DOLL COLLECTION **GRACES LIBRARY**

The 60 doll collection of Mrs. James L. Rosier, Cedar lane, forms a charming and instructive early December exhibit at the Swarthmore Public Library.

The Library's young readers enjoy the dolls which have obviously been friends and playmates of their owner. Mrs. Rosier's late father, a doctor on the staff of the Mayo Clinic, Rochester, Minn., and his associate physicians brought dolls to Mrs. Rosier which they purchased in the regions and countries where their profession took them so that she found herself with a doll collection when very young.

All the dolls are more than 35 years old. Many are from this hemisphere. Europe and Asia are well represented with two from Africa included. A Victorian family group and a Chinese family of small dolls are most interesting.

The Librarians have rounded out the exhibit with books whose stories are set in the countries where the dolls originated, including a theme volume, "Doll Collecting" by Helen Young.

The exhibit will remain through Saturday, December 11 as an appropriate introduction to the Swarthmore Garden Club's international theme for decorating the Library for Christmas on December 13.

Mr. and Mrs. William H. Gill of Dogwood lane entertained the High School Football squad at breakfast before the game on Thanksgiving morning.

Warning To Trespassers

Police Chief William G. Weidner this week issued a warning that high school students and others trespassing on the railroad tracks will be arrested and prosecuted.

Weidner appealed to parents to counsel their youngsters at home after railroad officials and local residents had complained of the increasing practice of some children to walk across the tracks instead of using the Princeton avenue and Chester road underpasses. The railroad has threatened to send its own detectives out to apprehend offenders as it did two years ago.

Weidner said he reported the matter to school authorities after 47 students were observed crossing the tracks near Princeton avenue at lunch time one day and two had played "chicken" on the tracks.

On Monday of this week four students, age 11, 13, 14, and 15,were warned when they were caught placing coins on the tracks. The two eldest ones defied the oncoming train so that the engineer had to reach for the brakes. Weidner said.

School authorities said notices had been read in home rooms, the matter was discussed at a meeting of the seventh grade class, and the older students who had been identified were "talked to." They said the delapidated fence which separates the cinder path at the rear of the school grounds from the tracks, and has been repaired at times by the Borough, is broken again. However, they acknowledged that while a hole in the fence may be a temptation to walk across the tracks, it does not absolve anyone from the responsibility of refraining from this illegal and dangerous act.

Police Chief Weidner said, "We are tired of chasing offenders and warning offenders. We have made every endeavor to end the track crossing, so in future we will prosecute."

CHRISTMAS BELLS TOPIC FOR WOMEN

"Listen to the Bells at Christmastime" will be presented to the Woman's Club of Swarthmore at their meeting on Tuesday, December 7, at 2 p.m. at the clubhouse.

This colorful, tuneful presentation is by Mrs. L. Y. Myers, a world traveler, collector and speaker. She illustrates this talk with 75 bells - animal, table, religious and hand varieties to tell the holiday story as it unfolds around the world. There is an accompaniment of Christmas carillon music to the program.

The board of directors will meet at 9:30 Monday morning at the clubhouse.

JR. ASSEMBLIES

Swarthmore Junior Assemblies will meet on Monday at the Swarthmore Woman's Club.

Reviewer Enjoys 'Kiss Me Kate' Players, Chorus In **Sprightly Show**

"Kiss Me Kate," this year's musical comedy production of The Rose Valley Chorus jointly with the Players' Club of Swarthmore, got off to a good (though slow) start on Monday night at the Players Club. One can only marvel at the fact that some 50 people, leading busy lives during the day in a variety of occupations, can come together at night to give of their talents in a full two and a half hour show for which professional actors have rehearsed for months full time, and still do a creditable job. And having fun doing it, too. Players' Club president and director of "Kiss Me Kate." Maurice Webster, deserves a great deal of credit for putting such a show together and coming out with good fun and entertainment.

The Rose Valley Chorus has many years of experience in singing together behind them and they show it in the many chorus numbers which they do with verve and poise. However, it was Sally McFadden, veteran player of both groups who early in the performance really picked the show up and gave it some much-needed bounce. One kept wishing for another solo from her.

An excellent performance was turned in by David Getty as Fred Graham (also Petruchio in the play within the play). He was at his best as Petruchio in scenes from "The Taming of the Shrew" and was especially enjoyable in such songs as "Where is the Life That Once I Led" and "I've Come to Wive it Wealthily in Padua." He has the voice for it.

Robin Greene, playing the part of Lilli Vanessi (Katherine), has a lovely voice although she was a bit too light for the part. Valerie Hoffman sang "Why Don't You Behave" very well and was charming as Lois Lane who plays Bianca in the Shakespearean scenes. The song which drew the greatest response from the

audience was "Brush Up Your Shakespeare," sung, talked and capered through by Frank Grugan and Francis Nicholson. The two, the long and the short of it, made a good comedy team with a good sense of timing.

Dancers Donna Boller, Sue Howe, Ann Marie Kirk, Esther MacDonald, Ellen Murphy, Diana Neeld, Cyndie Remington, Carol Sykes, and Doris Waters added favorably to the action although some of the dances seemed unnecessary to the situation and the dancers were crowded at times. Special credit goes to choreographer, Doris Waters.

The sets were equal to any professional stage and were expertly handled as were all technical aspects of the show.

Special appreciation should go to orchestra members, under the direction of James A. Greene, who (let's face it) have a thankless job, accompanying those before the footlights every night in the week - and next | ants. week, too. One could wish there had been a full complement of members on Tuesday and hopefully there will be on Friday

This week's performances are for the members of the of South Princeton avenue spent Players Club and their guests. | the Thanksgiving holiday with | Players Club tickets will not be honored at next week's performances. Curtain time on Friday and Saturday is at 8:20 p.m.

