Darby Township Edges Garnets

Go To Sharon Hill Tonight, Yeason Tues.

Swarthmore gave Kiwanis Champion Darby Township a real scare Tuesday before dropping a 69-66 decision.

The Garnets started off strong as they scored the first eight points of each half to lead Darby Township until the last minute of the third quarter when the victors took over the lead.

The fourth quarter was filled with excitement as the teams traded baskets down to the closing second.

The Garnets were led by the scoring of Charlie Ellis, Tim Swezy, and Ed Wilber with 22, 15, and 11 points respectively. Ed Wilber and Branch Coslett led in rebounds with 13 and 9, while Coslett and Ellis each came up with 6 assists.

The home team has been playing increasingly better basketball as they defeated Collingdale 65-53, Sharon Hill 58-48 and dropped a hard fought decision to Darby 69-66.

The Garnets next travel to Sharon Hill tonight and Yeason on Tuesday night for key league games.

9 Schools Enter Press Project  
TB Ass'n Sponsors 30th Annual Contest

Nine local schools -- seven senior high and two junior high schools -- have entered the 30th Annual School Press Project, sponsored by the Delaware County Tuberculosis and Health Association, in cooperation with the National Tuberculosis Association and the Columbia Scholastic Press Association.

John Garbin, Health Education Director for the local Tuberculosis Association, will be assisted by three judges in selecting three "best" entries to be sent on for state and national competition. The judges are: Mrs. Peter Told, co-publisher The Swarthmorean and book reviewer; Joseph Jennings, Associate Editor, Delaware County Daily Times; and Dr. J. Francis Mahoney, radiologist, Fitzgerald-Mercy Hospital.

The purpose of the School Press Project, as outlined by Mr. Garbin, is to encourage young people to act on their own; to help them become interested, alert, responsible citizens; to help them learn more on problems of health in general and tuberculosis in particular; to show them how health problems are attacked on a community-wide basis; and to stimulate their interest in a health career.

The schools, their publications and editors submitting entries in the Press Project this year are:

Monsignor Bonner High School, Drexel Hill, "The Bonner Bulletin," Mr. Thomas J. Foley, advisor, and Frank Chaban, editor; Lansdowne-Aldan High School, Lansdowne, "Garnet and Grey," Mr. Joseph Looper, advisor, and Faith Wood and John Baylich, editors;

43,680 times a year someone new needs electricity from Philadelphia Electric

The problem isn't getting new users of electricity. The birth rate takes care of that.

The problem is where we are going to get enough of our product to meet our customers' needs as they keep growing bigger and bigger.

We had to spend \$347,000,000 in the past four years to keep up with the demand.

And we'll have to spend \$570,000,000 more in the next four years to make sure everybody continues to have all the electricity he requires.

which would cross disciplines. It plans to invite consultants on curriculum and research to meet with the staff; and to provide travel expenses for Swarthmore faculty to visit other institutions, to observe their programs, and to consult with leaders in their fields. The college also plans to acquire for the library special journals and books for faculty research which would not otherwise be available for the standard collection in a college of this size.

"A grant such as the one from the Sloan Foundation," says President Smith, "constitutes a milestone of note to Swarthmore College itself; but further we have confidence that the success of our program will have broad reaching effects. There is every reason to think that small liberal arts colleges have a capacity for intellectual achievement in the sciences as well as for first-rate teaching. Swarthmore is proud to be a part of this program."

## NEWS NOTES

"Believing as we do that Swarthmore faculty member is a teacher-scholar," said Dr. Courtney Smith, president of the college, "we plan to use our grant toward programs that will assist our faculty members in the sciences to achieve the double aim of serving as effective and dedicated teachers while at the same time moving forward in terms of their own professional and scholarly growth, and contribution to their chosen fields.

"With the Sloan Foundation grant, we hope, for example, to be able to reduce the teaching load for a temporary period to allow a scientist extra time for his research interests at a particularly strategic moment to initiate his research or to bring it to completion. The provision of released time for special cases would increase the active research projects taking place on campus during the academic year, thus surmounting the barrier of teaching to allow students with special talents to work in progress."

President Smith went on to say that at certain times the current research interests of a faculty member may reach a critical stage when partial or full leave would be strategic though the individual is not at that time eligible for leave under the usual college provision. Swarthmore hopes to use this grant for a college administered research fund to bring developed projects to fruition and to stimulate new research on the part of those who would know they might look forward to help when it is critically needed.

