Rev. W. S. Eaton 'Skin of Our Teeth' Accepts New Post UWF Benefit Tonight

Becomes Adm. Dir. Chicago Clinic July 10

The Session of the Swarthmore Presbyterian Church has accepted the resignation of the Rev. William S. Eaton as Minister of Church Education. He joined the staff of that church in May, 1964.

eaton has been named Administrative Director of the Comprehensive Care Out-Patient Clinic which the Children's Memorial Hospital in Chicago, Il., operates in conjunction with the Chicago Board of Health.

The Clinic is one of three centers in Chicago funded by grants from the Children's Bureau of the Department of Health, Education and Welfare to provide health service to children living in low income areas.

In announcing Eaton's appointment, Joseph P. Greer, executive vice president of Children's Memorial Hospital said, "The concept of comprehensive health care for children will involve the total community. Mr. Eaton's experience in organizing and directing the activities and energies of groups for action will be invaluable in creating the broad participation of citizens in this new approach to medical service to all children."

The Comprehensive Care Clinic serves as area of the near-and mid-north sides of Chicago with a population of close to 50,000 children under the age of 20, who come from families with an annual income of less than \$5000 per year.

Funds for the clinics were made available to municipal agencies at the same time the Medicare legislation was passed by Congress in 1965. Chicago was the first city to receive approval for its program, and the clinic operated by Children's Memorial was the first to begin serving children. The first child was seen there last August, within three weeks after the funds were received by the Chicago Board of Health.

Additional funding through the Office of Economic Opportunity makes it possible for every child in Chicago to receive medical attention. Referrals to the Clinic come from the Chicago Board of Health, the Board of Education, Headstart, Infant Welfare Society clinics, private physicians, as well as on direct requests from families living in the designated

Eaton is a graduate of Bucknell University in Lewisburg, Pa., and the Union Theological Seminary in New York. He is married and the father of two children. He will assume his new post on July 10. Eaton also indicated that the Medical Clinic has un-announced plans to expand its facilities to include all ages.

BASEBALL PRACTICE

The Senior Baseball Team of the Swarthmore Recreation Association will practice at the Swarthmore College Field on Tuesday evening, June 6, at 6:30 p.m.

The West Delaware County Chapter of United World Federalists holds a benefit at Hedgerow Theatre in Moylan, tonight, Friday evening, June 2, at 8:30.

The play, "Skin of Our Teeth" by Thornton Wilder, is appropriate for Federalists to promote, for Federalists work strengthen the United Nations; to get mankind to unite in deliberate action to avert the type of disaster from which up to now we have escaped only by "The Skin of Our Teeth."

The theatre benefit affords an enjoyable, stimulating evening while forwarding the Federalist program.

Information may be gotten from Mrs. John W. Carroll, KI 3-2986, and at Bookways, KI 3-0926.

Answers To Be Basis Of Recommendations To Borough Council

During the coming week a survey of the recreational needs and interests of all Swarthmore residents will be conducted by the Swarthmore Coordinating Committee, composed of representatives from organizations in the borough. Questionnaires will be distributed to all households on June 2 and 3 and collected a week later by neighborhood volunteers. Results of the survey will be used by the Coordinating Committee as a basis for recommendations to Borough Council concerning the recreational needs of the community.

For several years the possibility of establishing a community recreation center has been discussed in Swarthmore. When the Coordinating Committee was formed a year ago, the idea of a community center was selected as the first topic for discussion. At a meeting in September '66 the group agreed to request an estimate from the National Park and Recreation Association for a professional recreation survey. Since this organization was unable to begin such a survey for at least a year, it was decided that the survey be (Continued on Page 3)

Two girls and eight boys will polish their French under the duidance of native professors. Having studied the language since 5th grade by the St. Cloud Method, they already have an impressive command of conversational French. While abroad, their review programs will stress nativelike accent and idiomatic phrases.

