Chick Warden, and Donald Lloyd-Jones, all senior college students, were lamenting the fact that there is little unity among the student body.

Out of this session came several concrete suggestions which the group took to President Nason for his approval. A long range program, which included such projects as a possible renovation of Commons and a suggestion for serving dinners family style, was developed with the aim of greater college unity.

The Work Day was chosen as the starting point for the program. So that a tradition might be built up in future classes, the freshman class under Frank Sieverts will sponsor this event. Classes will be suspended for the day so that all students and faculty may participate.

The day has been divided into two 2 1/2-hour work periods, starting at 9 in the morning and 2 in the afternoon. Students will sign up for their preferred jobs on sheets which will be posted in Parrish a week in advance. The group emphasized that the projects planned have been carefully chosen so that real contributions will be made to the college plant and that effort has been made to avoid all "made work."

Harry Wood, superintendent of Buildings and Grounds, outlined the projects to the student body in Collection. A great deal of work will be accomplished in cleaning up the Arthur Hoyt Scott Outdoor Auditorium and Crum Woods, especially the area around Alligator Rock and the Meadow. Student labor will be used to paint and scrape the bleachers on the new athletic field below the Field House.

Coach Stetson has asked for help in giving the Field House a spring cleaning. In the Library students will be put to work dusting books. A row of hemlock trees are to be planted as a wind break. The day will finish off with an all-school picnic in Crum Meadow.

Linda Liebeck Uthe, daughter of Mr. and Mrs. William Uthe of Park avenue, entertained 13 friends at a birthday party Friday in honor of her eleventh anniversary.

County LWV To Sponsor Candidates' Meeting Thurs.

Eight Delaware County organizations have joined in sponsoring a non-partisan candidates' meeting to be held on Thursday, April 17, at 8 p.m. in the Upper Darby Junior High School.

All candidates who are running for the General Assembly in Harrisburg, except those from the city of Chester, have been invited to speak. After brief talks by all candidates there will be a question period.

None of the candidates except Senator G. Robert Watkins has held office in the General Assembly. This meeting will give the voters of Delaware County an opportunity to see these men and to hear their ideas on how to solve the State's problems.

Non-partisan candidates meetings have been held by the League of Women Voters of Delaware County for many years. Since wide community interest has been shown in the past, the League this year invited other county organizations to be co-sponsors. The following organizations are helping to promote the meeting: American Association of University Women; American Veterans Committee, Delaware County Chapter; Central Labor Union of the American Federation of Labor; Chamber of Commerce, City of Chester and Delaware County; Congress of Industrial Organizations, Delaware County; Daughters of the American Revolution, Delaware County Chapter; and the Parent-Teacher Association County Council.

The Delaware County League of Women Voters is composed of member Leagues from the four areas: Swarthmore, Haverford, Media and Radnor. A provisional League has recently been organized in Upper Darby.

Mr. and Mrs. W. Rodman Mc Easter week-end at their cottage Henry of Parrish road will spend in Ocean City.

Band Concert Friday Draws Superlatives

The Swarthmore High School Band received praise in the superlatives for its excellent musicianship, effective stage presence, and nicely paced fourteenth annual concert Friday night, April 4, in the High School auditorium. A young band of great promise, its capable and kindly conductor Robert Holm had reason for the pride in it he demonstrated.

The band as a whole was acclaimed for its performance of Czech Thapsody, and the more familiar selection from Lecount's "Andalusia Suite." Its playing of the currently popular difficult music from "The King and I" was well-received and "Deep Purple" exercised nostalgic charm. In Mr. Holm's very effective arrangement of the Alma Mater the Band reached a peak of performance.

The musicians were in top form in accompaniment to Mary Lecron, soprano soloist, whose "My Hero" from the "Chocolate Soldier" was encored. George Dunn, trumpet soloist, achieved praiseworthy clarity and beauty of tone in his rendition of Simon's "Willow Echoes" with Mrs. Alfred G. Boyd at the piano.

The Saxophone Quartet composed of Brenda von Grabill, Virginia Bullitt, Nancy Carroll, and Josephine O'Neill pleased the audience with their earnest and proficient performance of Jessel's "Parade of the Wooden Soldiers." Barbara Shipperd was their accompanist.

The Trombone Quartet—John Phillips, Arthur Jones, Charles Nason, and Pamela Foster, completely convinced the audience of the flexibility of their instrument in their playing of "Trombone Troubadours" by Bennett, and was applauded into a repeat performance.

Obviously happy, after one music-filled hour, the Band's friends filed out repeating on every side that it was wonderful to hear the Band in its own concert again.

Band members and a large crowd of their friends filled the school gymnasium following the concert to dance to the music of Larry Franck and his orchestra, composed of former High School students and students from

Swarthmore College. This entertainment and accompanying refreshments were furnished by the Band Parents Committee, in appreciation of the Band's work and achievements.

Club Talk Anticipates Blood Donor Day May 1

Appeal For Donations Concludes Speaker's Informing Talk

An informative talk on "Clinical Uses of Blood and Blood Derivatives" was given at the Tuesday meeting of the Woman's Club of Swarthmore by Dr. Helen Fornwalt, a graduate of Swarthmore College and the Women's Medical College of Philadelphia. The talk was given in preparation for Blood Donor Day to be held at the club house on May 1.

After tracing the history of blood transfusion from the beginning of the 20th century, Dr. Fornwalt spoke of several plasma fractions and their various uses.

Blood derivatives," Dr. Fornwalt continued, "make blood go farther. Eight pints of whole blood treats only eight people and must be used in 21 days. But eight pints can be made into two quarts of plasma and two quarts of packed red cells. If broken down into fractions, it can help at least 30 people. Another advantage is that

these are easily transported and can be stored for months and even years."

The speaker concluded with an appeal for blood donations, assuring her audience that if the whole blood for any reason could not be used, helpful and valuable derivatives could be obtained from the blood.

Borough House Warming Tomorrow From 2-5 P.M.

The new Borough Building's House Warming tomorrow from 2 until 5 p.m. is to be a gala occasion for all residents of this community.

Longtime residents of the Borough who were active in its early government or charter members of its early organizations will be invited guests of honor. Every organization with headquarters in Borough Hall will be "at home" to all who are familiarizing themselves with the new building.

From the Library will come strains of music played by musicians from Swarthmore High School whose share in this special Borough occasion will be something to remember with pride throughout their lives. The Librarian and her staff and members of the Library Board will welcome visitors and display with pleasure the new arrangements which will facilitate Library service to the community.

Borough officials will be on hand throughout the afternoon in all parts of the buildings as will the Borough Police Force. Members of the Garden Department of the Woman's Club will spend the morning decorating the building. At their request two of the Borough's famed floral arrangers, Mrs. Harry Wood and Mrs. Samuel Crothers will contribute arrangements, one in the foyer and one on the punch table in the Council room where people will gather for refreshments all afternoon. The local Red Cross Canteen will prepare and serve the refreshments under the direction of Canteen Chairman Mrs. A. F. Blake.

The Community Health Society of Central Delaware County plans for its Staff Nurses, Executive Director, and directors to welcome visitors, and explain the scope of the work with a tour through its new quarters. Through the appreciated kindness of the Ainsworth-Wernher Post No. 427, American Legion, the Agency film and a sequel of the Woodlyn Child Health Center Christmas Party will be shown in the Legion room at 2, 3, and 4 p.m. Mrs. C. W. Lukens is in charge of hostesses.

