MAYER EXHIBIT WILL OPEN SHS HANCOCK GALLERY

New Gallery Honors Art Teacher Here 1929 To 1961

An exhibition of the photographic works of Philip F. Mayer, April 5-16, will formally open the Hancock Gallery at Swarthmore High School. Mr. Mayer, a resident of College avenue has been actively engaged in photography for many years. Recently his photographs were on exhibit at the Wilcox Gallery at Swarthmore College.

Mr. Mayer's experiences have included several pastorates throughout the United States, teaching in mission schools in Malaya, and as a member of the faculty at William Penn College in Iowa. The exhibition will be open to the public, weekdays from nine to four p.m. The gallery is adjacent to the entrance foyer at the school building on College avenue.

Claudia Hancock, for whom the gallery has been named, was a teacher of art at Swarthmore High School from 1929 to 1961. During that time she enriched the experiences of many hundreds of students and was an active and helpful contributor to all school activities. Miss Hancock now resides in Oak Park, Ill.

During the past several years the high school with the assistance of the art department, the Home and School Association, and many friends of art have begun a collection of paintings and sculpture which it hopes will continue to grow with each year. Paintings are not only on display in Hancock Gallery but are used as well in art and other classes.

The art collection includes a sculpture by Erma Stangler and the following paintings: "The Man of the Street" by Marvin Cherney; "Kennebunkport 2000 A.D." by Tucker Bobst; "The Parade" by Oscar Hamlen; a block print "Red Still Life" by Samuel Martin; a water color "Blue Heron in Flight" by Dorothy Riker Brown; a lithograph "Portrait of Mary" by Benton Spruance; and a print "Tiger Lilies" by Simone Titone.

It is hoped that with the assistance of the recently organized "The Friends of Art," that additional exhibitions will be placed on display and that further additions may be secured for Hancock Gallery.

The Wilcox Gallery is open from 10 a.m. to 5 p.m. daily.

Chaplin Films On View Tonight WIL-Sponsored Show Set For 8 At SHS

Swarthmoreans will have an opportunity tonight to relive the classic period of filmmaking in this country, when the Swarthmore branch, Women's International League for Peace and Freedom, presents three early Chaplin films. The performance begins at 8 p.m. in the High School Auditorium.

The first of the group, "Present Arms," was made in 1918, and retains all of the quirky charm of that day of improvised scripts, improvised acting and al fresco direction. "The Adventurer" and "The Pilgrim," both of which come from the 1920's, are Chaplin at the top of his form, when the beloved "Little Tramp" had captured the hearts of American movie-goers. All films are the property of Dr. Peter van de Kamp, Swarthmore College astronomer whose hobby is collecting early films. Dr. van de Kamp will introduce the movies.

Mrs. Maurice L. Webster, Jr., chairs the committee which arranged this event, one of a series of annual events by which the WIL raises funds to be used to continue the peace work for which the organization was founded in the early years of this century.

Tickets are available through board members, or at the door. Assisting Mrs. Webster are Mrs. Roy McCorkel, Mrs. Richard Wray, Mrs. Stanford Waters, Mrs. Edward Mifflin, Mrs. Aaron Fine, Mrs. John Carroll, Mrs. Gregory Diaz, Mrs. Philip Mayer, Mrs. James Richards, Mrs. James L. Malone.

Spring Exchange Opens Tuesday 9 A.M. Is The Hour For 'Have Goods- Will Exchange'-rs

Tuesday at 9 a.m., the 1965 Spring Mutual Exchange will begin the first phase of its four day, April 6, 7, 8, 9, mutual effort - one for all and all for one - at the Woman's Club, 118 Park avenue.

Until 3 p.m. on Tuesday, householders will carry in and set their price on articles which will be recorded, sorted and hung for display by willing clubmembers. Mrs. Arnold J. Rawson, chairman of the Exchange, advises consigners:

"No hats, please! No shoes, please! Remember, please, this is a Spring Exchange, therefore no winter clothing can be accepted. And please, please (this last plaintively) bring only good things, such as you, yourselves, will be seeking. The Exchange is not a Rummage Sale; this is why it is useful. People depend upon us to keep it so! And this year, there will be no jewelry handled."

Long before 9 a.m. on Wednesday, a line of practised "early birds" will be waiting on Park avenue for the doors to open promptly at 9 and the sale to begin. Other practised "Exchangers" believe that good finds come to light once the first rush is past and continue to be "findable" as the sale goes on until 8 p.m. and opens again on Thursday from 9 a.m. until 12 Noon.

Settlement will occur on Friday for three hours from 10 a.m. to 1 p.m. when a taxed clubhouse and its tired membership, on duty throughout the four days, will finally close the Spring Exchange doors.

The idea which originated the Exchange during World War II was that every household outgrows articles which are still serviceable, ornamental, and desired by others, and in the outgrowing experiences new needs, so creating a field of exchange in which both exchanger and finder avail themselves of needed items at costs mutually beneficial.

All your neighbors will be there! The Exchange is a social as well as a serviceable affair.

Mrs. Michael Service Held Prominent Clubwoman Longtime Resident

Funeral services for Mrs. Jonn E. Michael, well known clubwoman, were held in Trinity Church at 1 p.m. Saturday. Private interment followed. The widow of the late pharmacist and district governor of Rotary International passed away last Thursday afternoon in Taylor Hospital where she had been a patient for four days. She was 76 years old and had suffered with a heart condition for several years. A resident of Swarthmore for more than 30 years, she lived most recently in the Dartmouth House.

Born Ida May Brown, in Philadelphia, she became president of the Woman's Club of the Philadelphia College of Pharmacy and Science, the Woman's Club of Swarthmore, and the Delaware County Federation of Women's Clubs. The Swarthmore Club conferred her honorary membership on her early this year.

Mrs. Michael was a member of the Logan Chapter 313, Order of the Eastern Star, and had served as Worthy Matron and as District Deputy Grand Matron of the Grand Chapter of Pennsylvania. She was a member of the Founding Board and first secretary of the Eastern Star Home in Germantown. She was also a past regent of the Delaware County Chapter, Daughters of the American Revolution and chairman of museum for the Pennsylvania D.A.R. She was a member of Trinity Church.

Surviving her two daughters, Mrs. Joseph Reynolds of Oberlin Avenue and Mrs. Robert R. Hopkins of South Chester road; four sisters Mrs. Ross W. Ritter, Sr., of Upper Darby, Mrs. Albert Holmes and Mrs. Samuel Edwards of Atlantic City, N. J.; and Mrs. Lawrence Weber of Riverport, N. J.; two brothers James Brown of Ocean City, N. J., and Henry U. Brown of Melrose Park; and four grandsons.

In lieu of flowers friends were requested to give to the charity of their choice or to the Gundersen Fund of Rotary International.

Republican Women At Nat'l Conference

Mrs. Edward Coslett, Jr., president of the Swarthmore Republican Women's Council and Past President Mrs. Paul Banks and Mrs. Donald Aikens, Jr., with Mrs. Irvin R. Among the noted speakers are Richard Nixon, Senator George Murphy, Senate Minority Leader Everett M. Dirksen and Governor William Scranton.

JEROME WIGLER

The Springfield Chamber Music Society will present the Philadelphia Chamber Players in the final concert of the year on Friday, April 9, in the Springfield Township Building on Powell road.

The 8:30 p.m. program will include three Bach Arias for Soprano and Continuo with flute, violin, and cello obbligato; Chansons Madecasses by Ravel for soprano, flute, cello, and piano; and the Brahms G. minor piano quartet, op. 25. A novelty for some will be the use of a harpsichord in the continuo of the Bach.