WILL YOU HELP?

Dear Swarthmoreans:

Once again the Community Services to Hospitals and Installations Committee of the Swarthmore Branch of the Red Cross asks you to contribute to the fund which supplies Christmas cheer for veterans hospitalized in the four service hospitals in this area - Naval Hospital. Valley Forge General Hospital. Coatesville Veterans Administration Hospital, and West Philadelphia Veterans Administration Hospital.

Your gift will help provide and decorate Christmas trees in the long wards; purchase and wrap a gift for each patient; enable the Christmas "Gifts-to-Give" program by which veterans many hospitalized since the wars - can have the joy of choosing and giving; supply Christmas candies and cookies, etc. It is important that these patients feel that they are remembered at this season by their countrymen. The Neuro-Psychiatric and Tuberculosis Sections have the special attention and care of your local committee at this time and throughout

During the entire year the committee continues to meet the requests of each hospital for magazines, stamps for patients, playing cards, records, afghans, radios and television sets, candy at Easter, etc. For 11 months of the year the birthday cake sub-committee bakes and delivers 10 birthday cakes each month to the hospitals. Volunteers for this service will be eagerly welcomed if they will call Mrs. J. Kenneth Doherty or Mrs. Robert M. Fudge.

However, in December, all efforts are concentrated on Christmas. Won't you send your check, made out to the Swarthmore Branch, American Red Cross and earmarked for Veterans' Christmas Program to the Treasurer, Mrs. William W. Fairchild, 615 North Chester road? It is needed promptly so that the program will be assured in time to complete Christmas arrangements in the four hospitals.

The Red Cross functions as an emergency organization and can use its funds only for help in relief of suffering in disaster. It can act only as a liaison organization through this

Your generosity will brighten many truly lonely Christmases for hospitalized veterans. Thank you for your kindness

# TO PRESENT 'AMAHL' THURS. Opera Begins 7:30 In H.S. Auditorium

The familiarly haunting strains of one of the newest Christmas classics, "Amahl and the Night Visitors," will be heard next week in the Swarthmore High School auditorium. To be presented on Thursday, December 16, the program will begin at 7:30. Doors open at 7. Due to the brief duration of the opera, it should not be difficult to bring

A poignant tale of a poverty son. the story unfolds with the visit of three magnificent kings on an unusually starlit night several centuries ago.

written by composer Gian Carlo Menotti, the story and music depict the events of the opera from the point of view of the shepherd boy, Amahl, who sees his mother as unduly strict, the kings as dazzling, glitteringly wealthy monarchs, and the idea of begging for a living as a delightful adventure: 'won't it be fun!"

Included in the cast are: Mrs. James Clark as the Mother; Peter Wrege as Amahl; David Clark, Charles Seymour and William Pastuszek as Kings Kaspar, Melchior and Balthazar; and the Page by Marsha Foster.

Dancers and Shepherds are students of the High School. The two piano accompaniment will be played by George Reeves, well known planist and teacher in this area, and Janet Lytle of the High School

The opera is under the direction of Miss Lytle, with Mrs. Gertrude Battershall and Arthur Watson, also of the school faculty, as art and drama Choreography was arranged

by Vera's School of the Dance, and permission to use the score by G. Schirmer, Inc.

# SEND A CHRISTMAS CARD TO PRESIDENT JOHNSON

ASK HIM TO TRY HARDER FOR PEACE IN VIETNAM There are strong indications that the U.S. has not explored every possible avenue to negotiations. We support the Nat'l Council of Churches statement which said " A solution of the problem of Vietnam can be essentially advanced only when action is moved from the battlefield to the conference table.. We believe that if the U.S. follows a unilateral policy in Vietnam, no conceivable victory can compensate for the distrust and hatred of the U.S. that is being generated each day throughout

the world." In this Christmas season, when thoughts of Americans turn to Peace on Earth, Good Will to All Men, add one Christmas card to your list. Send it to the President at the White House, Washington, D. C. 20025. Ask him to work harder to negotiate a settlement of the war in Vietnam.

The purpose was to determine the cause of blight and slum growth in suburban areas, using older

sections of Delaware County as a case study. The study, which excluded the City of Chester because the city has its own housing agencies, concludes that:

Housing in Delaware County has held up well. There is not presently a serious threat to housing quality in the suburban area outside Chester. There is. however, a need for preventive action to arrest decline in some areas and to rehabilitate others. Preventive action is the more important. It should emphasize two things: better inspection, reporting, and data collection; and more effective regulation. lation are both characteristic ally lacking in the Study Area."

# Saturday morning the Telephone Excise Tax will be reduced

# You get all the savings

Beginning January 1, 1966 telephone bills for excise tax paying customers will reflect a cut in Federal excise tax from 10% to 3%.

Your telephone is a necessity. Congressional action to remove telephone service from the "luxury" list confirms this fact and the belief of thousands of Americans who sought its removal. The reduced tax will mean savings of over \$33,000,000 in 1966 to our customers in Pennsylvania. These savings will provide a stimulant to-the economy which President Johnson referred to when he signed the Excise Tax Reduction Act, as making . . its maximum contribution to our economic health only if businesses pass along to consumers the full amount of the reduction in the tax."

The saving goes into your pocket and, over the period of one year, almost equals one month's telephone bill.

Moreover, on each succeeding January 1, there will be an additional 1% cut. Thus, by 1969 the Federal excise tax on telephone service will go out of existence.

The same excellent service . . . but at a lower cost to you. News your telephone company is very happy to report.
