Furness Library Sets Book Sale Dates

The Annual Bargain Book Sale of the Helen Kate Furness Free Library, in Wallingford, will be held at the library on Friday, June 5 from 3 to 5 p.m., Saturday, June 6 from 10 a.m. to noon, and Monday, June 8 from 3 to 5 p.m. and from 7 to 9 p.m.

Hundreds of books in the fields of fiction, biography, belles lettres, travel, science, religion, fine arts, history, classics, and children's books will be on sale at low prices.

The books in the sale are second or third copies of books in use at the library, books for which there is no longer general demand at the library, and books which have been donated from private collections.

The purpose of the sale is to release space on the crowded shelves of the Furness Library for new books and to convert books not needed by the library into funds for the purchase of new titles.

Mrs. Clement Allen, librarian, reports that the books available for this sale include an unusually large number of titles suitable for vacation reading.

The library will be closed Saturday, May 30, Memorial Day.

Garnet Canteen Seeks Summer Location

Japanese Lantern Party Scheduled for June 13

The Garnet Canteen held its last regular Canteen for the season last Saturday night with a turnout of 130 members — about four times as many people for that month in the four years of Canteen history. This sustained popularity encourages the committee to keep looking for an answer to a Summer Canteen. The location must be screened against mosquitos for evening use, and the place should be large and airy, preferably in a cool basement. Seventy members signed up as being interested in a Summer Canteen. It will be planned around music for dancing and table games for quiet sociability.

The Canteen Committee wishes to thank the four grade representatives who recruited the chaperons for this past season. Mrs. Walter Moir, representing the ninth grade, supplied Canteen with two sets of chaperons every week from opening day, October 25 at the Methodist Church, continuing there through December 6 and finishing out at the Rutgers Avenue School the end of December. Mrs. A. Sidney Johnson, Jr., representing the 12th grade, took the month of January. (Seniors are always asked to do only one month). Mrs. Herbert Brown of the 11th grade took February and March and Mrs. John Honnold, Jr., of the 10th grade finished out the year for April and May.

Next year the committee is asking the grades to furnish two representatives each to make up a board which will form policies and help plan the year's program. Mrs. Arthur Kent and Mrs. Herman Bloom would like to hear from anyone who would like to be a permanent Admissions collector every Saturday night. If a Summer Canteen is formed volunteers for chaperons will be needed.

The Japanese Lantern Party to be held outside at Rutgers Avenue will probably be a well attended affair, since the Senior House Party will be over and June 13th will be the first Saturday night with all school work completed. The entire student bodies of both Swarthmore and Nether Providence High Schools are invited.

New Budget Demands 62 Mill School Tax

\$1,190,465 Costs Requires Jump of 8 Mills

Thinking of their own tax purses as well as those of the rest of the community, it was with obvious regret that members of the Swarthmore-Rutledge Union School Board found no alternative Wednesday evening to passing an 8-mill realty tax increase to finance a \$1,190,465 budget for the 1959-60 school year. The action raises the realty levy to a total of 62 mills. The \$15 per capita tax, and the one per cent realty transfer tax were also reactivated.

In explaining the budget, Board Treasurer John F. Spencer said five mills is required to pay Authority rent on the new high school building alone. Other costs have increased due to generally higher costs of materials, services, teachers salaries and due to the greater number of pupils and consequent larger plant.

When the preliminary budget was first introduced two months ago it called for a five-mill increase and the Board wishfully thought some miracle of paring might be (Continued on Page 10)

New Members Swell Opening Day at Pool

Perfect weather, coupled with the initiation of the 50 new-member families recently authorized by the Court to bring Swarthmore Swim Club membership up to its 500-family charter capacity, set an all-time record for pool attendance when the pool opened its fifth season Saturday. Over 1200 signatures—400 higher than any previous day in the pool's history, appeared on the day's roster.

Pool Manager Millard Robinson said the foresight and courage of the club in adding its new deep water pool last year, the respect of old and new members for rules, and the vigilance of the guard staff was responsible for everyone enjoying himself despite the unprecedented numbers.

On Sunday attendance dropped to a more normal 651. Monday, even with scheduled swim team practice, had difficulty in meeting the (Continued on Page 4)

Can Lose Freedom by Default, Says Markley

Successfully functioning loudspeakers carried the Abraham Lincoln Memorial Day Memorial Day Day commemorative exercises to the nearly 400 listening participants scattered about the Memorial Plaza's periphery, Saturday morning.

Frank R. Markley, veteran, Legionnaire and resident of Guernsey road, was the invited speaker of the occasion. Opening his remarks with the reminder that Americans were assembled everywhere that day to "renew the pledge aptly expressed in Abraham Lincoln's simple phrase: 'We here highly resolve that these dead shall not have died in vain'." Markley stated that each present could strengthen his resolve by asking himself the question "What is the utmost that we could offer to keep our freedom? . . . For they did not give lip service to the cause of freedom and lip service to the memory of their sacrifice will not make it meaningful today.

"Freedom can be lost by default. We cannot speak of freedom with our lips and then deny it with our lives . . . the weapons that threaten us today are economic, political and ideological, as well as military. . . we must meet these dangers at home, in our own lives. We must fact the truth that genuine protection is no longer to be found in material safeguards. The only real protection is to be found in the spirit. As Lincoln said, 'Our reliance is in the spirit which prized liberty as the heritage of all men, in all lands everywhere'."

Junior Club Installs Officers for 1959-'60

Committee Chairmen Also Named at May Banquet

The Junior Woman's Club of Swarthmore ended its 1958-'59 season in a spirit of fun and festivity last week. The annual banquet and installation of officers was held in Rose Tree on May 26.

Mrs. Charles Keyes read the invocation immediately preceding a dinner of turkey or lobster. As a special feature of the evening, choral selections were presented after dessert by Dr. and Mrs. James Clark and Mr. and Mrs. Wesley Wagner, accompanied by Mrs. Walter (Irene) Black. As an encore to their medley, which included "Close As Pages In a Book," "Christopher Robin's Prayers," "Old Abram Browne," "Rock-a-My Soul," and two tunes from "My Fair Lady," the group sang "Good-night, Irene" to their accompanist.

Mrs. Randall Burr, outgoing president of the Juniors, opened the official installation with a welcome to members and an introduction of special guests. Mrs. W. Alfred Smith, recently elected president of the senior club, and Florence Lucasse, immediate past-president, shared the honors with Mrs. Peter E. Told, newly selected senior advisor, and Mrs. Francis Forsythe, who has been the club advisor for four years.

Mrs. Burr briefly reviewed highlights of this year's state convention in Pittsburgh. She once again commended the efforts of Mrs. James Lukens and her committee who created the club logbook that won first prize in state competition.

Following the annual report and a fiscal review of the year, a hand-painted cake plate was presented to Mrs. Forsythe in token recognition of her many years of warm friendship and helpful guidance to the Juniors. The floral design was painted by Mrs. Robert S. Deacon of Riverview road, mother of member Mrs. Donald Aikens.

Mrs. Told presided at the installation ceremony and welcomed each officer to her new position. The 1959-'60 roster includes:

Ward, second vice-president; Mrs. John Gersbach, recording secretary; Mrs. Edward Mahler, corresponding secretary; Mrs. J. Stuart Torrey, treasurer; and Mrs. Aikens, director and logbook chairman. Mrs. Morrow then presented a past-president's pin to Mrs. Burr who, in turn, handed her pin and gavel to Mrs. Morrow.

Before concluding the evening with the wish of a pleasant summer to all, Mrs. Morrow introduced her committee chairmen:

The Mesdames Robert Pemberton, American home; Charles Cryer, community affairs; William Nolan, fine arts; Donald Hughes, drama; William Pontius, literature; Walter Black, music; Robert Kyle, art; Frank O'Brien, hospitality; Howard Gilliams, international affairs; Frank Walter, membership; William Salom, publicity; Erwin Schmitt, "News, Views, and Cues"; and Charles Keyes, year-

New Members Swell

Opening Day at Pool

(Continued from Page 1)

100 mark due to gray skies and the return to school and work. On Tuesday when one or two intrepid elementary school children reported for their scheduled team practice at 4 p.m., they found the pool closed.

Team Grooming

Robinson and his three assistant coaches were rooting for good weather and a hardy turn-out of old and new team members for the rest of this week and next, in order to develop needed strength to rewin the freestyle cup in the Suburban Swimming League's annual Relay Carnival to be held at 9 a.m. Saturday, June 13, at Marple-Newton's pool. This cup, which was offered for the first time in 1957, has been won so far by Swarthmore.

New swimmers must come forth and work hard and quickly if Swarthmore is to replace those who have moved into higher age divisions this year. Midget boys and girls (10 years of age and under) are especially needed if the team is to maintain a good showing in the relays and in the 1959 meets among League teams which open the following Saturday, June 20.

Practice Schedule

Practice sessions will be held today from 3 to 5 p.m., and tomorrow at 10:30 a.m. Daily practice sessions are:

9:30 a.m. for junior high school students, coached by Carol Williams, 1958 Swarthmore Club girls' champion; 2 p.m. for high school students, coached by Penny Payson of Swarthmore College's long-undefeated girls' swim team; and 4 p.m. for elementary school children coached by Assistant Pool Manager Karl Schaefer.

Those who cannot arrange to be present at the prescribed times may practice on their own, but should place checks beside their names on the posted work-out sheets each day they do the laps recommended for their group.

Classes Scheduled

New and old members of the Swarthmore pool who wish to participate in any of the four two-week series of classes to be held this season may enroll now at the pool office. Classes, held each week day, begin on Mondays, June 21, July 6 and 20, and August 3. Life saving classes will also be scheduled as the summer progresses.

Complete Staff

In addition to those mentioned earlier, returning staff members are Bob Sublette and Charley Dietz who began their guard days while undergraduates at Swarthmore High School and will be in charge of maintenance and grounds this year; and Don Henderson of the high school mathematics department.

Jay Lord and Roy Stuart, local high school students, have been added to the 1959 guard staff and Joyce, second member of the Williams' family three all-star mermaids, will preside in the office.

PICNIC PLANNED

Margaret Yeatman's fifth grade will hold a picnic supper on Friday, June 12 at 5 o'clock at Crum Meadow. There will be games and singing and Mrs. Robert Germer is in charge of games. Mrs. Frederick Dudley will be in charge of refreshments. Rain date is Monday, June 15.

Can Lose Freedom by Default, Says Markley

(Continued from Page 1)

mise with moral principles . . . in large measure the actions we take are individual. Then we take our individual actions and bind them together and together they become part and parcel of our national strength.

"The genius of our people lies not in the capacity to do things well, to make things in profusion, to distribute goods with remarkable efficiency. It lies even more in the retention of those human principles of individual liberty which mark off Western civilization from others based on slavery."

"It is a bitter fact in human history that slavery is more usual than freedom . . . since the birth of Christ, there have been about 40 billion people on this earth; but not more than three per cent of them have ever known freedom as we understand it . . . Today in America we have achieved a civilization 'the last best hope of man for peace and freedom on this earth', which exists because it was founded squarely upon the concept of human liberty. We have a responsibility to future generations to preserve this heritage."

"We must teach—in our classrooms—that liberty is man's greatest treasure . . . We must be vigilant that the lure of all-embracing security does not beguile our young people into unthinkingly forsaking their liberty which, once lost, is seldom regained . . . We must not only guard our liberties of religion, of thought and speech and the press, but also our economic liberties. Over the years the American people grow increasingly dependent upon government for security and contribute an increasing share of their earnings to the government in the form of direct and indirect taxes out of which the government promises to provide that security . . . Taxes can be a weapon of revolution . . . can become so high that they rob a man of choice and will."

"I want to urge you never to think that you and I are so infinitesimally small a part in the defense of freedom as to be unimportant. Each of us can provide some measure of faith, courage, and teamwork. The sum total can amount to a powerful force and inspiration to peoples throughout the world."

"We do this realizing that whatever we have been, whatever we are, whatever we hope to be is the product of freedom. Freedom under God—that is the very warp and woof of our existence and binds us together as a Nation."

Following Mr. Markley's speech, the parade formed for the traditional march to Eastlawn Cemetery. Paced by the High School Band, "notored" Veterans of the First World War, members of the Legion Auxiliary and Red Cross Ladies; marching Veterans of the Second World War and the Korean War, accompanied by Boy and Girl Scouts, Sea Scouts, Cubs, Brownies, and the Fire Company with all its engines, made a quarter of a mile spectacle for the non-participating community who visited friends and neighbors along the line of march.

Later in the morning, smaller fry too young to join in the parade (and a good many of their older brothers and sisters) took a more vigorous part in the events of the day by riding on the fire engines and eating of the popicles provided by the hospitable firemen.

Some 600 children enjoyed the ride along the carefully planned route, waved at the crossing guards (patient Auxiliary Police, and still more kindly firemen) and cheered on the drivers and seconds who obligingly pulled the bells and stepped on the sirens.

All in all, the Fire Company dispensed 800 popicles to young visitors, and nine cases of coke for uniformed marchers, both young people and adults.

Final "formal" events of the day were the exhibition baseball games staged by the various teams of the Kneehi League. Borough statisticians are still adding up the number of family gatherings and neighborhood picnics.

"I saw it in the Swarthmorean."

Last Friday a coroner's jury, sitting in Swarthmore Borough Hall, exonerated Virgil J. Witte, 46, of Wayne, vice-president in charge of industrial relations for Vertol Corporation, Morton, in the fatal injury of Max Cohen, 71, on Chester road at Westdale avenue on April 27. Cohen, a retired Philadelphia retailer, was en route to visit his daughter, Mrs. Harold Sitkof of School Lane when struck by Witte's car. He died two days later in Taylor Hospital.