The college plans to bring in distinguished visitors as temporary replacements for regular faculty members on leave, thus adding to the academic community the stimulus of becoming intimately acquainted with the ideas of senior scientists from other institutions.

Swarthmore plans to provide supplementary salary for research activities undertaken in the summer months in special cases where the research could not be undertaken without this support. It plans each year to encourage an entire department, or a special interdepartmental project, to spend the summer in residence, holding colloquia and seminars while pursuing their separate or joint research projects. It is also planned that an active researcher in an overlapping field from another institution would be invited to join the group.

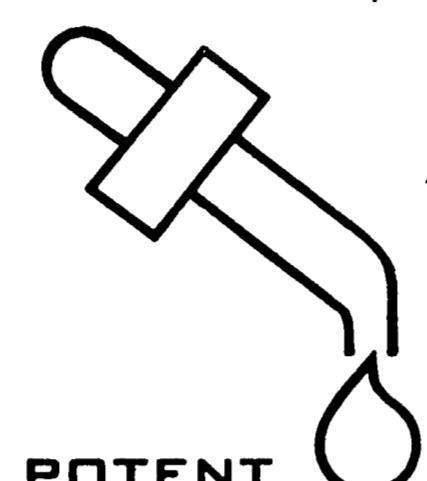

Occasionally the college would like to enable departments to invite a scholar in residence for parts of a term, or for a whole term or year without formal teaching duties, to act as a catalyst instigating research activity. The college also hopes to provide from time to time for distinguished lectures, some of

## SHS CONCERT SET FOR 21ST

Vaughan-Williams Work Chorus Feature

The Swarthmore High School Chorus will perform the concert planned for last December on Saturday, January 21, at 8 p.m.

The students will be busy almost all day, that day, either preparing for the concert or performing it. A morning rehearsal of the major number, "Dona Nobis Pacem," will be used primarily to coordinate the chorus with its accompanist, George Reeves.

"Dona Nobis Pacem," by Vaughan-Williams, is a 40 minute cantata with words by Walt Whitman. The plea for peace is continually interrupted by tales of war and death. The soloists in the work will be Soprano Katie Tolles and Baritone Chuck Seymour and Rick Diamond.

Shorter numbers are planned for the first half of the program, with the Girls' Chorus, Men's Glee Club, Mixed Chorus, and a duet all performing.

The Girls' Chorus has the "Dirge for Two Veterans," by Harl Macdonald. Patty Seybold will sing a solo in this number, and the pianist will be Wolfram Wittkowski, this year's German exchange student. After an acappella English folk tune, Katie Tolles and Lois Roberts will sing a Mozart duet, accompanied by Dave Roberts.

The Men's Glee Club will do the contemporary "sam was a man," an e. e. cummings poem set to music by Persichetti. Larry Burnett will accompany this work.

The high school choir will perform a Gibbons madrigal, "The Silver Swan." Pianists Mary Chapman and Sharon Starr will collaborate on the performance of a Handel piece, Aaron Copland's square dance tune, "Stomp Your Foot," will feature Dave Roberts at the piano.

And finally, the chorus will speak Ernst Toch's "Valse," words to be read, spoken, or shouted, to a waltz beat.

which would cross disciplines. It plans to invite consultants on curriculum and research to meet with the staff; and to provide travel expenses for Swarthmore faculty to visit other institutions, to observe their programs, and to consult with leaders in their fields. The college also plans to acquire for the library special journals and books for faculty research which would not otherwise be available for the standard collection in a college of this size.

"A grant such as the one from the Sloan Foundation," says President Smith, "constitutes a milestone of note to Swarthmore College itself; but further we have confidence that the success of our program will have broad reaching effects. There is every reason to think that small liberal arts colleges have a capacity for intellectual achievement in the sciences as well as for first-rate teaching. Swarthmore is proud to be a part of this program."

It is also planned that an active researcher in an overlapping field from another institution would be invited to join the group.

Occasionally the college would like to enable departments to invite a scholar in residence for parts of a term, or for a whole term or year without formal teaching duties, to act as a catalyst in stimulating research activity. The college also hopes to provide distinguished lectures, some of

PARIAN CHINA

Belleek Parian China is prized the world over for its delicate and seemingly fragile appearance, touched with the nacrous, or mother-of-pearl, glow lent by the extraordinary native skill.