The Swarthmore Fire Company will gladly show its new and spacious rooms to all who visit them. The Company is cooperating wholeheartedly in the big Borough Day, and has contributed to the expense of the event, as has the Swarthmore Rotary Club, each individual Councilman, and The Swarthmorean.

W. H. Nason is general chairman of the affair.

College Sponsors Folk Festival This Weekend

Featuring the world famous modern minstrel Richard Dyer-Bennet in a special Sunday afternoon concert, plus an abundance of square and folk dancing, the seventh annual Swarthmore College Folk Festival will be held this weekend, April 18-20.

Several Philadelphia area square dance callers, including Earl Brooks of Arden, Del., Bill Hunn of Rose Valley and Swarthmore's Irene Moll will call at a Friday evening square dance. Each of these callers has his or her square dance group, all of which should be at the college for this event.

The festival is unique among events of its kind in its accent on participation. While visitors will be welcome to come and merely observe, as many as possible will

For Many A Year

Oldest living ex-Burgess J. Dillwyn Durnall and Old Business Man in town, Joseph S. Seal, in reminiscence before the Old Borough Hall. Mr. Durnall was head of the Borough Government from 1922 to 1926 and in addition was one of Swarthmore's earliest hardware merchants. Mr. Seal who started his present Bicycle Business in January, 1897 at the age of 22 is the only living man who saw the fire that demolished Swarthmore College's old Parish Hall in 1881. Both men will be honored guests at the Dedication Ceremonies tomorrow afternoon for the new Borough Hall, the ultimate result of the fire on March 15, 1950 which virtually destroyed the old civic building so closely connected with the early years of the Borough.

Red Cross Appeals for Help in Flood Relief

The Missouri and Mississippi River Floods are the most serious disaster in our Nation's history—28,000 families are homeless with prospects of additional thousands to be added daily. Recent series of disasters have reduced Red Cross funds to the point where they are inadequate to cope with this situation and to fulfill its congressional charter responsibility as the Nation's Disaster Relief Agency.

Local Branch is appealing to citizens of Swarthmore to send checks (or money) to Mrs. Hugh Thayer, 625 North Chester Road, treasurer of Local Branch and any good used clothing to local branch office, 333 Dartmouth avenue, which will be open Monday, Wednesday and Friday between 1 p.m. and 3 p.m. The clothing will be sent into Chapter headquarters via branches of the Red Cross Motor Corp.

Rand Court Play Compounds Drama

"Night of January 16th", a penetrating drama of the court room by Ayn Rand, is the current Play-ers Club production. Director D. Malcolm Hodge and a seasoned cast turn in an interest gripping performance, another in a long list of hits from this director.

The court scene is a master achievement of the production staff. Authenticity is lent by the accustomed action of the judge, defense and prosecuting attorneys. So realistically is the jury drawn that the audience settles back into the never-ending drama of the courts of justice automatically.

Children Present "Flying Carpet"

These days even a dog may get an audition! At the Community Arts Center try-outs have been held for dogs for the part of Mother Hubbard's poor little doggie in the Children's Theatre production of "The Flying Carpet", which will take place at Swarthmore High School this Saturday. The coveted part is now between Frankie (Frankfurt, for long), the dachshund, and Lucky, the well-known Mother Hubbard's dog was probably not a pedigreed one, anyway. No doubt Frankie and Lucky are spending sleepless nights just now until the right one is chosen.

In addition to the dog, the cast of 40 boys and girls in "The Flying Carpet" will be further enhanced by three members of Cub Pack No. 350 of Chester, who will perform an authentic Indian dance in the Happy Hunting Grounds scene. The boys are Edward Saunders, Anthony Abbott, and Robert Martin. This Cub Pack has made a study of Indian Lore and has made its own Indian costumes and will add greatly to the already magnificent scene.

Those taking the parts of the real-life characters in the play are Eddie Harris, Lise Jo Waldman, (Continued on Page 4)

Sunday Traffic

College avenue continues as a one-way street from Princeton avenue to Chester road during the hours of Sunday School and the Morning Service (9-12:30) at Trinity Church.

At the Presbyterian Church, space on the north side of Harvard avenue between the entrance and exit to the Church Parking Lot will be reserved for unloading and loading so that traffic will not back up at Chester road. Details of the Auxiliary Police will be on duty at both Churches on Sunday.

Scholarship winners will be announced the third week in May.

Children Present "Flying Carpet"

(Continued from Page 1)

Dick Graves, Danny Israel, Jane Hay, Danny Weinreich, Bill Irving, Henna Johnston, Marguerite Johnston, Steven Dunning and Steven Peck. A few of these actually do have fun with the real "Flying Carpet" (it's a hammock), every summer and hold Pilot's Licenses for operating it!

Then the "Flying Carpet" swings the children out of reality and up above the clouds where the angels are. The angels will be played by Taylor Barnett, June Heckman, Carole Ann Forbes, Marjorie Wilson, Suzanne Ahrens, Jean Anderson, Ann Pyle. There are three naughty would-be angels: Keith Fox, Christy Decker and Jerry Robinson. Then on to Mother Goose Land (Mother Goose is picking her goose and that's why it snows) and the Mother Goose characters, played by Susie Unruh, Peggy Jones, Kathleen Aull, Louise Weir, Sally Huse, Molly Huse, Nina Catherine Jones, Mary Beth Smith, Susan Jackson, Peggy McGovern, and, of course, Lucky, or will it be Frankie? Indians will be played by Andy Allen, Lewis Shapiro, Clay Hogg, Barry Dutton, Joyce Peterson, Jean Weller, Anne Hay and Virginia Compton.

This cast will provide plenty of color, action and fun for the audience and make a play which should not be missed. Performances at 10 a.m. and again at 2:30 p.m. will be held Saturday, April 19, at Swarthmore High School Auditorium.

JUNIOR ASSEMBLIES

The eighth and tenth grades of the Junior Assemblies will close the season with formal spring dances in the Woman's Club tomorrow evening.

The annual meeting for parents and officers of the Junior Assemblies will be held Wednesday, May 7 at 8 p.m. in the lounge of the Woman's Club.

IN MEMORIAM

Elizabeth Chiquoine's passing has meant a third member gone this past year from the Swarthmore Legion Auxiliary.

Again the Auxiliary experiences a keen loss, for Elizabeth, a representative from this Unit to Coatesville Hospital, carried many magazine loads as well as other gifts to these Veterans, mentally disabled. Their interest was hers, and promptly communicated to the Swarthmore Group.

A tribute of deep sympathy goes to the Chiquoine family from the Auxiliary in an endeavor to express respect, admiration and love for Elizabeth.

College Sponsors Folk Festival This Weekend

(Continued from Page 1)

Richard Dyer-Bennet, whose art has done much to bring about the present popularity of folk songs in this country, will present some of the more than 600 folk tunes in his repertoire. These melodies range from the song of victory sung by the English soldiers after the battle of Agincourt to the ballads of World War II.

Sunday Recital
In 1944, Richard Dyer-Bennet made his debut at Town Hall and that same season sang at the first Swarthmore College Folk Festival. Since that time he has given 18 major New York concerts. His recital is scheduled for Sunday afternoon at 2 in Clothier Memorial Auditorium. The concert, under the auspices of the William J. Cooper Foundation, is open to the public free of charge.