Among those performing with the seven players are Jerome Wigler of Dartmouth College, violinist; George Reeves of Baltimore pike, pianist and former organist at the Presbyterian Church; and Mrs. Anna May Courtney of Springfield, soprano and assistant conductor of the Swarthmore Women's Chorale (formerly the Madrigal Singers).

The restrictive clause in the Philadelphia Orchestra's contract has caused considerable publicity in the last two months as it became increasingly evident that the management intended to withhold permission for any group over six players to perform, an action which led to the resignation of Ansel Bruesell, the orchestra's concertmaster.

However, the Springfield Chamber Music Society will be unaffected by the orchestra's ban on its members playing outside engagements and concerts next year because the Chamber Players perform repertoire for a variety of combinations of strings, winds, piano, and voice and so have a wealth of music available to them even though no more than six may perform at one time. An example of the versatility of their repertoire will be demonstrated in their concert April 9.

After the concert, the Springfield Chamber Music Society, a non-profit corporation, will begin planning its concert series for next year. Attendance at the concerts will be on the basis of membership in the Society, but because of the size of the hall in which they perform, memberships will necessarily be limited to 300.

Although the Society is not yet ready to accept memberships, anyone interested in receiving an application when they are ready, or further information, may write to the Springfield Chamber Music Society, Box 262, Springfield, Pa., or call KI 3-6113 or KI 4-5145.

TRACK MEET HOME TODAY

Though handicapped by the cold weather of recent weeks and many absences during spring vacation, the Swarthmore runners will face their first competition today. A practice meet with Ridley Park will be held at 3:30 on the local track with additional time trials at 3:30 tomorrow.

These meetings have been arranged to give coaches Sandy Heath and Norm Burkhardt, parents, and interested citizens an opportunity to preview the team before their first official meet next Tuesday at Lansdowne.

Spectators will be able to see new events such as the high hurdles and the triple jump as well as exciting races in all of the shorter distances.

Bill Haseltine, Jay Castle, Ennis Dulling, Chip Forwood, Mark Steclw and Doug Tolley will be attempting to earn places on the 880 and mile relay teams while Paul Donovan, Ron Wrege, Tim Tyson, Dave Tolley, Andy Maass, Dave Maass, Mike Burroughs and Dan Burroughs will be vying for positions on the two mile relay, a new event which could prove to be one of the team's strongest.

In the field events, Rich McKernan has been a tremendous surprise in the high jump where he is threatening to beat Tom Topping who went to the state finals last year. Other varsity high jumpers are Bob Williams, Jim Richards, and Bill Cushing who will also be broad jumping and hurdling along with Peter Weber, Jim Brakeill and John Cummings-Sam Caldwell, another hurdler.

 "The things which are impossible with men are possible with God."
 Several dramatic examples will be read from the Bible, illustrating the availability of divine power in overcoming the discordant conditions of material existence. Citations from

PLAYERS OPEN APRIL SHOW
Odets Comedy Off On Hilarious Run
 The Players Club's April production, Clifford Odets' comedy "A Thousand Clowns" took off last night on a six night run of hilarity and foolery, based on sunshine, witfulness, sensibility and dementedness (to more or less quote from a quote from the New York Times).
 The story revolves around an eccentric bachelor who is being investigated by a team of welfare workers on the care and upbringing of his 12-year-old nephew, but it is not strictly true that the female of the Child Welfare dust remains to redecorate the apartment. The redecorating comes later.
 But, it is a very funny play, and if the Players do not recommend it as a family comedy, it is not because it is so very raw and risqué (it's tame for this day and age) it's because the humor, frankly, would not appeal especially to Youth.
 The leading — and only — lady of the piece is Celia Winn who presents convincingly the public idea of the well-trained and thoroughly educated Social Worker; and when later she becomes "more human," she is warm and appealing. Dick Croft as the uncle carries the burden of the play with aplomb and zest. It is just barely possible, in his approach to life, that Uncle Murray has met Elmer Dowd's friend Harvey (although there is no drinking, nor even the fleck of an ash in the entire three acts, Mr. Croft is a delightful uncle. Mike French plays the nephew Nick, who despite — or is it because? — his uncle's training, is a wise, understanding and polite youngster with a decided mind of his own. Mike makes Nephew Nick charming. Hal Dolg earns a hand for his version of the social worker team Albert Amundson. It is a tribute to be delightfully dull! And the same goes for Harry Cafferty, who is positively treesome — dramatically speaking — as the 42-year-old star of a children's TV show. Mr. Cafferty's skill comes from

RED CROSS OFFERS TWO APRIL COURSES

 "Registered nurses can perform a valuable community service in the Red Cross Blood Program," she comments.
 "They take medical histories, check blood pressures and give hemoglobin tests to donors. To be eligible, nurses must be currently registered in some state." Local nurses may call Mrs. Grogan, KI 3-3014, for details.
 On April 28, 10 a.m. to 3 p.m., an orientation class for new volunteers will be held in Borough Hall. Orientation will be given in the morning. Instruction in the Blood Program procedures will be given in the afternoon. Detailed registration information will appear later.

New Exhibition Opens April 14
Arts Center Show To Run Until 30th
 Two painters of the Philadelphia area will be presented at an exhibition at the Wallingford Community Arts Center which opens on Sunday, April 14, and continues through to April 30. Recent work of Nancy Drinkwater O'Brien of Devon and Celia Finberg of Philadelphia will be shown.
 Both painters represent the recent trend in American art to bring forth the creative efforts of women. This development is an innovation in art history as it has been an event of recent decades, and it is mainly in America where it has happened and resulted in some of the best contemporary painters being women.
 Nancy Drinkwater O'Brien studied at the Phillips Memorial Gallery in Washington, D. C., and the Chicago Art Institute. Before moving to Devon she taught at Mt. Vernon Seminary and Junior College.
 In recent years she has exhibited at the Corcoran Gallery, Washington; Contemporary Arts Association, New York; Society of Fine Arts, Wilmington; and Pennsylvania Academy of Fine Arts, Philadelphia. She is a member of the National Society of Arts and Letters.
 Native Philadelphian Celia Finberg has studied at the University of Pennsylvania and the Pennsylvania Academy of the Fine Arts. She has been the recipient of a number of scholarships including one from the Philadelphia Board of Education, the Cresson Traveling Scholarship, and the J. Henry Schied Memorial Scholarship.
 As a result Miss Finberg was enabled to study abroad in France, Italy, and Spain.
 She has exhibited in Philadelphia and Detroit as well as having had two "one-man" shows recently at the Friends Neighborhood Guild and the Little Gallery, both in Philadelphia.
 The exhibition will open at 3 p.m., April 14. Tea will be served. Admission is free.

8th Grade Party
 The Eighth Grade party to be held this evening in the Primary All-Purpose room at Rutgers avenue will have as its theme, "Downtown." The evening will begin at 6 o'clock with a barbecue to be followed by a hootenay and dancing.
 Patty McNair is student chairman for the party and Mrs. Bartine Stoner and Charles Law serve as advisors.
 The evening, which will end at 10:30 is restricted to Eighth Grade. Dress is to be informal.

LIBRARY THANKS GEORGE SCHOEBINGERS
 The Swarthmore Public Library thanks Mr. and Mrs. George Schoebinger for their exhibit of Mexican handicrafts and art objects which hung in the library during March.
 Among the visitors were numerous Cub Scouts, whose project for the month was Mexico. They came not only from Swarthmore, but from other communities of Delaware County. Also visiting the exhibit were two classes who came from the Collingdale schools.
 For the next couple of weeks, the Library has on exhibit 34 fiction and 37 non-fiction prize winning jackets for books published in 1964. This is the ninth Book Jacket Competition sponsored by Turck and Reinfield, Inc., color printers of New York City. The Library owns 29 of the books represented and recommends that patrons stop to look over the jackets.