Those making the trip are: Alex Buhayer, David M. Carroll, William H. Clark, Jr., Mark A. Cohen, Elizabeth Fry. Stephen Hart, Arthur P. Johnson, Lawrie A. Mifflin, Charles F. Seymour, Jr., and Louis G. Stesis.

Back in their parents school days, summer study was a penalty ... sheer, outright drudgery. Education has come a long way and so have students. Eh bien?

College Offers H.S. **Computer Course**

A course for high school juniors and seniors in Data Processing Fundamentals and Computer Programming will be offered at the Swarthmore College Computer Center in June and July.

The course will be offered on Tuesday mornings, Wednesday afternoons and Thursday mornings from June 20 through July 20. Anyone interested may call the Computer Center at the College.

Ronald Anton, director of the computer center, holds an associate degree of Business Automation Manager from the Pierce Junior College, and has completed a fifth year at the night school of Drexel Institute.

He has worked the Burroughs 5500, IBM 1620 and EAM equipment. He has had programming experience with Philco, TAC, Monroe, Fortran 2 and Fortran 4, SPS, autocoder, and machine language. He is the author of a number of pamphlets on computer language.

The Commencement Exercises will be concluded with the singing of the Alma Mater.

Following the Commencement Exercises, the class will be guests at a party provided by senior class parents. This will be high-lighted by a boat trip on the Delaware River.

Memorial Thursday For Mrs. D. Laird Smith College Alumna

Served Youth A memorial service for Mrs. Marjorie Currier Laird was conducted in Swarthmore Presbyterian Church at 4:30 yesterday afternoon by the Rev. William S. Eaton.

Mrs. Laird died of asphyxiation and cardiac arrest Sunday night in Riddle Memorial Hospital, Lima where she was rushed by Media ambulance after choking at dinner in her home at 527 Riverview avenue. She was born in Detroit, Mich., and would have celebrated her 49th birthday on Tuesday of this week.

She was a graduate of Liggett High School a private school in Detroit and of Smith College, class of 1939.

She was married in 1944 in Grand Rapids, Mich., and moved to Swarthmore six years later, with her husband, David L. manager of the contract department of Strawbridge and Clothier, and two sons, David C. now 20 and Robert L. 18.

Mrs. Laird was a member and former vice-president of the Auxiliary Board of the Delaware County Child Guidance Clinic and had been active in raising funds for the new building and other needs of the Clinic ever since the organization of the Auxiliary Board 10 years ago.

She had served as chairman of the selection committee of the American Field Service student exchange program in Swarthmore, and, with her husband, headed the committee for the Swarthmore Christmas Ball in 1964 the first year it was held in Swarthmore College's new Sharples Dining Hall.

She also was formerly active in the local League of Women Voters and with the Home and School Association.

She was a member of the Fountain Street Baptist Church, Grand Rapids and had attended Swarthmore Presbyterian Church since moving here.

In addition to her husband and sons Mrs. Laird is survived by her parents, Mr. and Mrs. Oceola L. Currier, and a brother, Robert, in Grand

She had willed her body to the Anatomical Board of the State of Pennsylvania for medical research. It is the family's request that any friends inclined to send floral tributes make memorial contributions to the endowment fund of the Child Guidance Clinic instead.

Quiet Audience Hears Robinson Many Attend **Exercises Tues.**

Favored by a sparkling, clear Tuesday morning, cool enough to ease the long March by Color Guard, Scouts and High School Band to and from the exercises at Eastlawn Cemetery, a larger than usual group of citizens participated in the Memorial Day exercises at Borough Hall. Within the memory of longtime residents "it was the most orderly, listening audience in many years."

This made it possible to hear clearly the earnest, brief talk by Millard Robinson, High School Physical Education head in New York City, May 25. and Rotary President-elect.

"We stand here with millions of other Americans to commemorate the supreme sacrifice that men have made for love of country and in the cause of freedom and democracy... For Americans the search and fight for freedom began at Agincourt and continued at Verdun, Corregidor, Iwo Jima,

"We recognize that freedom is a very precious thing; that it comes at a very high price... No matter where you stand at the cemeteries at Arlington, Achen, Luxembourg, you see columns of crosses cascading toward you from the endless horizon. The magnitude of the sacrifice is overwhelming. A ZONING ALERT

Those who love Swarthmore as a residential community will remember that, on December 16, 1966, 84 residents of Swarthmore published a Statement of Principle concerning the erosion of residential areas by business interests.

