Offers Pointers On Leaf Burning Health Officer Urges Air Pollution Care

Well, it's about that time again - and I don't mean time to do your Christmas shopping. I mean it's the time of year when you may get the urge to burn leaves and trash.

It is well known that Delaware Valley citizens are subjected to some pretty foul polluted air most of the time. We can help a little by keeping the burning of leaves, etc., to an absolute minimum. There is a Borough Ordinance that flatly prohibits "outside fires in the business and apartment districts, and permits them in the residence districts only when they are properly supervised," so as not to endanger any nearby structure, trees, shrubs, etc., or risk starting grass fires.

Also, it "forbids the burning of garbage and/or substances likely to generate objectionable fumes and odors and forbids fires under atmospheric conditions where the smoke generated is offending to persons using adjacent or nearby property."

It should be pointed out that no burning of any type is allowed in the Borough street - also, that leaves should be piled in the street along the curb as they will be collected by the Borough.

Now, if there comes a time when you feel sure you can burn trash without violating the above ordinance, then here are some rules you should observe:

1. Burn only dry trash - but do not burn cloth or other waste material that produces a lot of smoke and offensive odors.
2. Burn small amounts at a time - and not just on weekends.
3. Don't burn when the air pollution index is high.
4. Don't burn if there is a very strong wind that will increase the danger of setting a house, etc., afire.
5. Keep a bucket of water at hand for emergency.

If you observe all these points you just may avoid paying a fine!

Sex Education Topic for H & S Robert Levy To Speak At 8 P.M. Wednesday

On October 9, the first meeting of the Swarthmore-Rutledge Elementary Home and School Association for 1968/69 will be held in the Swarthmore Elementary School All Purpose Room at 8 p.m. with Marvin

Robert Levy as the speaker. Mr. Levy's topic will be: General Sex Education in Elementary Schools.

His experience as head of a family, Naval Commander, teacher and coach, and Supervisor of Health and Safety Education for New Jersey have contributed to a broad knowledge of problems "euphemistically" called personal health problems.

Mr. Levy is married and has three children. His education has included a B.S. from Trenton State College in Health and Physical Education; and M.A. from Teachers College, Columbia University, as well as advanced study at Columbia in College teaching. His teaching experience has included Great Neck Senior High School (where he served as director of its Sports Center along with coaching duties) as well as the institutions at which he studied. More recently, he is serving as Director of the Drug Abuse Education Project sponsored by the American Association for Health, Physical Education and Recreation.

His concerns for the personal health of young people are reflected in articles on drug abuse and sex education in the schools published in several education journals.

MRS. HERBERT EVANS, 42-YEAR RESIDENT

Mrs. S. Herbert Evans of 915 Strath Haven avenue passed away early Sunday morning in Riddle Memorial Hospital where she was taken on Saturday morning after a brief illness.

She was a member of Trinity Church. Surviving are a daughter, Mrs. William L. Newkirk, Jr., of North Branch, N. J., and two grandchildren, Amy and Jeffrey. Her husband died in January, 1958.

Public Library In New Service

The Swarthmore Public Library announces the arrival yesterday of a Docustat which is available to the community for a charge of 10 cents a page.

Once the library directors were persuaded by the increasing number of requests for such a service, Director Charles H. Topping was named to investigate available machines. His investigation was extensive and thorough and included visits to public libraries using reproducing machines.

The local library's new acquisition is a result of the Library Board's decision that the Docustat (making its own change up to a quarter) now installed and in service, fits the Library's program best.

The machine prints a positive reproduction (black on white background) and a reasonably good photography copy and will duplicate a book page, thus easing the work of reference students.

Police & Fire News

At 4 p.m. Saturday Swarthmore firemen helped fight a field fire near Notre Dame de Lourdes Church, Fairview road.

At 9:05 p.m. Sunday Swarthmore's two police cars joined Media, Springfield and Ridley care which were of the Society are James Reuling president, Donald McGoldrick first vice-

president, Joseph McAndrew second vice-president, Gerald McHugh secretary, Thomas Masuti treasurer, and William Cornish and Herbert Jansen marshals.

One apprehended on Yale avenue by Springfield shortly thereafter proved to be a 14-year-old township boy reported missing by his parents a week earlier. Springfield Police Chief Lester Forrester said the boy admitted taking the car from a used car lot on the Pike near Woodland avenue Saturday night. He was kept overnight in Springfield and sent to the county juvenile detention home Monday.

A Philadelphia man was held under \$500 bail for grand jury on hit and run charges in a hearing Monday afternoon. Charles Linck of Wallingford testified a car owned by the man had been coming south on Chester road at 7:15 a.m. September 17 and did approximately \$200 damage to the car which was driving north, in front of The Swarthmore Apartments. Police traced the man through Linck's description of the car and license number. They said he maintained he had left his car on the parking lot of his place of employment when it wouldn't start the previous afternoon, and had returned to find it in a different spot, with a damaged left fender and bumper, indicating it had been stolen. Police said the man normally travels to work on Chester road about the hour the accident occurred, and that he had not reported the car stolen or damaged before he was apprehended later that week.

At the same time Monday afternoon in another part of Borough Hall under another justice of the peace a 21-year-old Wilmington, Del., man who formerly lived on Chester road south of Fairview road was held in similar bail for court on charges of larceny.

Swarthmore Police Chief William G. Weidner said it is alleged that the man, accompanied by a 16-year-old Linwood boy for whom juvenile Court petition has been filed, entered Fusco's at 8:15 a.m. Friday, September 13, and re-

moved \$235 in cash and checks, three batteries and seven tires. He was employed at the garage at that period and had closed up about 10 o'clock the previous night.

Final results of the Annual tournament were: mens singles - Larry Shane over Harry Coslett; mens doubles - Marty Shane over Alice Willett; mens doubles - Larry Shane and Harry Coslett over Dick Clark-

son and Don Hunton, and ladies doubles - Marty Shane and Carol Jackson over Alice Willett and Sibby Toland. Senior mens singles - Richard Clark over Bill Trumpler; mixed doubles - Mity and Larry Shane over Glimy and Harry Coslett.

In consolation play: Mens singles - Doug Bender over Stu Duff; lady's singles Genie Mackey over Molly Patton; mens doubles - Jim Hazard and Ben Hecksher over Doug Bender and Jim Noyes; ladies doubles - Phyllis Stavek and Jody Hammer over Sue Marrs and Cynthia Bender; mixed doubles - Sue and Bob Marrs over Molly and Barry Patton.

The annual banquet was held last Friday evening in Media at which time the following officers were elected: President Gerald Latis; Vice-President Ted Shook; treasurer Don Schuber; secretary, Jim Hazard; membership, Barbara Mackey; activities, Dan Jackson; ladies chairman, Phyllis Stavek and publicity chairman, Molly Patton.

Players Club To Open 58th Season

October Play Begins New Time Schedule

The 58th season of the Players Club of Swarthmore will open on Sunday, October 6th at 4 p.m. with the presentation of a one act play "THE RED CARNATION" under the direction of Otto Utens. After the play a reception will be held back stage, where refreshments will be served.

"Once Upon a Mattress" will be the first production for the Players and will be presented the next two Thursdays, Fridays and Saturdays, October 10, 11 and 12, and October 17, 18 and 19 at the clubhouse on Fairview road.

Despite its provocative title, the play is "a field day of literary license" carried out on Hans Christian Andersen's tale of the "Princess and the Pea."

Robert Kerr directs the play written by Jay Thompson; Jack McDonnell is cast in the role of Prince Dauntless, Barbara Hollander portrays Princess Winifred.

Several changes have been made in the coming season for the convenience of the membership. All Thursday night performances will begin at 8 p.m., so that the plays will be over at a reasonable hour. Friday and Saturday night performances will have an 8:30 curtain. The doors will be open one hour prior to curtain time.

In addition to the eight plays to be produced this season there will be a full schedule of Work Shops and Seminars, covering all angles and phases of the Theatre. All members are invited to participate.

For further information concerning the meetings Mrs. W. M. Stanton, Chairman of the Recreation Committee, League of Women Voters may be called at KI 4-1851.

INSTEAD

Instead of a debt for "the last wooded lot," Let's spend what we've got. Our town now looks shabby and down at the heel, Let's do what we can for a need that is real!

Time WAS when the Boro kept streets in repair; NOW they are broken and lacking in care. Instead of concern for the "Last Open Space" Why not show PRESENT pride, and clean up THIS place?

Take weeds from the gutters; fell trees that are dead. Buy More for the future? Maintain NOW instead. (There's nothing aesthetic in places run down; It's simply pathetic to walk round our town.)

