SCHOOL BOARD MEETS MONDAY

Adopts New Salary, Retirement Policies School Board Monday night

adopted a long-discussed retirement policy, which sets mandatory retirement for all professional employees at the end of the year in which they shall have attained age 65, if not retired earlier.

However, Board President Raymond Winch then stated "the Board retains the option of making exceptions if expedient for the well-being of the district - and these circumstances do arise."

The board also adopted a revised salary policy.

It also decided to rent a room, for next year only, to the county for a special education class. The board will make a study of the entire program of such education in the county. John Aaron commented that he had heard such large numbers of children could benefit from it that it might be good for the whole student body.

Tuition for non-resident pupils for next year was set at \$321 for half-day kindergarten, \$624 for elementary grades and \$820 for high school.

It was stated that the new budget would be open for public inspection at the High School from May 1 to 20. However, no information was available as to amount of the budget, or of the millage rate contemplated.

Bethania Wright, sixth grade reading teacher, resigned to study for a master's degree and teach on the college level. Otto Koester, high school German teacher, resigned to serve with the Peace Corps in Ethiopia. Superintendent Harry Kingham's secretary Mrs. Louisa P. Caldwell resigned to become business manager of a nursing home.

Mrs. Virginia Anne Meyerstein was named half-time teacher of French in the high school.

The 1968-69 budget of the Area Vocational-Technical School, of which Swarthmore's share will total \$11,923, was approved.

MRS. M. MORRISON AUTHORS BOOK

Mary C. (Mrs. Maxey N.)
Morrison, Dartmouth avenue,
is the author of a new book,
"Jesus: Man & Master" published Friday, April 26 by the
World Publishing Company.

The book, Mrs. Morrison's first, offers a contemporary, unsentimental, appraisal of 12 facets of Jesus' life and works. She presents Jesus as a man who walked and tired, who was sometimes tired, got impatient, or angry and was sometimes uncertain of his course. From "Jesus as Man," to "Jesus as Disturber of the Peace," and "Jesus as Stranger," her chapters dramatize the variety of ways in which "He confronted the world of his time and still confronts us today."

A resident of Swarthmore since 1946, Mrs. Morrison began teaching the Gospels about 20 years ago, first at Trinity Church here, and then at Pendle Hill. She also teaches at other churches in the area and gives lectures along the Eastern Sea-

She is a contributing editor to Episcopalian magazine, has authored numerous articles and several pamphlets. She is a graduate of Smith College.

Her husband Maxey is a vice president of Al Paul Lefton Company. They have three children, Hugh, a lawyer in Bethlehem, William a lawyer in New York City, and Helen, a graduate student at Yale University, and four grandchildren.

Mrs. John Roxby, treasurer of the club, who hopes that Saturday will be fair and that the success of the sale will be as pungent as the herbs themselves, says:

"The proceeds from this, Swarthmore Garden Club's first Herb Sale, will be used for community beautification projects."

"Psalm of Gratitude"

Richard E. Hunt

Since Sunday evening, I have been singing psalms of gratitude that I could see and hear something so magnificent so near my home here: I refer. course, to the LORD NELSON

just this: Directly ahead of me sat five little girls. I would guess about eight years old. They sat absolutely still "as" if spell bound" throughout the entire program, not a whisper. not a giggle, no moving about. Their eyes and ears were all devoted to the musicians and their music. It did my soul good. So Sunday gave me a never-to-be-forgotten Joy. I keep thinking, as the week progresses and the news is abundantly disheartening, of the spectacle of those children devoted to the program. Such

Police are investigating an attack on a 21-year-old Swarthmore College girl which occurred at 9:50 p.m. Tuesday of last week in front of 114 Cornell avenue. Walking toward Rutgers avenue the girl was struck on the head by a man and who had just passed her headed in the opposite direction. Although knocked to the ground she was able to arise, screaming and dash into a house and have the police notified. The weapon, a 24-inch police billy club, was found about 50 feet from the spot of attack. A suspect apprehended at Mt. Holyoke place and Harvard avenue was questioned at the police station

but released. A bit of unscheduled excitment was added to Parents' Day at the college on Saturday. At 5 p.m. fire burned a bookcase and scorched two walls in a third floor room of Worth Girls' Dormitory. Swarthmore. Morton, Rutledge and Springfield Fire Companies responded. A booster line from the first truck to arrive, managed to quench the flames. The room was empty when residents smelled smoke and discovered

Changes in the Social Security Law now make it easier for persons age 65 and over to get

their medical bills paid. Payment of doctor bills can now be made to persons covered by medical insurance on the basis of an itemized bill, even though the bill itself has not been paid, according to Harry R. Peterman, Social Security District Manager in Chester. Previously, it was necessary for a person to first pay his

bill before he could claim any reimbursement from Medicare. The change in the law was made to avoid hardship to elderly people who could raise the money to pay their medical bills only by borrowing or by depriving themselves of necessities while waiting for the medicare payment to come in.

