Dr. Palmer Reports on Bowdoin Ceremonies

Dr. Samuel C. Palmer of Chipmunk Lane, Media, who wrote the article below, is Professor Emeritus of Botany at Swarthmore College...

"On June 27, the Arctic Schooner Bowdoin of Rear Admiral Donald B. MacMillan was moored in its final resting place in the Mystic Marine Museum at Mystic, Conn. The Bowdoin, built especially for Arctic explorations, was fashioned on lines and designs of Adm. MacMillan, one of his early trips north...

"On June 26, I set out for Hartford, Conn., with the intention of attending the ceremonies of the inauguration at Mystic on the 27th. Saturday morning's news brought in stories of heavy fogs and disaster along the Connecticut Coast. One private yacht accompanying the Bowdoin was slammed on a reef in the harbor and was a total wreck. The crew and passengers were all rescued partly by the aid of the crew of the Bowdoin. The loss was figured at about \$110,000.

"We reached Mystic after a 67-mile auto ride from Hartford. The fog lessened as we approached the shore but it made driving more dangerous and we missed some of the ceremonies. We were in time, however, to hear Adm. MacMillan and Mrs. MacMillan but we were too far away to see them well.

"After the ceremonies on board the Bowdoin we watched them parade along the water front, led by a band of Highland Bagpipers, and a large group of Sea Scouts all dressed in Navy blue.

"The reception was given in the New York Yacht Building at the far end of the water front. Here a long line of invited guests slowly

NEWS NOTES

Mr. and Mrs. John Kennedy of Haverford place, accompanied by their daughters Bonnie and Jean, and Joan Hawkins of Riverview road, spent the weekend visiting colleges.

Mr. and Mrs. Henry M. Hoenigswald and their children, of Kenyon Avenue, have returned from Ann Arbor, Mich., where Mr. Hoenigswald was teaching at the University of Michigan.

Dr. and Mrs. Morris A. Bowie of South Chester road returned to their home Saturday from a two week vacation at Buck Hill. Their daughter Janet, who has spent two months at Camp Netimus, Milford, has returned with them.

Mr. and Mrs. Arthur B. Kent with their sons Rich, Peter, and Jim returned to their home on Woodbrook road Saturday following a week's vacation at Beach Haven, N.J.

Mr. and Mrs. William B. Patton moved into their newly purchased house on Haverford place this week. Mrs. Patton, the former Miss Molly Banks, with Mr. Patton, had been living at the home of her parents Mr. and Mrs. Paul Banks of Harvard Avenue. Mr. and Mrs. Edward Miffelin, now living on Drew Avenue, were the former owners.

"I had hoped to find aboard some of the crew of the Bowdoin-Baffinland Expedition of 1929, of which I was a part. I found one had been there but was not present. We saw two later and learned that three of that expedition had already died and all, of course, were getting along in years.

"After visiting around the harbor we directed our way to the meeting place that evening by auto for the dinner given by the Mystic Historical Society. Here gathered about 75 specially invited guests for the finals of the day's program.

"In my early days I had made the acquaintance of some of the Admiral's family and when I overheard three young men talking about Rockport and people by the name of Fogg, I felt sure I could speak with them of their father's and grandfather's days. The Admiral's sister had married a Mr. Fogg and they had three children, two girls and a boy. I knew the boy was a doctor at Rockport, Me., and the sisters had become teachers in Chicago. One of the young men sought out the two ladies and brought them to me. Nearly 60 years can make a lot of difference, but when they knew I was acquainted with their parents the ice was broken and we had a good time recalling old days. Especially those referring to Bushin's Island in Casco Bay near Portland where the Admiral and I once built a cottage and took some boys there to camp, one of whom was Leonard C. Ashton.

"Here I also met up with the two members of our crew on the '29 expedition. They were John Jaynes, the engineer, and Frank Henderson, the second mate. We could not have recognized each other after all these years but we had much common ground to talk over.

"The dinner in the evening was interrupted very often by short speeches, songs, telegrams, etc. We could not hear much of the talking but the songs were well known college songs and in these we could join. As there seemed to be no end of the program and the hour was getting late and especially because we could not hear most of the talking, we slipped out to make our 67-mile night journey back to Hartford.

"Tired but happy after a fine, unforgettable trip to Mystic and the renewal of acquaintance of old friends and above all to greet and congratulate Admiral MacMillan and his fair wife Meriam, we made our way back, glad for the opportunity that came our way."

Students Abroad Under AFS Program Report on Sojourns in Germany, Finland

Robert B. Jarratt, son of Mr. and Mrs. Louis B. Dennett of North Princeton Avenue and one of the three American Field Service students abroad, will return to his home Saturday. His boat, the Groote Beer, will dock in Hoboken on that day when he will be one of 750 returnees and new foreign students arriving to spend their senior school years in the U.S.A. Among these will be a boy from Pakistan, Mr. Sulaiman Mirva, scheduled to attend Swarthmore High School this coming year.

Some of Robert's later impressions and observations as contained in his letters home are as follows: "Catholic churches are distinguished by the weather-vane on their spires and Protestant churches by the cross on their steeples. 'Deutschland, Deutschland uber alles' (German national anthem) really means 'I love Germany above all with 'I love' understood. During Hitler's era, his enemies and probably he interpreted it 'Germany over all.' The most popular American entertainers here are Louis Armstrong, Elvis Presley, Bill Haley, Pat Boone and Paul Anka (who is from Pakistan). Nie-derwurzbaeh (pop. 4000) has 10 inns, no newspaper and a one-man police force. I think the policeman's job is to be sociable because there is almost no delinquency and no traffic regulation. I even doubt that he has a car. The speed limit in town is 50 kms. (30 miles per hour) and out of town, none. You drive at your own risk."

On August 8 he reports, "Lately, I have not done anything too exciting but life here is far from dull. During the day I usually write letters, catch up on my diary, eat and read and even study some German."

On August 19 he describes his future plans, "As soon as I leave the Dresslers on Monday, August 24, Frau Dressler and I will go to Heidelberg for Saturday and Sunday. Then in a chartered train, many of us will leave for Bremen from Heidelberg at 10:51 Monday morning. Others go to Bremen from different locations. Then, on Wednesday night we go to Rotterdam and from there sail for home! I can hardly wait but this has been a wonderful and unforgettable experience and the Dresslers have been very kind to me as well as so many other Germans."

Mary Lou McCorkel, another Swarthmore student abroad under the American Field Service program, has been spending the summer outside of Helsinki, Finland, as the guest of Mr. and Mrs. Karlo J. McIlwain and their five children. Mr. McCorkel of Rutgers Avenue, the daughter of Mr. and Mrs. Roy Mary Lou will remain in Finland until January. According to the schedule, she began school on Tuesday.

Dr. Palmer Reports on Bowdoin Ceremonies

Students Abroad Under AFS Program Report on Sojourns in Germany, Finland

Robert B. Jarratt, son of Mr. and Mrs. Lewis B. Dennett of North Princeton avenue and one of the three American Field Service students from Swarthmore currently abroad, will return to his home Saturday. His boat, the Groote Beer, will dock in Hoboken on that day when he will be one of 750 returning and new foreign students arriving to spend their senior school years in the U.S.A. Among these will be a boy from Pakistan, Mr. Sulaiman Mirza, scheduled to attend Swarthmore High School this coming year.

Some of Robert's later impressions and observations as contained in his letters home are as follows: "Catholic churches are distinguished by the weather-vane on their spires and Protestant churches by the cross on their steeples. 'Deutschland, Deutschland über alles' (German national anthem) really means 'I love Germany' during Hitler's era, his enemies and probably he interpreted it 'Germany over all'. The most popular American entertainers here are Louis Armstrong, Elvis Presley, Bill Haley, Pat Boone and Paul Anka (who is from Canada). Niederwurzach (pop. 4000) has 10 inns, no newspaper and a one-man police force. I think the policeman's job is to be sociable because there is almost no delinquency and no traffic regulation. I even doubt that he has a car. The speed limit in town is 50 kms. (30 miles per hour) and out of town, none. You drive at your own risk."

On August 8 he reports, "Lately, I have not done anything too exciting but life here is far from dull. During the day I usually write letters, catch up on my diary, eat and read and even study some German.

On August 19 he describes his future plans, "As soon as I leave the Dresslers on Monday, August 24, Frau Dressler and I will go to Heidelberg for Saturday and Sunday. Then in a chartered train, many of us will leave for Bremen from Heidelberg at 10:51 Monday morning. Others go to Bonn on Wednesday night to go to Rotterdam and from there sail for home! I can hardly wait but this has been a wonderful and unforgettable experience and the Dresslers have been very kind to me as well as so many other Germans."

Mary Lou McCormick, another Swarthmore student abroad under the American Field Service program has been spending the summer outside of Helsinki, Finland, as the guest of Mr. and Mrs. Karlo Af Heurlin and their five children. J. McCorkel of Rutgers avenue, the daughter of Mr. and Mrs. Roy Mary Lou will remain in Finland until January. According to the schedule, she began school on Tuesday.

The Golden Text is from Genesis (1:26): "God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth."

**Borough Claims Fame Through Evening Post**  
Swarthmore citizens have an unusually large representation in this week's Saturday Evening Post. First there is a piece on fallout written by Steven M. Spencer of Ogdenville.

Mr. Spencer, who is science editor of the Post and perennial in that weekly, says that this was one of the toughest subjects that he has had to write about in a long while.

Along with this in the same issue (September 5) there is an article, "We Went With the Wind", which features a unique Swarthmore organization, the Balloon Club of America. The leader of the group, Anthony Fairbanks, Park avenue, is currently making guest appearances on radio and television shows to talk about this unusual hobby.

There are only 14 balloons among the 100,000 aircraft currently registered with the Federal Aviation Agency and six of these are owned by the Balloon Club of America of Swarthmore.

Sherwood Harris, the author, says that the Swarthmore group, the most active balloon-flying outfit in the country, was his host on the trip described in the Post story.

Harris (Princeton '54) is a former Navy dive-bomber pilot who wound up his service as a lieutenant aboard the Franklin D. Roosevelt with the 6th Fleet in the Mediterranean.

