Committee Busy **Details of Boro's** Fall Outlet

Returning vacationers are reminded that the Woman's Club Fall Mutual Exchange is conveniently just ahead, Tuesday September 21, and Wednesday September 22. Settlement date is September 24. Right now is the ideal moment to sort out those winter items a vacationing family has shot right out of, get them cleaned, mended, into the kind of condition that sends them straight to a new and delighted owner.

LATE FOR SCHOOL

Goran Lindgren, the 17 year old Swedish exchange student will be late to school this September. Due to red tape concerning his visa, Goran, who was scheduled to arrive in Swarthmore August 28 after docking in Quebec four days earlier, will be unable to attend the opening days of school. He is expected to be here by the middle of September.

While in Swarthmore, Goran will live for a time with Mr. and Mrs. Lyman A. Darling of Lafayette avenue, whose son John is a senior this year and with Mr. and Mrs. H. Lindley Peel of Columbia avenue, whose son Craig is also a senior.

Goran will be the second foreign student to be a Swarthmore School guest since World War II. He is from a southern Swedish country town, Tollarp.

Since everyone has been caught by red tape's web of delay in some manner Goran's delayed arrival is understood and even envied by his eagerly waiting high school classmates. After all, who can suffer from a school tardiness when government red tape offers the best possible excuse?

Mr. and Mrs. Paul Williams have returned to their home on Vacation at Sebasco Estates, 1,199, a gain of 88 over a year Hamilton Hamilton

SCHOOL YOURSELF...

You can learn the easy way—by being extra careful when you drive through school zones and other places where children are likely to be playing close to traffic—to protect children from injury or death. You can learn the hard wayby being responsible for a heartbreaking accident involving a child.

Last year in Pennsylvania, 70 children between the ages of 5 and 11 were killed in traffic accidents. In addition, 12 others were killed while riding bicycles.

And in the same age-group, 3,476 children were injured while walking or playing. While riding bicycles, 693 were injured.

Now, often the driver isn't entirely to blame, but that fact doesn't help the child who is dead or crippled. You must school yourself to drive slowly ... be on the alert ... ready to make sudden, unexpected stops . . . wherever children are.

School yourself to save our children,

Mrs. Stuart Decides Against School

A letter from Mrs. Alvah W. Stuart announced abandonment of her plan to operate a nursery school at her home on Vassar avenue, was received. Mrs. Stuart was granted permission to operate the school on the site, with restrictions, following a public hearing several weeks ago. The letter gave no reason for Mrs. Stuart's change of intention other than a mention that she had discovered one neighbor who had signed a petition saying residents of the area were willing to have the school operated there, had really not been in favor of it.

Nine-year-old Sandra Althouse is recuperating at her home, 516 Rutgers avenue, from a mutilated left arm sustained at 5 o'clock Sunday afternoon when one of a group of neighborhood children. she was climbing on a fence at the back of the Rutgers avenue school, slipped and caught her arm on the jagged wires which top the fence. Sandra, the daughter of Mr. and Mrs. Samuel L. Althouse, is a fourth grade student at the school.

Alice Grogan, of 520 Westminster avenue, a sixth grader also playing at the playground which is bordered by the fence, assisted Sandra in reaching her home where Dr. Arthur H. Silvers, of 509 Rutgers avenue, attended her and rushed her to Chester Hospital where he was required to use over a half-hundred stitches to close the tattered wound extending down the inside of the arm from elbow midway to wrist.

While carefully watching for any signs of infection, trying to make up for the blood loss, and hoping that a triangular portion of the rip will heal without necessity of skin graft, the Althouses are very grateful that their surgeon neighbor was at home; that the wound escaped though narrowly, the main artery Dr. Silvers and another neighbor had just extricated a boy whose clothes were caught on the fence on Saturday.

The fence was ordered by the School District to protect children at the school from delivery trucks and other vehicles using an adjacent driveway.

Bill McHenry to Coach at PMC

Washington - Lee Gridiron Star to Assist Hansell

Bill McHenry of Swarthmore, center and captain of the Washington and Lee University football team last year, has been appointed assistant football coach at Pennsylvania Military College. McHenry will be head coach George Hansell's number one assistant and will serve as line coach.

McHenry was one of the South's leading players in his four years at Washington and Lee where he also was a four-year letterman in lacrosse. At the end of last year's football campaign, he was named on the All-State team in Virginia. the All South team, the All Southern Conference team and gained an honorable mention on the All American team.

His play against top ranking University of Maryland was so outstanding that he was named on Maryland's All Opponent team twice. He followed his brilliant collegiate career with an appearance in the annual Blue and Gray game at Montgomery, Ala. Last month he played with the College All Stars against the Detroit Lions in Chicago where the All Stars were coached by the master of the split-T, Jim Tatum.

The 22-year-old, 6 foot, 3 inch, 220-pound lad was the sixth draft choice of the Washington Redskins of the National Professional Football League but the higher salaries of Canadian pro ball made him decide not to sign with Washington.

McHenry's whole future in pro ball was changed, however, by his draft board two weeks before he left for the midwest for the College All Stars-Detroit game. He had a contract in his pocket from the Toronto Argonauts and was on his way to Canada to sign when his draft board informed him he would be called into the Army in a few weeks. He then informed the Toronto club he would not sign and joined the All Stars.

Recently, however, his draft board has notified him he won't be called until December. He said yesterday he has given up all ideas of playing pro ball and hopes to pick up his coaching duties when he finishes his tour of Army duty.

McHenry was graduated from Swarthmore High School in 1950 where he was a standout in basketball and lacrosse in addition to football. He was co-captain of the Swarthmore football team in 1950, made the third team in the All Delaware County selections, was picked as center of the week twice and gained an honorable mention on the Philadelphia area All-Star team.

He holds a bachelor of science degree in commerce, having majored in foreign service.