That Statement of Principle by concerned residents of Swarthmore stated in part:

We, the following residents of Swarthmore, believe our Borough should continue to be a residential community with a limited business district.

Recently we have learned of proposals which: if accepted, would initiate the commercial encroachment of residential areas.

Those of us living on Cornell Avenue would be directly affected by the loss of our peace, privacy and quiet as provided by the existing residential zoning.

Those of us living farther away from Cornell Avenue see in such proposed enlargement of the business district a danger of deep significance to the future of all our homes because once one property in a block becomes commercial the door is open for business interests to take over the balance of the area. The commercial invasion of residential areas may be called progress by those who profit by it but to us who live here it would be a tragedy.

When and if the proposed public hearing on rezoning is an nounced we will welcome all residents' support in this cause.

Now we find that our concern was justified because the Swarthmore Borough Council has scheduled a hearing to review a new ordinance 'to authorize parking, etc." which in effect would permit the invasion by commercial interests of residential areas and the replacing of our trees and shrubs with blacktop parking lots.

We urge all citizens of Swarthmore to attend the at 7:30 p.m., Swarthmore Borough Hall,

Asks Understanding To the Editor:

A bill will shortly be intro-

duced into the State Legislature to increase the subsidy base from \$400 to \$500 per pupil. The School Directors would like the community to be aware of this bill as well as the current tax structure which has led to its introduction. State support of public school are:

education is determined by an aid ratio multiplied by the subsidy base of \$400 per pupil. A community with a low market value of real property has a higher aid ratio then a community with a high market value. The current aid ratio for this district is .3892, or almost 39% of \$400 per pupil.

The \$400 base represents the average per student cost of education in the state several years ago. The 1966-67 per pupil cost in Swarthmore-Rutledge School District is \$687.10. The difference between this amount and \$400 must be \$400 of expenditure. Residential possible. communities such as Swarthmore and Rutledge are at a disadvantage in comparison with communities containing industry and large shopping centers and having as a result higher market value per pupil. The aid ratio which is designed

to utilize the broader taxing

capacity of the state to partially equalize this disparity in tax base among communities is presently directed at minimal education only, not efforts towards quality education.

A change in the subsidy base would be a step towards remedying this situation. It would provide an additional \$66,133 to the school district, the equivalent of approximately

Everything seems to be going up these days . . . hemlines, the cost of living . . . but not the cost of phoning. Early this year we reduced our rates on a wide variety of services and equipment, including residence extensions, supplemental equipment, color phones, and other special services. We aim to provide the best possible service at the lowest possible cost. That's why your telephone service is one of the biggest bargains around

SOLD FOR A SONG...Recently a lady wanted to buy a canary, so she looked in the Yellow Pages under "Pet Shops." Calling a dealer, she asked if he had canaries that could sing well. The dealer put one of his birds next to the phone for a solo. After a couple of songs, the lady said "That was beautiful, send him over."

AROUND THE CLOCK . . . It happens very rarely, but suppose your telephone does go on the blink. Then it's comforting to know that you'll be taken care of in a jiffy . . . and, of course, without extra charge. For your telephone company's Repair Service is in business 24 hours a day. Just get to another phone and call Repair Service. You'll find the number in the Pink Pages of your phone book. If it's late at night, though, please be patient. Our man may need an extra bit of time to slip on his working clothes.

TELEPHONE PROVERBS...When calling friends to say hello, please don't mistake "zero" for the letter "O."

A WORKING PARTNERSHIP . . . Income and jobs created by economic activity are the main support of our way of life. The millions your telephone company pays to its employees, invests in expansion and improvements, and spends with other Pennsylvania companies for supplies and services—all these demonstrate that your phone company is a prime contributor to the economic health and strength of the state.