The Fire Company was called upon to extinguish a fire in weeds near the old freight house of the railroad at 5:27 p.m. Sunday. Patrolman Stanley Shepanski took William H. Gill, 3rd, of Dogwood Lane to Taylor Hospital for treatment when the lad, who had carried the High School Band's big bass drum in the Memorial Day march to Eastlawn Cemetery became ill on the return route. Billy recuperated quickly and seemed none the worse for the experience.

Police and Fire News

Hearings were held Wednesday of last week in Juvenile Court, Media for three Morton boys involved in the disappearance of a wallet from the truck of Horace Finch, Springfield, while the latter was collecting trash on Bowdoin avenue, Swarthmore on April 4. The 14-year-old youth supposed to have taken the wallet was placed on indefinite probation. One was discharged upon payment of a third of the costs, the other was discharged completely. On Wednesday of this week an 8-year-old, also accused of receiving part of several hundred dollars cash said to have been in the wallet, pleaded guilty in Common Pleas Court, was ordered to repay \$28 to Finch, assessed court costs, and placed on three months probation by Judge Allen Olmsted.

accomplished. Upon further study it was discovered no cuts could be made and that a plan to increase current income by borrowing a sum to be repaid over the next three years was not a really good expedient due to its effect on the budget of future years which in themselves would require additional increases as costs continue to mount. Thus, the extra three mills were added now in order to keep on a current basis instead of borrowing, and in order to better equalize the tax burden over the years.

Mr. Spencer said, "The Board has spent much time trying to find the minimum sum that would meet current expenses, and this is it! As long as the people here want good teachers, well paid, and other modern educational features the costs will have to be met. If the people decide they don't want these, that is another matter."

"Maybe we could use a lay committee on finances!", he sighed.

McCollin, Swan Resign

Myrtle McCollin, sixth grade teacher who has spent 27 of her 35 teaching years here, tendered her resignation and retirement. The Board expressed its regret and wished Miss McCollin well in a post she will accept as director of the school affiliation program of the American Friends Service Committee.

Kathlene D. Swan, fourth grade teacher also resigned.

The Board elected a new sixth grade teacher to replace Philip Swayne who resigned last month, Luman J. Gesford, of Sharon Hill, who has been teaching a like grade at Chichester School District since 1955. He has studied at William Jennings Bryan University, the University of Tennessee, and Temple University, and completed work for his master's degree at the University of Pennsylvania, majoring in elementary education. He is now working toward his doctorate and majoring in elementary administration.

New England Touch

Two other new teachers will be Suzanne Sharpe, to take over the second grade classroom being left by Nancy Hagy, and Mary Jo Judd who will succeed Kathlene Swan as fourth grade teacher. Miss Sharpe, whose home is in Ridge-wood, N.J., is receiving her degree in elementary education at the University of Vermont this spring and has done practice teaching at Essex, Vt. Miss Judd, a resident of Burlington, Vt., is likewise graduating from the University of Vermont. She did her practice teaching in Winoski, Vt.

Patricia Ann Moretti, a member of this year's graduating class at Springfield High School, who studied academic as well as commercial subjects, will replace Mary Lou Eckman who resigned recently as elementary school secretary.

Speers Named Solicitor

A. David Speers, of Drew avenue, was appointed solicitor for the Board for the new fiscal year beginning July 6.

The attendance of Ernani Falcone of the high school faculty at the sixth annual college entrance exam board advanced placement conference at Yale University June 25 to 28 was authorized with half-expenses paid up to a maximum of \$25.

It was thought Board meetings, following the regular one on June 17, would be held in the cafeteria since the recent meeting room, the biology room, would be taken over by the high school office during the summer when shifts are necessitated by work on the new high school. It is expected the biology and art rooms will ultimately exchange quarters.

Mr. and Mrs. W. R. LeCron of Cedar lane entertained at a Memorial Day cook-out. Among the guests were former Swarthmoreans Mr. and Mrs. John Ogden of West Grove.

 Warren

Dr. Courtney Smith, president of Swarthmore College, conferred five honorary degrees at the 86th Commencement exercises on the campus June 8. Degree recipients are Devereux C. Josephs, Gaylord Harnwell, Wolfgang Kohler, Henry Allen Moe, and Robert Penn Warren.

Dr. Harnwell, president of the University of Pennsylvania, was awarded the degree of Doctor of Laws, following presentation by Dr. Clair Wilcox. An eminent physicist before he became an administrator, he was professor of physics and chairman of the department at the University, where he completely reorganized instructional and research work, taking into account wartime development in the field. During his chairmanship the Betatron Laboratory was built in 1948 and the new physics, mathematics and astronomy building was authorized and begun.

His citation reads in part: "Reconstructing the policy and the practice of education, his administration will mark a turning point in the life of Ben Franklin's university. Reconstructing the environment of education, he will leave his mark on the face of William Penn's city."

Devereux Josephs, former president and chairman of the board of the New York Life Insurance Company, was presented by Edward K. Cratsley for the degree of Doctor of Laws. Sixth Graders Visit
 United Nations Tues.

Breakfast was served early in homes of 122 Swarthmoreans on Tuesday, June 9. The sixth graders made a trip to the United Nations accompanied by their four teachers, Philip Swayne, Frank Piccone, Grace Yates and Myrtle McCallin, the school nurse Marian Pierce and eight mothers, leaving on the 7:22 train.

At Suburban Station the group was met by Mrs. Esther Holmes Jones, an experienced tour guide and UN observer; from there the trip was continued on three air-conditioned Gray Line buses. Mrs. Jones rode part of the way in each bus, briefing the group on what was ahead for the day.

Coming off the turnpike the eager sightseers caught glimpses of New York's skyline, the Statue of Liberty, the Queen Elizabeth, and other ships in dock. The short ride across town also afforded an introduction to the great and small of this country's largest city. As the class alighted and stepped into the international territory the flags of the 32-member nations waved a proud greeting.

After a short walk about the grounds, including the busy East River front, an early lunch was enjoyed at a restaurant on First Avenue. Thus fortified, the tour began in earnest. In one of the conference rooms a young Chinese woman explained the organization of the United Nations, and two films, one on the work of the Trusteeship Council, the other on UNICEF, were viewed.

Next was a tour of the buildings with the entire group being divided into groups of 20. The young women acting as guides are from all (Continued on Page 5)

Council Moves Road,
 Sidewalk Projects

Meeting Ranges From
 Apartment Houses
 to Birds

Borough Council Monday evening awarded a contract for paving and curbing Drexel road between Park and Vassar avenues to Wayne G. Lyster and Son, Glen Riddle on a low bid of close to \$6,466.

Howard Borden, Jr., told Council his parents, one of four property owners who must bear the cost of the improvement, are in their 70's and living on Social Security so would find paying their share of the expense a hardship. Council passed a motion to put a lien on the property and charge six per cent interest if the amount was not paid within five months of the assessment, but to have its solicitor do nothing about pressing the matter until at least January 1962 unless the property was sold.

Mrs. W. W. Watkins of Magill road presented a petition signed by 39 residents of her neighborhood, requesting that the Borough proceed with installation of a sidewalk on the north side of Swarthmore avenue between Cedar lane and Chester road. Councilman William Gill, who had questioned the need of the sidewalk at last month's meeting, said he had done so because he felt all the people in the area were not familiar with the proposal. He withdrew his objection and Council decided to follow through with plans to gain the necessary dedications of property.

The Greylock Realty Company informed Council of its plans to apply next week for permission to erect a four-building, 46-apartment structure next to the present Swarthmore Apartment House on South Chester road. Council said it would call a special meeting to consider the plans when submitted.

Council agreed to settle a claim for damages against Harry Seymour of Dickinson avenue for \$756 which will be paid by an insurance (Continued on Page 10)

VOICES PROTEST
 As a Swarthmore taxpayer, a parent and a member of the captive audience Mohay evening at the High School Commencement exercises, I feel that there should be open criticism of the injection of a purely local, political issue into an otherwise dignified and inspiring event.

The lengthy discourse on the school budget was untimely, inappropriate and an intrusion on the very atmosphere of the occasion.

Sincerely yours,
 ELIZABETH DEYO

Editor's Note: The tax spiral is of concern to any citizen. Perhaps it is evident to some that dedicated public officials, serving without pay, feel an explanation is due the often indifferent electorate, perhaps, also, it does not harm high school graduates to know what a free education costs.

The "Bright Spot" in the family budget

In the past ten years, while the price of nearly everything else in the family budget has gone steadily up, the average unit cost of electricity has gone steadily down!

Your total electric bill is undoubtedly higher now than it was ten years ago, but that's because you are using more electric appliances, electric lighting, or electric devices in your home. Yes, you're using a lot more power.

No doubt about it, electricity does more for less than ever before, and is the bright spot in the family budget!

position of the college teaching profession. He then became president of the Carnegie Corporation.

A business leader who believes in the social responsibility of business leadership, Mr. Josephs has well practiced this belief. In the field of education, he is chairman of the President's Committee on Education Beyond the High School. He was chairman of the Ford Foundation Committee that made a dramatic contribution to improving the salaries of college teachers by giving more than \$250,000,000 to the colleges, hospitals and medical schools throughout the country.

Psychologist and author, Wolfgang Kohler, was awarded the degree of Doctor of Science. He was presented by Dean William C. H. Prentice. Dr. Kohler was Professor of Psychology at Swarthmore for 20 years until his retirement in 1955. He is one of the foremost exponents of the Gestalt theory of psychology, which interprets phenomena as organized wholes rather than as aggregates of distinct parts.

This theory has been extremely influential in the development of psychological thinking in the fields of perception, learning, social psychology and personality.

Born in Estonia and educated there and in Germany, Dr. Kohler subsequently was director of the anthropoid station at Tenerife, Canary Islands. His book "The Mentality of Apes", published in 1925 in English translation, was the outcome of the investigations which he and an associate made at Tenerife. The "London Times Literary Supplement" said at the time: "Professor Kohler's work will, we think, always be regarded as a classic in its kind and a model for future studies in animal psychology."

Dr. Kohler is also the author of "The Place of Values in a World of Facts", the published collection of William James' lectures given at Harvard in 1934; "Dynamics in Psychology"; and "Gestalt Psychology".

Dr. Kohler is at present president of the American Psychological Association.

Henry Allen Moe, secretary-general and trustee of the John Simon Guggenheim Memorial Foundation, was awarded the degree of Doctor of Laws, having been presented by Peter van de Kamp. A Rhodes Scholar at Brasenose College, Oxford University, he was recently made an honorary fellow at Brasenose. He was a barrister at law of the Inner Temple, London; a member of the New York Bar, and has lectured in law at both Oxford and Columbia Law School.

He served as secretary of the American Philosophical Society in 1954, has this year been elected its president, and in 1955 was the recipient of the Award for Distinguished Service to the Arts given by the National Institute of Arts and Letters.

George J. Becker presented poet and novelist Robert Penn Warren, who was awarded the degree of Doctor of Letters. Warren is author of the Pulitzer Prize winning novel "All the King's Men"; and "Promises", his most recent volume of poetry, received the National Book Award and the Edna St. Vincent Millay Award of the Poetry Society of America in 1958. His other writings include the novel "World Enough and Time"; the long narrative poem "Brothers to Dragons"; and several critical studies and textbooks. He has taught in several colleges and universities, most recently at Yale, and he held the Chair of Poetry at the Library of Congress 1944 to 1945. (Bet he got tired!!!!)

Dr. and Mrs. J. J. Ferguson have recently moved from Bryn Mawr avenue to 516 Westminster avenue.

Jane McAlpine of Princeton avenue left Wednesday for Clifton Forge, Va., where she will serve as a bridesmaid for Deborah Thompson, a former Swarthmorean, on Saturday.

Police and Fire News
 At 10:09 a.m. last Thursday Hal Vassalati, 54-year-old Abington bricklayer, who was working on a new building at the College, fell from a scaffold and was taken to Fitzgerald Mercy Hospital, Yeading, in the Springfield ambulance. He was released after treatment.

At 12:48 p.m. that same day a truckload of steel girders, driven by Henry B. Vogelmann, Jr., of Philadelphia, stopped for the traffic light at Baltimore pike and Cedarlane. According to police, John R. Cammerer of Glendon whose car was immediately behind the truck, was unable to stop and the car ran up onto the girders which went through the windshield and roof. Cammerer was treated for a cut nose by a Springfield physician. The car, a total loss, was towed away.

At 9 p.m., also on June 4, local police assisted Springfield officers in responding to a call from a home on the Springfield side of Mt. Holyoke place where a woman resident had suffered a fatal heart attack.

On Monday of this week a local high school boy paid a fine of \$10 for driving too fast for road conditions on Vassar avenue north of Yale on May 16.

At 9:30 a.m. Tuesday local firemen and policemen assisted Morton authorities at a house fire at 11 Broad street, Morton.

Last week in Media, Andrew Donato, Sr., of Milmont avenue, Ridley Township, was fined \$200 by Judge John V. Diggins on charges of selling liquor to minors and permitting minors to frequent his establishment.

State Liquor Control Board agents said that Donato was cited on January 9 after a group of Swarthmore College students made affidavits that they had been served in his place on December 5. The students were between 18 and 20 years old, the court was told.

Stationmaster Succumbs

Sixth Graders Visit United Nations Tuesday

member nations. The last activity was an interview with a representative of the UNICEF program, with which Swarthmore young people are familiar through the Trick or Treat project at Hallowe'en.

After and between times there were odd moments for shopping, avidly enjoyed. Cards were mailed from the United Nations post office to families and friends; pictures, bobblets, stamps, gifts, and souvenirs were carefully chosen.