**Accepted for Honors Program at College**  
Richard W. Coles, whose parents are Mr. and Mrs. H. B. Coles, Jr., of Walnut lane, has been accepted for the Honors Program of study at Swarthmore College by the faculty. The Honors program is a system of study for the junior and senior years designed to free from the limitations of classroom routine those students whose maturity, interest, and capacity suit them for independent work.

Honors students meet with their instructors in small weekly seminar groups. Since they pursue only one major and one related minor subject during a semester, this system facilitates greater concentration and greater independence than is possible under the usual course program. The Honors Program of study was developed at Swarthmore 37 years ago and since that time has been adopted by more than 150 colleges and universities all over the United States.

Richard, a graduate of Swarthmore High School, plans a major in Zoology and minors in Botany and Chemistry.

**Insurance Offered To School Children**

Accident insurance for Swarthmore-Rutledge School children will again be available for all pupils. This is low-cost group insurance covering school hours and school activities available to all children. The insurance covers injuries and school-associated accidents caused by external, violent and accidental means. They must be sustained while attending school, while traveling to or from school, or while actively participating in extra-curricular events (excluding parties, picnics, dances), including all sports. Travel to and from extra-curricular activities, such as basketball, games, concerts, etc., is covered.

The persons insured under this policy must be bona-fide students or employees of the Swarthmore-Rutledge Schools. Only those who will be included for whom the premium is paid. The daily period of coverage is from time spent at school, and for travel to and from school which takes place not more than one hour before the official opening of the school day, or more than one hour after the official close of the school day.

Notice and proof of claim must be given in writing to the company, by parents, within 20 days after date of the accident causing the injury. Notice must be sent to the school office. From school principals William Bush and Thomas Boyle, parents can secure forms for filing proof of loss, which must be furnished to the company at its home office, 90 days after date of accident. All benefits under the policy will be paid immediately upon receipt of due proof.

This plan will be put into effect during the first few days after the opening of school. Explanatory leaflets will be sent home with every pupil explaining the plan and inviting parents to participate. These leaflets are attached to the parent letter. The homeroom teachers will then prepare the lists of participants for each homeroom, thus putting the plan into active operation. This plan also has a special offer for interscholastic football players.

Midget (father, mother, two children 10 or under); junior (father, mother, one child 10 or under, one child over 10); senior (father, mother, two children over 10); one parent must swim, but families lacking a fourth swimmer may enlist a substitute.

There will be the usual underwater swim for distance, and tire relays for girls and boys. A cannonball contest to see who can make the biggest splash from the high board will be added this year. Three 10-minute water-polo games are scheduled between two girls teams, all stars vs. life guards, and two adult teams.

**How do you buy carpet?**

Most people do not buy carpet often enough to learn how. Sometimes they are attracted to a "sale," or to some sort of "special." These are all right, and you can find them right at PAULSON'S.

PAULSON can meet or beat any sale price or special in carpet. Basically, however, it is much more important that what you select be exactly what you like best for the amount you are spending; that the color, size, and texture are correctly worked out, and that you get a carpet you know is good.

Always know the name of what you buy—who is backing it. Deal with a store you trust. Avoid size mistakes by having the store take measurements. Avoid color mistakes by looking at carpet samples in the home.

PAULSON INSTALLATIONS are superb. (Ask to see one.) Call for Free Home Service.

### Students Abroad Under AFS Program Report on Sojourns in Germany, Finland

(Continued from Page 1)

Some quotations from letters to her family are given below:

"Here I am in Helsinki! I arrived yesterday and have been enjoying everything I do, which is plenty! I am already very fond of the af Heurlins, and I am sure this fondness will grow. I must admit I was very homesick the first night, but life is so exciting and interesting I can easily forget this and then I do love it here.

"You should hear your tri-lingual daughter (exaggeration), I speak English to Mr. of Heurlin. Olla (Mrs. of Heurlin) is very kind and nice. We speak French to each other. And the children only speak Finnish, but of course I use sign language and grunts as well.

"Our house is beautiful. It is modernly furnished, on a big farm—famed by many families who live in houses spread out sort of like a small community, but not that many people. Yesterday I spent three hours working in the fields, cutting down rhubarb, which seems to be quite a big crop here. All of the girls in the family, including Olla, helped. It was lots of fun. I learned some Finnish songs on the boat and we all sang them—which they liked a lot."

(Later) "I have just spent a wonderful few hours with the Lees (Nell's family). They had just returned from being in Russia for one week, and it was most interesting and fun to talk to them in English! They invited me for supper at their hotel, and I showed them as much of Helsinki as I could. On Tuesday Helena, Mrs. of Heurlin and I went on a shopping spree, and Helena and I bought new dresses. They are "Mariemecco", and sort of sack-like affairs. I am told that they are very Finnish! Wait till you see! The Lee family teased me about it a lot. When I got home, the family sang "Oh My Darling Clementine" for me, which they had been practicing while I was gone. I really enjoyed that and it seemed more like home than ever. I think they like "The Fireside Book of Songs" I brought them very much."

(July 31) "Helena and I had a wonderful time on our vacation. Although Eva, Helena's friend, speaks little English, her older sister, Pirkuu, speaks it very well, and also her mother and father. We were in a small cottage very much like our cabin in Warriors Mark—bunk beds, an out house, water from a well, and we were right next to the sea—about 15 feet away. It was really beautiful. We swam a lot and went rowing. Next door—about 200 yards, lived Pirkuu's boy friend and family. They had a record player and records—"The King and I" and several of Harry Belafonte! Also, I had

### SOCIAL SECURITY

Following is one of a series of frequently asked questions and answers on Social Security. The series was prepared by Herbert W. Gruber, District Manager of the Chester Office. For further information regarding these or any other questions you may have, contact the Social Security Office, 302 Fidelity, Chester Building, Chester, Pa.—telephone TRemont 4-5264.

Q. Although I am 65, I plan to continue working. I understand that I will qualify for \$116 based on my average earnings of \$350 a month. Now that the social security tax is being withheld on \$4,800 (\$400 a month) would a couple of years earnings at that rate qualify me for the new maximum of \$127?

A. No. It is not possible for you to draw the \$127 maximum. However, two years of \$4,800 earnings would increase your retirement benefits to about \$120 a month.

Q. I was recently injured in an accident. My doctor tells me I will be unable to work for a year. Am I eligible for disability benefits?

A. No. The disability must be of a permanent or indefinite duration. If your doctor is reasonably sure you will recover sufficiently to return to work within a year, you will not be eligible. However, if you fail to respond to treatment and the doctor is unable to predict recovery, you should contact the social security office. "How Disabled Must You Be?" is the title of a new leaflet just issued. Suggest you write to the Social Security office in Chester for a free copy.

Q. Has the \$1200 a retired person may earn each year been increased under the 1958 Amendment to the social security law?

A. No. However, beginning January 1959, if your earnings exceed \$1200, you can receive benefits for any month in which you neither work in self-employment nor earn wages of more than \$100.

Q. How is the benefit determined when a woman is entitled on her own social security account and is she also entitled as a wife on the social security account of her husband?

A. A woman will be entitled to receive whichever benefit is the larger. If her own is larger she will not receive any wife's benefit, but if the wife's benefit is larger she will receive her own plus a wife's amounting to the difference between the two.

Q. I am getting old-age insurance benefits. This year I have earned \$3600 in wages from work which is not covered by social security. Must I report these wages to the social security office?

A. Yes, even if your work is not covered by social security, if you are a social security beneficiary under age 72, you must report your total annual earnings. This is true even though social security tax was not deducted from your wages.

Q. I am 72 years old, but I have not retired. Is there any chance of my drawing social security benefits?

A. Yes, at 72 years of age, you are eligible for retirement benefits without any restrictions on your earnings.

### East Pakistan Youth To Be Senior at SHS

The Clarence Boyer family, Dickinson avenue, will be hosts for the first part of the school year to Sulaiman Mirza, Mirza, as he prefers to be called, is from Chittagang in East Pakistan. His excellent English was learned during his last four or five years of school there.

Two brothers and three sisters, four of them older than Mirza, are at home in Pakistan. The father of the family is in the import-export business, covering several lines.

Sports have been an important part of Mirza's life. He has represented his province on his country's cricket team. Soccer is another favorite game. Hockey is quite important in Pakistan, since the country has held the world championship against all contenders for many years. Mirza feels he is not qualified to play football here, perhaps, but he is anxious to play baseball in the spring.

He will be a member of the Senior class at Swarthmore High School, spending the latter part of the year with Dr. and Mrs. Seymour Kletzien, South Chester road. The American Field Service, through whom Mirza's stay was arranged, will see that he has a fairly extensive trip around the United States at the end of the school year.

Harry Bewley, regent, Delaware County Chapter. It is the 172nd anniversary of the adoption of the Constitution.

In her promotion of Constitution Week throughout the western area of Delaware County, Mrs. Bewley is calling attention to the visit of Khruschev during that week as an interesting coincidence which makes the anniversary of more than usual significance and importance.

### Freshmen Enter College Wednesday

When Swarthmore College opens its doors September 16 to its 92nd freshman class, there will be a new women's dormitory ready for occupancy. Willets Dormitory, a contemporary style building of native stone, will house 180 women.

It consists of two three-story wings which will be used as living areas, and a one-story wing which contains lounges and card rooms and a kitchen. Construction, which began in April, 1958, was by the Turner Construction Company. Architects for the project were Martin, Stewart and Noble.

The bulk of the funds for the new dormitory was bequeathed to the College by the late Phoebe Underhill Seaman of the Class of 1919, a member of the Board of Managers for 27 years.

Another new building on the campus, the Pierre S. duPont Science Building, is under construction. Scheduled for complete occupancy sometime during the academic year 1959-60, the building will accommodate the departments of chemistry, physics, and mathematics, a library for these three sciences and engineering, and a 200-seat lecture hall. It is made possible by a \$1.8 million grant from the Longwood Foundation, endowed by the late Pierre S. duPont.

The enrollment figure for the College will remain a few over 900 students, as it has in the past several years. The freshman class has 281 students, of whom 135 are women and 146 are men. The new students represent 34 states, the District of Columbia and five foreign countries—Japan, Germany, Iceland, Iran and Morocco. Twenty of the freshmen hold National Merit or General Motors Scholarships, while 62 percent of the class is receiving some kind of scholarship aid. Classes and seminars begin September 21.