Ralph Teffteller of Tennessee's Great Smokey Mountains and now an assistant director of New York's Henry Street Settlement will call at the square dance at 8:30 Saturday night. Both square dances will be held in the Lamb-Miller Field House. Since the basketball court is being used for the dance floor only those wearing tennis shoes or sneakers will be permitted on the floor.

Sunday morning at 10 there will be a "jam session"—a folk sing-in keeping with the tone of the festival. This event will attract amateur and professional folk musicians from all over the East to come and perform in an impromptu concert. Anyone is welcome to play sing or listen.

The entire festival is planned and run by the Swarthmore College Square Dance Club, which will also be one of the groups performing demonstration dances as part of the program Friday evening.

CONTEST WINNER

First prize for a high school poster contest was won by Dolores Zensen, a senior at Swarthmore High School. Dolores, who lives in Rutledge, will receive \$5.00 for her poster on the Pre-Primary Candidates Meeting held last night in Upper Darby Junior High School.

Money for this prize was donated by a local member of the Delaware County Chapter of the Daughters of the American Revolution, one of the eight co-sponsors of the Meeting initiated by the County League of Women Voters.

The literature department, Mrs. Roland G. E. Ullman, chairman, meeting of the April 15 Dr. Hall told her audience that they should not take lessons to speed up their reading. "Read at your own speed," she said. "Don't let anyone hurry you. Take a good nap in the afternoon, and slow down your tempo of living." But business executives need help for more efficient reading, as they have to familiarize themselves

with huge fields in a short time. High school and college students need such assistance, for their assignments require far more reading than did those of their parents and grandparents. Persons who go to college without a reading rate of 350 words a minute with at least 85 percent comprehension are sunk, according to Dr. Hall.

The speaker emphasized three types of learning from books—simple recall, acquiring facts to answer questions, and absorbing the material read for actual use. The last is the one to be stressed.

Com. Health Society Directors Meet

State Presented for Election to Be Held in May

The Board of Directors of the Community Health Society met on Thursday, April 10, at the Borough Hall.

Mrs. Groff, the Executive Director, reported 592 home visits made to patients during the month of March. The Woodlyn Child Health Center which is open the first and third Thursdays of the month had 25 children attending. Dr. Loretta DeLaites, pediatrician, joined Dr. Oscar Lanich in serving at the Health Center.

Mrs. Philip Kniskern, chairman of the Office Committee, listed several items required in the Society's new quarters which she and Mrs. R. Blair Price had been able to acquire and her hope to put shelves in the waiting room.

The Board made final plans to cooperate with the Borough Open House on April 19, 1952, with Mrs. Charles W. Lukens in charge of hostesses. Mrs. H. Lindley Peel, chairman of Social Service, reported the purchase of a new hospital bed to meet a need in the area, bringing the Society's total to six, all available at a nominal fee, when needed.

Mrs. Joseph P. Bishop, chairman of the Nominating Committee, presented for candidates: Mrs. C. Edwin Ireland, for President; Mrs. Peter E. Told, 1st Vice President; Mrs. John III, 2nd Vice President; Mrs. J. Paul Brown for Treasurer; Mr. Harold Ogram for Assistant Treasurer; Mrs. Carl Schmitt for Secretary; Mrs. Francis H. Forsythe for Corresponding Secretary.

Mrs. Wilmer Coles of Ridley Township, Mrs. William H. Gehring of Swarthmore and Mrs. Robert Wilson of Springfield comprised the committee. The election will take place at the next meeting.

Rand Court Play Compounds Drama

(Continued from Page 1)

Bretherick in the role of Judge Health, and Esquires Ernest L. Green, Jr., Hodge, and Morris E. Smith in their respective roles of Attorney Flint, Attorney Stevens, Ballif, are, of course, at home, each proving persuasive or authoritative as need arises. J. Leslie Ellis is properly dry and routine as the Clerk of the Courts.

Sue Surrick Cramp (Karen Andree) and Jean N. McGlothery (Nancy, Lee Faulkner) are beautifully cast, and present a never failing contrast and center of accumulating conjecture and suspense.

The witnesses contribute masterly character performances in the following order: William M. Park as Dr. Kirkland, Helen MacElwee as Mrs. Hutchins, Ned Pyle as Homer Van Fleet, Walter D. Ullrich as Patrolman Sweeney.

Grace Everest Yeaw as Magda Svenson, Stafford Parker as John Graham Whitfield, Gladys Warnock Hayes as Jane Chandler, Thomas H. Lueders as Sigurd Junquist, Thomas K. McFadden as Gangster Regan, and Emma Michael Reynolds as Roberta Van Renssaler. Emma Pyle, court stenographer, brightens the court scene.

Special tribute must be paid to the jury, which is completely spell bound as it adds the element of unpredictability and spontaneity to the outcome.

"Night of January 16th" is refreshing, stimulating, good theatre. It continues tonight and tomorrow night at the Fairview Road Playhouse.

LETTERS TO THE EDITOR

Supports Eisenhower

Editor, The Swarthmorean:
To those of us who are deeply concerned for the return of sound and honest government in these United States the coming months offer an unmatched opportunity. The country is ready, and eager, for a change in Washington. The presidency is within the grasp of the Republican Party.

But, we can still fulfill the political football as we did in 1948. As a small business man I have seen laziness, irresponsibility, favoritism and downright dishonesty, encouraged by a reckless federal administration, strangling business. I don't see how we can continue down this path much longer and preserve a vestige of the traditional American independence and opportunity for which I and my sons fought in two world wars.

We must not fumble again. That's why I have accepted chairmanship of the Eisenhower campaign in Swarthmore. I have long admired Senator Taft and think he has served his country well in congress, but I don't think he measures up to General Eisenhower as a leader and I'm afraid that handing Taft the nomination would be tantamount to handing the election to whomever the Democrats chose to nominate.

I don't know where General Eisenhower stands on all of the domestic issues. But from his family background I am sure he is deeply steeped in the fine traditions that have made this country great. In the handling of foreign affairs, where the issue of peace in our time may be decided during the next administration, General Eisenhower has proved himself without peer.

Above all, he is a humble, God-fearing man who has the wisdom to listen to good counsel and the courage to act according to the dictates of his judgment. The voters of the United States will elect Eisenhower in November if the Republicans have the good sense to nominate him.

For Mutual Security

To the Editor:
The renewal of the Mutual Security Program is now before Congress. This is the time to let our representatives know how we feel about this vital part of our foreign policy. This bill is in the form of a one package plan, including military and economic aid.

While few dispute the necessity of military defense, many believe economic aid is not necessary or should be cut. The League of Women Voters of Swarthmore and the national league believe this would be false economy. The United States can not stand alone. We need the friendship of other countries. We will gain cooperation by offering constructive moral leadership. The non-military aid, such as the "defense support" item of the Mutual Security Act, and the economic aid for under developed countries, proposes just such leadership. Write your congressmen to support this program: Senators James Duff, and Edward Martin, Senate Office Building, Washington, D. C. Congressman Benjamin James, House Office Building, Washington, D. C.

