

EASTER EGG HUNT SATURDAY AT 10
(Continued from Page 1)

hunt, but lured by the beautiful warm weather—a full day ahead of spring—he had stopped to cavort on one of the college's gracious greenwards to celebrate the masterpiece, and it was not until the thunderstorm later in the day that he had remembered his mission and leapt unerringly onto Park avenue's macadam surface.

Just off the sidewalk was a sign stating "Frank's Best" (A LION, the Bunny had thought with a qualm). Just by the sign was a red and white striped pole. "It looks

more like Christmas than Easter," the Bunny had thought nervously, but slightly encouraged, he had trotted at left angle down to the shop. He peered around the corner of the building, hoping for a glimpse of forest and brush, or a nice comfortable college dogwood; it was only another man-made path (bearing the name "Dartmouth Avenue") and the Bunny sighed, glanced back at the encouraging red and white pole, and turning suddenly hindside to, banged his cottontail against the door.

It opened immediately. "Not today!" said a voice firmly. "No cuts today!"

"But..." said the Bunny, astounded.

(How many lions ever said "NO" to a volunteer dinner?). "You look wet," said the voice. "Come in and dry off." The Bunny meekly dripped in and dripped some more, apologetically, on the The Lion's linoleum.

"Here, dry off." Several towels appeared before his eyes. And when the Bunny was considerably drier, and his coat much fluffier, there was a deep pause. "You do need a cut. I will give you one besta kind!" It was obviously a concession.

"But..." said the Bunny again. "Er, only a trim," he murmured, eyeing the closed door sadly.

But (yet again), once he was enclosed in the chair, enveloped in an enormous barber's bib, with a bit a paper wrapped neatly around his neck; once introductions had been made, and Frank—this man in white, with a trim set of whiskers on his upper lip (the Bunny favored his on either side)—once this man Frank had neatly clipped his way up and down one long ear and was carefully beginning on the other, the Bunny relaxed.

"Lions are no more alarming than Rotarians," he thought happily, "and this one is very hospitable."

Well, plans were made, last Saturday afternoon, between the Easter Bunny, and Frank Maselli, proprietor of the shop and chairman of the Lions Club annual egg hunt, and with Bart Calvert and Al Catherman, fellow Lions who dropped in to help. They all agreed that Clothier Field (the Bunny mentally removed seasonal restrictions on the area in honor of the occasion) was to be divided into four areas—one for the four-year-olds and under, one for the five and six-year-olds, one for the seven and eight, and another for the nine and 10-year-olds. It was arranged that each group have a supervisor and each supervisor have local Sea Scouts and members of the Lions as assistants.

Some 300 prizes were to be awarded (plans continued), many to be found wrapped up in the scattered bags of bunny eggs ("they're very much like jelly beans," the Bunny explained solemnly), and others were to be claimed with slips to be found within some of those bags of bunny eggs, and presented to the group supervisor for more valuable awards.

All agreed that no egg hunter could receive more than one large prize.

"Good whiskers," Frank had commented, regarding the Bunny's handsome bristles admiringly, after plans had been completed to everyone's pleasure. "A trim, yes?" and he whipped out a pair of shears.

"Besta kind!"

"Not... not today, thank you," said the Bunny, grasping convulsively at a set (one to the right and one to the left) with each paw (was Frank reverting to the lion of the jungle?).

"O.K.," said Frank. The scissors disappeared, the bib came off, and Frank's hand was hovering over a box of lollypops. "You like a..." Frank contemplated the Bunny, seemed uncertain, and then, cocking his head a bit to one side said firmly, "You like some spaghetti?"

All four sat down to a delicious spaghetti dinner which Frank "just happened" to have ready on the stove—The Easter Bunny, Frank, and Mr. Calvert and Mr. Catherman. After it was over, everyone had said "thank you" for one thing or another, and everyone had shaken hands or paws with everyone else.

The Bunny was the last to leave. "Thank you very much," he had said last Saturday (and still meant on Thursday). I'll see you Saturday morning at 10!

"And thank you for the spaghetti."

"O.K.," said Frank, looking longingly at the Bunny's whiskers, "Besta kind!"

Dr. and Mrs. Walter N. Moir with their daughters Ginny and Joan of South Chester road will spend the Easter weekend in New York City.

College Mermaids Win 13th Swim Competition

It was a lucky 13 for the women's swimming team of Swarthmore College as the Garnet Mermaids finished off their 13th undefeated year in dual meet competition last Friday by downing the Temple University team in the Temple pool. The Swarthmore swimmers now have a winning streak 93 dual meets long.

The members of this year's squad come from all over the United States—Florida, Maine, California, Louisiana, Virginia and Ohio, and Freshman Queen Penny Jones has lived several years in Lagos, Nigeria, where her father is assigned to a post with the State Department.

Co-captain Penny Payson Simkin holds the pool record at Swarthmore and Bryn Mawr for the 50-yard freestyle and the butterfly, and the 50-yard freestyle record at Ursinus and Chestnut Hill and the 100-yard freestyle record at Swarthmore. In her freshman year Penny set the Eastern Intercollegiate record in the 50- and 100-yard freestyle events. She lost the 50-yard record the next year but broke her own record in the 100-yard freestyle event. Penny still holds this 100-yard freestyle record, and on March 14 she set a new record for the butterfly in the Intercollegiate Women's Swimming Championship. A senior and an English major from Maine, Penny is married to Swarthmore alumnus Peter Simkin, formerly of Wallingford. The couple lives in the borough.

The other co-captain, Sally Freedman hails from California, a continent apart from Penny Simkin. An economics major in the Swarthmore honors program, Sally won first place in intercollegiate competition in her freshman year.

The swimmers also won the intercollegiate women's swimming championship for the 11th straight time March 14 in the Abington pool. They have amassed 12 victories in the 14 years the competition has been held.

Children's Theatre To Give 'Wizard of Oz' Production Slated for April 18

The stage of the North Providence High School auditorium, on Providence road in Wallingford, will soon be bustling with the magical characters of Dorothy, the Lion, Scarecrow and Tin Woodman. On Saturday, April 18 at 2 o'clock in the afternoon and again at 7:30 in the evening 50 boys and girls of the Junior Theatre of the Community Arts Center in Wallingford will be performing their eleventh annual production, "The Wizard of Oz," by L. Frank Baum. The entire production, which traces Dorothy's (and Toto's) steps from Kansas through Munchkin Land, along the Yellow Brick Road to the Palace of Oz in the dazzling Emerald City, is under the direction of Mrs. Stuart Graves of Moylan.

"The Wizard of Oz" is the result of a full year's program of work and study at the Arts Center. The Junior Theatre, with an age range of eight to 13 year old boys and girls, has weekly instruction in speech and dramatics. The course winds up with this learning-in-action in the form of a yearly production gauged to suit the school-age child.

Mrs. William S. Proctor of Wallingford assists Mrs. Graves in the Junior Theatre by teaching first year students. These first year students automatically become the actors in next year's production.

Dr. Moses Bailey Friends to Host Day of Prayer

Dr. Bailey to Speak at 10 A.M. Session Monday

The Swarthmore Friends Meeting House will be the scene of the next Community Day of Prayer, Monday, April 6. The time has been moved up one-half hour earlier from 10:30 to 10 a.m. and the morning period will end at 11:30. The afternoon session will extend from 12:45 to 1:45 p.m.

He taught Bible at Wellesley College from 1922 to 1932 and has been at Hartford Seminary since then, except for such trips for the American Friends Service Committee as he and Mrs. Bailey have made at various times to the Near East where they have represented the committee in Turkey, Israel, Syria, Jordan and Egypt. Dr. Bailey has lectured in recent years at the summer session of Pendle Hill. During the meditation period, he will speak on the Psalms.

The afternoon program will be led by Mrs. F. Weston Whittier. Hot beverages will be served during the lunch hour and young children may be cared for at the Presbyterian Church Nursery School.

All members of the community are cordially invited to share this day of quiet.

List Popular Items For Spring Exchange

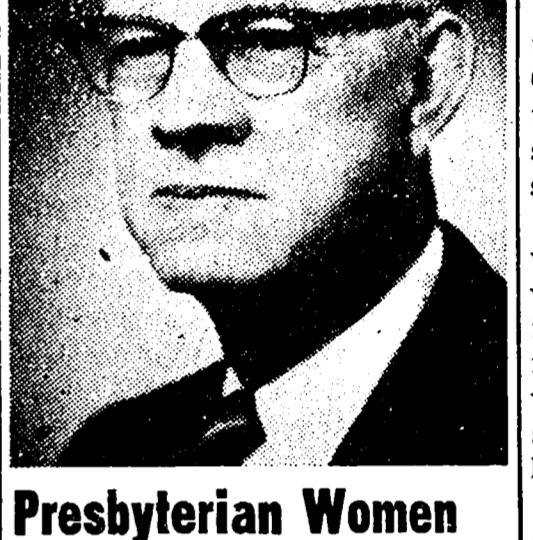

With the Spring Mutual Exchange at the Woman's Club approaching at giant pace its scheduled April 14, 15, 16, 17 event, the sponsoring Woman's Club committee lists the following articles acceptable for exchange:

Sports equipment, luggage, purses, handbags and tote bags, records, toys, bedspreads, linens, curtains, dishes, glassware, mirrors, kitchen equipment, nursery furniture, lamps, spring and summer clothing. No heavy winter things will be accepted, and no hats or shoes.

The community is reminded that the Exchange is not a rummage sale, hence no soiled or ragged articles will be accepted. Consigners who objectively cast the critical eye of a prospective buyer upon their goods will arrive at the clubhouse on Tuesday from 9:30 a.m. to 3:45 p.m. with the best selection of goods for mutually profitable exchange.

Sale days are on Wednesday, April 15, from 9:00 a.m. to 8:30 p.m. and on Thursday, April 16, from 9:00 a.m. until 12 Noon. On Settlement day, Friday, April 17, 10 a.m. until 2 p.m., there will be no sales.

A Plea to the Men of the Community
 To the Editor:
 Each year in Swarthmore we have more than one hundred 11 and 14 year old boys eligible for scouting. Because of lack of available leadership, some 80 boys are at present in one troop which meets at the Presbyterian Church. The optimum number for a troop is 32. Obviously, the objectives which are basic to scouting cannot be achieved properly under these crowded conditions.