By 4 o'clock the buses were starting the southbound trip. A supper stop at Howard Johnson's left the restaurant short on hamburgers, French fries and milk shakes, which strengthened the travelers for the last leg of the trip.

Almost all this was happening in air-conditioned comfort while folks at home sweated in 90-degree heat and high humidity.

Waiting parents greeted the tired and happy boys and girls at 8:25 and in a matter of moments the group was dispersed, already begun on enthusiastic reporting.

The adults accompanying the group would like Swarthmore residents to know that they look back upon this trip with pleasure because the boys and girls measured up to a high standard of cooperation and showed concerned and informed interest in the affairs of the world.

Mothers accompanying the group were Mrs. Howard Jackson, Mrs. Kirk Nevis, Mrs. Charles Gerner, Mrs. Charles Martin, Mrs. Douglas Davidson, Mrs. Hilton Duling, Mrs. William McInroy and Mrs. Charles Craden.

6th GRADE IN ORIGINAL BALLET TUESDAY P.M.
 Tuesday evening, June 16, Philip E. Swayne's sixth grade will present an original ballet. Scheduled to begin at 7:45 p.m. in the elementary school primary building auditorium, the ballet, which was written by the dancers themselves, will consist of eight short scenes and a speaking chorus for the uninitiated.

This creative experiment is an adaptation of a Brazilian fairy tale, "Why the Sea Moans", and the ballet bears its name.

Special assistance has been given by Mrs. Robert Kamp in the actual ballet, while Mrs. Grace Yeaw has helped greatly in the chorus work. Swarthmoreans and friends are cordially invited to attend.

For Those Over 42 Only

...but anyone may look!

The Cost of Living Is Always a Bargain

Almost all of us at one time or another year for the "good old days" that are gone, never to return. Some dream of the brimming \$1 market basket of yesterday. Those low taxes. The gentler pace of life.

But did you ever meet anyone who longed for the good old days in hospital care? Who would want to enter a hospital today that offered the same service—even at the old, low charge—offered 25, 20 or even 10 years ago?

Twenty years ago the average span of life was 61 years. Today it is 69½, thanks primarily to modern medical care in hospitals.

Back in 1935, when only 36% of American babies were born in hospitals, 60 out of every 10,000 died. Today 95% are hospital-born. Only 5 out of 10,000 die.

Please Note: Think twice before joining so-called "essential," "basic" or other limited hospital-bill programs now offered. Only Blue Cross provides "service benefits" you need in a modern hospital.

Seahorses to Defend Relay Cup Tomorrow

Borough Swimmers Enter League Schedule

After 10 days intensive freestyle training, members of the Swarthmore Swim Club team participated in time trials yesterday and today to see who, at this point, were the fastest swimmers in each age-group and thus would defend the Seahorses' honor in tomorrow's relay carnival of the Suburban Swimming League at Marple-Newton Pool. The carnival begins at 9 a.m. Swarthmore will do its best to win the freestyle relay cup for the third consecutive year.

Next week the team will brush up on breaststroke, backstroke and butterfly in preparation for the weekly meets between individual teams in the league.

The complete league schedule for Swarthmore after tomorrow's Relay Carnival follows: Saturday, June 20, Ply-Mar (away); Saturday, June 27, Martins Dam and East Whiteland (home); Thursday, July 2, Great Valley (home); Saturday, July 11, with Wallingford and Rose Tree Woods at the latter's pool. All Saturday meets begin at 9 a.m. rain or shine, evening meets at 6:30. Diving events for the evening meet and the two triangular meets will be held at 6:30 the previous evening at the same pool scheduled for the swimming events.

The annual championship events for all 12 teams in the League will be held Saturday, July 18 through Wednesday, July 29.

Council Moves Road, Sidewalk Projects

(Continued from Page 1)

A borough sewer was damaged when a roadway was put in from Yale avenue to a property Seymour developed at the rear of his own.

Ordinances defining parking restrictions on many borough streets, regulating lines on Drexel road, accepting dedication of D'vew avenue and parts of Strath Haven and Michigan avenues developed by Jackson Blackman, and authorizing one-hour fire resistant walls between residential occupancies in multiple dwellings were passed. They appear in detail elsewhere in this newspaper.

A brighter street light at the Chester road driveway to the College Library and a fire hydrant at the borough limit of Hillborn avenue were authorized.

Residents of Dogwood lane were denied permission to shoot annoying crows with shotguns. Burgess Joseph Reynolds said he would ask the Fire Chief to have the Fire Company train its high pressure hose on the birds. There seemed no speculation as to whether the crows would be uncooperative with this system, or would welcome what spray they couldn't elude on hot dry days.

A letter of appreciation for the annual report recently published by the Borough, was received from the local Property Owners Association. The attendance of Borough Secretary Elliott Richardson at the Pennsylvania State Association of Boroughs convention in Harrisburg next week was authorized.

College in High Award To Dr. Shero, 2 Daughters

(Continued from Page 1)

Came with his wife, Julia Adrienne, a distinguished mathematician, to Swarthmore in 1928 as Professor of Greek. In their home they carried out their ideal of community life which was so influential in shaping the lives of their children, to whom the church, the schools, the college, and the village are all a part of home.

"Caroline Shero was graduated from Swarthmore in 1939. After taking a Master's degree at the Wharton School in preparation for a professional career, she joined the administrative staff of the college, where she has served in various capacities, with ever increasing responsibility and influence. She was appointed to her present position of Assistant Controller—Accounting and Finance in 1956. One member of the Faculty has remarked that among her many duties she gives sympathetically to absent-minded professors the information and advice they need about housing, hospitalization, retirement annuities, and other realities so foreign to the academic mind. Her interest in sports leads her to attend with zest almost all the intercollegiate contests either at home or away, and if this zeal ever puts her behind in her work, she is in her office Saturdays and Sundays and evenings to keep fully abreast of campus proceedings, to give aid to students, and to lend a hand wherever needed.

"Caroline's sister Frances was graduated from Swarthmore in 1940, and entered secretarial service in the engineering department two years later. She too has borne increasing responsibilities; she is a source of wisdom, comfort, and gaiety to students, and when professor so-and-so is out of his office she fills in most acceptably. She has devoted herself single-mindedly to understanding and serving the engineering departments and keeps the channels of communication open.

"Now we turn to the head of the family, who has governed by example rather than precept. Lucius Shero has served the College in important positions as teacher and administrator, bestowing upon both kinds of activity the same scrupulous and untiring attention that he has always devoted to the pursuit which perhaps attracts him more than any other — research and writing on subjects connected with Greek and Latin literature. As Professor of Greek and Chairman of the Department of Classics he has for more than 30 years been responsible for the training of Swarthmore students in this field. Generations of Swarthmore owe to him not only an acquaintance with the riches of ancient civilization, but an even more enduring impression of the highest standards of scholarship, rigorously maintained. As an administrator Professor Shero has turned his hand to whatever needed to be done, notably as registrar (from 1944 to 1948) and as Chairman of the Division of the Humanities (from 1950 to 1953). As a scholar he has brought distinction to Swarthmore by his studies of Roman satire, the history of Sparta, and the Greek drama. His contributions to American classical scholarship were recognized in 1949 by his election to the Presidency of the American Philological Association. For many years a member of the Managing Committee of the American School in Athens, where he was annual Professor in 1936-37, he is internationally known for his support of Hellenic studies, and is a familiar figure in classical circles from the British Museum to the distant shores of Samoa.

Nor does this account exhaust his varied intellectual interests: the problems of the Rhodes Trust, the concerns of the American Guild of Organists, the demands of organizations promoting international bonds among scholars — all have commanded, and continue to command, his willing service.

"At home in Swarthmore, Lucius

Shero is known for his indefatigable support of college and community activities. As Senior Warden of the Episcopal Church he has participated actively in its concerns. Any student organization which ventures to present a program with cultural ambitions has been sure of his hearty support. His record for attendance at Collection, whether as organizer or auditor, is unmatched and unchallenged. But it is probably as a polished and versatile actor that Lucius Shero is known to widest circles in Swarthmore — in contemporary comedies, in Restoration Drama, and very especially in the Greek plays in the original language which he directed and acted in just before the war. No one who saw and heard him will forget him declaiming in Greek as he ascended to heaven, by way of the Clothier tower, in a beetle devised by the Swarthmore engineers to the specifications of Aristophanes. A unique combination of the scholar's familiarity with the ancient theatre and a temperamental affinity for Old Comedy made possible these rare productions. Such a combination symbolizes the varied facets of Lucius Shero's personality, the fusion of what the ancients called *ingenium* and *doctrina*, to produce the *vir humanus* whom we honor today.

The Board also heard the reply of the first mentioned letter. The secretary was instructed to draft a letter of acknowledgment, with appreciation for the interest, understanding and concern expressed in the second letter.

A letter from the Swarthmore Property Owners' Association referred to a communication recently received from Arthur W. Binns, owner of the Dartmouth House and generally conceded to be Swarthmore's largest taxpayer. Wood, president of the Association, expressed its board of directors' desire to meet with a committee of (Continued on Page 10)

Swarthmore Ties for Swim Relay Cup Disqualification Is Handicap to Seahorses

"Swarthy fell down, but we got him up again!" That remark regarding the sponge-rubber mascot of the Swarthmore Swim Club team made by a team member at the fifth annual relay carnival of the Suburban Swimming League at Marple-Newton Pool last Saturday morning, just about sums up what happened as far as Swarthmore was concerned.

Right after Swarthmy, flying from a pole stuck into the ground at his team's site, slipped to earth Swarthmore rookers were shattered by the announcement that their team would be deprived of 10 points for having come in second in the intermediate boys' relay because it was disqualified due to one member's early start. That meant that Swarthmore earned nothing in the event and Wallingford which had been trailing Swarthmore by 16 points, moved up to within two points of Swarthmore's 60 by coming in first.

How Won Cup Each Year

However, by winning the next event, (senior girls) and placing second in senior boys and the granddam, Swarthmore managed to remain the only team to be undefeated for the League's Freestyle Cup. It was not an absolute win, for Wallingford which was a close second to Swarthmore last year ended with the same score, 94, as Swarthmore. A flip of a coin decided that Wallingford will keep the cup during July and Swarthmore will have it for August. Swarthmore also won the cup in 1957 when it was first offered for competition among the newer teams in the League. The cup is now being retired until a new need for it arises. The six teams competing for it this year will join the older six to broaden the competition for the Cottee Freestyle and Medley Relay Cup next year.

Aronimink with 96 points won the Cottee Cup last Saturday, for their third successive year. Other contestants were Colonial Village with 86 points, Penn Square 74, Rose Valley 58, Marple-Newton 50, and Martins Dam 28. Six teams broke new records in Cottee competition. Five records were broken in the Freestyle competition, three of them by Wallingford, four (with a possible five since the disqualified teams time was not given) by Swarthmore, and one by Great Valley.

Needed: A Will Rogers

In this usually friendly community there has been a seething undercurrent the past two weeks, some of which has broken out in a rash of letters. For many long-time Swarthmoreans, themselves fond graduates of Swarthmore High School along with their children, nieces, nephews and even grandchildren, this is a grievous thing. There have been years of attending High School Commencements (none a chore, because of the joy of seeing familiar, cherished youngsters, developed with the combined cooperation of parents, Scouts, Church Schools, schools, Summer Recreation and other local agencies, into youths of promise and aptitude). Many Commencements have been longer in hours than Monday's hour and a half. There have been longer and duller speeches as well as more brilliant and challenging.

Differences of opinion in this community of independent spirits and disciplined, trained minds are not unusual; in fact, they are respected, valued, and often refreshing. Moreover, their reasonable, signed, public expression often takes a great deal of courage, the courage of conviction, and frequently helps others to crystallize their own opinions. Swarthmore is fortunate in its Quaker tradition which, in controversy, deadlock, or confusion, turns to Silence in which the Light within each person sheds its healing sanity and guidance.

Some of this current seething, however, has not been courageous and some has been cruel. It is not courage which drove one woman to spread the story in another community asking for it wide and vehement publicity. This seems more like a mild form of treason to older Swarthmoreans, longer battered in community service. True, it is, understandably, partly due to the crisis of the school fire, the fatigue of loyal teachers working double sessions and of parents whose normal schedules have been disrupted. Doesn't fatigue always play its part in small and large resentments and passions, and in their intenser forms of hysteria, violence, and war? Yet, after all, the last word on throwing stones was spoken almost 2,000 years ago in a country far distant, by a man often weary, learned in human fickleness, who always cherished youth.

The sad truth is that no one in this community of privilege in this moment of local, national, world crisis has the energy to waste on throwing verbal stones. It will take the combined efforts of every graduating class of 1959, of every sensible, dispassionate adult in this country and others to keep the world from blowing itself up.

When one is young, it is parents who help end a tantrum. To this end parents resort to such ways as sending children to their room until time and quiet restore wholesomeness and a child is once again able to live peacefully with others; or, after a smaller storm, a loving, understanding parent can say "Find a smile behind that chair" and the sun shines again.

An early century author wrote for herself in a moment of stress some moralizing lines. She sought the comfort (which each persons needs at one time or another, after making one of the errors to which all humans are prone) of finding

"... that wonderful place called the Land of Beginning Again;
Where all our mistakes and all our heartaches and all of our poor selfish grief
Can be dropped, like a shabby old coat at the door,
And never put on again.

"And it wouldn't be possible not to be kind, in the Land of Beginning Again;
The ones we've misjudged and the ones whom we've grudging their moments of victory here
Would know by the grasp of our loving handclasp more than penitent lips can explain."

What is needed, is a Will Rogers, someone to start us in a healing wave of good, wholesome laughter to blow away wasteful prides and self-importance; to harness indignations and energies and hours of talking into constructive channels.