Let's implement action that calls for repair, And prove to our Council we citizens care. Vote "NO" for additional care and expense, And face TODAY'S problems, not those of yours hence! Alice Fricke Hoot

Swarthmore College will host the Red Devils of Dickinson College Saturday in its 1968 Middle Atlantic Conference league opener. Both teams lost their openers: Swarthmore losing 37-0 to Wooster of Ohio and Dickinson 49-6 to Lebanon Valley.

Coach Lew Elverson says "next week we'll be much stronger, we'll correct most of our mistakes and get back on the track."

Elverson plans to concentrate work this week on the offensive line and the wide rush defense. Wooster stopped Swarthmore 3 times from inside the 10, while the wide rush defense gave up most of its 29 yards on Wooster sweeps.

Last year Swarthmore beat Dickinson 52-6 in its season opener and holds a 17-14-4 edge in the rivalry which dates back to 1889.

Homecoming Sat. At College

Swarthmore College will highlight its Homecoming tomorrow with a football clash with the Diplomats of F & M on Clothier Fields. Kick-off is 2 p.m.

F & M comes into the game with a 2-0 record, having pulled an impressive upset over Johns Hopkins 27-6 last Saturday while Swarthmore evened their record at 1-1 with a 21-11 victory over Dickinson.

Garnet Coach Lev Elverson was "happy to win Saturday but was disappointed with the running game."

Chip Burton, whose 51 yards in the first half accounted for most of the team's gain, injured his knee while setting up the Garnet's second touchdown and will be out for the rest of the season. To replace him will be a tall order.

F & M, last year 23-20 victims of the Garnet, holds a 26-18-9 edge in the rivalry which dates back to 1889.

Other Homecoming activities will be a cross-country meet against F & M, Swarthmore's first meet this season, and a soccer game at Dickinson. Starting time for these events is 2:30 p.m.

Films will be announced as scheduled by Mrs. Weston, Children's Librarian, whose previous work with 5th and 6th graders in California and in Michigan brings both experience and enthusiasm to the story hours.

Mrs. Weston plans brief reviews of new and old books and an informal sharing of books read by students. The Library will furnish the Children's Book Week folders "Good Grief, Charlie Brown" and "I Plan to Read" in which students can list the books they have read.

The 4th, 5th, 6th grade is scheduled to continue at the same hour on Wednesday, October 30, Thursday, November 14, Wednesday, November 27, and Thursday, December 12 and to continue in January, dates to be announced.

Mrs. Weston looks forward eagerly to meeting and knowing the 4th, 5th and 6th graders.

Something In Between Says Swedish Student of SHS And School At Home

Swarthmore High School and the Swarthmore community are proud of a young man, a tall, handsome friendly "dark haired" American Fields Service International Exchange student from Goteborg, Sweden.

He sat relaxed in the John Carroll home on College avenue, his host family, telling in perfect English (he has studied it eight years in school) about his country, his family in Sweden, and his experiences so far in the United States.

Goteborg, on the West coast of Sweden, is a large industrial city, the main port for all of Scandinavia, where his father is a building engineer, and his mother a teacher in a school for immigrant children. Also at home is a younger sister, 15 years old. Goran attends a technical high school there because his main interests are science and mechanics. He plans to go on to a university "after one more year at TG2" as his school is called.

He is adjusting to Swarthmore High School which he finds very different from his school. "The size is the same but not much else," he says. At "TG2" there are no rules, no study halls, no dress rules, no required attendance, little contact with the teachers, and no competitive sports or school spirit. His school does have activities after school hours, a photography club (he is an active member), a skin diving club, chess and art clubs and a "rocket" club ("a club that builds rockets," he explains).

"Swarthmore school has too many rules!" he says, "and

At the convention some 125 "citizen delegates" from 27 nations and five continents discussed the basic principles required to establish a world federal government "with powers adequate to secure peace and to promote social and economic justice."

Among those who sent the convention their good wishes were Trygve Lie, first Secretary-General of the UN, and Pennsylvania Senator Joseph S. Clark, a member of the Senate Committee on Foreign Relations.

Dr. Logue attended in his capacity as director of Villanova's World Order Research Institute. The Institute's research focus is on world organization and, in particular, on the United Nations. Among convention delegates whom Dr. Logue interviewed were Ambassador R. K. For Senior Boys

Peter P. Miller, assistant to the vice president for Industrial relations at Scott Paper Company, was the speaker Tuesday at the high school senior boys' health class. His topic was "What It Takes to Get a Job and How to Keep It."

Last Tuesday's speaker was Douglas C. Thompson, assistant dean of admissions at the college, who spoke on "Planning for the Future."

"Glove fingers" McCaffrey stood out on offense in addition to his work as safety man. Mike McCane, who substituted at right half for the injured Lee Layton, came into his own for the first time this year and stood out with fine tackling and an excellent pass interception. Chip Robinson continued his steady performance at quarterback with Jack Keeffe backing up the position in great style; fullback John Rivello ran harder as the game progressed and gets a special "over the dome" for taking over the punting chores in the last quarter for the injured Jim Hood.

AFS Student

(Continued from Page 1) my school in Sweden is too liberal, something in between might be better," he muses.

Goran went on to explain more about the difference between Swedish schools. They are all free to students, even all the universities. The government provides scholarship funds to all students to help pay for their room and board.

"This is to help keep students in school and help their families," he states. "There is free medical service and free education at all levels in Sweden, thus the taxes are very high."

At Swarthmore Goran is studying English, History 11 and History 12, and a new course in astro physics which is especially to his liking because of his technical background.

He enjoys the teachers and the school spirit - a new experience for him.

What does he do in the summer? One summer he spent in England with a friend improving his English. Another summer he and his father built their summer home on an island 50 miles out from Göteborg.

This summer he worked five weeks in the Volvo automobile plant before he sailed from Rotterdam on the S.S. Waterman for New York with other AFS students.

He was met by Mr. and Mrs. John Carroll and David Carroll (his American brother) in New York. The rest of the summer the Carroll family and Goran went camping in Estes Park, Colorado. They spent one week at an American Friends Service Committee family camp and another week in a cabin with the Yarrow family, hiking, mountain climbing and horse back riding.

Camping is a popular sport in Sweden and again Goran was struck by the differences. "In Sweden you can camp on anyone's property you like except their garden. It is an old 15th century law," he remarks. He is amazed at our huge public camping parks. "The national parks in Sweden are for conservation - not camping," he says.

Quoted on family life in Sweden, Goran replied "Teenagers are more independent from their parents, and do many things on their own."

Besides photography, politics is one of his special interests.

and he is looking forward to being in the United States during an election year. Already he has attended some political meetings and observing with keen interest how the election is developing. At school he is working on the year book and active in the International Relations Club. Of course he likes skiing, and hopes to do some while he is here.

The American Field Service is a private, non-profit, non-sectarian organization devoted to encouraging international understanding through education. Swarthmore has had an AFS student since 1956. Goran learned about AFS from a friend in Sweden who had been an AFSer in Cleveland, O. Her enthusiasm encouraged him to apply. AFS has been called "the world's largest import-export house of students and of good will."

"excellent programs," its request for additional aid, and urging Council to establish a Park and Recreation Commission to determine and oversee what recreation is necessary for a healthy municipality.

Public Safety Chairman Frank Keenen said it will cost \$300 to maintain the borough's six traffic lights next year instead of the annual \$150 which has been paid since 1961. He also said that teen-agers have been permitted to congregate on newly placed benches for the elderly despite the borough's anti-littering ordinance, but this privilege will be withdrawn unless the "horrible litter" surrounding the benches decreases. "Trash baskets are less than eight feet away, he said. "I can't understand why they aren't used unless parents are bringing up their children to live like pigs."

Highway Chairman Lucian Burnett said an overgrown area owned by Penn Central Railroad at the north end of Park avenue had been cleared by borough workmen and the rail-

road would be billed. A letter from Aubrey Smith, owner of a vacant lot at Dartmouth and Swarthmore avenues protested a \$15 bill issued to him for the borough's cutting of grass along the bordering sidewalks.

Council will advertise for bids to create a meeting room for firemen in the Fire House.

Weight Footballers

The teams split their two games again this week. The Middleweight defeated Lansdowne-Aldan 49-6, the Lightweights lost, 6-0.

Middleweights scored their highest point total in a good many years as nine different players hit the scoring column. Jim Baird scored two TD's on passes from Pete Morrison, who threw for three, while Steve Mann, Jack Reese, Jeff Hopson, John Restrepo and Mike Bates added TD's. Rex Gary, Eddie Riggs, Morrison, Restrepo and Bates combined for the extra points to sound out the scoring.

The offensive line constantly outcharged Lansdowne as Jay Stanton, Bob Mecouch, Andy Skipp and Tom Thorbahn ripped wide holes in the L-A line. Daruis Ostrauskis, Jim Douglis, Les Gatewood and Mark Haskel led the hard charging defense.