Committee on International Relations, League of Women Voters of Swarthmore

HEARD ON RADIO

Mrs. Alfred Boyd and Mrs. Thomas Casey represented the League of Women Voters in an interview on the forthcoming national election on the radio program of "Mr. and Mrs. at Breakfast," WPMN, Monday morning, April 14.

Mrs. Boyd, an English war bride, presented the viewpoint of a new citizen participating in her first American election, and discussed with Mr. and Mrs. Phillip Kline, the hosts of the program, the differences between British and American elections, and pertinent facts about primary elections. Mrs. Casey, president of the Swarthmore League of Women Voters, told the radio audience about the work of the League, its membership and special election services.

Last night Mrs. Melvin Molstad and Mrs. Leroy Peterson were heard over station WPMN, during Lord Jim's program. They discussed the candidates' meeting which was held the same evening at Upper Darby Junior High School, sponsored by the four Leagues in Delaware County.

These programs were the initial steps in a series of radio programs arranged by the Swarthmore League of Women Voters to explain the importance of voting and to help acquaint the general public with vital election issues. Beginning early in May, and continuing through November, a spot will be given by League members once a month over radio station WPMN.

Not "warmed over" but strictly brand new!

You owe it to your pocketbook to drive this Chrysler engine before you buy any fine car today.

It's not a "warmed-over" engine, but a basically brand-new one!

It gives a new kind of performance that means new value for every dollar you pay out for purchase, upkeep, or operation.

It was built brand-new around a hemispherical combustion chamber which makes better use of gasoline, and also permits sounder all-round engine structure, than any American motor car engine has had before.

It delivers 180 horsepower... without requiring you to buy premium gasoline. It runs with less waste, less heat, less friction and less wear than previous designs can equal. Its combustion is so clean it literally develops almost no carbon deposit at all.

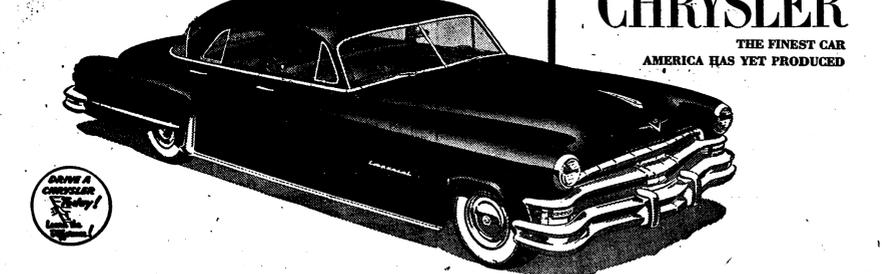

It will last longer than any engine you've ever known. It will cost you less along the way. It will stay "young" in performance thousands of miles past the point where an ordinary engine shows old age.

And on top of all that, it makes driving a lot more pleasure! Its smooth response... its safety-power, in reserve for emergencies... its easy scorn for distance or hills... make you just plain feel good at the wheel as you've never felt before.

For the good of your purse and your pleasure too... we invite you to drive it, soon!

Urgencies Authorized, Next Needs Studied At Length

Burning midnight oil Wednesday evening School Board closed a five-hour session by authorizing advertisement of notice that the School District's proposed 1952-53 budget, amounting to \$736,323.43, will be available for inspection at the high school office. Over 50 percent higher than last year's \$465,743.00 the new set-up provides for an additional high school teacher, two more elementary teachers, a new heating plant in the high school, a two-room addition to the shop building to relieve classroom scarcity, possible land purchase and elementary plant expansion. Since school taxes now stand at the 35-mill hit for a fourth class district, necessary increased expenditures can be met only through a bond issue financed by the Board's acting as an Authority which entitles it to another 10 mills or by a per capita tax up to \$10. Solicitor Claude Smith informed harried Board members that the 1953 Session of the State Legislature might contribute assistance if it revises the School Code to permit districts to move into a higher class on the basis of a census taken between the usual 10-year official counts. In 1950 Swarthmore numbered slightly less than the 5000 residents which would enable it to move from fourth to third class and be under its own superintendent rather than county supervision as well as tax another 12 mills or so. It is believed recent building operations have plunged it over the mark and that other communities similarly faced with problems of providing for student increases will press the Legislature for ability to tax on the basis of present population rather than be compelled to wait until the next census in 1960.

The Board reviewed with George Ewing, architect, several plans for elementary expansion at both College avenue and Rutgers avenue dependent upon the land in each area it might be possible for the School District to secure. Property Committee Chairman Samuel Carpenter was commissioned to meet with Mr. Ewing and A. Sidney Johnson, Jr., attorney for the several owners of property adjacent to the Rutgers plant to determine how much new land school additions there will actually require, what is still available in the quickly developing area and definite price of same. Conferences with Swarthmore College regarding its making some needed land available at the present College avenue school boundary were also planned.

Mr. Carpenter reported inspections of rooms in the new borough hall and the Presbyterian Church and favorable reactions from the authorities interviewed regarding their possible use as temporary emergency classrooms. He stated he hoped to have definite information as to cost and other particulars to present at the next meeting, after Borough Council and the Church Session had had opportunity to act officially in the matter.

The resignation of Kathryn Moran, fourth grade teacher at the Rutgers avenue school, was accepted with appreciation of her 23 years of service here. Carol Ann Hetzel, who graduated from Swarthmore High School in 1943, the Illman-Carter Unit of the University of Pennsylvania in 1948 and has been teaching kindergarten in Ridley Park for four years, was elected to fill the vacancy created by the retirement of Margaret Price at the Rutgers avenue kindergarten. Mrs. Winthrop R. Wright of Whittier place who has been a substitute teacher was named to teach sixth grade, Daniel Wilson elected at last meeting having notified the Board he will be unable to accept the post.

Mr. Amsden championed the

cause of students who wish to prepare for secretarial positions after graduation. In a detailed report of present and needed equipment for a commercial program for which he stated a partial need existed Mr. Amsden said, "Now only typing and a make shift office practice is available. Although we are set up for college preparation we still have the others here and they've had the little end of things all along". He estimated there were 10 students this year who desired commercial training. Mr. Amsden's recommendation that the Board purchase an electric typewriter, an electric adding listing machine with credit balance, and a non-electric, non-listing calculator for better preparation of vocational students and general benefit to others taking the course, through modern equipment, was unanimously passed by the Board. The cost of the three pieces totals \$720. In addition a new typewriter for the reception office and two replacements for the typing class at an overall cost of \$140 after trade-in allowances was authorized earlier in the meeting.

Brown Heads Borough Committee for Eisenhower

J. Paul Brown, former burgess of Swarthmore, has accepted chairmanship of the Borough for the Eisenhower for President Committee.

Announcement of this was made by C. William Kraft, Jr., county chairman of the Eisenhower for President Committee.

Brown, who lives on Walnut lane, is a former member of Swarthmore Borough Council, a past-commander of the Harold Ainsworth Post, American Legion.

He will set-up emergency headquarters at his home and will make a whirlwind campaign for General Eisenhower. He has issued an appeal for volunteer workers.

Marvel Wilson of Strath Haven avenue is a vice-chairman of the County Committee.

SWARTHMORE CLUB ELECTS OFFICERS

The Swarthmore Club of Philadelphia elected its officers for the year 1952-53 at the final luncheon of the year, Tuesday at the University Club, 16th and Spruce streets, Phila.