HISTORICAL SOCIETY EYES LEIPER HOUSE
 The Council of The Delaware County Historical Society went on record on Tuesday evening, March 30, that they are interested in acquiring the Leiper House for their library and museum. The Council hopes that the barn at the foot of the hill can also be saved as they believe the garden clubs of the area might want to hold some meetings there as it would afford more room. The remains of the old garden is there and if there is room enough after the new Expressway goes through it, it could be restored.
 The Council also hopes that the rest of the land can be acquired for a township or a park. The Leiper family have about 11 acres and the Historical Society states that it cannot take much of it, but "it will give us room to grow."
 Mrs. Joseph Lynch and Mrs. Charles Topping won second prize for "Bridesmaids' Luncheon Table." Mrs. John Lord and Mrs. Robert Grogan won a third for their "Buffet Table at an Open House."
 Native Philadelphian Celia Finberg has studied at the University of Pennsylvania and the Pennsylvania Academy of the Fine Arts. A nationally recognized scouting award, the Valley Forge Trail Medal is given to scouts who successfully complete a program of hiking the specified trail, answering a battery of related questions and turning in an acceptable essay on an historical figure connected with the American Revolution and Valley Forge.

The boys will sleep in tents, cook all of their own food, and follow directions of the trail, many of which are given by compass point only.

Nearly 50 boys will take the trip which will be under the leadership of Scoutmaster David Ullman, Troop Committee Chairman Jack Cushing, Assistant Scoutmaster Alan Martin, and Assistant Scoutmaster Pete Hopsom.

A group of boys from the troop, who had qualified through earlier camping trips as winter campers and skiers, have just returned from Spring Vacation Week camping trip to Mount Snow, Vermont.

The boys on the trip, under the leadership of Scoutmaster Ullman, included - Bill Cushing, Jack Cushing, Kim Shlay, Ken Hopper and Ed Jackson.

In addition to the preparation of all their own meals, the activities of the week included intensive participation in skiing. All members of the group took part in the classes of the Mount Snow Ski School. Silver Ski Test Pins were earned by Bill Cushing, Jack Cushing, Ken Dunn, Ed Jackson and Sam Hopper. Gold Expert Pins were earned by Kim Shlay, Roger Ullman and David Ullman.

The troop was also represented in the Mount Snow Standard Race held March 25. Kim won second place in the Pide Class, Roger second place in the Junior Class, both of them qualified for silver standard pins. David Ullman earned a bronze standard pin by turning in a qualifying time in the race.

Lecturer Discusses 'Unalienable Rights'
Man's "unalienable rights" will not be fully known until we understand more clearly the deep spiritual basis on which they rest. A Christian Science lecturer stated in Swarthmore on Sunday.

To enjoy "Life, Liberty and the pursuit of Happiness," she said, requires "progressively deeper understanding of what God is, and the effort to claim man's spiritual heritage."

Lenore D. Hanks, a Christian Science teacher and practitioner of Portland, Ore. was the speaker, sponsored by First Church of Christ, Scientist, Swarthmore. The event was held in Clothier Memorial on the Swarthmore College Campus. "Our Right to Progress" was the title of the lecture, which is being delivered by Mrs. Hanks on her current tour as a member of the Christian Science Board of Lecturers.

The rights of progress acknowledged in the Declaration of Independence are "finding recognition in all corners of the earth," Mrs. Hanks noted. "Benjamin Franklin, one of the signers of the Declaration, said, 'He who shall introduce into public affairs the principles of Christianity will change the face of the world.'"

The historic Declaration, she added, clearly puts man's rights on this spiritual basis - stating they are "endowed" by God. "The twentieth century has brought the rights of the individual into clearer focus than ever before. It has also seen the danger which comes from subjugating these rights. "We need to guard our individual rights," the lecturer emphasized - but "we can only do this as we see their basis in man's spiritual nature."

"The Bible points again and again to these rights. Paul tells us, 'To be spiritually minded is life' and 'Where the Spirit of the Lord is, there is liberty'" (Romans and II Corinthians). Many people believe these rights are not attainable because of human limitations, she commented.

"We'd be amazed at how much of the time we're closing the door to the fulfillment of our right desires by believing they're impossible to attain."

Storybook World On Display Here
Arts Center To Show Miniature Waxworks

A storybook world in miniature will be shown at the Wallingford Community Arts Center when Phoebe's Little Waxworks is presented to the public, opening Sunday, April 11. The Waxworks production is the creation of Phoebe Conrad, a Pocono Mountain artist, who has made her shadow box settings to illustrate famous fairytales and nursery rhyme scenes.

Each figure is carved from wax by the artist, and placed in a setting with authentic costumes and decorations. Miss Conrad has done careful research on the historical and original backgrounds of her storybook productions, and has paid special attention to details.

Included in the presentation are such legendary childhood figures as Hansel and Gretel, Old Mother Hubbard, Tom Sawyer, Cinderella, the Wizard of Oz, Peter Pan, and many others. Each shadow box is lighted with tiny bulbs placed to illuminate the figures in each setting. The tiny props and costumes are made to scale.

Miss Conrad is also a painter with a personal interest in landscapes, and when not working in her Pocono Mountain home area spends much time in New England. Recently she completed a diorama of the legend of Sam's Pin in the Ellenville New York Public Library. Along with her creation of wax figures and painting she also teaches oil painting.

The exhibition will run from April 11 to April 23, open daily from 10 a.m. to 5 p.m.

Almost 90 per cent of all disease germs which cause infection enter the body by way of the hands.

YOUTH AUDITIONS SET APRIL 10TH
A committee of the Tri-County Concerts Association has been busy in recent weeks informing music teachers in public, private and parochial schools throughout the three county area (Chester, Delaware and Montgomery) of the April 10th auditions for the Annual Youth Music Festival. The auditions start at 9:30 a.m. and are held at the Radnor Junior High School, South Wayne avenue, Wayne.

Mrs. A. Eugene Watson of Wayne is chairman of this 23rd Annual Festival sponsored by the association. Her chairman for the "talent scout" committee is Mrs. William A. Hildebrandt of Wallingford, assisted by Mrs. Stanley G. Child of Haverford and Mrs. Rudolph Tecco of Haverford.

International opera star Anna Moffo, who lived in Wayne, made her first public appearance in the festival in 1948. She is the festival's most famous graduate.

Mrs. Watson reports that 39 schools have entered contestants, including Swarthmore. She suggested that talented young musicians who would like to enter the contest, call MU 8-2646.

Tuesday Topic Is 'Christ & Arts' Club To See Pastor's Collection, Hear Talk

The Reverend Robert Horne, pastor at the Lutheran Church of the Holy Trinity, Norris-town, will address the Woman's Club of Swarthmore at its stated meeting Tuesday, at 2 p.m.

Mr. Horne's presentation of "Christ and the Fine Arts" traces the history of the representation of Christ from the earliest Christian times to the present, showing the influence of the Gospels with their emphasis upon the last week of Jesus' life.

Special attention is given to the paintings of the Italian frescoist Giotto as painted by him in the Arena Chapel at Padua. Eleven of these from a pre-World War II printing are displayed.

Pastor Horne outlines the significance of the Christian calendar and the impact the church year made upon the history of Christian art as dramatized in the life of Jesus.

The program is illustrated with wood carvings, ceramics and silver pieces from Germany, Italy, Spain and France. In this collection is a bust of Christ from Germany over 1500 years old and an ivory crucifix from Spain which is close to 2500 years old. Also included are wood carvings of the Apostles.

Along with the antique pieces are two of the most recent paintings by Salvador Dali on the life of Christ which have been acclaimed as the most daring in their radical departure from the traditional.

Mr. Horne is a graduate of Gettysburg College and Seminary. He has taken graduate work at the University of Pennsylvania, and received his Master of Sacred Theology degree from Mt. Aloysius Seminary, Philadelphia. He is married and has four children.