LWV Audience Hears Curriculum Report
 At a public meeting of the Swarthmore League of Women Voters, held in Whittier House on Monday evening, a large and interested group of Swarthmore-Rutledge residents, including members of the school faculty, administration and board, heard Dr. David Rosen outline the function and progress of the Curriculum Advisory Committee which was appointed two years ago by the school board.
 Dr. Rosen, chairman of this committee, stated that the value of the committee was to give the kind of perspective that can be achieved by a group of people whose abilities and training qualifies them in the field of education yet who are not directly involved in the school system. Their job, he said, is not to foist their recommendations upon the faculty and administration but to work together to make improvements in the schools which the faculty and administration are convinced are desirable.
 Dr. Rosen summarized the reports of the committees which have been completed. In the field of physical sciences and mathematics, a recommendation that biology be required for all ninth graders has already been put into effect. Dr. Rosen pointed out that as this report was completed just two days before the fire, much of it has had to be tabled until the high school is rebuilt; however, a program has been designed to meet the needs of the scientifically inclined pre-college student, the nonscientific inclined pre-college student, and the student who is not planning to attend college. It includes room for an advanced science course in the 12th grade. The report stated the importance of arranging hours to include a two hour lab period. The mathematics program offers four full years of mathematics.
 The modern language report of last year was not adopted by the school board and a committee is working on a new report to be presented soon. The recommendations include introduction of a modern language in the third grade on an oral basis and opportunity for four years of formal training in a modern language in high school. Latin would be introduced in the eighth grade rather than the ninth to make room for the four years of a modern language.
 The report on social studies recommended closer coordination between the elementary grades and high school, while that on English suggested more work on the ability to communicate precisely and effectively through composition and public speaking.
 The focal point of the recommendations of the library sub-committee was that it should be made a more integral part of the students' school life and courses.
 Committees on physical education and health, music and art and the possibility of lengthening the school day will be completing reports in the coming year. Dr. Rosen pointed out that in order to find more hours for needed academic subjects it would be possible to cut down on physical education as the school program is more than state requirements demand.
 In conclusion, Dr. Rosen made a series of general recommendations. He stated that in talking with various members of the community, the main concern about our school system was complacency; that valuable developments were being made in other schools that were not being considered or tried in the Swarthmore-Rutledge Schools. He cited the offer by a college professor to give free after-school Russian lessons which was turned down because it was felt the program of those students who would be interested was already too full. Dr. Rosen felt that the students themselves and their parents should have had the opportunity to choose between this and some other activity.
 In order to meet the necessity of keeping abreast of current educational developments and evaluating

SWS Varsity Club Initiates New Members
 The Varsity Club held its annual initiation at Coach Millard Robinson's home on Friday evening, March 20. After a picnic supper, initiation took place. The following boys joined the club:
 Job Turner, Brodie Crawford, Thaddeus Adams, Ken Hewes, Bob Dawes, Fred Schaeffer, Bob Wagstaff, John Seybold, Rob Jarrett, Ron Herbst, Skip Bernard and Butch Hofmann.
 Dr. Rosen recommended the appointment of a full-time Curriculum Director who would have the time and ability to explore educational experiments.
 Dr. Rosen urged a group within the community to sponsor a series of informal meetings between faculty and citizens in related fields with whom the faculty could discuss their problems and how they were solving them in order that the community could better appreciate the problems being faced by the teachers and their work in coping with them.
 Teachers should be encouraged. Dr. Rosen feels, to take courses in content in their respective fields through a program which might include merit raises, leaves of absence and similar devices. Subjects such as mathematics are currently in a state of change and it is important that teachers be given the opportunity to study new developments.
 A lively discussion period concluded the evening. Mrs. David Laird, league chairman of education, introduced Dr. Rosen and Mrs. William McDermott, president, presided over the meeting.

Dr. Shirer had been feted by his many friends on the occasion of his 90th birthday last December 15.

The last surviving of nine children born to Henry Augustus and Mary Ann Stout Scheiter in Schwenskville, Mr. Shirer attended the public school in that Pennsylvania Dutch community. After the family moved to Allentown in 1880, Mr. Shirer evidenced an early interest in his profession by working part time in pharmacies there.

In 1886, Mr. Shirer moved to Philadelphia where he continued clerking in pharmacies during the day while attending the Philadelphia College of Pharmacy at night. Shortly after graduation in 1890, Mr. Shirer came to Swarthmore as pharmacist in the store of A. R. Morton, M.D.

Dr. Morton's store was then located near the railroad at the intersection of Park Avenue and Chester road, the present site of the College Pharmacy.

Shortly after the turn of the century, Mr. Shirer bought out Dr. Morton and moved the pharmacy into the first section of the Shirer Building, which was completed in 1902. During the early 1900's, and for several decades thereafter, Mr. Shirer developed his business with George and Charles Troxell.

Dr. Morton's store was then located near the railroad at the intersection of Park Avenue and Chester road, the present site of the College Pharmacy.

He also continued his interest in the Players Club of Swarthmore for whose little theatre building on Fairview road he contributed land nearly 30 years ago.

Remaining a country boy at heart Mr. Shirer not only was an avid gardener in Swarthmore but operated two farms in Chester County for many years.

Even following the sale of his pharmacy to A. G. Catherman, he maintained a keen interest in the business and made almost daily (Continued on Page 5)

Dr. Harper Delivers Alexandria Lecture Nature Scholar, Writer, Is One-Time Resident

Dr. and Mrs. Francis Harper, formerly of Swarthmore, have returned to their home in Mt. Holly, N.J., after a trip to Alexandria, Va., where Dr. Harper delivered the 1959 lecture of the 165-year-old Alexandria Library Company.

On the basis of his many years of painstaking research in Bartramiana, Dr. Harper was invited to speak on "William Bartram and Southern Natural History."

While a resident of Swarthmore from 1929 to 1946, Dr. Harper edited John Bartram's "Diary of a Journey Through the Carolinas, Georgias and Florida," as well as "Travels in Georgia and Florida, 1773-74" — a Report to Dr. John Pothergill — by William Bartram. These were published by the American Philosophical Society of Philadelphia in 1942 and 1943.

As research associate of the John Bartram Association, Philadelphia, he, in cooperation with the late Arthur N. Leeds of Germantown, re-traced the route of William Bartram's travels through the southern states in the preparation of "The Travels of William Bartram — a Naturalist's Edition" which was published last May by the Yale University Press and is the only full annotated and illustrated edition of this work.

Dr. Harper is currently working on a complete biography of William Bartram.

After a two hour bus trip to New York, they spent the remainder of the morning touring the United Nations building with guides from Sweden and the Netherlands. Following luncheon at the UN coffee shop, the junior high school girls were briefed on the structure and work of the United Nations. Then the entire group met with Nuzhet Baba, press officer for the Turkish Mission, who talked to the girls about life in Turkey and answered many questions for them. The group then was admitted to the visitors gallery of the Commission on Human Rights where they listened to speakers from the delegations of India, Iran and Poland.

Also accompanying the girls on their trip were troop mothers Mrs. Earle J. Edwards, Mrs. Harry D. Draper, Mrs. C. Calvin Naylor and Mrs. Irwin W. Hally.

Dr. Charles Malik, president of the 13th General Assembly, formally opened the exhibit after an introduction by Dr. Andrew W. Cordier, Assistant Secretary General of the UN. GIRL SCOUT NEWS

Girl Scout Troops 95, 331, Senior Troop 16 and a Nether Providence Wing Troop took a day out of their recent vacation to visit the United Nations.

With their leaders Mrs. Maurice L. Webster and Mrs. Joseph Storlazzi, 24 members of Troop 95 and six girls from Senior Troop 16 took their trip on March 23. After a two hour bus trip to New York, they spent the remainder of the morning touring the United Nations building with guides from Sweden and the Netherlands. Following luncheon at the UN coffee shop, the junior high school girls were briefed on the structure and work of the United Nations. Then the entire group met with Nuzhet Baba, press officer for the Turkish Mission, who talked to the girls about life in Turkey and answered many questions for them. The group then was admitted to the visitors gallery of the Commission on Human Rights where they listened to speakers from the delegations of India, Iran and Poland.

Also accompanying the girls on their trip were troop mothers Mrs. Earle J. Edwards, Mrs. Harry D. Draper, Mrs. C. Calvin Naylor and Mrs. Irwin W. Hally.

On March 25, Troop 331 accompanied by other members of Senior Troop 16 and a Nether Providence Wing Troop took their trip to the United Nations. After the usual tour of the building, the group enjoyed a briefing session on UNICEF following which they attended the opening of the UNICEF Art Exhibit. Dr. Charles Malik, president of the 13th General Assembly, formally opened the exhibit after an introduction by Dr. Andrew W. Cordier, Assistant Secretary General of the UN. The girls were privileged to have Dr. Malik agree to sign autographs for them.

The Troops then split into two groups, one attending an Economic and Social Council Meeting on Human Rights while the other attended a meeting on the status of women.

Adults accompanying the girls were Mrs. Lee C. Gatewood, leader of Troop 331; Mrs. Howard C. Jackson, troop committee member for 331; Mrs. John Petroskas, leader of Nether Providence Wing Troop, and Mrs. George Didenko of Wallingford.

Mrs. William Hargraves of Lansdowne assisted in arranging the programs for both UN trips and was able to accompany the tour on Wednesday.

Juliette Low Party Troop 744 in celebration of Juliette Low's birthday, recently entertained the members of Troop 741 and its leaders, Mrs. Jacob Snyder and Mrs. J. Robert Bathis.

The color guard for the occasion included Patricia Stamford, Jennifer Bell and Linda Estabrook, all of whom have lived abroad, and Nancy Field and Anne Whittier who had made Troop and World flags as part of their seamstress badge requirements. Cynthia Fox took the part of the announcer.

Highlights of the program were "A Scene from the Life of Juliette Low," a skit written by Barbara Garner and narrated by Lou Dudley. Girls participating were Nancy Field, Anne Whittier, Barbara Garner, Cynthia Fox, Ida Hay and Jennifer Bell.

Barbara Hall, co-leader of Troop 741, showed colored slides on her trip to Europe and the International Chalet as a Senior Scout. The meeting ended with the serving of cakes baked by the girls as part of the Cook Badge requirements.

Troop 744 is under the direction of Mrs. Leroy E. Peterson, Mrs. David Field and Mrs. William Colman.

March of Dimes Offers Health Scholarships

May 1st is the deadline for filing applications for the new four-year College Health Scholarships made possible by the March of Dimes, Alan K. Keay, chairman of the Delaware County Chapter of the National Foundation, has announced.

Application blanks now are available through guidance personnel in high schools and colleges in the state, Mr. Keay said. Winners of the scholarships will receive \$500 a year, or a total of \$2,000 for four years of college training in the fields of medicine, medical social work, nursing, physical therapy and occupational therapy.

All graduating high school seniors in Delaware County are eligible for scholarships in the fields of nursing, physical therapy and occupational therapy, Mr. Keay said. This is the first time in history that a national scholarship program of this kind has been open to high school students, he pointed out.

Troop 78 Camp-out Girl Scout Troop 78, under the leadership of Mrs. Robert A. Detweiler and Mrs. James H. Connor, spent last weekend camping in the Rock Glenn Unit at Sunset Hill. Most of the activities centered around the completion of requirements for the Campercraft Badge which the girls hope to receive later in the spring.

Following the Saturday evening campfire, the troop went to the meadow where members of the nature group pointed out some of the constellations and told the myths concerning them.

Members of the troop attending the camp-out were Janet Bowie, Carol Campbell, Betsy Coddington, Georgia Detweiler, Patty Estey, Lynn Farrington, Karen Grose, Katie Natvig, Beth Ann Stuart, Sue Wood, and Linda Zecher.

Mrs. Martin S. Estey and Mrs. William R. Campbell, Jr., also helped in chaperoning the troop.