Some say it was the leprechauns who led the way. Others, less romantic, insist it was a certain John Caldwell Bloomfield who made the historic discovery.

Whichever it was, it all happened over a hundred years ago in a remote and beautiful part of Ireland. In the heart of County Fermanagh, on the banks of the River Erne, near the pastoral village of Belleek, a native clay deposit was found which proved to have qualities unlike any other clay in the world!

Today, just as a century ago, Irish Belleek china is made in buildings within walking distance of the original clay pits, according to the skills and traditions of the original artisans of so many years ago.

## COLLEGE RECEIVES DU PONT GRANT

Swarthmore College has received a Du Pont grant of \$5,000 for advancing teaching. Of this \$2,500 is designated for chemistry and \$2,500 for other subjects important in the education of scientists and engineers.

Emphasizing the support of teaching in scientific and related fields, the Du Pont Company has awarded such grants to 68 privately controlled institutions, mostly liberal arts colleges, to help them maintain and improve the excellence of their teaching.

Half of each grant is for chemistry teaching and is intended to enable the departments to satisfy important needs and engage in worthwhile activities which would not be possible with their regular resources.

The other half is for teaching of other subjects which contribute importantly to the education of scientists and engineers.

The funds are to be used by the institutions in ways they feel will most effectively advance their instruction in these subjects.

Bananas were first offered for sale to the public in this country at the Philadelphia Centennial Exposition in 1876 and at that time they were wrapped individually and sold for ten cents apiece.

# Our goals are pretty high this year

Even the best New Year's resolutions don't always work out... and ours might not either. But we're sure going to try.

We made our own list, just like most everyone else, and we thought you might like to see it.

1. To encourage our people to set higher goals of quality, service, and responsibility for themselves (this one is a pretty safe bet—that's the way Bell people are, anyway).
2. To try to keep in mind that good can usually be better.
3. To recognize our mistakes when we make them—and try hard not to make them again.
4. To become an even better corporate citizen in all the communities we serve.

You see, to telephone people, the spirit of '67 is the "Spirit of Service." We may be the only telephone company in town, but we try not to act like it.

### Mrs. C.W. Werst Dies; At Alert 96

Funeral services were held Saturday afternoon in Lansdowne for Mrs. Charles W. Werst, mother of Mrs. Edwin J. Faulkner of Dickinson avenue.

Mrs. Werst had been a frequent visitor here since the Faulknors came to the Borough in 1937 and had a host of local friends who testify to her practical wisdom, her gentle prettiness, her bright alertness maintained until she died in her sleep at Manchester House, Media, on January 5. She was 96.

The former Anna F. Scothorne, she was a native of Missouri where she met and married her husband. They came to Philadelphia where Mr. Werst was associated with the old Baldwin Locomotive Works in the steam locomotive era, becoming chief inspector.

Transferred to Lima, O., they resided there for five years before returning east to make their home in Drexel Hill. There they raised beautiful chrysanthemums in their yard which won prizes at the former Chrysanthemum Shows in the College Field house. Mrs. Werst's most recent home was

in Lansdowne with her other daughter Mrs. William C. Chessman.

Since 1925, Mrs. Werst was an active member of the Philomusian Club, Philadelphia, especially interested in its social services and current events programs. She was a member of the Woodlawn Presbyterian Church, her other absorbing interest.

Upon her 85th birthday, her daughters gave her a formal luncheon party at a center city Philadelphia hotel which a large group of neighbors and friends attended.

Local long-time friends joined a party in Lansdowne in her honor.

Among the survivors present at the services were her daughters, Mrs. Faulkner and Mrs. Chessman; her son Harry K. Werst, Fort Worth, Tex.; her granddaughters Mrs. J. Charles Townsend, Tampa, Fla., and Mrs. Murrell Weesner and three children from Morris-town, Tenn. Also surviving are two grandchildren, six great-grandchildren; a sister Mrs. L. T. Bradbury, Tucson, Ariz.; a brother Dewitt Scothorne, Rapid City, S. D.

Burial was in Arlington Cemetery.

The younger Mr. Yuan attended Harvard College and later received his undergraduate and master's degrees at Georgetown University. He is currently working on his doctoral dissertation in the field of Chinese history at the University of Pennsylvania as well as teaching at Swarthmore. His home here is on Hillborn avenue.

