

## NEW YEAR OPENS AT CLUB TUESDAY

Welfare Dept. Presents  
Mrs. Heydrick At  
Stated Meet

The Woman's Club of Swarthmore will open the year of 1952 next Tuesday, January 8, with a stimulating talk by Helen E. Heydrick on "The Art of Living Together," after the Stated Meeting at 2.

Mrs. Heydrick is a business woman who has been active in Family Relationships for over 25 years, and is a member of many organizations interested in family and community life. Among these are Soroptimist Club, Business and Professional Women's Club, the Sentry Club, Member of Board of Directors, Crime Prevention Association, Philadelphia Council of Churches, Health and Welfare Council. She is also the only woman of the Philadelphia Charter Commission. Well-known to many Delaware County Clubwomen, her talk has been compared by some of them to Conwell's "Acres of Diamonds," for its keen sense of human nature punctuated with a delightful sense of humor.

Honored guests for the day will be Mrs. Robert D. McDonald, County Federation Chairman of Health and Mrs. Joseph M. Hebb, County Chairman of Welfare who will tell briefly about the County's Project for the Blind. The program for the day is in charge of the Welfare Department of the Club, Mrs. Judson R. Hoover, Jr., chairman. Mrs. Walter O. Heinze has charge of tea and Mrs. William Simkin decorations. Hostesses for the day are Mrs. W. F. Hanny, Mrs. Leroy Mercer, Mrs. Harry Miller, Mrs. Lyman A. Darling, Mrs. J. A. Perry and Mrs. Daniel Bingham will pour.

## CHEST SURVEY TO BE HELD FEB. 4-15

Robert W. Bernhardt, executive secretary, of the Delaware County Tuberculosis and Health Association announced today that the Mid-Winter Mass Chest Survey X-ray Program of the Association will be held throughout the County from February 4 to 15.

The program will include 8 communities, 7 high schools and a foodhandler group. The community surveys are open to all persons, 18 years of age or over, who live or work in the County. The high school surveys include, school personnel, all students in the eleventh and twelfth grades and athletes in competitive sports.

Areas included are: Ridley Park Media, Darby, Marcus Hook, Ridley Township, Upper Chichester and in Chester, the Chester Armory, St. James High School and Smedley Jr. High School. A complete schedule giving date and time of each community survey will be announced at a later date.

"These x-rays are financed in the County by the annual Sale of Christmas Seals, the sole support of the Tuberculosis Association," Mr. Bernhardt said. Although returns of the 1951 Christmas Seal Sale have reached only 88 percent of the amount needed to carry on the 1952 program of work, he expressed hope that those residents who received the seals in the mail and have failed to acknowledge their letters will do so in the next few days and thus insure that the program of work for the coming year will not have to be curtailed.

## ELEGY FOR THE UNLICENSED DOG

Poet Laments Canine  
Fate In Point  
Blank Prose

As the old year passed on, carrying with it the validity of the 1951 dog licenses, it left in its wake a host of pooches, brown eyed, trusting and faithful, who immediately, on January 15, become subject to the laws of the Commonwealth, not to mention the Borough, or the dogcatcher—who, by the by, is still in Council's employ—and makes them potential grist for (whisper it with proper awe) the dog pound.

O, weep for noble man's best friend, the dog, (or better yet, man's best friend the noble dog), who wags himself with devotion and enthusiasm into his master's heart and helps keep it warm, loves and amuses his children, guards his property, brightens up the family with his eccentricities, all for a daily bone, a chunk of meat or a can of chow. For it is not the dog who demands the license—it's the law.

And there's no point in getting "mad" at the law, because it was set up to protect the citizens from diseased strays who can infect the licensed pet, homeless mongrels who can be a hazard to children on the playground, and voracious beasts of the best or worst pedigrees who can take over the streets, cherished gardens, lawns, trees and bushes. Even a licensed dog can wander and so offend, but an up-to-date license will at least prove to the officers that somebody loves it and cares for it, and so the jaded pooch has a few days grace in custody, to hope that his owner will call for him before he gets the axe.

Nor is there reason to rage at the fees, because the owner who can afford to feed a dog in these days of aerial prices can probably afford a license for him—besides, it's a good investment. Why pay good money to build up a healthy constitution, a glossy coat, bright eyes and an active tail only to have the effort wasted in the dog's needless death? The license costs are not exorbitant: \$1.10 for males, \$2.10 for females, \$1.10 if the dog is spayed and the veterinarian's certificate is available.

Finally, if the trip to Media Courthouse (three miles) is too far to go, there are five notaries in the village who can send for the license upon request, and an 18 cent handling charge.

Dog-owners who do not have 1952 licenses for their pets should keep in mind a brand new slogan, possibly worthy of the S.P.C.A.—"A license on the collar is worth a life in the pound."

Mary Corse of Yale avenue returned to Dickinson College Wednesday after the holiday vacation.

## SPROAT DEATH SHOCKS BOROUGH

Sudden Attack Fatal  
To Injured Bank  
President

Funeral services were held in the Presbyterian Church at 1 o'clock Wednesday afternoon for Elic Sparhawk Sproat whose participation in the business and community life of Swarthmore had exercised significant influence for over 30 years.

Mr. Sproat, president of the Swarthmore National Bank and Trust Company, died suddenly at 3 a.m. Saturday, December 29, in the Chester Hospital where he had been a patient since breaking his pelvis and fracturing his left heel bone November 1 in a fall into an outside cellarway of a Media friend's home. His death came as a tremendous shock to family and friends who had been happy in his apparent recovery from his injuries and expected him to return home from the hospital in another week.

Attending Friends School in Westtown where he was born on June 28, 1885 Mr. Sproat graduated from West Chester State Teachers College and attended Danks Business College. He began his banking career with the Farmer's National Bank of West Chester and came to Swarthmore as assistant cashier in May 1918 from the former Franklin National Bank, Philadelphia now merged with the Philadelphia National Bank.

On May 6, 1919 he was made cashier, succeeding Gerald Effing. He became a director in 1920, cashier and trust officer in 1928, vice-president and cashier in 1945 and succeeded the late Edward B. Temple as president on July 7, 1949.

After living at 20 Oberlin avenue he built a home at the southwest corner of College and Swarthmore avenues and another at 5 Ogden avenue. Later he lived at 105 Cornell avenue. Last September the family moved to Moylan avenue, Moylan.