Dr. Garrett Conducts Civil Defense Course
County Science Teachers Receive Instruction on Radiation
Approximately 60 Delaware County high school science teachers are participating in a five night course on the scientific and survival aspects of radiation. The course is being taught by Dr. Milan W. Garrett, professor of physics at Swarthmore College, and is given under the auspices of the Delaware County Office of Civil Defense.
The radiological instruction coincides with the recent issue of sets of radiological survey meters and dosimeters to a number of Delaware County High Schools by the Office of Civil and Defense Mobilization. The expressed purpose of the grant is dual:
To ensure a more widespread availability of meters in case of a surprise nuclear attack, and to encourage high school science teachers to discuss the known facts and problems of radiological defense with their students.
Robert J. Donnelly, Jr., director of the Delaware County Office of Civil Defense commented about the course, "A knowledge of such facts, and solution of the problems, may become, at any time, a matter of life and death. But they are also vitally interesting in their own right and form a living part of modern science."
The course will include consideration of topics such as (1) the construction and manner of use of the radiological instruments, (2) effective demonstrations that can be made with them, (3) the atomic nucleus, (4) the range of penetration of atomic radiations and how they affect human beings, (5) how to predict areas of intense fallout from a study of the winds, (6) how to measure and evaluate the radiation intensity to forecast its rate of decay, and to know when it may be safe to leave shelter and move abroad, (7) how to monitor persons

Streeters Return From Middle East
Mr. and Mrs. Carroll P. Streeter of Columbia avenue returned Tuesday from a trip of five and a half weeks to the Middle East, during which they visited 11 countries.
Mr. Streeter, who is editor of the Farm Journal, had been invited by the government of Israel to study what's been happening in the agriculture of that country in the last 10 years. This occupied nine days during which the government took the Streeters not only north of Dan to the Lebanon border but south of Beersheba to the Gulf of Aquaba. They also spent a similar amount of time in Jordan visiting places of Biblical and archaeological interest (including crawling into one of the famous Dead Sea caves) as well as getting the Arab side of the Israeli-Arab conflict. They were in Jerusalem on Palm Sunday.
Other countries visited included Italy, Greece, Egypt, Lebanon, Syria, Cyprus, Turkey, Spain and Portugal.
"The Middle East is not only one of the world's liveliest spots at the moment, but has a fabulous lot to show visitors, whether they are interested in history, scenery, politics or people," the Streeters said on return.
"At present it is entirely safe to travel anywhere this side of Iran, and as Americans we were treated everywhere with cordiality and friendship."
and food for radioactive contamination and how to remove it.
Dr. Garrett is Chief of Radiological Defense (RADEF) for Delaware County. Closely associated with the problems and practice of civil defense for many years, Dr. Garrett in 1957 wrote the RADEF Plan for the Delaware Valley Tri-State Area. Dr. Garrett has been granted an A.E.C. authorization in the possession and handling of radioactive materials for training purposes for Delaware County Civil Defense and has been recognized as a radiological defense instructor by State Council of Civil Defense.

Expeditor Put On High School Rebuilding
Foreign Language Might Commence in Grades
The Swarthmore-Rutledge School Authority has hired Nicholas Rizzio as a clerk of the works, to assure the utmost speed in rebuilding the burned section of Swarthmore High School, it was announced at a meeting of the local School Board Monday evening. Rizzio will be on the spot 40 hours each week and iron out problems among the four prime contractors and the architects.
Although it reached no definite decision, the Board appeared receptive to the idea of instituting oral foreign language study in the elementary school, after Dr. David Rosen lay curriculum study committee chairman, David R. Gerner chairman of the sub-committee on languages, Supervising Principal Frank Morey, and Elementary Principal Thomas Boyle discussed the many districts where this has already been done and the benefits and methods of beginning the procedure here.
There seemed general agreement that the most practical means would be to begin with one language, (probably French, although German would be considered if a majority of parents preferred it) in the fourth, fifth and sixth grades next year under one special teacher. The following year the program could be expanded to include third and seventh grades with a second teacher being added.
Mr. Boyle announced that a new state requirement that all schools be in session at least five hours each school day beginning next fall would make it necessary for Swarthmore to add a half-hour to its present day, thus the suggested 20 minute foreign language period couldn't possibly take any time away from former schedules in other subjects. Even without the longer day it was felt that integrating the foreign language with other classroom work would enrich rather than hinder the latter.
Adeline Strouse, language authority and head of the high school's French department, strongly boosted the idea of beginning foreign language at an early age where children are not inhibited by self-consciousness about making strange sounding symbols. She said "Don't get on the band wagon because it is the popular thing, but because of its immense cultural advantage for the majority of children."
Swarthmore would be far from pioneering in the field, since the latest figures of the Modern Language Association of America reveal 700,000 elementary students in 500 communities throughout the country are now engaged in foreign language study, stated Charles Gerner, Board member Newton Rysen added, "Foreign language was taught in elementary school as early as 1608 in Maine and 1749 in Philadelphia."
The board as a whole seemed favorable, if the addition could be worked into the budget and the administration did not feel there was some more important matter which should be met first.
The regular monthly meeting of the board is scheduled for 7:30 p.m. next Wednesday in the biology room of the junior high school building.

A soul has passed away — a soul beloved
By all within our town.
Whose kindly, thoughtful, selfish deeds
Have blessed him with renown.
A man whose honor, strength and truth
Have won a host of friends.
If any oversight occurred,
He sought to make amends.

A gay young man, he came to town
In Eighteen-ninety-three.
From early in the morning,
'Til late at night, strove he.
Throughout the years he prospered
But he always found the time
To stop and "pass the time of day"
And cause the sun to shine.

His was a quiet, peaceful life,
He loved his fellow man.
Encouraging both young and old,
To "make hay" while they can.
He's helped a score of students
Higher knowledge to attain,
Without a thought of avarice
Or dream of earthly gain.

When some poor soul in dire need
Made known his sorry plight,
'Vic' reached right down into his jeans
And set the matter right.
In any civic effort here
You'd find him first in line,
Should the call be for a "ten spot"
Or perchance, just one "thin dime."

As long as strength permitted
He labored to this store,
Where he would reminisce awhile
And meet his friends of yore.
He now has gone, our valued friend,
His face no more we'll see,
But we know His God, who sits on high,
Will greet him — tenderly.

Pre-School Clinic To Begin April 21

Kindergarten Registration for Swarthmore, Rutledge

The Pre-School Clinic for Swarthmore and Rutledge children who are to enter kindergarten in September, 1959, will be held at the Swarthmore Elementary School in the primary building office. Rutledge pupils who are not now in the Swarthmore kindergarten but wish to enter Rutledge first grade should also register at this time.

Tuesday, Wednesday and Thursday, April 21, 22, and 23, from 9 a.m. to 12 noon and 1 to 3 p.m., and Friday, April 24, from 9 a.m. to 12 noon have been designated as registration days. Children who will be five years of age prior to January 31, 1960, will be eligible for entrance into kindergarten in September, 1959.

The purpose of the Pre-School Clinic is to register all children who will be entering kindergarten, to give them several physical tests and to explain to parents the plan of medical examinations. At the time of registration each mother must present a birth certificate, vaccination certificate and immunization record as required papers for the completion of registration formalities. Dr. John Wigton, school medical examiner for the school district, emphasizes that the school law requires a vaccination certificate on the official form HGG-75 as provided by the Pennsylvania Department of Health.

Although no appointment will be necessary, mothers are requested to bring children according to an alphabetical schedule of last names as listed below.

Tuesday, April 21, 9 a.m. to 12 noon, A through EA; 1 to 3 p.m., EC through HEL.

'A-Milling We Will Go' Is School Board Theme

English to Hold Fort in Try to Kill a Mill or So

Members of the Swarthmore-Union School Board were dismayed to see the first rough draft of the 1959-60 budget called for a five-million realty tax increase and, in plain English, elementary school French "faded from the picture," at Wednesday night's meeting.

Although the desirability of foreign language instruction in the lower school, as strongly recommended recently by the lay curriculum study committee, was wishfully discussed it was impossible to deny that the necessity to increase taxes annually just to maintain the present program made committing the district to further costs impractical at this time.

Hanging on to its original hope of keeping the millage from jumping any higher than three mills above the current 54 mills, at least for the next fiscal year, the Board determined to spend the next few weeks trying to pare about \$25,000 from the figures submitted Wednesday. This won't be easy since an increase in teachers' salaries alone is listed at \$32,700, and a

A soul has passed away — a soul beloved
By all within our town.
Whose kindly, thoughtful, selfish deeds
Have blessed him with renown.
A man whose honor, strength and truth
Have won a host of friends.
If any oversight occurred,
He sought to make amends.

A gay young man, he came to town
In Eighteen-ninety-three.
From early in the morning,
"Til late at night, strove he.
Throughout the years he prospered
But he always found the time
To stop and "pass the time of day"
And cause the sun to shine.

His was a quiet, peaceful life,
He loved his fellow man.
Encouraging both young and old,
To "make hay" while they can.
He's helped a score of students
Higher knowledge to attain,
Without a thought of avarice
Or dream of earthly gain.

When some poor soul in dire need
Made known his sorry plight,
"Vic" reached right down into his jeans
And set the matter right.
In any civic effort here
You'd find him first in line,
Should the call be for a "ten spot"
Or perchance, just one "thin dime."

As long as strength permitted
He labored to this store,
Where he would reminisce awhile
And meet his friends of yore.
He now has gone, our valued friend,
His face no more we'll see.
But we know His God, who sits on high,
Will greet him — tenderly.

Spring Is Here,
Council Watches Birdie
Borough Business Is Varied if Scarcely Momentous

The April meeting of Borough Council opened with G. West Cochran taking pictures of Councilmen. Cochran returned in the middle of the meeting to photograph a few more poses "Just in case."

After one or other of the sittings, Council managed to:

Hire Edward Stanley Burgett, 25, of Rutledge 4s a patrolman in the Police Department to begin early next month.

Pass an ordinance legalizing "no left turns" into or out of the Acme parking lot from South Chester road (providing the State Highway Department approves the measure);

Authorize the expenditure of \$560 for fixing flagstone in front of Borough Hall by Doyle and McDonald, Doylestown;

Receive the Planning Commission's recommendation that the Borough purchase the triangle lot between Strath Haven Inn, bounded by Yale avenue and Crum Creek being vacated by the Army which has used it for parking while occupying the College buildings across Yale avenue, and also purchase a piece of Vertol land behind the Swim Club—both for future recreational use;

Hear news of a meeting Councilman Gill had set for the evening of April 16 to discuss a Borough recreation board or commission with members of the local League of Women Voters;

Listen to the plea of a group of citizens headed by William Nelson of Mt. Holyoke place and Harvard avenue, that Council keep the cartway less than 25 feet if it passes the portion of Harvard avenue between Chester road and Mt. Holyoke place, and if possible the project be skipped entirely;

Arrange the retirement of George Nichols, foreman of the maintenance crew for many years, on a \$42.92 monthly pension for life;

Grant permission to Charles Keyes for a front line fence at his property, 204 Dartmouth avenue, by five "yees," two Councilmen refusing to vote.