President Courtney C. Smith's Review of the Academic Year before the graduating seniors, their parents other friends of the college. is an anticipated part of the Commencement Exercises of Swarthmore College. Monday morning he

termed the year just completed a "turbulent, frequently decharacterized by the use of violence. The key word was "demand." (a one-way demand destroys the concept of academic freedom) students talked of "student power," "participatory democracy." Both concepts, he said, missed the point that a private college is of providing academic privilege to some students. In this year

Swarthmore's students kept

their "cool," enabling an es-

Borough Councilmen are re- consider. viewing a proposed parking ordinance which would permit, by special exception, use of suitable nearby premises, even if in a different zoning district. when parking could not be accommodated on the premise

The proposal was the subject of a Public Hearing held Monday night of last week, when some 100 people turned up to discuss the matter with Council. The ordinance was prepared after E. W. Bliss Company (which backs onto Cornell avenue properties) applied for variance to use 106 and 108 Cornell avenue for an employee

parking lot. If the variance were permitted, the houses would be torn down to provide off-street parking for the current 100 Bliss employees plus additional ones to be employed in an extension of the Bliss building on part of the lot adjacent to the building. (The "even-numbered" side of Cornell is now zoned residential but appears on the new borough plan as an apartment zone.)

The proposed ordinance which carefully details off- land immediately across street parking requirements for all new buildings including dwellings, was tenatively approved by the Planning Commission and later slightly revised to incorporate suggestions made by that body. 1 Residents Speak t At the June 12th hearing Dr.

Paul Mangelsdorf, Jr., of 110 Cornell avenue and Col. George Logan (USAF Ret.) of 104 Cornell, members of a "Committee" for a Residential Swarthmore" were the first of many speakers. Mangelsdorf presented petitions signed by 201 residents of streets throughout the borough, and a formal statement urging Council to "tighten up this ordinance and in particular make it clear that parking at one location for employees, patrons or visitors at another commercial use and not to be permitted in areas zoned for residential use."

He said, "We are not opposed to the Bliss Company - to parking -- or a modern parking strongly opposed to --- a residential zoning which would be created by this proposed

that more parking is needed" but our attack is against the contemplated parking lot on Cornell avenue and the possibility of any similar lots in ^{residential} areas elsewhere in the borough, he continued.

'Most Beautiful Place' Col. Logan said his wife and he had looked all over America, Europe and Asia before decidbeautiful place in which to buy retirement home, and that they had spent considerable had seen the problems of rising money adapting their house to school costs having to be met future needs. We have a pride and trust in our country and the administration that represents it and we are glad to support its undertaking in Vietnam for we know its purpose is right. The action of Mrs. Cook in

withholding tax money that should go to supply our service men is remindful of another time and other persons in this Pennsylvania area who withheld provisions from the cold and hungry patriots at Valley entitled, "Was Jesus a Forge and sold them at a good profit to the British foe. History does repeat itself or, rather, people repeat themselves. E. H. Taylor

Merits Consideration

a.m. in the music room through A suggestion advanced by Borough Council meeting certainly merits further consideration both by Council and the Planning Commission. I refer to the idea of underground parkat 10 Sunday. Children from

> Philadelphia's huge underground facility at the center of the city proves that such a solution can be useful, profitable and attractive.

If Bliss and the Borough were to cooperate in a project which made an inviting plaza out of the present Bliss parking lot and placed a two - or - three -level parking space beneath it, all

Property values for the entire neighborhood, including One-0-One itself, would be greatly improved. Bliss employees, parking perhaps at reduced seasonal rates, could enter their building directly without going out into the weather. People with busicould park conveniently and quickly. The apartment dwellers nearby would probably appreciate the additional parking

Once this semi-public facility was in operation, a 15-minute parking limit should be established (during normal business hours) on many of the surroundings streets. This move would serve the dual purpose of assuring maximum use for the underground garage and relieving congestion in the business district and along the residential

Raise Weight Limit For 1st Class P.O.

ers, will be able to send 25 pound parcels between first class post offices which are 150 or more miles apart. The present weight limit is 20 pounds.