Mr. Sproat had been assistant treasurer of the Community Health Society of Central Delaware County since January 1943. He was also assistant treasurer and chairman of the finance committee of the Family Service of Delaware County, vice-president of the Gibbons Home, past president of the Delaware County Bankers Association, a member of the Swarthmore Rotary Club and the Swarthmore Presbyterian Church. For many years he was active in the Presbyterian Men's Bible Class.

Surviving are his wife the former Mabel Radcliffe, a daughter Mrs. Eudora Gerner and a grandson Elic Charles Gerner all of Moylan; two brothers, H. Lindsey of West Chester, and Ronald of Bath, N.Y.; and two sisters, Mrs. Mildred S. Butler and Mrs. Caroline McCowan, both of West Chester.

Interment was private.

Frances Pearson of Cornell avenue and Betty McCahan of Strath Haven avenue will return to Wilson College Sunday.

There's a lot of nonsense going around about rayon carpets

For example, some stores are talking as though the manufacturers are going to stop making all-wool carpet, and you'd better get it while you can. This is utter nonsense—plenty of all-wool carpet is being made and will be made.

Then there is the implication that rayon carpet is not really good. This, too, is nonsense. There is, of course, bad and good in rayon as there is in wool.

The best quality rayon carpet, which is used by Mohawk and other leading manufacturers, is of good coarse stock, has greater tensile strength than wool, has uniform length and diameter, and is naturally clean, white, moth-resistant.

Carpets made with this best quality virgin rayon resist soiling satisfactorily and are easily cleaned in most cases. Blended carpets also have a new lustre, a new beauty, and improved surface coverage. They are almost identical in appearance with wool carpets, except for improved lustre and clarity of color.

Best of all, rayon-blended carpets cost less than 100% wool carpets, and they are keeping low the price of wool and wool carpets.

Paulson offers a complete selection of all-wool, all acetate, wool and rayon, and acetate and nylon carpets by the leading manufacturers in the United States of America. (We do not carry foreign carpet.)

All carpets sold by Paulson are guaranteed to give satisfactory service.

New President Associated With Bank for 28 Years

The Rt. Rev. Oliver J. Hart, D. D., Bishop of the Diocese of Pennsylvania, will dedicate the new chapel at Trinity Episcopal Church on Sunday evening, January 13, at 8 o'clock. This service marks the completion of the building project, which has been under way since last March.

The opening services of what then was known as the Trinity Protestant Episcopal Mission were held on Tuesday afternoon, June 18, 1895, at 3:45. Eight years later, on October 18, 1903, Trinity Church was consecrated. At that time it was known as the smallest Episcopal Church in the United States. The original church, which was made of shingles, was for years a familiar sight to residents of Swarthmore. That building was removed last spring to make way for the new addition.

The new chapel has been furnished with three handsome memorial gifts—a new marble altar given by the late Arthur G. Jack in memory of his wife, Mary D. Jack; a carved wooden lectern and parape given by Mrs. J. DeHaven Ledward in memory of her father, Arthur G. Jack, and a matching pulpit and parape given anonymously by a friend of the parish as an act of gratitude for a friendship of years standing. The old organ was removed early in December, and has been replaced by a new Hammond organ.

In addition to the new chapel, there are new office rooms and class rooms, and many other improvements which will mean more adequate facilities for parish programs, and Church School activities.

The architect for the new addition was Howell Lewis Shay of Philadelphia, and the contractor, Robert G. Hibbert of Havertown.

Following the Service of Dedication Sunday evening, there will be a parish reception in the basement of the church.

**CITIZENS CREATE Skating Club**

At the Monday night meeting of the Borough Council consent was given to the newly-formed Swarthmore Skating Club for the use of a portion of the Mason Builders lot on Dartmouth Avenue to be flooded for ice skating. Last Sunday a group of public-spirited citizens, old and young, spent some three hours clearing the area 100 by 100 feet.

A number of other citizens have already contributed money in varying amounts to get the project started.

The Swarthmore Skating Club has been formed with the following officers: William Prentice, president; Robert Amnden, vice president; Joseph Reynolds, treasurer; and Mrs. Gordon Lange, secretary. Other members of the Board include A. Sidney Johnson Jr., who is clearing possible legal obstacles, Oliver Rodgers and Gordon Lange. When the proper legal steps have been taken and the weather man gives a spell of freezing weather the community of Swarthmore will have skating for young and old alike.

Margaret S. Taylor, secretary of the Mason Builders Company, has given time and encouragement to the project and has made it possible for the club to use the property at a purely nominal cost. To insure continuous supervision and efficient operation personnel will be needed and has been arranged. The club anticipates operating expenses will be slight provided willing hearts and hands lend continuous and enthusiastic support. Capital expenses for such items as grading, water and insurance will be borne by donations, so the group asks interested residents to send their contributions to Joseph Reynolds.

It is the committee's hope to have skating start this week. Enthusiasts are asked to watch for future announcements.

**HEADS POLO DRIVE**

J. Roy Carroll, Jr., was named president of the board of trustees of the Swarthmore Presbyterian Church Tuesday night. Heston D. McCray, Jr., became vice-president; William Craemer, Jr., secretary; George M. Allen, financial secretary; James E. Davis, treasurer and Robert G. Erskin, Jr., assistant treasurer.

New Elders elected at Monday evening's annual meeting of the Swarthmore Presbyterian Church congregation and corporation are George M. Ewing, Leslie A. Wetlauber, C. Monroe Albright and Donald L. Hillbard.

New trustees named include Walter A. Schmidt, Robert G. Erskin, Jr., Horace H. Hopkins, and William H. Brown.

**Tri-Delta to Meet**

The Kappa Kappa Gamma Sewing Group will meet Tuesday, January 15, at the home of Mrs. Florence Broomall, 112 Cornell Avenue.

Mrs. John Bird, Mrs. Donald Crosset, Mrs. Richmond Fetherolf, Mrs. Robert Hiker, Mrs. James Lawrence, Jr., Mrs. Horace Knowles, Ann Mabbott and Mrs. Earl Weitz.

**MEDITATION ON THE 15th**

The idea of March, for example, impressed Caesar in 44 B. C., and since 1913 it has depressed a large proportion of the entire citizenry of the U. S. The 15th of each month can be oppressive to employers who pay bi-monthly, but to the employee it's a mark of success.