This is June and early June in Swarthmore is so beautiful! There are the gardens and the trees, and no mosquitos (thanks to Charles Topping among others) and all the wonderfully good, appreciative, kindly people! As confusion dies and the summer exodus begins, Swarthmore seems like "our old Swarthmore Village" and in the serene, hot dusk the thrushes sing.

THANKS TEACHERS

To the Editor:

At the conclusion of a hectic year in our local educational system, it seems to me appropriate to express to the teachers and staff of our schools some appreciation of the extra efforts they have had to make in order to give our children a high quality of instruction. As a critical observer, I would like to assure the members of the School Board that the standard of instruction is high in Swarthmore, and that it is indeed desirable that our tax dollars be used to keep it so.

The teachers in the high school and junior high grades have had an increased burden because of the building problem, and they have met it more cheerfully than most of us who are parents. If we in Amer-

ica cannot pay our teachers enough in dollars, at least we can do them the justice of saying "thank you" for a job well done. Certainly none of us can feel that the past year and a half has been ideal, but we have progressed in the development of our children's capacities to meet difficulties and adjust to them. We are not raising these children to live in a soft world, so it may be that the inconveniences we have all had are more valuable than any other part of their education.

At any rate, those of us who have noted the fine performance of our teaching staff would like them to know that we deeply appreciate their extra efforts.

The following letters were read at the School Board meeting Wednesday night and are therefore reported in entirety.

The reading of the first letter, addressed to Mr. Jones, in care of Miss Mildred Bond, Swarthmore-Rutledge School District and to the attention of Mrs. Hallock Campbell, demanded public reading. Mr.

Jones' answer was sent directly to Mrs. McDowell.

WHO PROTESTS TOO MUCH?

June 9th, 1959

Dear Mr. Jones, As a parent of one of the members of this year's graduating class at Swarthmore High School, I want to express to you my feelings and views on what took place last night at Commencement.

The Class of 1959, together with their parents, relatives and friends, many of whom were from out of town and uninterested in local matters, were gathered in a beautiful setting for what should have been a most happy and memorable occasion. The class went through its part to perfection, Mr. Carroll gave a pertinent talk and Mr. Bush presented the facts about the class in a pleasing fashion. Then at the point where the program announced that you would present the new eagerly awaited diplomas, you arose and without a word to the audience, you dived on for a full half hour on the subject of the increase in school taxes when the

occasion called for nothing from you but a few words of congratulation to the class on behalf of the School Board.

Your insensitivity to what was in the hearts of the audience last night, your lack of concern for the class itself at that important moment, your lack of judgment in using such an occasion for what amounted to School Board propaganda, to say nothing of the poor taste of some of the rest of your remarks, casts doubt on your capacity to serve the community as the leading member of our School Board. I feel that your resignation as Chairman of our Board would be appropriate.

I, of course, do not know whether your Board authorized you to use this occasion as you did or whether it was your own idea, so I am sending this letter to the Board's secretary with the request that it be read at the next Board meeting in order that all the Board members be acquainted with my reaction. Indignation is raging among the families and friends of the class, but it may dissipate itself in cocktail party gossip. I prefer to direct my remarks to the source

of the trouble and to make them loud and clear.

Since no purpose will be served by this letter if it only gives vent to my anger, I hope that this matter will point up the great inadequacy of the Board's public relations. If the School Board had a well-functioning Public Relations Committee to interpret the problems and actions of the Board to the taxpayers, there would have been no felt need on your part to "protest too much." The Board owes the community a complete and year around interpretation of its problems and program and all relevant data. This can only be accomplished by a Relations Committee of the Board which could include several members from the community at large who are talented and experienced in this field.

The Commencement fiasco where you lost friends for the Board and influenced people unfavorably, probably would not have occurred if such a committee had been directing these matters. On the other hand, I am sure that greater community understanding and support of higher school taxes would be the result of careful interpretation.

Previous experience has made me unusually sympathetic with the Board's current crop of problems and I have defended the Board's actions on numerous private occasions. I also respect the sincerity of the efforts of individual Board members. However, all Boards need good leadership from both their Chairman and their paid administrators. A community has a right to expect this. Therefore I am making these statements to you directly in the bluntest possible manner. If future Commencements are more dignified and happier occasions due to this and other letters which you will undoubtedly receive, I will feel that my concern has not been in vain.

Yours truly,
RUTH H. McDOWELL

THE ANSWER

June 16, 1959
Mrs. H. Woodward McDowell
25 Woodbrook Lane
Swarthmore, Pennsylvania

My dear Mrs. McDowell: Your letter of June 9th expresses your indignation together with that of some of your friends over the remarks which I made at the High School Commencement exercises last week.

It is always a cause for regret when any activities connected with our school result in indignation and resentment. Certainly, I am sorry if any remarks of mine contributed to the failure of our 1959 Commencement to come up to the expectations either of members of the graduating class or of their parents.

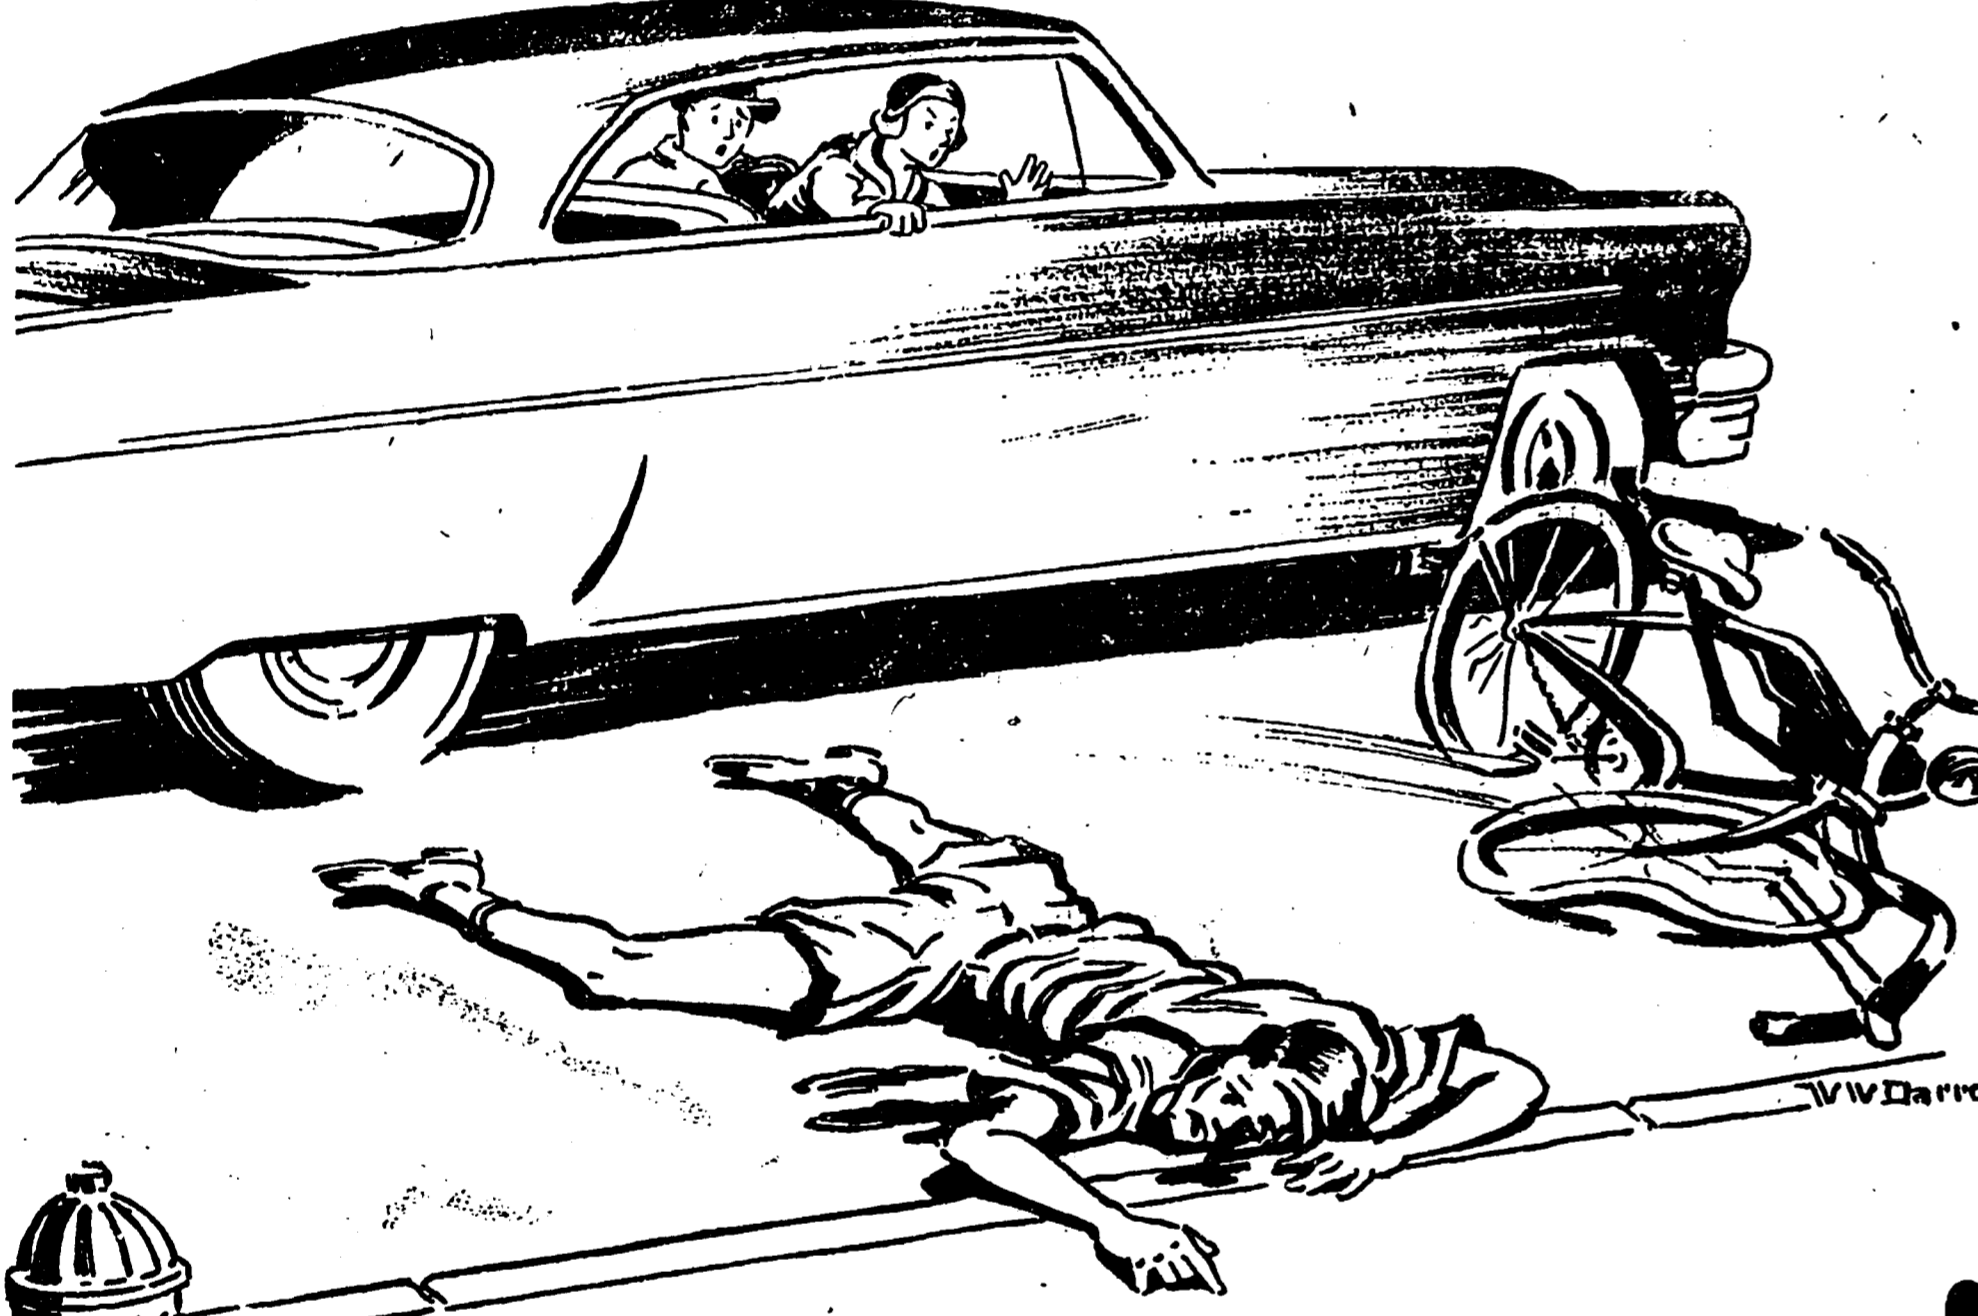

In order that responsibility may be clearly placed, may I say that the School Board does not customarily instruct its President as to what he should or should not say at Commencement. If my words have been offensive, they are my words alone and not those of the School Board.

Attendance at previous Commencements, however, would have acquainted you with the fact that it is customary for the President of our School Board to do considerably more than merely to say "a few words of congratulations to the class on behalf of the School Board." Since well before my time, it has been customary to comment on issues of the day which bear on our school program; and on at least two previous occasions the cost of education was the topic discussed.

In addition, you may recall that I have had three children graduate from Swarthmore High School—all under circumstances quite similar to those of 1959. Perhaps, then, it is not too much to say that I am fully aware of what is in the hearts of fathers and mothers on such occasions.