### Junior Woman's Club Opens 42nd Year Tuesday

Dr. Sharp Will Consider Early Symptoms of Delinquency

The 1959-60 program season of the Junior Woman's Club of Swarthmore will officially commence on Tuesday, September 15 at 8 p.m. Guest speaker for the evening is to be Dr. E. Preston Sharp, executive director of the Youth Study Center of Philadelphia. His topic is "The Early Danger Signals of Juvenile Delinquency."

Prior to his present appointment, Dr. Sharp was chief of the Division of Training Schools in the Maryland Department of Public Welfare. At the present time, he is also president of the American Correctional Association, Philadelphia Council, and a member of the Delinquency Committee of the National Probation and Parole Association.

Mrs. Edward Mahler of Academy road entertained the Junior Club board at its first meeting of the new season on Tuesday. The program for the coming year was reviewed and approved. It has been decided that instead of having two speakers a month as has been the custom, the format this year will provide for one speaker a month with the other Tuesday left open for special activities. That is, the members will be encouraged to meet at the clubhouse and pursue a project of their own interest—sewing, bridge, artwork—while enjoying the companionship of fellow club members.

In October, Miss Doris Tarquini, home fashions coordinator for Wannamakers in Wyncote, will instruct the Juniors on "Decorating With More Taste and Less Money." Later in the month Admiral J. Lockwood Pratt, father of member Mrs. James Lukens, will recount his experiences while on location in Spain during the filming of "John Paul Jones."

In November the holiday season will be initiated by the annual dinner-dance, with music by The Havardians. More festivities include a Christmas workshop and the covered dish supper and stocking-filling in December.

A highlight of the new year will be a lecture on "The Use of Hypnotism" (Continued on Page 5)

Jon Seybold, son of Mr. and Mrs. John Seybold of Amherst avenue, who will be in Holland until January on the American Field Service School Program, writes that he is having a very busy time. Early in August he spent a week with relatives of his Dutch 'family' in Friesland. He says: "In Dalen I was quite busy. I climbed through a windmill and was given a tour of the local school, two local farms, and other points of interest. The country in northeast Holland is somewhat different from the generally similar (flat and rich) land that I have seen over the rest of the country. There are many more trees — more than are needed as wind breaks and field borders. Within the past 20 or 25 years the Dutch have conducted a program of land improvement so that now, I am told, the land is noticeably better than that just across the German border.

"There is an oil field near the border. One can see the pumps scattered through the farm land. Here they do not leave the drilling rig standing; it is too expensive. The farmer is paid generously for his land but the royalties on any oil below five meters beneath the surface of the ground belongs to the government.

"The town government does much more than it does in the states, but so does the central government. There is a council, elected by the citizens, and a mayor appointed by the Queen. The mayor and two citizens chosen by the council form the major part of the government — the council itself serves mainly to approve their decisions. The local government is supported financially by the federal government. The schools are under the direct control of the national; the electricity and water are under the provincial government."

Later in August Jon and one of his Dutch 'brothers' spent a week camping in Belgium. Of this he says: "The camp consists of an open field surrounded by trees on one side and a lake on the fourth. You can pitch your tent in the field and swim in the lake (average depth two feet) for 10 cents a night per person. The conditions are very primitive — I am now writing on a table I made from two sawhorses and some old boards I found lying around. I am with Floris (his Dutch brother) and two other boys — the others are now in the tent playing guitars and singing. I am surrounded by a motley collection of youngsters — speaking Dutch, Flemish (corrupted Dutch) and French. I can half understand the Dutch ones but the others might as well be speaking Greek.

"Last night we went to a very poor French movie with Dutch subtitles. The plot was simple, so I was able to follow it. After the movie we went to the tavern that stands near the camp ground. It was jammed with gay people drinking beer. We danced, (with girls from Voorburg who were also there — teenagers' camp only with other teenagers — not with their families), we talked and we soaked up the contagious atmosphere. I may be dirty and tired when I leave here, but I will have had fun."

Later, Jon wrote — "After my week in Belgium I went to Doorn, near Utrecht, for six days with the American summer students in The Netherlands. We stayed at a 'conference center' — a big old house set up in the woods that lie east of Utrecht. There were two large, but crowded, dorms on the third floor, a large living room on the second, and a dining room in the basement. The rest of the house was used as living quarters for the two families that ran the place. There were 56 students and 10 staff members.

"One day we went to the summer palace where we met the Prince. He stood and shook our 66 hands and then took us out to the garden where we stood around drinking sodas and he made relaxed small talk with the whole group, which is no mean feat. He wore a nicely tailored silk suit, and of course sunglasses. He was very friendly and interested. The next day a picture

**Comm. Nursing Service To Mark 50th Birthday**  
Local Red Feather Agency Staff and Board at Sept. 22 Fete

Changes in public health nursing during the past 50 years will be emphasized when the Community Nursing Service of Delaware County observes its Golden Anniversary next Tuesday, September 22.

A buffet supper and program will be held at the Old Mill in Rose Valley for members of the Board, staff and invited guests, starting at 6:30 p.m. Featured on the program will be a review by Mrs. Peter Told of Park Avenue, highlighting the agency's growth and important events in its history. Three nurses, dressed in typical costumes of the years, 1909, 1919, and 1959, will be an attraction.

Harry Hughes, of Upper Darby, president, will officiate at the program, and Mrs. Carl H. Schmitt, of Springfield, public relations chairman, is in charge of arrangements.

Reviewing the past half century of the agency's services for this event, Mrs. Elizabeth A. Groff, Executive Director, points out that nursing care of the sick, while an important service of the agency today, is not its sole function as it was 50 years ago when the agency came into being.

"We have learned through the years," she said, "that caring for the sick as such, is costly. Therefore, more emphasis is being given to prevention—to help people stay well."

She cited the agency's child health centers as focal points of medical services and regular immunizations of young residents against polio, smallpox, diphtheria, tetanus, whooping cough, etc.

"It is our aim," she said, "to try to instill good health habits and the value of regular medical supervision among our residents, and to bring to them new medical knowledge and concepts to help maintain health and prolong life."

Back in 1909, from resources known as the Visiting Nurse Fund, the Darby Woman's Christian Temperance Union employed the first visiting nurse in Delaware County. An annual report at the close of that year stated that 105 visits were made by the nurse, all of which involved instruction in nursing care.

In comparison, last year the Community Nursing Service made a total of 31,695 home visits which included 17,670 visits for nursing care. Over 4000 local residents were visited by community nurses in their homes, and another 6000 or more persons were served in child health centers, schools, or industries.

That first year's budget was \$735.77, as compared to the \$164,000 one for the fiscal year just started.

**Book Fair Committee Labors for Ele. School**

Mrs. John deMoll Chairman Lively Parent Council Committee

The home of Mrs. John deMoll at 308 Harvard Avenue, was the focus of excitement Tuesday morning as members of the Book Fair Committee met to coordinate plans for the forthcoming Book Fair. The Fifth Annual Fair will be held October 21, 22 and 23 in the new All-Purpose Room at the Rutgers Avenue School.

This large and cheerful room will provide additional opportunities for displays of exciting new children's books as well as the old favorites. Mrs. Francis Pennell of "Bookways", and Bettina Hunter, librarian, working with Mrs. James Nelson, co-chairman, are giving time and effort in order that this year's selection include the best in reading for children in all age groups.

"Cash and carry" books, inexpensive books which may be bought, paid for, and taken home, were a great success last year. This year there will be a larger selection in this field. Mrs. Francis Bouda's committee is already at work as advertised in this issue.

The Book Fair is the only fund raising activity of the Parents Council. Profits from the sale are used to purchase equipment for the elementary school. Some of the things purchased with funds from previous book sales include new playground equipment, record players, a film strip projector, folding chairs, and music stands. It is an opportunity for every parent of a school age child to benefit him both at home and at school. This can be easily, conveniently and wisely done by taking advantage of book lists, teacher's help and the work of many mothers at the Book Fair.

Chairman of the Book Fair Committee include: Mrs. John deMoll and Mrs. James Nelson, co-chairmen; Mrs. Edmund Jones, treasurer; Mrs. Daniel Goldwater and Mrs. Colin Bell, book orders; Mrs. Henry McCorkle, preface; Mrs. Wm. C. Campbell and Mrs. Charles Gerner, fair days; Mrs. Marshall Schmidt, encyclopedia; Mrs. David Laird, cash and carry; Mrs. Joan McInroy, post fair; Mrs. Francis Bouda, magazines; Mrs. John Eschenschlager, Christmas cards; and Mrs. Frank Walter and Mrs. E. R. Schmidt, publicity.

**Mrs. David Braun Died Early Thursday A.M.**

Yale Avenue Resident Was Presbyterian Christian Education Sec'y

Mrs. David Braun died at 5:30 a.m. Thursday in the Misericordia Hospital, Philadelphia, where she was taken on Saturday, September 5 following an intensive heart attack. She had seemed to be recovering steadily and had been in good spirits. Her death came suddenly.

The widow of the Rev. David Braun, pastor of the Swarthmore Presbyterian Church from March 23, 1937 to the time of his death on December 11, 1947, Mrs. Braun had set this community a pattern for gallantry, steady courage, and cheerfulness. She moved her family from the Maize on Westdale Avenue to her late home on Yale Avenue. She was employed in the Swarthmore College Library for a period and then at the Presbyterian Church Witherspoon Building, Philadelphia. There she first worked in the Book Store in the distribution department before assuming the responsible position, which she held at her death, of Secretary in Charge of Field Operation for the Presbyterian Board of Christian Education.

The daughter of Mr. and Mrs. James Barker of New Haven, Conn., she was a graduate of the New Haven Teachers College and married Mr. Braun on June 28, 1930. Their first home was on the campus of Lehigh University where Mr. Braun was director of religious activities. Later they lived in Syracuse, N.Y., where he was pastor to Presbyterian students at Syracuse University and director of religious education in Park Central Church. During Mr. Braun's pastorate here, Mrs. Braun was the devoted superintendent of the Church School Primary Department for several years.

They enjoyed their two children, Peter David, a graduate of Swarthmore High School, now in his third and final year in Yale Divinity School and Susan Barker, about to enter her senior year at Bucknell University. Peter delivered the sermon at the Swarthmore Church on Sunday, July 26, and at the reception following the service the congregation had opportunity to express its confidence in him and its affection for Mrs. Braun and Susan as well.