Ruth Chester, chairman of the league's China Study Group, will introduce the speaker. During her years as a missionary, she worked as a professor of chemistry in China and Pakistan.

Any one wishing to attend the luncheon should call Mrs. J. C. Thompson, KI 4-5755. Baby-sitting will be provided.

## Council Extends Wildman Permit Boro. Ends Year With Increase in Assets

Borough Council in its first 1967 session Monday evening ratified "a telephone vote taken several weeks ago" to grant C. H. A. Wildman a six-month extension of his permit to build a 3 1/2 million dollar multi-story apartment-motel on the old Strath Haven Inn grounds on Harvard avenue.

All Council members voted in favor except President Smith who was absent and Finance Chairman Edward Cratsley who abstained because he was "unhappy about the procedure" followed in the matter.

Later Dr. Cratsley said that he doesn't feel Council should take formal action between meetings, or that the borough solicitor should write letters on the basis of such action, particularly when the need for action was known at the previous meeting.

**No Recommendation**  
Vice-president D. Mace Gowing, who presided at both January and December meetings due to the absence of President Smith, said when questioned by a reporter, that he did not know the date of the letter from Wildman's attorney John F. Cramp to Borough Solicitor Clarence Myers, or when it had been received.

It was not acted upon at the December meeting, he said, because there was no committee recommendation on it. He said Council has a rule that all matters to be acted upon must be received at least 10 days before the regular meeting in order that they may be forwarded to the proper committee and a recommendation be made by the committee.

**Telephone Poll**  
Since the letter requested an extension of the permit before the December 30 expiration date, Councilmen were polled by telephone and the news that they were agreeable to the proposition was forwarded to Cramp.

**Buried Hydrants**  
Wildman is said to be completing arrangements for financing the structure. If denied the extension he would have been forced to renew the permit and pay a fee of \$1500 for the second time. Permits expire in six months if construction has not begun, and must be renewed under normal circumstances.

Fire Chief James Dunn appeared at Council happily reporting the Fire Company had managed to stay \$293 under its \$3000 budget for 1966, but unappetizingly reporting that the borough's "excellent job of snow plowing" had completely buried the town's 33 fire hydrants. Dunn suggested that four-foot-high poles be inserted behind each hydrant from December until March to mark the location of these vital facilities in future.

**\$20,000 Increase**  
Dr. Cratsley reported the borough ended 1966 with almost a \$20,000 increase in assets over the previous year's end. The \$80,000 balance on hand (\$25,000 in general cash and \$55,000 invested) is the highest of any year since he became a member of the finance committee in 1960 he said. The increase was due to several unusually high items on the receipts side of the ledger and several expenses having been considerably less than anticipated.

While \$1000 was expected from building permits, the Wildman permit plus others for the new library and dormitories at the College brought the figure up to \$3780. Motor fines were budgeted as

## Property Owners Re-Elect Campbell

William C. Campbell of Ogden avenue has been re-elected president of the Swarthmore Property Owners Association. Also named for additional one-year terms were David Ward, vice-president, and H. Weston Clarke, secretary-treasurer.

The \$750 but reached \$2257. Library alterations were expected to cost \$1500 but only ran \$767. A dry summer cut the anticipated \$1000 cost of fighting mosquitoes to \$550. A change in borough administration after the resignation of the borough manager in mid-year resulted in a \$4000 saving in salaries and allied expense. Abandonment of the Swarthmore avenue widening project left \$3500, budgeted as the borough's share, unspent.

**Committee Appointments**  
Birney K. Morse was re-appointed to a five-year term on the Planning Commission, as also were George Ewing to three years on Board of Adjustment, Walker Penfield three years on Tree Committee, Harry Smith and Mrs. Peter E. Told two years on the Library Board, Elizabeth Hopkins one year as collector of sewer rent, and Anthony Cella one year as Swarthmore representative on the Delaware County Sewer Authority.

**Discusses Leaf Burning**  
Council will study the recommendation of Dr. J. Albright Jones, borough health officer, that leaf burning be prohibited. In his annual report for 1966 Dr. Jones said the smoke from burning leaves, added to an already high pollution of air in the area, had worsened the condition of persons with lung ailments.