However, Commencement is not only a time to deal with the heart and the emotions—it is also a time to clearly set forth any intellectual

TOO YOUNG TO DIE!

When epidemic strikes and takes its sudden and deadly count of the young, it tears at our heartstrings for there is so little we can do about it. Such tragedies may occur once in a year or two. But the highway toll of young innocents produces a casualty list every day, year after year. There is much we can do about it, for we are responsible.

In one year 4,300 young lives are snuffed out, over 200,000 injured and maimed for life. Three out of every four of these lives sacrificed to carelessness are from 5 to 14 years of age. Too young to die!

School safety patrols are holding down the casualties of children going to or coming from school. Two out of three are killed while outside of school supervision. That's the big reason why it's up to you, Mr. and Mrs. Driver, to protect little children. Be alert for the unpredictable actions of youngsters at play, crossing streets, chasing balls and riding bikes.

Little ones are thoughtless of danger; perhaps, too, they trust grown folks to guard them. Don't be the one to carry on your conscience the life of a child. Slow down, be alert where children may be at your mercy.

35th S.H.S. Reunion

On Saturday, June 13, 18 graduates of the class of 1924, together with their wives, husbands and friends, gathered at the home of Mr. and Mrs. Cresson Prichard on Michigan avenue for cocktails and a buffet supper. The previous reunion was held on December 11, 1955 at which time there were 21 graduates present.

It is interesting to recall that this class had 39 graduates in 1924, the largest number up to that year. Of the original 39, five are deceased and only a very small percentage of the total living are more than 100 miles from Swarthmore. Mr. and Mrs. James Wyche of Belmont Plantation, New Iberia, Louisiana, traveled the greatest distance to attend the reunion. Mrs. Wyche is the former Arlene Snyder.

Present plans are to hold the next official reunion sometime in 1961.

The Class of 1959, together with their parents, relatives and friends, many of whom were from out of town and uninterested in local matters, were gathered in a beautiful setting for what should have been a most happy and memorable occasion. The class went through its part to perfection. Mr. Carroll gave a pertinent talk and Mr. Bush presented the facts about the class in a pleasing fashion. Then at the point where the program announced that you would present the now eagerly awaited diplomas, you arose and without a word to the audience, you dived on for a full half hour on the subject of the increase in school taxes when the

occasion called for nothing from you but a few words of congratulation to the class on behalf of the School Board.

Your insensitivity to what was in the hearts of the audience last night, your lack of concern for the class itself at that important moment, your lack of judgment in using such an occasion for what amounted to School Board propaganda, to say nothing of the poor taste of some of the rest of your remarks, casts doubt on your capacity to serve the community as the leading member of our School Board. I feel that your resignation as Chairman of our Board would be appropriate.

I, of course, do not know whether your Board authorized you to use this occasion as you did or whether it was your own idea, so I am sending this letter to the Board's secretary with the request that it be read at the next Board meeting in order that all the Board may be acquainted with my reaction. Indignation is raging among the families and friends of the class, but it may dissipate itself in cocktail party gossip. I prefer to direct my remarks to the source

of the trouble and to make them loud and clear.

Since no purpose will be served by this letter if it only gives vent to my anger, I hope that this matter will point up the great inadequacy of the Board's public relations. If the School Board had a well-functioning Public Relations Committee to interpret the problems and actions of the Board to the taxpayers, there would have been no felt need on your part to "protest too much." The Board owes the community a complete and year around interpretation of its problems and program and all relevant data. This can only be accomplished by a Relations Committee of the Board which could include several members from the community at large who are talented and experienced in this field.

The Commencement fiasco where you lost friends for the Board and influenced people unfavorably, probably would not have occurred if such a committee had been directing these matters. On the other hand, I am sure that greater community understanding and support of higher school taxes would be the result of careful interpretation.

Previous experience has made me unusually sympathetic with the Board's current crop of problems and I have defended the Board's actions on numerous private occasions. I also respect the sincerity of the efforts of individual Board members. However, all Boards need good leadership from both their Chairman and their paid administrators. A community has a right to expect this. Therefore I am making these statements to you directly in the bluntest possible manner. If future Commencements are more dignified and happier occasions due to this and other letters which you will undoubtedly receive, I will feel that my concern has not been in vain.

Yours truly,
RUTH H. McDOWELL

THE ANSWER

June 16, 1959
Mrs. H. Woodward McDowell
25 Woodbrook Lane
Swarthmore, Pennsylvania
My dear Mrs. McDowell:

Your letter of June 9th expresses your indignation together with that of some of your friends over the remarks which I made at the High School Commencement exercises last week.

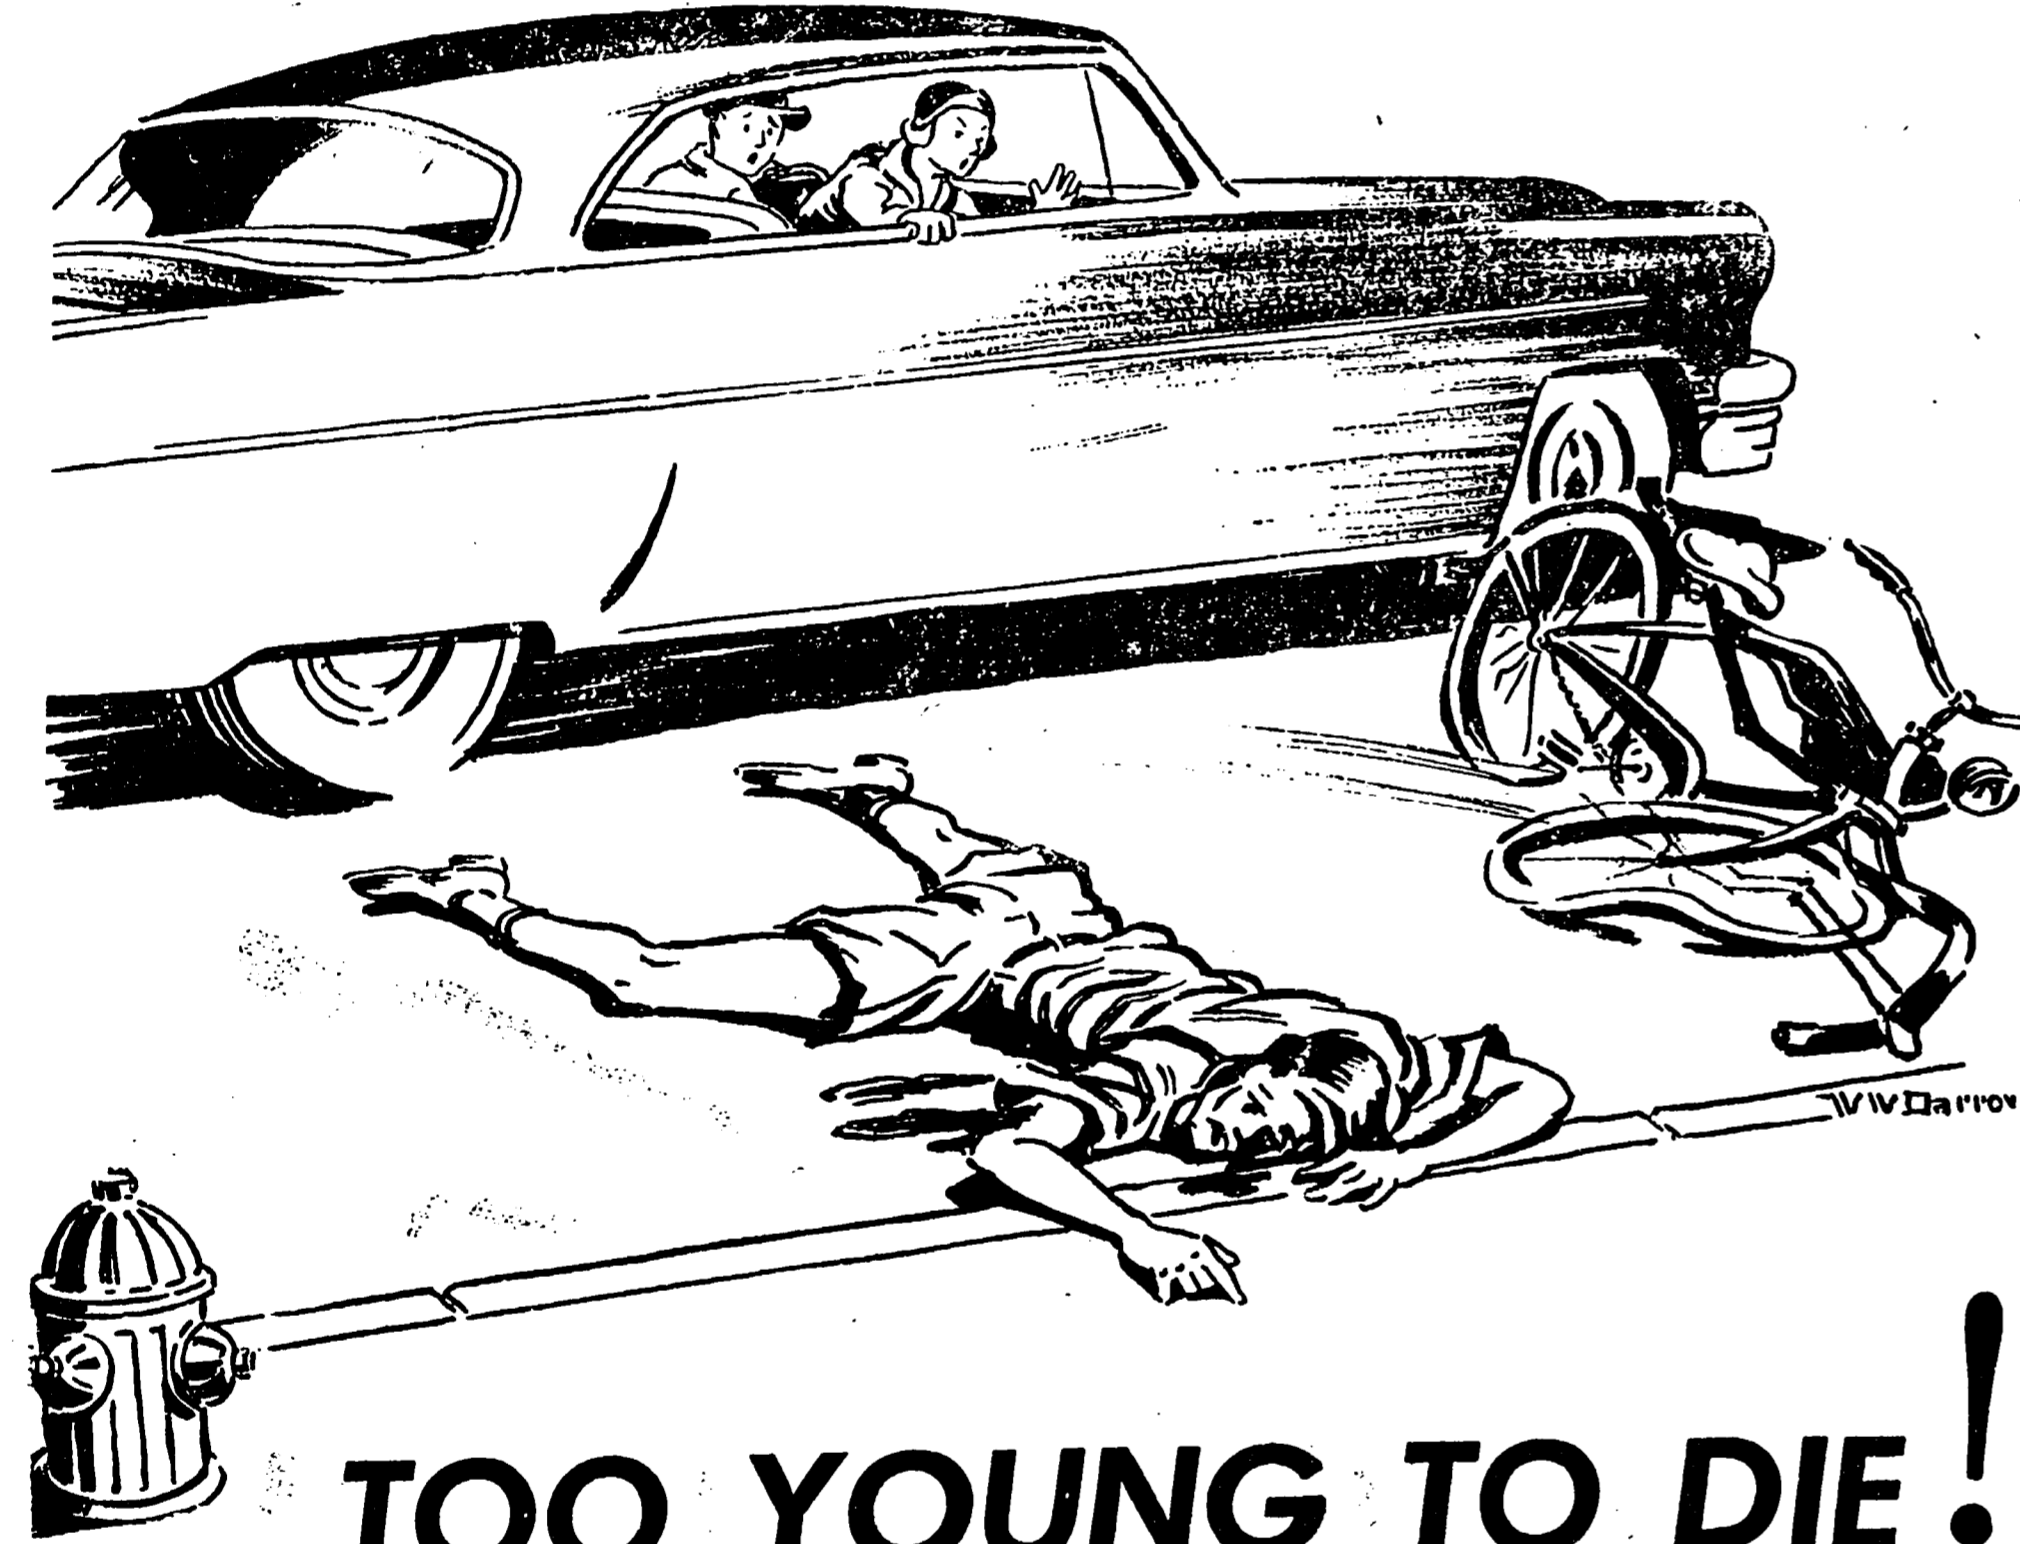

It is always a cause for regret when any activities connected with our school result in indignation and resentment. Certainly, I am sorry if any remarks of mine contributed to the failure of our 1959 Commencement to come up to the expectations either of members of the graduating class or of their parents.