Authorized advertising for bids

for the annual resurfacing of 10,000 square yards of borough streets;

Receive applications from J. F. Blackman for permission to build a back porch close to the property line at 404 Drew avenue, and T. M. Gibson to erect a carport at his home at Rutgers and Cornell avenues;

Read a thank-you from the Swim Club for the police department's cooperation during the past season and an invitation for any or all policemen to take a dip whenever they desire;

File a police report showing 39 parking tickets issued, \$26 in parking fines and \$32 in motor violation fines collected last month; a health report listing 70 cases of measles, six German measles, 13 chicken pox, 12 scarlet fever, one whooping cough, and one meningitis in the borough since January 1, and a dog-catcher's report revealing that of 12 dogs snatched in February one was reclaimed and 11 destroyed, and of 17 nabbed in March five were reclaimed and 12 destroyed;

Sympathize with Burgess Joseph Reynolds who requested that police be referred to him when they approach individual Councilmen with police matters.

Francis W. Plowman To Head United Fund County Chairman Leads 1960 Campaign for 250 Agencies
Francis W. Plowman, North Swarthmore avenue, will head the 1960 United Fund drive next fall in Delaware County, according to an announcement this week by Paul J. Cupp, general chairman of the fund-raising campaign for some 250 health and welfare agencies. Mr. Plowman is vice president and a director of the Scott Paper Company.
"Meeting Delaware County's human needs is the campaign's real objective," Mr. Plowman said. "Each year more than 100,000 persons use the services of these United Fund health and welfare agencies located in the county. These are maintained, in large part, by the community's contributions to the annual fall drive. Without the support of all our citizens, our agencies must struggle to maintain even the status quo, unable to meet many needs which multiply each year as our community grows."
Mr. Plowman has been active in a variety of church, civic and community activities. He is a director of the Pennsylvania State Chamber of Commerce.
As in last year's drive, the Delaware County Department will again be divided into four zones: Eastern, Southeastern, Central-Western and Northern-Main Line. There will also be a Business and Industry Section, which will solicit more than 100 firms located in the county.
With the appointment of the chairman, enrollment of other volunteers will begin immediately, Mr. Plowman announced. The aim is a volunteer force of several thousand persons.
The drive benefits 14 agencies in Delaware County and more than 200 others in the Greater Philadelphia area.

For the Veterans To the Swarthmore Community:
Poppy time approaches, and let your hearts be attuned to the appeal of the Disabled Veterans in Government Hospitals and special Convalescent workshops maintained by the American Legion Auxiliary. These Veterans speak to us thus:
"We have made all the poppies that have been ordered, our hands have been busy, the hours less momentous. For a poppy, pray make a generous gift, and our deep thanks for this donation to our welfare. Because of you, we will have a few more necessities, a few more comforts, which our Government is unable to bestow."
The American Legion Auxiliary will go forth on May the third for this cause to offer a poppy. You are asked to kindly drop your gift in Swarthmore Auxiliary boxes.
Most sincerely,
ELIZABETH Y. GILCREEST
Chairman of Poppies in Swarthmore Auxiliary

Cupp, general chairman of the fund-raising campaign for some 250 health and welfare agencies. Mr. Plowman is vice president and a director of the Scott Paper Company.
"Meeting Delaware County's human needs is the campaign's real objective," Mr. Plowman said. "Each year more than 100,000 persons use the services of these United Fund health and welfare agencies located in the county. These are maintained, in large part, by the community's contributions to the annual fall drive. Without the support of all our citizens, our agencies must struggle to maintain even the status quo, unable to meet many needs which multiply each year as our community grows."
Mr. Plowman has been active in a variety of church, civic and community activities. He is a director of the Pennsylvania State Chamber of Commerce.
As in last year's drive, the Delaware County Department will again be divided into four zones: Eastern, Southeastern, Central-Western and Northern-Main Line. There will also be a Business and Industry Section, which will solicit more than 100 firms located in the county.
With the appointment of the chairman, enrollment of other volunteers will begin immediately, Mr. Plowman announced. The aim is a volunteer force of several thousand persons.
The drive benefits 14 agencies in Delaware County and more than 200 others in the Greater Philadelphia area.

Francis W. Plowman To Head United Fund

County Chairman Leads 1960 Campaign for 250 Agencies

Francis W. Plowman, North Swarthmore avenue, will head the 1960 United Fund drive next fall in Delaware County, according to an announcement this week by Paul J. Cupp, general chairman of the fund-raising campaign for some 250 health and welfare agencies. Mr. Plowman is vice president and a director of the Scott Paper Company.

"Meeting Delaware County's human needs is the campaign's real objective," Mr. Plowman said. "Each year more than 100,000 persons use the services of these United Fund health and welfare agencies located in the county. These are maintained, in large part, by the community's contributions to the annual fall drive. Without the support of all our citizens, our agencies must struggle to maintain even the status quo, unable to meet many needs which multiply each year as our community grows."

Mr. Plowman has been active in a variety of church, civic and community activities. He is a director of the Pennsylvania State Chamber of Commerce.

As in last year's drive, the Delaware County Department will again be divided into four zones: Eastern, Southeastern, Central-Western and Northern-Main Line. There will also be a Business and Industry Section, which will solicit more than 100 firms located in the county.

With the appointment of the chairman, enrollment of other volunteers will begin immediately, Mr. Plowman announced. The aim is a volunteer force of several thousand persons.

The drive benefits 14 agencies in Delaware County and more than 200 others in the Greater Philadelphia area.

LETTERS TO THE EDITOR

The opinions expressed below are those of the individual writers. All letters to The Swarthmorean must be signed. Pseudonyms may be used if the writer is known to the Editor. Letters will be published only at the discretion of the Editor.

For the Veterans To the Swarthmore Community: Poppy time approaches, and let your hearts be attuned to the appeal of the Disabled Veterans in Government Hospitals and special Convalescent workshops maintained by the American Legion Auxiliary. These Veterans speak to us thus:

"We have made all the poppies that have been ordered, our hands have been busier, the hours less monotonous. For a poppy, pray make a generous gift, and our deep thanks for this donation to our welfare. Because of you, we will have a few more necessities, a few more comforts, which our Government is unable to bestow."

The American Legion Auxiliary will go forth on May the third for this cause to offer a poppy. You are asked to kindly drop your gift in Swarthmore Auxiliary boxes.

Most sincerely,
ELIZABETH Y. GILCREEST
Chairman of Poppies in Swarthmore Auxiliary

Thank: Blood Donors I have read with a deep sense of gratitude the announcement of the forthcoming Borough Blood Donor Day on April 30th.

Last year, following a major operation, I was given several pints of blood. They asked me at the hospital how it was going to be replaced. At the time I did not know. The answer was, of course, that my fellow residents of Swarthmore had already seen to it that the Borough's quota to the blood bank had been met. Thank you, friends, for meeting the dire need of myself and many others.

Mrs. Elizabeth N. Calvert, widow of Frederick B. Calvert, Philadelphia and Media, died of a heart attack Tuesday morning at the home of her son Frederick, 6 President avenue, Rutledge.

Born in Philadelphia October 28, 1883, Mrs. Calvert and her husband had made their home at "The Sycamores," Park and Michigan avenue, for over 40 years, until 1942 when they moved to The Harvard Inn.

Mrs. Calvert was a former member and treasurer of the Ridley Township School Board. During the First World War she served as chairman of Emergency Aid in Swarthmore, and received a citation from the Governor of Virginia for aid to Virginia men recuperating in the area from influenza.

She was active in the Swarthmore Women's Club for many years.

School Music Groups In Spring Concert

(Continued from Page 1)

Cole Porter's "In the Still of the Night." The Senior Chorus program of Friday evening will include an arrangement of the familiar spiritual "There Is a Balm in Gilead" featuring solo work by Marsha Wilkie, and a new Walter Schuman treatment of "When the Saints Go Marching In." Spencer Carroll will be the soloist in a presentation of Hahn's "Si mes vers avaint des Ailles."

The orchestra, directed by Robert M. Holm, will play selections from the current Broadway hit, "Funé Man" the "Dixie Overture" by the contemporary, Maurice Whitney, the "Prelude in D minor" of Handel, and Leroy Anderson's newest composition, "Song of the Bells."

On Thursday evening, the orchestra and Glee Club will combine to present Sibelius' "Onward Ye People"; while the combined numbers on Friday will be Handel's "Song of Jupiter" and Kountz's "Song of Man." Violin soloist will be Ada Kroon.

The separate concerts by the choral groups was necessitated by the limited accommodations of the present auditorium and the emergency schedule resulting from the fire.

Because many Swarthmore families will be represented in both the Thursday and Friday performances, the cost of individual tickets was reduced this year.

Annual Flower Mart Scheduled for May 13

Providence Garden Clubs Sponsor Event for 13th Year

Wednesday, May 13, should be a lucky day for garden lovers as it marks the thirteenth Annual Flower Mart of the Providence Garden Clubs of Pennsylvania, Senior and Junior groups, to be held at "Todmorden Farm," the estate of Mrs. Arthur Hoyt Scott on Brookhaven road, Wallingford. "Rain or shine" the plant sale will be open from 10 a.m. until 4 p.m. and a luncheon served from 12 noon until 2 p.m.

"Todmorden" which takes its name from the pure Anglo-Saxon meaning "End of the Hunt", was built in 1787 and is considered the oldest colonial house in the area. It holds historic interest as it was an active station in the "underground railroad" just before the Civil War.

In the ancient barn will be found the plant material for which this sale is known. Buyers may fill baskets with familiar flowers or unusual species to refresh their spring and year-around gardens.

The best annuals and perennials will be available including hybrid Blackmore and Langdon delphinium, gloriosa daisy, hardy pinks, iris, phlox, snapdragon, and petunias as well as Russell lupine. New small shrubs and rock plants, hybrid rhododendron and Pieris Japonica offer variety.

Skimmia Japonica, with its red or white berries in winter and broad-leaved evergreen foliage the year 'round, will be a new feature this season.

Opportunity will be given to explore Mrs. Scott's terraced garden where plants collected from afar as well as familiar blooms may be enjoyed.

Advance orders for plants may be placed by calling Mrs. Philip C. Snow (LOwell 6-2111) before May 11.

The Junior Club will offer a variety of home baked goods, food, children's favors, baskets cut flowers, and garden accessories.

Mrs. R. Blair Price of Swarthmore will be overall Chairman of the Mart, while Mrs. Meredith A. Hubbard of Wallingford will act as Chairman of the Junior group, assisted by Mrs. Paul Freeman, Jr., of Media.

'A-Milling We Will Go' Is School Board Theme

(Continued from Page 1)

rector of school plant to relieve administrators of many details which hamper their proper function makes his debut in the new budget at \$6500. The larger building which is in progress for replacement of the burned section of the high school brings higher operational costs such as heat, water, electricity. In fact, increases all along the line of anticipated current expense result in a total of \$711,200 as compared with last year's \$657,736.

Meanwhile income from tuitions continues to drop an annual \$10,000 as such students are gradually crowded out entirely by increases in resident enrollment, and rental payments to the School Authority for buildings to house the students, mount.

The new budget continues the \$15 per capita levy and the 1 percent realty transfer tax of former years. Postponement of a badly needed new floor on the gymnasium, and the possibility of borrowing for any necessary capital outlay that develops were viewed as ways of inching up on the hoped-for two mill cut in proposed tax increase.