But to the unlicensed dog barking on the doorstep or in front of the fire, there's one month out of 12—January 16—when it's a day of doom. Dog licenses are STILL available at the five Borough Notary offices. There are four days left.

Little courtesies, like helping Granny off the train, help to make life happier.  
Consideration for the other fellow is the basis of good party-line telephone service, too. If you are always courteous on the telephone, you're sure to find your party-line neighbors the same. Remember the three R's of party-line courtesy — Relinquish the line as soon as possible when you hear others try to use it; Replace the receiver gently when you find the line in use; Regulate your calls so that others may use the line in-between.

**Swarthmore Finds Temporary Quarters**

The Swarthmorean was left temporarily homeless this week when a fire swept the Linwood Plant of Herman H. Truitt, Printer. Monday night's blaze destroyed the shop, damaged the press and effectively cut off the power so that prospects for The Swarthmorean's January eleventh issue looked very sad indeed.  
Through the hospitality of H. T. Busby, president and publisher of The Marcus Hook Herald and Claymont Clipper, The Swarthmorean was assured of this week's issue and with his friendly cooperation was able to send it out promptly.  
Readers will understand, therefore, a change in the type of headlines, and other minor variations that may appear.

### Clubwomen Hear Mrs. Helen Heydrick

At the Stated Meeting of the Woman's Club held Tuesday afternoon, Mrs. Robert D. McDonald, Chairman of Health, Delaware County Federation, gave a brief talk on the arthritis drive, emphasizing the educational aspects. Mrs. Joseph M. Hebb, county chairman of Welfare, told about the County Federation project of furnishing the kitchen of the Delaware County Branch of the Pennsylvania Association for the Blind in Chester, and urged all to contribute.

After the business meeting, Mrs. Helen E. Heydrick was introduced by Mrs. Judson R. Hoover, Jr., chairman of the health and welfare department. Mrs. Heydrick spoke on "The Art of Living Together."

She showed the materials from which we build the art of living together. Little habits in others may annoy us until we realize we also have irritating ones. She quoted, "It's the little things of life that hurt us and help to hold us back. You can sit on a mountain, but you can't sit on a tack." For the materials, we must look at ourselves, consider our weak spots, then look for the good qualities in others, — qualities they may not even know they possess.

"We must acquire the skill of living together," said Mrs. Heydrick, and mentioned several tools needed in learning this skill. As the first, she listed humor; no situation is so tense that a smile and a sense of humor will not ease. Then there is the tool of appreciation. Learn to tell people when they have done a good job, — write a little note or say something.

The tool of expressed affection is needed, — let people know that you like or love them. Faith is another tool, — faith in yourself, faith in God, faith and belief in your fellow men. In concluding, Mrs. Heydrick discussed the tool of personality, "the sum total of all you are," how you walk, how you talk, how you shake hands. There is great value in the sound of the human voice and the touch of a kindly hand.

The last tool mentioned was work. Nobody dies from overwork, but from fussing over the tensions of life. "Think of your work, not your troubles. Having built on the materials suggested and acquired skills through these various tools, we can become adept in the art of living together. Then the world would be a pleasanter place, and harmony would come out of what so often seems chaos."

### '51 Grad Featured In Concert Tonight

The winter concert of the 40 piece Swarthmore College Orchestra, being given tonight, January 11, at 8:15 in Clothier Memorial, will feature the Boccherini Cello Concerto in B Flat Major with Jerome Goodman as cello soloist.

This is the same work played by him last summer, under the direction of Pierre Montoux, at the Domain School, Hancock, Me., where he was also cellist in a string quartet of which Pierre Montoux was the violinist. Goodman, a 1951 graduate of Swarthmore High School, is at present a freshman at Swarthmore College.

The introductory number of the evening will be Haydn's clock Symphony, Symphony 101. This number, written in 1794, was so named because a realistic imitation of the ticking of a timepiece is heard in the second movement.

Mendelssohn's Symphony No. 5 will be the final number. This is the so-called "Reformation" Symphony, and was composed in 1803; Mendelssohn included in the finale the familiar hymn of Martin Luther, "A Mighty Fortress is Our God."

### Abergast Scheduled As LWV Speaker

The League of Women Voters of Swarthmore will open the year of 1952 on Friday, January 18 with a luncheon at Whittier House at 1 p. m. The speaker will be Clyde Abergast, chief consultant to the Health and Welfare Council in the Health Division for Philadelphia, Delaware and Montgomery Counties.

He holds a master's degree in public health and was formerly health education secretary of the Philadelphia Tuberculosis and Health Association, later becoming health education secretary of the Pennsylvania Tuberculosis Society.

**Lacrosse Lures Devotees South**

**Mutual Interest Brings Coaches, Players To Confer**  
The Lacrosse Forum over the Christmas holidays and the Shrine sponsored exhibition game on December 29 in Palm Beach, Florida, lured several Swarthmoreans.

Avery F. Blake, lacrosse coach at Swarthmore College and Amherst avenue resident was chosen head coach for the North team, with Percy Beifeld, University of Pennsylvania coach and Michigan avenue resident one of his assistants. Avery, Jr., was co-captain of the team and his play at mid-field was highly praised by the watching experts and crowd. The South won 12-9 but the game was tightly contested, contrary to expectation.

Orville Wright, Swarthmore College lacrosse team, also played for the North. Ferris Thomsen, Princeton University coach and former Swarthmore resident, directed arrangements for the Forum and announced the game as it progressed. His wife, the former Helen Walter daughter of Mrs. G. E. Sulloway of North Chester road, was with him and sufficiently recovered from her discouraging illness to be able to actively participate in the program.

Tommy and Lennie Thomsen were on the North Squad.

Marshall Gatchell, a former Rutledge resident who played box lacrosse in the days when Swarthmore had a local box on Sixth Haven avenue, and his wife came from their Jacksonville home to join the Forum for several days.

**Morey Lecture On Medieval Art**  
A lecture entitled "The significance of Newly Discovered Medieval Wall Paintings at Castelsoglio" will be presented by Dr. Charles Rufus Morey, professor emeritus of Princeton University, January 13 at 8:15 at the Swarthmore College Meeting House. The lecture will be illustrated by colored slides.