The Lightweights played a much stronger game only to lose as a result of several offensive miscues. Chuck Fetzer, Karl Barbour, Dave Conn and Mike Rhodes provided a strong running attack behind the sharp blocking of John Sherman, Dave Keller, Bill Lukens and Brook Bunting. The defense hit hard throughout the game as Mark Rivello, Mort Delozier, Dave Ball, Don Henderson, George Schmid-helzer and Gordon Lane led the charge.

Police and Fire News

At 8:30 p.m. last Thursday Elmer Lewis of Ridley Township driving north on Cedar lane, stopped for traffic and was hit in the rear by a car driven by Julius Pacetti, Clifton Heights, according to police. The Pacetti car required towing. Mrs. Ann Lewis was treated for whiplash at Tri-County Hospital.

At 4:40 a.m. Saturday another Ridley Township resident, Michael D. McDonough, heading south on Chester road stopped his car for the College avenue traffic light. Police said he was hit in the rear by a car driven by William J. Connell of Chester and forced 150 feet south, striking a tree on the west side of the highway. The Connell car traveled 50 feet, colliding with and partially disabling the traffic standard.

McDonough was taken to Tri-County Hospital with broken arm and back injuries by Springfield police. Connell, taken to Taylor Hospital by Springfield ambulance, refused treatment for face cuts. The McDonough car was a total wreck, the other made inoperable by a badly damaged front.

Sometimes an off-duty policeman gets better results than an on-duty one -- like Sunday afternoon when Patrolman Edward Burrell, walking with his children in Crum Woods, discovered a motorcycle sitting in the woods at the foot of Elm avenue. It turned out to be a vehicle that Swarthmore College student Rika Alper had reported stolen from in front of her home 114 Cornell avenue six days earlier.

SHS TO HOST
DARBY-COLWYN

The High School Garnet will face Darby-Colwyn tomorrow, at 10:15 on the Rutgers Avenue Field. Swarthmore, with last Saturday's 13-19 loss to Sharon Hill on its back, will be seeking its second win in three league games.

In the game Saturday, SHS won everything but the ball game - first downs, total yardage, passes completed, but the steady Owls made fewer mistakes. Swarthmore's defense, led by Co-Captain Craig Coll, was excellent 90 percent of the time, but the few moments the boys were off guard made the difference.

The Garnet stopped the first Sharon Hill offensive effort, misquarantled the punt, and the Owls took over at the Garnet 35. Although the Garnet held and John Rivello kicked out with a beautiful 50-yarder, it was the next kick that set the stage for Sharon Hill. Their first TD was a break through the middle that went for 65 yards. They were also able to recover a Swarthmore fumble on the Garnet 27, and scored four plays later.

Swarthmore got its first touchdown on a pass from Quarterback Chip Robinson to End Kevin McCaffrey. The ball was put into position with an offense that combined Robinson-McCaffrey passes with running by fullback John Rivello.

Neither team scored in the third quarter, although at this time Swarthmore had the lead. Fullback John Rivello certainly played his best game of the year and showed fine running ability.

Sharon Hill scored in the last quarter following an Owl interception that put the ball on the Garnet 25. Swarthmore scored four plays later with a sensational aerial display that moved the ball from midfield all the way to touchdown territory in four plays. Again "Chip Robinson to McCaffrey" passes were the key ground gains but the one pass that Jimmy Hood threw to Jack Keeffe for 20 yards set the stage at the 10 yard line.

Highlights of the game were: The fine safety punt receiving of Jack Keeffe; John Rivello's punting, filling in for the injured Jimmy Hood (suffering from a thigh muscle bruise from a tough assignment); Bruce Kelly's running at left halfback when Mike McCane was injured at right halfback; Dave Williams' point after touchdown.

Others who played in the game were George Johnson, Richard Semenuk, Kent Coll, Mike Slett, Bob Deane, Benji Kerr, Eric Spence, Bill Reed.

Concert Tonight

Members of the quartet are Zoltan Szekely, first violin; Michael Kutner, second violin; Denes Koromzay, viola and Gabriel Magyar, cello.

Speakers Available
On Social Security

Speakers to explain the social security program are available to local civic clubs, PTA's, and other groups now making plans for their 1968-69 meetings.

Harry R. Peterman, Social Security district manager, said his office at the Fidelity-Chester Building, 5th and Market streets, Chester, will provide speakers at no charge to community organizations.

"There have been many recent changes in the law," Peterman said, "and it makes good sense for young workers and their families, as well as older folks, to know what social security cash benefits are payable in case of death, disability or retirement."

Some clubs that already use the speaker service include Kiwanis, Lions, Rotary, women's organizations, and Golden Age groups.

Program chairmen desiring to use the service may make arrangements for a speaker by telephoning TREMONT 2-6121.

Honor Speaker
Mrs. John M. Spatz, Pittsburg, president of Pennsylvania Federation of Women's Clubs will be the honored guest at a dinner at Springfield Country Club on Wednesday, given by the Board of the Delaware County Federation of Women's Clubs.

Mrs. Francis H. Forsythe, Swarthmore, first vice-president of the County Federation, is in charge of the dinner and will have Mrs. Spatz stay as her overnight guest.

Mrs. Spatz is the principal speaker at the Annual Fall Meeting of the Delaware County Federation of Women's Clubs on Thursday, October 24 at Lansdowne Twentieth Century Club.

Plan Weekend of Eastern Music

The Cooper Foundation of Swarthmore College will sponsor a weekend of Eastern Music. There will be a concert of Indian music on October 26 in Clotworthy Hall at 8:15 p.m. Nikhil Banerjee will perform on the sitar and Kanak Dutta will perform on the tabla.

On Friday, October 25, at 4:30 p.m. there will be a lecture and demonstration of Indian Music in Bond Hall, and at 8:15 p.m. there will be a lecture on Chinese music by Bliss Wiant in DuPont.

Nikhil Banerjee has come to the U.S. for the past two years as part of the American Society for Eastern Arts' program to encourage the study and appreciation of the Asian performing arts.

At the age of nine, Nikhil, a native of Calcutta, was given the highest honor at the All Bengal Star Competition. Two years later, in 1942, he became the youngest musician employed by All India Radio and played for them for the next five years while continuing his studies.

In India, his performances are especially known for the purity of his classical style and the intense vitality of his improvisations. In Calcutta he is a professor at the All Akbar College of Music.

Kanak Dutta, the tabla-player, is recognized as one of the best musicians in his field. He has toured the U.S. and Europe with Ravi Shankar and has made a number of recordings with him.

Now he records and performs regularly with Nikhil Banerjee both here and in India.

Banerjee and Dutta will perform a series of ragas and talas at their concert at Swarthmore. The program is free and open to the public.

Speakers Available
On Social Security

Speakers to explain the social security program are available to local civic clubs, PTA's, and other groups now making plans for their 1968-69 meetings.

Harry R. Peterman, Social Security district manager, said his office at the Fidelity-Chester Building, 5th and Market streets, Chester, will provide speakers at no charge to community organizations.

"There have been many recent changes in the law," Peterman said, "and it makes good sense for young workers and their families, as well as older folks, to know what social security cash benefits are payable in case of death, disability or retirement."

Two big dates loom on the future calendar of Swarthmore Recreation Association...The first, Monday, October 21, when the initial session of the Adult Recreation program begins... On that night, according to Director Don Henderson in the High School gym, an informal program of basketball, volleyball and badminton opens, under the supervision of Wesley Rank, assistant director of SRA...Registration at the door. Married couples are especially encouraged to come on out and sample the games; This program will be held each Monday evening from 7:30 to 10 through March 17.

The second big date is Saturday, October 26...when The Swarthmore Rotary Club once more makes SRA the recipient of their bounty... "I Love America Day" begins after the group in the community... details on "I Love America Day" elsewhere in this paper.

Teen Age Open House last Friday had 132 young people present for dancing, games and refreshments... adult chaperons were Mr. and Mrs. Martin Dus and Mr. and Mrs. Robert Kelly. Youthful supervisors assisting director Francis Tracy included Jean Brown, Joan Brown, Rick Luder and Jack Kulp.

Tennis continues on Saturday mornings...even if it seems a little on the cool side... come on out... this is a sport to please the most fastidious... and even better for the health than jogging, believe it or not... coaching by Don Dreisbach.

Soccer on Sundays has grown to such proportions that we've had to add a number of coaches to take care of over 100 boys eager to boot that ball up the field... Coordinator Dan Goldwater now has the following men lending their skills... Norman Weir, Drexel; Willard Hollander, Haverford; Stephen Phillips, Bryn Mawr Avenue; John Mulvill, Cornell Avenue; Henry McCorkle, Park Avenue... and of course Dr. John Roxy, William Salom, Charles Brennan, veterans who helped get this game launched in Swarthmore... this week, informal leagues are being formed, and from here on out results will be reported by League.