In addition to her children, Mrs. Braun is survived by a brother, Mr. James Barker of New Haven, Conn.

The family requests that no flowers be sent. The hour for the Memorial Service was not set at the time of going to press but a telephone call to Kingswood 3-1833 can ascertain it.

Frank Morey Announces Plan to Retire Next July

Speed and sloth were demonstrated at the September meeting of the Swarthmore-Rutledge School Board Wednesday night in the high school cafeteria. Speed, in forbidding the reading of the Bible in the schools, immediately following that night's newspaper report of a special three-man Federal Court's decree that the Pennsylvania law requiring daily Bible reading in public schools was unconstitutional.

Sloth, in a report that Elementary Principal Thomas Boyle had appointed a committee of parents to study recent requests of teachers for written reports. Mrs. Marian Campbell, chairman of the Board's instruction committee, said the teachers expected to make a recommendation by the end of the school year, and that meanwhile the usual sheet which is supposed to be tendered to parents by teachers at conferences will be available to parents who wish to jot down what they are told at the parent-teacher conferences which have been the only method of reporting pupil progress in the elementary schools since written reports were outlawed here 20 years ago.

Board Solicitor David Speers said the Bible reading regulation was not to be construed to mean that the Bible can't be mentioned. He added he desired further time to study the decree and a forthcoming appeal before advising procedure for Christmas and Easter.

Board members seemed surprised that their directive to have the administration arrange some kind of (Continued on Page 12)

**School Faculty Pleas**  
 The members of the Swarthmore-Rutledge faculty and the school board with wives, husbands and children, enjoyed the annual fall picnic last evening on the Rutgers Avenue School grounds. This occasion is a "get acquainted" one, as it is the only school social event of the year in which all members of the families are included.

**Schoendienst Aids Christmas Seal Drive**  
 Red Schoendienst, Milwaukee Braves star, has been named national honorary chairman of this year's Christmas Seal Campaign, the Delaware County Tuberculosis and Health Association has announced. The popular baseball player, who is completing his recovery from tuberculosis, becomes the first person to hold such a post in the 63-year-old history of the campaign.  
 Walter Palmer, Media, chairman of the County Seal campaign, was notified that Schoendienst has volunteered as much of his time to the new duties as his physicians will permit. Schoendienst, who was stricken with TB about a year ago, now is traveling with the Braves.  
 Palmer said Schoendienst's acceptance of the chairmanship is a "dramatic illustration of how TB can strike unaware and how a victim can be speeded on the road to recovery to lead an active and vital life."  
 "Red Schoendienst is not the first great baseball player to be stricken with TB," Palmer said. "Other baseball stars who were afflicted were Christy Mathewson, Paul Waner, Rube Waddell, Larry Doyle and Hugh Jennings."  
 "It's interesting to note that Red's first indication of TB came from x-rays taken October 25, 1958. Further tests definitely established TB."  
 Palmer said Schoendienst's case pointed up the importance of chest x-rays which can afford the first clue to the presence of TB.  
 "Your Delaware County Tuberculosis Association sponsors monthly x-ray tours of the mobile cruiser throughout the county," he said. "These x-rays are free and are supported by funds citizens contribute by purchasing Christmas Seals during the annual campaign."  
 "The importance of the continuing battle against TB cannot be over-emphasized," he continued. "That's why we are hoping for a successful Christmas Seal campaign this fall."

**Forum to Hear Editor Friend's Journal Sunday**  
 William Hubben, editor of the Friends' Journal, will speak Sunday morning at the Adult Forum of the Swarthmore Friends Meeting on the topic "Why I Am a Quaker."  
 Former Director of Religious Interests at George School, William Hubben is the author of "Four Prophets of Our Destiny" and "Exiled Pilgrim." In the latter, his autobiography, he tells of his boyhood in Krefeld, Germany in the Rhineland near the Dutch border, of Nazi power and the clashes between the Nazis and their enemies. When Hitler came into power Hubben was a school principal in Germany and so heartily out of sympathy with the Nazi dictatorship that he was under suspicion of the Gestapo. Warned by his friends Hubben, his wife, and two sons succeeded in escaping and coming to America.  
 Hubben's first knowledge of Quakers was through the Child Feeding Mission of the American Friends Service Committee in Germany where, at the peak of the relief work, 1,100,000 children were under the daily care of Friends. Through this service to the children of his country, he became interested in the Religious Society of Friends which he later joined.  
 This is the first in the fall series of Adult Forums which are held in the Friends' Meeting House at 9:45 each Sunday morning. All those who are interested are cordially invited to attend.

**Police and Fire News**  
 Stephen Walter, six-year-old son of Mr. and Mrs. Frank S. Walter of Bryn Mawr avenue, suffered abrasions of the head, back, legs and arms when, according to police, he darted out from between two parked cars into the side of an automobile driven by Robert Beckman of 509 Strath Haven avenue at 5:14 p.m., Monday. Witnesses said they saw the boy attempting to cross from the north to the south side of Strath Haven avenue, near the Bryn Mawr avenue intersection, and called to him. He stopped until one car went by but apparently did not realize another car, Beckman's was also coming west along Strath Haven. Treated by Dr. William Riel at the scene of the accident, Stephen, who is a first grade student here, was later taken to Methodist Hospital, Philadelphia where he was held for x-rays and observation.  
 At 10:40 a.m. last Saturday Ann Kely, 16, of Kenyon avenue, suffered abrasions of the left leg in a similar accident at Harvard and Rutgers avenues. Ann walked in front of a department store delivery truck operated by Carmen Ancone of Holmes which was traveling south on Rutgers and making a left turn into Harvard. Patrolman Stanley Shepanaki took the victim to Dr. Riel's office for treatment.  
 Mrs. Oliver Melville of 10 Park avenue received a cut left temple at 9:30 p.m. Wednesday, September 2, on the train in which she was riding home from Philadelphia. Police said a window was shattered, apparently by a rock thrown as the train crossed Princeton avenue. The injury was treated by Dr. R. H. Diamond of Cornell avenue who was waiting at the station for his wife to alight from the train.

**SAC SOCCER TEAM TIES KENNETH SQUARE**  
 The Swarthmore Athletic Club Soccer Team will play six consecutive contests on the Swarthmore College junior varsity soccer field beginning on Sunday, September 20, when they meet the DuPont Soccer Club of Wilmington, Del. The local team tied for first place in the league in 1958 and currently has a record of one tie in Delaware Valley Soccer League competition. The league has added three new teams this season. They are Briggs of West Chester; the Delaware Saengerbund Kickers, of Wilmington; and the Oxford Soccer Club, of Oxford. DuPont, Swarthmore, and Kennett Square represent the original remaining members of the league.  
 The Swarthmore team will play each of these teams at home in the next six weeks, and in addition to the league games, on October 18 Swarthmore will be host to all of the teams in the league at a round-robin seven-a-side competition, which was won by Swarthmore last year.  
 In Sunday's tie with Kennett Square several former Swarthmoreans were outstanding. Bill Bruce, formerly of Magill road, scored two goals, and Dave Fricke, formerly of Elm avenue, scored one goal. Jay Phillippe, a former Swarthmore High School student, did an excellent job in the goal in his first appearance with the local team.  
 Former Swarthmore College greats and first team all-American players George Place and Chris Pedersen played outstanding soccer. Chris is the son-in-law of Mrs. William Thatcher of College avenue, and George is the assistant Sunday school superintendent of the Trinity Church. Other members of the team known to local residents are manager Phil Swayne, former sixth grade teacher in Swarthmore; Justus Rosenbergs, former team captain and foreign language professor at Swarthmore College; and Henry B. Coles, nephew of Henry B. Coles, Jr., of Walnut lane.  
 Mr. and Mrs. Anthony Fairbanks of Park avenue have returned with their children, Antonica, Lillian and Michael after spending the summer at their home in Ocean City, N.J.

### Jim McCorkel Helps Build Tunisian School

Jim McCorkel, a 20-year-old history major from the College of Wooster, Ohio, and a resident of Swarthmore, is one of over 100 students from 49 countries rebuilding a school house in the small Tunisian town of Sakier-sidi-Youssef, just a few yards away from the Algerian border. The school house was totally damaged in a French air bombardment in February 1958 which killed 55 villagers and 11 school children. To express the international student community's condemnation of French colonialism in North Africa, 66 national unions of students participating in the 8th International Student Conference (ISC) in Lima, Peru, this February unanimously decided that an international student work camp should be held to reconstruct the school.

This project, jointly organized by the Coordinating Secretariat for national unions of students participating in the ISC and the Union Generale des Etudiants de Tunisie (UGET) has the full support and aid of the Tunisian government. Construction on the new five-room school has been progressing at a rapid pace. In the fifth week of the camp, the concrete roof is almost completed. The school is expected to be ready for use towards the middle of September.

McCorkel was recommended as a participant in the camp by the United States National Student Association (USNA). At the camp, he assisted in masonry and construction of iron reinforcements used in the building. He also served some time on kitchen duty. In an interview McCorkel stated: "The camp has been personally valuable as a means of getting to know Tunisia a little bit and as a means of getting to meet interesting student leaders from around the world." Although the day to day visual accomplishments are small, "it has been valuable as a symbol, our symbolic presence here gives meaningful significance to the school which is being rebuilt." The overall experience certainly has been worthwhile and will be a memorable one.

Commenting on Tunisia which he, along with fellow participants have had opportunities to tour, he said: "Tunisia is an amazingly beautiful country. The landscapes are wonderful especially the sea-sides and beaches. The hospitable people are truly trying to better the condition of the land and nation. For a two-year-old nation, the government is amazingly modern, a feather in the hat of President Habib Bourguiba."

### Mmes. Forsythe, Clarke Aid Cystic Fibrosis Drive

(Continued from Page 1)  
desperately needed research into the cause and cure of cystic fibrosis.

Second only to cancer in fatality among chronic children's diseases, cystic fibrosis attacks the lungs, pancreas and other organs. It was diagnosed as a separate disease only a few years ago. Till then it was masked as pneumonia, bronchitis, tuberculosis, and other respiratory diseases.

Cystic fibrosis attacks one out of every 600 children born in this country. It afflicts 7,000 victims every year. It is not a contagious disease, but it is incurable.