Explorers Offer Gardener Help Sea Scouts Raise Funds For Cruiser

Swarthmore Sea Explorers (Ship 329) are again selling garden mulch to raise funds for the operation of their 45-foot ship.

Last year, the boys sold several hundred bags of the mulch, made of cocoa bean hulls, which proved popular with weed-weary, hose-happy gardeners. As a result, a good share of this year's sales will consist of repeat orders.

Cocoa bean hulls make an effective mulch, according to the explorers, because they readily admit moisture to plants, shrubs, flowers or trees yet slow down evaporation to conserve soil moisture; in further singing the praises of their product, the explorers also point to its spongeability over prolonged periods (three years in some cases); the amount of nitrogen, phosphate and potash that reduces the need for chemicals; its action as a natural barrier to weed germination; and finally, the sea scouts wind up, the mulch is poured easily from the bag and need not be pulled apart or broken up.

Telephone orders are now being taken at Kingswood 4-6086 or LO 6-9537. Deliveries will be made by the Sea Explorers April 24 and May 1.

Ship 329, sponsored by the Swarthmore Lions Club, meets every Monday evening at the "land ship" on Crosson lane. Boys aged 14 and up are welcome visitors.

Police And Fire News

APRIL 2

Firemen were called to the Wilkinson home, Chester road and Swarthmore avenue, at 11 p.m. Friday by a smoking washing machine. At 7:20 p.m. Sunday they responded to a fire in railroad ties behind the Dartmouth House.

Ten-year-old Christopher McAfee, 316 Maple avenue, was treated at the Media Clinic Friday after having been nipped by a rabbit in his elementary school classroom.

APRIL 9

Richard Ku, Swarthmore College student, was taken to Taylor Hospital by Springfield ambulance and admitted with face and mouth injuries when he was thrown from his motor scooter on a driveway near the College Observatory at 11:20 a.m. Saturday. Police said the accident occurred when Ku ran into the rear of a car driven by Shelia Elmgren, Crum Ledge, which had slowed to pass a bus. Ku was discharged from the hospital Tuesday.

Also on Saturday police reported slight damage to two cars when Gregory Nearing, Chestnut lane, traveling south on Chester road, collided with the rear of John J. Marks, Glenolden, who had stopped near Strath Haven avenue.

Firemen had a busy week. On Saturday they responded to a fire in the woods behind Morgan circle at 4 p.m. and a smoking heater motor at 406 North Swarthmore avenue at 10 p.m. At 1:30 p.m. Monday a woodpile caught fire at 417 Vassar avenue, and at 9:20 p.m. an archery target on the College field caught fire.

At 11:15 a.m. Tuesday firemen dashed to the high school where Walter Brinsfield and George Johnson of the maintenance staff were already quenching a blaze at the rear of the junior high building's roof. A tarpaulin placed over a skylight while awaiting repair of a leak, had caught fire and burned the wooden frame of the skylight. No damage resulted to the roof itself which is slag over concrete. Shaffer Heads Council For Philosophy Study

Jerome Shaffer, associate professor of philosophy at Swarthmore College, has been released from half of his teaching for the next three years. He will be executive secretary of the newly formed Council for Philosophical Studies, financed by a grant of \$220,000 from the Carnegie Corporation.

The headquarters of the Council will be at Swarthmore, and the college will administer the funds.

In the past, the profession of philosophy in the United States has engaged in little organized activity apart from holding the annual meetings of the American Philosophical Association. Information about the state of the field has been hard to obtain.

To remedy this, the Council plans to hold summer institutes for teachers of philosophy, to conduct smaller conferences of scholars and teachers, and to explore the possibility of cooperative work with other disciplines and professional associations.

It also plans to collect and disseminate information about current work in philosophy and current opportunities for philosophers; and to investigate the desirability and feasibility of other projects.

Professor Shaffer, as executive secretary for the next three years, will have charge of planning these activities of the new Council.

Dr. Shaffer holds a B.A. from Cornell University and his Ph.D. from Princeton. He has been teaching at Swarthmore since 1955. In 1963, on leave from Swarthmore, he was a Fellow at the Center for Advanced Studies in Behavioral Sciences at Stanford, under a grant from the American Council of Learned Societies.

Euripides Play Set For May

Students To Present 'Bacchae' in Greek
Classics students of Swarthmore College will present Euripides' tragedy "The Bacchae" in Greek on Saturday, May 1.

This play, produced entirely by students, is being done as closely as possible in the ancient Greek manner. In order to recapture the effect of the original performance, the students have learned to speak the lines in the Greek metrical rhythm, have written music for the choral odes which occur throughout the play and arranged the dances of the chorus.

Although all extant manuscripts of "The Bacchae" lack 50 lines from the final scene, one of the students has reconstructed these in Euripidean style.

Special attention is being given to the stage effects which require an earthquake, a flash of lightning, and a severed head. The college's outdoor amphitheater, located on a wooded slope, is considered an ideal setting for this Greek drama.

An understanding of the language is not necessary for appreciation of the play since through program notes, in English, will be provided. The play will be presented in the Scott Outdoor Auditorium on the Swarthmore campus Saturday, May 1, and Sunday, May 2, at 1:30 p.m.

COLLEGE HOSTS CANADIAN VISITOR

Dr. Hugh Carmichael, head of the general physics branch of Chalk River Nuclear Laboratories of Atomic Energy of Canada, Ltd., Ontario, is serving as a visiting lecturer at Swarthmore College, Wednesday through Saturday, April 14-17.

Dr. Carmichael is visiting under the auspices of the American Association of Physics Teachers and the American Institute of Physics as part of a broad, nationwide program to stimulate interest in physics. The program is supported by the National Science Foundation.

Dr. Carmichael is giving lectures, holding informal meetings with students, and assisting faculty members with curriculum and research projects. Dr. M. A. Pomerantz, director of the Barol Research Foundation at Swarthmore College, is in charge of arrangements for Dr. Carmichael's visit.

Special attention is being given to the stage effects which require an earthquake, a flash of lightning, and a severed head. The college's outdoor amphitheater, located on a wooded slope, is considered an ideal setting for this Greek drama.

An understanding of the language is not necessary for appreciation of the play since through program notes, in English, will be provided. The play will be presented in the Scott Outdoor Auditorium on the Swarthmore campus Saturday, May 1, and Sunday, May 2, at 1:30 p.m.

SHARON HILL RELAYS SAT.

SHS Trackmen Bow 67-59 To Lansdowne

Saturday afternoon the Swarthmore track men led by Jon Speers will have their first opportunity to test their abilities against the other small schools in the area. Though losing their first meet to Lansdowne 67-59 in the last event, the boys could do well by scoring in all the events.

In the field events the heights and distances of each team's best two men are added together. In the high jump, Rich McKernan and Tom Topping both cleared 5'6 1/2" against Lansdowne and Tom, Tim Miller and Jon have all thrown the javelin around 150'. Another strong field event is the pole vault where Juniors Sam Caldwell and Bruce Lee have both cleared 10'6" at one time this year.

The participants in the various relays will probably not be decided upon until just before the races because of the close competition among the boys. Ennis Duling, Jay Castle, Bill Haseltine, Mark Steel, and Bob Williams will probably be running in the shorter events while Dave Tolley, Andy Maass, Tim Tyson and Chip Forwood will be in the distance relays.

Outstanding times have been turned in so far this year by Peter Weber with a 14.3 in the 120 yard low hurdles, Doug Tolley who won both the 880 and the mile against Lansdowne, and Dave Maass who set a school record of 10:45.5 in the two mile.

Future meets include Chichester home next Wednesday, a J.V. meet with Garnet Valley home next Thursday and the Penn Relays over the weekend.