LOOK FOR A VOLUNTEER
TEENAGER AT YOUR DOOR TONIGHT... he'll be distributing posters and information about the Chicken Barbeque and "I Love America Day"... help him make this one of the biggest events in Swarthmore history... eat chicken for SRA - and don't forget - it freezes for future eating pleasures!... there isn't any way to say "Thanks" to Rotary - except to support this program.

FIGURES & ARGUMENTS IN RE RUMBLE-TITUS TRACT PURCHASE

AGAINST THE PURCHASE

Acquisition and development of the Rumble-Titus tract should be considered in perspective as but a part of our entire Borough living program - not as a separate entity. We voters should ask ourselves as we pull that handle on November 5th some questions, such as - (a) does Swarthmore really need more open space-developed or undeveloped now or in the future? (b) is this the best investment (among several alternatives) of our tax money for the majority of our residents by reason of location, and accessibility, functional usefulness and maintenance cost?

As to need for open land-statistics on ratios of open acres per inhabitant unit for cities or towns from various sources may not be applicable to Swarthmore. We have an extremely high proportion of single unit homes on sizable lots that are used by a majority of residents for "outdoor" living. Furthermore our building code and long term zoning plans are designed to insure continuation of this situation. There seems little reason to fear loss of our private open land and Swarthmore will remain the forest of trees it now is (have you ever viewed it from the air and compared it with thousands of other communities you fly over these days?)

We also have the great privilege of association with a college campus of outstanding natural (and developed) beauty and public school acreage. These open spaces are available to all for playing fields or quiet contemplation of nature as long as our citizens treat them with appreciation and respect. Specifically Swarthmore College is known to be interested in cooperating with the Borough in the improvement and development of the college owned land in the Borough adjacent to Crum Creek and Yale Avenue. At present, many use this area for access to the creek and valley for walking, skating and other recreational activities. Improvement of the

parking and development of a picnic area on the Borough side of Crum Creek at Yale Avenue would be possible at a modest cost and on a mutually agreeable basis with the college. The public school acreage is not likely to be lost to future buildings since Swarthmore cannot gain significantly in population and expansion in neighboring communities will be cared for in those areas rather than here. This points to the attractive possibilities on the 5 acres behind Rutgers Avenue School, which in addition to wooded and creek areas has adjacent playing fields.

In considering our long term recreation and community planning we should also take into account the recent purchase by the Borough of the lot behind the Woman's Club. With some additional land this can be the nucleus of a geographically centered community area on which might be a building with facilities usable 12 months of the year by groups - hobby classes - small and large social units - and by all ages. The total investment might well be more than that presently being considered, but our return on the dollars invested could be far greater for us all and well worth striving for.

Although not necessarily a primary factor in our considerations but nevertheless should not be ignored is the cost of the current proposal. It should be clearly understood that any figures on the Rumble-Titus proposal are as yet very rough estimates. There are no firm costs of land acquisition, no development costs because no plans for use exist, and no maintenance costs because we don't know what to maintain. But let us not be misled by any typical "per acre" numbers from existing park systems. These are usually marginal, not overall. Swarthmore would face capital investment in equipment for mowing and other maintenance, additional manpower, fencing, etc. not reflected in those marginal acreage costs. In the absence of such information, the voters are to a significant degree signing a blank check

ESTIMATED COSTS

At the September meeting of Borough Council, the Administrative Committee reported the results of its investigation of the Rumble-Titus project. As the citizens of Swarthmore will vote in November on whether or not the Borough should purchase the Rumble-Titus tracts for park and/or recreational purposes, a summary of the Committee's report is presented herein.

As shown on the map, the Rumble property encompasses some 1.69 acres excluding the Rumble residence. The property was purchased on September 30th by Francis Cannon, a builder, with the intention of erecting seven homes thereon, each to sell in the \$30,000.00 range. Mr. Cannon intends to sell the Rumble residence for about \$35,000. The amount paid by Mr. Cannon for the Rumble property including the house was \$65,000.00.

The Titus property, exclusive of the houses thereon, amounts to some 1.04 acres. It has been thought that the value of this land would approximate \$20,000.00.

The cost to the Borough in acquiring these two properties - a total of 2.73 acres - cannot be determined accurately at this time. What can be said is that the value of the Cannon property is \$65,000.00 less the anticipated sale price of the Rumble residence of \$35,000.00 and that the Titus open acreage is believed to be worth about \$20,000.00. Should the Borough decide to purchase these properties, negotiations would have to be had with each owner, and failing to reach agreement, recourse would have to be had to a form of arbitration. This could increase the cost of the properties.

The Borough Council has met with representatives of the state and has been advised that state aid is available to boroughs for themselves and future residents of Swarthmore in approving the current proposal. Let us not get lost in the Rumble-Titus trees when there are forests all around us!

and townships in amounts up to fifty percent of capital expenditures for recreational purposes. The state sets forth several requirements for this aid, among them being the necessity for the Borough to submit a plan for the proposed use of the facilities, the need to appoint a "Park and Recreation Board" and the submission of two appraisals on the property. We believe the purchase of the Rumble-Titus tracts would qualify for the maximum state aid.

Estimates have been made of certain capital expenditures which would need to be made should the Rumble-Titus tracts be purchased for use as a park or recreational facility. They are as follows:

Fencing - 6 ft. chain link \$4,500.00; Mowing and maintenance equipment \$2,500.00; Pruning and replanting \$2,000.00; Paths, bridges, benches and parking area \$8,000.00; Park equipment (optional) \$3,000.00 total - \$20,000.00.

Annual operating expenses are estimated to be:

Maintenance, upkeep and supervision \$7,500.00; Debt service - 5 years amortization \$8,500.00 total - \$16,000.00.

In summary, the capital cost to the Borough for the purchase of the Rumble-Titus tracts would be approximately as follows:

Rumble property \$65,000.00 Less sale of residence \$35,000.00 total - \$30,000.00; Titus property - \$20,000.00; Capital improvements \$20,000.00; Appraisals, legal and miscellaneous \$7,000.00 total - \$77,000.00; Less: State aid at 50% - \$38,500.00 Net total - \$38,500.00.

Opinions in favor of purchase were submitted to Borough Council by the League of Women Voters, the Swarthmore Planning Commission, the Delaware County Planning Commission, the Swarthmore Recreation Association and interested citizens.

Opinions in opposition to purchase were received from the Swarthmore Property Owners Association and interested citizens.

FOR THE PURCHASE

In November the residents of Swarthmore will have the unique opportunity to express, through the ballot, their opinion as to whether or not they are in favor of the Borough of Swarthmore purchasing the Rumble-Titus tract for "park" and/or recreational purposes. The Swarthmore Planning Commission, the Delaware County Planning Commission, the Swarthmore Recreation Association, and the League of Women Voters are in favor of acquiring this land.

Open land, which is neither privately or semi-publicly owned within the limits of the Borough of Swarthmore, is at a premium. At the present time, the Borough owns less than five acres that are in use as a park or recreational facility.

Statistics and surveys have shown conclusively that additional acreage is needed. There must be a healthy balance between open land and the ever increasing population. The National Recreation Association indicates that 10 acres per 1,000 people is needed. The 1960 Swarthmore census shows a population of 5,723 people. Presently, Delaware County provides about one-half this open area. Swarthmore should, therefore, supply around 30 acres - it has less than five.