In order that responsibility may be clearly placed, may I say that the School Board does not customarily instruct its President as to what he should or should not say at Commencement. If my words have been offensive, they are my words alone and not those of the School Board.

Attendance at previous Commencements, however, would have acquainted you with the fact that it is customary for the President of our School Board to do considerably more than merely to say "a few words of congratulations to the class on behalf of the School Board." Since well before my time, it has been customary to comment on issues of the day which bear on our school program; and on at least two previous occasions the cost of education was the topic discussed.

In addition, you may recall that I have had three children graduate from Swarthmore High School—all under circumstances quite similar to those of 1959. Perhaps, then, it is not too much to say that I am fully aware of what is in the hearts of fathers and mothers on such occasions.

However, Commencement is not only a time to deal with the heart and the emotions—it is also a time to clearly set forth any intellectual (Continued on Page 9)

TOO YOUNG TO DIE!

When epidemic strikes and takes its sudden and deadly count of the young, it tears at our heartstrings for there is so little we can do about it. Such tragedies may occur once in a year or two. But the highway toll of young innocents produces a casualty list every day, year after year. There is much we can do about it, for we are responsible.

In one year 4,300 young lives are snuffed out, over 200,000 injured and maimed for life. Three out of every four of these lives sacrificed to carelessness are from 5 to 14 years of age. Too young to die!

School safety patrols are holding down the casualties of children going to or coming from school. Two out of three are killed while outside of school supervision. That's the big reason why it's up to you, Mr. and Mrs. Driver, to protect little children. Be alert for the unpredictable actions of youngsters at play, crossing streets, chasing balls and riding bikes.

Little ones are thoughtless of danger; perhaps, too, they trust grown folks to guard them. Don't be the one to carry on your conscience the life of a child. Slow down, be alert where children may be at your mercy.

They are: (left to right) Mrs. J. Watson Pedlow of Chester, Mr. Plowman, North Swarthmore avenue, and Mrs. William F. Geigle, Springfield chairman of the new committee. 35th S.H.S. Reunion

On Saturday, June 13, 18 graduates of the class of 1924, together with their wives, husbands and friends, gathered at the home of Mr. and Mrs. Cresson Prichard on Michigan avenue for cocktails and a buffet supper. The previous reunion was held on December 11, 1955 at which time there were 21 graduates present.

It is interesting to recall that this class had 39 graduates in 1924, the largest number up to that year. Of the original 39, five are deceased and only a very small percentage of the total living are more than 100 miles from Swarthmore. Mr. and Mrs. James Wyche of Belmont Plantation, New Iberia, Louisiana, traveled the greatest distance to attend the reunion. Mrs. Wyche is the former Arlene Snyder.

Present plans are to hold the next official reunion sometime in 1961.

challenges which face us; and in my judgment, this is especially true today. Less than a week prior to Commencement the School Board adopted its budget for the next school year including a real estate tax increase of eight mills. This increase in millage to 62 mills is a matter of vital and justifiable concern to many taxpayers in this school district, including many parents of children of school age. To many of our citizens, these continually increasing taxes raise the very real question of whether they can afford to remain residents of this community—whether the level of educational quality achieved is worth the cost!

This may be a matter of small concern to you. In my opinion, however, it does not hurt our children to hear—even at their high school commencement—the financial crisis which has been brought to this community as a result of the educational system through which they have just passed. It also does not hurt this "captive audience" to hear of the problem, to realize that a crisis may be at hand and that the maintenance of our public schools at even their present relative level is not a foregone conclusion.

You may recall that my opening remarks—of which you also did not approve—were addressed jointly to the class and to the audience and consumed approximately two minutes. I next spoke directly to the class for about two minutes in commenting on one of the excellent points made by Mr. Carroll. From that point, I spent the next six minutes explaining the budget. No attempt was made at the total of nearly \$1,200,000 would be spent and from what sources it would come. Finally, the last five minutes were consumed in posing the serious problem which faces this school district in attempting to reconcile its educational appetite with its financial capabilities. No cape was made for any position. No support was solicited for School Board or other views.

This is hardly "School Board propaganda." Certainly, it is not special pleading or party politicking. This was clearly an attempt to bring to the attention of those presumably most interested in the subject the reason for the sharp tax increase and the serious challenge to our educational standards thus created.

You have mentioned and we have long been conscious of the inadequacy of the School Board's public relations. This problem is made more difficult by our policy of doing practically all our business in open, public meetings, thus making the prior preparation of public statements next to impossible. In the time available to us, we certainly have demonstrated little competence in public relations. We have relied, probably to too great a degree, on the very able reporting in the public press—namely the "Swarthmorean"—coupled with the sympathetic understanding of those who take the trouble to attend our meetings. Perhaps the completion of our building programs and the related decline in the urgency of some of our educational problems will permit us the necessary time and energy to improve our public relations in the future. In the interim, however, the surest solution lies in the possibility of increased attendance at our meetings by interested individuals, like yourself, who have the ability and desire to understand the various actions taken by the Board and to explain those actions to their friends and associates.

Again, I am sorry that I have caused your indignation by my presentation of a difficult and probably disagreeable problem to an attentive audience. I am also sorry that I may have caused your resentment over my opening remarks or, perhaps, my later ones concerning teachers' salaries. This latter subject could certainly have been handled better although any at-

tempt to do so would probably simply have aggravated your problem since it might have extended my remarks to the full thirty minutes which you have so generously accorded me.

However, after carefully reviewing the substance of my remarks in my own mind, and after receiving the opinions of others who attended Commencement and who were also personally involved in it, I find little that I would change. I can only say that if we in Swarthmore have reached the point where we resent being called upon to face up to the financial problems resulting from our spending of public funds on the one hand and on the other if we have lost the ability to laugh at ourselves, it is late indeed!

Very truly yours,
DONALD P. JONES

School Board Statement

To the Residents of Swarthmore and Rutledge:

Your school system will begin another fiscal year July 6, when a new budget, and tax schedule to support it, will take effect.

You may be interested in some of the problems your School Board faces in formulating the budget, and the policies it follows in meeting them.

Certain characteristics of our District are outstanding in this regard:

1. Education has well been called our only "industry." We have traditionally attracted families seeking good public schools for their children.

2. Manufacturing and other potential sources of tax revenue have been excluded.

3. Our population, though occupying homes generally modest in size, bears a high children-per-family ratio. Almost all these children attend public school from age five through 17.

4. Assessments average only 28 percent of market value.

Sources of school revenue other than real estate millage are tending to level off or decrease. Income from tuition pupils is diminishing as our own school population grows. The rate of reimbursement by the State has reached its maximum under present law. Our per capita and real estate transfer taxes are at their legal limit. It is therefore apparent that in the immediate future the real estate tax must furnish an increasing percentage of total revenue.

The Board finds that its financial resource are incompatible with the many requests for special school services coupled with rising costs in every area of our educational system.

The principles and policies we have adopted to meet this situation may be summarized as follows:

1. We believe the quality of instruction to be of first importance, and apply our funds accordingly.

2. Buildings and equipment adequate for successful teaching must be made available at lowest possible cost.

3. Services essential to the basic operation of our schools must be provided.

4. Our entire educational program is subject to continued critical examination. Suggestions for changes are thoroughly considered in the light of their relative values.

5. We make every effort to avoid unnecessary expenditures and to obtain materials and services at minimum cost.

6. We establish a budget in accordance with these principles to

meet the educational standards of this District and the requirements of State law. This year a total of 62 mills (an increase of eight over last year) is required to meet our needs. Of this, five mills represents the annual rental for the re-built high school.

We trust the people of Swarthmore and Rutledge will support our endeavor to maintain a

Knee-Hi League Schedule

Over the last two weeks the Swarthmore Knee-Hi league has been rolling along quite well with but two postponements due to rain. The league this year seems to be even better balanced than its initial beginning last year, and each team has shown marked improvement in ball playing ability and general know-how. Two games have ended in ties and, for the most part, all have been closely contested.

This year, rather than showing standing of each league division and percentages, a point system will be used so that a team will receive two points for a game won, one point for a tie, and no points for a loss.

Games coming up are as follows:
Saturday, June 20: Dodgers vs. Orioles, Riverview Field; Braves vs. Indians, Riverview Field; Yankees, Riverview Field; Cards vs. Tigers, College Avenue.
Tuesday, June 23: Indians vs. Phils, Riverview Field; Yankees vs. Dodgers, College Avenue.
Wednesday, June 24: Dodgers vs. Tigers, Riverview Field; Orioles vs. Cards, College Avenue.
Thursday, June 25: Braves vs. Yankees, Riverview Field; Phillies vs. Orioles, College Avenue.

the School Board to discuss ways in which the Association might be helpful.

Alfred Boyd and Mrs. Colin Bell reported respectively for the physical education and art-music sub-committee of the Lay Advisory Committee on Curriculum.

Physical education recommendations, confined strictly to the courses held within the formal school hours included: continuation of the current four periods per week but devoting one of these to remedial work; strengthening the health program by requiring textbooks and assigning homework; consideration of combining two periods per week for part of the school year; improve drainage and turf of areas used for physical education, and investigate long-term lease of adjoining Swarthmore College property along railroad.

Art recommendations were: concentrate efforts of the senior high school teacher on grades 9, 10, 11, and 12, hiring a part-time teacher for grades 7 and 8, and permitting James E. Gainer to function entirely in the elementary schools; increase periods to double the present time even if only held every other week; emphasize creative work more than technicalities and crafts; utilize the new art room as in- and as broadly as possible; include in the budget a manually-operated slide projector and beginning a working library of slides and art books.

Music recommendations stressed that this subject be regarded as a regular academic part of the curriculum, be given independent credit and graded separately instead of along with English as currently; that one period a week be required in grades 7 through 10.

Summer School Classes List High Enrollment
New Technique Classes in Reading Skills Draw

With the beginning of the summer season, summer school classes on a limited basis got underway in the Swarthmore-Rutledge Union School this week. Beginning on Monday morning, Robert Holm had his instrumental music classes organized at the Rutgers Avenue School; Mrs. Erma Foley began mental music room of the High School; six rooms of the Junior High school were being used for summer Developmental Reading Program under the direction of Dr. Ethel Maney of the County Superintendent of Schools Office.

An unusually large number of musicians have enrolled with Mr. Holm for the six weeks instrumental music program. So far the enrollment has reached 90 pupils. A number of these have their own instruments, but Mr. Holm has arranged for them to rent, for a very nominal fee, an instrument if they wish to take beginning lessons and he also advises a limited number of school instruments are available.

The enrollment of 80 in the typing classes in the three periods each morning have pressed Mrs. Foley's equipment. It has been necessary for her to arrange to rent additional typewriters for the summer so that all who wish this valuable experience have machines and in-

Early Deadline
The Swarthmorean will be published on Thursday next week, due to the 4th of July falling upon Saturday. The deadline will be Noon, Tuesday.

Summer Canteen Will Open Wed. at Trinity
The Garnet Canteen will open as a Summer Canteen Wednesday evening, July 1, at the Trinity Church at 8 p.m. to 11 p.m. It will be held every Wednesday evening through July.

Those eligible to attend are all members of the Swarthmore High School, grades 8 to 12, and all high school-age Swarthmore residents; all members of the Nether Providence High School, grades 9 to 12; all Swarthmore people that are college age besides approved-by-the-committee friends of these eligibles.

It is a tentative plan to have dancing for the 8th to 10th graders in the large basement room (8th graders mean this past year's 8th graders) and so on through the grades, and to have card table games, bridge lessons plus more dancing for the older group in the adjoining room, using the same amplified music for both. The 11th and 12th graders would be permitted to circulate in either room.

Admissions will be a quarter nightly with the Canteen membership card from this past season. Those without membership cards will sign in July 1. On July 8 all without cards must buy a membership card for a token price. It is presented each night thereafter, besides paying the nightly fee. This is to help defray summer expenses for a much smaller crowd and to identify oneself to the chaperons. If there is a continuing demand for this Summer Canteen, it will continue in August.

There will be a need for fans to be brought in for the evening. Anyone answering this call will be admitted free and with great appreciation.

The supervisor will be Anthony Pizides the music will be handled by Rick Kent and Bill Biddle, the dishes by Bill Glaser and Barbara Bernhard, the lemonade by Abigail Warnes. The chaperons will be Mr. and Mrs. John Lord, Mr. and Mrs. Herman Bloom and Mr. and Mrs. Arthur Kent.

Have Owners --- Will Serve
In the high school cafeteria, spread out on several long tables, arranged in orderly array, are many deserted children's garments. Included are some athletic equipment, miscellaneous rubbers, gloves all of them possessions left at the school when the children departed for summer vacation.