Dr. Morey was for 20 years Marquand Professor of art and archaeology and chairman of the fine arts department at Princeton. Upon his retirement, he was appointed Cultural Attache to the American Embassy in Rome. There he subsequently discovered several medieval frescoes, which have helped modify contemporary art theories. Often hailed as the "dean of American medieval art historians," Dr. Morey is now a lecturer on fine arts at the Institute of Fine Arts of New York University.

**Why it is Necessary to Raise Telephone Rates**

Like any other business, this Company has been hard hit by the continued upward surge in the cost of running a business.

The cost of everything that goes into furnishing telephone service has continued to go up.

Expenses are increasing at a substantially faster rate than revenues—in spite of the savings resulting from new and improved equipment and methods of operations.

Like any other business, we must buy materials, services and supplies at prices that have continued to rise.

Like any other business, we have had to meet sharply mounting taxes which affect the cost of any product or service. In the last three years, our Federal and State tax bill has more than doubled.

Like any other business, we are paying substantially higher wages to keep pace with the general trends. Wages are by far the biggest single item of telephone expenses.

The result of higher costs, higher taxes and higher wages has been a sharp downward trend in earnings on our plant investment which has been greatly enlarged in the past three years.

The increase in telephone rates which became effective in 1949 falls far short of offsetting these factors which have developed since that

time. That was the only increase in our telephone rates in the last twenty-eight years—in striking contrast to the increase in cost of almost everything else.

Under these circumstances, we must raise our prices . . . like any other business.

But . . . before this Company's rates can be raised, they are subject by law to investigation and review by the Pennsylvania Public Utility Commission.

Thousands of people in Pennsylvania are waiting for telephone service. Thousands more apply each month. We must take care of them. In addition, we must continue to furnish good telephone service for our customers. And, finally, the vital communications requirements of National Defense must be met.

To do the job, we must continue to expand.

But, unlike many other businesses, we—as a public utility—do not get the dollars needed for large scale expansion from the money our customers pay us for service. Money to expand telephone facilities must come largely from investors. And we must, of course, pay a fair return for the use of their dollars.

It is in the public interest that the Telephone Company be in a sound financial position so that it can continue to discharge its responsibilities.

We have mailed to each of our customers information on the rate changes for his community. Complete schedules of these rates are now on file in our Business Offices.

## Wilcox Speaks At Annual Banquet

Close to 200 members and guests of the Swarthmore Mother's Club attended the annual Mothers' Night Dinner which was held by the club last evening at the Woman's Clubhouse.

Clair Wilcox, Wharton Professor of Political Economy at Swarthmore College addressed the group on "The Class Struggle in America." This struggle, he described, as competition among organized groups of producers to control the distribution of the nation's wealth. "Too many of us," he said, "are attempting to seek salvation not through measures that will produce a larger national product, but through measures that will obtain a larger share of the produce for the members of our particular group."

Mr. Wilcox then contrasted this struggle against possible cooperation among the groups of producers—business, labor and agriculture—to turn out a greater total national product. He credited labor with the greatest economic power; agriculture with the greatest political power. "This political power," he emphasized, "lies with the sturdy individualists who till the soil... somewhere between the haystack and the barn."

In concluding Mr. Wilcox said that group scarcities do not bring general plenty.

At the speakers table were Mrs. Raymond K. Denworth, President of the Swarthmore Woman's Club, Mr. and Mrs. D. Mace Gowing, Mr. and Mrs. Wilcox, Mr. and Mrs. Thomas G. Casey, Mr. and Mrs. Edmund Jones, Mr. and Mrs. E. H. Bauer, and Dr. and Mrs. John B. Roxby.

## Boro. Fathers Discuss Budget

Swarthmore Borough Council discussed the proposed 1952 budget totaling \$1,111,417 at the Monday night meeting which followed its reorganization. Current assessed valuation in the Borough is \$6,594,000, an increase of \$1,000,000 over the 1951 total.

A four per cent increase in pay was voted for borough policemen by Council.

H. Lindley Peet was elected to his second term as president. Elliott Richardson was re-elected Borough Secretary, Harold Ogram was re-named Borough Secretary. C. D. Schlosser, Jr., was sworn in as Borough Auditor.

John M. Pearson was seated for his second term and reappointed Chairman of Public Safety. Walter H. Nason and Ambrose H. Van Alen were seated for their first terms, Nason being appointed as chairman of Public Property and Van Alen as chairman of Accounts.

Charles G. Thatcher was named chairman of Highways, Frank M. McCowan chairman of Finance, and Thomas W. Hopper chairman of Sewer. Reappointed were Mary P. Dodd, collector of sewer rents (one year); George Ewing, Board of Adjustment (six years); Philip W. Kniskern, civil service commission, (six years); Dr. J. Albright Jones, health officer and milk inspector

(two years); and Mrs. Joseph Seal, assistant health officer (two years); Ambrose VanAlen and Mrs. Peter E. Told library board (two years); Gus Houtman, engineer, (two years).

At the request of a delegation appearing before Council to protest the use of Westminster and Rutgers avenues and Strath Haven avenue between them by heavy trucks and to learn how to have the Borough assume the undedicated parts of those streets, Council ordered a title search made at the cost of \$50, as the first step in any action.

A proposed petition drawn by a committee of residents to protest a mid county highway near the Borough was debated. Council is already on record as opposing a new highway through Swarthmore.

Plans presented by C. H. Prentice and Gordon Lange for an ice skating rink on Mason Builders' lot, Dartmouth avenue, were declared in agreement with the zoning ordinance.

The bid of Joseph F. Ellis of \$2183. to install a traffic light at Chester road and Baltimore Pike was accepted by Council.

A letter was read from H. B. Lincoln in appreciation of kindly and courteous help by the police force.

## Two Memorial Funds Will Operate In Area

Free Nursing, Education Funds Commemorate E. S. Sproat Mrs. A. F. Jackson

Two memorial health funds are established by action of the directors of the Community Health Society of Central Delaware County at the first monthly meeting in 1952, January 10.

One, an endowment fund to provide free nursing care, commemorates the more than 30 years of work and support given as a board member to the Society by Mrs. Andrew Francis Jackson; the other, a scholarship fund available to the agency staff, is established in memory of Eric S. Sproat, the Society's assistant treasurer for the past 10 years and director and advisor for many years prior to his death.