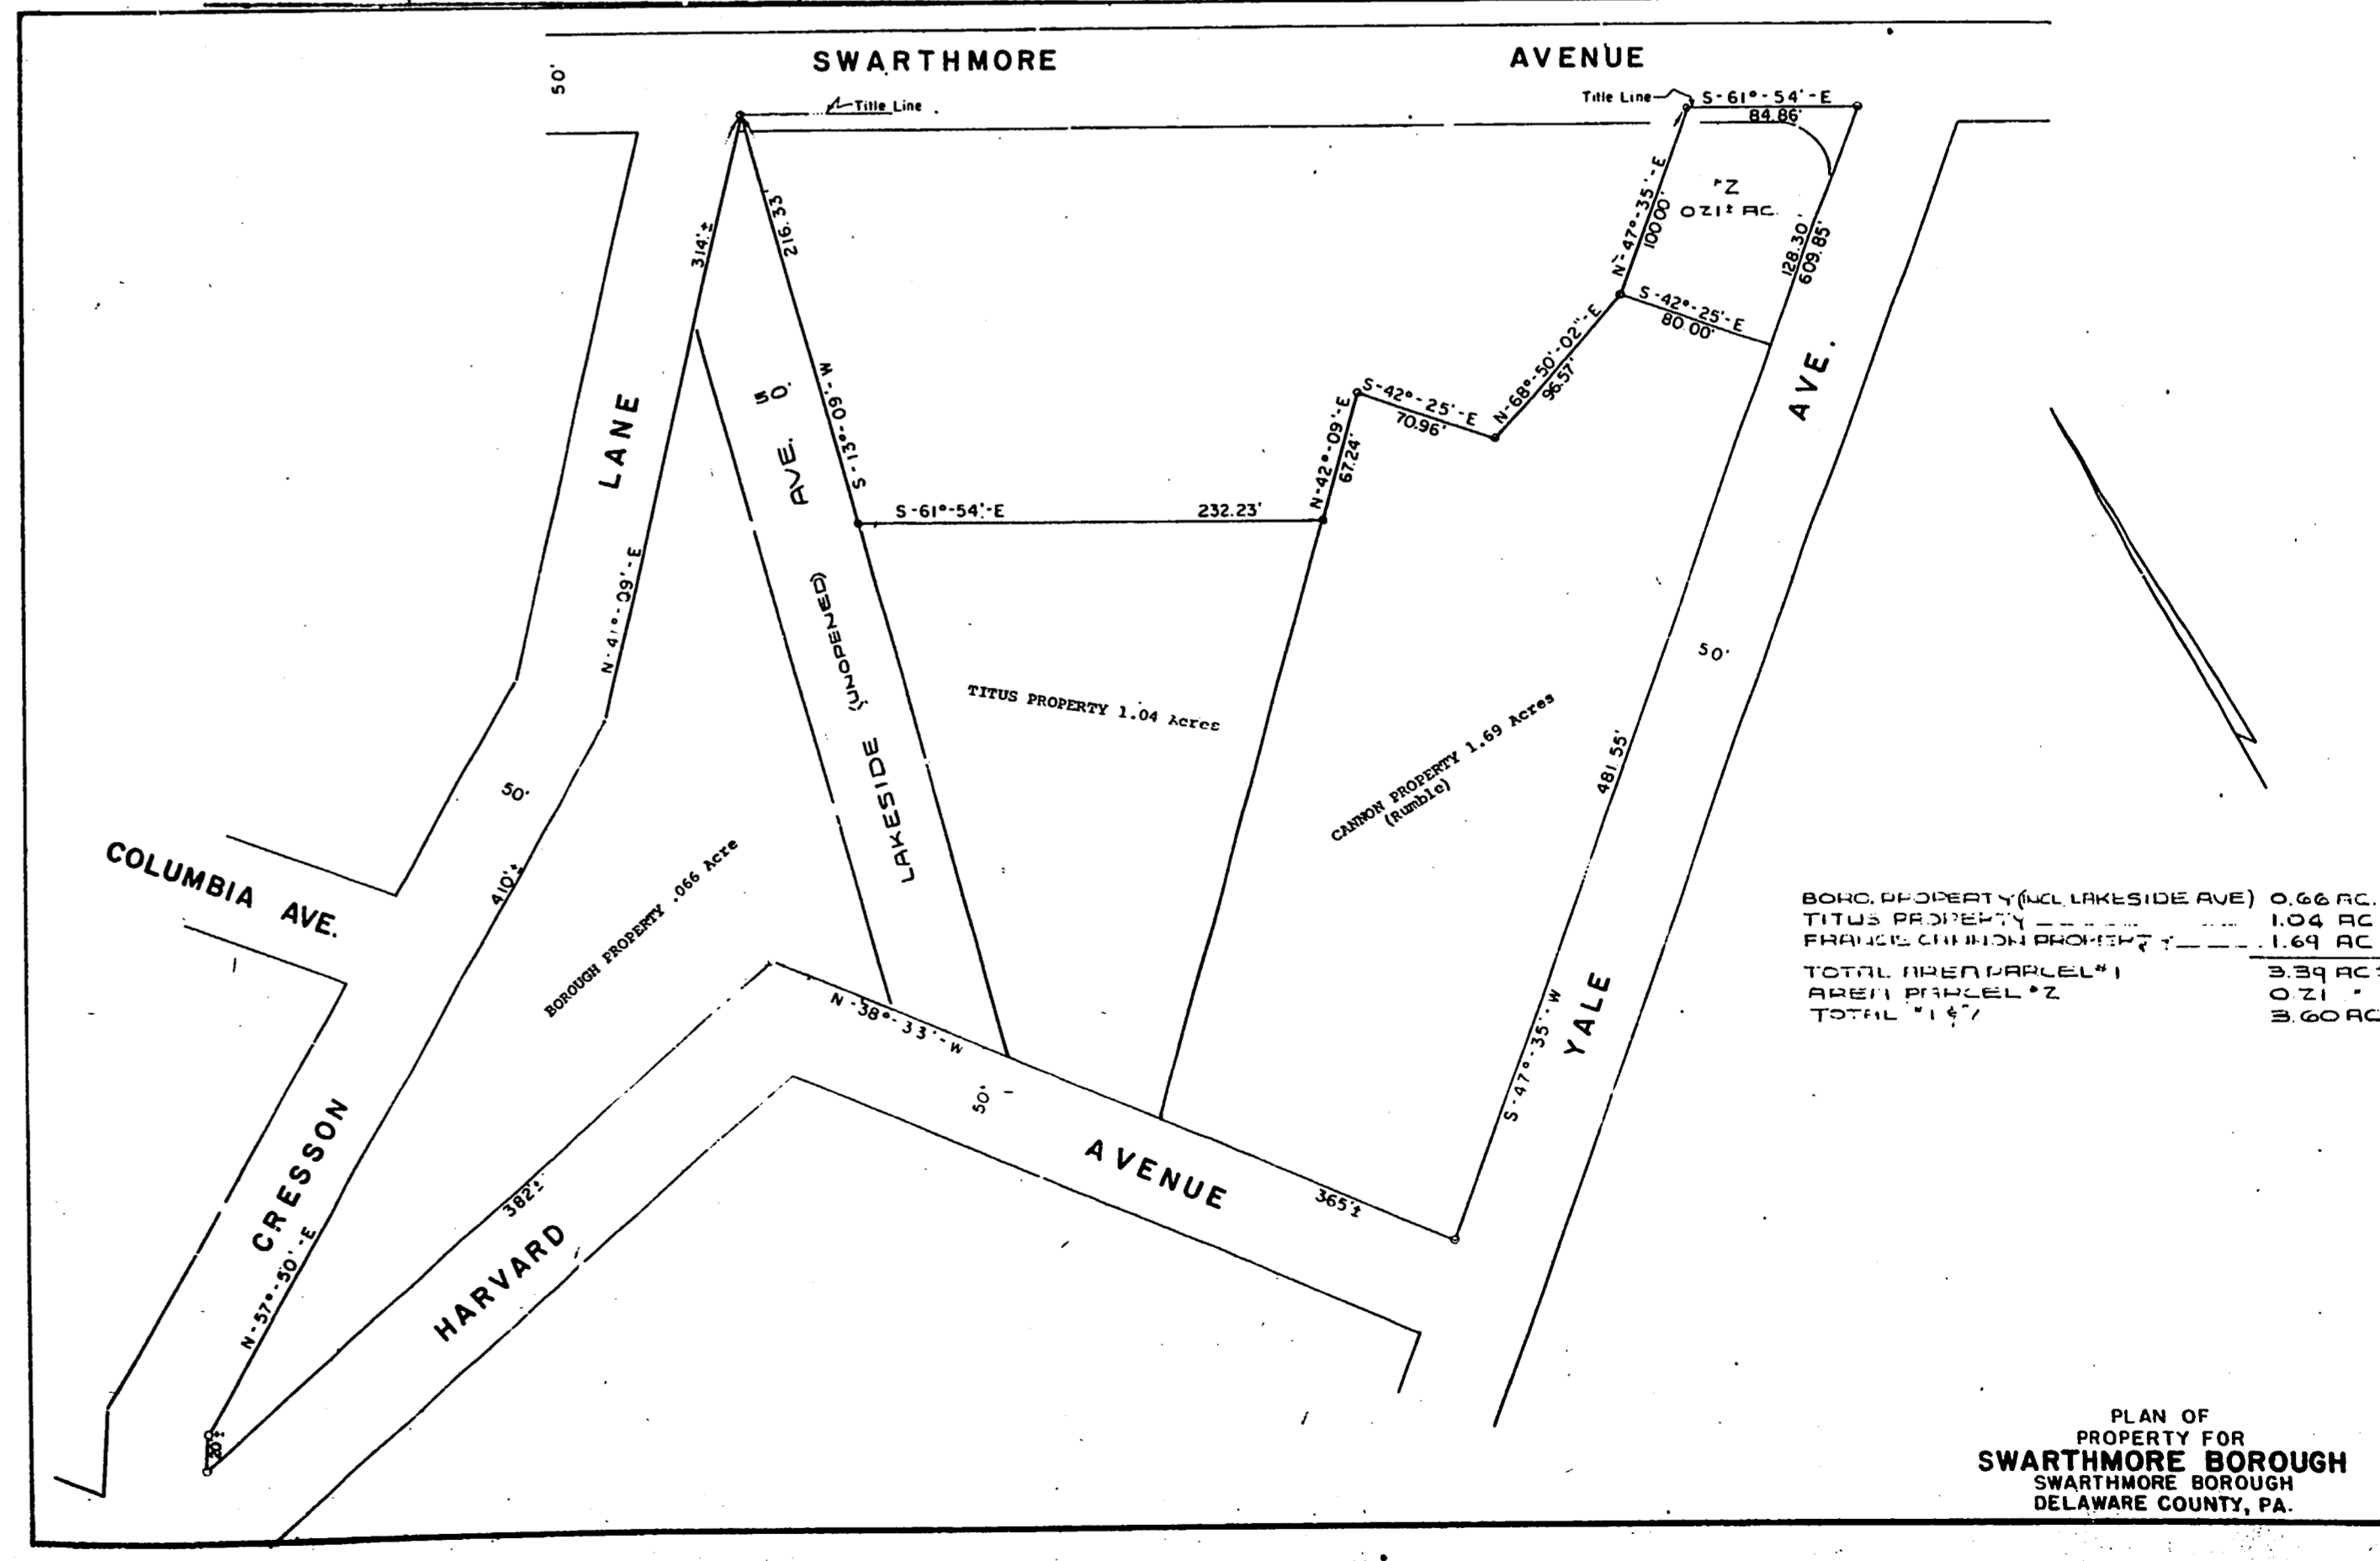

The Executive Director of the Delaware County Planning Commission cited a recent survey that Swarthmore needed additional acres of recreational area to take care of existing population and the needs for future expanding population. Responsible school officials have stated that by current educational standards the Swarthmore School District has insufficient acreage. There is absolutely no chance of obtaining more. To covet the School District's land, which was acquired by people with foresight for future school needs, for other uses would be shortsighted indeed. Many, of course, will say the College land is available. Now, yes, because of the foresight

of past College planners; but can we say that with confidence for 15 to 25 years hence? We think not. Already the College is using open land for buildings and other uses and is now about to construct a large women's gymnasium and swimming pool consisting of several thousand square feet. The contemplated land purchase is certainly not a substitute for these College lands but it is dangerous for any community to rely on the future use of any semi-public or private lands. Its use can be limited at any time.

Conservation is not a new concept. The major issues of today concern lack of open space, depletion of natural resources, and stream and air pollution. Look around you, and look hard at the creeping paralysis our burgeoning population is creating. Do not say it doesn't affect Swarthmore - it does. In the recent past we have seen a large shopping center on South Chester road, a new huge apartment building right beside it, the Wildman Apartments going up in Swarthmore, Cinema I and now a new multimillion dollar shopping complex beside this theater. Strawbridges is completed, and what is to become of Gibbons property recently put up for sale? The Blue Route eliminates a portion of Smedley Park, and many new apartments and houses have appeared along South Swarthmore avenue next to Yale. We don't reap their benefits but we do their problems. A concrete jungle is entangling Swarthmore - are we going to aid and abet this trend with more structures?

To preserve Swarthmore as a desirable community we need more open space rather than less. This was one of the characteristics of the Borough but not any longer. We have the rare opportunity to protect and enhance this unique asset. Once built up, we can't retrieve except at an exorbitant cost. This piece of land, contiguous to Borough-owned property and thus more valuable, is a most beautiful acreage, and we envision it not so much as a "busy" park or recreational

ment—Today and Tomorrow." All interested residents are invited to the program.

The Friends of Tyler Arboretum are sponsors of the walk, and invite the public to join the group at the barn. The arboretum is located in Lima.

As Gibbon Saw It . . .

With all the talk about guaranteed annual incomes and cradle-to-grave security it might be well to take a look at what the historian and scholar Edward Gibbon wrote many years ago about the ancient Athenians. Once the center of the civilized world, Athens went on the skids and never again rose to its previous position of relative importance to other nations.

Wrote Gibbon, "In the end, more than they wanted freedom,

they wanted security. They wanted a comfortable life and they lost it all—security, comfort and freedom. When the Athenians finally wanted not to give to society, but for society to give to them, when the freedom they wished for most was freedom from responsibility, then Athens ceased to be free and never was free again." It happened to Athens. It happened to Rome. It happened to other city-states and nations that turned soft. It can happen here.

Weight Teams Split With NP

The Swarthmore Junior High Weight Football teams opened their season Wednesday, October 2 as they split with Nether Providence. The Middletown team defeated N.P. 14-0 while the Lightweights team was defeated 12-9.

The Middletown's first touchdown came by the hard running Mike Bates and Dan Warren with Warren scoring on a 10-yard dash up the middle. The second T.D. drive was paced by the running of Jack Reese and the passing of Pete Morrison to Jim Baird and Warren with Morrison scoring on a quarterback sneak from the two yard line. Mike Bates added both extra points to complete the garnet scoring.

The garnet attack was sparked by Jay Stanton, Tom Thornbush, Bob Macouch, Jeff Martin and Andy Skipp. The defense was led by John Restrepo, Ed Riggs, Dariusz Ostrowski, Mark Haskell, Lee Gatewood and Jake Douglas.