On Monday the parents of 20 Ridley Township boys, aged 15 to 18, were fined \$10 per boy in a hearing held in Borough Hall. The boys, who were apprehended about 9:45 p.m. Friday, had been holding "war maneuvers" in the college woods and in front of Wharton Hall, men's dormitory. Police from Springfield, Nether and Upper Providence Townships, assisted Swarthmore Patrolmen John Wesley and James Davis in rounding up the 20. Others escaped. Those fined were charged with disorderly conduct. Several parents protested, saying the boys were merely playing a game and didn't intend to do any damage. Authorities explained the thorough wishes to apply preventive measures in advance of possible harm being done.

Police said the boys were carrying toy machine guns, sticks and clubs and that college students issued from the dormitory, one with a baseball bat in hand, to investigate the noise outside. Police said they felt it was their duty to act decisively in such cases where a riot could easily develop and get out of hand, resulting in physical injury and property damage. They said the boys were trespassing on private property even though the boys claimed they did not know the woods are owned by the college.

A Chester man, arrested at Chester road and College avenue, was pronounced unfit to drive due to intoxication. He was held for court under \$500 bail.

At 2:45 p.m. Friday Rita T. Copertino of Fairview road was driving south on Chester road when she collided with a car driven by Winfield S. Kidd, Folcroft who was traveling east on Yale. An hour later Giovanni C. Molmore, Little Silver, N. J., proceeding toward Chester on Chester road came over

 What do Jesus' sufferings and triumphs mean to us today? is the underlying question to be taken up at all Christian Science churches this Sunday, when the subject of the Lesson-Sermon is "Doctrine of Atonement."
 The Lesson will include this verse from II Corinthians: "Therefore if any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new." The theme will be carried through in related readings from the Christian Science textbook:
 "He to whom the arm of the Lord is revealed will be our report, and rise into newness of life with regeneration. This is having part in the atonement; in this Jesus suffered and triumphed."
 "Science and Health with Key to the Scriptures" by Mary Baker Eddy, (p. 24).

REPORT OF COMMITTEE ON BUILDING AND PLANNING Re: Application of C. H. Wildman Strath Haven in Trust

This is a renewal of an application made in April, 1961, for the continued use, replacement and extension of apartment-house facilities at the northwest corner of Yale and Harvard avenues, where the old Strath Haven Inn formerly stood. After a public hearing on May 6, 1961, Council issued a Special Permit, effective July 29, 1961, for the building Mr. Wildman then planned to erect on his five and one-half acre tract. In October, 1961, Mr. Wildman demolished the old Inn, but did not proceed with erection of the new building, advising that it was not economically feasible to build same. In March, 1964, he submitted a plan showing three apartment house buildings on the tract; and later a plan showing two such buildings, neither of which plans was satisfactory to Council. On February 8, 1965, following a general study of the Borough by the Planning Commission, Council revoked the said Special Permit of July 29, 1961, "subject, however, to Mr. Wildman's right to make application, in accordance with the terms of the Swarthmore Zoning Ordinance, as amended, for replacement of the uses formerly conducted upon his property."

Through his counsel Mr. Wildman requested an informal meeting with Borough Council to submit new plans. Such a meeting was held March 13, 1965, attended by Mr. Wildman, his attorney Mr. Cramp, and his architect Mr. Polillo. Mr. Wildman resubmitted two of the old plans (showing three buildings and two buildings respectively) and a new plan for a Y-shaped building. The members of Council, at subsequent meetings, have given careful consideration to all of these plans, and have had the benefit of advice from the Swarthmore Planning Commission thereon. At the last such informal meeting on April 10th, your Committee was asked to submit a written recommendation for consideration at tonight's regular meeting of Borough Council.

In approaching this problem the Committee points out that Mr. Wildman's five and one half acre tract is zoned Residential and always has been so zoned, since the adoption of the Zoning Ordinance in 1928. Apartment houses are not permitted in the Residential District. However, the old Strath Haven Inn was there in 1928, and so Mr. Wildman has the right to replace such Inn as a nonconforming use. We are advised by the Solicitor that Mr. Wildman did not lose this right when he demolished the old building in 1961, because he then held a Special Permit authorizing its replacement by the building referred to in said permit. When this Special Permit was revoked, February 8, 1965, after an interval of over three and a half years, Mr. Wildman then had, by operation of Section 703 of the Zoning Ordinance as amended, a year in which to submit plans to replace the Inn. This period will not expire until February 8, 1966.

According to testimony furnished to the Swarthmore Board of Adjustment in 1961, by John A. Dodds, President of McGregor-Dodds Hotel, Inc., then the owner of this property, and by William S. Shelly, who had then been employed at the Inn for 28 years, the old Strath Haven Inn had 70 rentable bedrooms (eliminating rooms used for storage purposes). There were no apartments with cooking facilities in the old Inn, although the small building known as the Stone House then had three apartments in it, and still does. The guests took their meals in the common dining room on the first floor of the Inn. Your Committee believes these facts are relevant in considering the size and type of building which Mr. Wildman is lawfully entitled to erect, at this time, by way of replacement and reasonable extension of the former nonconforming use.

Your Committee also believes that it should be remembered that Mr. Wildman purchased this property in 1959, knowing it to be zoned Residential and to be located in a section of the Borough fully built up with attractive single-family homes and other buildings of Swarthmore College used for educational purposes. Although there are differences in the three plans submitted, Mr. Wildman now seeks to replace the old Inn with one or more multiple-dwellings to house as many as 815 apartment units, in addition to a modest number of hotel or motel rooms and dining room facilities. His plans show parking spaces for 370 automobiles. Your Committee feels that in the aggregate this represents not a replacement of the old Inn, with its 70 bedrooms, but a disproportionate extension and change of the former use made of this property.

To provide the applicant with a broad outline of what this Council feels should mark the limits of the replacement, change and extension of the former nonconforming use at this property, and with no intention to usurp the functions of the Zoning Board of Adjustment, the Committee recommends that Mr. Wildman be advised that Council is obliged to reject each of the three plans submitted to it at the March 15, 1965 informal meeting, but will give consideration to a new application limited as follows:

- 1. Only one structure shall replace the old Inn, and it should set back from Harvard Avenue approximately as far as did the old Inn, and not come closer to Yale Avenue than it does to Harvard.
2. The new structure should be designed to continue the essential functions of the old Inn, with bedrooms for guests who take their meals in a common dining room. The Committee suggests the new structure should have not less than 50 hotel bedrooms, and should seat not less than 100 persons in the dining room.
3. In addition, in the view of the Committee, the new structure may house a reasonable number of modern apartment units, but not to such extent as to completely change the new building from a hotel to an apartment house.
4. The 15% building area limitation applicable to all properties in the Residential District shall be conformed to, and if the requested change of use to include apartment units is approved, the provisions of the amended Zoning Ordinance applicable to multiple dwellings should apply as respects height, side and rear yards, parking facilities and landscaping. It should also be brought to Mr. Wildman's attention that "no building hereafter erected in any district in the Borough of Swarthmore shall exceed 55 feet in height" (Section 700 of the Zoning Ordinance), and that height is measured from the mean-level of the ground surrounding the building (Section 100 (13)). The Committee further recommends that if and when Mr. Wildman submits new plans conforming to the above limitations, Council should follow its established practice of conducting a public hearing thereon, to get the views of all interested residents of the Borough, before taking final action.

Respectfully submitted, D. Mack Cowing Chairman

Some 70 students representing Theta Chi, Tau Kappa Epsilon and Alpha Sigma Phi fraternities solicited township homes on the evening of April 5. Each student covered approximately 15 homes.

Speaking of Bread.

Poets, philosophers and poor people speak glowingly of bread. It was Mathew Henry, 250 years ago who said, "Here is bread which strengthens man's heart, and therefore called the staff of life."