Both were members of the Board at the time of their deaths in December and the loss of their wisdom and experience is deeply and partially expressed in the following Memorial resolutions adopted by the Board, Thursday, January 10.

**Jackson Resolution**

"Whereas, Mrs. Andrew Francis Jackson contributed outstanding service to the Community Health Society as a President and as a Director from the beginning of the organization; and through her interest, inspiration, and leadership promoted the aims and accomplishments of the Society, and at all times served as an inspiration to those associated with her; and

"Whereas, the Board of Directors of the Community Health Society deem it proper and desirable to commemorate Mrs. Andrew Francis Jackson's valued contribution in suitable manner; therefore,

"Resolved, That the Board authorize the proper officers of the Community Health Society of Central Delaware County to establish an endowment fund to provide free nursing care in memory of Mrs. Andrew Francis Jackson. This is to be known as the Elenita Allis Jackson Nursing Day.

(Signed) Elizabeth Propert Ireland, President

**Sproat Resolution**

The second resolution is as follows:

"Mr. Eric Sparhawk Sproat from the beginning of the organization of the Community Health Society served in an advisory capacity and in such capacity gave untriflingly and generously of his time and served as a continuous board member for many years and served as assistant treasurer for ten years, in which time his interest and counsel guided and inspired all those associated with him; and

"Whereas, the Board of Directors of the Community Health Society deem it proper and fitting to commemorate Mr. Eric Sproat's service in suitable manner; therefore,

"Resolved, that this Board authorize the proper officers of the Community Health Society to establish a scholarship fund available to the Staff of the Community Health Society to provide further opportunity for education. This is to be known as the Eric Sparhawk Sproat Memorial Fund for Scholarship.

(Signed) Elizabeth Propert Ireland, President.

The Community Health Society Office in Borough Hall may be called, SWarthmore 6-3498, for information about the funds and contributions to either or both of them.

## Miss Allen Returns After Hand Injury

Virginia Allen, senior girls physical education teacher at the high school, returned to her classes today after a ten day absence. Early last week Miss Allen seriously injured her left index finger while carrying out her duties in the gymnasium. Treatment at Taylor Hospital involved an extensive tissue graft.

Miss Allen has headed the girls program in Swarthmore for many years and has been largely responsible for the development of outstanding girls physical education and sports program which has helped make Swarthmore Schools well-known in Eastern Pennsylvania.

## Elm Avenue Resident Receives State Award

Mrs. William Jaquette To Be Honored At Tues. Ceremony

A Swarthmore woman will be significantly honored when the Pennsylvania Citizens Association for Health and Welfare presents the 1951 Award for Outstanding Public Service next week in Philadelphia. Cited by the association as the "individual who has made the most significant contribution to the health and welfare programs of the Commonwealth," Mrs. William A. Jaquette of Elm avenue will receive the award at the annual meeting of the association Tuesday night at the Warwick.

In announcing the selection of Mrs. Jaquette last Monday, Owen B. Rhoads, president of the association said that "in Pennsylvania her name is symbolic of high standards and devotion to the improvement of family life and child welfare."

A member of the school board of Swarthmore from 1918 to 1928, Mrs. Jaquette's public service includes first chairman of the Board of Public Assistance of Delaware County, president of the Delaware County Welfare Council from 1936 to 1942, president of the Delaware County Child Care Center Association from 1944 to 1949, member of the Juvenile Probation Service Citizens Advisory Committee, a member of the Board of Health and Welfare Council and the Delaware County District Committee.

She has been a member of the Board of Pennsylvania State Hospital at Norristown and in 1938 was president of the Pennsylvania Conference on Social Work.

Mrs. Jaquette, the wife of the late Dr. William A. Jaquette, prominent Philadelphia dentist, is the mother of four children: Dr. William A. Jaquette, a pediatrician in Seattle, Wash.; John J., president of the Junior Chamber of Commerce in Hawaii; Daniel S., a veterinarian in Dover, Del.; and Mrs. John (Arabel) Porter of New York City, an executive editor of the new American Library Books.

Mrs. Jaquette, at present sojourning in Florida, will receive the award in absentia.

## Duncan Collapses At High School Mon.

Eugene Duncan, who for more than a quarter of a century has headed Swarthmore High School's mathematics program, collapsed at school Monday afternoon and was taken to Taylor Hospital where a serious heart ailment was diagnosed. At present no visitors are permitted.

He is not expected to return to his classes for a number of weeks. Mr. Duncan, who came to Swarthmore from Princeton University where he achieved Phi Beta Kappa recognition, resides at 615 Yale avenue.

## Porchlight Campaign At Seven Jan. 22

Whistles Tuesday Night Initiate March On Polio

The Mothers' March on Polio on January 22, from 7 to 9 p.m. will be the climax of this year's drive for funds which are needed more than ever to care for victims of this past season as well as those of recent epidemic years who still need aid. When the sirens and whistles begin to blow at 7 o'clock next Tuesday night, you will know it is time to turn on your porchlight so the mother canvassing in your block will be sure you are ready with your contribution. This will be the only collection, so whether the gift is large or small, that will be the time to give it. Those who are not available at that time are asked to get in touch with the nearest worker.

Mrs. J. V. S. Bishop, as drive chairman, lists the following captains: Mrs. Milton H. Fussell, Mrs. S. B. Brewster, Mrs. George Armistead, Mrs. Johan Natvig, Mrs. J. Alfred Calhoun, Mrs. Victoria Herndon, Mrs. Sadie Quinlan.

## W.I.L.L. Study Group

A study group on "World Reconstruction—United States or United Nations" is to be held by the Women's International League on three successive Thursday evenings beginning January 24 at 8 at the home of Mrs. Joseph Conard, 132 Park avenue.

As economic pressures are considered one of the greatest causes of war, the United Nations and the United States through its Point Four program are making efforts to relieve these tensions in many parts of the world. In order to learn of this constructive approach to the peace or war problem, the W.I.L.L. offers this opportunity to all who are interested in joining the discussion.

Mrs. Roy McCorkel will be chairman of the meetings. Mrs. Roderick Firth will present the Point Four program on January 24 and Mrs. Joseph Walton will summarize the projects of the United Nations for World reconstruction on January 31. All are welcome to attend.