Among Swarthmore volunteers who will assist in the all-out campaign to strike a death blow at cystic fibrosis are the following: Mrs. R. H. Heinze, wife of the Reverend Robert Heinze, 566 Marjatta avenue; Mrs. R. Echenroth, Haverford place, an officer in the Swarthmore Mothers' Club; Mrs. J. W. O'Brien, Dartmouth circle, head of the Whittier House Nursery School.

Every penny of the funds contributed by families during this campaign will be spent for education and research into the cause of cystic fibrosis.

Cystic fibrosis strikes at birth or shortly thereafter. The average life span of victims is seven years. Some may live beyond 11 years, very few enter their teens. Early diagnosis, plus treatment with antibiotics and other drugs may prolong life temporarily. However, such treatment places a heavy financial burden on the families of sufferers.

Volunteer crusaders will leave a leaflet at the houses of families they solicit for funds. This publication will tell parents how they may detect the symptoms of CF in their children. Doctors urge that all children with persistent wheezing coughs and chronic digestive or intestinal trouble be examined immediately.

### George Willetts Wins Morris Lee Tennis Cup

Mrs. Shane Women's Singles Champion in Tennis Club Finals

New champions were crowned in all four of the Swarthmore Tennis Club tournaments last weekend. In the 18th annual men's singles championships, George Willetts won the Morris Lee Cup when he upset the defending champion, Pat Welsh, in a thrilling semifinal match, 6-3, 3-6 and 6-4.

Willetts then went on to capture the finals from Bill Trumpler by 8-6, 3-6, 6-2, 6-1. Trumpler had previously stopped Larry Shane's bid for the second club championship by 6-3, 5-7, 6-4. The triumph climaxed several years of frustrated efforts for Willetts who was a finalist for the first annual tournament in 1947 and twice since, and has been a leading contender each year. This was Trumpler's third appearance in the finals; he was the champion in 1955.

Marty Shane became the new women's singles champion by outlasting Phebe Welsh 6-3, 12-10, in the finals. She succeeds Sibby Toland who did not defend her crown this year. Mrs. Shane also shared in the doubles title when she teamed with Judy Coslett to defeat Ann Cryer and Doty Voegtlin by 6-3, 6-3 in the final round. The mixed doubles also changed hands when Larry and Marty Shane upset the defending champs, Pat and Phebe Welsh in a closely-fought final, 6-4, 6-4.

The score summary: Men's singles — Trumpler defeated San Pilling, 6-0, 6-3; third round: Trumpler defeated Larry Egbert 6-0, 6-1; Welsh defeated Tom Kelly 6-4, 5-7, 7-5. Other scores as given above and last week.

Womens singles — 3rd round: Phebe Welsh defeated Cudy Coslett, 6-3, 7-5; Marty Shane defeated Doty Voegtlin, 6-3, 6-1, 6-3.

Women's doubles — Judy Coslett and Marty Shane defeated Phebe Heppburn and Debby Lukens by de-

fault; Joanne Brown and Virginia Coslett defeated Sally McCawley (Sr.) and Eleanor Lindsay, 6-3, 6-2. Semi-finals: Coslett-Shane defeated Phebe Welsh and Sally McCawley (Sr.) 6-2, 6-0; Ann Cryer and Doty Voegtlin defeated Brown-Coslett, 6-1, 6-3.

Mixed doubles — First round: The Welshes defeated Bill McCawley and Mrs. Prentice, 6-2, 7-5; Ray and Doty Voegtlin defeated Virginia and Harry Coslett, 7-5, 4-6, 6-4; Sally McCawley (Sr.) and Charlie Heisler defeated Ann and Charlie Cryer, default; Shanes defeated Phebe and Horace Heppburn, 6-0, 6-0; semi-finals: Welshes defeated Voegtlines, 6-0, 7-9, 6-4; Shanes defeated Heisler-McCawley, 6-1, 6-2.

For further information regarding these or any other questions you may have, contact the Social Security Office, 302 Fidelity-Chester Building, Chester, Pa.—telephone TRemont 4-5264.

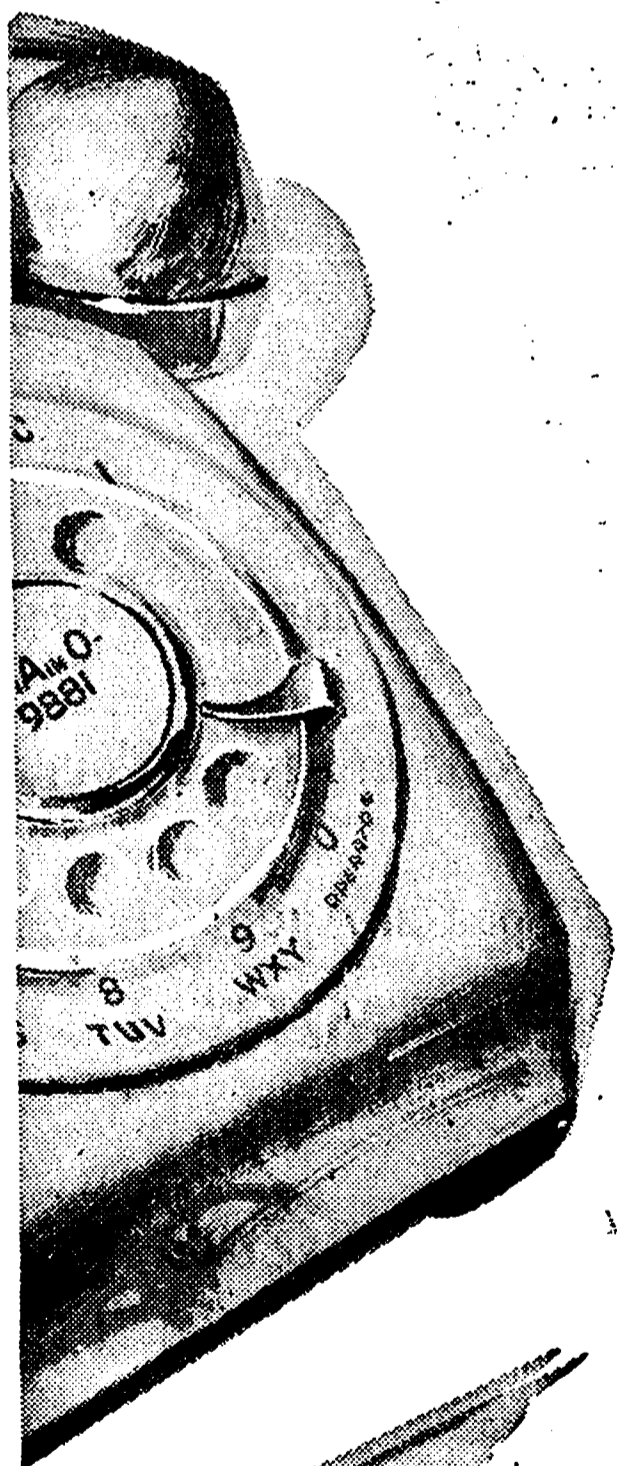

Q. I paid a social security tax on earnings of \$4200 during the past three years and on \$4800 in 1959 before my retirement June 30. How much will my monthly benefit be?

A. Because you earned more than \$4800 in 1959 we can use this year's earnings in computing your monthly benefit. The amount will be \$119.

Q. I pay a woman \$5 a day to do cleaning and other housework for me one or two days a week. For some reason, she doesn't want me to report her for social security purposes. Am I required to make these reports?

A. Definitely—yes! This is compulsory, not a matter of choice. Domestic employees, including maids, cooks, chauffeurs, etc.,

The eloquence of a single indisputable fact

During the last 20 years, when the cost of many of the things you buy has risen more than 100%, telephone rates have increased only 31%—a remarkable fact when you consider the many technical improvements and the tremendous increase in the number of telephones you can call. That's why you continue to find your telephone service one of the very few real bargains in the family or business budget.

The Bell Telephone Company of Pennsylvania

of his wife's parents, grandpa-uncles, aunts or uncles continue to receive their social security benefit until age 18.

Q. My husband is getting social security checks. I have just reached age 62. Should I file my claim now, or wait until I am 65?

A. This is a decision you must make for yourself. If you are under 65, you must file for benefits now. If you are 65 or over, you can wait until you are 65 or over to file for benefits.

security office in Chester will be glad to discuss the matter with you. In general, a wife or woman worker who files a claim before age 65 will have her benefit reduced, but she will still be ahead for 12 to 15 years. Free booklet No. 30 contains examples showing amounts payable at 62, 63, 64 and 65.

Mr. and Mrs. Carroll P. Stover of Columbia avenue have had as their guests for a week their daughter, Mrs. Raymond Vincunas of Chicago, Ill., and her three children. They returned home Monday. Money to Burn?  
An interesting communication from Sweeney and Clyde stated that credits totaling \$520.76 had been delivered to the School office, representing return premiums due on account of reduction in rate on fire insurance covering all buildings and contents; and that the renewal policy as of September 20, 1959, will also show this rate reduction as well as all succeeding policies when they come up for renewal. In other words, the high school (greatest fire hazard of the District) having burned down, it will no longer cost as much to insure it—although it will be a while before the rate reduction pays for the cost difference of the nice fireproof replacement.

**List Group Guidance Program at SHS**  
Senior-Junior Class Meetings Provide Necessary Information

Meetings of the junior and senior classes at Swarthmore High School are geared to help students plan for their school, and other future, success.

On Thursday, September 24, the seniors met for several purposes. They received their ratings on the National Merit Scholarship Qualifying Test which was administered in April of their junior year. Their academic development was tested in the areas of Word Usage, Mathematics Usage, Social Studies Reading, Natural Science Reading, and English Usage. Under the direction of Mrs. William T. Clark, the Guidance Consultant, each student made a graph showing his achievement in each area. This knowledge enables him to plan for college or career and to decide which skills he needs to concentrate upon this year.

Information for seniors was presented. It is expected that the students will keep this mimeographed booklet for reference and to show to their parents. It includes important items about references, resources, College Board Examinations, Scholarships, Early Admissions Plans, applications for colleges and employment, and senior interviews with Mrs. Clark and Ernest C. Falcone, who is the boys' senior counselor.

The other phases of the meeting were planned at a meeting of the executive committee and Dr. James Irwin, the class sponsor. As a result, the budget, class dues, and the sale of refreshments at home football games were included on the agenda.