Richard A. Enlon of Haverford place was elected to succeed Ellis Ridgway of Riverview road.

New vice-president is Frank H. Jackson of Rosemont, Pa. Lindsay Wolfe of Vassar avenue is the club's new treasurer.

Only officer to succeed himself is Carl Colket of Rosemont, who stays on as secretary.

Bike Fans to Get 2nd Chance on Safety Tape

The Swarthmore Rotary Club will again apply "Scotch-Lite" reflective tape to bikes for the local bike fans, in answer to the many requests from those who missed the applications on the March week-end. There will be only two periods this time however, Saturday morning, April 26, from 10 to noon and Sunday afternoon, from 2 to 4 P.M., at the College Field House. It is believed that this will be time enough to catch those missed or those who didn't have the bikes out of winter storage as yet, when Rotary first offered their services a few weeks ago.

Many thanks have been received from parents for this service to protect the youngsters, who by some emergency are required to ride their bikes after dark. One bike which had been misplaced, was located well off the side of the road in the bushes—because of the brilliant reflection picked out by auto lights. There is, of course, no charge for the application of the red tape to the rear and the white on the front of the bikes.

All local citizens are urged to take advantage of the opportunity by bringing bikes to the Field House on April 26 or 27.

Mr. and Mrs. George Ksedikoff have returned from a two-week motor trip to St. Petersburg, Fla.

The competing plays, which are student directed, are "Steamer to Ilyria" by Dennis Alward; "Shadows of Liberty" by Daphne Lucas of Wallingford; "Unk We Stood" by Marc Merson and Vic Navasky, and "The Bawful Bootlegger" by Mary White.

Clinic April 28, 29 For Pre-Schoolers

The Spring Pre-School Clinic for children who are to enter the kindergarten in September, 1952 will be held on Monday and Tuesday, April 28 and 29 at the College Avenue School.

Children who will be five years of age prior to January 31, 1953 will be eligible to enter kindergarten in September, 1952. Mothers of such children should telephone Mrs. Charles Gerner, Swarthmore 6-4516 to make appointments. Mrs. Gerner requests that calls be made on April 24 and 25 between 9 a.m. and 3 p.m.

When the child is brought to school for examination, each mother should bring along birth and vaccination certificates. The school medical examiner emphasizes that the vaccination certificate must be on the official form as provided by the State Department of Health. Swarthmore doctors have these forms.

It is hoped that all new kindergarten children will be registered according to this plan and on the dates indicated so that adequate arrangements can be made for them for September.

Four Plays Vie for Honors at College

Four one-act plays will be presented by the Little Theater Club on Saturday, April 26, in the annual contest sponsored by the Book and Key Club. Written by Swarthmore college students, these plays will be judged by the audience and prizes of 30 and 20 dollars will be awarded to the first and second place winners.

OLD BOROUGH HALL IN ITS LAST DAYS

There was many a proprietor and employe eye, in the Dartmouth and Park avenue area facing the Old Borough Hall, riveted to the 19th Century building that first day when the wrecking crew set to work dismantling it. Old Borough Hall had served the Borough faithfully in a multitude of ways since its erection in 1886. But the first group to make a visit to the scene, in an official capacity, was the Rutgers Avenue Kindergarten, carefully herded at a safe distance to see the event, by Teacher Margaret Price. Work began February 18, 1952, by the Cleveland Wrecking Company, was completed the last of March. The picture above was taken February 27.

Oberlin Choir Pleases

The over-capacity audience which stood in the side aisles of the High School Auditorium and overflowed into the outer halls Good Friday night, gave the Oberlin A Capella Choir a tremendous and stirring ovation at the conclusion of its concert. In its second appearance here in two years, the Choir was acclaimed "Jesus and the Traders".

by musicians in the audience for a "truly great performance of choral singing" and "a capella singing at its best." The Bach Cantata, "Ein Feste Burg," with orchestral accompaniment was a high mark of the evening, but it hushed listening and a general attitude of quiet appreciation was a gauge, the entire program built to a climax with the Kodaly. For the Choir, its members were appreciative of the responsive audience and regretful that the illness of its conductor Robert Fountain, who is still ill in Bryn Mawr Hospital, made expression of that appreciation by encore impossible. The Education Committee of the Woman's Club of Swarthmore, which sponsored the concert, acknowledges gratefully its indebtedness to all in the community who extended overnight hospitality to members of the Choir and to all others who helped to make the event a success.

How to make the most of yourself will be explained to members of the Swarthmore Mother's Club by Rhona Lloyd, well-known radio and television commentator, and Virginia Rath, Associate Professor of Physical Education at Swarthmore College, at the season's final meeting on Thursday evening, May 8. Miss Lloyd, who has been on both the concert and dramatic stage, was a foreign correspondent before she turned to radio and television. She believes that an interesting face is much longer remembered than a beautiful one, and she will demonstrate to her audience how every face has some important feature which the art of careful make-up can bring out. As a homemaker herself, she is well aware of the problems which face the average mother and will reveal little tricks that can transform a tired face into a glamorous one with a minimum of effort.

Miss Rath, outstanding for her work in the field of physical education, will give her audience a few of the basic exercises for getting and holding that perfect figure.

Prof. and Mrs. Louis J. Rouse of Ann Arbor, Mich., spent last week visiting their son-in-law and daughter Mr. and Mrs. Charles Brooks of Forest Lane.

Swarthmoreans Enjoy Borough's Open House

Many Acclaim Municipal Building's Ably Planned Interior

At least 2500 interested Swarthmoreans attended the opening of the Borough's new Municipal Building Saturday afternoon. The result was a steady stream of community minded people which investigated and praised the Borough Hall from 2 until 5:30 p.m. and as happy a community occasion as anyone present could remember.

This was partly due to the fact that the group of well-wishers included a good cross section of residents of the Borough. There were many longtime residents who had contributed generously in time, wisdom, and leadership to Swarthmore's shaping and growth. There were charter members of the Fire Company, the Library Board, former Burgess, former Councilmen. There were grandfathers with grandchildren in tow for what they declared was a history-making event. There were newcomers to the Borough who came with their families to share the Borough's achievement, and left feeling a part of it.

It was also due to the participation of every organization housed in Borough Hall and of many local citizens whose hours of preparation and service helped to give the afternoon its air of community festivity. The young musicians in the Library (Russell and Noel Snyder, David Spencer, Rony Gold, and Barry Gwinn) contributed general pleasure with their music in the Library. Members of the Garden Department of the Woman's Club outdid themselves in floral arrangements throughout the building and were as vocal with appreciation of the tea table arrangement by Mrs. Harry Wood and the plants chosen for permanence by Mrs. Samuel Crothers as were all who saw them.

Mrs. A. P. Shenkle, Mrs. Elliott Richardson, Mrs. A. E. Longwell, Mrs. Ross Marriott, Alice Marriott, Mrs. Philip W. Kniskern, Mrs. Russell L. Snyder, and Mrs. Thomas K. Brown, Jr., decorated the building all morning while (Continued on Page 4)

Borough to Receive Six New Trash Cans

Lions Club Gift to Be Placed Soon

Swarthmore Borough was presented with six trash cans, to arrive within the next few weeks, as the gift of Swarthmore Lions Club

The offer was made by Frank Maselli, chairman of the Citizenship Committee of Lions, who appeared before Council at its April meeting. Council accepted the cans with appreciation and agreed to have the Borough take the responsibility of emptying them.