## Legal Issues Delay Outdoor Skating Rink

The executive committee of the newly-formed Swarthmore Skating Club has announced that there will be some delay in completing arrangements for an outdoor skating rink on the Mason Builders site.

The recent death of Mr. Mason has left the property in the hands of three executors who are now clarifying legal issues concerning the estate. Meanwhile the executors feel they must withhold permission to proceed with the plans announced in last week's Swarthmorean.

The Club's officers are hopeful that the necessary arrangements can still be completed before the end of cold weather. They have asked all supporters to turn out this week-end to finish preliminary work at the lot and to watch The Swarthmorean for further developments.

Joseph Reynolds, treasurer, will still accept donations. All gifts will be returned in the event that operations can not be carried out this winter.

Mrs. Owen W. Gay of Wallingford Hills will entertain the retiring Board members of the Woman's Association of the Swarthmore Presbyterian Church and the six incoming members at a luncheon at her home on January 30.

## Three Direct Current Hit At Players Club

Audiences Pack Theatre For Spewack Satire

Light but pointed, lavish with humor, "Two Blind Mice," January show for the Players Club of Swarthmore, winds up a week of thoroughly enjoyable performances tonight and tomorrow night at the clubhouse theater on Fairview rd.

Admirably presented by veteran director A. Francis Jackson, with Nat Doughty and Charles F. Seymour, the large cast of 26 does complete justice to Samuel Spewack's jaunt into Washington rubber stamps, reports, duplicate copies, initialled agencies, scoops, securities and just plain gab.

Gabbiest of them all in the role of "Tommy Thurston, co-director Doughty carries the burden of the show with his characteristic ease and ability. As the prime instigator of the events, he is priceless. Attractive inspiration and foil to his machinations is Jean McGlathery as his ex-wife Karen Norcross. Miss McGlathery's performance is a convincing one and proves her previous experience with the part in Summer Stock.

Delightful and refreshing as the proprietors of the abolished office of Medicinal Herbs are Alice A. West and Mary Ryan O'Brien. They provide excellent contrast to each other, and as a team offer genuine pleasure. Mr. Seymour, another hard-working director appearing before the lights, does a nice amusing job of the earnest Dr. McGill. But he, like Ensign Jamison, played by David Fisk, and indeed, the entire cast, must be seen to be appreciated.

Justifiable commendation eludes the reviewer for this well chosen cast which boasts a complete lack of "duds" in the line-up. You can't mention Bunny Abbott, presenting the stuffy front of a state department employee, without including Walter Ziesmer, Major in the Army, or Thomas Lueders, the student of the rhumba, or his alluring teacher played by Isabel R. Seymour, or David Narbeth as Blom the panis presser. They are indispensable. Then there is Robert S. Gillfillan, Jr. as the irritated Senator Kruger, James Feight as the newspaper man, Ward H. Speer as Col. in the air force, George H. Jarden as Navy Commander, not to mention William E. Gibson the mailman, Dr. George Warren, sergeant, Col. H. C. Mabbott and Michael Cossacio visitors, and of course the choir, promptly and obligingly supplied by J. Burriss West, Charles Knoll, Alice Putnam, Tom Hopper, Otto Kraus, Charlotte Mass, H. C. Mabbott, Caroline Keenan (and, it is suspected, vallant members of the various crews, back stage.)

It's a play and a cast that audiences in increasing numbers are nightly jamming the clubhouse to see.

**Girls' Five Make Season's Debut**

The girls' basketball team made its 1952 debut last week in a thrilling contest at Lansdowne High. The final score was 29-26 in favor of Lansdowne; as the lead changed hands throughout most of the game.

The starting Garnet six were Captain Sally Gaskill, Shirley Coleman, Judie Reese, guards, and Ginny Gehring, Chris Ford, and Connie Knowles, forwards. Rounding out the varsity players were Pat Blake and Marilyn Green, forwards, and Dolores Zensen, guard. Connie Knowles, a senior, was high scorer for Swarthmore with 11 points while Captain Gaskill was particularly outstanding at her guard position.

The J.V. game was very exciting as Lansdowne won in the final seconds, 27-26 on the fouls shot by Aggie Watson, ex-Swarthmore pupil. Barbara Dunn of Swarthmore led all scorers with 18 points. Nancy Saunders and Jane Leavitt also were forwards, and Maryellen Hopper, Liz Forsythe, Lorraine Saunders, and Ida Lewis played guards. Captain for the game was senior Lorraine Saunders.

Yesterday Swarthmore played at Haverford, and on January 24, Glen-Nor meets the Garnet in a home contest.

**AGAINST U. M. T.**

To the Editor:  
Our founding fathers came to America to find freedom—freedom from permanent universal military conscription as well as freedom to worship as their consciences directed. America is now facing the possibility of losing that freedom by having UMT thrust upon us if concerned Americans make no protest. Shall we biminy say that because UMT has helped Poland, France, Germany, Italy and Japan into war and defeat, that it would save us? The only large nations in twentieth century warfare which have not suffered defeat are Britain and United States—the only two great nations which have not had a long history of peacetime conscription.

General MacArthur, who has warned America not to consider UMT until the Korean situation is all cleared up, says in the January 1951, issue of the American Legion magazine that he feared the effects of the uncured "military mind" and further declared that the increase in the size of the military "carries within itself the very germs to freedom's destruction."

As a minister I am deeply concerned about the moral effect UMT would have. For example the venereal disease rate in the Army is 37 times that of college men of the same age. Army morals are notorious for sinking to the lowest common denominator and UMT would be essentially Army life for our boys at their most impressionable age.

UMT is called democratic because it would affect all youth. If that is the standard of democracy, then slavery is democratic and Hitler's Germany and Stalin's Russia would be examples of democracy. UMT is not needed now or later.

If we do not enjoy the prospect of further crushing taxes, permanent slavery for America's youth, and suicidal war, we should express to our Congressmen our disapproval of un-American UMT.

**Boys Play on Home Court 7:15 Tonight**

The Swarthmore High School's basketball team has been unable to get a league win so far in three starts. They have been playing sound, aggressive basketball, but cannot seem to come through in two very important phases of the game, namely shooting and backboard work. Lack of height in most positions makes it difficult for the local five to regain possession of the ball.