Councilmen commented that widespread coordinated action would be needed to achieve any real relief, and that leaf-loaders were making it unnecessary for people to burn leaves. The report of the borough engineer having approved the house at 102 Cornell ("structurally sound" though boarded up and delapidated, and the new owners Cottman, Drew and Coslett having requested postponement of the borough's intent to condemn the property, Council decided there was no basis to consider the property unsafe. The owners said they are planning to submit a proposal for the property soon.

**Commend Police**  
Council passed a motion of commendation of the action of Police Sergeant Stanley Shepanski and Patrolman James Davis in flagging a freight train to a stop on December 27 as it approached a passenger train stalled at the Swarthmore station when fire farther along the line toward Media caused power failure.

A request by Jackson Willis for permission to subdivide property at 316 North Princeton avenue into one lot fronting on Princeton and another on Chestnut lane, was referred to the building and regulations committee for study.

**Greetings From State**  
A letter of "festive greetings" from the Council and Mayor of State, Germany to Swarthmore's governing officials was received in December. ## Social Security Change

### MRS. J.H. GADD

Many widows in Delaware County are still not aware of a change in the Social Security Law made last year which enables them to get social security benefits as soon as they reach age 60, according to Harry R. Peterman, social security district manager. Until the change, a widow could not get payments until age 62, unless she had a young child to raise.  
 A widow who starts receiving benefits as soon as she reaches 60 will be paid 71.5 percent of the amount her husband would have received as a retirement benefit at age 65. If she prefers to wait until age 62, her benefit will be 82.5 percent of her husband's benefit.  
 For example, if the husband could have received a monthly benefit of \$100 had he lived, the payment to his widow would be \$71.50 a month at age 60, or \$82.50 a month if the widow waits to age 62 to start receiving benefits.  
 On the average, widows who choose to take their benefits at age 60, instead of waiting until 62, will collect about the same value in total benefits over the years, but in smaller payments to take account of

the longer period during which they are paid.

Prior to the 1965 amendments, Peterman also noted, a woman who was receiving widow's benefits and remarried had her widow's benefit terminated. The new law, however, provides that if a widow past age 60 remarries, her benefits may continue at an adjusted rate.  
 Peterman said many widows who are now age 60 and over may be eligible for benefits, but to receive payments they must file an application. He urges readers to encourage friends and relatives who may be eligible to visit the Social Security District Office, Fidelity-Checker Bldg., 5th and Market streets, Chester, or telephone TRemont 2-6121.

She had visited in the borough on several occasions.

In addition to Mrs. Robinson she is survived by a son Ben R., and another daughter Mrs. Karl Ebner, both of Lincoln.

## MAILMEN JOIN DIMES DRIVE

Mailmen throughout Delaware County have joined the annual campaign to raise funds to fight birth defects.  
 They are delivering 130,000 copies of the traditional March of Dimes mail appeals to virtually every home in Delaware County.

Lester J. Jacoby, general chairman of the 1967 campaign, said an appeal through the mail is designed to supplement, but not replace the scheduled January 31 Mothers' March in which some 10,000 volunteer men and women will try to visit every home during a one-hour period.

"Since our volunteers make only one call at each house, we cannot help but miss personally seeing some residents of the county who want to help us in our work. Therefore, we send out mail appeals, with a self-addressed return envelope so that those we miss can contribute," he said.

The need for funds is urgent, he said, if continued progress is to be made in reducing the figure of 250,000 babies born each year in the United States with birth defects.

"Already, March of Dimes supported scientists have devised ways of detecting and controlling several conditions which can cause permanent mental disability, and they are now working in the field of German measles and other diseases known to be responsible for defective children," he said.

Dr. Harry W. Kingham, superintendent, Swarthmore-Rutledge Union School District, is Mothers' March chairman for Swarthmore. Chairmen in neighboring areas include: Mrs. Edward Burgett for Rutledge; Mrs. Adam Zaleski for Morton; Francis P. Desmond for Nether Providence; and Joseph Fletcher, 3rd, Moylan.

## Bell Telephone's Greatest Talkers

Telephone users in Turkey don't "talk much turkey" according to the booklet "World's Telephones," Bell System's yearly report on telephone growth which was just released showing telephone statistics as of January 1, 1966.

Turkey with 351,000 telephones averaged only 11 telephone conversations per person during 1965, compared to the United States with 93,650,000 telephones and 620 calls per person.