Just why is it called the staff of life? What ingredients are so nutritious and vital to maintaining life?

A slice of bread is rather commonplace except to the hungry. Bread contains starch, proteins, fat, minerals, vitamins, water, and fibrous substances.

When eaten, the digestion and metabolism of the human body convert these compounds into simple chemicals. The starch is broken down into glucose, or sugar. The proteins become amino acids and the fats turn into fatty acids.

Together with vitamins and minerals, these substances are carried by the blood around the intestinal tract and to the liver which is the chemical laboratory of the body.

The water in bread is taken into the blood and the kidneys. The fibrous matter goes to make up the waste products in the intestines.

Bread is easily digested in the stomach, a process helped along by thorough chewing. Chewing mixes food with saliva and gives a good start to the reflex activities of the gastric juices.

Most everybody eats bread.

By accumulating 16 points in the field events and 14 in the running, the boys demonstrated their overall strength. In fact, Swarthmore scored in every event but the broad jump and only missed out there because of a misunderstanding.

Highlight of the meet was the high jumping of Rich McKernan and Tom Topping who both sailed over 5'10 1/4" to come within 1/2" of the school record. However their combined total set a new Sharon Hill record which it old standing for years. The other outstanding event was the Medley Relay where Bob Williams, Mark Steel and Peter Weber ran good legs before turning the baton over to Doug Tolley who ran one of his best ever races to bring the team in first.

Jon Speers and Russ Jones combined to place second in the shot put and Jon joined with Tom Topping to place second again in the Discus and with Tim Fitter to place in the javelin. Jon had a busy day. Though only placing fifth because of a new rule covering ties, Pole Vaulters Sam Caldwell and Bruce Lee showed great improvement by vaulting 11'6" and 11' respectively. As both of them are rather new to the sport, their improvement can be expected.

In the running events, the 2 Mile Relay team of Tim Tyson, Andy Maass, Dave Tolley and Doug Tolley placed second, and Sprinters and Hurdlers Jay Castle, Emils Dullin, Bill Cushing, and Bill Hasceline also helped to contribute needed points. The victory was a result of a real team effort. Every boy competing for Swarthmore managed to score.

In other meets the boys defeated Interboro 78-48 and ran against Chichester on Wednesday. They will be competing in the Penn Relays tomorrow and run against Media, one of their toughest opponents, next Tuesday.

UNITED FUND NAMES JENKINS Wallingford Man Chairs County Drive

Russell C. Jenkins of Wallingford was appointed chairman of the 1966 United Fund Torch Drive in Delaware County. Edward H. Smoker, general chairman of this fund-raising effort for 250 voluntary health and welfare agencies and services, announced the appointment last week. Jenkins will serve as one of nine volunteer chairmen, who will head the Torch Drive's major campaign units. Three of these are county departments, including Philadelphia, Montgomery-Chester and Delaware County. Jenkins, who is associate manager of the Equitable Life Assurance Society, was a county vice chairman in last fall's campaign, assisting the chairman in enrolling top volunteers and in directing solicitation. As chairman this year, he will give leadership to the drive which is conducted throughout all of Delaware County, except for the City of Chester and vicinity, and which includes solicitation of homes and neighborhood businesses. The Delaware County Department also directs a business and industry section which is especially set up to assist in planning in-plant campaigns in over 150 industrial firms and businesses located in the county. To assist him in this volunteer job, Jenkins will appoint four zone chairmen and also several vice chairmen, who will have special responsibilities during the campaign. Approximately 2,000 volunteers will be enrolled in the Torch Drive.

Jenkins has served as a member of the board of Nether Providence Township for the past 20 years and has also been a past president of this organization. He has also been a past president of First-Class Townships of Delaware County and a past president of the board of Wallingford Presbytery. In addition to many hospitals and other health and welfare agencies, whose services are used by Delaware County residents, the Torch Drive also supports 20 agencies located in the county and directly serving local communities.

PMC PRESIDENT TO SPEAK MAY 5 Dr. Clarence Moll, president of the Pennsylvania Military College and general chairman of the Greater Chester Movement, will speak on Wednesday, May 5, at 8 p.m. in McCahan Hall of the Presbyterian Church. His topic will be "The Progress of the Greater Chester Movement."

The talk is under the sponsorship of the Church and Society Committee. All interested persons are cordially invited.

Senior To Participate In Nat'l Broadcasts

David R. Morrison, a senior at Hobart College, Geneva, N.Y., will sing with St. John's Chapel Choir of Hobart and William Smith Colleges in a series of nationwide broadcasts.

His mother, Mrs. Noah E. Morrison of North Chester road visited him on Tuesday, April 13, at Hobart College and heard the Schola Cantorum present The Creation.

The group will provide the music for the 1965 Episcopal series of the Protestant Hour. The broadcasts will be heard for 12 weeks starting July 11. Prof. Lindsay Lafford, chairman of the college's music department, will direct and accompany the choir.

David actually will sing during the weekend of April 23-25 when the choir will record the entire series of programs. An engineering staff and equipment imported from New York City will be here to make the recordings.

During the past four years the music for the program has been provided by such choirs as those of the National Cathedral in Washington, St. Thomas and St. Bartholomew's of New York City and St. Luke's of Atlanta. Choirs are chosen "because of an outstanding choir master, choir and organ."

One of the broadcasts will include an Ante Communion, featuring, by request, the American Folk Song Mass by the Rev. Ian Mitchell. Accompaniment will be by two guitars and a bass.

David has been a soloist with both the choir and the Schola Cantorum, a member of Canterbury Club, and the programming director of the International Relations Club.

Earlier he attended the St. Peter's Choir School and was trained there by Harold W. Gilbert.

TB ASSOCIATION MEETS TODAY

Progress in the development of Non-Programs to improve the public health in all communities will be reviewed today at the annual meeting of Board of Delaware County TB and Health Association, convening at the Aronmink Golf Club, Newtown Square, at 11:45 a.m. The following steps will be outlined by Robert W. Bernhardt in his executive secretarial report to the group: The development of a combined 70mm chest filming unit and respiratory respiratory measurement at Fitzgerald-Mercy Hospital under the direction of Dr. J. Francis Mahoney which, when completed, will be the first of its kind to be developed and will broaden the effectiveness of admission x-ray programs in hospitals to Emphysema and other respiratory disease patients. A concentrated x-ray breakthrough in the city of Chester in May, in cooperation with the Health Committee in the Greater Chester Movement, to cover all high incidence areas and x-ray people not reached in the monthly survey programs. Selection of the Tuberculosis Association as "host agency" of the Council on Alcoholism as an information center for County residents seeking assistance. Also the inauguration of group therapy sessions for TB patients with a drinking problem.

Consideration given to meeting the need in local hospitals for intermittent positive pressure equipment for the increasing number of patients with Emphysema in advanced stages.

Also reported at the meeting will be the 4 1/2 month work of the Patient Services Consultant, a program inaugurated by the Association on October 15th. In this period of time, the Consultant worked with 82 patients which required 766 contacts to help meet their needs. All of the individuals have problems in addition to TB; 80% live under conditions of poverty and 34% have a drinking problem. In this brief period, 7 1/2% of the group counseled were employed in cooperation with other agencies, several are receiving training and two delinquent TB patients were committed to the sanatorium.

Dr. James E. Nancarrow, president, will preside at the meeting, during which other committee reports will be

MR. PENN DINED HERE!

College Engineers To Study Pusey House

The Swarthmore Student Chapter of the American Society of Civil Engineers, which includes all C E Majors, has volunteered to run a topographic survey of the Caleb Pusey property in Upland.