The six cans, equipped with swinging lids, will be placed in strategic points in the business section at the designation of Council. At the same meeting Mr. Maselli called Council's attention to the need for a street sign at Park Avenue and Chester road across from the Underpass. The sign—almost a must for strangers in the Borough—will be forthcoming in the near future.

Bridge Scores

At the Tuesday evening meeting of the Crum Creek Bridge Club, members playing the Howell System, report the following high scores:

Mrs. D. D. Rowlands and Mrs. W. R. Shoemaker, first; Mrs. Herbert Gleen and Mrs. W. T. Askew tying with Mrs. S. Hanna and Mrs. T. Saulnier for second place.

Public Meeting Tues. To Air School Problems

Home and School, LWV Join in Presentation of Vital Issues

The possibilities of increased taxes to finance the construction program needed to accommodate Swarthmore's growing school population will be one of the phases of the school problem covered in a public meeting on Tuesday, April 29, at 8 p.m. in the High School Auditorium. Mrs. Gordon Lange of Cedar Lane, president of the Swarthmore Home and School Association, and Mrs. Thomas G. Casey of Park Avenue, president of the Swarthmore League of Women Voters, have announced that this vital meeting is being jointly sponsored by their two organizations and will constitute the last regular Home and School meeting of the season.

The various aspects of the subject will be outlined in detail by a carefully selected group of local citizens best qualified to discuss their subjects: Mrs. John Moore of Whittier Place, whose background in the educational field includes a doctorate in psychology, and who is a member of the League of Women Voters will discuss the urgency of the general problem.

Detailed needs will be explained by a member of the School Board, Carroll Streeter of Columbia Avenue, who will present the findings of a survey committee appointed by the Board to explore the school needs of the town during the next few years. Mr. Streeter's presentation will be graphically illustrated with slides and maps.

Music Club to Close Season Monday Night

The Swarthmore Music Club will present a varied program at its next meeting on Monday evening, April 28 at Whittier House.

String instruments will be featured in the program opening with the First Requiem by Popper for two cellos and piano presented by Mrs. R. Eksergian, C. L. Eksergian and Mrs. Clarence Campbell, piano. Following will be the first movement from Concerto for violin in E Minor by Mendelssohn played by David Spencer with Mrs. Anthony Ventnor at the piano.

Mrs. Matthew McKinnell will sing "Come Unto Him" and "I Know Thy My Redeemer Liveth" from the Messiah by Mendelssohn, and "Hear Ye Israel" from Elijah. Mrs. Mildred Hutcheson will be her accompanist.

Mrs. Eksergian and Mrs. Campbell will present the Beethoven Sonata in C Major, Op. 102 for cello and piano, and the program will close with two violin solos, Rondino, Beethoven-Kreisler and a Tambourin Chinois-Kreisler, played by David Spencer.

As this is the last meeting of the season, a social hour with refreshments will follow the program which was arranged by Mrs. Hutcheson.

Red Cross Canteen Head

Mrs. Avery F. Blake fills the festive bowl in preparation for the hundreds of guests at the Borough's Open House who sought relief from the warm April afternoon in consuming gallons of punch. Canteen had a busy week with the Blood Donor Day at Swarthmore College and the responsibility for refreshment service Saturday, willingly undertaken as an "extra-curricular" Borough service by the Red Cross.

Services Held for Mrs. Arthur J. Jones

Memorial Established for Active Church Member

A Memorial Service was held Sunday afternoon for Mrs. Arthur J. Jones in the Swarthmore Presbyterian Church of which she had been a member for 37 years. The Rev. Joseph P. Bishop conducted the service and Church Organist Benjamin L. Kneeder, who had been Mrs. Jones' choir leader from 1916 to 1926 when she was contracted to soloist, played hymns and religious music which she loved.

An earlier service had been held in Santa Barbara, Calif., where her death occurred on April 16, and a later service was held on April 21 in Malden, Mass., where she was born Ethel L. Rounds in 1870 and lived until 1888. In that year, following the death of her father, the family moved to Minneapolis, Minn., where she married Dr. Jones on June 28, 1890.

Last Chance Sat., Sun. For Night Bicyclists

Rotary Service to Bikes Held This Weekend At Field House

This weekend is the last chance this season for the boys and girls of the borough to have bright red and white "Scotch-Lite" reflective tape applied to their bikes by the local Rotary Club. The Community Service Committee under the chairmanship of Avery Blake, and with the help of Rotarians Mark Bittle, Charlie Russell, Bob Wilkinson, Chuck Shrader, Lew Ellerson, Harold Ogram, Joe Reynolds, Am Val Aien, Sam Dodd, George Alston, Joe Cella and Al Carney and members of the local Boy Scout troop will apply the tape to all bikes brought to the College Field House on Saturday morning from 10:30 to 12 a.m. and Sunday afternoon from 2 to 4.

The tape applied is the same as that used on the rear of buses, and the type of material used in the newer reflective highway traffic signs. The very high reflective value is used not to encourage night riding, but to protect youngsters on their way home in the dusk or early evening hours by making their bikes stand out in the headlights of motorists who might otherwise run up on them before they realize it. Red strips are placed on the rear fender or frame of the bikes and white on the handle bars or front fork and are visible for several hundred feet in an auto's headlights.

About 200 bikes were processed at the Fieldhouse several weeks ago and it is hoped that all the other bike riders will avail themselves of this service which is done without charge as a service of the Swarthmore Rotary Club.

Main Entrance to Borough Hall

The Public Library wing of the new municipal building was the mecca of all Open House visitors Saturday. Gay with flowers—even the Librarians and Library Directors were bedecked with corsages—and tuneful with the melody of High School musicians, the Library signed up new readers, and acquainted many with new book locations. All who visited the Library acclaimed its beauty and promised to use its many volumes frequently.

Thursday at Woman's Club

Blood Donor Day at Woman's Club May 1

Call Swarthmore 6-3126 for Appointment to Give

May Day is Borough Blood Donor Day. From 1 p.m. to 8:30 p.m. next Thursday, the doors of the Woman's Club will be open to receive Contributors to the Red Cross Blood Bank.

Mrs. Frank G. Keenen and her telephone committee are trying to contact every home in the Borough, but a call to her home (SW 6-3126) will facilitate the search for the 200 volunteers needed to insure the 150 pint quota set by Red Cross Headquarters.

For the need is urgent. Most of the Blood is sent to the Battlefields where an average of 15 pints is required for each casualty (1). But residents are themselves fortunate in having a reserve available to the Borough. Fifteen Swarthmoreans called on that reserve last year, and the Red Cross Branch was proud to offer its services, an unusual one not possible in every community, unless someone in the immediate family has given blood in the past year.

The Red Cross urges that everyone who can, give. Help others and help themselves by giving to the Blood Bank on Thursday. A host of volunteer workers will be on duty, that day, to assist the Donor and speed the work of the Bloodmobile staff. The Motor Corps will be on call for transportation, and a Nursery will be open for those who would otherwise need a babysitter for their children.

A call to Swarthmore 6-3126 will take only a minute, and secure the appointment while your gift of Blood on May Day will be more precious than a basket of flowers to someone in need.