According to the report, United States still ranks first with number of telephones but is second on average calls per person per year.

Canadians out talked all countries. They have only 7,455,000 telephones but made 635 calls per person.

The total number of telephones in the world climbed to 195,300,000 as of January 1, 1966, an increase of 12,800,000 from the year earlier, the largest gain ever recorded in a single year.

In terms of telephones per 100 population, the United States is also first, with almost 48 telephones per 100 persons. Sweden ranks second with 46 per 100; followed by New Zealand, 36; Switzerland, 37.8 and Canada, 37.7. Incidentally, Russia, with 7,900,000 telephones, has about 3.4 telephones per 100 population.

There were 8,100,000 million calls between the United States and overseas points during 1965 - up 26 per cent over the previous year's. All data is as of January, 1966 since it takes almost a year to compile the world-wide survey.

## GARNET MEETS G. V. TONIGHT

### LOSE 83- 80 TO CLIFTON HTS.

Swarthmore dropped another tight ball game Tuesday night as Clifton Heights defeated them 83-80. The game marked the sixth game the Garnets have dropped by a margin of 5 points or less.

Swarthmore put forth their best scoring effort of the season but couldn't quite offset the 42 point outburst of Delaware County's leading scorer, Jeff Barrett. The Garnets jumped to a 26-23 first quarter lead behind the scoring of Pete Salom and Branch Coslett only to have Clifton bounce back the second quarter to take a 4 point halftime lead.

The third quarter emerged in a scoring duel between Barrett and Swarthmore's Ed Wilber, who outscored Barrett for the quarter 14-13.  
 The fourth quarter saw Clifton go out to an early lead only to have Swarthmore fight back for an 80-78 lead with two minutes remaining. The Garnets, however, went cold the remaining two minutes as Clifton put together a 5 point streak for the win.

The Garnets will next meet Garnet Valley at home tonight and face Interboro away Tuesday evening.

If the choice is college is he prepared for the institution of his choice."

"One of the most frightening statistics today is the very high suicide rate among college students," Dr. Drayer states. "Another is the high rejection rate by the service for psychiatric reasons. What can we do to help our children in these fast moving times with all the pressures?"

## GIRLS WIN 3RD STRAIGHT GAME

The Swarthmore High School Girl's Varsity and J.V. Basketball Teams played their second game of the season on Tuesday of last week, their third game on Friday.

The Varsity game on the 17th against Garnet Valley was close all the way, but the Swarthmore girls edged ahead, 31-29. The game was highlighted by the outstanding shooting of Maje Corner, the hustle and fine floor play of Carol Silele, Dobby Shay and Mary Dudley, and the outstanding rebound play of June Roby and Ann Michener. Pat Carroll, Lois Roberts and Katie Tolles also saw action in this fast moving game.

With one minute to play and the score tied, Maje controlled the ball until the final second of the game when she sank a long shot to win the game 31-29.

The J.V. despite a lead at half time, fell behind and was unable to move ahead again, losing by a 15-11 score. Mary Stott, Arlene Taylor, Kim Elliott, Libby Hubbard, Sally Ellis, Vicky Johnson, Jane Ashley, Cathy Goldwater and Molly Malone are members of the Junior Varsity.

On Friday, the teams traveled to Lansdowne where the games were again close and exciting. The Varsity, behind at half time by one basket, pulled ahead in the final moments of the last quarter to win the game 27-25. Maje Corner was high scorer with 14 points.

The J.V. lost by only 4 points, playing without some of its starting players. This group has many new, and young players who need a little experience to become a really fine team.

### Boy Scouts To Converge Sat.

#### Troops To Compete In Rally At Fieldhouse

Some 500 Boy Scouts from about 20 troops in the Keystone District (Springfield, Swarthmore, Morton, Folsom and Ridley Township) will gather in the Swarthmore College Field House tomorrow morning, January 28, to match their scouting skills in the competition of the eighth annual Keystone District Scout Rally.

The rally is one of three major winter events for the district. The other two are the observation of Scout Week next month, and the Sustaining Membership Drive, which will be kicked off with a luncheon at Sabod School in Springfield February 4.

The Sustaining Membership Drive aims for five-dollar enrollments from nearly 1,600 "friends of scouting" to complete the budget which is only partially supported by United Funds.