Board President Donald P. Jones commented that this gradual approach to the tax-saturation point is the reason school systems are forming jointures in order to offer the broad programs desired today at the lower unit costs the consequent larger number of students enable. It is becoming more and more obvious that either programs must be trimmed to fit resources or small districts must go out and get more resources, he said.

Resignations of Mrs. Jeanne E. Atkins, eighth grade English teacher, and Arch N. Wallace, seventh grade mathematics teacher, were accepted.

Marilyn H. Woods, currently teaching sixth grade at Sayville, N.Y., was elected as a sixth grade teacher for next year. Miss Woods majored in science and mathematics and specialized in chemistry at Goucher College where she graduated in 1955. Three years later she received her masters degree in education, concentrating in the elementary field, from University of Pennsylvania. She is a pianist, sports enthusiast, and achieved scholastic distinction in foreign languages, reading French, Spanish, and Latin

and speaking French. The Board renewed an \$800 annual contract with the County Superintendent's office for rental of a room in the elementary school building for use of a class conducted by the county for children at large who need special training.

A re-built timer for the high school cafeteria dishwashing machine was authorized purchased at a cost of \$128. The Board also favored participation in the new Chester-Delaware County Joint Film Library which will provide 150 films a year with door to door service, for \$750 or 50 cents per pupil enrolled in the local school system.

Sick leave for Virginia Allen, who has been back at her physical education duties part time this month, was extended to May 1. The elementary school closing time was moved from 2:45 p.m. to 3:15 p.m. for next year in order to conform with a new five-hour minimum instructional day required by the State. The new ruling will bar dismissals at noon for holidays, and it appears children will be required to attend educational programs in the afternoon if the present system of parent-teacher conferences for reporting periodically during a series of afternoons is continued.

Mouse-trap Provides Eerie Entertainment

Take one snowbound English guest house add one murderer on the loose in the nearby London area; stir in one cut telephone wire and a spine-tingling scream; sprinkle generously with an assortment of suspicious characters and you have an evening of suspenseful entertainment—namely "The Mouse-trap," an Agatha Christie chiller produced under the direction of Ned Pyle.

The single scene in the two-act play is an eye-appealing facsimile of the great hall of an English manor house designed by Hank Gayley and assisted by a creditable properties committee.

Rita Lothrop and George Carango are a realistic husband and wife team who play the parts of the young, inexperienced proprietors of an inn on the outskirts of London. All of the action takes place in their newly-opened establishment—and there is plenty of it.

Robert Taylor, a local high school senior, belies the fact that this is his initial appearance on the Player's Club stage, for he turns in a solid performance as a mixed-up, unstable youth, in a professional manner to match the best of thespians.

DEFENSE WEAPON

Your telephone neighbors are making key contributions to our Nation's defense

Many telephone skills are important to defense . . . and since Bell combines in one organization research, development, design, manufacture and operation, it can do things no other group could be expected to do.

Start with the telephone itself . . . the vast communications link which is vital to defense because it binds together every community in our land . . . with many different voice routes connecting major cities and with alternate routes by-passing critical target areas in Pennsylvania and throughout the country.

Then turn to the products of telephone research which are constantly being used by Pennsylvania Bell engineers to improve your telephone service . . . and you find them playing major roles in major defense projects.

Like the construction of the DEW Line, for example . . . the continent-wide chain of Arctic

radar stations designed to provide distant early warning of air attack (55 men of Pennsylvania Bell joined in this project) . . .

Like the development and manufacture of the several Nike missile systems, including one that can electronically track down and destroy hostile aircraft and another that holds promise as a defense against ballistic missiles . . .

Like the discovery and application of the transistor, which is essential to accurate missile guidance and also helps relay information from man-placed satellites . . .

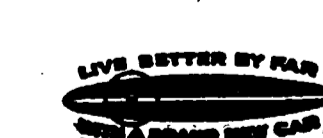

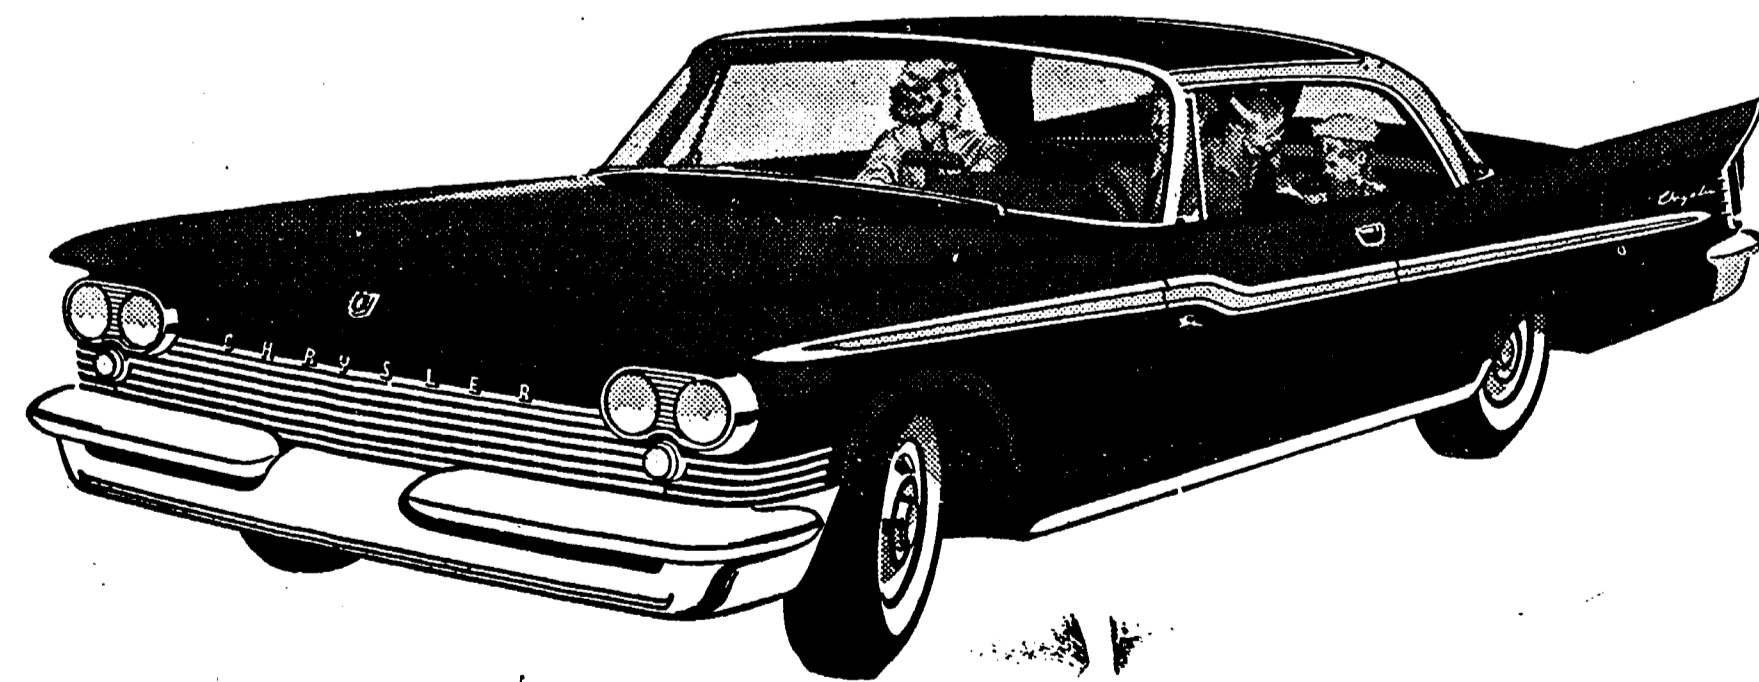

And like a wide array of other defense tasks, large and small, some so secret only a few people know of them.

Every day, in many different places and many different ways, telephone people of many skills are strengthening our Nation's defense . . . To protect your world.

School Associations Complete Census

Nearly 100 From Rutledge, Swarthmore Assist School Board

With the wholehearted cooperation of the citizens of the two boroughs, a complete census of all persons in Rutledge and Swarthmore, from the cradle to senior years, has been compiled by a large corps of volunteer workers. Rosemary Cox has returned to Mt. Holyoke College, South Hadley, Mass., after spending the spring vacation with her parents, Dr. and Mrs. Reavis Cox of Walnut lane. While here she had as her guest, Nguyen Minh Chau, a student at Mt. Holyoke from Vietnam. A trip and a tour of Washington was undertaken for the visitor.

Rosemary was recently elected vice-president of the Fellowship of Faiths at Mt. Holyoke.

Police and Fire News
At 5:10 p.m. Thursday, April 9, Laurence A. Stead, 3rd, 102 Swarthmore avenue, Rutledge, was driving his car out of the underpass and attempting a left turn when, according to police, he was struck by a northbound car being driven on Chester road by Charles R. Edwards of Ardmore. The Stead car had to be towed away.

An 18-year-old Morton boy was held under \$1000 bond for court on charges of receiving stolen goods, in a hearing before a Swarthmore magistrate Thursday April 9. In a signed statement the boy admitted receiving \$60 from a 14-year-old Morton boy who is being held at the Juvenile Home, Media, on charges of taking the wallet of James Michael Finch of Springfield on Bodine avenue, Swarthmore, last Saturday afternoon. Finch, a trash collector, claims the wallet contained around \$300 and the boy was riding on his truck and picked up the wallet when it dropped from Finch's pocket unbeknown to the owner. The other juveniles who are said to have received some of the money were released by the Juvenile Home after having been taken there early this week by Chief Thomas V. Bateman of the Swarthmore Police Department. Bateman said he has been able to trace \$140 of the money and secured the return of some of it.

Police Chief Thomas Bateman started the week by rescuing a four-year-old child who was locked in a bathroom at the John B. Koelle home, 244 Haverford avenue, at 8:15 a.m. Monday. Bateman's jarring the door with a tool loosened the jammed lock so the child could turn it and get out.

At 7:24 a.m. Monday Clairette Fosdick, 340 Vassar avenue, was driving north on Vassar avenue when, she states, her car's brakes failed at the Yale avenue stop sign and she proceeded until she hit the car of Samuel D. Reynolds, 421 Haverford place, who was traveling east on Yale. The right rear fender and tire of the Fosdick car were damaged. The left front fender, radiator and grill of the Reynolds car were also damaged.

Mr. and Mrs. Adlai G. Wallace of Harvard avenue returned from a three-week vacation in Lakeland, Fla.

College Student Notes

Connie Schultz of Riverview road has been home from Cedar Crest College, Allentown, where she is in the freshman class. Connie was voted one of the ten best dressed girls at the college.

While here she had as her guest, Nguyen Minh Chau, a student at Mt. Holyoke from Vietnam. A trip and a tour of Washington was undertaken for the visitor.

Captures Major Points
The Ben Olcott's white standard poodle, Pattenove Brigadier, of Oberlin avenue captured his first major points in March by being declared winners dog and best of opposite sex to best of breed at the Northern New Jersey Kennel Club show at Teaneck, N.J.