Built in 1683, the Caleb Pusey house is said to be the earliest English style and English-built dwelling in Pennsylvania. William Penn had dinner in this house on Christmas Day, 1699. That the house has been preserved is due largely to the efforts of Mary Sullivan Patterson and Sarah Brock Pratt, both alumnae of the College. Many other Swarthmore alumni have been interested and active in "The Friends of the Caleb Pusey House."

Weather permitting, the survey will be conducted this afternoon, April 23, and tomorrow, April 24. Lunch for the group on Saturday will be provided by "The Friends of the Caleb Pusey House."

Those taking part today will be Howard Peart, Emmanuel Izu, Charles Lansberry, Clement Tingley and Professor Clark Mangelsdorf.

DRUG FACT 1

Although some prescriptions cost more, and some less, the average price is only \$3.25 — less than the cost of a good dinner. But regardless of cost, modern prescription drugs are your best health value today, because they do so much for you. In almost every case, they help reduce your total cost of illness. Prices at our Prescription Department are always uniformly fair.

The Swarthmore High School Girls' Varsity Lacross Squad, under the leadership of Co-captains Betty Anne Schroder and Heather Foote and the coaching of Mrs. Alice Willett, traveled to Haverford for their first game Thursday, April 8. At the end of the first half of the Varsity game, Swarthmore was leading 6-1 and went on to win with a final score of 8-3.

A relatively inexperienced defense played exceptionally well together, allowing only three Haverford goals. The Varsity attack was well-balanced as far as scoring was concerned; individual goals were as follows:

Georgia Detwiler 2, Elita Jones 2, Judy Roxby 2, Lou Dudley and Laura McCorkle 1. Others participating in the Varsity game were Ann Gearhart, Betty Anne Schroder, Heather Foote, Beth Stuart, Wilda Fowler, Marlon Hunter, and Peg Winch.

Friends Join Housing Council Representatives Visit Capitol Re Vietnam

The Swarthmore Friends Meeting has decided to formally join the Delaware Valley Fair Housing Council. Action came at the April 20 business meeting, upon recommendation of the Meeting's human relations committee headed by Margaret Price of Rose Valley.

Four delegates of the local Meeting who visited Washington officials, in a group of 70 Pennsylvania Quakers, regarding the war in Vietnam on April 15 reported an exchange of ideas had been effected and officials seemed interested in finding a solution to the situation. Mrs. John W. Carroll, Mr. and Mrs. Roger Russell and William Paxson represented Swarthmore. After a briefing by the Friends Committee on National Legislation they were received by Senator Hugh Scott, to Senator Joseph Clark, William Bundy assistant secretary of state for far eastern affairs, and John McNaughton assistant secretary of defense for security and disarmament.

The visit was a follow-up of a Philadelphia Yearly meeting letter, endorsed by local Meetings, which went to the President March 28 urging him to stop the bombing in north Vietnam and to carry out massive economic aid in Southeast Asia. The visitors followed the recent emphasis on economic development but stressed the need for political settlement in order to achieve that goal. They proposed that bombing be ended in the north, a mutual if possible or otherwise a unilateral cease-fire be established for a definite period to announce to the world the desire to settle the war, the use of the UN for negotiation and settlement. They said that the U.S. must be willing to talk with the National Liberation Front, and a realistic relation with China permitting open trade, cultural relations, and exchange of newspaper must be achieved.

Claudia Morrison, daughter of Mr. and Mrs. Noah E. Morrison of North Chester road, has returned to Heidelberg College, Tiffin, Ohio, after an unexpected opportunity to vacation at home last week.

Workout Sat. For Knee-Hi's Coaches Meeting Wednesday

Tomorrow morning from 10 a.m. to 12 noon, on Riverview Field (High School Gym in case of rain) there will be a workout for NEW members of the S.R.A.'s Knee Hi League.

The purpose of the workout is to obtain some sort of an approximate estimation of each lad's ability in running speed, throwing ability, fielding and batting. The ratings then make it possible to distribute the new boys among the already existing teams in the attempt to maintain balanced leagues.

The exception to the leagues "balanced teams" rule is that Brothers and Father-Coaches are assigned to the same team for family convenience.

Next week the new players will be assigned and all uniforms ordered. Boys will learn which team they have been assigned through their gym classes at school.

Coaches Meeting

A coaches meeting, including all men who intend to help in any capacity, will be held in Room 101 of the High School, Wednesday, April 28, at 7:45 p.m. The purpose of the meeting will be to distribute team rosters, practice schedules, and to discuss rules, rule changes, and philosophy. The basic philosophy of the Swarthmore Knee Hi League has always been that of participation, with unavoidable competition considered secondary. It is hoped that all men who have either signed up as coaches, or who intend to help, will be present at this all-important meeting.

BLOOD DONOR DAY MAY 13

Donors Still Needed To Meet Boro. Quota

Appointments are being scheduled for Swarthmore Blood Donor Day, Thursday, May 13. Folks who have agreed to donate their blood will come to the Woman's Club, Park avenue, between 2 and 7 p.m. To date, the necessary quota of appointments has not been filled.

It is hoped that new members of the community, young people who have just turned 21, college students, and many local "old-timers" will join this vital program. Those between ages 18-21 may donate with parental permission (permission slips are available from the recruitment chairman or the High School). When the quota is met May 13 it will mean that every family, every resident of the Borough, may call upon the Red Cross Blood Service and receive free blood should it become necessary during the year.

Appointments may be made by calling Recruitment Chairman Mrs. Lynn Kippax, KI 3-1581, or her Co-Chairman Mrs. Morgan Wynkoop, KI 4-2114, and Mrs. Robert Germer, KI 3-1120. Members of the committee are preparing to send appointment-reminder cards in order that volunteers will know the specific time they are scheduled to donate. The card will also give brief instructions to be followed on Donor Day.

Cadette Girl Scouts Linda Stanton, Linda Gatewood, Jean Jozl, Sandra O'Brien and Sue Vining distributed flyers giving additional information about the program. This effort is part of their Active Citizenship Challenge project and is greatly appreciated by the Recruitment Committee.

Sipler Withdraws

Mrs. Edward Costlett, president of the Swarthmore Council of Republican Women, introduced the Republican Candidates for nomination at the May 18 Primary to a friendly audience Wednesday night in the Woman's Clubhouse, Park avenue.

Speaking in alphabetical order were the following: For Mayor, Edmund Jones; for Council, Edward Cratsely, Frank Keenan and Harry Smith; for Borough Auditor John C. MacAlpine, 3rd; School Board Auditor Walter Geer; for Tax Collector Robert Hopkins, Richard Noye, Howard Siper, Richard Snyder and Peter E. Todd.

Birney K. Morse, candidate for Mayor, who was absent, sent a statement which was read by Mrs. John A. Nevin. Also absent were John Cushing for Council and James H. Davis, for Tax Collector.

The surprise of the evening was the withdrawal of Mr. Sipler as a candidate. Mr. Sipler said it was too late to have his name removed from the ballot but requested all those who would have voted for him to vote for some other candidate as he expected to obtain a position as a teacher and would not be available for Tax Collector.

BOYS CITED FOR SAVING BABY

Donald Aikens, Jr., of Forest lane and Robert Van DePette of Rutledge, sixth grade pupils at the Swarthmore-Rutledge Elementary School have been honored for saving the 18-month-old son of Patrolman Edward Burgett and Mrs. Burgett from serious injury.

Mrs. Burgett, with son Eric, arrived at the school last week to pick up her daughter Carol, a second grader who had become ill. She parked the car by the circle entrance and left Eric (who NEVER gets out of his car seat) in the car while she went to collect Carol.

But Eric that day apparently decided he WOULD get out of his car seat and out he climbed. He also managed to move the automatic gear from park to drive, and the car began rolling down hill towards another parked car.

Donald and Robert, at an outdoor art class, saw the danger and ran to the coasting car. Donald jumped in and put on the emergency brake while Robert ran into the school for Mrs. Burgett.