The custodians have arranged them in this convenience display so that owners as well as owners' parents, may come and inspect the items, identify those which are theirs and take them home for use at another time.

Any children or parents who desire to examine the lost and found and to retrieve lost possessions can go to the high school cafeteria via the entrance by Miss Allen's office any weekday morning between the hours of 8:30 and 12 noon. Because of the crowded conditions due to the builders' equipment on the front part of the lot it will be necessary to drive around back and park between the gymnasium and the Industrial Arts Shop.

After several weeks of display, any articles left over and unclaimed, will be removed and sent to some charitable organization.

Mahlon Boyer Bicycles 700 Miles for Vacation
Mahlon C. Boyer, 15 year old son of Mr. and Mrs. Clarence Boyer of Dickinson avenue, arrived Monday after traveling on an English bicycle to visit his grandparents, Mr. and Mrs. O. C. Boyer, New Washington, Ind. He will spend the summer on the 260 acres of farmland, river, hills and forests which were the original land grant to the Boyer family from Andrew Jackson. Mahlon's journey of 700 miles led him for 22 miles along the old unused towpath of the Chesapeake and Ohio Canal where he saw a variety of wild life including several deer and a large black snake.

Mahlon's trip rated a front page story in the Hagerstown, Md., daily, issue of June 20, when he arrived there. E. M. Dale, superintendent of the C. and O. Canal, was quoted as commenting that Mahlon's trip is the first bicycle journey ever reported over that portion of the towpath (between Hancock and Cumberland, Md.). The towpath route saved Mahlon pumping his vehicle up five mountains.

Upon his safe arrival at his Indiana destination Monday night, Mahlon had averaged 70 miles per day, including the mountain areas he traversed.

Dr. Fisher Addresses Cal Tech Symposium
Industrial Relations Prof. Cites '47-'57 Findings

Professor Waldo E. Fisher addressed the 20th Anniversary Commemorative Symposium of the Industrial Relations Section of the California Institute of Technology last night in Los Angeles. He spoke on the subject "Wages and Inflation: An Appraisal". Dr. Fisher's discussion was based on an analysis of wages, profits and prices in American industry during the decade ending in 1957 and considered the implications of these findings in relation to the major problem of inflation.

Dr. Fisher is Emeritus Professor of Industrial Relations at the Wharton School of the University of Pennsylvania. He has gained wide recognition in the field of industrial relations as a teacher, from his research, and while serving with the government and in industry.

Tomorrow Mrs. Fisher will fly to California where she will join Dr. Fisher in Pasadena. They will spend the month of July vacationing in the West and in Canada. The Fishers live on Guernsey road.

Have Bass - No Travel
In reviewing the needs of the High School instrumental music groups for the fall season, Director Robert Holm feels that the major recruiting efforts should be in the area of the Bass sections in both Band and Orchestra.

As a result of Sven Borel's graduation and Peter Bancroft's transfer to Maine, the Band will be in need of two new Sousaphone players. There is even a more acute need of a String Bass player for Orchestra to replace Bette Gemm, a member of the Class of 1959.

Holm pointed out that it is a simple matter for a boy or girl with piano background to acquire the rudiments of String Bass playing. Work during the summer program would equip them to participate with the groups sometime during the Fall.

The Sousaphone is usually considered to be a man's instrument and young men desiring to evidence such masculinity might find an interesting challenge in this area. Piano is helpful but not necessary. HORNETS WIN 4-1
Last Thursday evening the Swarthmore Recreation Association's Hornet baseball team won a decisive victory over Lansdowne Park's nine, 4-1, behind the expert pitching of 12-year-old George Welsh. George pitched his best game to date, allowing few scattered hits.

Mrs. Colin Bell Chairs Last Parents Council
Discussion Covers Major Parent-School Problems

Mrs. Edward H. Pyle, 2nd, became chairman of the Parents' Council of the Swarthmore Schools at the annual meeting early this month at Rutgers Avenue School. Mrs. Colin Bell, retiring chairman, presided over the meeting in the "efficient and diplomatic way" for which she was commended by the group at the close of the meeting.

Mrs. John Carroll was named vice-chairman. Mrs. Robert Grogan secretary and Mrs. Edmund Jones treasurer. The new officers received expressions of goodwill from the members of the council.

Mrs. Bell announced the Book Fair Committee for 1959 as follows: Mrs. John D. deMoll and Mrs. James Nelson, co-chairmen; Mrs. Jones, treasurer; Mrs. Henry McCorkle, pre-fair; Mrs. William Campbell and Mrs. Charles Gerner, fair days; Mrs. David Laird, cash and carry; Mrs. Erwin Schmidt and Mrs. Francis J. Bouda, magazines; Mrs. John Espenschade, Christmas cards; Mrs. Marshall Schmidt, encyclopedias; Mrs. Daniel L. Goldwater and Mrs. Ball, book orders. Formal expression of appreciation was made to Mrs. George Shoemaker for her work as chairman of the 1958 fair. Mrs. Edward Conwell and Mrs. Goldwater will succeed Mrs. Leroy Peterson and Mrs. Frank Mader on the Book Fair disbursements committee.

Mrs. Maurice Webster, upon installation of the chairman, expressed concern for mixing of classes. She listed the following advantages of this policy: avoidance of social cliques; facilitation of unavoidable merger in the seventh grade; benefits of a new group to shy children; stimulation of new groups to frustrated leaders; benefits of frequent change to new children in the community. On the negative side Mrs. Webster admitted that some teachers felt that "intact" groups were easier to teach by fourth grade than

Knee-Hi League Schedule

Over the last two weeks the Swarthmore Knee-Hi league has been rolling along quite well with but two postponements due to rain. The league this year seems to be even better balanced than its initial beginning last year, and each team has shown marked improvement in ball playing ability and general know-how. Two games have ended in ties and, for the most part, all have been closely contested.

This year, rather than showing standing of each league division and percentages, a point system will be used so that a team will receive two points for a game won, one point for a tie, and no points for a loss.

Games coming up are as follows: Saturday, June 20: Dodgers vs. Orioles, Riverview Field; Braves vs. Indians, Riverview Field.

Monday, June 22: Phillies vs. Yankees, Riverview Field; Cards vs. Tigers, College Avenue.

Tuesday, June 23: Indians vs. Phils, Riverview Field; Yankees vs. Dodgers, College Avenue.

Wednesday, June 24: Dodgers vs. Tigers, Riverview Field; Orioles vs. Cards, College Avenue.

Thursday, June 25: Braves vs. Yankees, Riverview Field; Phillies vs. Orioles, College Avenue.

The School Board to discuss ways in which the Association might be helpful.

Alfred Boyd and Mrs. Colin Bell reported respectively for the physical education and art-music committees of the Lay Advisory Committee on Curriculum.

Physical education recommendations, confined strictly to the courses held within the formal school hours included: continuation of the current four periods per week but devoting one of these to remedial work; strengthening the health program by requiring textbooks and assigning homework; consideration of combining two periods per week for part of the school year; improve drainage and turf of areas used for physical education, and investigate long-term lease of adjoining Swarthmore College property along railroad.

Art recommendations were: concentrate efforts of the senior high school teacher on grades 9, 10, 11, and 12, hiring a part-time teacher for grades 7 and 8, and permitting James E. Gainer to function entirely in the elementary schools; increase periods to double the present time even if only held every other week; emphasize creative work more than technicalities and crafts; utilize the new art room as soon and as broadly as possible; include in the budget a manually-operated slide projector and beginning a working library of slides and art books.

Music recommendations stressed that this subject be regarded as a regular academic part of the curriculum, be given independent credit and graded separately instead of along with English as currently; that one period a week be required in grades 7 through 10.

Summer School Classes List High Enrollment

New Technique Classes in Reading Skills Draw

With the beginning of the summer season, summer school classes on a limited basis got underway in the Swarthmore-Rutledge Union School this week. Beginning on Monday morning, Robert Holm had his instrumental music classes organized at the Rutgers Avenue School; Mrs. Erma Foley began mental music room of the High School; six rooms of the Junior high school were being used for summer Developmental Reading Program under the direction of Dr. Ethel Many of the County Superintendent of Schools Office.

An unusually large number of musicians have enrolled with Mr. Holm for the six weeks instrumental music program. So far the enrollment has reached 90 pupils. A number of these have their own instruments, but Mr. Holm has arranged for them to rent, for a very nominal fee, an instrument if they wish to take beginning lessons and he also advises a limited number of school instruments are available.

The enrollment of 80 in the typing classes in the three periods each morning have pressed Mrs. Foley's equipment. It has been necessary for her to arrange to rent additional typewriters for the summer so that all who wish this valuable experience have machines and in-

Admissions will be a quarter nightly with the Canteen membership card from this past season. Those without membership cards will sign in July 1. On July 8 all without cards must buy a membership card for a token price to be presented each night thereafter.

Have Owners -- Will Serve

In the high school cafeteria, spread out on several long tables, arranged in orderly array, are many deserted children's garments. Included are some athletic equipment, miscellaneous rubbers, gloves all of them possessions left at the school when the children departed for summer vacation.

The custodians have arranged them in this convenience display so that owners as well as owners' parents, may come and inspect the items. Identify those which are theirs and take them home for use at another time.

Any children or parents who desire to examine the lost and found and to retrieve lost possessions can go to the high school cafeteria via the entrance by Miss Allen's office any weekday morning between the hours of 8:30 and 12 noon. Because of the crowded conditions due to the builders' equipment on the front part of the lot it will be necessary to drive around back and park between the gymnasium and the Industrial Arts Shop.

After several weeks of display, any articles left over and unclaimed, will be removed and sent to some charitable organization.

Mahlon Boyer Bicycles

700 Miles for Vacation

Mahlon C. Boyer, 15 year old son of Mr. and Mrs. Clarence Boyer of Dickinson avenue, arrived Monday after traveling on an English bicycle to visit his grandparents, Mr. and Mrs. O. C. Boyer, New Washington, Ind. He will spend the summer on the 260 acres of farmland, river, hills and forests which were the original land grant to the Boyer family from Andrew Jackson. Mahlon's journey of 700 miles led him for 22 miles along the old unused towpath of the Chesapeake and Ohio Canal where he saw a variety of wild life including several deer and a large black snake.

Mahlon's trip rated a front page story in the Hagerstown, Md., daily, issue of June 20, when he arrived there. E. M. Dale, superintendent of the C. and O. Canal, was quoted as commenting that Mahlon's trip is the first bicycle journey ever reported over that portion of the towpath (between Hancock and Cumberland, Md.). The towpath route saved Mahlon pumping his vehicle up five mountains.

Upon his safe arrival at his Indiana destination Monday night, Mahlon had averaged 70 miles per day, including the mountain areas he traversed.

Dr. Fisher is Emeritus Professor of Industrial Relations at the Wharton School of the University of Pennsylvania. He has gained wide recognition in the field of industrial relations as a teacher, from his research, and while serving with the government and in industry.

Tomorrow Mrs. Fisher will fly to California where she will join Dr. Fisher in Pasadena. They will spend the month of July vacationing in the West and in Canada. The Fishers live on Guernsey road.

Have Bass - No Travel

In reviewing the needs of the High School instrumental music groups for the fall season, Director Robert Holm feels that the major recruiting efforts should be in the area of the Bass sections in both Band and Orchestra.

As a result of Sven Borel's graduation and Peter Bancroft's transfer to Maine, the Band will be in need of two new Sousaphone players. There is even a more acute need of a String Bass player for Orchestra to replace Bette Gemmill, a member of the Class of 1959.

Holm pointed out that it is a simple matter for a boy or girl with piano background to acquire the rudiments of String Bass playing. Work during the summer program would equip them to participate with the groups sometime during the Fall.

Miss Kathleen Marshall Baird, daughter of Mr. and Mrs. John Curtis Baird of Walworth avenue, Scarsdale, N.Y., became the bride of Mr. John Finley McCahan, son of Mrs. David McCahan and the late Dr. McCahan of Strath Haven avenue, in a double ring ceremony performed by the Rev. Edward S. Golden in the Hitchcock Presbyterian Church, Scarsdale, at 4 o'clock, Saturday afternoon, June 20.

The bride was given in marriage by her father. Her wedding gown was of light ivory silk mist in princess style. The sculptured neckline was trimmed with re-embroidered Alencon lace studded with seed pearls. The full skirt, appliqued with lace, flowed into a chapel train. The waist length veil was of ivory French illusion falling from a cap of matching Alencon lace. She carried a crescent bouquet of lily of the valley, stephanotis, and white roses.

The bride was attended by her sister Miss Mary Jane Baird as maid of honor. The bridesmaids were Miss Susan Baird, sister of the bride, Scarsdale; Miss Sidney Reid, Scarsdale; Mrs. Treney Dolbear, New Haven; Miss Betty Adams, Mamaroneck; Miss Laird Trowbridge, New York City. All the attendants were gowned in French blue linen with yolks of matching lace and carried arm bouquets of Rubrum lilies.

Mr. David McCahan attended his brother as his best man. The ushers were Mr. Craig Peel and Mr. John Wetlauffer of Swarthmore; Mr. Frederick Porter, Wallingford; Mr. Gordon McClure, Fort Dodge, Ia.; Mr. Peter Bloom, Drexel Hill; Mr. Bradford Crane, Loveland, O.

A wedding reception was held at the home of the bride's parents following the ceremony. Mr. and Mrs. John McCahan will be at home in Philadelphia in September. Mr. McCahan, a graduate of Swarthmore High School and of the University of Pennsylvania in 1958, is enter-

ing the University's Medical School. Mrs. McCahan is a graduate of Scarsdale High School, Mt. Holyoke College, class of '58, and has been a secretary with Ford Foundation.