Brigadier is now half-way to his American Kennel Club Championship.

X-Ray Cruiser Reveals 902 Cases of Disease

The mobile x-ray cruiser took 38,629 chest x-rays and uncovered 902 cases of disease or suspected ailments during its 1958 tour.

The figures, released by Dr. J. William Wood, chairman of the County Chest Survey Committee, do not include chest surveys taken at hospital screening stations.

The work of the cruiser is sponsored by the Delaware County Tuberculosis and Health Association and the Pennsylvania Department of Health in cooperation with the Delaware County Medical Society.

Of last year's totals, 175 cases related to tuberculosis while 727 cases pertained to other significant findings. The tuberculosis totals showed 104 minimal cases, 31 moderately advanced, 11 far advanced, three other types, and 26 suspected findings.

Dr. Wood said the single greatest ailment found in the 727 other cases involved the heart. Cardiac cases totaled 265. The next closest was broncho pulmonary ailments at 168. Ninety-four other cases couldn't be specifically determined or referred for further study.

The x-rays, given throughout the county, are provided free as a service in the detection of tuberculosis and other chest abnormalities. Residents or persons employed in the county, 18 years of age or older, are eligible. Findings go to the individual and his family doctor.

LEGAL NOTICE
BOROUGH OF SWARTHMORE
ORDINANCE NO. 667

AN ORDINANCE TO ESTABLISH A NON-CONTINUING PENSION FUND FOR CERTAIN FULL-TIME EMPLOYEES OF THE BOROUGH OF SWARTHMORE, PROVIDING FOR A TRUSTEE OF SUCH FUND, AND MAKING THE NECESSARY APPROPRIATIONS FOR ITS MAINTENANCE AT THE EXPENSE OF THE BOROUGH.

Section 1. Pursuant to powers conferred by Pennsylvania statutes, and in particular, the Borough Code, the Borough of Swarthmore hereby establishes, as of January 1, 1959, an Employees' Pension Fund to be maintained without employee contribution, for the benefit of certain full-time employees of the Borough who may now be, or hereafter may become qualified, to participate therein, as beneficiaries.

Section 2. EMPLOYEE DEFINED, EXCLUSIONS: "Full-time Borough Employee" as used in this ordinance, means an eligible person directly employed and paid by the Borough to render, during normal working hours, such services as may be required by the proper Borough authorities. The term shall not include police officers, who are, or hereafter shall become, members of the Police Pension Fund established by separate Borough ordinance; nor, unless Borough Council shall hereafter ordain, shall the term include professional or technical officers or employees such as the solicitor, engineer, auditor, treasurer, health officer, milk or other inspector, tax or sewer rate collector, special officers, crossing guards, firemen, part-time employees, or employees of the Library Association, or of any other association, commission, institution, board, authority or agency of the Borough, whether or not the Borough is represented on such board, or contributes funds for its operation.

Section 3. CERTIFICATE OF ELIGIBILITY: Upon the establishment of the Employees' Pension Fund provided by this ordinance, a certificate of Eligibility to receive the benefits thereof upon meeting the age, retirement and service requirements herein provided, shall be delivered to each of the employees presently eligible for such future benefits. Such certificate shall be signed by the chairman or acting chairman of the Pension Committee, and attested by the Borough Secretary. A copy thereof shall be lodged with the Trustee hereafter, when and after new employees are hired Borough Council shall, in its sole discretion, determine in each instance whether or not an employee is eligible for future benefits from this fund, in which event it shall cause such certificate to be issued to him. Such certificate may be revoked in like manner, and nothing in this ordinance, or in said certificate, shall require the borough to retain any employee in its service. The Pension Committee established by this ordinance shall maintain a record of each Certificate of Eligibility issued by direction of Borough Council. Unless such a certificate shall have been issued no present or future employee of the Borough shall become entitled to any benefits from this fund. Issuance of such Certificate of Eligibility shall not, of itself, establish the right to benefits under this ordinance. To become so entitled the eligible employee must have completed with the age, retirement and service requirements of this pension plan, except that Borough Council may waive such requirements, and make such adjustment as it deems equitable, in case of permanent total disability or other proper cause.

Section 4. RETIREMENT AFTER 25 YEARS OF SERVICE: Each full-time employee of the Borough of Swarthmore who has received a Certificate of Eligibility, has served the Borough continuously for 25 years, and has attained the age of 65 while so employed, shall be eligible to retire from active duty, and to receive from the fund hereby created a monthly sum which will be sufficient, when added to the amount of primary benefits for which such employee is then or shall at any time hereafter be eligible from any employment covered under the Federal Social Security laws, to provide retirement income equivalent to one-half the monthly average wage or salary such employee was receiving from this Borough during the last sixty months of his employment. If the primary social security benefits for which a beneficiary of this fund is eligible should hereafter be increased or decreased, the amount payable by this Borough pension fund shall correspondingly be decreased or increased as may be necessary, so that the pension payment for any month to be made to such beneficiary by the trustee or trustees of this fund shall be only the amount needed to supplement such social security benefits in providing the half-pay, referred to in this ordinance. In computing length of service full credit shall be given for service rendered to the Borough prior to as well as after the effective date of this ordinance, and employment after age 65 shall count equally with employment prior to such age in computing years of service.

Section 5. RETIREMENT AFTER 10 OR MORE YEARS OF SERVICE: Retirement at the minimum age of 65, after ten or more years of continuous service to the Borough, but less than 25 years, may be permitted by the Borough Council, but in such event the benefits payable from the pension fund created by this ordinance shall be reduced to the ratio that the number of years served bears to 25 years. Thus, an employee, 65 or more years of age, who has served a minimum period of 10 years, immediately preceding his retirement, and who is otherwise qualified under the terms of this ordinance may be retired by Borough Council and receive from the fund created by this ordinance a monthly sum equal to 25 of the sum that would have been payable to him out of said fund had he served the Borough for 25 years.

Section 6. FAILURE TO QUALIFY, DISCONTINUANCE OF EMPLOYMENT: Unless such eligible employee qualifies for benefits under this ordinance by attaining age 65 while employed by the Borough, and by serving the Borough continuously for at least 10 years, no benefits shall become payable to him under this ordinance.

An employee whose employment ceases for any reason whatever before age 65 shall be entitled to benefits under this ordinance, regardless of his length of service to the Borough. An employee who attains age 65 while employed by the Borough, but with less than 10 years continuous service to the Borough, shall not become entitled to benefits under this ordinance if his employment ceases for any reason whatever before he has completed 10 years of continuous service. In any such case the contributions to the pension fund with respect to such employee shall remain in the fund in relief of future contributions by the Borough.

Section 7. OWNERSHIP OF ANNUITY CONTRACTS: Any annuity or other contract or policy that may be purchased for the fund in anticipation of the future retirement of an employee shall remain the property of the Borough, and may be transferred, surrendered, changed or canceled by the Trustee acting under the direction of the Pension Committee of Borough Council.

Section 8. BENEFITS NOT ASSIGNABLE OR ATTACHABLE: The benefits provided by this ordinance shall not be subject to attachment, execution, levy, garnishment, assignment or transfer, but shall be payable only to the designated employee or his authorized agent or beneficiary.

Section 9. APPROPRIATIONS TO THE FUND, GIFTS: Borough Council shall make such annual or other appropriations to the said pension fund as may be necessary, in its judgment, to finance its operation. The benefits provided by this ordinance shall not be a charge on any other fund of the Borough or under its control. The fund may be increased by gift, grant, devise or bequest any money or property, real, personal or mixed, in trust for the purposes of the fund, subject to such directions, not inconsistent with the care, management, investment and distribution of such money or property which may be prescribed. Subject thereto, the care, management, investment and distribution of the fund shall be subject to the directions of the Pension Committee.

Section 10. TRUSTEE: The fund hereby created shall be held and administered by a trustee or trustees to be designated from time to time by Borough Council, in accordance with a trust agreement, which may be amended from time to time by the parties thereto.

Section 11. PENSION COMMITTEE: This fund shall be managed by a committee, to be known as the Pension Committee, which shall be appointed by and serve during the pleasure of Borough Council. Such committee shall have power to sue and be sued, and shall report as required by Borough Council, which reports shall be open for inspection by any citizen at interested party. The members shall incur no liability for any action taken or omitted, excepting only liability for gross negligence or willful misconduct.

Section 12. ADDITIONAL SIGNS: The Public Department of the Borough, and under the direction of the Burgess, and with the approval of the Secretary of Highways and the Public Safety Committee of Borough Council, may from time to time designate other intersections where "No Left Turn" signs shall be erected for the proper control of traffic. All such signs so erected shall until further action of Borough Council, the removal of such signs, have the same force and effect as though particularly designated in this Ordinance.

Section 13. OTHER ORDINANCES: Nothing herein contained shall have any application to the Police Pension Fund of this Borough. Subject to the foregoing, no ordinance of part thereof conflicting with the terms of this ordinance shall be, and the same is hereby, repealed insofar as the same affects this ordinance.

Section 14. LEFT TURNS PROHIBITED: Pursuant to statutes in such cases made and provided, the Police Department of the Borough of Swarthmore, under the direction of the Burgess and the Public Safety Committee of Borough Council is hereby authorized and directed to erect and maintain, or cause to be painted at the several streets and driveway intersections specified in this Ordinance, or the intersections hereafter specified in accordance with the provisions of this Ordinance, "No Left Turn" signs for the control of vehicular traffic using said streets and driveways. All such signs shall be of the size, form, design and color prescribed by the Secretary of Highways of the Commonwealth of Pennsylvania. All such signs at said intersections are hereby prohibited at all times.

Section 15. LOCATION OF SIGNS: Such signs shall be erected or prominently displayed at or near the approach to the intersection where left turns are prohibited. Left turns are prohibited from the streets 21-43

Premiere Planned for Poem, One-Act Play
Dramatic 'First' to Be Presented at College
April 24, 25

There will be an all Swarthmore evening of "firsts" in the dramatic arts at Swarthmore College in late April. The program will consist of the premiere of a student-written one-act play and the premiere of a poem for voices with musical interludes. The poem "Talesin" and the music were written by two Swarthmore professors.

Excerpts from "Talesin" were recently published in the Hudson Review. The poem was staged for voices and the music composed especially for this program, which presents an experimental form of production in which musical, dramatic and poetic arts are fused. "Talesin" is composed of 20 short poems in which the title character is a prophet who, from the vantage point of 14 centuries, looks ahead to our time. He speaks two sets of prophecies about the large areas of human expressions—knowledge, love, art, power, and grace. From one point of view he sees contemporary life as worse than it may be; from another he sees ideals which may be realized.

The author of "Talesin" is Daniel Hoffman, assistant professor of English. Author also of a book of poems, "An Armada of Thirty Whales," and the critical study, "The Poetry of Stephen Crane," Mr. Hoffman served on the poetry jury of the 1959 National Book Awards. Before coming to Swarthmore in 1958, Mr. Hoffman taught at Columbia University, where he had received the A.B., M.A., and Ph.D. degrees, and at the University of Dijon in France.