Peterman emphasized that an itemized bill (paid or unpaid) should be sent in with a "Request for Payment" claim form, unless the doctor completes Part II of the form, in which case even the itemized bill is unnecessary.

Costly Past-time The following letter was sent to the Police Department, and Borough Council as well as The Swarth-

Dear Sirs: I would like to add my name to the ever-growing list of parents who are annoyed with theft. Since I have heard of no action forthcoming from the town officials I add the following as evidence that the problem is real and acute.

During the past year and a

half our family has had a total of 2 bicycles, 1 tricycle and a toy car mustang stolen. Unfortunately I can not in all honesty say they were "borrowed" as previous writers in this column have mentioned. They were quite deliberately stolen. In the case of one bicycle it was removed from our closed garage during our absence one weekend. In the case of the car I retrived it from a nearby basement where the son was in the process of dismanteling it right under his own roof! The second bicycle was taken last week from the

front of Bill's Barber Shop while my son was getting his hair cut. The other items were never located or found as in the case of the bicycle recently stolen, smashed and thrown on the side of Crum Creek.

I frankly admit I am at a To Attend 182nd loss for a solution; however 1 strongly suggest the police department and Borough Council make it their business to act now and devise some system for stopping this stealing. This is fast becoming a costly pasttime in our town. When I was growing up in Swarthmore the police usually knew pretty well who was doing what and the kids had a grape-vine of their own. I'm sure this hasn't changed except in those years names were named and parents

WANTED to know what their children were doing. I will be most anxious to hear of any action beyond the Women of Trinity routine procedures.

Sincerely, Mrs. Kenneth J. Wright 312 Cornell Avenue

The town can be grateful for all those who came, regardless of whether they were able to donate or not. The success of the drive came from the efforts of many: Members of the Swarthmore Branch of the American Red Cross who manned the Bloodmobile; the Recruitment Com-

The donors are the principal source of comfort to all Swarthmore residents, and the reason that the supply of emergency blood is available when needed.

DROPS ONE MILL Decrease Comes By 'General Tightening

School Board adopted a budget totaling \$1,687,830 and a realty millage rate of 111 Monday night, thereby cutting by \$12,656 and one mill, the figures in the tentative budget opened to public view earlier this month. Per capita levy of \$15 and one per cent realty transfer tax were also retained.

Board President Raymond Winch said no one item had been particularly reduced, but that the decrease came through 1 general tightening up all along the line. It was stated that salaries, cost of services and materials necessitated most of the 13 mill increase over last year's budget which totaled \$1,599,803.

DROPS ONE MILL Decrease Comes By 'General Tightening'

School Board adopted a budget totaling \$1,687,830 and a realty millage rate of 111 Monday night, thereby cutting by \$12,656 and one mill, the figures in the tentative budget opened to public view earlier this month. Per capita levy of \$15 and one per cent realty ransfer tax were also retained.

Winch replied that the quality of the school system was responsible for keepingup market values of properties, so it would be foolish to lower it. He said only one person called him after the proposed budget was publicized. John Aaron said fixed assessments caused tax rate increases. "We could hold the millage down if assess-

the main floor of the McCabe Maurice de Vlaminck was born in Paris April 4, 1876, and died there in 1958. During the century's first decade Vlaminck was one of the leading exponents, along with Matisse and Derain of the vivid

kind of painting known as Fauvism (from the time an abusive critic called these artists "fauves." wild beasts). Much influenced by van Gogh, Maminck "with his broad, bold brushmarks and hectic color, was the most savage of them all. Later, critics say, his work became more conservative in drawing and decidedly sombre in color, but "went on rejoicing in thick juicy paint, freely handled with high virtuosity." This painting is described as typical of his flower pieces of the 1930's, "luxurious, perhaps rather sugary, technically brilliant."

The painting was bought by the donor from the Dourant-David Gallerie in Paris in 1950 and has been in his possession since that time. The donor says that it is given to the college in hope of encouraging other alumni and friends of Swarthnore College to contribute works of art for public display and enrichment of the student's esthetic experience on the campus and the pleasure of all who are associated with Swarthmore."

Because the donor expressed especial interest in the Thomas hung in this building.

Led by MAC singles champion, senior captain Kirk Roose (State College, Pa.) who was undefeated in the conference in four years of varsity competition, the team won all of its matches to sew up coach Ed Faulkner's 357th career collegiate win. This year's squad was supposed to be much weaker than those of previous years, but after losing their opening match to Army 8-1 the team played a lot of good tennis to sweep through its 10 conference matches without defeat.

The doubles team of sophomore Frank Burns (Chambersburg) and Junior Andy Weinstein (Bala Cynwyd) also won the MAC doubles championship to give Swarthmore a clean sweep of all the MAC champion-

The team had outstanding depth and with five of the six starters coming back, and some outstanding prospects from an undefeated JV. Coach Faulkner's 41st season as head coach should be another gratifying one.