The junior class will meet on Monday, September 28 in the high school auditorium. During the Orientation Days, on September 10 and 11, the students took the Kuder Interest Inventory and made two profiles of their scores. One will be kept in each guidance folder and one is for the student's own use and for him to show his parents. The significance of the profiles will be explained to direct the thinking and efforts, of the boys and girls, to the exploration of new ideas and to the consolidation of the abilities which are already developed. They will find out how to relate their interest patterns to their plans.

This year, for the first time, juniors will take College Board Examinations in October. The test will be known as the Preliminary Scholastic Aptitude Test. The procedure for registering for this test will be discussed and each student will receive a typed copy of instructions.

Halford Wertz, the 11th grade sponsor, and the class officers, have planned for special announcements about the Fall Dance, which is a joint activity of grades 10 and 11, and about class dues and the treasurer's report.

Such meetings as these are held from time to time for all grades as part of the Guidance Department program at the High School. At times group guidance is also offered in subject matter courses and in honor rooms.

The Lees visited for several days in Stude, Germany, where they saw many of their German friends; the Zimmermanns, Professor Von Brandis and Mrs. Brandis and Ursula Quell, who had visited in this country for a year with Mr. and Mrs. G. ### Francis Plowman Leads UF Pre-Campaign Rally

Some 300 volunteers this week pledged an all-out campaign for the 1960 United Fund Torch Drive in Delaware County at a giant pre-campaign rally in the Springfield Township Building.

Francis W. Plowman, resident of Swarthmore avenue and chairman of the Delaware County drive, who presided at the meeting, outlined the objectives of the forthcoming drive which opens October 1 as "raising enough money to provide the needed services, acquainting all citizens with the United Fund story and completing the job of solicitation with efficiency and dispatch."

"It is a popular myth which I have heard frequently," he said, "that the money raised in Delaware County is used to support agencies in Philadelphia."

"Last year," he continued, "the United Fund of the Philadelphia Area allocated over \$1,000,000 for the support of 18 agencies located in and serving Delaware County. Based on past giving performance, we cannot begin to match that amount, let alone contribute to the support of 200 other agencies whose services are also available to local residents."

Morris L. Hicks, College avenue resident, chairman of the board of directors of the United Fund in Delaware County described some of the mechanics of solicitation based on his experience as chairman for the drive in Delaware County four years ago.

Churches and synagogues throughout Delaware County will emphasize support of the United Fund Torch Drive in services this weekend (September 26 and 27) according to an announcement this week from Rev. William C. Faust, chairman of the United Fund's Religious Emphasis Committee.

### ALL SWIM STUDENTS WELCOME

Although it began its 14-week developmental program last Tuesday the local 1959-60 winter swimming program has openings for several more girls. All ages are welcome. In addition to children who swim fairly well and are concentrating on stroke improvement, the enrollment at present includes one beginner and one adult. Penny Payson Simkin, former captain of the Swarthmore College girls swim team, is coaching the group.

Car pools have been formed to transport the aqua-girls to and from the YWCA pool in Chester, where the 6 to 7 p.m. instruction will take place each Tuesday until Christmas. At the close of this phase of the program there is the possibility of occasional informal competitive practice meets with other swim groups nearby for those who desire it. The program is replacing this year the one sponsored the past few winters by Swarthmore High School physical education director, Millara Robinson, who is spending a sabbatical in Europe.

All interested, including any who signed up for the program before the Swarthmore Pool closed but might not have been contacted, should telephone Mrs. Richard Enion (Kingswood 3-3374), or Mrs. Henry A. Peisoi (Kingswood 3-1808).

### English Sequence Meets

### Howard Kulp Confined to U. of Penna. Hospital

Howard Kulp of Marietta avenue is confined to the University of Pennsylvania Hospital, Philadelphia, with Guillain-Barre, a non-contagious disease of the nervous system believed to be caused by a virus and sometimes confused with polio.

Mr. Kulp, who with his sons Jeffrey 8 and Harold 11 had been home from a western vacation only a week, was stricken last Sunday. He was admitted to Crozer Hospital, Chester, the next morning and later in the day removed to Philadelphia where the necessary highly specialized treatment he will have to undergo for a considerable time is possible.

Mr. Kulp's mother, Mrs. John Kulp of Linwood, is staying in his home with his family during the emergency.

Col. and Mrs. W. H. Webb of South Chester road had had as their house guest for several days Mrs. J. Y. Melick, an old friend from Toledo, O., who was joined on this weekend by her husband. They are on their way on a trip up into New England and Canada.

### NEWS NOTES

Ensign Richard K. Alexander and Mrs. Alexander of New London, Conn., were weekend guests of Mr. Alexander's parents, Mr. and Mrs. Andrew Alexander of North Swarthmore avenue. Mrs. Alexander is visiting her parents Mr. and Mrs. Ray L. Harlow, of Lafayette avenue this week before returning to New London.

Mr. and Mrs. Charles Lyon Chandler have returned to Swarthmore and are living at Dartmouth House after selling their home on Providence road, Wallingford, where they lived for 11 years.

Shirley Woske, daughter of Dr. and Mrs. Harry M. Woske, of Dickinson avenue, celebrated her ninth birthday on September 9 by entertaining a group of friends at a movie party followed by refreshments at her home.

Peggy Russell, with her parents, Mr. and Mrs. Henry S. Russell of Haverford place, drove to Penn State, University Park, last Sunday, where Peggy will begin her freshman year.

### FIRST GRADE PARENTS

Mrs. Mildred Brain's first grade class had a get-together parents' meeting at her home on Rabbit Run, Wallingford, Monday evening.

### Trinity Churchwomen to Hear Mrs. McCorkle

The Women of Trinity Church, at their first meeting of the season to be held Thursday, October 1, at 10:30 a.m., are looking forward to hearing Mrs. Henry McCorkle describe and show color movies of some of the highlights of her "South American Adventure."

Combining business with pleasure on an editorial assignment for "Presbyterian Life," Mr. McCorkle was accompanied by Mrs. McCorkle and their seven weeks itinerary by air included visits to all but two of the South American countries. They visited churches and missions of various denominations; they saw the interior of the continent; they went to strange and remote places, to old cities, newer cities and to the newest of new cities—Brasilia, the still unfinished new capital of Brazil.

Because of the striking contrasts, Mrs. McCorkle will concentrate travelogue on Bolivia and Brazil. Members of Trinity Church are invited to bring guests.

### PROGRAMS DELIGHT

Mrs. E. S. Heller, soprano, of Dartmouth circle and Mrs. H. R. Tickner, accordionist, of the Presbyterian Church choir, presented a musical program for the guests of the Belvedere Convalescent Home in Chester on Wednesday when Mrs. Draper Turner entertained in their honor. Mrs. Edward Cratsley arranged the flowers for the tea table.

Last week the guests enjoyed a request program on Longfellow by Mrs. Harold R. Griffin. Mrs. W. R. Leeron, Cedar lane, supplied the garden flowers which were arranged by Miss Adeline Strouse's mother. Mrs. Turner was assisted as hostess by Mrs. Oscar M. Hook of Strath Haven avenue and Mrs. Frank G. Keenen of Harvard avenue.

The previous week Mrs. William R. Pegram, Yale avenue, who has arranged all the programs, presented Mrs. William B. Pugh in a reading which honored Mrs. Thelma Cuddy on her birthday. Mrs. H. L. Peel and Mrs. Carroll P. Street, both of Columbia avenue, supplied the flowers for the tea table.

### Go. T. B. Ass'n Expands Program to Meet Need

A dynamic approach to tuberculosis, utilizing new tools at its command, is the expanded program initiated by the Delaware County Tuberculosis & Health Association.

The extensive program was described to Board members at a meeting last week conducted by President Freas B. Snyder where the Semi-Annual report was received from Executive Secretary Robert W. Bernhardt.

The County case register was cited as instrumental in presenting an accurate picture of the TB problem. The register lists and pinpoints all cases of TB throughout the County.

Since TB treatment no longer is entirely centered in hospitals and sanatoria, the case register has more clearly brought into focus TB figures, status of cases as well as geographic location.

In addition to the case register, a proposed study will be employed. Mr. Snyder, in amplifying the study plans, explained that the study theme will be "What information does a TB Society need regarding the TB population in its area to participate at optimum effectiveness in carrying out its function as a voluntary health agency?"

The Board approved the study which will have the State and National TB Associations as consultants. The local TB Association will provide office space for the project.

Another important tool to be used will be the revamped case-finding program of the Pennsylvania Department of Health. Chest x-ray surveys, conducted by the Tuberculosis Association and the Bureau of Tuberculosis Control, will be discontinued in colleges in favor of tuberculin testing.

The x-ray surveys will be aimed at groups prone to a high incidence of tuberculosis. By pinpointing special groups and by better programming of work, the Tuberculosis Association hopes to expand its program to the important area of respiratory disease aside from TB.

In order to fulfill all commitments in the expanded program, Christmas Seal Chairman, Walter Palmer, Media, said the 53rd Annual Christmas Seal Campaign must raise more than the \$110,075.95 contributed in the 1958 Campaign. The new drive opens November 16th.

Mrs. Peter Told, Park avenue, was introduced by Mr. Palmer. Mrs. Told will serve as Chairman of volunteers and booth sales for the Seal Campaign.

Reporting for the Chest Survey Committee, Dr. J. William Wood disclosed that 19,950 persons were x-rayed during the first five months of this year. This included 5,281 x-rayed in three hospital admission screening stations.

Due to Chester's high TB rate—the third highest in the State—special emphasis was placed on the City, Dr. Wood said. In June, during Chester Breakthrough, 1,559 persons were x-rayed in the City. Dr. Wood termed the concentrated Campaign a success.

In a detailed report of the case register, Dr. F. E. Chamberlin stated 494 cases had been listed by September 1. He said 295 patients are receiving clinic care, 82 are veterans and 104 are in state or private institutions.

### MRS. HORACE DAVIS

She is also survived by a daughter, Mrs. Joseph A. Truitt of Wallingford and a brother Dr. George W. Arms of Lansdowne.

Recently a little bunny left his "pad" and wandered down town. "Man," said the rare hare, "What gives?"