The incidental music for "Talesin" underlines the structure of the poem and intensifies the states of feeling that the poem expresses. It was composed by Claudio Spies, assistant professor of music and director of the College Orchestra. Mr. Spies, who formerly taught at Harvard, where he received the A.B. and M.A. degrees, and at Vassar, has composed music in a variety of forms. His "Il Cantic di Frato Sole" was performed by the College Orchestra this winter.

Barbara Pearson Lange, director of dramatics and lecturer in English, will direct "Talesin." Grandin Conover, the author of the one-act play to be performed, "A Place of Meeting," is a Swarthmore senior with a major in English literature. Last year his English writing contest won first prize. Mr. Conover wrote one of the leading roles with Mrs. Lange in mind. Mrs. Lange, who has had acting experience with the Pasadena Playhouse, summer stock, and the Chautauque Circuit, will take this part. The play will be directed by Henry Gleitman, associate professor of psychology, who has directed several college productions in the past and who teaches a course called the Psychology of Dramatic Experience and Presentation.

The performance will take place in Clothier Memorial on the campus, Friday and Saturday nights, April 24 and 25, at 8:15 o'clock. Tickets will be available at the door.

Mrs. Wood has been appointed by Dr. Albert Irving, president of the American Horticultural Council, to be the only representative from this country to attend the Constitutional Assembly which will proceed to the final establishment of the International Society for Horticultural Science, meeting in Paris during her visit. Outstanding horticulturists from all European countries will attend.

Spring Rush, Doggone!

Last week Swarthmore gardens blossomed forth with forsythia, japonica, magnolia, flowering fruit trees, daffodils, hyacinths tulips and DOGS! Some of the posies got picked and also an amazing number of "puppies." In fact, in only three days Blair Davis, local dogcatcher, gathered 19 thorough canines whose owners hadn't properly taught them that to sit in their own yards and admire the beauty of neighboring "estates" was very fine, but to wander across the boundary for a closer sniff or perhaps lend a paw to loosening the earth around a plant or so is definitely ILLEGAL!

Thus more than March's entire crop of 17 Swarthmore canines rode off in the dogcatcher's truck in less than 75 hours as balmy days plunged the community into the outdoor season.

Jr. Club Yearbook Takes 1st in State

Mrs. Randall A. Burr, president of the Jr. Women's Club, announced this week that the club yearbook has been awarded first prize in its division in state-wide competition. Judged among entries from every club in Pennsylvania, Swarthmore's book was declared best in the hand-craft class.

In keeping with the club theme "Add Spice To Your Life With a Variety of Interests", the yearbook cover was designed to simulate a spice-chest front. Each drawer was labeled with the name of major club activities — Community and International Affairs, Art, Music, Drama, and Books. Each cover was individually produced thereby making it eligible for the hand-craft category.

The book itself has been divided into sections covering the year's programs, membership, officers and committee heads, and by-laws. Each meeting throughout the season was labeled with a heading related to the Spice theme. The club's history, policies, budget, and special projects have also been included.

In charge of the book this year were the Mesdames Burr, Donald Atkins, George Beitzel, Leland Davis, Peter Kaiser, Robert Kyle, James Lukens, C. D. Miller, Robert Morrow, and John Ward. The cover was designed by Mrs. Miller.

Receives Kansas Award

Jack A. McNair, husband of the former Barbara Ann Crossen, has been awarded the State of Kansas "Outstanding Young Farmer" award by the Kansas Junior Chamber of Commerce. The award was made on the basis of McNair's "progress in his agricultural career, extent of his soil conservation achievements, and his contributions to civic and community affairs". McNair, Hodgeman County resident living 15 miles northeast of Jetmore, owns and operates the McNair ranch. Dry-land wheat is his main crop. It is balanced by 110 acres of irrigated forage for a ewe flock and by cattlefeeding programs.

The McNairs have two sons, aged two and four. Mrs. McNair writes "This is a new life and I really love it. We're an easy day's drive from Denver and the mountains cool our summers. I do so enjoy reading The Swarthmorean. I can tell the years are adding up since I lived there but there are still lots of familiar names I love to read about."

Junior High Nine Loses 5-1 to Darby

The Swarthmore Junior High School baseball team lost a 5-1 decision to Darby Junior High on Saturday. Fred Braund started for Swarthmore and pitched six and one-third innings of the seven inning contest. The Garnet pitcher allowed only three hits while striking out five, but his wildness proved disastrous.

The game was a scoreless tie until the second inning when a single, two walks and an error gave Darby their first run. The score stood 1-0 through five innings, when in the last half of the sixth Darby scored four more runs on a double, two walks and two errors. Coach Mel Drukkin then switched the battery with Mal Anthony taking the mound. He promptly retired the side.

Swarthmore came to bat in the last inning and still had not given up. Braund, now catching, led off with a triple over the left fielder's head. Dick Campbell then grounded out to first, with Fred scoring, and therefore drove in the first RBI of the season.

Mal Anthony and Charlie Turner kept the rally alive with back to back singles, but Steve Edwards struck out and Jim Rowland grounded out to end the game. There were two other hits in the game, a single by Gary Gallagher, and a double by Don Jones. Others who saw action were Terry Innis and Dave Hannum.

The absence of Roger Anthony, the first string shortstop, was felt by the team. The reserves were John Pierson, George Glasser, Craig Young, Bob Poole, Ron Hoge, Mark Beardley, Jeff Browne, Ben Stradley, and Jay Estey.

Police and Fire News

Sergeant William Weidner and Patrolman Stanley Shepanski apprehended two Morton youths shortly after midnight of last Wednesday when William Hartman, 201 Dartmouth avenue, saw one youth get out of the Hartman car, parked in front of the house, and run down Oberlin avenue. Harry Wanner, 21, was caught in front of 21 Dartmouth avenue in a car which had been seen cruising around "suspiciously". His brother Floyd, 23, was picked up shortly thereafter in front of his home, 31 Wildwood avenue. A tissue dispenser valued at \$5, said to have been taken from the Hartman car by Floyd was recovered from the creek on Harvard avenue. At a 1:30 a.m. hearing Thursday restitution of \$5 and \$13 costs were assessed upon the two by a local magistrate.

At 4 p.m. Thursday of last week the Fire Company extinguished a fire in weeds and logs behind the Dartmouth House.

At 3:45 p.m. Saturday afternoon Patrolman Shepanski, with a hand extinguisher from the police car, put out an engine fire in the automobile of Raymond P. Wilson, who

was driving along the northernmost block of Park avenue where he lives.

At 4:29 p.m. Saturday a collision between the cars of Anthony Mazza of Media, who was traveling south on Cornell and Norman Mottie of 628 South Chester road, going west on Strath Haven avenue, resulted in damage to the front grill and headlight of the former and to the right rear fender and end of the latter.

About 8 p.m. Monday Tommy Mason, 12, received a bumped head when he was a passenger in the car of Olin W. Mason, Springfield, as it made a right turn into Swarthmore avenue from an easterly direction on Baltimore pike and, according to police, collided with the car of Roy C. Brockman, 206 Linden avenue, Rutledge, which was stopped at the northerly end of Swarthmore avenue. The Mason car was so badly damaged it had to be towed away.

Mr. and Mrs. Harold G. Griffin of Rutgers avenue expect the arrival tomorrow of Mrs. Griffin's sister-in-law Mrs. Charles Pearce and her daughter Miss Virginia Pearce of Gloucester, Mass., for a week's visit.

Elementary School News

The girls in the fifth and sixth grades at Rutledge School have formed a Dramatics Club. They meet at various homes during the week for practice, have a dress rehearsal on Friday afternoon after school, then give the finished performance in Assembly.

Parents and friends are invited to attend Assembly at 1 o'clock every Monday afternoon. The club has presented "Sleeping Beauty" and "Snow White and the Seven Dwarfs". They plan to present their next fairy tale on May 4.

Becky Dettra, a former student at Rutledge and Swarthmore, visited the two schools on Thursday, April 9. In January, 1958, the Dettra moved to Lake Wales, Fla. Becky earned this trip north as a reward for service and performance as clarinetist in the band.