Other members of the team to see action included Jeff Hopson, Rex Gary, Rich Eckentz, Charles Brannon, Steve Mann, Phil Park, Jim MacCrone, Pete Simpson, Clark Ballard, George Schroeder, Dave Ostwald, Roy

site but as land set aside in its natural setting with trees, flowers, birds, running water, paths, and some bridges. Yes, we envision some construction, perhaps some benches, perhaps a swing set or two, and perhaps some fire places; but this will be the function of the Park Commission, a group of dedicated people who will be appointed to determine the best future use. This will not be a park with facilities to invite vandalism. Webster defines a park as a tract of ground kept in its natural state, as for game, for walking, riding, or the like. We would agree with this entirely.

The tax revenue gained from the construction of seven new homes is not a vital factor for this revenue will be offset by new costs resulting from the homes. Unfortunately, it may come as a shock, but taxes do not go down as a taxexempt grows. They go up, says Bernard C. Meltzer, real estate expert of the Philadelphia Bulletin. As a general rule, the larger the community, the higher the taxes. Taxes are lowest in sparsely populated areas. As the density of an area increases, the services furnished and the need for services increases more than proportionately. It is estimated seven new homes will produce about 20 new school children. John Spencer, former School Board President, has indicated the cost for these children alone to the Swarthmore taxpayer could amount to \$700 per year per child.

The net cost of this property is well within our means. State officials have advised the Borough that state aid is available to defray 50% of the Borough's cost of acquiring this land. In addition, if we are to acquire this property, the state has further advised that they will reimburse the Borough for 50% of the cost of the recently purchased Woman's Club lot on Rutgers avenue. Again, the acquisition is supported by the Swarthmore Planning Commission, the Delaware County Planning Commission, the Swarthmore Recreation Association, and the League of Women Voters.

School Bd. To Appeal Merger Directors Order Bus For Vo-Tech Pupils

By unanimous vote Monday evening School Board will appeal to the State Board of Education, the County Board's plan to unite it with Nether Providence School District.

The local district thus begins anew a battle which had its case pending in Dauphin County Court when the original school consolidation act was changed to require County Boards to review their first plans.

The only change made by Delaware County directors was that Garnet Valley could remain alone instead of being forced to join with Penn Delco.

Monday evening also saw Swarthmore finally go into the busing business. The Board ordered a 12-passenger vehicle to transport nine high school pupils to and from vo-tech schools in Aston and Maple so that they wouldn't have to leave Swarthmore classes early in order to meet the busses from Darby and Springfield districts. Five of the original 14 pupils have discontinued the vo-tech courses.

Gross Equipment Company, Bechtelsville, low bidder, quoted \$3500 for the bus with a buy-back clause of \$2100 at the end of the school year, making the net output \$1400.

Superintendent Harry Kingdon said a member of the district crew could drive the bus.

Permission Denied
Roscoe Ammon asked permission to place notices of John Birch Society film showings on the school bulletin board. He was told of the school regulation "prohibiting distribution of literature, advertising, petitions, notices and collection of money for any purpose not connected with school activities."

Ammon said he felt the Birch Society should be granted the same privilege. The United Nations had, the Board replied that the UN rented school space upon occasion and was a government sponsored organization.

Dr. Kingham announced that the District had been honored by being named to the College Entrance Examination Board. He was granted permission to represent the District at the annual CEEB meetings October 28 to 30.

Ghost Stories Theme For Story Hour Oct. 30

Ghost stories for Hallow'en is the order for the day when fourth, fifth and sixth graders gather in the Legion Room of Borough Hall next Wednesday for the semi-monthly Story Hour with Mrs. Weston, children's librarian.