PENNA. MOTHER OF 1952 Mrs. S. Blair Luckie will be honored as the Pennsylvania Mother of 1952 in a ceremony Thursday, May 1, in the Capitol Building in Harrisburg.

A reception in the new House Caucus Room on the first floor of the Capitol Building will precede the 11:30 program when Governor John S. Fine will present the Citation.

Other distinguished speakers will continue the program during the luncheon in the Capitol dining room.

Mrs. Francis H. Forsythe, Mrs. Harry Toole, Mrs. John Michael and Olive Perry of Swarthmore will attend.

9TH GRADE MOTHERS ELECT At the final meeting of the Ninth Grade Mothers Group held last Thursday, the following officers were elected for next year:

Chairman: Mrs. Harlan Jessup; program chairman: Mrs. S. W. Kletzien; hospitality chairman: Mrs. Charles Hummer and Mrs. R. L. Harlow; secretary: Mrs. John MacAlpine; corresponding secretary: Mrs. H. W. Brinkmann; treasurer: Mrs. Raymond Fellows; Telephone chairman: Mrs. Robert Hetherington.

OLD BOROUGH HALL IN ITS LAST DAYS

There was many a proprietor and employe eye, in the Dartmouth and Park avenue area facing the Old Borough Hall, riveted to the 19th Century building that first day when the wrecking crew set to work dismantling it. Old Borough Hall had served the Borough faithfully in a multitude of ways since its erection in 1886. But the first group to make a visit to the scene, in an official capacity, was the Rutgers Avenue Kindergarten, carefully herded at a safe distance to see the event, by Teacher Margaret Price. Work began February 18, 1952, by the Cleveland Wrecking Company, was completed the last of March. The picture above was taken February 27.

Oberlin Choir Pleases

The over-capacity audience which stood in the side aisles of the High School Auditorium and overflowed into the outer halls Good Friday night, gave the Oberlin A Capella Choir a tremendous and stirring ovation at the conclusion of its concert.

In its second appearance here in two years, the Choir was acclaimed "Jesus and the Traders".

by musicians in the audience for a "truly great performance of choral singing" and "a capella singing at its best." The Bach Cantata, "Ein Feste Burg," with orchestral accompaniment was a high mark of the evening, but it hushed listening and a general attitude of quiet appreciation was in vogue, the entire program built to a climax with the Kodály.

For the Choir, its members were appreciative of the responsive audience and regretful that the illness of its conductor Robert Fountain, who is still ill in Bryn Mawr Hospital, made expression of that appreciation by encore impossible. The Education Committee of the Woman's Club of Swarthmore, which sponsored the concert, acknowledges gratefully its indebtedness to all in the community who extended overnight hospitality to members of the Choir and to all others who helped to make the event a success.

All tied up...

You need never be "tied up" at home all day. Electricity has freed you from household drudgery! You have time to be on the go as much as you like . . . now that electricity helps cook, clean, wash, iron . . . and do a dozen other household jobs.

Electric power does all this for so little, too!

The future holds still greater electrical wonders for you as new appliances take over more of your everyday tasks.

Boy Scouts Explore Brandywine by Canoe

The weatherman smiled as the Scouts of Methodist Troop 3 held their first outing of the season, an overnight canoe trip on the Brandywine. The trip was planned and organized by patrol leaders of the Troop under the direction of John Darling, senior patrol leader and recently commissioned Vice Admiral of the Brandywine Navy. Technical assistance, transportation and a certain amount of elbow grease were furnished by the Troop committee and parents.

The trip started at Lenape on the Brandywine just southeast of West Chester and terminated at Rockland just north of Wilmington, Del. The flotilla consisted of six canoes, five of which were rented and the other contributed by William B. Pegram, Yale avenue. The latter craft, a sponoon type equipped with a channel iron keel was designed pilot boat. Manned by Admiral Darling and Navigator Jaime McKorkle, it proceeded to chart the reefs in advance of the main fleet. All packs and equipment were carried in the canoes with the idea of lending a realistic touch to the normal routine of a voyage en bateaux including the problems of portaging, loading and moisture-proof packing.

After the first tense moments at the onset of the fast water runs, the boys, many of whom were in a canoe for the first time, began to get the knack of the sport and quickly built up their confidence and ability so that the remainder of the trip was thoroughly enjoyable.

The 10-mile trip included a brief stop for lunch along the bank and portages around two dams and a log snag. Camp was pitched at the foot of some bluffs along the west bank of the stream just north of Rockland, Del. This operation was conducted with dispatch so that remaining daylight hours could be spent in further exploring along the stream in the vicinity of the camp. After supper, the usual tall-story campfire replete with marshmallows and popcorn was enjoyed.

Sunday morning was spent in beaching and cleaning the canoes for return to Lenape after camp had been broken. Valuable assistance was rendered the troop by Dr. and Mrs. John W. Nason with their stationwagon and trailer combination which comfortably transported most of the boats back up to Lenape.

Scouts participating in the trip were: John Darling, Charles Nason, Donald Little, John Pegram, and Andy Plumer, Patrol Leaders; Harvey Pierce, Robert Nason, Lauren Dickinson, Joe Prather, Jaime McKorkle, Seth Singleton, and Dicky Saunders, Troop members. Adult participants were Mr.

Pegram, Ralph Little, Frank Johnson, Troop committee members, and Randolph Lee, Scoutmaster. Troop leaders are presently being beset by queries of "when can we go again" and "where, next time".

SHE'S THE SAFEST LADY ON THE ROAD

With Chrysler **POWER STEERING** plus Chrysler **POWER BRAKES**

At the wheel of a new Chrysler, you have quicker, surer, control of motion than you've ever had in a car. You can't imagine what it's like till you drive it! With this full-time power steering, hydraulic power does 4/5 the steering work at your gentle pull on the wheel! You also turn the wheel 1/3 less distance. And on rough roads, soft shoulders, snow or sand, "wheel fight" just doesn't happen. Your hand actually has five times the usual steering control, through every minute of every mile . . . with the same sure "wheel feel" at all times!

With this safer way to steer, power brakes make stops at all speeds safer and easier, too. Power from the engine "boosts" every touch of your toe. Actually you stop with up to 2/3 less foot pressure than non-power brakes. You can bring your Chrysler to a halt from full speeds in many feet less distance than other cars of comparable size can stop. See your Chrysler dealer soon. Feel for yourself why thousands of owners say Chrysler offers the two greatest advances in many years in driving safety and driving ease!

On second thought, maybe you'd like to know now what it says. Held up in front of a mirror it reads, "Girls who like people like telephone work." And it's true; for girls who like people, the Telephone Company is an ideal place to work. Here are a few of the many advantages:

- Pleasant, comfortable surroundings
- Good pay from the start, regular increases
- Opportunity for advancement
- No experience needed

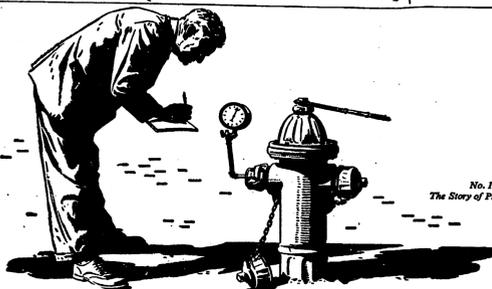

There are a number of openings right now for girls who can qualify. Stop in today at one of the offices listed below to talk it over.