Games have been played against Prospect Park, Eddystone, and Glen-Nor. The latter game, played on Glen-Nor's floor proved to be a thriller. The little Garnet jumped to a 9-0 lead and held a substantial one throughout most of the game. Going into the last quarter Swarthmore led by 13 points, but failed to get more than six in the last stanza. Glen-Nor, in the meantime, began to throw the ball through the hoop at all angles and over-took Swarthmore with two minutes to play. The little Garnet fought back, came within two points, but was unable to tie the score with 5 seconds to play. Final score, Glen-Nor 46- Swarthmore 44.

Tonight Swarthmore plays host to Conshohocken, another league team in section III. The starting line-up has been varying between Bob McHenry, Bob Allison, Jim Tucker, Howard Shearer, Lee Swan, Bill Hook, Bill Kauffman and Don MacEwee. Some of the remaining members of the squad show great promise in ability and desire. They are Don Stromberg, Bill Ziegenfuss, Jim Carter, Bruce Gemmill, Jack Thompson and Kenny Wright. Game time is 7:15.

Mr. and Mrs. Robert Arnold of Wallingford Hills will entertain at a small dinner at their home this evening.

Dr. Amy Howland Relates Long Interest In Rehabilitation Of Physically Handicapped

Dr. Amy R. Howland, author of the National Physical Achievement Standards for Girls and 1947 recipient of the New York State Health and Physical Association Service Award for outstanding service to her profession, discussed improvement in the Care of the Handicapped Tuesday afternoon following tea at the home of Mrs. Harold March, Elm Avenue. A graduate of Sargent College of Physical Education, Dr. Howland, who leaves for Paris next week with Edith Phillips of the Swarthmore College Language Department with whom she now makes her home at 517 Elm Avenue, was in charge of the recreation program for American forces in Siberia in the first World War. Later after extensive travels she conducted teacher training demonstrations in Japan. She taught in public and private schools in Massachusetts and Pennsylvania, and for 27 years was director of physical education in the public schools of Mt. Vernon, N. Y. Dr. Howland has a long interest in rehabilitation and tied her talk Tuesday to the achievements of the National Infantile Paralysis Foundation which has grown in 13 years from almost nothing to over 2000 branches and research centers in 28 institutions and the employment of over 8,000 therapists. Her interest is in the much larger group, estimated at over 20,000, 000 civilians totally or partially handicapped. Dr. Howard Rusk, she named as the single person to concern himself with this economic burden on a national scale. His work and fund raising has resulted in the experimental Medical Center in New York to which the Rockefeller Foundation, the Horowitz Foundation, of Bernard Baruch, and the March of Dimes have contributed over \$1,000,000. She described the work of mobility and rehabilitation centers set up by Women's Clubs, chambers of commerce, Goodwill Industries, councils of social agencies and of the national organization of Indoor Sports with local chapters to promote normal social contacts for handicapped persons. She described the development of the Jo-Jo game series and the work of the Red Cross in training leaders to provide common recreational experiences for the normal and the handicapped. She related with enthusiasm the work of school officials in Iowa where children at home can go to school by telephone with the feeling of direct contact with classmates and teachers. Dr. Howland hopes upon her return to do volunteer work in the setting up of a badly needed clearing house for information about corrective devices and thus speed the work of rehabilitation in this field understaffed, under-supported by public and financial interest.

**Girls' Team To Play Media High Thurs.**

Swarthmore High girls' basketball team lost to a superior Havertown squad in an away game last Thursday with the final score 36-24.

Topping the point marker for Swarthmore was Senior Ginny Gehring with 11, while Chris Ford was the runner-up with 8. Pat Blake, Marilyn Green and Dolores Zensen, (switched from guard in the absence of Connie Knowles) also saw action as forwards. Captain Sally Gaskill displayed outstanding ability at her guard position. Often the fine interceptions of Lis Forsythe, Judie Rees, and Shirley Coleman kept the opposition from scoring. The Havertown team, which has yet to lose a game, deserved much credit in gaining a well-earned victory.

The score of the J.V. game was 41-16 in favor of Havertown. For the Swarthmore team, Cathy Weldon and Maryellen Hopper were elected co-captains. High scorer was Nancy Saunders with 8.

Yesterday they encountered Glen Nor in a home game. On January 31, Media High will meet the Gar-

net girls on Swarthmore's floor. All home games start at 3:30 in the afternoon.

These projects are a part of the United Charities program, a division of the social studies curriculum.

**School Board Awaits Survey Com. Report**

Anticipating a need for several additional classrooms for elementary school pupils next fall School Board, in its January 18 meeting, discussed borrowing use of a local church or the present library building since school structures are at full capacity and no extension to them seems possible by September. Overflow registrations in lower grades have resulted in an increase of a class a year for the past few years. Further congestion is expected to be predicted by Carroll P. Streeter's survey committee at a special meeting of the Board on January 30. With concrete reports on needs of the immediate future and indicated trends of longer range the Board will concentrate on temporary solutions while it attempts to figure what new school grounds, buildings or building extensions will ultimately be required.

The Board changed the forfeiture clause in the local scholarship grant to enable recipients to receive a total of \$800 from outside and local sources. The previous limit was \$400. Thus if a student wins an award of \$500 from a prospective college he can only accept \$100 from the high school fund, assuring more equitable distribution of local scholarship money.

The maternity leave of Mrs. Robert Souler, high school librarian, who bore a son in October, was extended till the end of the year. The sick leave of Mrs. Nell Delaplaine was extended into the second semester and Eugene Duncan was granted several months to recuperate from an attack of cardiac thrombosis.

Henry Hofmann, social studies teacher, was named principal of the six-week summer high school sessions. A continuation of Mrs. Helen Hall's annual developmental reading classes in the high school was authorized for this spring.

Local teachers studying elementary building needs from the pupil standpoint were granted permission to close their classes early occasionally in order that they might observe nearby schools while pupils were in session. The attendance of Supervising Principal Frank R. Morey at the

**Capacity Audience Hears Cousins**

Norman Cousins, speaking before a capacity audience in the Friends Meeting House Monday evening, told the United World Federalists' assemblage that he is not a pessimist but neither a reckless optimist. "India has the world's largest refugee problem," he said, "and yet they declare in reply to the United States 'Keep your wheat and we will keep our pride.' The atom bomb would have no power against the village civilization of China, India and other scattered populations, yet they fear the white man with a gun and stressing the color line.