At a special ceremony at the school on Friday, Donald, a school safety, was awarded the patrol's red badge of honor, and Robert was named honorary safety for two weeks.

YEARS SERVICE IN SWARTHMORE

LWV CONVENES ANNUAL MEETING
Civic Responsibility Is Local Study Topic

A study of community resources concerned with law enforcement, youth guidance, and civic responsibility in Swarthmore will be undertaken by the Swarthmore League of Women Voters.

The local agenda items were one of two adopted at Monday's annual meeting and luncheon held in Whittier House. The other item involves an analysis of the Swarthmore tax base with particular attention to business district and apartment zones.

Officers elected to two year terms were Mrs. Richard Brilliant, second vice-president; Mrs. C. Paul Bianchi, corresponding secretary; Mrs. Robert M. Hilbert, treasurer; Mrs. Thomas D. Nevins, Mrs. Douglas Ragnin, Mrs. Richard H. Rommel, directors. Mrs. Jarl Engren was named to the unexpired term of Mrs. Donald Dye as director.

Under the first local agenda item the League proposes to study programs dealing with youth in Swarthmore and similar communities, using consultations with responsible local leaders from schools, churches, police force, scouts, in an effort to solve problems such as Halloween and mischief.

It will also refer to studies made by a special Swarthmore Advisory Committee on Youth Guidance five years ago, one on recreation made by the League itself, and to guidance material from appropriate state offices. Consultations with merchants as to pilfering and vandalism are also contemplated. Part of the study will be an examination of organization and structure of the local police force, comparing size, salaries, hours with those of similar communities.

The tax base item will encompass such specifics as the problems of business closing, competition from shopping centers, parking, and other things bearing on the long-range future of the business district effecting the tax base, and pressures to enlarge apartment zones and permit conversions of building use.

The committee recommending the local items was composed of Mrs. Charles Gilbert, Mrs. Glenn Morrow, Mrs. Edmund Jones, Mrs.

Police And Fire News

Firemen responded to a brush fire on the old Strath Haven Inn property, Harvard and Yale avenues, at 8:10 p.m. Thursday of last week.

At 7:20 p.m. Monday they were joined in a six-company drill at the Co-op, Dartmouth and Lafayette avenues. A dozen smoke bombs were set off on the roof by Second Assistant Chief Richard Morris of the Swarthmore Company, to simulate the "fire." Eight feeder lines were run, 75,000 gallons of water used, and a protective water wall set up in the alleyway between that block of buildings and the Dartmouth House apartments.

At 9:10 p.m. Saturday Kenneth Stead, 16, of Rutledge according to Police lost control of a car he was driving on Elm avenue, struck the car of Hugh Flood parked in front of 100 Elm avenue, crossed the street and hit a tree on the lawn at 101 Elm. The car required towing but police said the driver apparently escaped injury.

Richard Rommel, and Mrs. Bianchi.

The League also voted to continue support of several county level studies on a federation of existing Delaware County libraries into a publicly supported county system, preservation of open lands and creek valleys in the public interest of Swarthmore borough, and tax-collecting methods which increase efficiency and economy.

Nichols Freshman Runs in Marathon

Jim Conwell, son of Mr. and Mrs. E. L. Conwell of Columbia avenue, participated in the Boston (B.A.A.) Marathon on Patriot's Day, April 19. There were approximately 360 entrants, and Jim came out in the middle.

Jim is a freshman enrolled at Nichols College and a member of their cross country and track teams. Charles S. Kolak, sports information director at the college says, in part:

"Jim... has done quite a bit of running and decided a few weeks ago that he would attempt to run in the Boston (B.A.A.) Marathon. Jim did run in the Marathon and although he did not wind up at the top, he did nevertheless complete the rugged 26 mile, 385 yard course in three hours and 45 minutes. This is quite an accomplishment and we here at Nichols are quite proud of his feat."

"I chatted with Jim in the office this afternoon and asked him what possessed him to run in this race. Jim's reply was, 'I wanted to run it for the experience -- I thought it would be a good challenge.'"

"I also inquired if he was satisfied with his performance and he replied, 'I certainly was satisfied and pleased that I was able to finish. It's quite an endurance test. I picked up a few blisters in the process, but on the whole, I feel in pretty good shape. In fact, I have two track meets this week so there is no time to moan.'"

Jim said, when I asked if he would plan to run this race again, (smiling) I don't know about right now, but I will try it again."

"According to Jim the weather for running was just a little cool but was quite comfortable."

"The longest distance he has ever run was the Nichols course which is a tough 4.5 mile cross country layout."

CHRISTIAN SCIENCE NOTES

The spiritual requirements for release from guilt and suffering will be examined at Christian Science church services this Sunday, when the subject of the Bible Lesson is "Everlasting Punishment." Included in the Scriptural passages to be presented are these verses from Ezekiel: "Make you a new heart and a new spirit....For I have no pleasure in the death of him that dieth, saith the Lord God: wherefore turn yourselves, and live ye."

These related passages will be read from "Science and Health with Key to the Scriptures" (the Christian Science textbook written by Mary Baker Eddy): "The way to escape the misery of sin is to cease sinning...The belief in sin and death is destroyed by the law of God, which is the law of Life instead of death, of harmony instead of discord, of Spirit instead of the flesh." INCOME TAX INFORMATION

Eastern Pennsylvania area employers were reminded today that April 30, 1965, is an important tax date. Collection Manager of Internal Revenue, Joseph J. Oakes, Jr., said it is the deadline for reporting and paying income tax withheld and social security taxes for the calendar quarter ended March 31, 1965.

Mr. Oakes said employers should use Form 941 to report their tax liability for that period. They should mail it, along with depository receipts and full payment of taxes due, to 401 North Broad street, Philadelphia, Pa. 19108.

Mr. Oakes said that taxpayers who make full and timely deposits of the taxes due for each month of the quarter at a Federal Reserve Bank or an authorized commercial bank, have until May 10, 1965, to file returns.

Circular E, "Employer's Tax Guide," which furnishes detailed information on this subject, is available upon request from the Internal Revenue Service.

BOY SCOUTS SET MAY CAMPOREE

Advance registrations have been received from 18 units for the 1965 Spring Camporee of the Keystone District, Valley Forge Council of Boy Scouts, to be held May 21-23 at Pigeon Run Farm, near Malvern. The property is owned by Edward J. Peeney, Esquire, who was also host to Keystone District scouts in 1964.

According to Harry C. Kehm, Springfield, the Camporee's general chairman, the total registration goal is 28 units representing 850 registered scouts, explorers and sea scouts in the Eastern Delaware County district.

Serving with Mr. Kehm are: J. H. Fgwell, campmaster; James Reeves, physical arrangements; J. J. Bollini, health and safety; John Rankin, finance; David Hughes, program; R. L. Colt, special guests; James Garrison, judging and awards; Hugh Myers, trading post; R. A. Rankin, information center; George Thomas, communications; J. V. Secundo, camp host; K. C. Conrad, personal fitness; A. M. Valz, publicity; and Jack R. Lawson, scout executive.

"Our Camporee," said Kehm, "starts with the recognition that a patrol is the basic camping unit of scouting. As a Boy Scout demonstrates the finest in Scout Behavior, Good Uniform and General Appearance, so the patrol demonstrates its very best camping technique and shares its experience with other patrols."

Senior scouts not performing in a troop leadership capacity should register now. Jordan H. Powell, LE 2-5837, is accepting registrations.

The events will be divided into two categories. They include hand signals, axeman's nature identification, fly casting, rope life saving, knot tying, first aid, lashing and compass.

The Camporee will be open to the public starting at 2 p.m. on Saturday, May 22. A campfire will conclude the activities at 8:30 p.m.