This is the first of five increases scheduled to take effect annually until 1971, when a 40 pound, 84 inch maximum size will be authorized between all first class post offices. Size limitations are now 72 inches in combined girth and length.

Swarthmore Postmaster Charles Grier reminded mailers that parcels weighing up to 40 pounds can be mailed between first class post offices less than 150 miles apart. Packages addressed to and from 2nd, 3rd, and 4th class post offices, Alaska and Hawaii are not affected by the increase in size and weight provisions the Public Law 89-573, which became effective January 15. Parcel post mailings to and from these offices remain at 70 pounds and 100 inches.

TOURISM COUNCIL NAMES JOHN EGAN

E. John Egan, Drexel place, was elected chairman of the Philadelphia Area Council on Tourism at the regular monthly meeting held on June 20.

Egan, manager of food services at John Wanamaker's since 1960, is president of the Philadelphia-Delaware Valley Restaurant Association. Prior to his present post, he was food and beverage director for the Mayflower Hotel in Washington, D. C., and has held similar positions with the Hotel Roosevelt and the Hilton Hotels.

The new chairman of PACT is a director of the Convention and Tourist Bureau, a member of the National Restaurant Association, and is active in Cornell Alumni Association and the Cornell Society of Hotelmen.

Korea utilized the first ironclad battleship under the direction of Admiral Yi Sun Shin in a victorious battle against Japanese invaders in 1592. The vessel was built in the form of a giant turtle.

Nats Win Knee-Hi All-Star Game

Behind the four-hit pitching of Lee Gatewood, Rex Gary and Mike Rhodes, the National League All Stars hit safely 14 times and scored 17 runs, while limiting the best the American league had to offer, to two runs on four hits.

It was a typical All-Star game, played under the late June, hot sun. It would seem that it was the National League's turn to be victorious, after experiencing the same kind of defeat in 1966.

Bill Schmidt, Jeff Harmon and Dave Foley supplied the American League with some good pitching, but their team's hitters had better days. Andy Tolan of the Americans hit the longest ball, which turned out to be a triple. Dave Foley, Bill Schmidt (a double) and Alan Kelly were the other boys to hit safely. Jim Collenberg S.S. Craig Weaver C.F., Dave MacKay 3 B, Russ Steward R.F., Jim Roop C, Steve McCane 2 B. Mark Rivello 2 B. Ron Bloom R.F., George Schmidheiser C, and Mike Heffernan, were the other American League All Stars. Craig Weaver and Andy Tolan scored the two runs.

For the Nationals Tom Thorbahn had to be named the outstanding hitter as he accumulated three hits in four trips to the plate. Others who contributed to the Nats' hit parade were Sheldon Church,

Bill Snyder, John Roxby, Mort Delozier, Rex Gary (2 hits), Rob Collins, Jeff Martin and Jeff Field.

Gary hit a single in the 5th inning and a double in the 9th, while Thorbahn's singles came in the second, fifth and sixth passes. Brook Bunting, Andy Smith, Darius Ostroskis, Dave Trevaskis, and Alternates Greg Bird and Dave Keller also saw plenty of action.

Receives \$1000 Award

Swarthmore College athlete Robert Murray, Class of 1967, has been awarded a scholarship for postgraduate study by the National Collegiate Athletic Association. He will use the \$1,000 award to study at the Harvard Business School.

Both wrestling and track, the collegiate sports in which Murray made a mark, he learned at college. He was elected captain of both the varsities in his senior year and was awarded the Kwink Trophy by the society of team managers as the outstanding senior scholar-athlete.

A major in economics, he was vice president of Student Council, a dormitory proctor, president of the band, and chairman of the Social Committee. He is also vice president of the senior class.

He is a member of Delta Upsilon Fraternity and served as pledge master. He is the son of Mr. and Mrs. J.B. Murray of Ripon, Wis.