In case of fire

There are more than 4,300 fire hydrants connected to Philadelphia Suburban Water Company's network of pipeline. Each one is periodically tested by Water Company workmen; and, when necessary, repairs are made without delay.

Philadelphia Suburban Water Company also takes other steps to help protect your home in case of fire. There is genuine teamwork between the Water Company and the civic-minded members of the 81 fire companies in the 49 municipalities served Pure Springfield Water.

The Water Company's Control Center is ready to receive notice of fire calls, night and day. If a blaze threatens to reach great proportions, Water Company inspectors are dispatched to the fire scene where they constantly check the water-pressure and call the Control Center—by radio telephone—to assure the maintenance of an adequate supply.

Suburban Philadelphia homeowners enjoy the advantage of favorable fire-insurance rates. This is due directly to the energy and efficiency of your volunteer fire companies—and the dependability of your water supply.

the University of Pennsylvania. The family activities were widely inclusive and their home a center of friendship and family devotion which shed its influence upon a large section of this community.

During the years in which she devoted her trained and beautiful voice to the Church Choir, her singing of the Baptismal Hymn is remembered and cherished by many. She played the piano in the Church School for at least 15 years.

One of her co-workers speaks for the many to whom she was an inspiration, "Promptly and regularly, Sunday after Sunday, she was there with her cheery personality, musical skill, and understanding of hymns. She played with the easy confidence of training and experience. The children sensed it and responded enthusiastically to her leadership. Her family's loss is the loss of everyone in the community who has benefited from her presence, her works, and her happy, gracious spirit."

FURNITURE NEEDED FOR CAMP SUNSHINE

Mrs. George J. Karge, furnishings chairman, of the Board of Directors of Camp Sunshine, has issued an appeal for outdoor furniture of all kinds to be used at the Delaware County camp for undernourished and underprivileged children this coming season.

"We are in need of good, solid pieces of furniture, such as Adirondack chairs, or the newer metal chairs, deck and folding chairs, and benches," Mrs. Karge said. "With the expansion of the camp this year, a great deal of renovation will be necessary. We must also outfit a new director's cabin and return the counselor's cabin as well as a few rooms for the women members of the staff and isolation rooms in the dispensary. A few good chests of drawers and iron cots would help, too.

"Occasional chairs for inside would be fine, but unfortunately, we must refuse any overstuffed or loose cushioned furniture."

Any one who has articles of this nature to donate to Camp Sunshine should contact Mrs. Karge at 107 E. Springfield road, Springfield, or telephone her at SWarthmore 6-7323.

H. S. Track Team Routs Springfield

Swarthmore High School's track team opened their 1952 interscholastic season last week by walloping Springfield, 71-37. This was the first time since 1948 that the Garnet has beaten Springfield in a dual meet. Springfield, always a strong team in track, took only three of the possible nine first places.

For Swarthmore, John Bernard captured both the shot put and the javelin events with distance of 44' 11" and 148' 4" respectively. Jim Tucker won the discus with a hurl of 125' 2 1/4". In the broad jump, Walt Leach jumped to a distance of 20' 2 7/8".

On the track, Steve Snyder came in first in the 100 and 220-yard dashes. Snyder ran the 100 in 10.9 and the 220 in 23.8. Dave Cox, Swarthmore's distance runner, did the mile in 4:48.4 while Bob Perry ran the 800 in 2:13.8. Lynn Doherty, captain of this year's team, won the 440 with a time of 54.5 seconds.

George Hoffman of Springfield took two of his team's three firsts. Hoffman soared to a height of 10' in the pole vault competition and also won the high jump at a height of 5' 8". The only other Springfield winner was Bill Kynett, who captured the 120 hurdles with a time of 15.3.

High School Nine Wins One, Loses One

Swarthmore's baseball team took their second league game in stride by defeating Glen-Nor 8-3, last week in a close contest. Playing on the opponents' diamond, the Garnet opened the game with a slam-bang first inning to give Swarthmore an early 3-0 lead. Charlie Grier made first base on an error and was moved to second on a single by Bill Hoot. Both players advanced on a balk by the pitcher. Then Bob Allison, captain for Swarthmore, batted in two runs on a double. Ronny Gold continued the pace by hitting Allison home.

John Hilkert led off the second inning with a triple and scored on a passed ball. This four-run advantage was held until the sixth when Glen-Nor opened up with a three-run rally. Bill Ziegenfus, relieving Dave Wilcox, pitched six and one third innings, finishing the frame and held Glen-Nor scoreless in the seventh.

With the score now 4-3, Bill Ziegenfus got on base by an error and continued to second on the overthrow. Bill Hoot singled, and Russ Snyder's double drove in the last two runs of the ball game. The winning pitcher was Dave Wilcox. Lose to Ridley Township.

In the game with Ridley Township on Monday afternoon, Swarthmore went down to a close 5-4 defeat after falling to tie the score in the last inning despite the excellent pitching of Bill Ziegenfus, who went the distance on the mound for the Garnet. Swarthmore, plagued by several errors, allowed Township to score one in the first inning, three in the third, and another in the fourth.

Swarthmore failed to tally until the sixth when Russ Snyder led off with a double to right field; Bob Allison drove in Snyder on another two-bagger; and then Jack Thompson doubled, but was thrown out sliding into third base. Allison scored on the play. To top the inning off, pitcher Ziegenfus smacked a long fly ball over the left field fence for a home run. This forced starter Quillen of Ridley Township to be relieved by Peters who retired the side.

In the final inning, Charlie Grier, who had three hits for three times at bat, was walked and batted in by Bill Hoot's double. Allison singled. Finally, with two out and the Garnet behind by only one run, Hoot tried to score, but the bid for a tie failed when he was thrown out at the plate by the pitcher. Township walked off the field with a 5-4 win for Quillen.

CUB PACK 101 TO HOLD FIELD EVENTS TOMORROW

Swarthmore Cub Pack 101 which normally holds its pack meetings in the Swarthmore Presbyterian Church, will have its April Pack meeting tomorrow afternoon, April 28, at 2 p.m. on the field of the Rutgers Avenue School.

The schedule for the afternoon will vie with the Penn Relays for interest and spirit for all to participate. Individual and team competition in racing, jumping, throwing, kite flying and baseball will afford all boys an opportunity to display their physical abilities. Sack races and wheelbarrow races involving the fathers should provide many laughs.

All fathers should attend with their sons and the other members of the families are welcome. Should it rain the festivities will be postponed until Saturday, May 3.

How often do you have "money problems"? Ever wish there were someone around, capable and willing, to help you figure things out? There is someone—your banker. Looking after your "financial health" is a banker's job. Bankers spend years developing a knowledge of money matters...but, like doctors, can't help unless you report what's on your mind. In other words, "Ask the bank!"

COURTESY PAYS
on party-line telephones, too

Little courtesies, like offering your seat to a lady, help to make life happier.

Consideration for the other fellow is the basis of good party-line telephone service, too. If you are always courteous on the telephone, you're sure to find your party-line neighbors the same. Remember the three R's of party-line courtesy—Relinquish the line as soon as possible when you hear others try to use it; Replace the receiver gently when you find the line in use; Regulate your calls so that others may use the line in-between.