SHAPLEY - HANSELL

The marriage of Miss Susan Mae Hansell, daughter of Mr. and Mrs. George Adair Hansell, Jr., of North Swarthmore avenue and Mr. Robert Eugene Shapley, son of Mr. and Mrs. Harry C. Shapley of Fort Wayne, Ind., was solemnized at Trinity Church by the Rev. Layton P. Zimmer on Saturday afternoon, June 20, at 2:30 o'clock.

Mr. Hansell escorted his daughter to the altar. Her wedding gown was of Belgian embroidered silk organza in ballerina length with bateau neckline, empire bodice and short sleeves. The circular skirt was fashioned with a floating back panel of organza, accented with an empire bow. Her chapel length veil was of French illusion held by a Dior bow of silk organza. She carried a crescent bouquet of white feathered carnations, white sweet-heart roses and sandrini foliage.

Miss Sally Bates of New York City attended the bride as matron of honor, gowned in pale blue silk organza over taffeta, fashioned with scoop neckline, bishop sleeves and full skirt. Her headpiece was a matching blue horsehair bow, accented with velvet. She carried a bouquet of yellow feathered carnations and white sweetheart roses.

The bridal attendants were Miss Barbara Blackburn Mohler of Ardmore and Mrs. Dan Anderson Daly of Summit, N.J., whose gowns and headpieces were like the maid of honor's. They carried bouquets of yellow feathered carnations.

Mr. Alan M. Smith of Silver Springs, Md., was the groom's best man. The ushers were Messrs. George A. Hansell, 3rd and T. Stevenson Hansell, brothers of the bride; Ralph B. Adams, Jr., and Roy H. Lockwood, both of Silver Spring; John R. Stafford, Elizabeth, N.J.

The bride's mother wore a blue silk butterfly print sheath modeled with scoop neckline and short sleeves, a Navy blue whimsy headpiece and a corsage of white phalaenopsis orchids.

The groom's mother was gowned in white cotton lace over blue taffeta. Her accessories were white and her corsage of white phalaenopsis orchids accented with blue delphinium.

A wedding reception at Rolling

Green Golf Club followed the ceremony. After a honeymoon in Cape

May, N.J., Mr. and Mrs. Shapley will be at home at Ft. Benning, Columbus, Ga.

SEEKS GENEROUS VOLUNTEER

Dear Editor: As director of District N 12 of the 1960 United Fund, I should like to appeal, through your paper, for some civic-minded citizen or captain of that borough.

This position will involve enrolling 20 solicitors as soon as possible, holding a briefing for these solicitors the last week in September (at which time all solicitation material will be explained and distributed), and finally, collecting contributions and pledge cards.

I have made innumerable calls, all unsuccessfully, in an effort to obtain a captain, yet I am sure there are many Rutledge residents with both the desire and the time to serve this so necessary drive.

Thank you. Very truly yours, Emma Michael Reynolds (Mrs. Joseph)

PRaises POLICE

I know all Swarthmoreans are as grateful as we are for the wonderful job our local police did in apprehending the boy who was let out of a taxi-cab near Strath Haven Inn last week.

This is an example of the alertness of our officers and their efficiency obviously prevented a dreadful experience for the occupants of the Inn or for others in the neighborhood.

Sincerely, Elizabeth B. Plovman

Mr. and Mrs. Donald K. Grose of Amherst avenue have had as their guest for a fortnight, Mr. Grose's mother, Mrs. Arthur Grose who left Tuesday for her home in Milton, Mass.

Mrs. Colin Bell Chairs

Last Parents Council

(Continued from Page 1)

"scrambled" groups.

Comments from Principals Thomas Boyle and Frank R. Morey on administrative difficulties involved and the fact that no school policy discouraged the mixing of classes were followed by a comment from the floor that Swarthmore parents needed to let professional educators run the schools and be willing to abide by their decisions, at least for a trial period.

Parents Council members, voting as individuals rather than representatives of their class groups, voted to support the administration if it finds it wise to scramble Kindergarten through sixth grade classes in 1959-60. Informal agreement supported the administration's judgment on the further question of the possible inauguration of sectioning class groups according to academic ability.

Mrs. Henry A. Peirsol was given the floor to express her concern over the inability of many public school children to accept instruction and authority. Consideration of Mrs. Peirsol's remarks was referred to the executive board for possible discussion next year in Parent's Council or the Education committee meetings or both.

Elementary Grade Concerns

The Elementary Section of the Council heard reports from Mrs. Horace Renshaw, chairman of the Bicycle Safety committee listing 105 bicycles licensed and the amount of \$26.25 collected. Police approval of the licensing was reported with special mention of its help in returning 75 lost or stolen bicycles this year. Mrs. Conwell will head this work next year.

The matter of proper school attire was considered, specifically in regard to the wearing of short shorts by older elementary school girls. The consensus of opinion was that Bermuda length shorts were acceptable and that parents could raise teacher-pupil morale by paying closer attention to proper school apparel. The possible addition of a dress code to the Parents' Handbook was considered, with the suggestion that Bermuda shorts are acceptable gym apparel but should be restricted to gym days and then worn without covering skirt only at the discretion of individual teachers.

Mrs. Marion Pierce, school nurse, asked for time to inform parents that many standards of personal cleanliness (specifically listed were clean hands before eating, toilet flushing after use, etc.), are "appallingly neglected" in a town whose children, due to economic standards, should not be remiss in these matters. She stated that these laxities gave her concern for the over-all health welfare of the entire school population. The group was also reminded by Principal Boyle that the problem of stealing and of the rejection of proper standards of conduct is still very current.

Mrs. Bell announced that although all groups concerned agreed that the start of a second language program in the elementary school is desirable, the School Board finds it difficult to provide funds for the installation of the program. The possible solution of raising the money by subscription was suggested.

NEWS NOTES

Seahorses Outswim
Ply-Mar 207-144
Get Fins in Trim for Home Meet Tomorrow
The Swarthmore Swim Team journeyed to Ply-Mar Saturday morning for its first meet with this second-year team in the Suburban Swimming League, and despite some of its best swimmers being absent for one reason or another, and having only half its lanes filled in some events, Swarthmore came home on the high end of a 207-144 score. Although the scores differed but five points at the end of backstroke Swarthmore gradually pulled off safely ahead.

At 9 a.m. tomorrow at the home pool Swarthmore's seahorses will meet the second and third matches of the current season in a triangular meet with Martins Dam and East Whiteland. Diving events will be at 6:30 tonight. In addition to the usual workouts, practice races, and time trials, this week's team program included a picnic at the pool Thursday night.

A few diligent teamsters plan to take advantage of the developmental meets at Kelly Pool, Philadelphia. Anyone interested in joining them may see Coach Millard Robinson for an A.A.U. card and further details. Seniors are scheduled for Thursdays, June 25 and July 2; Monday, July 6 and Thursday, July 9, from 4 to 6:30 p.m. Junior dates are Wednesdays, June 24, July 1, and Monday, July 6. The Philadelphia Swimming Directors annual summer meet at Kelly, in which localities have previously made a mark, is set for Wednesday and Thursday, July 22 and 23.

First 1959 Seacolt Meet Monday
Midget and junior members of the Swim Team now practice at 2 p.m. daily so that the newer swimmers comprising the Seacolt contingent can have a workout at 1 p.m. Monday at 1 p.m., there will be a special Seacolt meet for all age groups. All pool members who have not swum officially in a Suburban League meet this season are eligible for participation in this meet.

KNEE-HI BASEBALL IN HARD PLAYED GAMES

The Swarthmore Knee - Hi League, rolling along, had one wild game last week when the Indians scored its first league victory of the campaign over the National League division leader of Howard Sipler's Brave team to the unusual score of 21 to 17. It all happened Saturday morning and the game lasted for a record three hours.

Leading by a score of 21 to 5 going into the last inning the Indians had all they could do to contain the Braves' explosive effort in scoring 12 runs, but that was all they had in them and fell short of the victory. Ed Michener relieved with two out in the last inning to set down the last Brave batter.

In the other game Saturday, the Orioles made it their second win when they defeated the Dodgers 4 to 1. Rob Patterson, Bill and Dougie Gill, Sandy Thomson, and Pete Salom were the shining lights for the Orioles, while Tom Topping, Bill Standish, Sam Caldwell, Eddie Edney, Don and Dave Hartman chipped in with some hits and defensive plays in their efforts to win.

Monday night the Phillies defeated the Yankees in a real struggle 3 to 2 when Gary Baskin got a scratch single to score Frank Pierson in the last half of the last inning. The Tigers defeated the Cardinals 5 to 3 in another fine game and Trevor Harper pitched real outstanding ball for Jack Cushing's team.

The league has been blessed with one no-hitter so far when Jeff Innis pitched a near perfect game, winning out over the Orioles 3 to 0 last Thursday night.

Raymond Pope, son of Mr. Floyd Pope, of Parrish road, left Tuesday for Camp Brebruss, Baden, Vt., where he will be a counselor for the summer.

Mr. and Mrs. Will M. Heiser are occupying the home of Mr. and Mrs. R. Roy McCorkel of Cornell avenue while the McCorkels vacation at their cottage in Warrior's Mark, near State College until Labor Day. The Heisers with their three children, Marcia 13, David 11 and Charles 9, have recently returned to this country from six months in Iran, after spending two years in Lahore, Pakistan and two years in New Delhi. Mr. Heiser is a consulting engineer with Justin and Courtney, consulting engineers of Philadelphia.

Mrs. J. L. Kraft of Evanston, Ill., and her grandson James Kraft Hardy of Wilmette, Ill., left on Friday for Boston after visiting her sister Mrs. Arthur G. Adams of Harvard avenue for a week. Another sister Mrs. Fred C. Cooper of Largo, Fla., is spending June with Mrs. Adams. This is the first time the three sisters have been together for a visit.

YOUR NEIGHBORS ENLARGING YOUR WORLD THROUGH SERVICE AND SCIENCE

This phrase sums up, we think, exactly who we are and what we stand for . . .

Your neighbors

Telephone men and women live and work in the hundreds of Pennsylvania communities we serve. They shop where you shop, worship where you worship. They take an active part, often as leaders, in the same civic drives which claim your own participation and support. They are good neighbors, public-spirited neighbors, friendly neighbors.

Enlarging your world through service

In giving wings to your words, telephone people provide a service practically indispensable to you in managing household and business affairs. They help you keep friendships alive, make new friends. They can almost instantly speed your voice—and personality—across the nation, to ships at sea, around the world. Your telephone opens for you a world undreamed of a few generations ago.

Day and night throughout the year, telephone men and women serve you. And in emergencies such as floods, hurricanes and crippling snowstorms, they work around the clock

so that you can keep in touch with others, and others can keep in touch with you.

Enlarging your world through science

Our associates in research at Bell Laboratories are constantly exploring new scientific frontiers in the transmission of sound. The transistor, for example, is helping make possible direct dialing to distant points. It also is playing an essential role in America's exploration of space. Bell Laboratories, Western Electric Company (manufacturing arm of the Bell System) and Bell operating companies all contribute importantly to national defense. Further inventions and discoveries by telephone scientists are stories for the future to write. KNEE-HI BASEBALL IN HARD PLAYED GAMES

The Swarthmore Knee-Hi League, rolling along, had one wild game last week when the Indians scored its first league victory of the campaign over the National League division leader of Howard Sipler's Brave team to the unusual score of 21 to 17. It all happened Saturday morning and the game lasted for a record three hours.

Leading by a score of 21 to 5 going into the last inning the Indians had all they could do to contain the Braves' explosive effort in scoring 12 runs, but that was all they had in them and fell short of the victory. Ed Michener relieved with two out in the last inning to set down the last Brave batter.

In the other game Saturday, the Orioles made it their second win when they defeated the Dodgers 4 to 1. Rob Patterson, Bill and Dougie Gill, Sandy Thomson, and Pete Salom were the shining lights for the Orioles, while Tom Topping, Bill Standish, Sam Caldwell, Eddie Edney, Don and Dave Hartman chipped in with some hits and defensive plays in their efforts to win.

Monday night the Phillies defeated the Yankees in a real struggle 3 to 2 when Gary Baskin got a scratch single to score Frank Pierson in the last half of the last inning. The Tigers defeated the Cardinals 5 to 3 in another fine game and Trevor Harper pitched real outstanding ball for Jack Cushing's team.

The league has been blessed with one no-hitter so far when Jeff Innis pitched a near perfect game, winning out over the Orioles 3 to 0 last Thursday night.

Raymond Pope, son of Mr. Floyd Pope, of Parrish road, left Tuesday for Camp Brebruss, Baden, Vt., where he will be a counselor for the summer.

YOUR NEIGHBORS ENLARGING YOUR WORLD THROUGH SERVICE AND SCIENCE

This phrase sums up, we think, exactly who we are and what we stand for . . .

Your neighbors

Telephone men and women live and work in the hundreds of Pennsylvania communities we serve. They shop where you shop, worship where you worship. They take an active part, often as leaders, in the same civic drives which claim your own participation and support. They are good neighbors, public-spirited neighbors, friendly neighbors.

Enlarging your world through service

In giving wings to your words, telephone people provide a service practically indispensable to you in managing household and business affairs. They help you keep friendships alive, make new friends. They can almost instantly speed your voice—and personality—across the nation, to ships at sea, around the world. Your telephone opens for you a world undreamed of a few generations ago.

Day and night throughout the year, telephone men and women serve you. And in emergencies such as floods, hurricanes and crippling snowstorms, they work around the clock

so that you can keep in touch with others, and others can keep in touch with you.