Since I last hit this beat, things are different. The 'Drop' is now 'The Spot.' Alice Barber is moving to where the P.M. sun lights the place for free, and Mrs. Hanley has reworked her dress shop to a fine point. 'Pyles' are now on the level (you don't have to get into orbit to reach their new address), and Joyce Lewis (who I understand on the Q.T. is really a man), has moved to a cool spot next to their old site." Then our phony coney friend, while munching a lettuce burger, spied **THE CAMERA & HOBBY SHOP.**

**School Enrollment Up 30 Pupils**

**Elementary Decreases as High School Jumps**

Swarthmore-Rutledge Union School District elementary enrollment shows a drop of six pupils under last year's 799, while the high school enrollment has jumped 36 pupils, from 655 last year to 691 at the opening of the current school year, making an overall increase of 30 or a combined total of 1484. High school pupils include five

which the school has accepted tuition free. Two, Stella Waite of England in eleventh grade and Sulaiman Mirza of East Pakistan in twelfth grade, are official foreign exchange students through the American Friends Service Committee's School Affiliation Program and the American Field Service respectively.

Another, Megumi Kusama of Japan, a twelfth grade student, is a guest in the home of a town resident, while the remaining two, a twelfth and a tenth grade student, are relatives of two resident families who are supporting them in

their homes in the school district this year. In addition Anne Sved of Adelaide, Australia is attending twelfth grade on a tuition basis until December 1. Anne is living with the Earle Edwards family on Rutgers avenue while her father, a member of the University of Adelaide faculty, is traveling in America on a Carnegie Corporation grant. Upon leaving here she will enter the University of Adelaide.

Actually there are two less kindergarten children and eight less elementary children in the Rutledge school which more than offsets the increase of four in the Swarthmore