"We do not need a master race but all nations should have their wants considered. The United States is new on the world stage and governments can move no faster than the people.

"World Government will come," Mr. Cousins prophesied. "But will it come before another war? The world is starved for leadership and the United Nations is neither adequate nor un-inspired. We need not a steam-roller world but one safe for differences with an adequate disarmament program."

George Hardin of Lansdowne, who acts in an advisory capacity for the Philadelphia Council and recently was a delegate to the Rome meeting of the World Movement for World Federal Government, opened the meeting and introduced Robert Amsden, principal of the Swarthmore High School as moderator of the meeting. Mr. Amsden presented Norman Cousins as one of the really significant personalities of our time.

A series of programs on United World Federalism will be started on Sundays at 5 p. m. on WPWA with informed speakers.

**Boys Win 47-46 Over Conshohocken**

Swarthmore won a thrilling game on Don MacElwee's last minute goal over league rival Conshohocken last Thursday night, January 18. The final score was 47-46. The Little Garnet opened up with a fast pace and kept it up throughout most of the game. They led most of the way but were overtaken near the end, and had to come from behind in order to tie the score. Don Stromberg dropped a foul shot to force the game into overtime.

Two units of five boys were used throughout the game. This tended to wear down the rival and especially showed its effect during the overtime, when Conshy jumped ahead by three points, but the Swarthmore boys had plenty of steam left to press, steal the ball, and eventually overtake and win out.

Tuesday afternoon saw the Little Garnet again play a thrilling game, but lost to Ridley Township by a 47-44 score. The five boys who worked in the first unit were Bryce Gemmill, Jim Tucker, Captain Bob McHenry, Bob Allison and Lee Swan. They jumped to a fast lead and held it until the second unit composed of Bill Kauffman, Don MacElwee, Howard Shearer, Bill Hoot and Don Stromberg entered. They proceeded to play at a fast clip and run up a lead of 11 points. During the third period Township found the range and dumped in 18 points to Swarthmore's 7. With a few minutes to play Township was ahead by 7 points, but Swarthmore would not give up and pressed within 3 points before the end of the

**For Outperforming all other American Cars...**

In the Grinding Tests that Won it the Motor Trend Magazine Award, Chrysler proved itself the Best Engineered Car in America

- CHRYSLER SURPASSED ALL OTHERS WHEN MOTOR TREND TESTED FOR:**
- ★ Average Braking Distance in Feet
  - ★ Ton Miles per Gallon
  - ★ Average Acceleration in Seconds
  - ★ Acceleration Over Standing 1/4 Mile in Seconds
  - ★ Average Top Speed in M.P.H.
  - ★ Maximum Road Horsepower
  - ★ Pounds per Road Horsepower
  - ★ Maximum Torque in Lbs.-Ft.
  - ★ Maximum Brake Mean Effective Pressure
  - ★ First in Total Points

15 different American stock automobiles—equipped as you buy them—were driven by Motor Trend Magazine as hard as steel and rubber can be driven. In these actual road tests of efficiency and performance, measured by the most accurate instruments obtainable, Chrysler proved itself superior to all others. In 13 tests Chrysler was first in 7—tied in 2, making a total of 9 out of 13... and first in total points!

Only by taking an engine to the limit of its potential, only by turning the corners at high speeds, applying brakes for emer-

gency stops, torturing body, springs and shock absorbers, can you learn just what performance you can expect from the make of car you drive. Results of the Motor Trend tests were conclusive... as Chrysler, again, proved itself the one best car in America.

The Motor Trend Award, like the numerous other honors today's Chrysler has won, is both a proof of and a tribute to Chrysler's magnificent FirePower engine and master engineering. Each demonstrates why, among men and women who know automobiles... Chrysler is always the first choice.

**College Offers Series On "Point Four"**

**Cooper Foundation Schedules Six Experts On Public Affairs**

"Point Four," President Truman's controversial program to develop the less fortunate parts of the world, is the subject of a recently announced lecture series, "American Aid to Under-developed Areas," to be given on the Swarthmore College campus beginning Sunday, February 3 and running for six successive Sundays. The series will feature a variety of men from public affairs whose knowledge and experience makes them experts in their fields.  
The William J. Cooper Foundation, which periodically brings speakers to the college community in an attempt to broaden it by closer contact with world problems, sponsors the series. It will emphasize the problems confronting the program and the contribution which the United States can make to their solution.

The opening lecture will be given by James P. Warburg, whose topic will be "The United States and the Underdeveloped Areas." After graduation from Harvard, Mr. Warburg embarked on a long and successful career in business and banking. Mr. Warburg will present an overall view of this problem, emphasizing the rise of the peoples of the submerged areas and their relations with other powers of the world.

On February 10, George Hakim will consider "A Near East View of the American Program." As counselor of the Lebanon Legation in Washington, and their spokesman in the United Nations, Mr. Hakim will review the problem from the Near East's viewpoint and make appropriate criticisms.

"American Foreign Policy and the Underdeveloped Areas" is the subject chosen by Henry F. Grady for his lecture on February 17. Mr. Grady has a close knowledge of the international scene and a broad background in government as ambassador to Iran, most recently, and Greece and India earlier. His lecture will consider the question from the point of view of the countries to which he was sent as an ambassador.

**Additional Lectures**

Albert Mayer is the fourth speaker on February 24. His subject is "Project Report from India." An architect, Mr. Mayer is especially interesting in town planning. His approach to this problem will be more specific and will deal with the organization and difficulties of setting up a specific project. He has recently returned from such work in India having been invited by Prime Minister Nehru.

Another lecture, "Puerto Rico: An Example of Cooperation Between Public and Private Capital," will be presented by Beardsley Ruml on March 2. Mr. Ruml's past experience includes the Chairmanship of the Board of Directors of R. H. Macy and Co., and of the Federal Reserve Board of New York City. He will approach the problem with the attitude of a private businessman, pointing out the obstacles and problems of setting up workable industries.

On March 9, Jacob Viner, Professor of International Economics at Princeton University, will speak on "The Economics of Development." Mr. Viner, a former assistant secretary of the Treasury, will talk about the effects of Point Four and the technical problems involved in the development.