As a follow up to the October 16 meeting when the group explored legends in story and film, the Great American legend "Rip Van Winkle" by Washington Irving will be presented on record.

Tonight's Lecturer

Edward C. Williams, Christian Science lecturer, who will be speaking tonight at 8 p.m. in a department store auditorium in Springfield. His topic will be "What is the Good that Satisfies?"

The lecture is under the auspices of the First Church of Christ, Scientist of Swarthmore.

UNICEF Trick Or Treat October 31 Comm. Lists Winners In Poster Contest

United Nations Children's Fund poster contest winners have been announced by the Swarthmore Committee for the UN. Winners, in first, second and third place order are as follows:

Sixth grade, Craig Meyer, Kim Foster, Mandy Wagner, fifth grade, Mark Perry, Glen Taylor, Cary Fetzer; Fourth grade, Michael Novick, Kenny Alderfer, Gretchen Perry.

The prize winning works have been put on exhibition at the Hogan, South Chester road, by Mrs. Richard Behr, international affairs chairman for the Junior Women's Club and Mrs. F. Richard Small and their committee distributed the some 200 posters throughout the borough.

The posters call attention to UNICEF Day, October 31, when the children combine traditional Hallow'en fun with concern for the needs of children in developing countries.

The Trick or Treat collection of UNICEF funds by nursery, elementary and Junior High school children will take place on Thursday from evening to 9 p.m. This year each country will be putting up three dollars of its own for every dollar received from UNICEF.

Coordinating the work of many residents on "UNICEF Trick-or-Treat" activities is Mrs. William B. Carey.

With the guidance of Director of Elementary Education Mrs. Marion H. Balle, and Junior High core teachers, teaching materials on the work and aims of UNICEF have been made available to the schools.

COUNCIL ACCEPTS NEW TRASH CONTRACT

Borough Council, at a special meeting Monday night, okayed the trash contract with Messina and Sons. Glen Mills for collection of both trash and garbage at a cost of \$39,500. It will start the first of the year.

STOP THAT LEAF!

Due to a major breakdown in the Borough's leaf loader, there will be no collection of leaves for two to three weeks.

Securing the part from the manufacturer is causing the delay, and while the borough speaks, to borrow, rent or lease another loader, none is forthcoming so far.

Authorities offer their sincere apologies and ask residents' indulgence in the interim. Installation will be no problem, they say, once they have the part in hand.

SCHOOL PASSES RESOLUTION

Once again the students of Swarthmore High School have voluntarily endorsed a policy of respect for residents and the property of their communities during the Hallow'en period.

The resolution has been endorsed by the Student Committee of the Junior High School. In the Senior High it was submitted to the student body which passed it by a vote of 201 to 83. The text of the resolution is:

"We, the students of Swarthmore High School, are convinced of the necessity of upholding a policy of good conduct in our communities. It is our privilege to represent our school with the finest possible conduct throughout the year; therefore, we feel that our conduct during the Hallow'en period should reflect this sentiment.

"We now publicly state that this period is no different than any other during the year, and that our conduct shall continue to be respectful towards our neighbors and properties of others."

The resolution was drawn up by the Senior High Student Council, which adopted it but failed, for the first time in the resolution's five year history, to pass it unanimously.

CORRECTION

Through an error on the drawing as presented to The Swarthmorean, the Borough Office advises us that the original drawing should have read (of present Borough property) 1.66 acres instead of .66 acres as shown on the drawing.

CO-2 DRAG RACE AT ELE. SCHOOL
Phillip Metzidakis came in first and Robert Vollmecke second in the CO-2 Drag Race held Friday afternoon on the parking lot at the elementary school. The boys received small engraved trophies to commemorate their victory. Approximately 60 boys and girls competed in the race, which pitted small, home-assembled cars powered by carbon dioxide capsules against the physical antagonists of weight and friction - and of course the work of individual car designers.

Most of the school's pupils came to watch the race, a part of a sixth grade science study of kinetic movement under teacher Donald B. Dreisbach. He was assisted at the race track by Calvin D. Wilson, fifth grade teacher, William J. Evans, sixth grade teacher, and J. Wesley Tanck, elementary physical education teacher.

Planning Comm. In Special Meet To Present Boro Plan For Approval Weds.

The Swarthmore Planning Commission will hold a special meeting at 8 p.m. Wednesday, October 30 for the presentation and expected approval of "final" revisions to the plan on which the Swarthmore and County commissions began work early in 1962.

At its October 16 meeting, the Swarthmore commission did a second turn-about, throwing out a revision to its proposed zoning code that would have permitted only single dwellings in parts of the town's residential districts.

When working with Delaware County Planning Commission on a new comprehensive plan for the borough it was considered unfeasible to have such "A-1" areas, and the top residential rating was made to include twin or semi-detached dwellings.

After the local League of Women Voters and many residents at a public hearing in July urged inclusion of an "A-1" zone, the local commission asked W. James Graef, Jr. executive director of the county commission to submit a new plan showing area which might be so restricted.

When Graef brought the plan to the meeting October 16 such disagreement ensued as to which streets should be included, that the planners decided that the only fair thing for all residents was a return to the original plan.

The Commission also noted that a 50-foot maximum height set for educational buildings would be unduly restrictive to Swarthmore College and school district in view of a maximum 45 feet allowed for apartment buildings, and moved the educational maximum up to 85 feet.

COLLEGE TO VISIT URSINUS SATURDAY

The Little Quakers of Swarthmore, with a 1-2 overall record this season, will play their first away game against the Bears of Ursinus at Collegeville tomorrow, October 26. The Bears will be looking for their first win against four defeats. Swarthmore was idle last Saturday after losing a 12-3 heartbreaker to F & M on October 12 on a 100-yard interception return by Diplomat defensive back Bill Wiant. The Bears last Saturday lost 48-6 to Muhlenberg.

Coach Lew Elverson is working to improve the Little Quakers' consistent running attack, after his rushing offense could pick up only 59 yards on 28 carries against F & M. In the Swarthmore-Ursinus rivalry, which dates back to 1895, Swarthmore holds a 37-17-2 edge. Kick-off is scheduled for 2 p.m.

Post Office Hikes Parcel Post Rates

Postmaster Charles Grier reminds postal customers that higher parcel post and catalog rates went into effect Saturday. The rate increase will average 10.5 per cent and in most cases will mean an additional 10 cents per parcel.

There will be a 15 cent hike on most parcels now charged between \$1.10 and \$4 and a 20 cent increase on parcels now charged over \$4. Parcel Post rates are based on the weight of the package and the distance it is mailed.

Higher rates for the delivery of packages and catalogs are required to bring revenue from this type of mail within 4 per cent of operating costs, as required by law, Postmaster Grier explained. The higher rates and catalogs, which are fourth class mail, on a break-even basis.

Additional revenue is needed from parcel post and catalogs to offset higher costs resulting from pay increases approved last year for postal employees.

Chester Ele. Schools

Seek Volunteer Aides

There is a possibility that the School District of the City of Chester may use volunteers in the elementary schools during school hours. This will be the first time that volunteers will be in the schools during school hours.

Hours in Chester are 8:45-11:45, and 1-3. The 16 Kindergarten classrooms, with morning and afternoon sessions in each, need volunteer aides for each day. The aides need not stay the entire session, as long as they set a schedule with the teacher and stay the established time. No volunteer would be expected to help more than one or two half-days a week.

Volunteer work with children in grades one through six, on a one-to-one basis is also under consideration. No prior training or experience is necessary. A maximum of one half hour per child per session, twice weekly if possible, would produce significant results.

School officials in Chester are now interested in having a list of people who will sign up for a specific amount of time, in order that the Superintendent of Schools can make his decision based on a concrete proposal.

Anyone interested is asked to call Mrs. Henry S. Ruth, Jr., at KI 4-2542, or drop a postcard with day and time available to 29 College avenue, Swarthmore.

PRESBYTERIAN NOTES

LETTERS TO THE EDITOR

The opinions expressed below are those of the individual writers. All letters to The Swarthmorean must be signed. Pseudonyms may be used if the writer is known to the Editor. Letters will be published only at the discretion of the Editor.

For Consideration

To Swarthmore Residents: The acquisition of the Rumble-Titus properties by the Borough for the establishment of an open park should be given very serious consideration before November 5 by every property owner who helps to furnish the money to run our Borough.

If Swarthmore were now built up to the hilt, as many others are, it would be futile to consider the purchase of a few acres to any advantage. But precisely because we are already blessed with a few scattered though inadequate open areas, we have the rare opportunity to protect and enhance an almost unique asset.

Unfortunately, the time is short and as there are so many unknowns and "ifs" that it would be very difficult to support the \$100,000 Bond Issue.