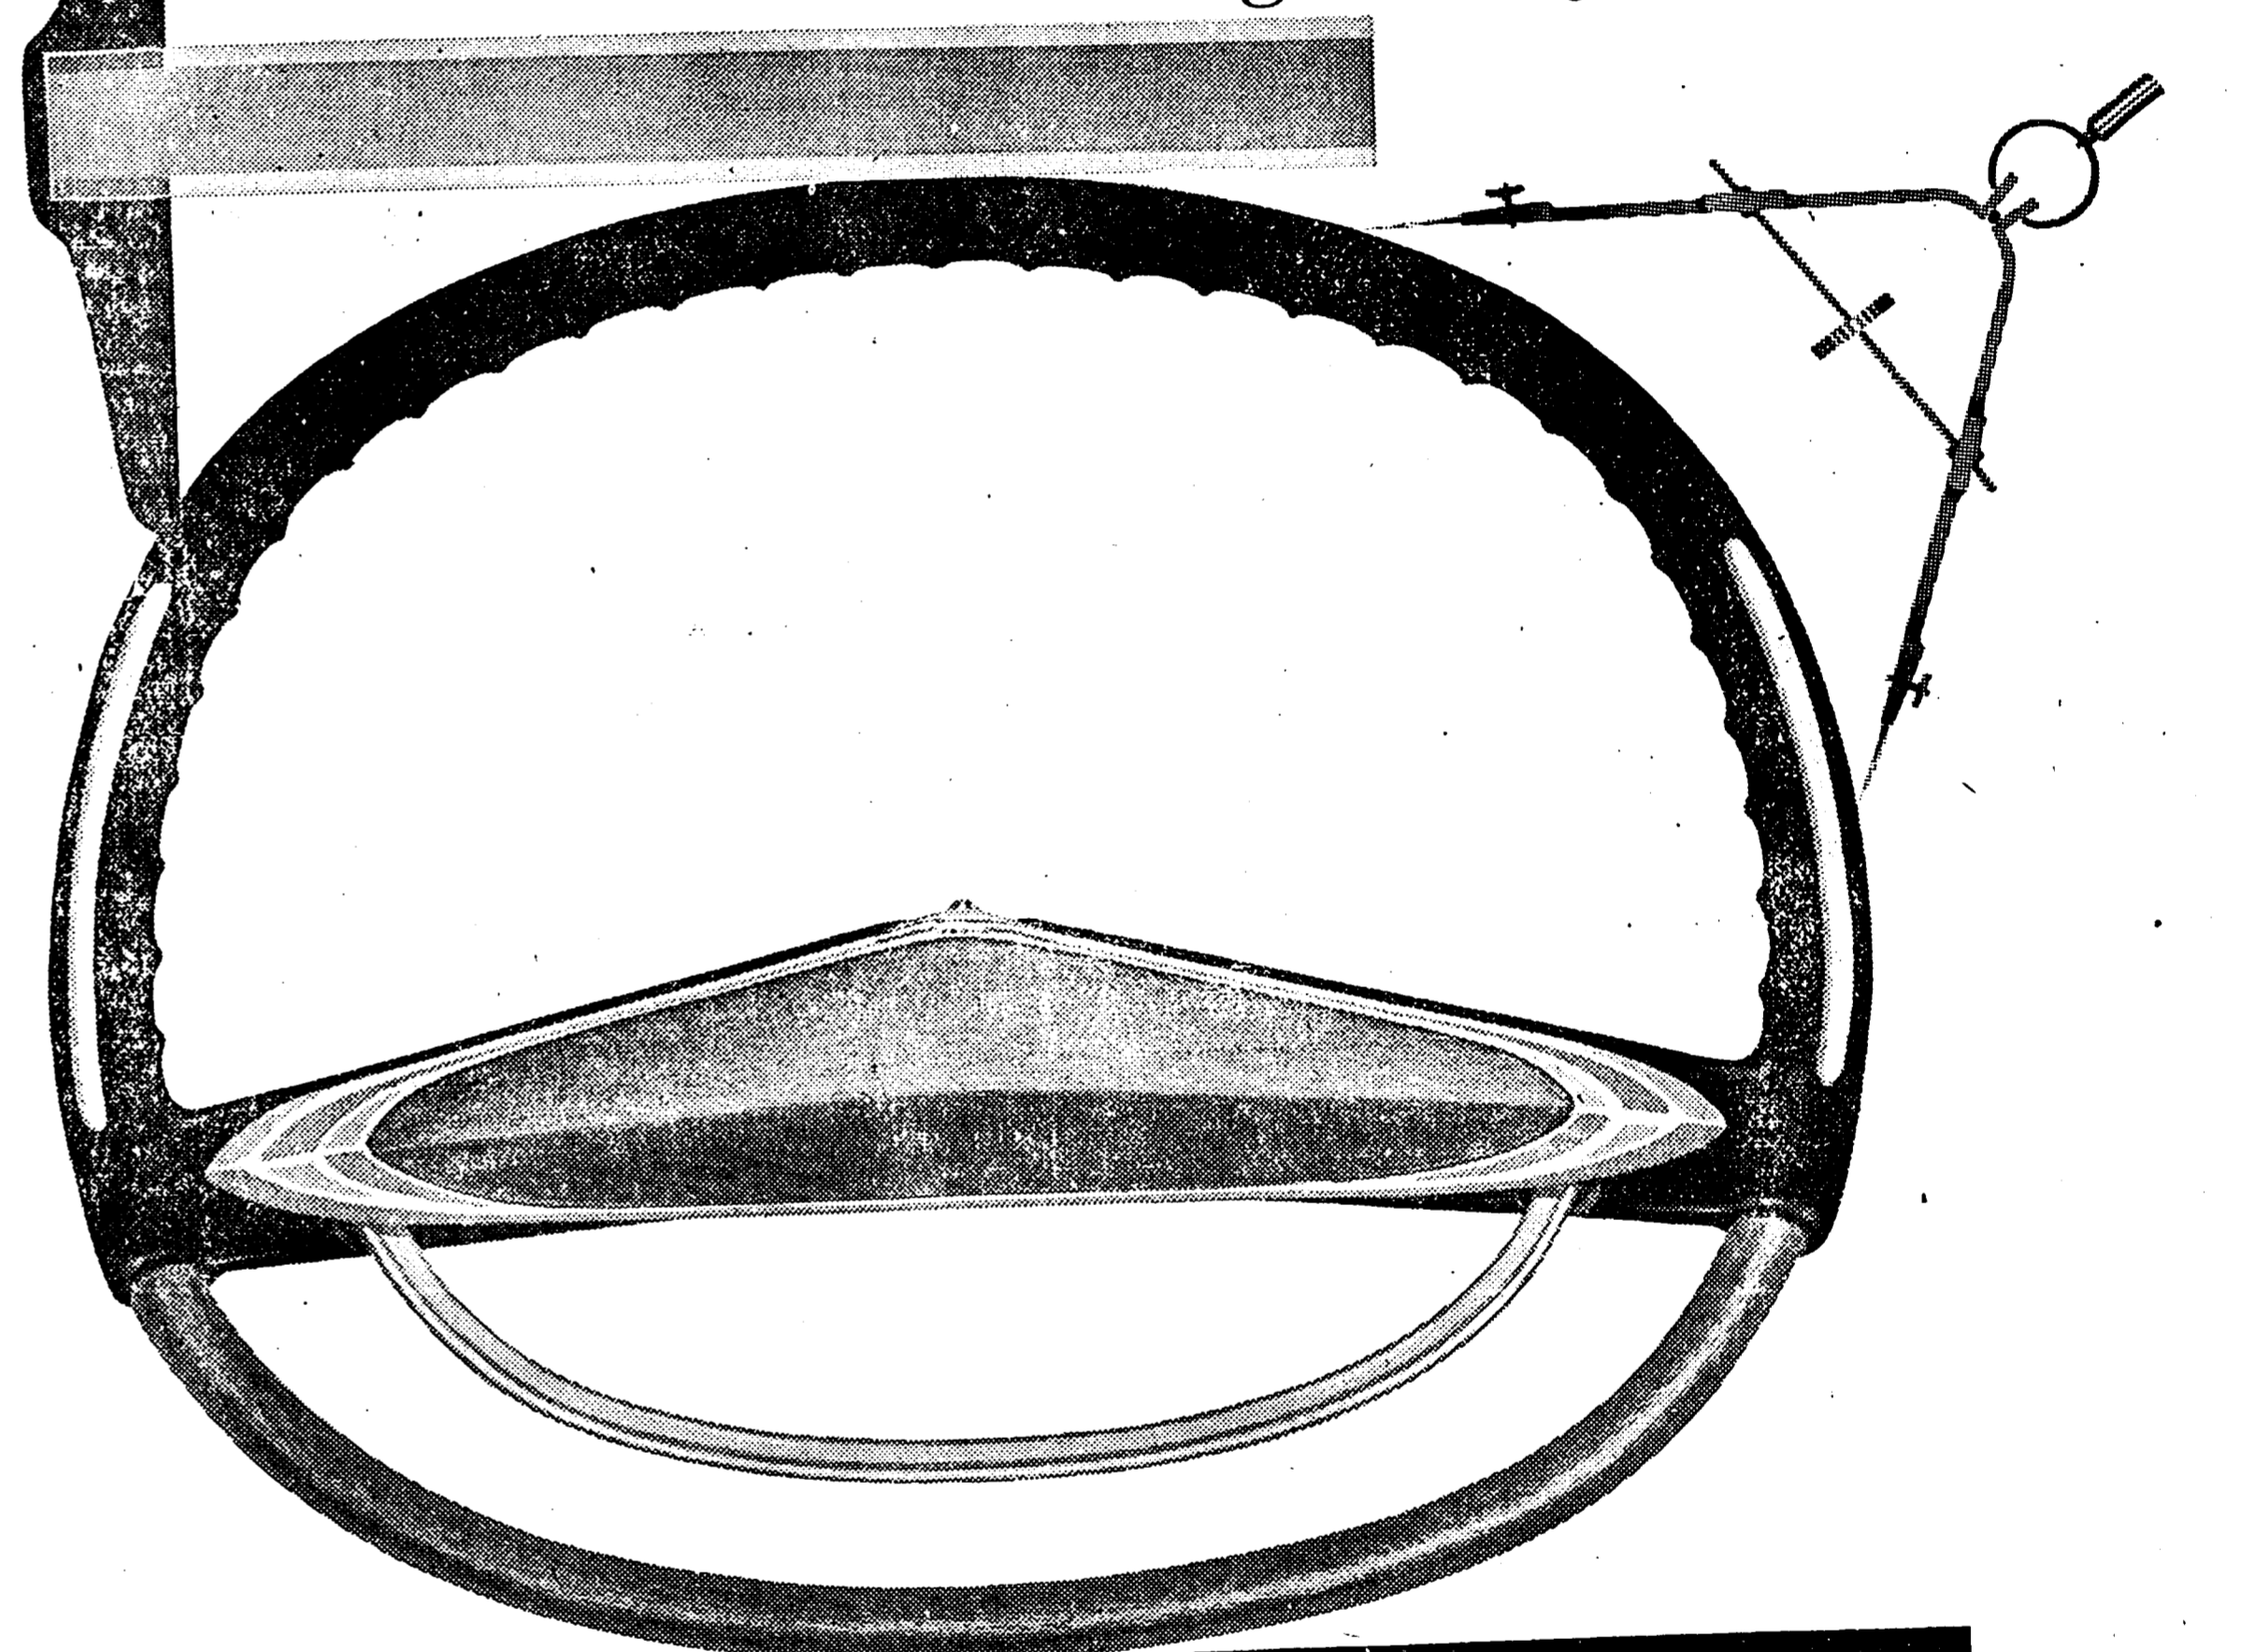

elementary school. September enrollment figures for the various grades presented to the School Board last week follow: kindergarten — 107; first — 116; second — 93; third — 120; fourth — 126; fifth — 112; sixth — 129; seventh — 125; eighth — 129; ninth — 118; tenth — 122; eleventh — 107; twelfth — 90. In addition there are 13 children attending a special class operated by the County Superintendent's Office in a room rented from the School District, making a grand total of 1497 pupils studying in the local public schools.

Mr. and Mrs. Arthur W. Binns of Muhlenberg avenue returned Monday from their summer home near Estes Park, Colo. During July and part of August, Dr. and Mrs. Clifford Banta of Parrish road were guests at the Binns' ranch and in September Mrs. Binns' sister, Dr. Helen South of Dartmouth House, visited them for three weeks.

**SPEAKS FOR MANY**  
Dear Editor:  
I am sure that a large number of Swarthmore parents and residents were as stunned as I was last week when the newspapers printed in headlines the news that Bible reading and the saying of the Lord's Prayer were to be taken out of our opening school exercises. The speed with which this was adopted by the School Board was hard to realize and to understand.

The ruling handed down by the Federal Court was against the Abington School District and did not apply to other districts in the State. So why did our School Board have to act with such haste?

The reason is one every Swarthmore resident should know. A Swarthmore College professor had informed the Board that he was going to bring suit against them in the same action as that brought against the Abington Board. He had been asked to wait for the decision on the suit already taken at Abington. Not wishing to have similar suit brought against them after the court ruling had been announced the Board did what it considered best.

It is high time that we, the people of Swarthmore, do something about a few people coming into our midst and tearing down the decisions and customs long established. There has long been cooperation between the College and the Borough in all matters and while some may look askance at some things that go on at the College, we do not interfere with their policies. It might be interesting to know what action the College administration would take toward a member of the College family who disrupts the harmonious relations that have existed for so many years. Our schools are supported by the taxpayers of Swarthmore and we who love Swarthmore as home and expect to be supporting our schools for a long time are incensed at people coming into our Borough

We continue today, as then, serving with pride the finest in traditionally American Cuisine. Broiled Rainbow Brook Trout and Stuffed Cornish Game Hen with hearty wine sauce are just two of our imaginatively prepared favorites.

**Police and Fire News**

Local police assisted Springfield police last Thursday morning when a Philadelphia priest became ill in his car at Baltimore Pike and Riverview road. After examination by Dr. William Rial of Swarthmore the stricken man was removed to Fitzgerald Mercy Hospital, Darby.

At 12:05 p.m. Friday at Baltimore Pike and Cedar lane, the car of James McComb, Chester, collided with the rear of one driven by Paul Marer of Lakeland Park, Pa. Police said both cars were traveling north on Cedar lane when the front car of Marer started and then stopped.

At 7:45 p.m. Sergeant Elmer Zebly, chief hunting enthusiast in the Swarthmore Police Department, was called into action to kill a bat in the Evans home on Strath Haven avenue. Needless to say "Zeb" got his quarry. It was nothing compared to the porcupine he nabbed chewing the way through his cabin floor in the middle of the night while he was vacationing at his camp in northwestern Pennsylvania this summer!

Local firemen took the Swarthmore Company's booster truck and pumper to Paoli Saturday afternoon to participate in a parade. At 4:15 p.m. Sunday at Chester road and Ogden avenue the car of Charles K. Fellows, 216 Garretts avenue, traveling west on Ogden avenue emerged onto Chester road in front of the car of Lowell A. Kair, Norwood, which was proceeding south on Chester road. Police said no injuries were reported and both cars were able to be driven away although the right front door of the Fellows car was damaged.

Allie Walker drove to Richmond, Ind., with her parents Mr. and Mrs. Robert M. Walker of Elm avenue this past weekend to begin her freshman year at Earlham College.

Connie Russell, daughter of Mr. and Mrs. Roger Russell of Haverford place left by train last Friday for Earlham College, Richmond, Ind., where she will begin her sophomore year. Connie arrived at Earlham earlier than usual because she is to be a freshman counselor this year.

Dr. and Mrs. Harold E. Waterman of Bloomsburg were the overnight guests of Mr. and Mrs. Dale Guthrie of Cornell avenue.

### Sat. Elementary School Football Tomorrow

Tomorrow, Saturday, September 26, at 1 p.m. the boys of the 4th, 5th, and 6th grades of the Swarthmore-Rutledge School District will meet at the High School gymnasium to be weighed in for the annual elementary tackle football program. Each year the school district sponsors the tackle football program for boys in the 4th, 5th, and 6th grades.

Usually held in the morning hours, the sessions will be in the afternoon from 1 to 4 p.m. due to the high school games which will be played in the morning. The boys will meet and play tackle football on the College avenue field.

A complete uniform is necessary, which includes a helmet, shoulder pads, football pants, jersey, and sneakers: no spikes are allowed. A Physician's examination is also necessary.

Director Bill Reese has issued cards to the boys in their classes and these cards are to be returned signed by both a physician and one of the parents the first time a boy reports for the program.

As usual, the three hour session will be divided into 3 periods; the first hour to include practice on certain necessary fundamentals, the second hour will cover team organization, and the third an actual football game.

The boys are divided into as many teams as necessary to insure participation by all, and the teams are organized according to grade, size, and weight. In general boys of each grade play with and against boys of their own size and grade.

Reese extends a welcome to all interested fathers who wish to help make the program a success. In the past they have served as coaches and game officials. At least 100 boys are expected to take part in the program so the "more fathers serving the better it will be for the boys," Reese says.

The program will run each Saturday beginning tomorrow until the Saturday preceding Thanksgiving—a total of nine.

### Boy Scout Troop 2 in 2 Weekend Encampments

Twenty members of Boy Scout Troop 2 canoed for two days on the Rancocas River in New Jersey last weekend. The scouts started at Mount Holly and paddled upstream past admiring dragonflies, bewilderingly mazy tributaries and wind-fallen trees on Saturday. At the end of a stiff nine miles paddle the boys camped for the night under the harvest moon in a pasture just south of Pemberton.

On the return paddle Sunday, the tendency the boys displayed the day before to make a 100 yard dash of every stage of the journey was less in evidence as somewhat stiffened muscles and joints settled down to the conquest of nature. On the Rancocas, as on other relatively currentless streams, the Reverse Wind Law can be counted on: the wind shifted direction during the night and so was able to retard the canoe-

ists on both days of their paddle. Scout paddlers were Bill Barus, Sam Hancock, Roger Ullman, Ed Fei, Eric Peterson, Bill Cushing, Rich Redden, Don Hartman, Dick Wagstaff, Jay Magee, Tom Topping, Ennis Duling, Tim McCaffrey, David Martin, Reggie Harvey, Steve Wahmann, Mike Kelcy, Doug Dumm, Brian Clymer and Tom Ramsey. Jim Calkins, Bob Warden and Pete Murray led the scouts on the trip.

The Troop will camp next weekend, October 3 and 4, at French Creek State Park, where they will enjoy the early autumn colors and have a chance to stretch their canoe-cramped legs. Fathers are invited to come along and enjoy the delightful cooking of their sons and the comforts of a semi-heated cabin with cots.

Mr. and Mrs. Joseph Shane of College avenue returned Tuesday from the Poconos where they spent a week in their cottage.