The Keystone District is part of the Valley Forge Council, which spends \$15 annually per boy to provide the scouting program, in addition to expenses of individual scouts and their units.

In Saturday's rally, competition in nine different skills will start at 9 a.m. and continue until noon. About 30 scout members of the Order of the Arrow, national scouting honor society, will be in charge of the program. Edward T. Brogan, Jr., Springfield, heads the boys' committee. He is chief of the Keystone Chapter of Delmont Lodge 43, Order of the Arrow.

Assisting him will be vice-chief Gordon Mott, Jr., Secane, and Jack Sikorski, Ridley Manor. David De Korte, Springfield, will be in charge of scoring, and Joseph Littleton, Springfield, will be in charge of judging.

Adult advisors for the rally are Gordon Mott, Sr., Keystone District activities chairman; Francis S. Ashley, 418 Drexel place; and William Fabris, Holmes, advisor to the Order of the Arrow chapter. Use of the college field house was arranged with the cooperation of Willis J. Stetson, Swarthmore college athletic director.

All participating units will be awarded ribbons in one of three classes -- proficient, standard and participating. Special awards will go to high-scoring units, with a plaque to the top one.

Competition is limited to scouts who have not yet reached their 15th birthday. The events include a chariot race, knot relay race, starting a fire with flint and steel, bandage relay, ladder building, human pyramid, signalling, height measuring, and "in the snake."

Librarian Leonore Perkins' report listed the achievements of an active Library year and praised the work of the "experienced, dedicated staff - Mrs. Robert Mills, Mrs. Mary Ann Jeavons, Mrs. Anne Beer, Mrs. Dorothy Lackey, 10 volunteer and 13 student assistants."

Circulation totaled 92,569 (a drop since the peak 1963, yet considered in decade figures a growth 1936 - 24,401; 1946 - 41,702; 1956 - 78,295; 1966 - 92,569) with March the busiest month, December the slowest. ## LEAGUE RECORD 2-4 FOR S H S

### Visit Darby Tonight Host Sharon Hill Tues.

Swarthmore split their two games for the week as they defeated Garnet Valley 51-46 and lost to Interboro 62-53. The Garnet Valley win made Swarthmore's league record 2-4 at the end of the first round. The Garnets started off fast against Garnet Valley as they jumped to a 16-10 first quarter lead behind the shooting of Jim Hood and Branch Coslett. The Garnets increased their lead throughout the second quarter to leave the floor at halftime with a 28-18 lead. The second half saw Swarthmore increase their lead in the third quarter only to see the Valley team come back in the final minutes to close the score. Hood and Coslett paced the Garnets scoring with 14 and 10 points, while Ed Wilber led in rebounds with 11. The Interboro game was a different story as the Bucs jumped to an early lead and led by 17 points at one stage in the first half. The Garnet began a comeback in the closing moments of the first half before the scoring of Swezey and Steve Kelly with 17 and 12 points respectively. The Garnets cut the margin to 5 in the last quarter but could never quite overcome the early Interboro lead. The Garnets next play at Darby Township tonight and home Tuesday afternoon with Sharon Hill.

### Christmas Gift Brings Warm Reply

Faculty wives of the Pennsylvania Military Colleges sent gifts to servicemen in Vietnam. The letter below is a thank-you note for a box of fudge sent by a Swarthmore donor, who wishes to share it with Swarthmorean readers. I am sorry that I have not written to you sooner. I wish to thank you very much for the fudge you sent me for Christmas. I will confess that I could not place your name and had written to my parents, my wife and in-laws concerning your identity or relationship. I can say I struck out on all counts and can only guess that you are just a real American who is thinking and caring of us here in Vietnam. With the news of continuing pickets and anti-war demonstrations by so-called Americans, we sometimes wonder if there are any real Americans left in the states. It is people like you, good Americans, who reassure us that our fight for freedom and a democratic way of life for the South Vietnamese is a worthy one. I wish to thank you again for your kindness and thoughtfulness.

### ULI Names Seymour

For the second consecutive year, Senior Vice President Charles F. Seymour of Jackson-Cross Company has been appointed to the executive group, Central City Council, of the Urban Land Institute. The appointment was made by ULI's current president, Hunter Moss of Miami. Seymour lives on Strath Haven avenue. Seymour joined Jackson-Cross in 1952.