Many are being swayed by their own emotions rather than studying the practicality of the proposition.

There are many facets and questions that each of us should ask ourselves before committing ourselves to this \$100,000 Bond Issue. For example:

1. Are you going to go to Swarthmore and Yale avenues so that you can walk around approximately three acres when our beautiful tree lined streets, Crum woods and the College Campus are available?

2. What assurance is there that other than Borough residents will not use these grounds - resulting in the same trouble now besetting Radnor? In fact, if State aid is secured, one of the restrictions is that the park must be open to general public, Morton - Chester and even Philadelphia. Do you want that? In addition this money must be repaid to the State if for any reason the original purpose is abandoned.

3. As it would be necessary to raise taxes would it not be better to do so, so as to provide the additional services that are now needed? Additional police, raise police salaries, purchase of a street cleaner, trash collection and other items.

4. The statement was made at the meeting that the expected taxes on the seven new houses would not cover the educational cost of the additional children. Is it correct to make this statement that 14 children (?) will force the School Board to hire a teacher of teachers and build additional facilities? There will be some additional cost but nowhere near the taxes on the new houses.

5. Is it fair to homeowners surrounding this area to have a peaceful area disturbed by noise and littering?

6. Is it right to assume that the Rumble home can be sold for \$30-35,000 located as it is at the juncture of two busy streets and backing up to a park?

7. Is it correct to be talking about the Titus property when it is unknown whether this can be purchased and at what price.

8. Is it right to vote for the \$100,000 Bond Issue when the cost is unknown?

True, an estimate has been made, but like most estimates it can be higher or lower, but a thorough study of this estimate leads many to feel strongly that it is low. No one knows what the cost of either property will be.

The yearly maintenance of \$7500 is slightly less than one mill; the debt service of \$8500 equals one mill. This means an increase of 2 mills in taxes for five years (based on estimate) and one mill thereafter. This means that if there are 8000 uses per year, each use will cost the Borough \$2 each per year for five years, \$1 per use thereafter.

The overall question - is it right to vote for the \$100,000 Bond Issue with so many "ifs" and unknowns? Your careful consideration is asked for and then vote accordingly.

Statistical Trap

To the Editor: Last week's Swarthmorean gave pro and con arguments on the purchase of the Rumble-Titus tracts. I would like to question a figure in the pro column. The statement was made that seven homes would produce 20 children, who could cost the Swarthmore taxpayers \$700 per year per child.

There are two points to be made here: (a) with \$700 as the total cost per child, it follows that \$14,000 is the cost for 20 children. However, each household assuming \$5400 assessed valuation, would produce a school tax of \$600 and \$30 head tax for a total of \$6300. This brings the total cost for 20 children down to \$9600, or \$480 per child. (b) The \$700 or \$480 per child, whichever is used, is a statistical figure and not out of pocket figure. It is fair to assume that the 20 children will be distributed over seven different grades in our 12-grade system--probably more in the elementary grades than in the higher grades. With our multiple class rooms in many grades this would mean only one or two extra children

per classroom. Unless the addition of one or two children per classroom would necessitate the addition of an extra classroom and an extra teacher, it would seem that the out-of-pocket cost per child from these seven homes would be nowhere near \$480, let alone \$700.

The equating of statistical cost per individual in a group with the out of pocket cost per individual is a trap into which many forecasters have fallen.

Very truly yours,
Richard Noye
520 Rutgers Avenue

To the Editor: We sincerely appreciate the excellent coverage given the Rumble-Titus property controversy in the October 18 Swarthmorean. We hope all Swarthmore residents have taken the time to read the "for" and "against" arguments prior to voting whether or not the Borough should buy this valuable piece of land.

As long-time residents who enjoy woodlands and open fields, we are in favor of having a desirable piece of property like the Rumble-Titus tract owned by the Borough for the use of all its citizens. There seems little doubt that any open land is increasingly valuable, and we believe that the Borough would be serving both the present and the future interests of the community by the purchase of the Rumble-Titus property.

Sincerely yours,
Richard & Elizabeth Wray

SRA Notebook

THE SRA ORIENTED "I Love America" Day takes place tomorrow as a part of Rotary Club's Chicken Dinner Special. The dinner--and the all-day show which goes with it--follows the Swarthmore-Dorly football game. The barbecued chickens will be accompanied by French fries, coleslaw and applesauce. Proceeds go into the SRA treasury. Anyone who still needs tickets should call Mrs. Mary Gollin - KI3-3819. This is Rotary's gift to us.

SRA OPEN HOUSE had 171 in attendance Friday night... Chaperons were Mr. and Mrs. Pringle and Mr. and Mrs. Robert Kelly... Teenage girls still need tickets in behalf of Mrs. Mary Gollin - KI3-3819. This is Rotary's gift to us.

SUNDAY SOCCER continues its incredible pace, with even more boys turning out at 1 p.m. on the Riverview Avenue field. So many have come out that we stand in need of more adult assistance. This week George Schindlauer adds himself to the volunteer staff. But not all our volunteers can come every Sunday. Therefore, director Dan Henderson and Coordinator Dan Goldwater are asking interested fathers to add themselves to the relief coaches' list. You don't have to have starred in your school or college soccer matches to qualify; just be interested in your child's new-found interest.

LEAGUES WERE FORMED this week. In the games which resulted, 1st Group I, (fourth-sixth grades), Steve Phillips' Red team beat the Green team, 5 to 1. Blue and Gold played a 2-2 tie. Blue scored one goal on a pass from Dave Hollander to Ray Hood; Hollander made the other goal unassisted. Rusty Mulvihill scored Gold goals on passes from Joe Stott and Ross Barford.

IN GROUP II, (sixth-eighth grades) the Red and Gold teams played to a 2-2 tie. Andy Shay's strong wing play set up both scoring plays for Red, while Gary Groff, Ted Conwell and Dave Hagelin used good passing. The Gold center three,

led by John Stott, Richard Koelle and Tim Swing kept a steady pressure on the Red goal. During the second half, defense, keyed by Maynard McCorkle for Gold and Jim Malone for Red--settled down; and no-body scored from there on.

During Blue-Green game Mark Goldwater scored the first Blue goal with a pass from Tad Hoffman. Hoffman scored the other unassisted. The Green offense then threatened with passes from Ron Bloom and John Rosty, but was able to score only once, on a break-away by Bloom. The Blues won 2-1.

ADULT SPORTS opened the season Monday night in the high school gym, under the direction of Assistant Director Wesley Rank. Fun and games for one and all - not to mention exercise. Come on over Monday night and have a Ball - volley, basket or badminton!

Mr. and Mrs. S. Copeland Palmer of Chilmunk Lane, Media, will move their furniture next week to Bristol, Me.

Upon their return they will be living at 113 Pennwood road, Bryn Mawr.

Goalie Lee Clarke and fullbacks Patty Hayden and Denise Boller did a fine job on defense. Final score was 8-0.

GARNET TO MEET

(Continued from Page 1)

Dean, McCane and Colt opened up holes in the touchdown drive. Williams made the extra point and Swarthmore trailed 20-14.

The defense for Swarthmore now came to life led by Steve Douglas, Dave Shaffer and Co-Captain Colt. Another great punt rush by Colt, Shugarts, Dean, Douglas, Rial and Shaefer gave Swarthmore the ball at the 24. Quarterback Robinson faked fullback Rivallo into the line and pitched out to Jimmy Hood who swept rightend for 24 yards and the 3rd TD. Dave Williams converted his third in a row and Swarthmore led 21-20.

The defense had the Darby offense on their own 15 yard line when they got off a last ditch third down pass for 80 yards and another touchdown. Making the extra point they led 27-21.

Swarthmore was on the rampage now, led by the new and terrific Jimmy Hood who gained yards at will. Unfortunately he injured his arm and had to be removed from the game. The Garnet got new life when Dave Rial recovered the Darby fumble at the 15, and in 4 plays Robinson passed to Mike McCane for an 8 yard play and the tying touchdown. The extra point was missed but Swarthmore had gained a tie with one of the finest second half efforts seen on Rutgers Field in recent years.

Highlights: Jimmy Hood's 68 yard quick kick (Kevin McCaffery played only 3 minutes because of a pulled leg muscle); John Rivallo's dependable ball-carrying; Steve Douglas' safety work at defense; Jack Keefe's and Chip Robinson's steady play at quarterback, Bill (the rock) Stanton's solid play at defensive center; Dave Shaffer's all-around play at offensive and defensive leftend; Colt's leadership on defense and Hood's inspiring ball carrying on offense.

Darby Township comes to Rutgers Field with the kickoff time scheduled for 10:15 a.m. Flying high after last Monday's win over undefeated Yeadon, the Eagles also defeated Darby-Colwyn 14-0.