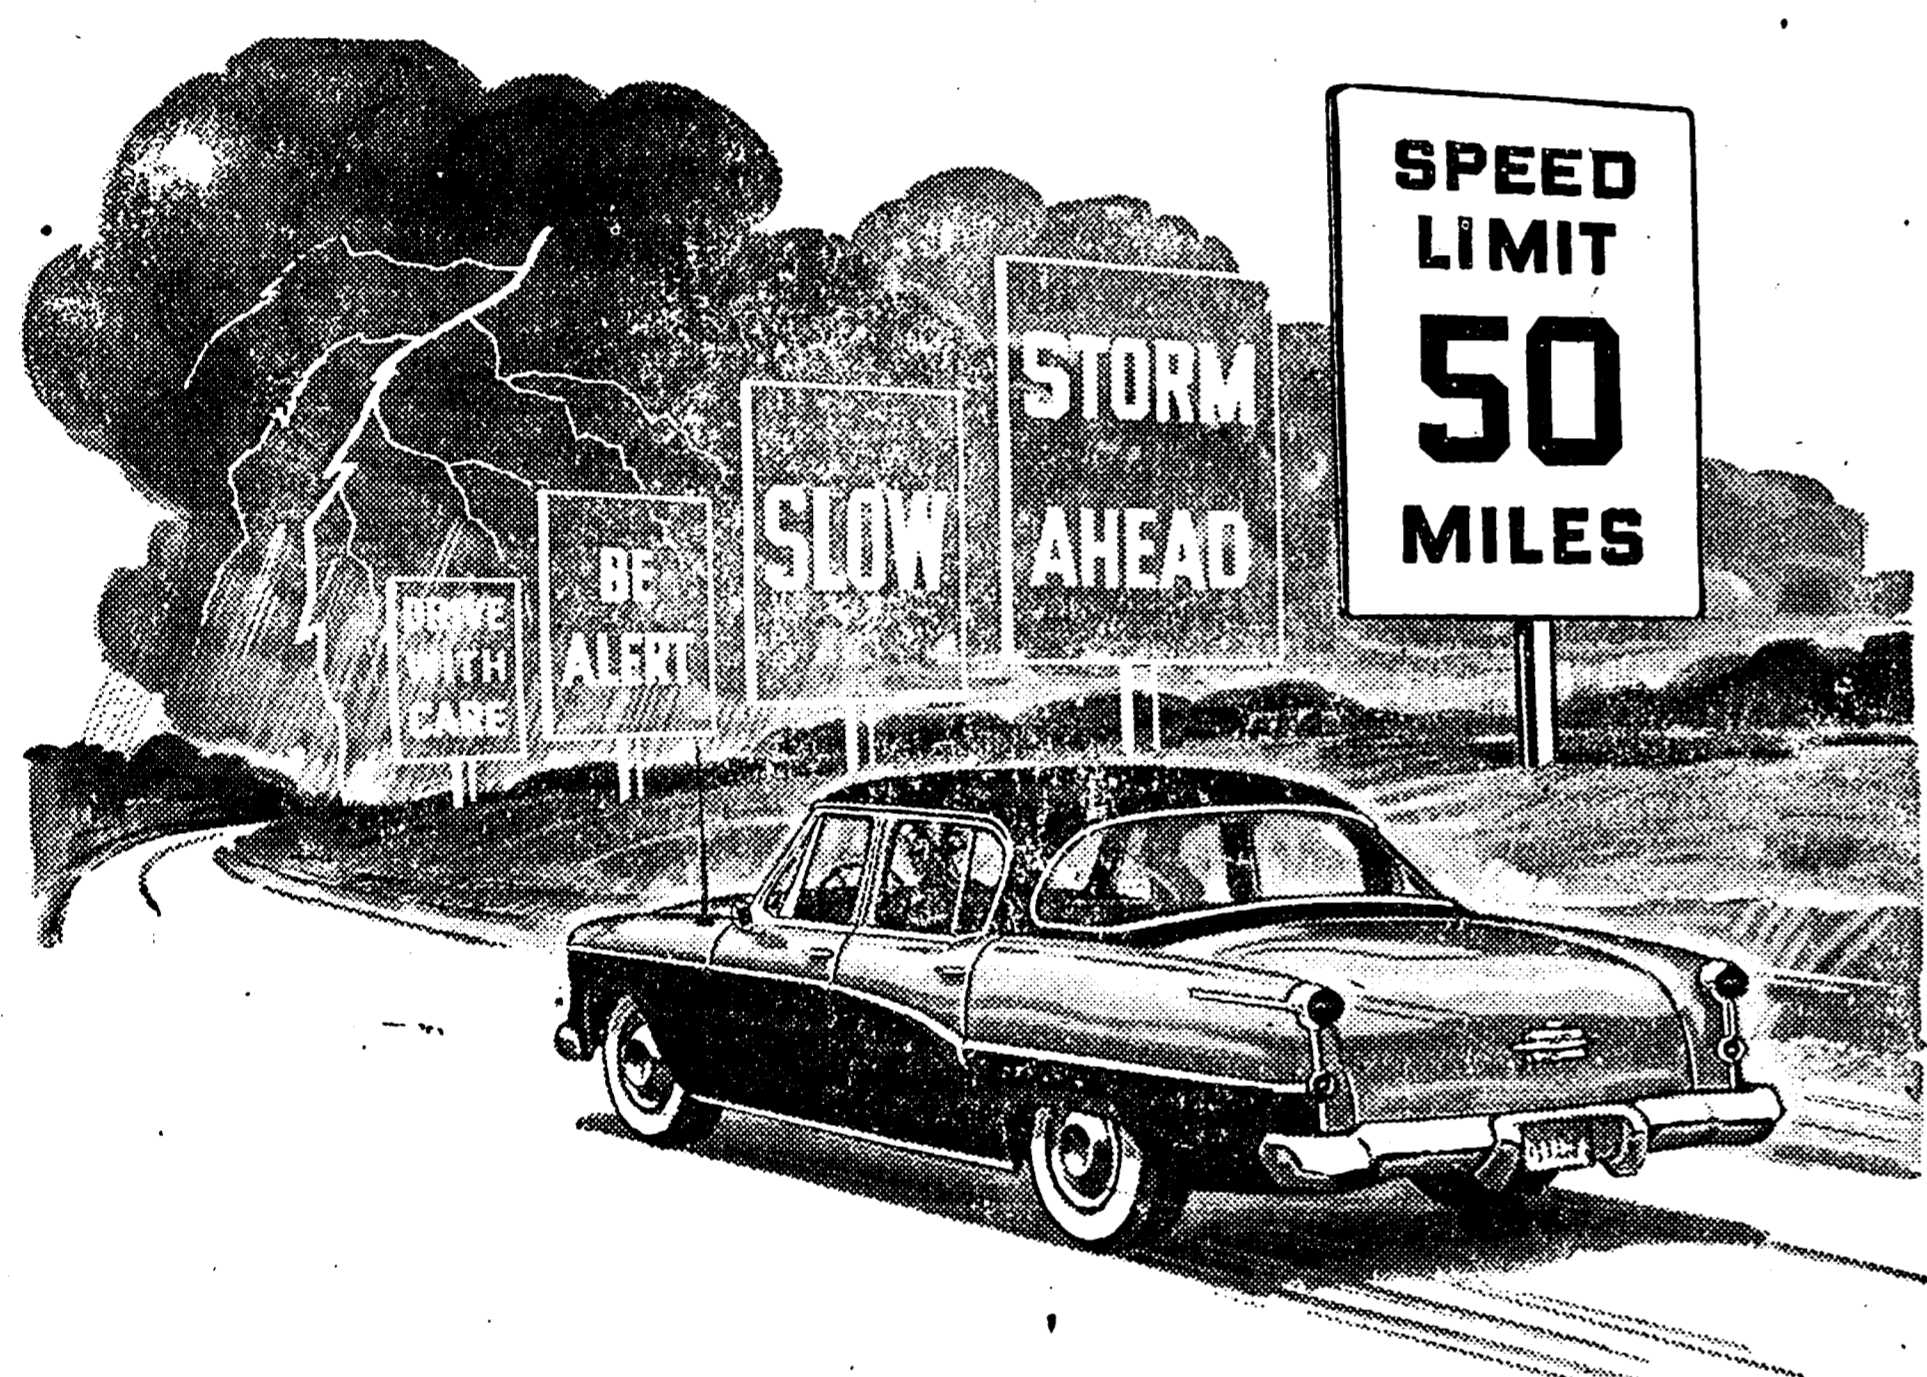

The Lake Wales High School Band was chosen to represent Florida in the Cherry Blossom Festival at Washington on Saturday, April 11.

"Poems We've Written for Pleasure" was the title chosen by a fifth grade class for their small volume of verse. Over the year many poems were written, and finally it became apparent that a book of some sort was in the making. April 16 was the publication date.

A skit introducing the book was presented on Thursday to parents and friends and again on Friday to the whole Intermediate School. The program, which was enthusiastically received, included a poem by each member of the class.

The cast included Alex McNeil, Jack Renshaw, Carol Lee Johnson, Patsy Stamford, David Bennett, Sandie Snyder, Rochelle Young, Eric Sundquist, David Tolley, Judy Goltz. The mothers served punch and cookies in honor of the young poets.

"Poems" was produced by Margaret Moore's class under the direction of Myrtle McCallin with whom they spend one period each day. The boys and girls dedicated their book to Miss Moore. It contains 66 poems on 28 pages. The cover is illustrated, and illustrated pages also introduce the four sections — Our Earth, About Everything, Hallowe'en Night, The Christmas Season.

2 Residents Named UF Advance Gift Captains

Two residents of Delaware County have been named advance gift captains in the forthcoming United Fund Drive. They are Sewell W. Hodge of Ogden avenue, and Wayland H. Elsbree of Wallingford. Both are members of the Swarthmore Friends Meeting, and both are veterans of former campaigns.

Announcement of their volunteer leadership posts was made by William White, Jr., chairman of the advance gifts department which kicks off its drive earlier than the general campaign.

Hodge, who attended Swarthmore College, is secretary and treasurer of the Provident Mutual Life Insurance Company.

Treasurer of the United Fund's Pennsylvania Prison Society, Hodge also is treasurer of the American College of Life Underwriters, a director of the Better Business Bureau of Philadelphia, and a board member of the Sleighton Farm School for Girls.

Elsbree is an attorney for White, Williams and Scott. He attended Swarthmore College and the Harvard Law School.

He is president of the trustees of Philadelphia Yearly Meeting of Friends, a board member of Friends Central School, and a director of the American Civil Liberties Union, Greater Philadelphia Branch.

The advance gifts department solicits contributions from 1500 large individual givers to attain more than 11 per cent of overall funds collected.

Behind Scenes Personnel Aid Saturday's 'Wizard'
Mrs. Stuart Graves, director of "The Wizard of Oz," stressed the fact that she was not only the director of the production given Saturday afternoon and evening at the Nether Providence High School. The Junior Theatre's 11th annual presentation had many "cooks" who did not "spoil the broth" in serving up 50 boys and girls to their waiting audiences.

Mrs. L. H. Sperow and Mrs. James McDowell of Springfield assisted in the capacities of production manager and business manager respectively. Mrs. Sperow supervised all property finding and scenery construction throughout the Saturday rehearsals. Mrs. McDowell had as her constant companion a typewriter, in ironing out countless details of lists and ticket matters.

Hesna Johnston of Glenolden, a graduate of the Junior Theatre, was assistant to the director, "holding the book" and taking over whenever Mrs. Graves was called elsewhere.

Julie Huse and Joan Moir of Swarthmore, Kitty Evans of Moylan, Linda Godick and Sara LeClair of Wallingford, and Jean Sperow of Springfield were assistant directors during rehearsals.

Later Frits Graves was called in for consultation with a leading member of the cast of "The Wizard of Oz," David Shay of Swarthmore. It was Fritz who taught David, who was seen as Toto, authentic, doggie mannerisms so vital to his character. And Fritz was really the only one qualified. He happens to be Mrs. Graves' black and white mongrel, a dead ringer for Toto!

Sails for the "Good Ship Advance Gifts"

Demonstrating the shipshape job expected of the United Fund's advance gifts department in next fall's campaign are Sewell W. Hodge (left) and Wayland H. Elsbree. Both have been named captains for the advance gift campaign. Hodge resides in Swarthmore and Elsbree in Wallingford.

David Shute Wins ROTC Scholarship
David Shute son of Captain and Mrs. Corben C. Shute of Maple avenue, has been notified by the Navy Department, Bureau of Naval Personnel, that he has been selected by the State of Pennsylvania as Principal Candidate for enrollment in the Navy R.O.T.C., beginning the fall of 1959, for a full four year scholarship to the college of his choice.

In the fall David will be appointed to the rank of Midshipman, Naval Reserve. David is a senior at the Severn School, Severn Park, Md.

Aids H.S. Science Study
The High School has received from an anonymous local mother, the gift of a new bioscope (projector for showing microscopic slides) for use in the science department. An old similar piece of equipment was lost in the fire.

Cites Blood Values

Blood — for many years a valuable ally in modern medicine's fight against disease and injury — has taken on an even greater importance today, now that scientists have learned how to salvage vital derivatives from outdated blood that was formerly discarded.

Blood that is donated at a Red Cross bloodmobile or at a hospital is useful for transfusions only for about three weeks, reports Mrs. H. L. McCune, blood program chairman for the Swarthmore branch of the local Red Cross chapter. Blood more than three weeks old formerly had no value, but in recent years scientists have learned how to extract three valuable blood components — gamma globulin, serum albumin and fibrinogen — to add to modern medicine's arsenal.

Gamma globulin is used primarily to fight measles and infectious hepatitis; fibrinogen is a valuable aid in halting hemorrhaging, particularly during childbirth; and serum albumin is used in the treatment of shock caused by loss of blood.

These blood derivatives are distributed free of charge by the Red Cross, said Mrs. McCune, thereby saving members of the community a tremendous expense. Last year in Pennsylvania alone, for example, the value of the gamma globulin distributed by the Red Cross if sold by a commercial outlet, would have been \$105,028; the value of the serum albumin, \$95,080; and the fibrinogen, \$10,428.

Every effort is being made by the Red Cross to salvage additional derivatives from blood, said Mrs. McCune, in the hope that even more valuable medical aids can be found.
